St. John United Methodist Church, Hope, Arkansas, is completing its first year of life. The congregation has met in the home of the pastor for both Sunday School and Worship. The congregation has experienced such growth that they have outgrown the home as a place of worship and are currently looking for a new site for worship. At the 1984 session of the Annual Conference, St. John was selected for a $50,000 grant to assist in buying property and establishing a church location.

The Congregation Development Task Force is submitting the following request to the 1985 session of the Annual Conference: "We move that an additional grant of $50,000 plus interest accrued on loan for purchase of land be granted St. John United Methodist Church in Hope, Arkansas.

Church Redevelopment

The Piney Grove Church was selected as our first site for redevelopment. They are now in their building process and should be in the new facility by Easter, 1985. They are progressing well and gaining in membership. A grant of $100,000 was awarded them at the 1984 Annual Conference. This grant is to be paid prior to the close of the 1985 fiscal year.

Guidelines For New Church Development And Redevelopment Of Existing Churches

With the availability of funds which are being given to the Church Development program of the Little Rock Conference, there must, of necessity, be guidelines for the distribution of these funds and their use. The following should provide basis for the development of new churches through the use of these funds and policies for the use of other funds provided.

Guiding Principle: From the very beginning of discussions concerning the plans for

meeting the decline of United Methodism and turning our denomination to growth, the total purpose has been that funds be raised primarily to encourage growth, to entering growth situations and to assisting churches that have possibility for growth. It is certainly not the aim of this program simply to help those who are in need of money or might ask for help.

Therefore, all monies that are distributed should be aimed toward this overriding goal: the stimulation of growth. If there is a choice to be made between two locations which are recommended for funds, that one which seems to have the greatest prospect for growth shall be the one deemed to merit first choice as a recipient of the grant, loan or help.

I. **Fund Depository**

As funds are given for the Church Development Program, the ultimate guidance for the deposit of these funds, the interest to be made from investment and the handling of all of these, shall be under the guidance of the Council of Finance and Administration of the Little Rock Conference and the Conference Treasurer.

II. **Grants**

Grants are to be made to new churches to be developed and existing churches to be redeveloped. In both cases, prospects for growth shall be the most important criteria for deciding upon the church. The following shall be the standard operation procedure for making grants:

1. A local church may apply, with the consent of the District Superintendent. A District Committee on Missions and Church Extension may also apply.
2. The Conference Sub-Committee on Church Development must approve any application. It will also be the duty of the Committee to consult with the Little Rock Conference Cabinet and receive approval before giving its own approval. The sub-committee will then send the application forward to the Conference Committee on Church Extension (a Committee of the Conference Board of Global Ministries).
3. The Conference Board of Global Ministries, through the Committee on Church Extension will give final approval and assign a time when the funds will be available and coordinate them with the apparent time when the funds will be needed by church which will be developed or re-developed. Funds will then be recommended by the Church Extension Secretary for distribution in keeping with the policies set forth in paragraph 2 of I above.
4. Proper use of funds will be supervised by the affected District Superintendent and/or the District Board of Building and Locations.

III. **Loans**

Loans will be made from the principal of the deposited Endowment Funds. The following procedure will apply:

1. Churches may apply to borrow funds. The Church Conference of the local church must vote to borrow this money. The application forms are to be provided by the Church Extension Secretary. Included in the forms shall be such information as plan for repayment, plans for building insurance and other casualty insurance, the length of time the funds will be borrowed, and a demographic study to support site selection. A maximum of $200,000 may be loaned to an individual church.
2. The District Superintendent must approve the application.
3. The Committee on Church Extension will follow through by having appropriate papers filled out and giving notice to the Conference Treasurer/United Methodist Foundation to issue the check. The amount of interest charged to the borrower shall be determined by the Church Extension Committee upon recommendation of the Church Extension Secretary and the Conference Treasurer. Interest rates will be used for additional church development ministries.
4. Repayment shall be principal plus interest on a monthly basis. The Conference Committee on Church Extension shall be charged with the responsibility of determining how long the term of the loan shall be, the rate of interest and, in cases of necessity, negotiate with the local church in making extensions. Local churches shall be encouraged to make early repayment of loans.
5. The Church Extension Secretary shall be charged with making a full report on the status of all funds to the Annual Conference each year.

Site Selection

The local church and/or the District Building and Location Committee should suggest more than one site. Preliminary architectural plans and estimated cost of construction shall be provided by local church and/or District Building and Locations Committee. The site for the development of new churches or the redevelopment of existing churches shall be determined by the District Committee on Building and Church Locations in consultation with the Conference Advisory Committee on Building and Church Locations.

The Conference Advisory Committee on Building and Church Locations shall be chaired by the Director of C.P.M. And New Church Development and shall be composed of the Bishop and three lay persons with expertise in planning, real estate and population research.

When the two committees have studied thoroughly the demographics and statistics of an area requesting development or redevelopment and have reached agreement, they shall then forward their recommendation through the proper channels stated within these guidelines.

Church Growth Development Funds

Submitted by the Council Board of Global Ministries

I. **Purpose**

This section of the Church Extension policy is to provide an administrative policy for use of the Congregational Development Funds for those situations that have growth potential and that have been earmarked by the Sub-committee on Church Development along with consultation of the Conference Advisory Committee. These funds will be designated as the "Breaking New Ground Fund" and the "Pioneer Endowment Fund." This section of the Church Extension policy is exclusive of all other church extension sections and regulations. This section does not amend nor change those sections or those regulations. This section will administer grants from the "Breaking New Ground Fund" and loans from the "Pioneer Development Fund" and grants from the interest that will be generated by those two funds.

II. **Receipt of Funds**

When funds from any source are received for the church development program they will be deposited under the guidance of the CFA and the Conference Treasurer, earmarking them into either the "Breaking New Grounds Fund" or the "Pioneer Development Fund." The money will be invested by the CFA or the Conference Treasurer into short term interest bearing financial instruments until the actual deposit transaction at the depository has been made. Any interest generated and accrued by the interim investments will be deposited into the account to which it was earmarked. When the "Pioneer Development Fund reaches its goal of one million dollars ($1,000,000) then the interest generated from the investments will be transferred into the Breaking New Ground Fund." The designated Depository will be The United Methodist Foundation in Arkansas.

III. **Expenditure of Funds**

A. Breaking New Ground Fund

This fund will be utilized as grants only for the development of new congregations that have been designated and approved as being in areas with growth potential and/or for the redevelopment of existing congregations that have been approved as strategic growth congregations in growth potential areas.

1. Any local church may apply for a grant with the consent of the District Superintendent. A District Committee on Mission and Church Extension may apply when new congregations are to be established. Every application for a grant to establish a new congregation or to redevelop an existing congregation must provide the following information:
   a. A selection of more than one site for the project.
   b. Preliminary architectural plans.
   c. Estimated cost of construction.

The Conference Advisory Committee and the District Committee on Church Location will determine the appropriate construction site after a thorough study of the demographics and statistics and then route the application through the appropriate channels. All applications for grants must certify that Performance Bonds, Builders Risk or other adequate insurance coverage has been secured and certified to the Church Extension Committee.

2. Prior to any new or existing congregation being authorized a grant from this fund, approval must be received from the following:
   a. District Superintendent.
   b. Conference Sub-committee on Church Development after consultation with the Little Rock Conference Cabinet and the Conference Advisory Committee on Building and Church Location.
   c. Church Extension Committee and the Board of Global Ministries of the Little Rock Conference.
      1. This committee will set the date for the grant to be released and will notify the District Superintendent and the local congregation.
3. When the grant is released the District Superintendent or the District Board of Building and Locations will supervise the expenditure of the grant to insure the proper use of the grant.
4. Funds from the Breaking New Ground Fund carried forward will be invested by the Depositor in short term financial instruments not to exceed a time of maturity of more than one year and in different denominations of value. These short term investments should mature on different dates so that funds, if needed, for grants will be available. All interest earned by this method will be credited to this account.
5. Additional Grants — No church or newly developed congregation may receive more than one grant from the "Breaking New Ground Fund." If there is overwhelming evidence that an additional grant is needed to insure success of a congregation and there are no other remedies available to said church or new congregation an additional grant may be approved after the request and reasons are presented at and approved by the Little Rock Annual Conference at its annual meeting.

B. Pioneer Development Fund

The purpose of this fund is to provide a base by which interest is earned and deposited into the "Breaking New Ground Fund." The primary method of accruing interest will be through loans to Little Rock Conference local churches. The alternate method will be to invest the Fund monies through The Depository in short term financial instruments not exceeding one year in length. Other methods of investment can be utilized if they do not impede the use of funds for loans to local churches.

1. Application for Loans

   Any local church may apply for a loan through the Church Extension Committee. Requests for the appropriate forms must be made to the Secretary of the Committee on Church Extension of the Conference Board of Global Ministries. All applications will be treated equally, but when a conflict for loans arises due to a shortage of funds the one overriding factor that will be used to determine which church has priority will be the factor of which church is designated as a growth potential church as designated by the Conference Advisory Committee. The maximum amount of any loan will be two hundred thousand dollars ($200,000). No church may apply for more than one loan at a time and all outstanding loans must be repaid in full prior to any additional applications from that church being accepted.
2. Interest on Loans

   The interest on the loans will normally be lower than interest a church could secure a loan for from a local market. The maximum amount of interest that may be charged on any loan will be the Little Rock prime rate at the time the loan is issued. The interest rate will be established by the Church Extension Committee af-

ter consultation with the conference treasurer or The United Methodist Foundation. The applying church must indicate the interest rate they will have to pay when borrowing the money from a local financial institution.

3. Repayment of Loans
   The repayment of the loan will be monthly and will include both principal and interest. Early repayment of the loan is recommended and urged. Only in the most severe cases will loans be extended and in these instances readjustment of the principal and interest is mandatory. A loan may never be converted to a grant.
4. Approval of Loans
   All applications for loans must have the approval of the District Superintendent of the affected district on the application. After all of the actions necessary to fulfill the requirements of the application, the Church Extension Committee Secretary will notify the applicant of approval and when the funds will be available.
5. Insurance
   The local church applying for a loan must secure Performance Bonds, Builders Risk, or other adequate insurance coverage that will provide for completion of the project for which the loan is secured, in the event should contractors fail to fulfill their obligation. This requirement will be on all loans in excess of ten thousand dollars ($10,000). Prior to any loan being approved, the securing of such insurance must be certified to the Church Extension Committee Secretary.

IV. **Reporting to Annual Conference**

The Church Extension Committee will be required to make an annual Report on all funds loaned and/or granted the previous calendar year (January-December). This report will include the development of new congregations and those redeveloped congregations. Also, the Committee will include by name the churches which have been given grants or loans.

Job Description — Staff Person In Charge Of New Church Development

I. A person is needed to coordinate the efforts on new Church Development in the Arkansas Area. This is a major goal in the North Arkansas Conference and a part of the Conference Priority in the Little Rock Conference.

II. In order for the Conferences to plan, to undergird, and to begin new churches that will be successful requires the coordination of Boards, Commissions, and Committees of the Annual Conference and at the District level. The use of an Area Staff person would pull these efforts together.

III. This Area Staff person shall be accountable to (1) The Bishop, (2) The Cabinets of the Conferences, and (3) the Conference Councils on Ministries.

IV. This Area Staff person would work in the following four major areas:

A. **Research and Site Selection** — This staff person would engage in demographic, geographic, and community Research in order to Resource the District Superintendents, the District Board on Church Location and Building, and an Area-Wide site Team on the best location for the placement of a new church. This staff person would work to coordinate this study across all 13 districts helping the Conferences and particularly the Councils on Ministries in ranking and prioritizing the time-line of when, where, and why they should start a new church, each year helping the Council to update and stay on target in new Church Development.

B. **New Church Development Funds** — Adequate property and Buildings are essential to the start of a new church. The Conferences need a strong program of Development Funding. This staff person would work with the conferences to insure adequate funding for the purchase of property, grants for facilities, and/or loans for new churches getting started. This would require coordination with Parish and Community Development Committees, Boards of Global Ministries, and the Conference Councils on Ministries. This person would work directly with the Council on

Ministries Directors to support their overall responsibility in Congregational Development in all churches.

C. **Pastoral Appointment** — Support of the appointment of a new pastor would require working closely with the Bishop and the Cabinets. This staff person would work in the appointive process to allow adequate lead time necessary to provide the best leadership available. This staff person would work with the D.S. to evaluate annually the new church and the progress being made.

D. **Salary Package** — Financial Support for the new pastor over a period of 1-5 years to undergird a strong creative pastor is critical. This staff person would work with the Equitable Salaries Commission and Mission Support as well as Insurance and Pension Benefits to help provide the support package needed.

We move that effective at the end of the Little Rock Annual Conference Session of 1985 the staff responsibility of new church development be placed within the job responsibility of the Area Director of Cooperative Parish Ministries and that the office be entitled Area Director of Cooperative Parish and New Church Development. This is in keeping with the Job Description adopted by the Conference Council on Ministries.

Proposed Church Development — 1986-87
Adult Christian Education

The Little Rock Annual Conference has committed itself over the next eight years to the Church Development Campaign of which we believe the Adult Sunday School is a vital and necessary element. Realizing the sincere desire of the Little Rock Conference to develop, strengthen, and revitalize local congregations for Christian service in and to the world, the Board of Education of the Little Rock Conference Council on Ministries proposes the following emphasis for the 1986-87 Church Development Priority. We propose that the Little Rock Conference emphasis be **Adult Christian Education and Spiritual Development.** We propose this emphasis within the Little Rock Conference Priority for the following reasons:

1. Biblical and Theological imperatives are given to the Church to instruct God's people in a way that leads to self-esteem, personal growth, and total Christian discipleship.
2. There is a Historical imperative seen in the Methodist Movement as having been founded and expanded by the organizing of small groups or classes for the reaching, teaching, sharing, and caring for persons in need of God's Good News.
3. Statistics have shown that one key to unlocking church growth is evangelizing through the Sunday School.

If this emphasis is adopted, each church will be encouraged to set its own reasonable and attainable goals for Adult Sunday School growth. Some examples of such goals are:

1. To start six new Sunday School classes in churches that presently do not have Sunday School. (Goal: One New Sunday School per District.) (There are 53 churches in our conference which do not have a church school.)
2. To sponsor a Sunday School class in an area where there is no church.
3. To add classes in existing Sunday School.
4. To intentionally plan for spiritual and numerical growth in existing Sunday School.
5. To develop a new model of leadership recruitment and nurture. (Let this model use methods of communications such as video tapes, be available for local church use, and focus on Adult Christian Education development, recognition, and certification.)

The most important factor concerning this proposal is the fact that this emphasis is in keeping with the General Conference's Ethnic Minority Local Church priority, since one of the ethnic church's major concerns is Adult Sunday School Leadership Development and Growth.

With the Conference Church Development emphasis being focused upon Adult Christian Education, the Adult Sunday School can become and continue to be a place of reaching, teaching, sharing and caring to persons in need of God's Good News.

Board Of Church And Society

Using the "Social Principles of the United Methodist Church" as our guide, the Board of Church and Society represented the positions of the general church in three areas of local concern this past year.

1) In September the Board sponsored Dr. Beverly Jackson, from the General Board of Church and Society, in a workshop on "Counseling Alcohol/Drug Abuse Problems." This workshop was attended by thirty laypersons and clergy.

2) The Board helped to spread the church's opposition to the constitutional amendment which would allow casino gambling in Arkansas. In addition to the resolution adopted by the Little Rock Annual Conference, the Board sponsored the production and distribution of bulletin inserts and other materials concerning this important issue.

3) The Board, through a called news conference, expressed opposition to Constitutional Amendment 65. In doing so, the Board upheld the teachings of our Social Principles that "... recognizes the tragic conflict of life with life that may justify abortion, and in such cases support the legal option of abortion under proper medical procedures."

For 1985 the Board of Church and Society would ask the United Methodists of the Little Rock Annual Conference to study the social principles of our church. We encourage the use of the curriculum resource "Faith Meets Life" to help in this study.

Areas of concern for 1985 will include the plight of farm families in Arkansas, rights of migrant workers in our state, economic justice, and shalom for our world.

Board Of Church And Society Resolutions

Use of Annual Conference Collection

In response to the cries of pain, and the sights of starvation from our brothers and sister in drought-stricken Africa, the Little Rock Conference Board of Church and Society moves that the offering collected in the Tuesday night worship service of the Little Rock Annual Conference go to the United Methodist Committee on Overseas Relief. That U.M.C.O.R. direct this aid in the relief of all suffering and starvation in Africa.

RESOLUTION TO ELIMINATE APARTHEID

Whereas, the United Methodist Church has a long and unique history of fighting for the righteousness of God against all evils of sin;

Whereas, the founder of Methodism left us a heritage that affirms all persons to be children of God, and that condemns slavery and material gain at the expense of life;

Whereas, South Africa's system of racial apartheid has been rejected by action of the Board of Church and Society, March 21, 1985;

We, the members of the Little Rock Annual Conference urge United Methodist to do the following:

1. Immediate personal and institutional divestment of stock in all companies which have not signed the Sullivan Principles.
2. Bring stockholder pressures to bear on companies which have signed, but have not complied with the Sullivan Principles. Failure of companies to receive a "passing grade" in the next annual Authur D. Little Company report would target them for immediate divestment action.
3. Encourage companies which have received "passing grade" by the Authur D. Little Company report to remain in their top categories or face divestment action.

4. Boycott the South African Krugerrand.

Chairperson

Board Of Evangelism

Role Of The Conference Board of Evangelism

1. Support congregations to do their tasks of Evangelism.
2. Know where the resources are and make them available.
3. Train people in Evangelism **get it done by someone.**
4. Network the program
   a. Share the stories of what's happening.
   b. Rejoice in the success stories (never be jealous of successful efforts by others)
5. The individual does not have the most important job in the world — **the congregation does.** Thus the responsibility for Evangelism is a shared one.
6. Make sure the members of the Conference are really committed to Evangelism.

Support

The Board Of Evangelism gives its wholehearted support to the **Third Century Pioneer Church Development Campaign** and those programs designed to enhance present congregational development, such as the Skills Development Workshops and the follow-up workshops.

Resources

Tom Letchworth, V. Chp. Board of Evangelism, brought information concerning the use of "Covenant Discipleship Groups" in the local church. Ten such groups are in operation at St. James U.M.C., Little Rock. Basically these are **accountability** and not share groups. The groups use a written covenant of intent as the basis of their meetings. The members themselves write the covenant, incorporating the three general rules of the early Methodist societies: avoiding sin, doing good, and using the means of grace.

Their meetings are once a week and are strictly limited to one hour. The groups are open to anyone in the church. The groups do not become elitist or divisive. They do become a lively part of the work of the congregation in ministry and mission.

Two books written by David Lowes Watson, **Accountable Discipleship** and **The Early Methodist Class Meeting** are available from **Discipleship Resources,** P.O. Box 189, 1908 Grand Avenue, Nashville, TN 37202. Additional information, including staff resourcing for the groups, can be obtained by writing to The Section on Evangelism, The General Board of Discipleship, The United Methodist Church, P.O. Box 840, Nashville, TN 37202-0840.

Budget $450.

Board of Trustees

Called Meeting — February 12, 1985

The purpose of this meeting was to consider the will of Mr. Willis C. Eatmon. Our attention was directed to Clause VII d.— "United Methodist Church located in Little Rock, Arkansas."
Written testimonials sent to the Trustees by: Bob Lawson, attorney who drew up the wil and Dallas C. Potter, a personal friend, convey that the intent of the deceased was to re

member his church, which is Pulaski Heights United Methodist Church.

Elvin Miller made the motion that: "The Little Rock Conference, Board of Trustees, authorize the Little Rock District Board of Missions to receive the funds from the estate of Willis C. Eatmon, and in turn convey them immediately to Pulaski Heights United Methodist Church, Little Rock."

Lucille Nix seconded the motion and it was agreed by all present.

The Conference Board of Trustees submits the following recommendations for action by this session of the Little Rock Annual Conference:

1. Hunter United Methodist Church be given the Conference Portable Church. It was placed at Hunter to be used in their Day Care program. It has been condemned for further use by the Health Department until some extensive repairs are made. Hunter is willing to spend the necessary funds to repair it if the Conference will give them the building.
2. Valley Methodist Church, Monticello District, be deeded to the 16th Section Valley — Ozment Cemetery Association, Rt. 1, Wilmar, Arkansas, 71675 provided they are legally incorporated by the laws of this state, with the Association paying all the expenses of this transaction.
3. Authorize Mr. R. J. Wills, Chairman of Conference Board of Trustees, and the District Superintendent of the Arkadelphia District to negotiate the sale of abandoned church property located in the community of Gifford, Hot Spring County, East 1/2 of Block 2, Lots 1 through 6. The records of this Conference indicate that in 1965 the Annual Conference approved the sale, but no sale was ever made.

   We now have a bonafide offer of $4,000.00 for this property and propose following the 1984 Discipline regarding "the sale of property."

   The monies to be used by the Arkadelphia District Board of Missions to assist any church showing growth.
4. The deed of the Oak Grove Methodist property, Arkadelphia District, be transferred to the Fendley-Oak Grove Cemetery Association.
5. Permission be given to the Arkadelphia District to sell abandoned church property; Lots 13, 14, Block 29, Ouachita, Dallas County, for at least $300, with the proceeds to go to the Arkadelphia District Board of Missions.
6. Authorize the Arkadelphia District Superintendent to negotiate for the Trustees the sale and transfer of this property at Princeton, Arkansas, upon the receipt of a written proposal and in consultation with former members who live in Princeton. An interest has been shown by a prospective buyer for restoration of this old building.

Board Of Education
1986

Purpose:

To develop and promote a Conference program of Christian education that gives persons of all ages a knowledge of and experience in the Christian faith and nurture as motivation for Christian service in the Church, the Community, and in the World.

Goals:

1. To assist the DCOM's in training local church leaders to actually do the work of Christian Education in the local church.
2. To work with the Coordinating Committee on Camping to provide quality experience in our Conference Camping Ministry; to expand the scope of the camping ministry by at least 5% each year and to affirm the General and Annual Conference Priorities.
3. To promote the Little Rock Conference Camping Program at Camp Tanako and Lab Training Events at Mt. Sequoyah through the DCOM's and local churches.
4. To strengthen the local church by training for leaders in small membership churches,

intergenerational settings, and open class meetings.

5. To encourage the observance of the first Sunday of Christian Education Week in each local church as Christian Education Sunday for the purpose of emphasizing the importance of Christian Education in the Conference. The offering for 1986 is $12,000.
6. To encourage and support the development of Family Life and Singles Ministries in the Conference, District, and local churches.

Recommendations:

1. "The Conference Board of Education supports the Little Rock Conference Planning and Research Committee in making a study of the possibility of Conference or Area staff position in the field of Christian Education. We believe this person is needed to give guidance to leadership development for all age-levels. This position could be created by re-structuring existing staff, or consideration could be given to adding a staff person."
2. It is expected that United Methodist Curriculum shall be the basis for Christian Education in the churches of our Conference. It is our conviction that the recommended curriculum is the best material available for United Methodist Churches.
3. Believing that it is crucial for the employed Christian Education workers to be trained in the history doctrine, policy, and literature of United Methodism: We recommend that local churches encourage staff members to seek United Methodist Certification of their work. This recommendation is made for current staff members and staff members added in the future.

Committee On Higher Education & Campus Ministry

1986

One of the primary functions of the Committee on Higher Education and Campus Ministry is to present the financial needs for adequate support of all ministries related to higher education. This includes schools, colleges, seminaries, camp ministries, related to our Conference. Therefore, we present the following recommendations to the Council on Finance and Administration and to the Annual Conference for their consideration and action.

1. We recommend that an apportionment of $170,631 be made to the churches in the Little Rock Conference for the support of Hendrix College.
2. We recommend that the full apportionment as requested be made to the local churches for the Black College Fund.
3. We recommend that the full apportionment as requested be made to the local churches for the Ministerial Education Fund.
4. We request that an apportionment in the amount of $150,661 be made to the local churches for the support of Campus Ministries in the Little Rock Annual Conference for 1986.
5. We request that an apportionment of $25,000 be made to the local churches for Philander Smith in 1986.
6. We continue the request granted in 1984 that Wesley Foundations be granted permission to conduct "low-key" Capital Fund Campaigns to raise funds for major repairs on Wesley Foundation buildings and parsonages.

United Methodist Children's Home, Inc.

THE SERVICE DELIVERY COMMITTEE
STUDY OF CHRISTIAN TRAINING PROGRAM
September 20, 1984

The Service Delivery Committee met in the Social Services Building on the Home grounds, nine members of the committee and four staff members were present. Alvin Murray, Chairman, presided.

Various staff members told of the philosophy governing the operation of the Home. Chaplain Darrell Bone told of the program that he leads. It is pointed out that 1/3 of the children live in group homes and 2/3 on the main campus. It was also pointed out that the Magnolia and Searcy homes are extremely involved with the local churches and all children are in Sunday School and church each week.

After hearing all of the reports the Committee makes the following recommendations to the Board:

The Board and the constituency at large need to be aware of the actual situation concerning the philosophy of caring for children which our Home embraces and also the facts about what is being done. Negatively speaking, we do not believe in coercion or mandatory church attendance. Positively, we do believe in winning the children by showing love and concern.

Therefore, we recommend that our policy continue to be that love and concern be offered to children as the motivation for their Christian practices. It is also our policy to strongly encourage each child to, during his or her stay, participate in Christian training and worship, particularly in United Methodist churches.

To accomplish this we recommend that the Home continue the programs **already in operation, namely:**

1. Chaplain's daily contact with children, on campus and in residences; 2. Regular monthly chapel services; 3. Chaplain's in-service training of teaching parents in Christian nurturing and guidance; 4. Vacation Church School each summer; 5. Chaplain's fellowships and parties with children; 6. Chaplain's ministry to staff.

We further recommend that a program already underway, be expanded. We refer to THE ADOPT A COTTAGE as practiced by two local churches in Little Rock. The St. Luke United Methodist Church has adopted Cottage #9 and members of that church have become friends of the children, inviting them to their homes and church; the children know these people and want to be with them in these places. The St. Paul, Maumelle, Church has a relationship with Cottage #4, in which they have done some of the same things that St. Luke has. We commend these churches.

We ask that the Chaplain and Staff recruit other churches in Little Rock to begin a relationship with cottages on the same basis as listed above, thus they will establish a relationship that will make the children want to come to their churches and help them find the way to Christian commitment. Reverend Jack Wilson, pastor of First Church in Magnolia, whose church has such a relationship with the children in two cottages there, says that the children were motivated to become involved in church because the members of the churches made friends of them and let them know they were included.

It is our finding that a fine program of Christian nurture and training has been in existence at the Home. The leaders are all people of strong Christian faith and example. A splendid and regular program has been carried forth. Moreover, there has been an absence of forced religion which we don't think is a part of the standard Methodist Home and shouldn't be in this Home.

Furthermore, we feel that the greatest neglect has been to tell the story of what is going on in the Home. Certainly, we need to educate people as to what happens on this campus. Those who are aware of it believe in the important work that happens. Those who are not aware have much misinformation.

A suggestion has also been made that we seek ways to have more Christian symbolism displayed on the campus. A committee has been appointed to look in to this and make recommendations.

Our committee recommends that if the Board of Directors approves of this report and the recommendations made here, that this be reported to the Annual Conference by the President of the Board in response to the resolution passed by the Conference requesting such a study.

Respectfully submitted,
Alvin C. Murray, Chairman

Perkins School Of Theology, S.M.U.

The summer of 1984 was productive as Perkins School of Theology at S.M.U. received three large gifts and the Jurisdictional Conference voted to accept "Fair Share Goals" for theological education jointly for Perkins and St. Paul School of Theology. An anonymous $1 million gift was received to support Bridwell Library operations. Longtime faculty member James Seehorn Seneker named Perkins beneficiary of income from a trust in support of a Christian education professorship, programming, and scholarship for M.R.E. students. A bequest from the estate of Gertrude Thompson has been used to establish an endowed fund for M.S.M. students.

"Fair Share Goals" are being accepted by Annual Conferences in the Jurisdiction for endowments to further strengthen scholarship aid for students, to endow the Perkins Intern Program, and to enhance the Perkins Continuing Education program.

With enrollment last Fall at an all-time high of 524 students, Perkins commits the highest dollar amounts of all United Methodist seminaries to student aid for all purposes, with over $1 million paid out. Tuition charges for the typical student enrolled full time were $3,800, with average scholarship support of $1,900. These figures do not include fee, room and board, books, or personal expenses.

The Perkins Alumni Loyalty Fund has continued significant growth, with a national phonathon and an active campaign among graduates which is expected to exceed the 1984-85 goal of $75,000. Four years ago, the drive netted just over $29,000. Rev. Kelly Williams, senior pastor at Chapelwood United Methodist Church in Houston, is this year's Loyalty Fund chairman.

In the second year of the new curriculum, reactions have been generally positive. The question about time required for graduation from Perkins was addressed in a survey showing that 87.5% of Perkins students completed their work and graduated within four years. Five persons in this class elected to take longer for various reasons, such as our residency program in the British Methodist Conference. 80% of our students elect to take a full year's internship, explaining the extended time for degree completion.

Joining the staff this year were the Rev. Beverly Sawyer from Little Rock, Arkansas, Associate Dean for Community Life, and Mr. Jim Lewis from Dallas, Director of Perkins Development. Dr. Stanley J. Menking from Drew University became Director of Continuing Education and the Doctor of Ministries program, and Dr. David Maldonado from Arlington, Associate Professor of Church and Society, accepted that faculty appointment in early 1985. A specialist in gerontology, who has worked particularly with aging in the Hispanic family, he is Chair of the Texas Governor's Coordinating Council on Health Delivery Systems for the Aging. Dr. Richard P. Heitzenrather was named Albert Cook Outler Professor of Wesley Studies effective September 1. In addition he continues as Director of the Bridwell Library Center for Methodist Studies.

Active worship life in the community, with three regular, daily services, and the second year of formation groups, to which each first-year student is assigned, have enriched the Perkins community. In addition to the study program, an outstanding series of convocations and workshops have centered on "The Practice of Ministry." Emphasis weeks for Women, for Hispanics, the Black Seminarians, and International students have been added dimensions to training for the ministry at Perkins.

DEAN JAMES E. KIRBY,
Perkins School of Theology, S.M.U.

Saint Paul School Of Theology

A Perspective

In one of his many memorable hymns, Charles Wesley unintentionally provided a prescription for theological seminars (#344 **United Methodist Hymnal,** from verse 3) —

United the two so long disjoined
Knowledge and vital piety
Learning and holiness combined
And truth and love (for all to see)

The seminary is a **graduate school of the church,** and as such, an intellectual center for critical reflection and pursuit of truth. Both John and Charles Wesley were prime examples of the inquiring mind and the tireless search for truth. They would have insisted that a seminary be more than a trade school, and that ministry be undergirded by sound intellectual and scholastic preparation.

The Wesleys were concerned not only for the truth for truth's sake, but also for love's sake. Piety for the Wesleys included a charge to keep, an engagement of the world through the mind of Christ, a process of sanctification in relation to both God and neighbor, all in response to and empowered by God's grace. It wasn't enough to study and learn scripture; one was called to spread scriptural holiness!

The seminary is a **professional school of the church,** called to advocate and model the moral use of knowledge as a historical vocation. Learning is for liberation of self and neighbor, scholarship for service, intellect for implementation. Through Saint Paul School of Theology, we are called to unite the two so long disjoined.

Some Highlights

The 1984 year completed the celebration of the seminary's 25th year. Approximately 800 Saint Paul graduates now serve the church and their respective communities. The beginning enrollment for the 1984-85 year was 229. The Doctor of Ministry program has now grown to an all-time high.

During the past year Dr. Paul Kapp has joined the faculty in Field Education and searches are underway to fill three other positions. Drs. George Baldwin and Julius Del Pino moved to other settings for ministry. As many as six or seven faculty openings could need replacement in the remainder of the 1980s depending on retirement decisions, so this constitutes a major agenda for the future.

Major financial assistance for Saint Paul continues through the strong performance of the Ministerial Education Fund which provides 25% of the seminar's $2.5 million budget. Likewise, the Phase II or Capital Funds phase of Emphasis 25 provided $143,621 during 1984 above and beyond 100% MEF performance. Five percent of this program is set aside for the dream of a Town and Country Chair/Center, with 75 percent of the balance to endowment and 25 percent to campus improvements.

In April 1985 the Lindsey Pherigo Chair in New Testament is scheduled for inauguration as a result of special and successful efforts by seminary graduates and other generous donors.

A Personal Word

At the end of this school year in May 1985, I will have served as president of Saint Paul for twelve years. Having a hand in enabling and empowering our faculty, staff, and students in their several ministries, as well as sharing the task with trustees and graduates, will always remain with me as a very special and memorable dimension of my ministry. I am extremely grateful to God, the United Methodist Church, Saint Paul School of Theology, and friends in many places for encouragement during these years at Saint Paul, as well as my previous years in the local church. After many months of careful reflection, prayerful consideration and a slowly growing conviction, I concluded that by the end of this academic year in May, I would be ready to move on to other ministries. Accordingly, I announced these intentions to our trustees in October 1984.

I firmly believe that the best days are ahead for Saint Paul. Each succeeding administration should have a part in lifting the seminary to a new level of strength, service, and effectiveness. It is essential that a new administration have our prayers and support.

Your many forms of support and encouragement during the past twelve years remain with me and with Saint Paul as treasured gifts. For the days ahead, grace, peace, and God's blessings.

Scarritt Graduate School

Scarritt Graduate School for Christian Education and Church Music is pleased to have this opportunity of reporting to the Little Rock Conference.

The 1984-85 academic year has been an exciting one. Over the past four years, we have been building an internationally acclaimed faculty in Christian education and church music. The recent addition of Hal Hopson, composer of over five hundred anthems for church choirs, completes this process.

Our student enrollment has grown each year since 1980. In the Spring semester we reached a total of 111 graduate students in addition to the students at Vanderbilt Divinity School who look to us for courses in Christian education, church music, and United Methodist studies. We hope to reach our goal of 150 full-time students within the next two years.

We are privileged to have the opportunity of working with diaconal ministry candidates and educational assistants in the two Arkansas conferences with a goal of providing extension courses in these areas.

Scarritt has been endorsed recently by the General Board of Discipleship and the General Board of Higher Education and Ministry as an institution existing solely for service to the church in providing quality preparation for persons seeking a ministry as Christian educators or church musicians. We are the only school in The United Methodist system committed to the preparation of lay professionals.

The support provided by Little Rock is absolutely necessary for the underwriting of this unique institution of The United Methodist Church and we are grateful. We trust that this gratitude is demonstrated in the quality of Scarritt graduates who return to work in your conference.

DONALD J. WELCH, President

Hendrix College

We are pleased with the opportunity which we have at Hendrix College to be in partnership with the United Methodist Church of Arkansas. We trust that the Church is pleased with the contribution that its college makes to her. The College's role in ministerial education for clergy to serve the local church has long been a significant one. A report in 1939 requested by then President John Hugh Reynolds reveals that of the 553 then active Methodist clergy in Arkansas, 152 were Hendrix graduates. As we check the current statistics for a comparison to now, the numbers are almost identical. Of the 502 active United Methodist clergy in 1984, 152 are Hendrix graduates. This means that Hendrix continues to educate some 30 percent of Arkansas Methodism's clergy. In this year's enrollment there are 11 ministerial students, who receive half tuition scholarships to attend Hendrix. Currently on campus are 66 dependents of ministers who receive half tuition scholarships. The two groups annually receive more than $150,000 in scholarship assistance, which directly benefits the local church and its parsonage families. Thus one of the ways we use the money which comes from the local church to the College is to provide such an education, and it gives us a good feeling to be in such a two-way partnership.

We have now successfully completed the four-year program of adding $800,000 to the College's endowment designated specifically for United Methodist students from the state of Arkansas who need financial aid to attend Hendrix. This effort culminating December 31, 1984, resulted in the addition of 59 named scholarships, with 29 of them from churches and 30 from individual Arkansas United Methodists. This has greatly enhanced the College's opportunity to serve United Methodist students in Arkansas, and the College surely owes a great debt to the United Methodist Church for its many years of financial and moral support.

Certainly another source of extreme pride to us at Hendrix is our student body. Last fall our enrollment was 975 students with 85 percent coming from Arkansas. Of the 301 freshmen students there were 29 valedictorians. Forty-six percent came from the top ten percent of their high school graduating class. Ninety-five percent were from the upper half of their graduating class. The ACT average for the entering class was 24. It is anticipated that

we will have about 315 new freshmen in the fall of 1985, which is the number necessary to keep enrollment at about 1,000, our optimum size. Tuition costs will go to $4,200 in the fall of 1985 compared to this year's $3,900. Of our 975 students, 734 receive scholarships, loans, or work grants.

Since my last report to you, the College has celebrated its centennial. It was a time when the College was recognized by responsible press and other professional educators as "the state's premier private college of liberal arts . . . an institution where students go not primarily to learn a specialty, but rather to get a broad education and to understand the society they have inherited." In these hundred years, many alumni have distinguished themselves all over Arkansas and about the country. For the future, we will hold to the principles of our past. We will continue to be a college of about 1,000 students and will continue to carry out the mission the church gave Hendrix 100 years ago in being the best liberal arts college we can be.

Celebrating a centennial is a time for evaluation and a very natural time to look ahead, and make plans that will assure that the College will be even more effective in the next 100 years. The administration, faculty, and trustees, with input from the students, the alumni and church leadership have developed a comprehensive plan to allow Hendrix to enhance its position as the premier academic institution in Arkansas. The outcome is a plan, based on the knowledge that we have at this time, for the next ten years. It projects the new endowment and construction dollars that we will need to raise to assure that Hendrix will maintain its commitment to excellence and its position of educational leadership in the state and region. The total dollar cost for that 11th decade is in excess of $35 million. As a significant first step toward meeting the needs of those next ten years, the board of trustees of the College has approved a three-year capital campaign for $12 million.

The College will not be looking to the United Methodist Annual Conferences for an apportionment to help with this campaign, nor do we plan a systematic approach to the churches of the two Conferences. We respect the fact that the two Annual Conferences have undertaken rather ambitious capital fund goals for the pension fund and for church development. A request from the College for apportionments or fair share goals could be harmful to each of our efforts at the present time. On the other hand, we do need and hope for the interest and support of the church and a real sense of ownership of our efforts by Arkansas United Methodism. Bishop Wilke and a number of key United Methodists from each of the Conferences have been involved in the planning process for this effort. We are committed to maintain and enhance the good relationship between the College and the church in this capital fund effort.

Of course, we will be continuing our current fund during the capital campaign program, which is over and above the $12 million in capital funds. We very much need the continued support of the Little Rock Annual Conference's apportionments for that fund. We have asked the Conference to consider a seven percent increase in that apportionment for 1986.

Discovering new and better ways to educate persons will continue to challenge us in these first years of the new century. We expect good results because we are committed to such a task and because we anticipate your support in investments of time, talent, and energy in this effort that is critical to our Church and our society.

JOE B. HATCHER,
President

Philander Smith College

Introduction — Philander Smith College celebrated its 107th birthday with a formal Convocation Saturday, March 2, 1985 at Wesley Chapel United Methodist Church. Actually, Wesley Chapel was the birthplace of the College, inasmuch as it was founded in 1877 as Walden Seminary in Wesley Chapel. It is interesting to observe that Philander Smith was the second school to be established west of the Mississippi River by the Freedman's Aid Society of the former Methodist Episcopal Church. It is our privilege again this year to report to you some of our achievements and concerns for the past year.

Enrollment Management — During the 1984 fall term, enrollment increased by 8.3 percent over the 1983 fall term. The headcount enrollment for the fall of 1983 was 505 and for the fall of 1984, 544. These gains in enrollment may be attributed to the impact of a campus-wide Intensive Recruitment Program which has been established and implemented by the President. During the 1984 Summer Sessions, the Intensive Recruitment Committee held two pre-registration/orientation sessions on the campus for potential new students. Over 90 percent of the students who attended these sessions enrolled at the College for the 1984 fall term. The College has been awarded $76,500. This amount is the first of $160,000 three-phase award by the Winthrop Rockefeller Foundation, Inc. to launch a comprehensive marketing recruitment and fund-raising plan. Notwithstanding the increase in enrollment, the rate of increase continues to be slowed down by insufficient institutional financial aid for students, the uncertainty of federal financial aid, and a lack of adequate work opportunities for students during summers.

Academic Services — The academic unit of the College has been strengthened by the employment of additional highly qualified persons. In September, the College employed a dynamic, highly trained, experienced Vice President for Academic Services. Under his administration, improvements are being made in academic programs. A comprehensive academic advisory system designed to impact on retention and excellence in scholarship is being implemented. Talented high school seniors are enrolled currently in college courses for college credits, and several innovative courses have been placed in the curriculum. The academic ties with the Arkansas Fine Arts Center, Little Rock, have been enlarged in terms of course offerings and cooperative endeavors. Other academic personnel employed include a Ph.D. in Mathematics and Computer Science, and an Assistant Professor of Adult Education. The Adult Education professor will implement a $26,000 Adult Education Project funded by the Arkansas State Department of Education to train pre-service and in-service teachers in methods and materials of Adult Education.

With support of Title III funds, the College is strengthening its Computer Services. Three computer systems have been installed during the year, a mainframe computer system, a microcomputer laboratory for tutorials for under-achieving students. The total expenditure for Computer Hardwares and Softwares by Title III amounts to $200,320. Title III funds for all programs for the year amount to $426,075. This year, through the efforts of one of its alumni, the College received a transmission electron microscope valued at over $200,000. The microscope will help to strengthen our science education programs.

At its meeting September 10, 1984, the State Board of Education approved the College to continue its teacher preparation programs. The North Central Association of Colleges, and Schools approved the College's annual report with regard to continuing accreditation. The Commission of Black Colleges of the Division of Higher Education of the Board of Higher Education and Ministry visited the College November 11-13, 1984 with regard to support by the Black College Fund. A one-semester hour course in computer literacy was made a graduation requirement for all students, and the curriculum offerings at night were increased.

Student Services — The College continues to maintain a comprehensive student services program. One of its components, the Human Development Center, provides a comprehensive counseling service for all students. During the summer of 1984, the student residence halls underwent a comprehensive renovation with funds provided by The United Methodist Church.

The religious emphasis and church relatedness of the College have been strengthened. An Acting College Minister and a minister who serves as his assistant have been employed. Church-wide community worship services are held monthly at Wesley Chapel United Methodist Church, weekly prayer services are held, and periodic worship services through songs rendered by the College's Choirs and community church choirs have been held. Spiritual counseling for students is provided by the College minister, his assistant, and the pastor of Wesley Chapel.

UNCF — Philander Smith College, in cooperation with the United Negro College Fund

(UNCF), raised $91,000 during its annual UNCF fund-raising campaign. The fund-raising efforts were culminated with a National UNCF telethon which was televised locally in Little Rock by Channel 16 December 29, 1984. During the broadcast $65,000 in cash and pledges were raised. The campaign was part of the national UNCF campaign to raise $28,000,000 to help support its forty-two member institutions. Philander Smith is the only College in Arkansas which benefits from the UNCF Campaign.

Development and Fund Raising — A new, dynamic Director of Development has been employed. The Board of Trustees of the College has approved a five-year, long-range plan and a three-year comprehensive marketing plan. As mentioned above, the marketing plan has been funded by the Winthrop Rockefeller Foundation, Inc. The $160,000 award will enable the Development Office to strengthen its total fund-raising operations.

The Board of Higher Education and Ministry of the United Methodist Church furnished the College with a professional development consultant for three months — August, September, and October, 1984. The consultant was Dr. William Finch, Senior Fund-Raising Officer on sabbatical leave from Albright College, Reading, Pennsylvania. A $1,750,000 Capital Fund-Raising Campaign kick-off date has been set for August, 1985. The National Alumni Association has pledged to raise at least $300,000 for the Campaign. Already, the Association's membership has pledged approximately $100,000. The College has secured $646,500 on a $1.47 million plant renovation project, and it has identified and earmarked an additional $200,000 for a total of $846,500.

The College Cluster Program continues to progress in the area of increased involvement in the community with Business and Industry. Business and Industry employed fifteen students during the 1984 summer term under the Cluster Program. Business and Industry has employed 212 students who participate in the Cluster Temporaries who have earned a total of $40,000. Thirty-five Businesses are currently involved in the Cluster Program.

The Collegiate Chorale — The Chorale, continuing a legacy of fine choral music at the College, performed for numerous college events, for churches and community organizations during 1984 and 1985. A significant highlight of the Chorale's activities for the year was its performance at the Bicentennial Celebration of the United Methodist Church in Baltimore, Maryland at the invitation of the General Conference. The Chorale also made its Spring tour through the Mid-west and on the East Coast, singing in churches and for the Philander Smith Alumni chapters.

Lydia Patterson Institute

El Paso, Texas

Lydia Patterson Institute has a unique and important mission on the U.S./Mexico border in El Paso. The institute provides a bi-national Christian environment where faith and knowledge interact to enrich and nurture hundreds of young lives yearly. A fully accredited Pre-collegiate school, L.P.I. offers a quality educational ministry to Juarez and El Paso students.

The majority of the 325 students attending L.P.I. commute from Juarez daily. Approximately 25% are El Paso residents. All have a need of the quality Christian education and environment which the institute provides. Many begin their education at L.P.I. with English-as-a-Second Language classes and then proceed to complete their pre-collegiate education. Everyone receives the full benefit of L.P.I.'s academic and Religious Life program and environment. Twenty-five teachers and staff are providing outstanding leadership to this mission at the present time.

Academic standards have been strengthened during the last year according to guidelines set by the Texas Education Agency and student support services have been increased. A new Office of Student Life provides counseling services, social activities, spiritual life programs and student recruitment activities.

Tuition Assistance Grants are made to needy students, primarily those who are still be-

ing impacted by the continuation of the peso devaluation in Mexico. Having as a primary purpose to prepare students for higher education, L.P.I. is participating enthusiastically in the newly formed Consortium for Hispanic Education in the Southwest, a group composed of United Methodist related educational institutions and Conference representatives.

We are also proud that the Board of Trustees has now established a second major program at the Institute. This will be the Center for Cross-Cultural Educational Ministries. The purpose of this Center will be to provide the United Methodist Church with expertise and training for cross-cultural and inter-national ministry and evangelism. Plans are to open the Center in the summer of 1985.

Lydia Patterson is the only United Methodist, predominantly Hispanic, educational institution remaining in the United States. The South Central Jurisdictional Conference affirmed L.P.I.'s strategic and unique mission at its 1984 session in Lubbock by recommending that each annual conference designate L.P.I. a Missional Priority for 1985-88. We are thankful for this strong support from the Church and for the many local churches, groups and individuals who have given generously to this ministry over the year. Presently, 66% of the budget is met through church gifts. Sam Martinez has been named Director of a new Office of Development established last fall. We are also grateful for the Work Camp groups who visited and worked at L.P.I. during last summer.

You have been a vital part of this educational mission in the past year and we look forward to our continued partnership in ministry in the year ahead. On behalf of our students and staff, I say, muchas gracia.

Camp Tanako

Recommendation To Conf. Council On Ministries
Concerning Camp Tanako Master Plan

WHEREAS the land and facilities of Camp Tanako are valuable resources and the Camp facilities need much improvement; and

WHEREAS this vital ministry potential to all ages must be developed, but especially for children and youth.

We, the Camp Tanako Board of Trustees, recommend that a Master Plan Concept be presented to the 1985 Annual Conference and that the Board of Camp Tanako be granted authority to raise $25,000 for the preparation of a "Master Long-Range Development Plan."

The "Master Long-Range Development Plan" would be presented to the 1986 Annual Conference. Presentation of the Plan would not necessarily mean immediate capitol development. Capitol expenditures for the Master Plan implementation would be subject to the financial resources available. Whether or not immediate capitol development action is taken, it is our recommendation that a Master Plan must be the first step.

CAMP TANAKO BOARD OF TRUSTEES

Committee On Communications

Communicating the gospel is a calling of all followers of Christ, and the Committee on Communications hopes to assist local churches and individuals in improving their communications skills.

Work has begun on a talent survey and communications ministries and equipment survey to assist the committee in locating persons skilled in various communications areas and in discovering the areas of communications ministries which local churches are using presently or for which they are needing assistance. More coordination in working with existing public media can improve our communication of the gospel message without calling for additional conference funding.

An on-going budget of $2,400, the same as the 1985 budget, will enable the committee to continue two important goals. Video-taping of important conference events for preserva-

tion in the A-V Library and for use by local churches is budgeted at $2,000. Tapes made in this way include the Old Washington Bicentennial Celebration, Bishop Wilke's Christmas message and the drama production "1784."

$400 is needed to improve the network of district and eventually local church communication coordinators so that lines of communication to and from local churches to the conference and area offices are improved. Initial tasks would include work with newsgathering for the **Arkansas United Methodist,** promotion of United Methodist programs and telecasts such as the Easter Sunday Celebration and benevolence interpretation.

The Commission On The Status And Role Of Women — 1986

The purpose of the Little Rock Conference Commission on the Status and Role of Women is to monitor the performance of our church on issues related to women, to advocate equal participation of women in the decision-making arenas of our church, and to be a catalyst in mediating differences in the hope of bringing new empowerment to our church.

Goals

1. To coordinate our out-reach with the Missional Priority to strengthen the Ethnic Minority Church by ensuring that two young black women participate in the Conference Youth Camp.
2. To implement the new CSRW Guidelines by having each local church have a Status and Role of Women representative.
3. To promote the study of inclusive and Theological language as adopted by the General Conference.
4. To encourage the study of the Arkansas Area Our Ministry Report on the district level.
5. To seek to have Conference employment opportunities published so that all have right to apply for positions.

Recommendations To Inclusive Language Task Force

With prayerful consideration and thoughtful deliberation, be it hereby known that the Commission on the Status and Role of Women of the Little Rock Annual Conference, on the Twenty-First day of August, Nineteen Hundred and Eighty Four, recommends to the Inclusive Task Force the following:

I. We as COSROW affirm that traditional imagery of God remains meaningful and Biblically sound.
II. We as COSROW affirm that less traditional imagery of God is also meaningful and Biblically sound.
III. We as COSROW stress that Clergy are an integral part of faith and Inclusive image formation.
IV. We as COSROW would like to emphasize that we realize that the Task Force's role is not in changing the wording of the Bible, but in making its interpretation more inclusive.
V. We as COSROW would like to encourage the Laity to study Resource Material on Inclusive Language (INCLUSIVE LANGUAGE LECTIONARY, REPORT NUMBER NINE — sometimes referred to as Report Number Fourteen, etc.) in order that as Laity we may grow in our individual understandings.

Commission On Religion And Race

The Commission on Religion and Race has one of the most challenging tasks of any commission, committee, board or agency in our Conference. Our task is to challenge our Conference and all connectional structures to let the church be the church! This challenge is so great because of our history irrespective of our Christian beliefs. Seeing past skin pigmentation (or the lack thereof) to the heart of man when color has been such an important factor in our lives, is not easy.

However, our purpose as a commission is to challenge the Conference. This includes challenging its agencies, institutions and its connectional structures to a full and equal participation of the racial and ethnic minority constituency. In the total life and mission of the church there has to be an advocate to review and monitor the practices of the Conference so as to further ensure racial inclusiveness.

Action in this area is new turf for our Conference. But the Little Rock Conference Cabinet stated it aptly in their 1984 report to the Annual Conference: "Christian Faith is always properly dynamic, not static. Faith, though rooted in history, must always win its life anew . . . Christian Faith/Discipleship exists in a necessary tension" appropriately termed Creative Tension — "Tension between the past and the future; between sin and grace; between things as they are 'and things as they may yet become.' "

Our Conference priority is church growth and development — and we are prime for a spiritual rebirth as a church. But, we must not disregard our brothers and sisters who are unlike us. To break down the barrier of racism and to allow the Holy Spirit to work the "works of Him who sent me" is a big challenge. Results from surveying our almost four hundred congregations show there is a wonderfully vibrant desire to be an example to the world in the area of race relations. It also shows a vivid rejection of the unknown. Ours is a ministry of reconciliation — an expression of the Christian gospel. If we, personally, are to grow spiritually, thus impacting the entire church, we must accept the challenge to work toward a truly inclusive church throughout the connection. We must commit "to struggle, to risk, to be open, to change" because these actions really are essential if the church is to be vital in today's world.

We must each become sensitive to the attitudes and feelings of one another, and be willing to accept the Christian challenge, so that our Almighty's kingdom might indeed be seen in us. Toward that end our goals are:

1. To encourage and enable each local church to establish a work area, task force or local area contact person for Religion and Race.
2. To monitor specific conference bodies for sensitivity and inclusiveness.

DIANNA PIGGEE KINSEY, Chairperson

Inclusive Language Task Force

Action Taken:

1. Voted that the report of this Task Force given at the 1985 Annual Conference include the Judicial Council's ruling on "The Words that Hurt and Heal."
2. To ask the 1985 Annual Conference, through the Conference Council on Ministries, to appoint a task force, to continue to study, monitor and communicate to the Annual Conference the impact of this issue and its study as it relates to the local church and Little Rock Conference.

   This group's task will be to gather facts and data relating to the Inclusive Language Issue and its Study; to study and suggest ways and methods of understanding the issue; to make recommendations to the local church as to how they may study the issues; to encourage each local church involvement on the issue; to serve as a communication network to assist in relating local church responses back to the Annual Conference.

3. Voted to send the Judicial Council's report to lay members of the Annual Conference, each pastor, and the chairperson of the Administrative Boards, Councils as soon as possible.

LAVERNE BURTON,
Chairperson

Missional Priority Coordinating Committee

The Conference Council Staff, namely, Gladwin Connell and Charles Nesbitt, conducted meetings throughout the conference with minority churches. These meetings were designed to have concerns expressed so that the committee could be more effective in its work. From the response of these consultations, the committee sees its purpose as strengthening ethnic churches through the areas of Leadership Development (lay & clergy), as well as Retention of Clergy in our Conference.

We have budgeted to reach the objectives of the General Church which are: 1) Witness, 2) Discipleship, 3) Liturgy, 4) Outreach, 5) Leadership, 6) Structures, 7) Facilities. The budget for the committee is as follows:

Operations	$ 500
Special Program Dev.	5,000
Leadership Develop.	10,000
Scholarships	2,000
Facilities	2,000
Recruitments	500
	$20,000

These monies will come from the turn-back funds from the General Church.

The recruitment and retention of ethnic minority clergy is a major concern of our minority churches. We are pleased to report that we have four young men who are going into the ministry. We are encouraging them to finish their undergraduate work and enroll in seminary, then return to Arkansas to fulfill their call as ministers of the gospel.

Scholarship Guidelines

1. Must be United Methodist Minority College Student, full or part-time.
2. Preference should be given those students who have shown a commitment to church selected occupations.
3. Preference should also be given those students applying from Philander Smith, but the scholarships should not be limited to that school. Also, the applicant must maintain at least a 2.5 grade point average.
4. The scholarship must be tied to satisfactory completion of college hours, and reasonable progress towards a degree.

Memorial To The Little Rock Annual Conference In Its 132nd Annual Session First United Methodist Church Hot Springs National Park, Arkansas June 10, 1985

We, the undersigned, duly authorized, and empowered, to act on behalf of the Little Rock District United Methodist Fellowship and the Little Rock Conference Black Methodists for Church Renewal, submit the following position paper on our concerns related to the Ethnic Minority Local Church:

I

We believe that the appointment of a black District Superintendent in the Little Rock Annual Conference is urgently needed in moving us toward the inclusive church for which we have yearned and struggled since merger with the Southwest Conference in 1972.

Realizing that the United Methodist Church has long since declared its intent to provide excellent administration in carrying out its mission through the appointment and hiring of persons without regard to color, the stark fact that alarms is that there is such a vast difference in its declarations and practices.

We, therefore, deplore the fact that only one black serves the church at its Little Rock headquarters.

We advise that an Affirmative Action policy be set in place that would hire minorities on District and Conference staff. We strongly advise that a Black District Superintendent be appointed by 1987.

II

We condemn the unprofessional conduct of disseminating information as to the assignment of Black pastors without the prior revelation or consultation with the pastor.

III

We call upon the Conference to order and empower its agencies to intensify the goals of developing an inclusive church.

Mindful that Pan-Methodist organizations are busy establishing programs and conduct leading to the unification of the estranged black denominations, we call upon this church to urge all of its local units to be more sensitive to the needs among Ethnic Minority Local Church members.

Whereas, twelve years have passed since merger we urge this Conference under the newly assigned Episcopal leader to move with all deliberate speed to accomplish and carry out the terms of merger with the Southwest Conference.

We call upon the Conference to open its doors and to be receptive to the appointment of an Ethnic Bishop.

Arkansas United Methodist

In the 1984 United Methodist Communications contest, the **Arkansas United Methodist** received four awards. The paper was judged in the category of newspapers with less than 15,000 circulation.

It received the top award for layout and design for Page 1 of the Easter issue which featured a painting of daffodils by Dean Lynn of Texarkana, in color, and a poem by Reverend Beverly Sawyer. The editor, Georgia M. Daily, received an award for a feature story on Reverend Harold Flowers. In the photography division, the assistant editor, Michael Mitchell, won first place for a Page 1 picture of a child in the tutorial program at St. James UMC, Pine Bluff, and first place for a two-page spread of his coverage of the Bicentennial celebration at Old Washington.

The newspaper, in its second year, continued to show plus signs in subscriptions and advertising, an indication of the support of the two conferences. Letters from subscribers also indicate support. Subscriptions reached 11,500 at the end of the year. And for the second time, the paper ended the year with a surplus in the budget.

United Methodism in Arkansas, people and churches, received complete coverage in the newspaper, in accordance with the direction set when the two conferences created it in the Fall of 1982.

At the end of the 1985 Annual Conferences, the Arkansas United Methodist will be two and a half years old, and it seems an appropriate time for an evaluation and suggestions by the Joint Communications Committee. Both the editorial content and financial situation should be evaluated by persons knowledgeable in those fields, and a report made at the 1986 Annual Conferences.

This also is an appropriate time for the two conferences to deal with the matter of increased paid subscriptions and advertising to increase the income of the newspaper. The bishop and cabinets have approved the observance of Sunday, September 29, as **Arkansas United Methodist** Day in all the churches. The event will be promoted in the newspaper before that date, and the staff and Communications Committees will work with district and local church communications coordinators to promote the paper and subscriptions. Complete plans will be announced later.

Report Of The Commission On Archives And History To The Little Rock Annual Conference, 1985

Members of this Commission have undertaken the goal of organizing and updating the Methodist historical materials and information which are in the Arkansas Room of the Bailey Library at Hendrix College.

Very few materials are on file from churches in our Conference. During the Bicentennial emphasis of Methodism in America, histories of many churches in our Conference were written and historical events were held, both in local churches and in districts. Copies of these books, programs, brochures, and leaflets will be available additions to our Archives. Copies of historical oral interviews with knowledgeable church members and tape recordings of historical church speeches, sermons, or musicals are also valuable. Minutes of annual charge conferences are of particular value.

Each pastor and lay person at this Annual Conference is requested to begin helping our Commission. We request that a church historian be appointed in each Church and that, that person's name and address be given our Conference Council office so that we will have a link of communication among all churches.

The names of the Conference Commission are listed in the Conference Journal.

Ruth Cobb, Chairperson

Board of Pensions

Report No. 1

1. We recommend that the Little Rock Conference participate in the Ministerial Pension Plan (MPP) and the Comprehensive Protection Plan (CPP) of the General Board of Pensions during 1986 on the following basis:
   a. Contribution base shall be limited to each minister's plan compensation not to exceed the denominational average compensation.
   b. Contribution rate shall be MPP, 12% of each ministers contribution base, and CPP, 4.4% of each minister's contribution base.
   c. Annuity rate for pre-January 1, 1982 service shall be $210.00 per service year.
   d. Surviving spouse percentage of the formula benefit rate shall be 70%.
   e. A 40 year amortization period shall be used to pay the unfunded past service liability.
   f. Monthly contributions to MPP/CPP shall be made through the apportionment system.
   g. CPP benefits shall be supplemented with Death Benefit Plan-Plus (DBP-Plus) to 300% DAC.
   h. Active participants will contribute to the Death Benefit Program Plus with the church paying 60% and the participant 40%.
   i. Every Conference member making less than the Equitable Salary from his/her primary salary paying unit can be included in CPP at the rate of 3.4% of his/her contribution base.
   j. Probationers at seminary will be provided CPP at 3.4%.
   k. Those on leave of absence may participate in CPP at the rate of 3.4%. The participant will pay the full 3.4%.

2. We recommend that in keeping with Par. 1606, Section 12e of the 1984 Discipline that the Sunday following Easter be observed as Retired Minister's Day. Each Pastor is urged to acquaint his or her congregation with the pension program of the Conference as part of the observance, and if possible to use a retired minister in the Worship Service.
3. We recommend in keeping with Par. 1606, Section 4h of the 1984 Discipline, the approval of the Annual Conference that Special Appointments shall be listed in the Conference Journal as follows:
   (1) With Annuity Claim, (a) upon the Annual Conference, or (b) upon a General Board, an Institution, or an Agency of the United Methodist Church; (2) Without Annuity claim upon this Annual Conference.
4. We recommend that the Board of Pensions pay the entire premium for our eligible retirees, surviving spouses, and ministers on disability both for the Death Benefit Plus Program and the Hospital and Medical Expense Program. The Death Benefit for eligible surviving spouses is now a part of the CPP of the new pension program. Benefits remain 10% of the Denominational Average Compensation. In Addition, we recommend the eligible Conference and Special Conference Claimants pay their own voluntary portion of Medicare which was paid previously by the Conference Board of Pensions.
5. We recommend that an annual amount equal to 100% of the pension and disability payment of each minister of the Little Rock Conference be designated as housing allowance.
6. We recommend that in keeping with Par. 736, Section 4 of the 1984 Discipline that there shall be organized from the membership of the Board of Pensions of the Little Rock Conference a committee to compare the records of the amount paid by pastoral charge for support of pastors and for pension benefit purposes computing the proportional distribution thereof and keeping a permanent record of defaults of the ministers in the Conference who have failed to observe the provision in Par. 736, Section 4 pertaining to proportional payment, and shall render annually to each minister and charge in default a statement of amounts in default for that and preceding years. In event of default by any Pastoral Charge and after the notification of the committee, liens shall be filed against future pensions and the names of the churches and ministers along with the amount in default shall be printed in the Conference Journal.
7. We request the Secretary of the Annual Conference to print in the Minister's Service Record in the Journal, one column stating "Years of Pension Claim on the Little Rock Conference," and another stating "Total Service Years in the Ministry."
8. A List of annuitants and pension payments for the year 1984 is available in the Conference Treasurer's Office from Sheila Bagley.

Resolution Relating To Rental/Housing Allowances For Retired Or Disabled Ministers Of This Conference

Whereas, the religious denomination known as the United Methodist Church has and functions through Ministers of the Gospel who are duly ordained or licensed; and

Whereas, the practice of The United Methodist Church is to provide a parsonage or a rental allowance as part of the gross compensation for each of its active ordained or licensed ministers; and

Whereas, pensions paid to retired ordained or licensed ministers of The United Methodist Church are considered as deferred compensation and are paid to said retired ordained or licensed ministers in consideration of previous, active service, and disability benefits are considered payments in lieu of compensation for active service; and

Whereas, the Internal Revenue Service has recognized that the Little Rock Annual Conference is the appropriate organization to designate a housing/rental allowance for retired ordained or licensed ministers who are members of this Conference; and

Whereas, the disabled minister has the same legal relationship to an Annual Conference as does the retired minister and, thus, this Annual Conference is also the appropriate orga-

nization to designate a housing/rental allowance for a disabled ordained or licensed minister who is a member of this Conference;

Now Therefore Be It Resolved:

1. An amount equal to 100% of the pension payments received by a retired minister, or 100% of the disability benefit payments received by a disabled minister, during the year 1986 be and is hereby designated as a rental/housing allowance respectively for each retired or disabled ordained or licensed minister of The United Methodist Church who is or was a member of the Little Rock Annual Conference at the time of his or her retirement or disability;
2. The pension or disability payment to which this rental/housing allowance applies shall be the pension or disability payment resulting from all service of such retired or disabled ordained or licensed minister from all employment by any local church, Annual Conference, General Agency, or institution of The United Methodist Church or any former denomination that is now a part of The United Methodist Church, or from any other employer who employed the minister to perform services related to the ministry and who elected to make contributions to the pension or benefit funds of The United Methodist Church for such retired minister's pension or disabled minister's benefits.

Note:

The rental/housing allowance which may be excluded from a minister's gross income is limited to the lesser of (1) the amount of the rental/housing allowance designated by the minister's employer or other appropriate body, (2) the amount actually expended by the minister to provide his or her housing, or (3) the legally determined fair rental value of the parsonage or other housing provided. As specified in Rev. Rul. 71-280, 1971 C.B. 92, "the only amount that will qualify for exclusion under section 107 (2) of the Code as a 'rental Allowance' is an amount equal to their fair rental value of the home, including furnishings and appurtenances such as a garage, plus the cost of utilities."

Beginning in 1984, there is no longer a sick pay or disability income exclusion available with respect to disability benefit payments. Therefore, the full amount of disability benefit payments will be taxable income to the recipient beginning in 1984.

and The Comprehensive Protection Plan (CPP)

In the event the Deposit Account is overdrawn, an interest charge shall be made by the General Board of Pensions. Special Arrangements: The Little Rock Annual Conference Board of Pensions is hereby authorized, at its discretion, to arrange with the General Board of Pensions for active participation in the CPP by persons who are eligible under special rules but not automatically included as Active Participants. (CPP Section 3.2)

Past service funding deposits are required to fund this unfunded liability, and shall be in the amounts for the periods as shown below:

Amount of Deposits	Period
$232,157.00	27 years
$332,056.00	26 years

These annual deposits shall be made at the end of each calendar year as required by the General Board of Pensions. The past service deposits shall be transferred from the Little Rock Annual Conference Deposit Account to the Past Service Funding Account on December 31. If the annual cash flow requirement, as determined by the General Board of Pensions, exceeds the combined past service funding deposit amounts, then the cash flow requirement shall become the required past service funding deposit. (MPP Supplement One (f))

VII. SPECIAL DAYS:

We recommend these Special Days with offerings:

Human Relations Day — Last Sunday in Epiphany

One Great Hour of Sharing — Fourth Sunday in Lent

United Methodist Student Day — Last Sunday of Year

Christian Education Sunday — Last Sunday in September with a goal of $9,000 to be apportioned to the local churches.

World Communion Sunday — First Sunday in October

United Methodist Children's Home — Second and Third Sundays in December

World Order Sunday — October 20.

VIII. ALDERSGATE "FAIR SHARE"

We recommend $50,000 to be requested from the churches in "Fair Share" goals for "core costs" at Aldersgate and that "programmatic costs" be continued as a Conference Advance Special.

IX. CHRISTIAN CIVIC FOUNDATION:

We recommend $12,500 be requested from the local churches in "Fair Share" goals for the Christian Civic Foundation in 1986.

X. PERKINS/ST. PAUL FAIRSHARE:

We recommend $63,060 be requested from the local churches in "Fair Share" goals for the Perkins-St. Paul Campaign for 1986 with the provision that the church involved shall have paid its "Ministerial Education Fund" apportionment in full beforehand.

XI. OTHER RECOMMENDATIONS — We recommend that:

A. Apportionments for Ethnic Minority Local Churches be accepted by every local Church and that 50% of the Missional Priority Fund be retained for use in the Conference. We recommend that the World Hunger goal of $300,000 be retained.

B. Pastor's Utilities and Appurtenances: If no utility allowance is made, we recommend that the local churches designate a part of the salary as Parsonage Utilities and Appurtenances to exempt those costs from income taxes.

C. The contract between the Committee on the Annual Conference and First United Methodist Church — Hot Springs be approved. The contract sets a flat payment of $2,400 for the cost of the 1985 session of the Annual Conference.

D. The Travel Allowance remain at $.20 per mile plus $.02 per mile for each additional person, to encourage car pooling.

E. Retired Ministers be paid $35 per diem for days they attend Annual Conference.

F. Pastor's Moving Expense be paid at the rate of $200 plus $.75 per mile. The mileage is to be paid from parsonage to parsonage, except when a pastor transfers to or from another conference, the rate will apply from parsonage to the Little Rock Conference boundary.

The policies for application for Pastor's Moving Expense funds are listed in the 1982 Little Rock Conference Journal, Page 127, Section 12II(F).

G. All unrestricted benevolence funds be placed in a central operating balance.

H. "Interest Income" from investments, with the exception of the income earned from Church Development Funds, continue to go into the Conference Administration Fund.

I. Any Conference employee who has, or who desires, a tax sheltered annuity, may direct the Director of Finance & Management to pay this annuity from his regular income following proper guidelines.

J. That housing allowances (for persons receiving such funds) be set at the estimated actual expense as reported to the conference or local church. This information should be reported at the beginning of each calendar year. This will result in a reallocation in the funds paid to such persons and will not increase the total amount paid.

K. Each board, commission, committee or agency not be allowed to change a line item in its approved budget which would exceed 10% of the amount without the approval of the Council on Finance & Administration.

L. The latest independent audits shall be submitted for review and study by any agency receiving conference funds.

M. Wesley Foundations may solicit funds within their supporting Districts after approval is given by the proper District Council on Ministries.

N. There will be applied to all 1986 apportionments, a uniform percentage "pad" of five (5) percent.

O. Local Church Administrative Boards consider paying all Conference Life and Health Insurance (DBP & HMEP) premiums directly, above salary, in order to provide tax savings for pastors and other church employees. If necessary or desirable, the salary may be reduced by the same amount. This policy must be consistently applied to all employees.

P. Participation by the Conference in Area Programs must not exceed 50% of the cost of that program, with exceptions approved by the C.F.A.

Q. The funds for the Missional Priority be placed in the Council on Ministries Director.

R. The management and investment of all the monies of/from all those boards and agencies which receive monies from the Conference or line item apportionments must be handled by the Area Treasurer's office.

S. Any capital asset purchase over $1,500 must be approved by the Council on Finance & Administration prior to purchase, even if that budget has been previously approved.

T. Permission be granted to the Area Treasurer to borrow funds (on a short-term basis) from the Arkansas Area account if Little Rock Conference funds are not sufficient to meet current needs. Both Council on Finance & Administration presidents must approve the loan before it is transacted.

Interest on such loan will be paid at the current money market rate.

U. The Conference provides fidelity bonding insurance for all local churches in compliance with Paragraph 2510 of the 1984 BOOK OF DISCIPLINE.

V. The Board of Trustees of Camp Tanako be allowed to raise $25,000 from sources other than local church budgets for the development of a Master Development Plan to be presented in 1986.

W. A task force be appointed by the Council on Finance & Administration to study revising the current apportionment formula. The task force will report to the 1986 Annual Conference.

Little Rock Conference Of The

We have examined the statement of assets, liabilities and fund balances of the Little Rock Conference of the United Methodist Church as of December 31, 1984 and 1983, and the related statement of changes in fund balances for the year ended December 31, 1984. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1, the organization's policy is to prepare its financial statements on the basis of cash receipts and disbursements. Consequently, certain receipts and the related assets are recognized when received rather than when earned, and certain disbursements are recognized when paid rather than when the obligation is incurred. In addition, expenditures for capital assets are reflected as disbursement and are not shown as assets of the organization. Accordingly, the accompanying financial statements are not intended to present financial position and changes in fund balances in conformity with generally accepted accounting principles.

In our opinion, the aforementioned financial statements present fairly the assets, liabilities and fund balances of the Little Rock Conference of the United Methodist Church as of December 31, 1984 and 1983, and the changes in its fund balances for the year ended December 31, 1984, on the basis of accounting described in Note 1, which has been applied in a manner consistent with that of the preceding year.

Little Rock Conference Of The United Methodist Church
Notes To Financial Statements
December 31, 1984 And 1983

1. **Summary of Significant Accounting Policies**

Basis of Accounting — The financial statements of the Little Rock Conference of the United Methodist Church have been prepared on the cash basis. The records are held open for approximately two weeks after year-end in order to include the remittances from the churches in the conference for the last few weeks of the year. This policy is consistent with prior years.

2. **Income Taxes**

The conference meets the requirements of section 501(c)3 of the Internal Revenue Code and is therefore exempt from federal income taxes.

3. **Cash Investments**

All cash investments are recorded at cost plus interest income as received in the account. These balances approximate current market value of the particular investments. Due to the current nature of most of these investments, market quotations are not available.

Interest on the savings accounts is received quarterly. Interest on Dean Witter Intercapital Liquid Asset Fund, Savers Federal Money Fund, and Fidelity Cash Reserves are received monthly. Interest on all other cash investments is not recognized until maturity.

4. **Notes Receivable — Finance and Management**

Notes Receivable — finance and management are 10% notes to the conference from the conference board to reflect repayments due from investments in a computer and a parcel of land. These notes are payable $2,377 monthly, including interest, through August, 1988.

Subsequent interviews as may be necessary to resolve issues raised by the tests for the purpose of providing the candidate the opportunity to reevaluate goals for ordination and membership in the conference (These additional interviews may require the candidate to bear the expenses involved.).

C. Dr. Tunnell will, upon receipt of a signed release form from the candidate, share a written evaluation of each candidate, based on the test results and personal interviews, with a select and duly authorized Evaluation Committee of the Board of Ordained Ministry. The Evaluation Committee will make available this information in those circumstances deemed important to the Interview Process. However, in no case will the whole Board of Ordained Ministry have access to the evaluation results until after the Interview Teams have finished their personal interviews and then only if the evaluation results will shed significant new information upon the decision-making process. A candidate who will not agree to share the evalulation results when requested to do so by the Board will be discontinued from the admission process.

D. Dr. Tunnell will be available during the Spring interviews to explain particular evaluations to the Board and to serve as advocate for his conclusions. He may also be available to candidates following the interview for further consultation.

Results of the evaluation may not be released to anyone else without the express written consent of the candidate. The evaluations should be held in the possession of Dr. Tunnell for a period of time not to exceed three years following admission of the candidate to membership in the conference whether in full connection or as an associate member, at which time they may be destroyed or converted to a protected anonymous status for the purpose of research only.

I understand this evaluation may be used in the application process for admission into the Little Rock Annual Conference. I further understand that the Board of Ordained Ministry has the right to discontinue my application should I refuse to make this evaluation available to them.

I also understand this permission to release this written evaluation grants permission to the Board of Ordained Ministry to use this information in the interview process. I do also give my permission to Dr. Tunnell to use this evaluation without reference to my name for

C. The purpose of the probationary process of the Little Rock Annual Conference is to surround each probationary member with supportive caring groups. These groups are invited to face with the probationer the possibilities and challenges of ordained ministry and his/her growth in that ministry.

D. Basic to the caring process is the establishment of a local Committee of Concern (COC), which is an official committee on the local level representing the Probationer's Committee of the Board of Ordained Ministry. This Committee of Concern functions in the following ways:
   1. To help the probationer meet the requirements for full conference membership

   "Members in full connection with an annual conference by virtue of their election and ordination are bound in special covenant with all the ordained ministers of the Annual Conference." (**Disicpline,** 1984, Par. 421). The concept of the Committee of Concern also presupposes a sense of covenant with one another in the group, with Christ, and with the Church. The mutual counseling relationship of the Committee of Concern is of paramount importance.

F. In consultation with the District Superintendent, Chairperson of the Committee of Concern, the Committee of Concern itself, and others, the probationer will develop a Growth Covenant stating his/her personal goals for growth as pastor and as person during the process.

G. The Probationers Committee of the Board of Ordained Ministry will design a two-year program of growth opportunities, seminars, evaluations, retreats, and other requirements which must be completed in total by the probationer. These amounts shall include only projected expenses for tuitions, books, room, and board. The matching requirement shall be waived for those who receive less than $4,000.00 above the conference minimum salary.
   2. Persons seeking financial aid for continuing education shall secure an application form from the chairperson of the Committee on Continuing Education. All requests relating to continuing education funds shall be directed to the chairperson of said committee.

United Methodist Women

Bishop Wilke, Delegates and friends, 1985 has begun a new quadrennium in the United Methodist Church. For the United Methodist Women of the Little Rock Conference; it has seen a major change in officers. Because of this, we have spent time setting new goals, learning our responsibilities, and getting acquainted with each other.

There were five officers who attended New Officer Training at 475 Riverside Drive, New York, in December. They were Margaret Wynne of Eordyce, Betty Riggin of Portland, An-

nie Sampson of Ozan, and Charlotte Barnes of Camden.

As you know, the organized unit of United Methodist Women shall be a community of women whose purpose is to know God and to experience freedom as whole persons through Jesus Christ; to develop a creative, supportive fellowship; and to expand concepts of mission through participation in the global ministries of the church.

There are many ways United Methodist Women are challenged each day.

In 1984, we had 93 per cent of our local units reporting, (163 of 176 units), but we are striving for 100 per cent. Little Rock and Arkadelphia Districts had 100 per cent reporting, and it is very important that we hear from every local unit, because without these local units there would be no Women's Division and our support for missions is very important to the work of the National and World Division. The reports showed a slight decrease in members, but we gained (3) three new units. May 25th this year, a new unit was chartered at Wilson's Chapel, in the Monticello District, and that District has another church they are working on. Yes; we are growing in new units, and new subgroups.

In 1984, our Pledge to Missions was $110,000 and we met this pledge with everyone contributing. For 1985, we have increased it 5 per cent, making our pledge $115,500. This is a challenge for all of us, and I know the women of the Little Rock Conference, will meet this goal.

On April 20th of this year, there was a State Wide Meeting of the World Federation of Methodist Women. There were 150 women from four branches of Methodism in attendance. They were from the African Methodist Episcopal Church, African Methodist Episcopal Zion Church, Christian Methodist Episcopal Church, and the United Methodist Church. The meeting was at Philander Smith College.

The officers of the South Central Jurisdiction with our own Zenobia Waters as President, has begun Leadership Training for District Officers. In May, the Pine Bluff District took (9) nine of their officers to Dallas, for the first of these sessions, and we hope to have the Little Rock District attend a similar workshop in Kansas City in September, with Dr. Josephine Bell of Pine Bluff, the coordinator.

The Conference Officers will receive training when we attend West Gulf Regional School of Christian Mission at Oklahoma City College, next week.

The Arkansas Area School of Christian Mission is set for Hendrix College. The weekend school is August 2-4, and the weekday school is August 5-8, and we have a very good faculty for this school. Teaching the study; "Native Peoples of North America," will be; Mary Catherine McSpadden, of the North Arkansas Conference; Pat Chisholm, immediate past Women's Division Director; Ray McGilbray and Leona Sullivan, members of the Creek Tribe of Oklahoma. "Caring For God's Earth," will be taught by; Jessie Pratt, who has been with us before; Ruth Daugherty, immediate past president of the Women's Division; Merrilyn Irvin, a Divinity School student; and Sharon Spurlin of the North Arkansas Conference. "Daniel," is being brought to us by; Jorge Gonzalez, author of our study book; Jonathan Keaton, a graduate of Philander Smith College; and Carolyn E. Johnson, a member of the Board of Global Ministries. We have two Youth Scholarships available for each District and hope they will be used.

There are many avenues open to women in the United Methodist church, and I hope the women in your congregations take advantage of them.

At our annual meeting in 1983, at Dumas, we began a Centennial Celebration by reviewing our past with our sister organizations. In 1984, at Mabelvale, we took a look at where we were; then and now, in our spiritual life, as well as what we are doing in mission. This Fall, on October 5th, right here in First United Methodist Church, Hot Springs, we shall look at the future, and see where we are headed, and if that is what we really want to see accomplished.

Bishop Wilke, we are all, one Mission Team, working together, for the Mission of The United Methodist Church.

Report — United Methodist Men

"The United Methodist Men shall be a creative, supportive fellowship of men, who seek to know Jesus Christ, to grow spiritually and seek daily His will." Our primary purpose is to declare the centrality of Christ in the lives of men and in all their relationships as we strive to be doers of the word and not hearers only.

At the present time there are 5 active charters in the Arkadelphia District, 5 in the Camden District, 6 in the Hope District, 9 in the Little Rock District, 3 in the Monticello District, and none in the Pine Bluff District, for a total of 28. There are other organized Methodist Men's fellowships in the Conference that are providing an array of effective Christian services even though they are not officially charted under the auspices of the National Men's Office.

We will continue, during the coming year, to strengthen the tie between our national office and the local church program by providing more information and technical service for organization and development. To assist this effort, a quarterly UMM newsletter is being published and distributed to laymen and pastors throughout the Conference. The Scouting Ministry, the Moving United Methodist Ministry, designed to address the "fade-out" problem of Methodist who move from one area to another, and local Christian service projects will be emphasized.

Our twenty-seventh annual Methodist Men's Assembly will be held at Camp Tanako on September 7 & 8th. Dr. John Farthing, Chairman Department of Religion-Hendrix College will teach a series of Bible studies. Bill Fuller, First Methodist Church Little Rock, will be the song leader.

16 men have pre-registerd to attend the National Congress of United Methodist Men which will be held on the campus of Purdue University, West Lafayette, Indiana on July 12-14, 1985.

We urge you, as members of the Annual Conference to support our efforts to strengthen the existing fellowships, to promote the establishment of other active Methodist Men's Fellowships and to make the United Methodist Men a more effective instrument of spiritual growth in our Conference.

The United Methodist Foundation Of Arkansas

The year 1984 was another benchmark year in the growth of your conference foundation. Assets reached $1,280,000, and our level of service to individuals and local churches increased dramatically.

Some may not be entirely familiar with the foundation, and so a brief review of our ministry might be helpful:

1. The foundation exists to assist persons in making lifetime and testamentary gifts of cash and other property to a wide array of United Methodist purposes. Oftentimes, the foundation serves as trustee of these gifts, which means that it assumes long-term responsibility for prudently managing assets and insuring that the giftmaker's wishes are carried out. If the ministry of the foundation was not available, many of these very sig-

nificant gifts would not be made.

2. The foundation receives gifts benefiting any United Methodist purpose. Our services are available to anyone wishing to make a gift to a United Methodist program, local church, or institution.
3. The foundation offers its services free of charge. This is a very appealing feature to giftmakers who know that it allows 100% of their gift to go to its intended purpose. The foundation is able to render service without charge because of the operating support provided by the two annual conferences.
4. The vast majority of foundation funds are designated for a particular purpose. Although the funds are owned by the foundation, the giftmaker specified a particular use for the funds. In 1984, the foundation made payments totaling $27,890 from its designated endowments.
5. The foundation assists persons in utilizing various trusts authorized in the tax code. One of these forms of giving is called a life income gift, which means that the giftmaker makes a lifetime gift to the church, but retains the income from the gift for their lifetime. The foundation has $310,000 in life income gifts. Someday, these funds will benefit the church. Again, it is likely that these gifts would not have been made if the foundation had not existed to serve as trustee.

It is difficult to understand the diversity of ways in which the foundation can serve the church. But nevertheless, you should be encouraged that the foundation is doing well. The foundation's board is most pleased with our results. We have come a long way, and are poised for major new growth. We are now in our fourth year of having a full-time foundation director, and this commitment has made the difference. We have recently purchased a computer to streamline our administrative duties, and we are now trying to arrange operating budget support to allow us to employ a full-time secretary.

The most significant development recently has been the development of a plan to establish an unrestricted endowment fund within the foundation. We are tentatively referring to this concept as the Cornerstone Fund. You'll be hearing more about it shortly.

As the foundation's president, I am most thankful for all of you who have supported this worthy program, and I'm also appreciative of the outstanding leadership offered by the foundation's board of directors.

If you would like more information about the foundation, I encourage you to contact our executive director, Jim Argue, Jr., at the foundation office, P. O. Box 3364, Little Rock, 72203. The phone number is 374-4438.

Clint Burleson
President

Be it resolved, that the Little Rock Annual Conference endorses the Cornerstone Fund as developed by The United Methodist Foundation of Arkansas and encouraged United Methodists to support it.

Cooperative Parish Ministries

For the past Quadrennium Cooperative Parish Ministries has been a part of the Network on Town and Country Ministries, of the National Division of the General Board of Global Ministries. It has been a key way to strengthen local churches in rural areas of all five Jurisdictions of the United Methodist Church across America. The numbers of parishes are growing. Following the 1984 General Conference, Cooperative Parish Ministries took on a new sense of importance to the National Division in two significant ways.

First of all the National Division began plans to create a new National Network on Cooperative Parish Ministries. This network will focus on the knowledge gained by this form of ministry and seek to impact the church for renewal and mission outreach. The National Division said that what has been effective in rural America can also help in other areas as well.

The second, and perhaps most important way that Cooperative Parish Ministries has become more important to the National Division, is as a major way to revitalize churches.

The Division has been charged with the mission of growth within the Church. In transitional neighborhoods, with ethnic churches, and through ecumenical ventures, Cooperative Parish Ministries is beginning to help churches move from a position of hopelessness to a new sense of vitality and a new spirit of being the Church. Methodism as a church has made a commitment to growth. This commitment is based upon the call of God to carry the Gospel to every corner of the Earth and make disciples of all people. Emphasis upon new congregations, growth of larger churches, and growth in key areas of population shifts is critical, but this growth is not enough to move our church ahead toward tomorrow's goal. The Gospel must be carried to the ends of the Earth. Every church in every community in America must become a part of this mission. Smaller churches must do more than survive and the National Division has picked Cooperative Parish Ministries as one of the key ways our denomination has found to bring about a revival across America.

In light of these changes the Area Office of Cooperative Parish Ministries has established these goals for 1986:

I. The Area Office will provide training and consultation to the parishes we already have established and work with new target areas in the state.

II. The Area Office will encourage cooperation at all levels of the Church and provide resources for clergy and laity both within parishes and through a network of parish leaders.

III. The Area Office will work closely with the Conference Staff, Boards of Global Ministries, Parish and Community Development Committees, and Conference Councils on Ministries to interpret the work of Cooperative Parish Ministries as a method to revitalize churches.

IV. The Area Office will assist the Bishop and the Cabinet in the appointment of clergy in Cooperative Parishes and the building of team ministry wherever possible.

V. The Area Office will continue to do field service for the General Board of Global Ministries National Division in Arkansas and work with the South Central Jurisdiction as a part of a network on Congregational Development and Revitalization.

Little Rock Conference Structure

At the 1983 session of the Little Rock Annual Conference, the Committee on Review and Evaluation recommended that a Task Force on Structure be established to study the whole structure of the Little Rock Annual Conference. It was approved and at the end of the Conference Session the following persons were named to the Task Force:

F. G. (Buddy) Villines, Chairperson
James E. Major, Vice-Chairperson
N. Lee Cate, Secretary
Michael R. Clayton, Cabinet Representative
F. Gladwin Connell, CCOM Director
C. Ray Hozendorf
Dr. Josephine Bell
Max Whittman
Bill Keltner
Palmer Garner
William O. (Bud) Reeves
Louis L. "Biff" Averitt (added in 1984)

After many hours studying the current structure and all the amendments that have been made to it, the Task Force felt that a new structure should be designed. This new structure would reduce the size of the structure, improve the flow process, and enable the Conference to function more efficiently and more effectively.

In order to develop a comprehensive structure the committee requested and received a year's extension of its work at the 1984 Annual Conference.

This new structure incorporates the Disciplinary changes made in the 1984 Discipline and hopefully the intent of the modifications made to the structure in the past. It greatly reduces the size of the Annual Conference Structure and at the same time shifts significant responsibilities to the District Level.

The purpose of the Task Force was to provide a document that will help the Little Rock Conference to organize itself in such a way as to best fulfill its ministry by:

1. Creating a climate in which persons can commit themselves to Jesus Christ as their personal savior;
2. Providing nurture and growth for persons in Christian living and service;
3. Influencing and changing a world not committed to Christ.

This structure would provide inclusion at all levels of the Church for representation from all groupings of persons and at the same time accomplish the work necessary to have a strong vital conference. We present to this 1985 session of the Little Rock Conference the following structure for its approval, modification, and use.

Sincerely,
Task Force on Structure

NET CHANGE	+ 498	+ 2,067	+ 2,035	− 11,772	− 7,172 Net Loss
		= Net Gain =	+ 4,600		

Analysis: We lose members by Death and Transfer, but fewer than we receive by Confession of Faith and Transfer: so we always show a Net Gain when Lines 2, 3, & 4 are compared with Lines 6, 7, & 8. The culprit seems to be Line 5.

Over the 11 year period, our Net Gain was 4,600, but this was obliterated by Line 5, and we end up with a Grand Net Loss of 7,172 for the 11 year period.
