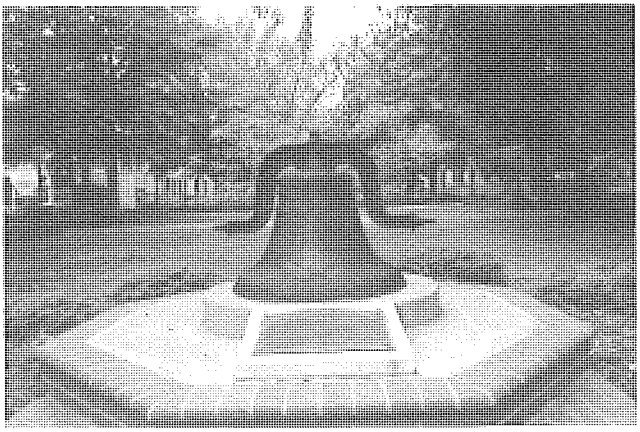
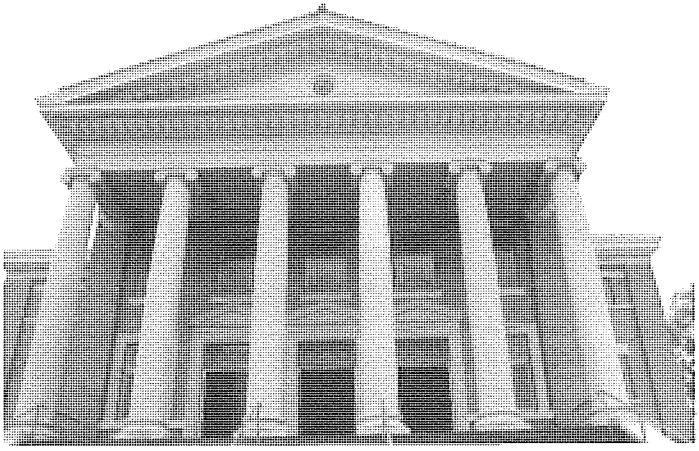
A Contents and Photo Album



This bell, on the Hendrix Campus reads in part: "In 1883 a bell was installed at Altus, Arkansas, which housed Central Collegiate Institute (later Hendrix College). It is believed this is the bell which hung in the tower until the building burned in 1909..."



Conway's First United Methodist was the site of this year's Ordination and Commissioning service.

Gary Goldman and Mildred Webb are pictured here visiting before the ELCC banquet.

Bishop Solomon presided at Friday evening's Service of Commissioning and Ordination.

Student members of a dance troupe from Lydia Patterson Institute in El Paso, Texas, an educational institution of the South Central Jurisdiction, perform the Mexican Candle Dance for members of the North Arkansas Conference.

C. Daily Proceedings
2000 Episcopal Address to the North Arkansas Annual Conference

EPISCOPAL ADDRESS
NORTH ARKANSAS 2000
2000 Episcopal Address

It seems to me like it was just a few months ago that I stood in front of you with a trembling heart to offer my first Episcopal Address in the Arkansas Area.. It is hard to believe that it has been almost four years since you who are pastors and lay leaders and I as your bishop became partners in leading God's beloved United Methodist Church in Arkansas. These four years have been eventful years in Bob's and my personal lives and in our life together as United Methodists here in Arkansas. Over and over again you have wrapped Bob and me in a mantle of prayer and love and care. Bob and I have experienced your prayers and love in countless ways, and we are deeply grateful.

Let me begin with the most important thing that has happened to Bob and me since we moved to Arkansas. Abigail Reagan Huie was born April 10, 2000. Abigail is truly an experience of grace, and her parents and grandparents and great-grandparents are grateful.

I want to say a special word of appreciation to the hundreds of you who participated in the Bishops' Call to Prayer and Fasting prior to and during General Conference. As you know General Conference 2000 was a difficult conference. In both preaching to the General Conference and in assisting the Presiding Bishop, I could sense your supporting presence. Thank you.

In these four years I have made a concerted effort to be present with you, to listen to you and to learn from you. You have come to know me, and I have come to know you. Four years ago you heard me say that I did not come here to offer hospice care for a dying church. Slowly, surely, the UMC in Arkansas is re-claiming our mission of making disciples of Jesus Christ. Slowly, surely, we are moving from maintenance to mission. Praise God.

Four Year Vital Signs

You know that for at least the last 30 years, the UMC in Arkansas has been in significant decline in virtually every vital statistic. We're not there yet, but we are seeing tangible signs of promise. Let me show you three charts.

Membership is a trailing indicator; that means it will be the last vital statistic to change. We are still losing members in both conferences although North Arkansas has leveled out as worship attendance has increased.

Attendance is a more accurate indicator of current reality. For the first time in more than 30 years, North Arkansas is showing four consecutive years of increased worship attendance. Look at the trend line. Over the last four years attendance in the North Arkansas Conference has increased by 2362 persons. God is good. Worship attendance in the Little Rock Conference is much more modest. It has increased by 200+. This is a sign of promise.

What you have done in financial stewardship is remarkable. Look at this chart. Your response here is an extremely encouraging sign. You have increased apportionment pay out in each of the last four years. Our goal is for every church in both conferences to pay their fair share. 100% at 100%.

In a previous Episcopal Address and in district visits, we talked about clergy retirements and

ordination trends. I said that in the near future, we would experience a significant shortage of seminary-trained, full-time pastors. That time is now. Look at what happened in this year's appointments.

Thirty-two openings for full-time pastors occurred in this Episcopal Area between February 15, 2000 and June 1, 2000. They are result of retirements, sabbaticals, persons moving out of state and personal reasons. Only seven seminary graduates entered who were not already serving appointments in Arkansas. We have received pastors through other avenues, but you can do the math. This crisis significantly impacted appointment-making this year.

I want to own one of the ways this bishop has significantly failed you as a leader. It concerns pastoral tenure. Laity have told me over and over again that churches need longer pastoral tenure when the "match" is good between a pastor and congregation. I know that long pastoral tenure is a fundamental principle of effective disciple-making. The Cabinet and I made 99 appointments this year, 25% more than average. This chart is why there was so much change.

It takes three to four years to get a new pastor from the front door of the seminary to the front door of the church. By the grace of God and the generosity of a family, the Arkansas Area will take one significant step in addressing this challenge at this Annual Conference. Mr. Jim Argue of the Arkansas United Methodist Foundation will be making that announcement later this morning.

Together the Annual Conferences are making major decisions about the future of the UMC in Arkansas. In the next few minutes, I invite you to review the last four years with me. Celebrate God's gifts. Identify weaknesses. Most importantly, ask ourselves "what have we learned?" Then let's look to the future.

Keeping the main thing the main thing.

Always, always we lead with mission. The mission of the church is to make disciples of Jesus Christ. The purpose of that mission is nothing less than the transformation of the world. We make disciples through two inter-twining paths: leading persons to commit their lives to God through Jesus Christ (the task known traditionally as evangelism) and sending persons to heal the sick, feed the hungry, care for the stranger and free the oppressed (the task known traditionally as social justice). Local churches provide the primary arena where disciple-making occurs. Right now, we need to keep the main thing the main thing.

1996-97 Episcopal Visits

In 1996 and 1997 you will remember that you helped me to visit all 465 charges in this state. It was a marvelous experience. After listening to you, we came together for my first Annual Conference session, and I suggested that the following six goals be the focus of our first years together:

- Re-claim making disciples of Jesus Christ as our mission
- Equip and re-equip pastors for a new day in ministry
- Equip laity to become primary providers of ministry (not merely consumers)
- Shift focus of Annual conference to equipping congregations
- Develop Area Staff with primary focus to equip congregations
- Emphasize financial stewardship, especially payment of apportionments

1997-98 Episcopal Visits in the District

In 1997-98 you made it possible for me to visit with clergy and laity together in each district. We talked together about how the church must respond to changes in the culture. We live in a culture in which the church is no longer the center of the community. What will lead us is a passionate, heart-felt sense of the presence of God in Christ.

Vision 2000 and Dr. Leonard Sweet Workshops

Of course both annual conferences were already attempting to respond to these challenges long before I arrived. Two programs, in particular, deserve mention. North Arkansas launched Vision 2000 as a way to assist congregations in clarifying God's vision for their church. Little Rock sponsored a series of workshops led by Dr. Leonard Sweet, one of the most prominent future-oriented theologians. As you talked about these programs, it was clear you enjoyed the meetings. You learned important information. However, only a few pastors and congregations actually implemented new learnings.

The Cabinet as a Learning Community

One of areas where we have worked in a new clergy-lay partnership is the Cabinet. The Cabinet was extended to include the Conference Lay Leaders and the Area Treasurer in matters other than appointments. We completed workshops in both Seven Habits of Highly Effective People and Principle Centered Leadership taught by Asa Whitaker, a certified Steven Covey leader. I believe it was the first time in Arkansas that a layperson spent more than 40 contact hours teaching a bishop and district superintendents about leadership. Increasingly we worked better as a team and began to understand ourselves as continual learners. Moreover, our Conference Lay Leaders helped us to re-invent Charge Conferences. They helped us see Charge Conferences as an opportunity for spiritual leadership. We are changing from reporting events to teaching and empowering opportunities.

Task Force on Congregational Development

For nearly two years an Area Task Force on Congregational Development helped both Annual Conferences identify needs and make proposals to strengthen congregations in the state. This group of clergy and laity from both sides of the river identified new church development and re-vitalization of existing congregations as equally important. This Task Force proposed a single "Catch the Vision" stewardship ministry for both conferences which each conference retaining its own funds. You adopted that proposal last year. It also proposed a re-alignment of conference financial priorities to shift dollars to strengthen congregations. You will be making decision at that proposal this year.

Arkansas Initiative to Strengthen the Black Church

At the same time, another Area Task Force called Arkansas Initiative to Strengthen the Black

Church has also been at work. In 1996 there was no self-supporting, full-time African American UMC congregation in the state. We were facing a critical shortage of pastors and sharply declining membership and attendance. There was one Church and Community worker in the state. North Arkansas had no full-time congregation. All of this is in a state where 15% of the population is African American. In some areas, more than 50% of the population is African American.

This group worked with GBGM and the Cabinet to identify needs, develop strategies and secure additional funding for African American congregations. The focus has been leadership development and physical facility improvement. Strategies included training events for pastors and laity together, emphasis on serving the community, reaching young people, and offering meaningful worship services.

This year there are three self-supporting, full-time congregations and three Church and Community Workers. Hoover UMC is recognized as one of 25 Congregational Resource Centers in the US, and it is one of the fastest growing churches in the Little Rock District. St. James Pine Bluff is one of the fastest growing churches in the Pine Bluff District. Mallelieu UMC is once again offering full-time ministry. This June full-time pastoral ministry is being re-established in the North Arkansas Delta. Several young people are seriously considering ordained ministry as a vocation. In January, 2000 the AISBC Task Force challenged each of the 39 predominately African American congregations to increase both their worship attendance and membership by 15% this calendar year. I'm told that two churches have already reach their year-end goal. God is good.

General Board of Global Ministries

The General Board of Global Ministries has been very good to us. At least nine GBGM staff persons have worked in Arkansas during the past four years. Dr. Doug Johnson conducted 60 on-site church consultations. Four districts worked with GBGM to develop district strategies. Once again we discovered that both pastors and laity had difficulty in implementing the recommendations. Once again leadership development was identified as a key issue. Once again there was a disconnection between recommendation and practice. We know we need to focus on leadership development.

General Board of Discipleship

In 1997-99, the General Board of Discipleship paired the Arkansas Area and the Tennessee Area and provided a two-year training process for pastors transitioning into large membership churches (worship of 300+). Thirty of our pastors were involved. They focussed on spiritual formation, leadership development, staff development and innovation. This process received high praise from pastors involved. Many of our large churches are reaching their communities in new ways as fruit of this ministry. Not including laity was a weakness. Obviously, we need to include churches with less than 300 in worship attendance. This project was extremely expensive, and GBOD has discontinued it. If we want something similar in Arkansas, we will need to plan and fund it ourselves.

Area Staff

Our two conferences approved an Area Staff in February 1998. They began work the following June. Their mission was to equip local churches to become more effective in disciple-making. The plan called for 50% of staff time to be spent with congregations.

In the past two years, this staff has made 833 visits to congregations and districts in this state. They have worked in every district. The local church or the district superintendent initiates visits. Oral feedback and written feedback indicate that renewed energy and commitment to disciple-making follows virtually everywhere this staff goes. Staff often stays in touch with pastors and laity following up their visits. When I asked them for success stories, they gave me so much material it would take the rest of our time to tell them.

We can identify the following:

- New ministries with children have begun in several congregations

- New worship services have been added, especially contemporary ones
- VIM expects to field 500+ people in 2000
- Fifteen churches signed a Covenant Partnership with the UMC in Russia; others have begun local mission
- Youth participation is increasing statewide
- There is added support for new church starts

There are weaknesses. Primarily, there is not as much support for Conference ministries, such as the Council on Ministries and Conference Camping. Those challenges are being addressed. As churches in Arkansas and out-of-state leaders experience our staff, they are often eager to recruit them. We will have to work with that reality.

The staff has learned a great deal in this process. They offer the following insights:
- Laity are expressing a strong spiritual hunger.
- Islands of health and strength exist in all districts.
- Leadership development and deployment is the single greatest need of the UMC in AR.
- Most churches need (and don't have) a quality, written ministry plan.
- Racism is a serious obstacle to effective disciple-making.
- County-seat churches are some of the more strategic situations in need of transformation.
- Growth follows ministry in the local community. "The world is my parish."
- Growth follows worship services in which people experience the presence of God.

Order of Deacons/Elders

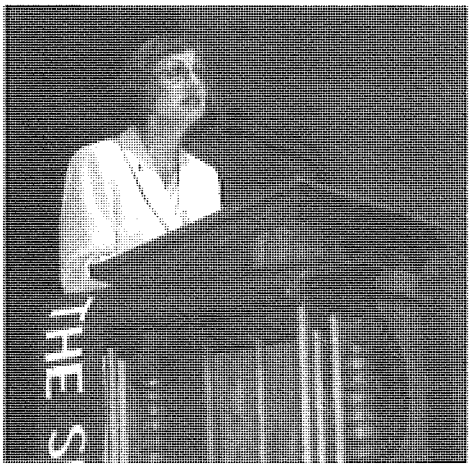
In each of the last two years, I have spent full day with pastors in each district. We pray together, worship together, and conference together. I do a lot of listening. I plan to be back again this fall. The Order of Deacons and Order of Elders have been constituted. Pastors frequently talk about the difficulty of ministry in a time of transition. The number one concern of pastors in both annual conferences is spiritual renewal.

Fayetteville Pastor's Group

In September 1998 Dr. Max Whitfield and Dr. James B. Scott invited a group of pastors in the Fayetteville District to work together to improve their leadership skills in planning, marketing and visioning. In the last ten years, the Fayetteville District has experienced the largest percentage increase in population in the state. Max will be the first to tell you that not every church is growing. Much was learned in those nine months, especially by the teachers. They learned:
- Pastors are in great need of spiritual encouragement. They express feelings of pressure and discouragement in ministry.
- Motivation is a key element. Not every pastor wants to make changes in their ministry understanding and skills.
- It takes special equipping to move churches from maintenance to mission.
- The involvement of laity in leadership is essential.
- There are no "quick fix" solutions; leaders must make a long-term commitment.
- The need for change is urgent.

Visits with a Thousand Laity

Last summer district lay leaders asked me to visit with laity "by themselves." That fall I spent two hours with laity in each of the twelve districts. All laity were welcome. Here is a summary of the summary of what I heard you say:
- You love the United Methodist Church and are concerned about its future.
- You know there is a crisis in aging members, decreasing clergy, reaching young people and



inability to manage change.

- You are looking to pastors for vision, direction and leadership.
- You want to partner with them in leading the church.
- You are prepared to follow a clergy/lay leadership team in moving into the future.

Designing a Comprehensive Plan

Beginning last spring a series of task forces met to discuss the development of a Comprehensive Plan that would empower congregations to glorify God and become more faithful in making disciples of Jesus Christ. Along the way more than fifty pastors and laity have been directly involved in this process. Those task forces built on feedback from all the work you have just seen as well as feedback from the Cabinet and some of the Conference Boards and Agencies. For the last three years we had discovered individual elements of renewed faithfulness to our mission. What was missing was an approach to incorporate all those elements to empower churches to become more faithful to their mission.

Let me use a metaphor here. In order to make bread, flour, salt, yeast and water. Each of those elements is good and useful alone, but none of them is bread. Neither is two or even three. All the elements must be brought together to transform them into the Staff of Life.

Connected in Christ puts all the pieces together. Many of us believe that Connected in Christ is a movement of God within the United Methodist Church in Arkansas to release the transforming power of the gospel through

- Spiritual Growth
- Clergy/Lay Partnerships
- Individualized local church strategies
- Youth and children discipling
- Re-focused conference structures
- Maintenance to Mission Emphasis

Last August, a group of faithful United Methodist clergy and laity decided it was time to act. They formed a steering committee for Connected in Christ. They elected Reverend Biff Averitt as chair and Reverend David Wilson as chair of the design team. They voted to contract with Dr. Jim Scott to serve as Executive Director and Dr. Molly Davis Scott to serve as fund-raiser. Their actions were especially courageous because the Steering Committee did not have money of its own or the authority to commit Conference funds. The General Board of Global Ministries provided $25,000 seed money. The Arkansas United Methodist Foundation helped. Most importantly, individual lay persons have been stepping forward to say, "I want to be a part of transformation in Arkansas." They are writing checks.

The Steering Committee was expanded. A Design Team was formed. It went to work immediately developing Partners in Transformation for pastors and congregations in Arkansas. They agreed they would develop what they thought Arkansas needed, and not try to adapt a national program to our area. Along the way, Dr. Jim Scott conducted research with several other conferences and denominations. You might be interested in a brief overview of what we learned from them:

- Renewal of a conference, area or denomination is possible, and it is happening.
- Renewal and growth have less to do with theological perspective and more to do with planning, process and strategies.

- Renewal begins with leaders who have a passion for the gospel. They must want to make a difference in people's lives, in communities, in the world and in the church.
- Arkansas will need to go the harder route of empowering existing congregations instead of depending primarily on new church starts. New church starts have a proven track record as the quickest, most predictable method of reaching the unchurched. Some conferences are starting five and six new churches a year. It is an incredibly expensive undertaking. Arkansas does need some new church starts to respond to shifting patterns of population. However, we already have 700+ churches in a relatively small area. Moving a stable or declining church from maintenance to mission is harder work than building a new one, but we believe that's the best approach for Arkansas.

Transformational Power of Connected in Christ

The Design Team has now developed **Connected in Christ:** Partners in Transformation. It is a two-year process designed to enhance congregational effectiveness in disciple-making. The key is applying both theological insights and leadership skills to a specific local ministry context. The pastors and a lay team learn how to connect ideas to experience. All the learning is individualized to the home congregation of the pastor and lay team.

The pastor, lay team and the congregation will have the opportunity to:

- Experience spiritual renewal and how to create worship more open to the Spirit of God.
- Work directly with on-site consultants.
- Learn team-building with clergy and laity.
- Use **Percepts**-sophisticated demographic data for the community.
- Discover how to meet the needs for your specific community.
- Develop a transformational ministry plan.
- Reach un-churched persons with the good news of Jesus Christ.
- Make the community a better place to live.
- Learn skills to deal with conflict that comes with change.
- Discover how to set "Kingdom of God" priorities.
- Improve stewardship, especially financial stewardship.
- Experience joy of being more effective.

The first group of 25 congregations and pastors begins in January, 2001. It is already full. The second group begins in March, 2001. It is approximately half full. A third group is expected to begin in Fall, 2001. The Steering Committee would like to see 100 churches beginning this two year process by January, 2002.

Dr. Jim Scott will serve as the lead trainer for these groups. He has taught church leadership for more than a decade at Fuller Theological Seminary in California. Other practitioners will teach components of the process, including several senior pastors from Arkansas as well as nationally recognized leaders. Dr. Molly Scott will teach stewardship development and serve as fund-raising consultant for Connected in Christ. You will hear more about Connected in Christ tomorrow.

You've listened patiently to a lot of material this morning. You've heard me talk about changes that have been made and more change yet to be decided. Some of you are asking, "why are we doing this anyway?" What we are about is changed lives, changed communities and a changed world. What we are about is sharing the good news of the gospel of Jesus Christ, "grace upon grace," as John's Gospel phrases it. All that has come before you so far is how to get there.

Here are two pictures of God's grace. One comes from a brand new congregation in Hot Springs. The other comes from a much older congregation in Rogers. On Easter Sunday, an older man came to worship at Mountainside United Methodist Church. Mountainside is a newly constituted congregation in Hot Springs Village. He came at the request of his son. Easter was first time that the father had been in church for 57 years. The son had tried for years to coax his father to church. As best the son understands it, something happened to his father in World War II. Apparently this "something" was so hard and so difficult that the father has never shared it with his own son. For 57 years the father stayed

away from anything associated with God. He came to Mountainside this Easter, and he came back and back. He hasn't missed a Sunday since. The son still doesn't know what has happened. He said to his pastor Reverend Lyndol Lloyd, "My Dad is a changed man. Something is different. I see it in his countenance and I think he will share it with me in his own time." Would you say that perhaps that "something" is an experience of God's grace? How would the father have heard the good news of Jesus Christ if this new congregation had not begun?

Here is another picture of God's grace. Three years ago a young woman came to Information Night, a week night event at Central UMC in Rogers, to let visitors or just anybody know more about God, Jesus and the Church. This young woman had not ever visited the church. She came as the guest of an older woman in the congregation.

Four days later Reverend Bobby Bell, pastor at Central UMC received this letter, "Thank you so much for preparing for our time together. I appreciated your careful work. I came because my neighbor had been inviting me for months. She has been telling me that I'm missing something. I came hoping to satisfy her and let it go. I don't believe in God. I was raised to depend on myself, and my life has been pretty good. My parents might have believed in God but they didn't think enough of it to tell us. Is it okay to come to your church if I don't believe in God? It might seem hypocritical to some people, but how else can I learn?"

Her pastor asked if he could visit her. "I haven't had anything to do with God for 32 years," she said. Perhaps God has been present with you more than you know," he said. That night her pastor shared with her the good news of God's prevenient grace, justifying grace, and sanctifying grace. The next Sunday she came to church. Two months later the pastor baptized her and her two children. Her husband began to attend church and joined. Three years later she has completed Disciple Bible Study, is involved in children's ministries, her family is involved in Habitat for Humanity and more. She said to a friend not too long ago, "To think that God was working in my life for 32 years and I didn't know it." How would that young woman and her family have heard the gospel of Jesus Christ if her neighbor, the church, and her pastor had not created new avenues in an old church so she could experience God's grace?

Friends, what we are really about these next three days are changed lives, changed communities and a changed world. Thanks are to God for the incredible gift of grace upon grace.

Following the announcement of the vote, Bishop Solomon made the following remarks:

"It is the understanding of the chair, that you have approved all five of these resolutions, and therefore you have begun a more intentional courtship leading toward some distant altar. May God bless you in this journey. May all the pre-marital merger counseling that you need be available as you make this journey. I realize that this is really quite an historic moment. We understand that we've agreed to enter into an engagement period. But, in so far as I know, just the announcement of an engagement, is cause for great celebration and great joy. Let us stand and sing the doxology together."

Bishop Solomon led the conference in singing the Doxology, and offered the following prayer:

"Eternal God, as these two Conferences, now declare their intention to walk down a new pathway of life, may it be a Holy Spirit led time of discernment. Give courage and perseverance to all who work in this process. Grant that by the leading of your Spirit there may be: clarity and insight about the mission of the Church of the Lord Jesus Christ; a willingness to talk honestly; and, encouragement of one another. By your Spirit, reveal to us how this mission can be realized and fulfilled. As the process unfolds, may it be a sign of the powerful presence of the reconciling Spirit of the Living Lord in our midst. We thank you Lord for the way in which these two conferences, with such good will and spirit, and with openness to the future, have now embarked upon this journey. We acknowledge and respect all who share a variety of opinions and perspectives on the nature of this journey, realizing full well that there is much work yet to be done. We pray that the work that we have begun together will be entered into as the work of the people of God for the mission of the Lord Jesus Christ. We thank you Lord that we have been given this opportunity to declare together that Jesus is Lord. In His name we pray, Amen."

ANNUAL CONFERENCE COUNCIL ON MINISTRIES

"Salvation Is For All" is the Missional Theme of the North Arkansas Annual Conference for the 1997 - 2000 Quadrennium. This theme is commended, as a Missional Priority to every local church within the Annual Conference.

The 1997 - 2000 Quadrennium goal is: **TO SEND THE PEOPLE OF GOD TO SHARE THE GOOD NEWS OF JESUS CHRIST THAT ALL PEOPLE MAY HEAR AND CLAIM THE GIFT OF SALVATION.**

In order to help us reach this goal, your Conference Council on Ministries recommends to the Local Churches, District Councils on Ministries and all Annual Conference Agencies the following Objectives:

3. **We will go where the people are and share the good news of salvation in Jesus Christ.**

The Conference Council on Ministries will address **Salvation is for All**, first through "Vision 2000".

ACTION REQUIRED BY THE ANNUAL CONFERENCE

The Conference Council on Ministries strongly recommends the present Theme, Goal and Objectives be continued for the next Quadrennium (2001-2004). The wording will be as follows:

Quadrennial Theme 2001-2004
"Salvation Is For All"

Goal: "To send the people of God to share the good news of Jesus Christ that all people may hear and claim the gift of salvation"

Objectives for the 2001-2004 Quadrennium:

1. We will claim the assurance of salvation in Christ Jesus for ourselves and all people of the world.
2. We will hear the call of Christ and heed the cry of those in need.
3. We will go where the people are and share the good news of salvation in Jesus Christ.

Rational: Our present Theme, Goal and Objectives place emphasis on carrying out our primary purpose of the United Methodist Church and that is to "Make Disciples For Jesus Christ". We've done a lot of great ministries, but there is a lot yet to be done. Your Conference Council on Ministries believes if we follow this process we will make Disciples for Jesus Christ.

ARCHIVES AND HISTORY

The Joint Commission on Archives and History of the North Arkansas and Little Rock Conferences work together in the following areas:

1) ARCHIVES

Historically significant records, both past and present, of the Annual Conferences and their agencies are collected and housed in the Archives, in Bailey Library, Hendrix College, Conway. The Archives are maintained by volunteer Archivist Mauzel Beal and are open for research every Thursday from 10:00 to 2:00 p.m. and except in summer, every first Saturday from 1:00 to 4:00 p.m. For a special appointment, call Mauzel Beal, (501) 336-9321 in Conway.

With the acquisition of a computer this year, the computer indexing that was formerly done by paid Hendrix students, is now being processed by Archivist Mauzel Beal. This added responsibility has considerably increased the work load of the Archivist and the time required to maintain the records. Therefore, we are proposing that the monies in our Archives and History budget that have been used in the past to pay the students, now be paid to the Archivist. We are working toward a paid part time Archivist in keeping with the practice of other Annual Conferences.

The Commission is grateful to Hendrix College for providing space and equipment for the Archives.

2) HISTORY 2000

We celebrate the completion of the history "Two Centuries of Methodism in Arkansas, 1800-2000" written by Nancy Britton. The book will be on sale at both Annual Conference sessions.

3) UNITED METHODIST HISTORICAL MUSEUM OF ARKANSAS

Working in cooperation with the Arkansas United Methodist Historical Society, we give financial and volunteer support to the Museum located in Quapaw Quarter United Methodist Church in Little Rock. The museum was recently moved to the fourth floor of the Church facilities that provides needed additional and more usable space.

4) HISTORICAL SITES

At the 1999 session of the North Arkansas Annual Conference, Salem Spring in the Fayetteville District was approved as an historical site. A marker has been purchased and put in place. It was dedicated in a special service March 25, 2000.

Salem Spring, six miles south of Lincoln, is the site where in September, 1833, Bishop Joshua Soule came to conduct the session of the Missouri Conference of the Methodist Episcopal Church. The churches in Arkansas

Territory were part of the Missouri Conference. It was the first time a Methodist Conference was held in Arkansas Territory and Bishop Soule was the first Bishop to set foot in the Territory.

Salem Spring and Camp Aldersgate in the Little Rock Conference join the six other established historic sites in Arkansas which are:

Old Washington UM Church	Old Washington
Soulesbury Institute	Batesville
Mt. Zion MC	Vandale
Old Philadelphia	Melbourne
Quitman College	Quitman
Eli Lindsay	Strawberry

The North Arkansas Conference Commission on Archives and History recommends that the Annual Conference designate the Mount Olive United Methodist Church in Van Buren as a Historic Site. The church building, already on the National Register of Historic Places, is the oldest African American United Methodist Church west of the Mississippi River. It was built by freed slaves following the Civil War.

AREA TASK FORCE APPORTIONMENT REVIEW

1. The Annual Conference asked Bishop Janice Riggle Huie (serving as Chairperson) to meet with leadership of the Annual Conference to review that part of the apportionments related to the conference budget and adopted by the Annual Conference. The goal of this review would be to bring to the Annual Conference of 2000 recommendations that may include: realignment of existing funds, creation of new funds, or a combination of the two. Realigned funds and/or new funds would be used in directly resourcing local churches to make disciples for Jesus Christ. The North Arkansas and Little Rock Annual Conferences passed the above-cited resolution at their 1999 sessions of Conference.

Bishop Huie followed the will of the Conferences. Stated leadership of the Conferences began meeting with the Bishop in the fall of 1999 to not only fulfill the study proposal's requirements, but to do so with enthusiasm.

Your task force came to clear agreement that equipping the local church for disciple making is the primary task of the Annual Conference. Your task force examined the budgets of our Conferences and determined that while both Conferences provide for resourcing our local churches, the funding is minimal and often indirect. That is not a judgement, but an assessment. The budgets of the Conferences have evolved through the years to become what they are today. With new and emerging needs of the local church, the Conferences are asked to take bold and intentional steps in the budget to establish a new direction for the future. Specifically, the Conferences are asked to make more money available to meet local church needs. Your task force's proposal is our best effort to maintain faith with the current agencies, institutions and ministries of our Conferences and at the same time, provide funding for immediate and emerging disciple-making ministries.

The proposal before you requests a new budget item from North Arkansas Conference of $100,000 and a new budget item from the Little Rock Conference of $100,000. The task force is well aware that neither conference is ready for a request of $100,000 additional dollars. Therefore, we have worked within the current budgets, as far as possible, to reduce or redirect existing funding. In short, the requested new budgets impact the total conference budgets very little while providing major impact to the local churches.

In the North Arkansas Conference we recommend funding from these sources:

1. Lydia Patterson Endowment	$26,546
2. DCOM Training	$6,000
3. Stabilization Fund	$20,000
4. United Methodist Foundation	$20,000
5. Hendrix College	$25,000
6. CCOM	$2,454
Total	**$100,000**

Rationale:

1. The Lydia Patterson Institute Endowment apportionment expires with the 2000 budget, so that amount is recommended to be re-directed.
2. DCOM Training responsibilities are deemed to be accomplished by the new local church emphasis, so this

money is recommended to be re-directed.

3. The CFA has volunteered a $20,000 reduction in apportionment request for the Stabilization Fund.
4. The United Methodist Foundation of Arkansas is currently funded at $20,000. The Foundation desires to continue to receive apportionment funding to maintain the tie between the Conference and the Foundation. The Foundation wishes to cooperate with the new effort by refunding their $20,000 annually to the Conference and allowing the Conference to apply these dollars to the new fund.
5. Hendrix College is volunteering a $25,000 reduction in their apportionment request to be part of the answer to the need of the local church.
6. The CCOM has volunteered a reduction in their apportionment request of $2,454, to be a positive participant in this effort.

In the Little Rock Conference we recommend funding from these sources:

1. Equitable Compensation $17,000
2. United Methodist Foundation $20,000
3. Delegate Expense $13,000
4. Hendrix College $25,000
5. CCOM $13,000
6. New Apportionment $12,000

Total $100,000

Rationale:

1. The Equitable Salary Commission feels that supporting this effort is in keeping with their mission to help provide the best clergy support possible for all of our churches.
2. The United Methodist Foundation wholeheartedly endorses this effort and will present a check for $20,000 to the Conference each year in support of these ministries.
3. Delegate Expense is one that occurs every four years. By continuing this money as part of this proposal, there will be no increase for four years until we need the delegate expense item again.
4. Hendrix College has graciously supported this effort with a voluntary reduction of their apportionment.
5. Our CCOM was asked to help us by redirecting $10,000 of their funds. By working through their budget in a very careful way, they redirected $13,000.
6. The $12,000 new apportionment money brings us to the total of $100,000, which we need to undergird this new effort to help make disciples for Jesus Christ.

WHERE WILL THE MONEY BE SPENT?

The funding achieved from this effort will be used in two major areas. First is the Leadership Development Project (50%). Second is to provide more faith capital for local churches (50%) to help with strategic situations where opportunity and congregational functions is strong for making new disciples.

The Leadership Development Project will be presented in its entirety in another report. For purposes of this report, the funding we are recommending is a portion of the cost of underwriting the Project. The Task Force endorses the Leadership Development Project as a significant opportunity to increase clergy effectiveness and thereby directly impacting local church effectiveness of making disciples. We recommend the Project receive 50% ($50,000 from each Conference) of the funding we request.

Faith Capital for local churches is money we recommend to be made available to the Board of Global Ministries in the LRC and to the Committee on Parish and Community Development in the NAC to be distributed each year to strategic churches according to current guidelines. This allows us to significantly impact local churches without creating new structures, but rather utilizing our current structure. This would be a total of $100,000 each year from the Arkansas Area to help with "turn arounds" taking shape in existing congregations and also to boost new congregations. We recommend 50% ($50,000 from each Conference) of the funding we request be utilized as Faith Capital and be administered through the appropriate existing structures.

IN SUMMARY:

If $200,000 ($100,000 from each Conference) is procured, we recommend this amount be used as follows:

$100,000 ($50,000 from each Conference) every year for Leadership Development Project.

$100,000 ($50,000) from each Conference) every year for Faith Capital to be used for emerging ministries in strategically functioning congregations.

The funding is recommended to be apportioned as a line item in the respective Conferences, except the

$20,000 being refunded annually by the United Methodist Foundation of Arkansas to the Conferences, with those dollars being applied to the funding of the stated purposes.

Funding from neither Conference will exceed 50% of the total expenditure for any jointly funded program.

CONCLUSION:

The Area Task Force is honored to have worked with Bishop Huie in this adventure of faith. We experienced a new level of cooperation, a higher level of mutual appreciation and respect between leaders of the two Conferences, and an amazing awareness of Grace through this entire process. We owe a debt of appreciation to Bishop Huie for her visionary leadership. Likewise, we are indebted to Reverend Lewis See, Area Director of Ministries; to Dr. Guy M. Whitney, Jr., Director of Evangelism and Congregational Development; and, to Mr. Joe Eason, Area Treasurer, for their excellence in assisting, resourcing, and inspiring the Task Force throughout this process.

The Area Task Force for Apportionment Review report is before you for your action.

AREA COMMITTEE ON MISSION PERSONNEL

The Arkansas Area Committee on Mission Personnel (AACMP) was initially established in 1999 as a task force as a result of a joint effort of the General Board of Global Ministries and the Bishops. The retirements of many long time missionaries and a number of new missionary programs involving increased numbers of young adults have created many opportunities for missionary service. Whereas recruitment and screening of missionary personnel has been the responsibility of the General Board of Global Ministries, efforts within the Conferences to recruit applicants who are known therein will help to fill these positions.

The General Board of Global Ministries and the Bishops request that each Conference or Area establish a Committee on Mission Personnel with a three-fold responsibility known as the 10-10-10 formula:

10- To identify, receive applications from, interview and recommend ten persons within each Conference (20 from our Area) for missionary positions;

10- To identify ten sites within each Conference (20 from our Area) where missionary personnel may be requested for mission ministry;

10- To identify ten new congregations within each Conference (20 from our Area) willing to enter into a covenant relationship with a missionary for salary support.

The original members of the task force were appointed by the Bishop with equal representation from the two conferences in the Area. The establishment of the group as a permanent committee will allow replenishment of committee members by the Conference nominating committees as terms expire. Four members of the Area Committee were trained in Kansas City by GBGM staff. The committee has met, organized, trained together, and has begun its work.

AREA PERSONNEL COMMITTEE

As we near the completion of two years of work on behalf of the Little Rock Annual Conference, the North Arkansas Annual Conference, and the Area Ministry Office we are pleased to offer to you this report of our work. On February 7, 1998 the Area Ministry Office was created. Along with the establishment of the Office and the bringing together of a staff of ministry experts, the Area Personnel Committee was established. The Area Personnel Committee is charged with oversight of all personnel in the Area Office. The Area Personnel Committee functions much like a Staff-Parish Relations Committee for the Area Ministry Office.

We are blessed with the opportunity to work with the members of our Area Staff. They have worked competently, faithfully, and effectively on your behalf.

In this past year we have seen some staff changes. Kissa Hamilton has gone to lead youth ministry at a church in the Dallas area. Guy Whitney will be going to St. James UMC in Little Rock. C. E. McAdoo will be serving as a member of the cabinet in the Little Rock Conference. LouAnn Walker and Toni Kaminar, who served many years in the Conference Offices, have gone into other positions. We are grateful for the outstanding contributions all of these persons have made to the work and ministry of the Area Office.

We are pleased to have been able to bring outstanding staff persons into the office to carry on the work of

those who have moved on. We are pleased to have Rod Hocott serving as the Area Minister for Youth. We will be pleased to have Michael Roberts coming in June to serve as Area Minister for Congregational Development and Evangelism. We will be conducting a search for a new staff person to serve as Ethnic Local Church Consultant. Libby Gray is now serving as the Area Office Manager. She is assisted by our Area Office Receptionist, Karen Wilson.

We continue to discover that the Area Staff can only be successful and effective in carrying out our mission of equipping churches to make disciples if they have the opportunity to work in your local church. The staff will come to assist you without charge. However, they can only know you need them if you call them. We encourage your church to avail yourself of these outstanding resource persons.

The Area Personnel Committee is proud of the accomplishments of our first two years of work. We have:

- written and implemented a useful, thorough personnel policy for the staff
- written and revised written descriptions of job responsibilities for each position
- continued to refine our budget and financial plans to be even better stewards of your apportionment dollars
- conducted two successful searches for program staff persons
- supported, challenged, and encouraged the Area Staff as they work with your local church

Several exciting challenges are before us in our future work as a committee. These include:

- continuing to develop clearer and more comprehensive evaluations of our work and ways to measure the effectiveness of the Area Staff
- getting the word out to churches who do not yet know much about or have not yet worked with the Area Staff
- keeping our vision clear as we continue to teach and build networks with local churches

Let me conclude by sharing a word of thanks to the Area Personnel Committee members who serve so tirelessly and faithfully on your behalf: Betty Scull, Elise Argue, Jim Townsend, Jim Kirkwood, June Thomas, J. Harris Moore, Lowell Eaton, Buddy Arnold, Marilynn Loyd, Lewis See, and Bishop Huie.

AREA STAFF

AREA MINISTRIES

Rev. Lewis T. See Jr., Area Director of Ministries

It was a little over two years ago that our two Annual Conferences overwhelmingly adopted the concept of an Area Staff. The primary task given this staff was to be in the local churches of our Area helping them in their primary task of making disciples for Jesus Christ. It is this directive that continues to be our focal point as we go about our work.

We are seeing some transition in staff personnel as people move on to other jobs or enter a new phase of life. It is sad to say good-bye to people with whom you have worked shoulder to shoulder, and yet such transition is reflective of the society in which we live. It is a privilege to work with the members of the Area Staff. They are hard workers who put in long hours. More than that, they are committed Christians dedicated to the work of the Kingdom. They continue to be available to any local congregation at no cost. (Staff expenses are covered through your apportionments.) Our Area Staff is one of the best resources our Annual Conference offers. Their assistance is only a phone call away.

Helping local churches make Disciples for Jesus Christ is the primary task of the Area Staff. The means and methods of our work may change, but its content does not. The Apostle Paul says it well: "... I decided to know nothing among you except Jesus Christ, and him crucified." (I Corinthians 2:2) Source, Guide and Goal of all that is, to Him be glory forever.

EVANGELISM & CONGREGATIONAL DEVELOPMENT

Rev. Guy M. Whitney Jr.,

Area Minister for Evangelism and Congregational Development

From June 1999 through May 2000, I will have completed visits to 83 different churches, some more than once. This includes 42 churches in the Little Rock Annual Conference and 41 in the North Arkansas Annual Conference. (This compares to 92 different churches directly ministered with during the 1998-99 conference year.) Participation in 151 events over the past year has led to the direct resourcing of local congregations. These events have included:

- preaching

- teaching classes and small groups
- evangelism workshops
- long-range planning workshops
- local church staff development retreats
- ministry audits
- sharing and interpreting demographic information
- consultation on building and financing expansion of church facilities
- stewardship development
- interpretation of appointments to local churches.

Please call the Area Office if you need help with any of these above or if you have other needs with which we might resource your local church.

Here are some things we are discovering through these visits with local churches:

- Leadership development of clergy and laity is both needed and desired.
- Hunger for spiritual nurture and development is strong among the laity.
- Some churches are stuck because of comfort with a status quo way of doing ministry. However, many churches are open to new ways of worshipping and reaching out to the unchurched.
- Many churches still do not have written out ministry plans. However, a growing number of churches are seeking to vision for the future and be more specific in planning specific ways to accomplish their mission of making disciples.
- There are some churches of every type and size that are examples of highly effective ministry, but by far the majority of existing congregations are in desperate need of turning around from a trend of stability and/or decline.

The Rev. Michael Roberts has been named the new Arkansas Area Minister for Congregational Development and Evangelism and will begin his work following Annual Conferences in 2000. He brings creativity, experience, high energy and passion for evangelism to this work. Please join me in welcoming this gifted leader to the Area Ministry staff.

YOUTH & YOUNG ADULT MINISTRIES

Rod Hocott, Area Minister with Youth and Young Adults

We United Methodists have a wonderful heritage in Youth Ministry. From the very beginnings of Epworth League, to Methodist Youth Fellowship, to United Methodist Youth Fellowship, to United Methodist Youth, we have provided for generations of youth.

Youth Ministry is a common denominator for so many of us. If you were a youth fortunate enough to grow up in a Methodist or United Methodist congregation, you probably have very good memories of "the days of your youth." Church camps, lock-ins, mission trips, sunrise services, retreats, trips, Bible study, summer youth workers, conference events, district and sub-district events, singing around a campfire, boring sermons, caring adults, fellowship with friends, tears of joy and sorrow, making a decision to let Jesus Christ come into your heart ... and the list goes on and on.

The Arkansas Area is still in the business of making memories for our youth. But along with those memories we want to make stronger disciples for Jesus Christ. We want to build up youthful disciples with the strength of character to go into the world and shout, "Jesus Christ is my Lord and I want you to share in the grace, hope, love and forgiveness that comes only through Him!"

Making youth disciples is a process that includes the following ingredients: a congregation committed to nurturing its youth ministry; parents who want a stronger spiritual base for their kids and are supportive of the youth ministry; youth who are ready and willing to reach out and grab the bar as it is raised to new heights of spirituality and fellowship for them; and youth workers, both paid staff and volunteers, who are strong enough in their faith to share it with the young people in the group.

The heritage must continue. Our youth are worth it, and we have an obligation to offer them Jesus Christ in whatever ways that are spiritually possible.

MISSION & OUTREACH

Carole Teague, Area Minister for Mission and Outreach

We may be entering a new century and a new millennium and a third century of Christ's church, but our mission remains the same. We have many tasks under the umbrella of mission and outreach. We begin with

witnessing, sharing the Gospel and making disciples for Jesus Christ. Other tasks are humanitarian aid, advocating change in systems that oppress, being peacemakers and reconcilers.

Mission is not just a program of the church. It is our key responsibility. We are all missionaries, in that we should communicate the message of our mission. My job is to help local congregations learn more about the mission of our church and see new possibilities of ministry. Most of our churches need mission education because we don't know what our church is doing around the state and the world.

We now have a Mission Personnel Committee to spread the word of mission vocation around the area. We have the partnership between our Arkansas Area and the Ural-Siberia District of the Russia United Methodist Church. This partnership provides opportunities of exchange trips to Russia and acting as hosts in the Open House Program. We support this Russian District's Evangelism Fund through supporting congregations in our area.

There are many mission opportunities for the churches of the Arkansas Area. They go from supporting missionaries with covenant relationships to mentoring programs assisting welfare clients in Arkansas to move from welfare to work. Call on the Area Staff to explore the possibilities for your church.

CHILDREN & FAMILY MINISTRIES

Rev. Linda P. Fox, Area Minister with Children and Families

This past year I have had the privilege of being in over 75 individual churches in the Arkansas Area. My focus and approach to ministry with children and families is basically two pronged: education and training.

Many times, I am invited as a speaker for different local church groups. I often preach in worship or lead other groups, such as the council on ministries, children's council, education work area, or United Methodist Women or United Methodist Men. In these presentations, I give information concerning the Bishop's Initiative on Children and Poverty. I also help the local church explore new and innovative ways of reaching children of their communities and nation.

A second type of invitation brings me to the local church congregation. I am invited to do training for the local church teachers and leaders. In this effort, we talk about what children of our culture need from the church, and how best to meet the needs of children in creative and positive ways.

I look forward to continued work with the United Methodist churches of Arkansas as we search for new ways to offer Jesus Christ to children, and begin to see Jesus Christ through the talents and gifts that children bring to us.

COMMUNICATION MINISTRIES

Jane Dennis, Area Director of Communications

United Methodists in Arkansas have long believed in the value and investment of good communication. It's a cornerstone of the church - sharing ideas, inspiration and the Good News via all available means. This tradition continues today in a variety of mediums. Here are some of the ways:

- Arkansas United Methodist. This is the newspaper of record for the denomination in Arkansas. It's filled with stories about the latest events and happenings that shape the church locally, nationally and worldwide. Plus plenty of viewpoints, columnists and one-of-a-kind features about the church and its people.
- United Methodist Printing Services. This "print shop" serves the annual conferences, districts, local churches and other denominational entities by providing low-cost, quality printing services. Need a flyer, a brochure, business cards, stationery, a logo design? This is the place to turn.
- Arkansas Area Media Center. Think of this as the church's own movie store. More than 1,000 faith-based videotapes on every imaginable topic, from prayer and parenting to church history and holiday themes. Tapes are loaned out for a nominal fee. Great for enhancing Sunday school, Bible study or discussion groups.
- Internet presence. The church has two "official" websites. One for the Area - **www.gbgm-umc.org/arkansas** - and one for the Arkansas United Methodist - **www.gbgm-umc.org/arkansasnews**. Surf on by to learn how the church is involved in mission and ministry and how you can get plugged in.
- Electronic media, ready-to-go. Thanks to our General Church friends at United Methodist Communications, a super selection of radio, TV spots, scripts and other resources are ready and waiting for your local church to localize and use.

Give me a call (or send an e-mail to jdennis@arumc.org). I'd love to tell you more about these and other great communication opportunities. They are all solid tools for supporting efforts in your community and through your church to make disciples for Jesus Christ.

VOLUNTEERS IN MISSION

Don Weeks, Volunteers in Mission Coordinator

The Volunteers in Mission (VIM) program offers United Methodists life-changing, faith-building, spirit-enriching experiences through hands-on mission involvement. Individual mission projects are sponsored in your communities, around the state, the nation and in countries around the world.

For example, VIM projects include renovation and construction at local churches and in communities across the state; clean-up and recovery following natural disasters; offering medical, dental and other skilled services in areas void of such help; building modest homes for impoverished families; assisting with Christian education and church projects at sites around the world; and lots more.

Volunteers in Mission has a special offer to each and every United Methodist church in the Arkansas Area. If you and/or your church is "mission minded," that's great! Let VIM assist you in planning your next mission project, whether it's across town, across the state or across the nation, in Mexico, Honduras, Chile, Africa, Russia or the Holy Land. VIM will help coordinate your next mission trip, work with you on fund-raising, arrange transportation, lodging and help with all the necessary arrangements. That's why we're here.

If you or your congregation is NOT currently "mission minded," then please allow me to visit with your congregation, to present a program and explain what VIM is and what an important part VIM could play in your church. If your church needs extra help on a building project, clean-up project, disaster relief or other mission-related effort, VIM is the program that may be able to give you the help that you need.

Give VIM a try. You will never be the same.

ETHNIC LOCAL CHURCH MINISTRIES

Rev. C.E. McAdoo, Area Ethnic Local Church Consultant

One hallmark of Methodism is its decisive and clear definition of responding to the gospel mandate to "go make disciples." The Area Staff has moved to a new level of not only defining ministry, discipling formation and transformation but toward truly refining ministry. Ministry in the ethnic community must always ask the question of understanding as we directly focus on our mission churchwide and worldwide. In that mission is the call to serve a community in need of hope. We have carried out that mandate.

We have produced - in workshops, training events, institutes and fellowship services - the numbers which acknowledge that we are truly yet alive. We have further stepped up to a greater understanding of the wholeness within our ethnic ranks and the whole body of Arkansas Methodism. This wholeness has demonstrated to us that no part is greater than the whole.

As consultant, I have experienced with much delight how God has moved with due swiftness in the Arkansas Area of United Methodism to form lasting covenants among ethnic and majority churches, as well as bring an inter-ethnic closeness within our ethnic churches. I pray more and more churches will begin to not only look overseas but also look over hills, valleys and urban buildings to realize that there are sisters and brothers in the faith ready and willing to also be in ministry with them.

When we take a step as we lift up one foot, we are always off balance. Yet, with the completion of that step we have made some forward progress. Let us now, as a church, put tune to task as we live out the hymn writer's message, "Come we that love the Lord ... We're marching to Zion ..." Let us march together!

CAMP ALDERSGATE, INC.

Camp Aldersgate enjoyed another year of progress in meeting its mission of providing life enrichment services to persons in the North Arkansas Conference. Through its offering of six major programs and other related program offerings, the camp served thousands of campers of all ages and members of their families.

A major highlight of the year was the Little Rock Annual Conference's designation of Camp Aldersgate as a National Historic Site of the United Methodist Church. A few months later, the camp received notice from the General Commission on Archives and History of the United Methodist Church of the camp's formal designation as Historic Site #373. A public recognition and dedication of this honor will be held in the year 2000.

In 1999, 367 children and youth from five states participated in the 29th summer of the Med Camps program. Nine weeks of medical camps were held for children and youth with muscular dystrophy, cerebral palsy, augmentative communication devices, spina bifida, diabetes, arthritis, epilepsy, renal disorders, asthma, cancer, amputations, and speech and hearing impairments. Of the 367 campers attending, 153 were from the North Arkansas Conference. Camp activities included arts education, fishing derbies, cookouts, swimming, games, nature studies, and canoeing. Youth from across the state and from several United Methodist Churches served as volunteer counselors. Of these, 61 were from 28 cities in the North Arkansas Conference.

The Community Swim Program for children in daycare centers continued its services in 1999. More than 55 children received swimming instruction and water safety training from Camp Aldersgate's certified lifeguard instructors.

The Weekend Respite Care program is the first and only weekend respite camp in Arkansas for families who have children with severe developmental disabilities. In 1999, 64 families from 17 cities and 10 counties in Arkansas benefitted from the camp's services. Approximately one half of the families reside in the North Arkansas Conference.

The weekly Seniors Day Out program offered elderly persons, many from the rural areas surrounding Little Rock, the opportunity to socialize and participate in arts and crafts, musical entertainment, Bible studies, educational programs, fishing derbies, and nutritious meals. United Methodist Women from area churches continued sponsorship of monthly birthday celebrations.

The Youth Initiative Project program provided positive activities for youth who are at risk for gang involvement and substance abuse. Youth received tutoring, conflict resolution and drug abuse prevention training, mentoring and counseling, and participated in cultural, recreational and social activities.

Volunteers came from five states (Arkansas, Texas, Missouri, Louisiana, Oklahoma) and from Ekaterinburg, Russia, to participate in the Camp Aldersgate Mission Experience program. 120 volunteers were able to scrape and paint the exterior of homes, remove and replace roofs, and complete many other smaller scale home improvement projects for low-income seniors living in Little Rock. Dorm renovations were also performed at Philander Smith College. Churches from across Arkansas have sent groups to participate in this program.

More than 27,000 hours of volunteer service were donated to Camp Aldersgate by both youth and adult volunteers. More than 160 youth volunteers provided significant support as volunteer counselors in the Med Camps program. This included youth church groups from Johnson City, Texas, and from Hattiesburg, Mississippi. More than 275 adults volunteered in a variety of major projects for Camp Aldersgate, ranging from cleaning the grounds of the camp to providing office support to planning special events. An example of direct support was the day of grounds work provided by the Conway District of the United Methodist Women.

As the only mission agency in Arkansas owned by the United Methodist Women, Camp Aldersgate received support from the UMW both locally and from the national level. Major funding was provided for a new dock which will be in place by summer 2000.

In addition to its own programs, Camp Aldersgate provided facilities for the Westside Free Medical Clinic, operated by the Catholic Diocese of Little Rock, and the Woodlawn Therapeutic Children's Center, operated by Centers for Youth and Families. Camp Aldersgate was also host to the National Relief Network of Michigan, which repaired homes damaged by tornadoes; and to mission programs, such as the South Central Jurisdiction's "Mission Today" event.

Property issues became a focus in 1999. With the rapid major development of the area surrounding Camp Aldersgate, the board of directors' master plan has proven to be a vital resource to the city of Little Rock.

The camp's annual operational budget has grown to over $850,000, but total church support for operations, including funding from the United Methodist Women, still provides only 20% of the annual budget. With the continued support from the United Methodist Church, this unique mission agency will continue to positively change the lives of hundreds of children and adults in Arkansas and the nation.

CANDLER SCHOOL OF THEOLOGY

Candler School of Theology savors its mission to educate faithful and creative leaders for the church's ministries. We are grateful for the many ways in which we are supported in this effort by churches and individuals across the life of the church. The prayers, service, and gifts of many sustain and inspire us.

In fall 1999, Candler enrolled 535 students. The entering class 2002 was drawn from a pool of 605 applicants, a record high for the second year in a row. The student body reflects the school's commitment to educating church leaders. Of our new M.Div. students, 77% will seek ordination. (Of UM entering M.Div. students, 87.4% will seek ordination.) Among our M.Div. graduates in 1998-99, 65% were preparing for parish ministry. This contrasts with the national average of 49%. Other students anticipate ministry as chaplains, educators or social justice workers.

New and added scholarship funds from the Cannon, Pitts, Garrett, Quenelle, and Sherman bequests deepen our ties to the church. Due to these funds, Candler awarded scholarships covering 90% or more of tuition to half of the entering M.Div. class. The Ministerial Education Fund continues to be a major source of support and encouragement to the faculty and students. Our appreciation for this commitment on the part of the church to the financial stability of its seminaries is profound. The costs of theological education however, continue to rise. For this reason, we continue to seek scholarship support for students in an effort to limit the funds they must borrow for their theological education.

The new Contextual Education Program is now in its second year. It engages students in practices of theological and ministry formation grounded in the Wesleyan tradition. A $1.5 million grant from the Lilly Endowment provides funds to try new approaches and to train the faculty and the pastors, and other community leaders to teach in this program.

Candler shares with Columbia Theological Seminary and Interdenominational Theological Center another $2.5 million grant for a project called "Faith and the City." This cooperative venture is designed to equip pastors and other church leaders for leadership in public life.

Candler professors serve the churches in many ways. They produce several books each year for use in congregations. Last year they preached, gave lectures, taught in Sunday schools, and led workshops more than 575 times in congregations across the nation.

New faculty members add new strength to the teaching and scholarship of the school. In fall 1999, Mary Elizabeth Moore, a national leader in Christian religious education with wide experience in the United Methodist Church, jointed the faculty as the director of the Program for Women in Theology and Ministry. Michael Joseph Brown, whose research interests have centered on prayer in the early church, became assistant professor of New Testament. Timothy Sandoval became a visiting assistant instructor in Old Testament. Jong Chun Park, a Candler alumnus and professor at the Methodist Theological Seminary in Seoul, joined us for the fall semester as visiting professor of systematic theology.

Archbishop Desmond M. Tutu of South Africa, the 1984 Nobel Peace Prize recipient, remained with us a second year, teaching courses and lecturing as the William R. Cannon Distinguished Visiting Professor of Theology.

Pitts Theology Library is the second largest theological library in North America. With 490,000 volumes, including 94,000 in Special Collections, it attracts scholars from around the world. A range of educational programs and the World Wide Web enhances the accessibility of the library's resources.

Community life is full and richly varied with leadership from students, faculty and staff. Three weekly chapel services, morning prayer four days a week, lectures, concerts, weekly informal conversations on theology, prayer groups and Bible studies, and panel discussions on spiritual, ethical, theological and practical subjects throughout the year enliven our time together.

I have appreciated the opportunity to serve Candler School of Theology as its interim dean this year. From the perspective of this office I have become even more aware of the deep commitment of people across the church to theological education generally and to Candler specifically. I have been humbled by the generosity of spirit I have encountered and resources we have received to ensure effective and faithful leaders of the church into the future.

{The apportionment for 2000 and 2001 is $160,000 each year. Total budget for 2000 is $145,459 and for 2001 is $146,439. The churches of the NAC paid 91% of our apportionment for Pastor's Equitable Compensation Support in the year of 1999. This resources our supportive funding through the Commission on Equitable Compensation. Another factor that impacts our situation: ministry decisions for local churches are not in process with substantial fundings needed. Actions are anticipated very soon. Other opportunities of finalizing strategies and enlistment of personnel to fulfill our commitment as a connectional church will call for our response soon. So flexibility is always required to meet needs. So the years of 2000, 2001, 2002, 2003 2004 and beyond will e fully challenging and exciting for us! Aaron F. Barling, Chairperson}

COUNCIL ON PROFESSIONAL MINISTRY

BOARD OF ORDAINED MINISTRY

The duties of the Board of Ordained Ministry are outlined in the 1996 Book of Discipline.

I. Policy And Program:

A. The financial resources of the Board will be disbursed in the following ways:

1. For the normal work of the Board and its officers in fulfilling our responsibilities to persons related to the Board in preparation and enhancement for ministry.
2. For the financial assistance to students enrolled in the Master of Divinity program (or its equivalent) in seminaries listed by the University Senate of the UMC, and to candidates enrolled in basic degree programs for Diaconal Ministries. Depending on the availability of funds, interest-free loans will be made, per semester, as follows:
   $1,500 for students attending UM Seminaries (full time).
   $750 for students attending UM Seminaries (part time).
   $525 for students attending UM Seminaries (summer).
   $225 for students attending UM Seminaries (mini-term).
   $750 for students attending Non- UM Seminaries (full time).
   $375 for students attending Non-UM Seminaries (part time).
   $263 for students attending Non-UM Seminaries (summer).
   $113 for students attending Non-UM Seminaries (mini-term).

(The above schedule is a guideline and the actual amount of loans may be increased or decreased according to the availability of funds.)

Loans for full-time seminary students will be granted for no more than four seminary years. Part-time students may receive loans for more than four years, but the total amount of loans shall not exceed the total amount granted to a full-time student in four years, i.e. $12,000 maximum grants. To be eligible for loans, students must not be receiving full scholarship aid from the approved institution.

Students are expected to provide information concerning their academic standing and any circumstances

relevant to their case to the Registrar of the Board. The Loan Officer for the Board is (to be elected). The loans are to be repaid at the rate of:

- One service year per year of loan for full-time student.
- One-half service year per year of loan for part-time student.
- Service in any UM Conference at these rates will be counted towards payment.
- Service in any other denomination does not count.
- If persons leave the UM ministry, they will repay the loan at a rate of $900/year.

3. For certification and/or graduate theological studies for Deacons on the alternate route, $300 per year for enrolled persons.
4. The Course of Studies Schools:
   ~~a.~~ a. Local Pastors attending the Course of Study School at a UM school of theology can receive financial aid from the Board for room and board expenses, up to $570 for a four-week school or up to $285 for a two-week school, or up to $142.50 for one course (out of state). This will be sent to the student who will pay all school expenses including registration, books and travel. Students will bear all other expenses including registration, books and travel.
   b. Tuition for Part-time Local Pastors attending the Arkansas Extension Course of Study School, $142.50 per course will be paid to the school. Students will be responsible for their expenses of registration, books, and travel.
   c. The Board heartily endorses the Arkansas Area Extension Course of Study School for part-time local pastors. The Board will provide $6,000.00 for administration of the school.
   d. Loan money is available for students in Advanced Studies at the same rate as part-time students, not more than four semesters, after consultation with and the approval of the Conference Board of Ordained Ministry.
   e. The Board will pay up to one-half of the cost of registration for the correspondence cost for the History, Polity, and Doctrine course and up to $300 for the residential program.
   f. The Board will pay one-half of the cost of registration fee for course of study by correspondence for one year.
   g. The Board will pay for the same course of study only once.

~~5.~~ The Arkansas Area Local Pastor License School: The Board will give financial support to the Arkansas Local Pastors' License School up to $4,000.

6. Conference on Leadership in Ministry: The Board will support the Arkansas Area Conference on Leadership in Ministry by providing funding up to $1,500.
7. Testing and Evaluation:
   a. The Board will work with District Committees on Ordained Ministry by providing funds (up to $200) and coordination of psychological and physical evaluation with the Methodist Healthcare for Declared Candidates seeking to become Certified Candidates. The contact person is Rev. John Wilcher with the Methodist Healthcare in Memphis.
   b. The Board will also require physical and psychological evaluation when:
      1. a Candidate seeks full-time appointment in the NAC and/or
      2. a Candidate applies for probationary membership in the NAC.
      3. at other times deemed helpful by the Board of Ordained Ministry
   c. The Board will also require criminal background checks at the same time as psychological testing.

B. Mentors and the Supervision of Resident Probationers:

1. The Board will work with the District Committees on Ordained Ministry to help provide training for Mentors for candidates throughout the local pastor/ordination process. The Board has also adopted a process to insure supervision of post-seminary probationary members through the assignment by the Board of Ordained Ministry of an Ordained Elder, known as a Mentor, to each.
2. Two years of the probationary period for persons seeking Deacon or Elder's orders shall be served in the same full-time setting.

3. Effective with the Annual Conference session of 2004, all educational requirements, including History, Doctrine, and Polity, shall be required for Probation-ary Membership.

C. Continuing Formation / Spiritual Growth

1. The Board has adopted a Guideline for Continuing Education that established an expectation of ten Continuing Education Units during a three-year period.
2. We recommend that each local church or charge allow continuing education leave time for its pastor as provided in the 1996 Book of Discipline. This leave time should not be considered part of the pastor's annual vacation.
3. We recommend that each local church or charge provide in its budget a Continuing Education Fund. This item should be separated from compensation, utilities, and other expense items and should not be counted therein. This fund should be a reimbursed expense to encourage professional and personal growth. We request that each District Superintendent make this an item of inquiry at each Charge Conference (¶348.5). The Board will continue to support the Clergy Professional Growth Training.
4. Continuing Education credits will be awarded as .1 CEU per hour of contact time.

D. Retirement:

1. The Board will recommend annually to the Annual Conference those persons to be granted the Retired Relationship.
2. The Board will provide a plaque to each retiring Pastor (full member, associate member, local pastor, and diaconal minister) showing his/her years of service to the church at the retirement celebration at Annual Conference.
3. According to the guidelines within the 1996 Book of Discipline, the Board will work in cooperation with the Little Rock Conference Board of Ordained Ministry, both Conferences' Boards of Pensions and the UM Foundation of Arkansas to provide pre-retirement seminars for pastors and other church professionals.

E. The Board, through its Secretary on Memoirs, will provide a list of those clergy and their spouses who have died since the last session of the Annual Conference for its inclusion in the Annual Conference Journal.

F. Registrar Staff: (to be elected)

II. Seminary Scholarship Endowment Fund: The Board has established a Seminary Scholarship Fund. Further information regarding the Fund can be found in the Board's report in the 1996 Conference Journal.

III. Recommendations:

~~A.~~ The Board recommends continued emphasis on the Ministerial Education program and our UM Seminaries. We encourage each local church to pay its full apportionment of the Ministerial Education Fund. The portion of this fund which is retained in the Annual Conference provides the Board's funds for continuing education, tuition loans, support of persons attending the Course of Study School, the Arkansas Area Local Pastor's License School, and the History, Polity and Doctrine Course.

B. The Board continues to have a vital concern for candidates for Ordained Ministry who face the increasing costs of Theological Education. In the light of the increasing costs of Theological Education, we recommend that each District in the NAC establish at least one Ministerial Education Scholarship to be granted annually to a seminary student from the NAC. We further encourage District organizations (i.e. UM Women, UM Men, etc.) and local churches to establish significant help for the education of our future pastors.

C. We recommend that each pastor become familiar with the Candidacy for Ministry process in order to give proper counsel to members of his/her congregation. Each individual entering the Ordained Ministry must complete the Candidacy program.

D. We recommend that local churches (and especially Committees on Staff/Parish or Pastor/Parish Relations) become familiar with the Disciplinary provisions which relate to Ordained and Diaconal Ministry. Local churches have an increasing role in the process through which persons enter the Ministry.

E. We recommend that all pastors be encouraged to attend the Arkansas Area Conference on Leadership in Ministry. New appointees to the Annual Conference are encouraged to attend the next available

course on Ethics which includes information about Sexual Harassment.

F. We encourage congregations to participate in the seminary intern program.

G. We recommend and encourage the support of and participation in the Ministerial Assistance Fund.

H. We recommend that each local Staff/Parish or Pastor/Parish Relations Committee insure that the pastor's compensation package be arranged in such a way as to be as tax efficient as possible.

I. We recommend that local churches encourage their pastors to take annual week-long prayer retreats, and once every five years take a two-to-four-week prayer retreat which is separate from vacation and continuing education.

J. Sexual Harassment: The Board recommends that each local church adopt a sexual harassment policy and that its S/PR Committee submit this annually to the Charge Conference in printed form with dated signatures of the church staff members and the S/PR chairperson.

K. Diaconal Minister or Certified Professional: All Diaconal Ministers will complete the annual review forms, charge conference report, and service appointment forms. Each Diaconal Minister will be reviewed by the Board of Ordained Ministry once each quadrennium. Diaconal Ministers will contract with their employing institution each year through the Staff-Parish Relations Committee or its equivalent and the District Superintendent. District Superintendents will ask for an itemized statement of the support package of each Diaconal Minister at the Charge Conference. Diaconal Ministers serve under the provisions of the 1992 Book of Discipline.

All certified professionals will complete the Annual Renewal Forms. Each Certified professional will be reviewed by the Board of Ordained Ministry once each quadrennium.

We encourage Diaconal Ministers and Certified Professionals to be in attendance at all regular ministers' meetings and cluster groups in the district.

We encourage local churches to become familiar with the Disciplinary provisions which relate to Ordained and Diaconal Ministry and to be faithful to their covenant agreement with the ministers

L. Ministerial Assistance Fund

Through gifts contributed specifically for the fund, a Ministerial Assistance Fund has been established. This fund is available to clergy of the North Arkansas Conference to meet emergency financial needs which arise from personal or family crises.

Eligibility: All clergy of the Conference (and their family members) would be eligible to receive funds from the Ministerial Assistance Fund. This would include: Ordained and Diaconal Ministers, Local Pastors, and retired clergy.

Administration: The Ministerial Assistance Fund is administered by the Executive Committee, Board of Ordained Ministry. Grants from the Fund will be made by this Committee, provided that the Committee may consult by phone to expedite assistance. Persons requesting grants should contact any of the Board's officers, who are listed in the Conference Journal. All costs of administering the Fund, acknowledging memorials, and issuing calls will be borne by the Board through its Administration budget.

Contributions: The Fund is intended to be a way for clergy to help each other in times of crisis. Income for the Fund, therefore, should primarily come from clergy ourselves. Each clergy will be invited to make an annual contribution to the Fund. A call will be issued in November, requesting that clergy make this contribution at Thanksgiving.

Fair Share: It is suggested that a figure amounting to one-fourth of one percent (1/4%) of a clergyperson's Base Salary be the suggested fair share contribution.

Other Income: Special gifts or memorials may be made to the fund. All funds shall be considered for distribution unless they have been specifically donated as endowment monies.

Limitations: The normal limit for aid will be five-hundred dollars ($ 500.00). Only one grant will go to any one clergy per year.

Management: The Ministerial Assistance Fund is managed by The United Methodist Foundation of Arkansas. A report on the Fund will be given during the Executive Session of the Annual Conference each year. The balance held March 31, 2000, was $9,071.77.

Conclusion: This Fund is an expression of connection and a visible symbol of the covenant in which our Ministry takes place.

COUNCIL ON PROFESSIONAL MINISTRY
BOARD OF PENSIONS

The NAC Board of Pensions is charged with the work of providing for and contributing to the support, relief, assistance and pensioning of the clergy and their families, other church workers, and lay employees of the UMC, its institutions, organizations, and agencies within the Annual Conference, except as otherwise provided for by the General Board of Pensions. The board works closely with the General Board of Pensions of The UMC which provides excellent counsel, interpretation and guidance in our pension program.

All eligible clergy must be enrolled in the pension program (MPP). Eligible clergy include all clergy members, local pastors appointed within the NAC; those who have been previously approved by the Conference Board of Ordained Ministry for service as full-time, part-time or student pastors, or a clergy person of another denomination who is under episcopal appointment in the Conference if they are not participating in a pension program of the denomination to which they belong.

Enrollment is the responsibility of the participant. Enrollment blanks may be obtained from Mrs. Faye Douglas Watson, Administrative Secretary, P.O. Box 119, Marion, Arkansas 72364.

The Board of Pensions recommends that:

1. The 2001 annuity rate for service completed prior to 1982 be $410.00.
2. The NAC continue participation in the Ministerial Pension Plan (MPP) and the Comprehensive Protection Plan (CPP) of the General Board of Pensions of The UMC as follows:
   a. That the contribution rate for Ministerial Pension Plan be 12% of the plan compensation of the participant up to the Denominational Average Compensation (DAC). Plan Compensation includes taxable cash salary but not severance pay or the value of taxable fringe benefits plus 25% for parsonage or cash amount for housing.
   b. That each minister contributes 3% of his/her Plan Contribution, up to the DAC, to his/her personal account with the General Board of Pensions.
   c. That the contribution to the Comprehensive Protection Plan (CPP) be 4.4% of which 1% shall be contributed by the participating minister.
   d. That current service be paid by apportionment by the churches of the conference.
   e. That we include any ministers in the Comprehensive Protection Plan (CPP) who are eligible for special arrangement feature.
3. After considerable study and planning, your Conference Board of Pensions recommended that beginning in 1995, our conference past service funding obligation be amortized over several years. A $200,000 increase in the annual apportionment was taken on at that time, with the expectation that the $780,000 apportionment for past service funding would continue until 2021, when we projected the unfunded liability would be paid out.

   Your Conference Board of Pensions is extremely pleased to report to you that your response to this bold plan, along with tremendous interest income from the General Board of Pensions on these funds, has brought us close to funding this obligation far ahead of our expected deadline. As of January 1, 2000, reports from the General Board of Pensions showed that we had accumulated funds in excess of our unfunded liability at that time. It is important to note that our unfunded liability fluctuates each year depending on many factors, including the number of persons retiring, the life spans of our retirees and their spouses, etc. Nevertheless, we find ourselves in an extremely advantageous position at this time in our history and able to take unprecedented actions in this important area of our responsibility.

   Although we could use our positive cash position simply to pay off most of our unfunded liability and conclude with celebrating this wonderful achievement, we believe you join with us in wanting to do much more than this for those who have served us so faithfully. And so we recommend a new conference plan involving major increases in our past service funding rate and the acceptance of a new amortization schedule for the resulting unfunded liability, as follows:
   a. We recommend that we make a considerable jump in our annuity rate for 2001, from $341 (2000) to $410 (2001).
   b. We further recommend that another raise of a similar amount be planned for 2002.

In order to accomplish these historical moves, we recommend that the Conference Board of Pensions be authorized to pay off approximately $7.5 million of the unfunded liability on or around January 1, 2001 from funds on hand. We project the increased liability incurred from raising the annuity rate can be amortized over the next 12 years with no expected increase in our current $780,000 apportionment for unfunded liability.

This plan achieves two very desirable ends. We complete our unfunded liability at least eight years earlier than projected with no increase in this portion of the apportionment, while at the same time providing a tremendous increase in pension income for those with pre-1982 years of service.

Your Conference Board of Pensions believes we should do no less in order to be responsible to those who have served us so long and so faithfully. While many other conferences have made significant increases in their annuity rates over the last several years, our conference had to keep increases in benefits to our pensioners to a minimum just to make sure their pension was secure and something they could depend upon. We are delighted that this new plan will allow us to move closer to the benefit levels of sister conferences and provide much needed financial resources to our pensioners.

Your Conference Board of Pensions will continue to monitor this situation and will make sure that any actions taken continue to be in the best long term interest of our conference and our pensioners. The timing of these actions are crucial and applications of your funds may need to be adjusted to take advantage of new opportunities. This will be done only after considerable thought and confirmation from the General Board of Pensions.

It is important to note that past service funding is only one component of the entire pension budget. Pension funding for current pastoral service and health insurance coverage for retired pastors are two additional portions of the total budget. Although we do not expect the funding for past service to increase, these last two areas will likely continue to increase as they have in the past.

The formula devised by the Board of Pensions several years ago by which current funding and health insurance coverage is projected continues to serve us well. Thanks to good planning, we have been able to hold down yearly apportionment advances to cost of living increases or less. It is our hope to continue that fine track record.

We want to thank you for your faithfulness to our past plan which made these benefits possible and ask for your continued prayers and financial support in order to bring this new plan to fruition.

4. That the surviving spouse continue to receive benefits at 75% of the formula benefit rate for pre-1982 service.
5. That the Death Benefit Program (DBP+) be available to participants who are currently enrolled, for the plan year 2001 and beyond, at the participants own expense. In order to assist retired participants in the DBP+ Program, the Conference Board of Pensions deducts payments each month from a participant's pension check, although the Conference Board of Pensions must pay for the coverage in one yearly payment. When a participant dies during the year, the heirs are responsible for completing the monthly payment for the rest of the year.
6. In order to provide adequately for the pension program (current and past funding) the churches shall pay an apportioned amount totaling $2,459,649.
7. Health insurance premiums for retirees shall be apportioned in the amount of $575,000.
8. Allowance grants, retirement love offerings and local expenses of the Board of Pensions is paid by the Treasurer of the Conference Board of Pensions, subject to the approval of the Conference Board of Pensions and the 1996 Book of Discipline.
9. The institution, board or organization paying the salary of a minister on special appointment without annuity claim on the conference shall make provision for the pension of such person. Attention is called to ¶1506.3a (3), 1996 Book of Discipline, regarding eligibility to participate in Ministerial Pension Plan (MPP) and Comprehensive Protection Plan (CPP).
10. There shall be apportioned to each agency and institution served by a ministerial member under special appointment with annuity claim on the conference an amount equal to 15.4% of the Denominational Average Compensation (DAC).
11. We remind all pastors and local churches of ¶637.4a in the 1996 Book of Discipline, which sets forth the requirement that payments on the pension and benefit program of the conference be in exact proportion to payments made on the salary or salaries of the ordained minister or clergy serving it. ¶637.4b requires the

local church treasurer and/or pastor to adjust the cash salary and payment to be in the same proportion as the amount paid to the pension and benefit program of the conference. ¶637.4d adds that It shall not be permissible for a pastor to receive a bonus or other supplementary compensation tending to defeat proportional payment

12. ¶637.4 of the 1996 Book of Discipline requires the Conference Board to keep a permanent record of defaults of the churches of the conference in paying the pension and benefit apportionment in full. The board is further required to render annually to each church that is in default a statement of the amounts in default for that and preceding years. According to our Conference Treasurer, in 1999 the following churches were in default by the following amounts:

15. Notice of claims for pension credit shall be made in writing to the Administrative Secretary, North Arkansas Conference Board of Pensions.
16. In determining years of service, the Board of Pensions shall carefully examine and consider those years listed in the conference Journal prior to accepting them as valid years; and any years in question shall be subject to validation by the applicant and by approval of the Board of Pensions.
17. Copies of individual service records may be obtained from the General Board of Pensions, 1201 Davis Street, Evanston, IL 60201.
18. The Board recommends that annuity credit for past service be given to the following:

William J. Thompson, 9 month (8/28/80-5/31/81).
Larry Dodgen, 2 additional years (1955/56 and 1961).
Russell Bailey, 1 additional year (1974).

19. Eligible claimants who have been retired by the North Arkansas Conference with pension benefit will have their death benefit coverage provided through the Comprehensive Protection Plan (CPP). The benefit is 30% of the Denominational Average Compensation.
20. We recommend that all retired ministers, widows, and dependent children, who are the responsibility of the conference, be covered by the conference health insurance program. The Annual Conference will pay 100% of health care cost of retirees and surviving spouses within the following Guidelines:
    a) A retiree must serve 40 years within the UMC to receive 100% payment. Less than 40 years of service are credited with 2 1/2% funding per year of service in the United Methodist Church.
       This category of years of service refers to the following:
       i) before 1982, years with pension credit earned from an United Methodist Church Annual Conference or an United Methodist Church Pension Fund.
       ii) after 1981, years in Comprehensive Protection Plan (CPP)
       iii) with the exception that only years the person was covered by an United Methodist Church health plan are counted.
    b) Premiums paid by the Conference for a surviving spouse's insurance coverage is determined by the number of years of service of their deceased ministerial spouse, and their own particular age (see below).
    c) Retired ministers and their spouses receive funding only up to the maximum of Medicare supplement insurance cost. Persons under 65 years of age must pay the difference between the Medicare and active insurance cost themselves. (See Health Insurance Report, item 3.)
    d) Retired individuals, eligible for Medicare, shall personally pay Medicare premiums.
    e) When a surviving spouse of a retired clergy person remarries that surviving spouse will be responsible for 100% of the insurance premium.
    f) Spouses and dependent children of an active clergy person who dies will have 80% of their insurance paid by the Conference, until that spouse remarries, or until that spouse reaches age 65, at which time the above guidelines go into effect.
    g) If a retired minister marries after June 1, 1995, the new spouse will be eligible for coverage under the Health Insurance Plan. The total premium will be his/her responsibility.
    h) Eligible dependents of a retired minister who are not currently enrolled in the Arkansas United Methodist Health Insurance plan may enroll in this plan with preexisting conditions waived provided:
       1. the dependent(s) have been covered by an employer sponsored group insurance plan for a minimum of one consecutive year; and
       2. enrollment is made within 30 days of termination of the employer-sponsored group insurance plan.
21. Resolution Relating to Rental/Housing Allowance for Retired or Disabled Ministers of this Conference:
    WHEREAS, the religious denomination known as The United Methodist Church has and functions through Ministers of the Gospel who are duly ordained or licensed; and
    WHEREAS, the practice of The United Methodist Church is to provide a parsonage or a rental allowance as part of the gross compensation for each of its active ordained or licensed ministers; and
    WHEREAS, pensions paid to retired and disabled ordained or licensed ministers of The United Methodist Church are considered as deferred compensation and are paid to said retired and disabled ordained or licensed ministers in consideration of previous, active service; and
    WHEREAS, the Internal Revenue Service has recognized that The North Arkansas Annual Conference is the appropriate organization to designate a housing/rental allowance for retired and disabled ordained or licensed ministers who are members of this Conference;

NOW THEREFORE BE IT RESOLVED:

a) An amount equal to 100% of the pension payments received during the year of 2001 be and is hereby designated as a rental/housing allowance for each retired and disabled ordained or licensed minister of The United Methodist Church who is or was a member of The North Arkansas Conference at the

time of his or her retirement;

b) This rental/housing allowance shall apply to each retired and disabled ordained or licensed minister who has been granted the retired relation or placed on disability leave by the North Arkansas Conference and whose name and relationship to the conference is recorded in the Journal of the North Arkansas Conference and in other appropriate records maintained by the Conference.

c) The pension payment to which this rental/housing allowance applies shall be the pension payment resulting from all service of such retired and disabled ordained or licensed minister from all employment by any local church, Annual Conference, or institution of The United Methodist Church, or of any former denomination that is now a part of The United Methodist Church, or from any other employer who employed the minister to perform services related to the ministry and who elected to make contributions to the pension funds of The United Methodist Church for such retired minister's pension.

Note: The rental/housing allowance which may be excluded from a minister's gross income is limited to the lesser of (1) the amount of the rental/housing allowance designated by the minister's employer or other appropriate body, (2) the amount actually expended by the minister to provide his or her housing, or (3) the legally determined fair rental value of the parsonage or other housing provided. As specified in Rev. Rul. 71-290 C.B.92, "the only amount that will qualify for exclusion under section 107(2) of the Code as a "rental allowance" is an amount equal to the fair rental value of the home, including furnishings and appurtenances such as a garage, plus the cost of utilities." The above exclusion applies to clergy only. Upon the death of a clergy person, assuming the filing of a joint tax return, the surviving spouse may exclude housing costs which were paid for during the life of the clergy person, but may not exclude those costs which were paid for after the death of the clergy person. This ruling comes from the Internal Revenue Service.

Important notice about rollovers and the housiug allowauce exclusion: If you choose to roll over your distribution to an IRA or another section 403(b) annuity, you may not claim the rental allowance exclusion against any of the payments you later receive from that IRA or section 403(b) annuity.

22. Each full time minister at the time of full retirement and drawing annuity from The General Board of Pensions will be given a love offering with the following formula being used: a maximum of $1,000 which will be figured at $25.00 per service year in The North Arkansas Conference up to a maximum of 40 years. Part time local ministers at the time of full retirement, and drawing an annuity from the General Board of Pensions, will be given a love offering with the following formula being used: a maximum of $500, which will be figured at $12.50 per service year in the NAC up to a maximum of 40 years.

23. Retired Minister's Day: Recommended to be the Third Sunday of May each year. The purpose of this day is to recognize the service of the retired servants and their families, and to involve the local churches in the recognition of the needs, both present and future, of The North Arkansas Conference Pension Fund. If a retired minister does not reside within the bounds of a charge, but a member of a retired minister's family does, they shall be invited to participate in the service (or observance); otherwise, recognition of these servants, and their service, should be observed appropriately. "Appropriately" should be determined by the Pastor/Parish Relations Committee of each local church. This committee shall have the responsibility of locating these people and relate the service of these persons to the local church and our Annual Conference. The Conference Board of Pensions will be responsible for providing promotional ideas and some materials (i.e., total years of service, percentage of retired ministers serving churches while in their retired status, etc.) when requested.

24. We recommend that a special grant be made to Donna McCammon, dependent child, for the period of July 1, 2000 through June 30, 2001. This will be reviewed annually.

25. As of January 1, 1982, ¶1606.4a(2), 1992 Book of Discipline, be enforced.

26. Participants in our pension programs should notify the Administrative Secretary, Faye Douglas Watson, P.O. Box 119, Marion, AR 72364, Phone 501-739-3185, Fax (501) 739-5620, when:
    a. a death in the immediate family occurs;
    b. any change in address or income occurs;
    c. a change of beneficiary is desired;
    d. information relative to pensions matters is needed
    e. to enroll in our pensions program and/or health insurance;

f. request for retirement is made to the bishop, cabinet, and board of ordained ministry;
g. you have a question of annuity credit for past service.

COUNCIL ON PROFESSIONAL MINISTRY

Commission On Equitable Compensation:

I. Minimum Compensation Base Support:

The Commission on Equitable Compensation recommends that the 2001 Minimum Compensation Payment Schedule and Guidelines be established as follows:

A. MINIMUM COMPENSATION BASE SCHEDULE:

	Full Connection	Probationary or Associate	Local Pastor
Minimum Base Compensation	(1) 22,000	21,000	20,000

B. CATEGORY GUIDELINES:

	Base Comp. (Min.) (2)	Travel Utilities (Max.) (4)	Conference Comp. Aid (Max.) (3)	Minimum Total Comp.	Maximum Total Comp.
Full Connection	13,200	4,500	8,800	22,000	26,500
Probationary Mem	12,600	4,500	8,400	21,000	25,500
Associate Mem.	12,600	4,500	8,400	21,000	25,500
Local Pastor	12,000	4,500	8,000	20,000	24,500

1. The 2001 MINIMUM COMPENSATION for a Full-time Local Pastor is 96% of the Base Plan Compensation for the Board of Pensions Comprehensive Protection Plan (CPP) coverage for all persons in full-time ministry. The additional increments of $1,000 and $2,000 are designed to recognize the levels of experience, ordination and conference relationship.
2. The CHARGE is required to provide at least 60% of the Minimum Compensation as a BASE COMPENSATION for the category in which its minister falls. When no parsonage is provided, the Charge must provide a Housing Allowance equal to 20% of the Minimum Compensation for its pastor IN ADDITION TO THE BASE COMPENSATION ALREADY STATED.
3. The Commission on Equitable Compensation will provide Compensation Aid up to 40% of the Minimum Compensation for pastors in the various categories. Our first priority is to bring all pastors up to Minimum Compensation, and then, AS FUNDS ALLOW, will give aid up to the Maximum Total Compensation.
4. The CHARGE is required to provide adequate TRAVEL AND UTILITIES ALLOWANCES as routine obligations of having a full-time pastor. After a CHARGE has met the BASE COMPENSATION requirement, it may then allocate an additional amount on the compensation package UP TO $4,500 AS TRAVEL AND UTILITIES ALLOWANCES.
5. No pastor on Minimum Compensation Aid may earn more than the MAXIMUM TOTAL COMPENSATION amount for the category in which he/she falls.

C. REQUIREMENTS FOR QUALIFICATION

1. The CHARGE must meet the required BASE COMPENSATION (including HOUSING ALLOWANCE, when applicable) before qualifying for Minimum Compensation Aid. If a great disparity exists between the Minimum Compensation Guidelines and the CHARGE'S ability to provide for them, it is suggested that the Charge be either realigned to strengthen its financial state, or considered as a part-time charge.
2. The CHARGE shall pay at least 60% of its APPORTIONMENTS for Pension and Benefits Fund, Episcopal Fund, District Superintendent's Fund, and the Equitable Compensation Fund, as per paragraph 619 and 622.1-11, 1996 Book of Discipline.
3. Part-time Pastors are not eligible for Minimum Compensation Aid. See Paragraph 437:1-2, 1996 Book of Discipline, for the definition of "Full-Time Ministry".

4. Associate Pastors *(not to be confused with Associate Members of the Conference)* are not eligible for Minimum Compensation Aid.
5. RETIRED PASTORS are not eligible for Minimum Compensation Aid. See paragraph 355.6 of the 1996 Book of Discipline.
6. See the section on APPLICATIONS FOR COMPENSATION AID.

The Commission recommends approval of Minimum Base Compensation support for these charges:

II. Key Charge Program:

The Key Charge Program provides Base Compensation Aid to pastors who are appointed to Charges which are targeted for significant growth by the Conference, or which require short-term support for pastoral leadership for various other reasons, beyond the Minimum Base Compensation level.

Key Charges are related to the Commission on Equitable Compensation by a contractual agreement. The contract is negotiated by representatives of the Commission, the District Superintendent, and representatives appointed by the Charge. The persons, or their successors, shall be the trustees of the contract, having verified it with their signatures.

The contract shall include: (a) the initial amount of Base Compensation Aid needed, (b) the duration of the contract (up to 5 years), and (c) the signatures of the persons negotiating the contract. The nature of the contract is such that the amount of Base Compensation Aid given shall decrease proportionately each year, while the base compensation paid by the Charge increases by the same amount, thus keeping the compensation at least stable over the contract period. After the contract has expired, no further Compensation Aid will be granted to the Charge.

Under the Key Charge arrangement, there will be no required minimum or maximum levels of support by the Charge. The only limitation will be the amount of funding budgeted for this program.

See Section IV APPLICATIONS FOR BASE COMPENSAITON SUPPLEMENTAL FUNDING

III. Ethnic Local Church Compensation Base Support:

We recommend that the NAAC undergird its mission through its Ethnic Local Churches by providing, in addition to opportunity for participating in the Minimum Compensation Base Program, a special Ethnic Local Church Compensation Base Support Program: intended to help provide capable pastoral leadership to charges which function in areas of extreme economic limitation, and which are unable to provide a viable level of pastoral support without mission aid.

The level of base compensation support in each case shall be negotiated by the Commission on Equitable Compensation and the District Superintendent, in consultation with the pastor and officials of the charge.

A new application shall be submitted for each year for which Base Compensation Aid is requested. See

Section IV APPLICATIONS FOR SUPPLEMENT FUNDING.

Priority shall be given to charges which show potential for growth, for increased effectiveness in ministry, and for advance toward self-support.

The Commission recommend that the following churches be approved for Base Compensation Supplements in these amounts:

E. Key Charge Funding will of course be supported by the Cabinet with a written statement giving the rationale.

V. IN THE MISSION OF JESUS CHRIST WE FACE NEW DAYS..NEW CHALLENGES..TOGETHER
The apportionment for 2000 and 2001 is $160,000 each year. Total budget for 2000 is $145,459 and for 2001 is $146,439. The churches of the NAC paid 91% of our apportionment for Pastor's Equitable Compensation Support in the year of 1999. This resources our supportive funding through the Commission on Equitable Compensation. Another factor that impacts our situation: ministry decisions for local churches are not in process with substantial fundings needed. Actions are anticipated very soon. Other opportunities of finalizing strategies and enlistment of personnel to fulfill our commitment as a connectional church will call for our response soon. So flexibility is always required to meet needs. So the years of 2000, 2001, 2002, 2003 2004 and beyond will e fnlly challenging and exciting for us! Aaron F. Barling, Chairperson

COUNCIL ON PROFESSIONAL MINISTRY

GROUP INSURANCE:

1. At the regular session of our Annual Conference on June 5, 1995 the Conference approved the Insurance Committee's recommendation to merge our Conference Group Health Plan for both active and Medicare supplement participants with the Little Rock Conference to form our own group self insurance program with Spradley & Coker of Little Rock as our Plan Administrator. The change to be effective August 1, 1995. On March 1, 1997 our Third Party Administrator was changed from Spradley and Coker to Corporate Benefit Solution, Inc. (CBS). No other changes were made.
2. All full, associate, and probationary members and full time local pastors of the NAC under appointment (except students serving in or those employed by other conferences or agencies which have compulsory programs, members under special appointment outside the Conference, or retired military personnel serving in the Conference), and every full time employee of the Conference, shall participate in the Health Benefits Program of the NAC.
   A. The Health Benefits Program will be open for Probationers, Student Local Pastors, Diaconal Ministers, Full Members serving less than full time appointment or employment. This is optional for the eligible participant and the participant must make their necessary arrangements and be responsible for the total premium.
   B. A participant must enroll self and dependents within 30 days after the eligibility date. Eligibility date shall be date of appointment or employment. Dependents of persons participating in the conference plan who are enrolled in and covered by another true group health plan will be eligible to enroll in our plan without evidence of insurability provided they enroll in our plan within 30 days of the date their coverage ceases in the other group. All participants who enroll in our plan before the expiration of their eligibility date shall receive a waiver of preexisting conditions and be fully covered immediately upon enrolling in our plan.
   C. All retired clergy, surviving spouses, and dependent children who are the responsibility of the North Arkansas Conference and who are in the health program on the date of retirement shall be eligible to participate.
   D. The Insurance Treasurer will check with the District Superintendent concerned in the case of a pastor applying for enrollment for the first time. The eligibility of any full time lay employee of a church will be checked with the pastor concerned. To be classified as "full time lay employee" the employee must work at least 30 hours per week. In either case, the first premium payment must accompany the application for enrollment before the application can be processed.
   E. In order to be in compliance with the new federal law (HIPPA), we will hold a thirty (30) day open enrollment period during September, 1998, and each September thereafter. Open enrollment will be for all eligible persons who did not or have not enrolled in a timely manner. In order to offset our potential risk we will impose an eighteen (18) month limitation for preexisting conditions.
3. The Charge (church) shall pay at least 80% of the premium, and the participant shall pay not more than 20%. We suggest that local churches consider paying 100% of the pastor's health insurance premium.

A. In 2001 retirees and their spouse, when the spouse is under 65, shall pay 50% of the monthly premium toward the additional cost of the spouses health insurance. This percentage will be reviewed annually.

B. The Insurance Committee will provide the funds to pay for the "spouses under 65" plan. The funds to make this possible come from earnings received from carry over funds which have continued to accumulate since our self-funded program of many years ago was closed out. The balance of that fund is now in excess of $600,000.

4. The Health Benefit Program premiums are due quarterly on the date shown on the statement sent from the Treasurer. All participants are responsible for seeing that the total premium due is sent to: Mrs. Faye Watson, P.O. Box 119, Marion, AR 72364, no later than the date due.

5. The Committee shall use the following measures when premiums are not received on time:

A. A second notice will be sent to the Participant 14 days after the due date. A copy of the second notice will be sent to the District Superintendent concerned. A late charge of $20.00 will be paid by the participant after this second notice is sent.

B. A third notice will be sent to the participant and Cabinet Representative 7 days after the second notice with termination date clearly stated.

C. Seven (7) days after the third notice has been sent, and no response made, the participant will be deleted from the Program and the Cabinet Representative notified. Premiums must be received before the termination date and not just post marked. Premiums received after the termination date will be returned.

D. When coverage is terminated, reinstatement requires proof of insurability for you and your dependents.

6. Participants in the Health Benefits Program whose appointment/employment is terminated will be granted an extension of coverage of up to eighteen months provided: (A) The Participant makes a written request to the Insurance Committee; (B) The Participant is responsible for payment of the total premium.

7. The premium rates will be determined by the Insurance Committee based on the claims experience of the group.

8. We recommend the health benefits for all Active participants and Retirees under 65 years of age be changed, effective August 1, 1995, as follows:

EPISCOPACY COMMITTEE

The Little Rock and North Arkansas Annual Conference Committees on the Episcopacy are organized for work as the "Area Committee on Episcopacy" in accordance with Para 635.1 of the 1996 Discipline of The United Methodist Church.

The Arkansas Area Committee on the Episcopacy last met on December 9, 1999, at the United Methodist Center, in Little Rock.

We affirmed and applauded the work of Bishop Huie as she continues to grace us with her sweet spirit and shepherding care.

The 1996 Discipline of The United Methodist Church (¶ 635. Conference Committee on Episcopacy) places the following responsibilities with the Area / Conference Committee on Episcopacy

"3. The functions of the conference committee on episcopacy shall be:

a) To support the bishop of the area in the oversight of the spiritual and temporal affairs of the Church, with special reference to the area where the bishop has presidential responsibility.

b) To be available to the bishop for counsel.

c) To assist in the determination of the episcopal needs of the area and to make recommendations to appropriate bodies.

d) To keep the bishop advised concerning conditions within the area as they affect relationships between the bishop and the people of the conference agencies.

e) To interpret to the people of the area and to conference agencies the nature and function of the episcopal office.

f) To engage in annual consultation and appraisal of the balance of the bishop's relationship and responsibilities to the area and annual conferences, the jurisdiction, general Church boards and

agencies, and other areas of specialized ministry, including, at all levels, concern for the inclusiveness of the Church and its ministry with respect to sex, race, and national origin, and understanding and implementation of the consultation process in appointment making.

g) To report needs for episcopal leadership to the jurisdictional committee on episcopacy through the duly elected conference members of that committee."

Your Area Committee on Episcopacy, both collectively as a group and individually as members, has been in continual dialogue with Bishop Huie concerning all of the above areas. We earnestly solicit input and dialogue with us on any matters relating to the Episcopal office in the Arkansas Area.

We have completed and forwarded our quadrennial report to the South Central Jurisdiction Committee on the Episcopacy. All of the statistical indicators were up from where they were four years ago.

The Area Committee on the Episcopacy has unanimously recommended that Bishop Huie be returned to the Arkansas Area for the 2001-2004 quadriennium. James W. (Jim) Lane, Chairperson

§§§§§

REPORT FROM THE COMMITTEE ON THE EPISCOPACY AND INTRODUCTION OF BISHOP HUIE

The United Methodist Church in Arkansas continues to be alive and well. Your faithfulness is proven by the fact both membership and worship attendance were up at the end of 1999. The most significant increase was in worship attendance which went up 8.7%

Our Area Ministry Team reports of the tremendous work that they are doing on our behalf each day of the year. The gospel fires have been rekindled and are again ablaze at many stations throughout our state.

Bishop Huie has now experienced her first General Conference as a Bishop of the church. We were honored that she was selected to be one of the morning preachers during the conference. Her sermon reminded us of our rootedness together as a people--called and sent. Bishop Huie you "done us proud"!

During the past 12 months she has visited with the clergy and laity in every district and the response and feedback has been tremendous.

I want you to know at as we approach the 2000 South Central Jurisdictional Conference that your Area Episcopal Committee has unanimously, and with her consent, voted to recommend to the South Central Jurisdictional Committee on the Episcopacy that Bishop Huie be assigned to the Arkansas Area for another four term. We who represent you on the Jurisdictional Committee will be doing everything within our power to assure that happens.

Absolutely the most significant event in the Huie household to occur this year was the birth of Abigail Reagen Huie on April 10, 2000. Yes our Bishop and Bob Huie are now grandparents! Our congratulations to both of them and to their son Matt and daughter-in-law, Shambryn.

It is my extreme honor to present to you--our Bishop and new grandma Janice Huie!

James W. Lane, Chair, Conference Committee on the Episcopacy

HENDRIX COLLEGE

Following the completion of a very successful five-year capital campaign, A Time to Lead, Hendrix College recently paused for A Time to Celebrate. We celebrate the national recognition we have received, the growth in the student body, and the fact that the percentage of students at Hendrix who are United Methodist is one of the largest among all United Methodist Colleges and Universities.

Hendrix College also has good cause to celebrate the active and vigorous religious life on campus. Directed by the Reverends Rock Jones and J. Wayne Clark, a variety of programs are made available to students to assist in strengthening and living out their faith. One of the most visible religious activities on campus is the variety of weekly worship service. Students have five to six worship opportunities each week. Each Wednesday an evening worship service and a mid-day communion service are sponsored by the Office of the Chaplain. The Wednesday evening services are planned and led by student organizations or resident facilities. A new worship formats this year, a Taize service, was offered five times during the year. Additional services are the Sunday evening prayer service and the Monday evening contemporary service (offered bi-monthly), sponsored by the Student Mobilization organization. Finally, the Religious Life Council, in cooperation with the Office of the Chaplain, started two morning silent meditation services. Over one hundred students attend these combined worship services each week.

The Religious Life Council has functioned extraordinarily well this year. The Council started the year with a Religious Life survey to determine the interest on campus. Over five hundred surveys were returned, and the results helped the council develop programming for the coming year. Some of these programs included a World Religion Forum, Christian Forum, social events, and the development of a web page. The Religious Life Council also brought a Christian musician to Hendrix for a campus-wide concert, participated in the Alternative Christmas Fair to raise money for non-profit organizations, and participated in service projects. The Religious Life Council includes all of the religious organizations on campus, such as Student Mobilization, the Catholic Campus Organization, Hendrix Open Religious Forum, RAIN (Regional AIDS Interfaith Network), and the Pre-Theology Club. Each club offers a variety of programs and worship opportunities. An informal group of Hendrix students who work as paid or volunteer youth directors has met regularly this year. Approximately ten students are working in area churches as youth directors or counselors.

In its fourth year, the UMYF Leadership Scholarship program has fifty-six students actively involved. Following a six week leadership class, students begin to develop and strengthen their leadership skills by volunteering to lead a youth program at a local church, assisting with a chapel service, serving as an officer of a religious organization, or working on a service project. This year, the scholars led fellowship teams in thirty-six churches throughout Arkansas (a 45 % increase over last year).

Student volunteerism and community involvement continue to be a vital part of the Hendrix experience. This is evident by the fact that nearly eighty percent of the student body participate in some type of volunteerism while at Hendrix. These service opportunities are most visible through the weekly "Service Saturdays," which are held nearly every Saturday of the academic year. Some examples of student volunteer activities include cleaning a hiking trail at a United Methodist camp, volunteering at the Rice Depot, or tutoring children. Longer periods of service opportunities occurred during the Alternative Spring Break service trip to St. Louis and the summer mission trip to Haiti.

Hendrix was pleased to receive a grant for the third consecutive year to support a focus on issues related to marriage and family. The grant funded an Engagement Weekend for couples who are engaged or considering engagement. Eight couples attended the weekend event. The grant also brought to Hendrix Dr. Robert Short, author of The Gospel According to Peanuts.

For the fifth year, Hendrix hosted a UMYF Day, Games, fellowship, music, small groups led by Hendrix students, and a worship rally were all part of the day long event. The keynote speaker was the Reverend Britt Skarda, pastor of Henderson United Methodist Church, Little Rock. Matt Neeley of Richmond, Texas led music.

Hendrix College is committed to providing continuing education for the church. Both clergy and laity take advantage of the variety of workshops and lectures offered at Hendrix. This year marked the tenth anniversary for the preaching workshop. Twenty-five clergy from across the state spent two days at Hendrix with Dr. Michael Williams, editor of The Storyteller's Companion, leading seminars in improving skills of story telling in preaching. The REAP program (formally know as the Hendrix Religious Education Program) has seen a successful year with

some workshops filled to capacity and others that had a waiting list. The annual Willson Lecture was fortunate to bring the international best-selling author, Robert Fulghum, to campus. Nearly 600 people attended the lecture.

Hendrix College is proud of its leadership in higher education, the role it plays in providing spiritual growth and faith development to students, faculty, and staff, and the ministry it shares with United Methodists of Arkansas. We are grateful for the many ways in which churches support Hendrix, including the apportionment funds given to the college which provide direct financial assistance to our students through scholarships and financial aid. As supportive partners with the United Methodist Churches of Arkansas in the effort to secure additional funding for leadership development for the church, the College has volunteered to reduce is apportionment request for this year. Hendrix College values its place in the United Methodist connection, and we look forward to continuing our partnership in ministry and education.

Dr. Ann H. Die, President

HIGHER EDUCATION AND CAMPUS MINISTRY

...this is different!
...and they really care about me!
...I wish I had become involved my freshman year!
...but I'm not a Methodist.

The Board of Higher Education and Campus Ministry sees campus ministry as vital to the heart of the future church. This is the dawn of new days of opportunity for the local church's ministry to the students on the college campuses! We must recognize the potential for Christian nature, mission and outreach through campus ministry. Remember, the college years are a time when students make significant choices concerning faith and the values that will undergird their life. Let's not miss this opportunity to make disciples for Jesus Christ.

Our campus ministries are giving tremendous leadership on our six campuses: John Palmer (UCA), Leonard Higgins (ASU), Gregg Taylor (UA), David Scroggins (ATU), Maxine Allen (Philander Smith), and Wayne Clark (Hendrix).

John Palmer has begun his fifth year at UCA, and the program continues to grow through worship opportunities: "Psalms 27" music ministry, "Into the Light" praise band, and "Kingdom Fire" drama team. The homecooked Monday lunch feeds the body, and worship and song feeds the soul.

Programs, projects, events that make known the presence of the United Methodist Church on the ASU campus in making disciples for Jesus Christ include: "Delta PRIDE," summer youth camp, "State of Grace," band performances in local churches, "Wuppet" puppet ministry and L.I.F.E. (Living in Faith Everyday) and weekly bible study sessions. In March of 2000, fifty-seven students returned with Leonard Higgins, ASU campus minister, from the Spring Break Mission Trip in Mexico and South Texas. Students willingly gave up their "out-of-school" time to spread the Good News of Jesus Christ.

Under the capable leadership of Gregg Taylor, new things continue to happen at UA Fayetteville. With over 300 students participating, the United Methodist Church has opened its door to the "Breakway" weekly worship program. Second, "Break Thru" on Wednesday offers supper and a teaching sermon geared to students as they walk with Christ. Third, the "cell groups", small group Bible study coordinated with local mission opportunities, gives participants an understanding of "compassion."

Arkansas Tech Wesley, "where opportunities are endless and the options... always open," thanks you, North Arkansas Conference, for your support financially for its new facility which opened its door to bring glory to God through daily ministry. F.R.O.G.S., the freshmen outreach program guides them to understand topics from how to survive college life to growing spiritually in one's faith. ATU is committed to raising up a new generation of leaders. A new Generation for a New Millennium!

Chaplain Maxine Allen reaches out to implement PSC goals of "Building Traditions of Excellence:" the implementation of an expanded vision for U.M. student-based ministry and working on the establishment of positive church relations. In addition, goals for 2000-2001 include plans for a student Spiritual Life Center.

Wayne Clark, Hendrix Chaplain, understands that spiritual growth, theological exploration, and the growing expression of one's religious faith is a central component of the college experience. On campus, there is a broad range of opportunities for religious studies: Wednesday's Chaplain Bible study, student-led Bible studies in the dorms, covenant discipleship groups, plus "Service Saturdays" and Spring Break Mission Trips.

As we end the church year, the BHEM will be in its final stage of the Wesley Foundation Self Study and On-

site visits. We wish to express our appreciation to the Wesley Directors, the Staff, the local Board members, students, campus administrators, and community people for the time and effort given to this self study. It has been a unifying effort. We the BHEM, support the programs of all four Wesley Foundations. Our desire is to affirm to you, the North Arkansas Conference, their wonderful work and the strong impact of Wesley Foundations on the students to whom they minister, and their needs for even greater support from you, the Annual Conference. LAY LIFE AND WORK COUNCIL

The Church's mission in every age has involved developing disciples and sending them into their community, and into the world - - this ongoing process within a congregation includes:

- reaching out into its community and receiving people into the faith family;
- encouraging people in their relationship to God and inviting them to commitment in Jesus Christ;
- providing opportunities for them to be nurtured and to practice the disciplines of the faith, and
- supporting them to live and act as faithful disciples in the world in the power of the Holy Spirit.

The primary mission of The United Methodist Church is to "make Disciples of Jesus Christ". The primary task of the Church is to reach out to people where they are, relate them to God, nourish them in the faith, train them in discipleship and send them out to ministry and mission.

The primary task of your Council on Lay Life and Work is to interpret and spread throughout the conference all the rich meanings of the universal priesthood of all believers, of Christian vocation, and the ministry of the laity. We are to be enablers, within the Annual Conference, of programs that aim to recruit, train and equip the laity to live out their discipleship as they implement and fulfill the primary mission and task of the church in their community.

Your Council on Lay Life and Work has 21 lay members consisting of the Conference Lay Leader, the Conference Director of Lay Speaking Ministry, the Conference Scouting Coordinator, the six District Lay Leaders, the Conference President of United Methodist Women, the Conference President of United Methodist Men, four youth from the Council on Youth Ministries, four at-large members elected by the Annual Conference, and the currently elected lay-delegates to the General Conference. Additionally, a District Superintendent is an Ex-officio member of our Council.

The quadrennial theme for the North Arkansas conference (1997-2000) is "Salvation Is For All". The quadrennial goal for the North Arkansas conference is "To send the people of God to share the good news of Jesus Christ that all people may hear and claim the gift of salvation."

All of our plans and programs, and those of the groups represented on our Council, support and undergird our Conference theme - - "Salvation Is For All" James W. (Jim) Lane, Conference Lay Leader

LYDIA PATTERSON INSTITUTE

The unfounded anxiety and fear of many as we crossed into the new millennium is over. At Lydia Patterson we never lost sight of the fact that a new millennium was simply a count of times since the birth of Jesus. We understood that generations come and go, but the love of God is here to stay. This love has been reflected in the lives of many people who, like Mrs. Lydia Patterson, have touched the needy. At the turn of the 20th century, Mrs. Patterson embraced the children of the "barrio" of South El Paso by teaching them English and about God. In that spirit of love and kindness, Lydia Patterson Institute was born. We have now entered into the 21st century, and that same spirit dwells among our staff and every United Methodist in this jurisdiction who add to Mrs. Patterson's legacy.

We have enjoyed endless blessings in the last twelve months. The prayers and support of our United Methodist friends lift our spirits and invigorate our energy to continue to answer God's call to ministry with our students. This is my opportunity to thank you for your apportionments that fund one-third of our annual operations. In 1999, the seventeen conferences of the South Central Jurisdiction, collectively, paid 100% of the assigned apportionments. This is the first time ever and the highest amount paid to Lydia Patterson in any one year. I wish to thank the North Texas, North Arkansas, New Mexico and Rio Grande Conferences for paying over 100%.

In addition, we have raised 80% of a $2 million goal for the endowment campaign from the churches of the jurisdiction. Again, many conferences raised over 100% of their goals. For the first time, Lydia Patterson has an endowment fund of close to $3 million and growing. As a result, teachers salaries have been increased 25%. We have added new programs, expanded our curriculum and our classrooms are now equipped with better technological resources. Two pieces of property have been purchased, including a house that will be used for volunteers and quests.

We have recruited many more students from the "colonias" of Juarez where families live in houses made of cardboard. These students attended on a scholarship that pays for tuition, uniform, bus fares, bridge tolls, visas, etc. We have also recruited more Methodist students through our connection with the Methodist churches in Juarez. A scholarship was given away through the partnership of LPI and a local radio station. The applicants competed by writing an essay on why they wanted to attend LPI. The winner, Israel, 12 years old and a straight A student, lives with his family of four in a one room house. He wrote, "I wanted to attend LPI because I wanted a good education. I have never been to El Paso. I wish I did not need a passport. I have walked to the top of the international bridge and wondered what it is like on the other side."

We continue to look for ways to serve the church. We held the third gathering of pastors from the New Mexico, Rio Grande and the Conferencia Norcentral de Mexico. We provided seminars in English and Spanish to benefit the pastors in their own ministries. We hosted meetings for the University Senate, the General Board of Higher Education, and the Jurisdictional Missions Council. We were also honored with a visit from the College of Bishop who visited in the homes of our students living in the "colonias". Soon, the Board of the United Methodist Foundation will meet here, and we will host the annual meeting for the United Methodist Women of the New Mexico Conference.

The Student Lay Ministry Training Program is in place. Students will receive training to serve the churches of our jurisdiction in Hispanic ministries. It is our hope that in the process, some may feel a call to the ordained ministry.

The life and spirit of Lydia Patterson is one of endless ministry. Every United Methodist in this conference is a pillar of this ministry. It is their commitment that explains why 90% of our students attend college. It is their support that takes entire families out of poverty. It is their love and prayers that make students with strong Christian values. For this, and much more, and on behalf of everyone at "La Lydia" I thank you and ask that you continue to join us in answering that same call that led Mrs. Patterson to embrace children like Israel a century ago.

Dr. Socorro de Anda, President

METHODIST HEALTHCARE

The Board, Auxiliary, volunteers, physicians, senior management and staff members cooperated to fulfill our Christian mission as demonstrated by the following activities:

• Provided more than 21 million dollars in charity health care and granted approximately $200,000 to patients and employees in crisis through the Humanitarian Fund.

• Continued to donate the use of a large building to the Church Health Center which provides care on a sliding scale to the working poor.

• Opened Daily Bread Cafe in Methodist Central's Cancer Care Center to bring food services close to cancer patients providing requested foods to combat poor nutrition and decreased appetite.

• Conducted numerous health screenings in United Methodist Churches and churches of other denominations in the Mississippi, Tennessee and Arkansas areas.

• Provided several educational opportunities for clergy and lay persons including the "Pastor, I have cancer" seminar, the Annual Church & Health Symposium and the Grief Recovery Teleconference.

• Cooperated with the Memphis Annual Conference to train pastors to address issues related to the poor farming year. Pastors were made aware of the emotional, spiritual and psychological clues about uncharacteristic behaviors exhibited and how to make interventions.

• Continued to signify our Christian heritage by placing a cross and Bible in each patient room and in various other places throughout our hospitals as well as by displaying The United Methodist Church Flag and the Golden Cross at various Methodist Healthcare hospitals. For the first time, children's Bibles are being placed in patient rooms at Le Bonheur Children's Medical Center.

• Provided health care, educational support, medical equipment and medicines to health care agencies around

the globe, including Mexico, India, Russia, Jamaica and Ghana.

• Began the first program in Memphis to offer leuko-reduced blood to all patients. This is a safer blood product which is filtered to reduce harmful white blood cells.

• Played a major role in the effort to restore funds to healthcare providers by the Balanced Budget Act of 1997. Twelve million dollars will be restored to healthcare providers.

• Continued the support of the Medical Education & Research Institute and provided tours for over 300 United Methodist clergy and lay persons.

MOUNT SEQUOYAH CONFERENCE AND RETREAT CENTER

"The Learning Place"

Mount Sequoyah is a unique learning center where all persons are welcomed and encouraged to learn, to discover meaning and hope and to develop tools for effective living and witness.

For seventy-seven years of ministry as an institution of The United Methodist Church, Mount Sequoyah has been a gathering and learning place. Persons from The South Central Jurisdiction of our church, and literally from all over the world, come to The Mountain to participate in programs that enable them to grow intellectually and spiritually.

The special ministry of The Mountain is to develop programs for Older Adults and to provide training for persons who work with older adults. This service to the largest population group of our church is built around an understanding of positive aging and an affirmation of God's gift of long life. During 1999, the International Year of the Older Person, Mount Sequoyah provided five 4-day programs for Older Adults. Built around the SELF model (Spirituality, Education, Leisure and Fellowship), these programs assist persons 55 and older to continue lifelong learning and spiritual development.

Two new programs were introduced during 1999:
Grand Weekend was a special event for grandparents and grandchildren with a family story-telling theme. Telling the story of our family and our faith came alive under the tutelage of nationally recognized leadership.

Senior Summit also brought nationally prominent leaders to The Mountain in an event that was designed to enhance the skills of those who work with older adults.

Along with ministry as The South Central Jurisdiction Center for Older Adult Programming, Mount Sequoyah is host to a number of other jurisdictional programs including Weekend 2000, The Jurisdictional Singles annual event, Jurisdictional Youth Ministry Organization (JYMO) and organizational gatherings of Volunteers in Mission (VIM). National events include United Methodist Congress of the Deaf and Native American Awareness Week.

The Mountain is also a place of hosting and hospitality offering a quality environment for the resident programs of groups beyond the United Methodist denomination. All together, during the past year, some 4,197 persons involved in 218 programs contributed to the rich life of Mount Sequoyah. Forty-six percent of the participants in events during 1999 were United Methodists. The remainder were persons from other denominations, schools and community organizations.

In order to continue and expand the work of The Mountain, considerable progress has been made toward renovating the facilities. All facilities used for programs have received some repair and upgrade. New interiors have been created by VIM teams in the Oklahoma, Edwards, Louisiana, Arkansas, Missouri and Bishops Cottages. In progress are the Nebraska, Kansas and Barnett Cottages while a major work for renovation and addition to the Texas Cottage is scheduled for November.

Mount Sequoyah, "the learning place," is moving into the new millennium with enthusiasm, optimism and strong faith in the work God has given to us.

NATIVE AMERICAN MINISTRY

Bishop Huie, Clergy and Lay Delegates to this Annual Conference, and Guests, this is my last report as Chairperson on the Committee. I understand the Structure of the Church states that a member may serve on a committee for eight years. I leave the committee with mixed feelings. I would like to highlight three items in this report. First, the committee promoted Native American Awareness Sunday in the Arkansas Methodist and each district newsletter. As a result, the committee has continued to sponsor a Native American member of Conway First UMC Dean Bowman, with a scholarship while Dean is in Medical School at UAMS. The money for the scholarship will come from offerings collected on Awareness Sunday in churches in the NAC. We would like to thank all the churches that took an offering on that Sunday. Second, several members of the Conference committee attended the national meeting on the Native American Comprehensive Plan April 29 - May 2, 1999 in Tulsa, Oklahoma. One of the goals set by those in attendance from the South Central Jurisdiction is to work toward having a Native American Ministries consultant on staff to assist each conference with their ministries to Native Americans. Third, the committee had Dr. Paul Austin, Executive Director of the American Indian Center of Arkansas as guest speaker. Dr. Austin shared with us the functions and operation of the Americau Indian Center of Arkansas. Its function is to advance the social, cultural and economic well-being of Native Americans residing in the state of Arkansas. After his presentation J. Harris Moore, Chairperson asked Max Dyer to visit the Center and further acquaint the committee with its operations before our committee makes any commitment of assistance.

Our conference committee will continue to uplift our Native American Ministries to the local church, so that in the near future more churches will participate in the Native American Awareness Sunday offering.

Thank you members of the committee, Bishop Huie, and the Annual Conference for your support and prayers these past years.

J. Harris Moore, Chairperson

OUTDOOR MINISTRIES

Following a decision by the 1999 Annual Conference, an office of Outdoor Ministries was established in Conway with Deborah Upp as part time office coordinator. The Outdoor Ministries Committee began a nationwide search for a full-time Director of Outdoor Ministries. This position was filled by Lu Harding, an ordained deacon in full connection in the North Arkansas Conference, who most recently served as youth minister and associate pastor at FUMC, Russellville.

The office has been charged with the responsibility of developing and implementing our program of outdoor ministry. There are four sites in the North Arkansas Conference which provide opportunities for persons of all ages. Bear Creek, Shoal Creek, and Wayland Springs are regional camps operated with district trustees. Mt. Eagle Christian Center is our conference site which, within the year, will house the Director of Outdoor Ministries and provide office space.

One of the first tasks of the newly created office was to insure all four camps under the conference wide UM Insurance Plan through Rhodes & Associates, Inc. of Little Rock. This provided uniform coverage at all locations and removed the need for individual camper insurance. The annual camping brochure, direct mail and advertising program, and publicity for camps under the Outdoor Ministries umbrella are all being coordinated from the office.

The site managers have met and are working together to share information and improve policies and procedures. Each location offers unique experiences toward making Christian disciples. For the year 2000, at least nine new camps are being offered, ranging from the Creative Arts Camp for elementary children at Bear Creek to the adult offerings at Shoal Creek and Mt. Eagle. Wayland Springs, Bear Creek, and Shoal Creek are also sites for the Ozark Mission Project, a home repair ministry of the Arkansas Area which attracts youth from several states. New camps that emphasize family ministry are being held at two sites. An off-site camp, a backpacking trip to Colorado, is scheduled for late July.

Since January 1st Mt. Eagle Christian Center, your site for year round use, has seen a substantial increase in retreat and conferencing events. As of March 15th (deadline for pre-conference reports) the number of camper nights for the first 2 1/2 months of the year went from 273 in 1999 to 502 in 2000. The number of groups reserving the facilities for overnight use in Jan through May went from 23 to 34. This reinforces our belief that the unique location and wilderness setting meet a real spiritual need of the people called United Methodist in Arkansas.

The Outdoor Ministries Committee reaffirms its recommendation that title and responsibility for capital

improvements to the regional campsites shall continue to reside in those boards of trustees presently holding title to the properties. It believes that each camp should be accountable to the North Arkansas Conference by following the goals of the Conference and therefore recommends the continuation of the incentive program for financial support as follows:

Each site may request an annual grant to be used for staff and program support (not for capital maintenance or improvement). Grant requests must exhibit viable ministries that reflect the programming objectives set by the North Arkansas Conference Outdoor Ministries Committee and will be submitted no later than November 1 following the guidelines established and reviewed annually by the Committee.

The Outdoor Ministries Committee appreciates the continued support of the Annual Conference and requests an apportionment of $125,000 which could be used in the following way:

{See the Outdoor Ministries Budget on page 180.}

Grants will be provided on a 1 to 3 matching basis up to a maximum of $5,000, with the local church providing 75% of the total cost, for building and renovation projects. Grants will be provided on a 1 to 1 matching basis to a maximum of $5,000 for programs of ministry and staff expansion.

Low interest loans are available to local churches who are seeking to improve or expand their facilities to better serve their parish area. A church receiving a loan from the Conference Loan Fund shall have a period of financial stewardship cultivation during each year assistance is given and is expected to show diligence in paying its apportionments for the total program of the United Methodist Church. Loans are considered based on the guidelines.

1. Loans shall be payable one-half upon approval of the P&CD Committee. The remaining one-half shall be

ACTION ON APPLICATIONS FOR GRANTS OR LOANS

The Parish and Community Development Committee will act on application for grants during the month of March of each year. Factors entering into the consideration of applications shall include the evident need for the project, the extension of Christian Ministry the project will make possible, the population and area to be reached, the degree to which other churches are serving the area under consideration, the evaluation of the proposed project by the District Superintendent, the Bishop, Cabinet, and district agencies, as well as the results of research by the Church Revitalization Program. The level of local church's participation and effort are also significant factors. Full approval and authorization of grants from the Church Revitalization Fund and loans from the Conference Loan Fund shall be lodged in the Parish and Community Development Committee.

DISBURSEMENTS OF GRANT OR LOANS

In general, disbursements of a grant may be made to a project when the Pastor and the District Superintendent certify by letter to the Secretary of Church Revitalization that the funds, thus made available, will when combined with other available funds, make possible the completion of the project. Disbursement of a loan may be made when all requested forms are in the hands of the Conference Loan Secretary. As money becomes available in the appropriate fund, a disbursement check shall then be mailed to the District Superintendent for delivery to the project. Approved Grants must be requested within two years of the approval date.

NEW CONGREGATION DEVELOPMENT PROGRAM:

The Parish and Community Development Committee, is charged with "encouraging and supporting the development of new and established congregations", (¶731.5e) and the Catch the Vision Fund is the process whereby meaningful contributions can be made in starting new churches and to the proposed relocation of existing congregations when justified.

I. NEW CONGREGATIONS:

A. Goal: It shall be a goal of the North Arkansas Conference to start one new congregation a year within

our conference as the need arises and the resources are available.

B. New Congregations may be started in a variety of ways, including (but not limited to): (l) an existing congregation initiating a mission location; (2) an existing congregation initiating an extension Sunday School in another location; (3) a pastor may be appointed to a given area for the purpose of establishing a congregation; (4) a pastor may be appointed to a piece of property already owned to start a new church; (5) the District Board of Church Location and Building identifies an area or community of significant growth for a new or relocated congregation and one of the above may take place; (6) Bishop, Cabinet and Committee on Parish and Community Development may identify an area or community as a target for a new church or relocated congregation as a Missional Priority.

C. Criteria for an Emerging Congregation:

1. Missions and Ministry shall be a focus from the beginning of each congregation. The purpose of a United Methodist Church is to be held forth by each pastor so as to present the Gospel in the community.
2. A strong community of faith, fellowship or koinonia, will be an aim to provide strength and support to each person in the Body of Christ.
3. Stewardship in all its aspects (time, talents, finances) will be taught so as to enrich the goals above as well as to financially undergird the fledgling congregations.
4. While the pastor is critical in the formation of a new church, the people need to help provide a setting conducive to the high morale of the pastor.
5. The first full year after the church is constituted they shall be given the same Apportionment responsibilities as other churches, in accordance with the C.F. & A. formula.
   {Secretarial Note: This is to begin with new churches constituted in 1999 or beyond, and is not understood to be retroactive.}

II. FINANCIAL SUPPORT FOR NEW CONGREGATIONS

Support for the new congregations can come from several sources such as: the congregation itself, district mission funds, district "special" funds/apportionment, interested individuals or groups in the community; Equitable Compensation Commission (key charge arrangement), and Catch the Vision funds. These new and relocated congregations, particularly the new ones, will need this assistance for clergy salary and housing and utilities support, first meeting facilities, site purchase, program, outreach ministries, advertising, signs, leadership training.

A. First meeting facilities can include arenas, theaters, community building, other religious group buildings, public buildings (schools, auditoriums). We do not recommend or endorse the use of trailers. It is important to have a focal point for identity during the beginning for the new congregation, but deliberate, long-range plans need to be made to avoid premature, debilitating indebtedness.

B. Salary, utilities and housing for the pastor will be needed until such time as the new congregation can become self-sufficient. A five year declining rate of support from district, Equitable Salaries, or other funds, is anticipated, however, each church will be urged to make stewardship education among its primary goals to shorten the time whenever possible.

C. Site selection and purchase can come at any time prior to, or after the organization of the church; unless there are unusual circumstances, five acres will be considered the minimum goal for a new congregation. Once the property is identified through the combined efforts of the Bishop, Cabinet, District Board of Church Location and Building, and the Parish and Community Development Committee, the purchase will be pursued in accordance with the Book of Discipline.

D. Outreach and programs of nurture should begin with the advent of the new church, even before there is a sizeable number of members and constituents. A recommended goal for the congregation's budget is seen as one-fourth salary, one-fourth mission/outreach (including initiating apportionments), one-fourth program (including advertising) and one-fourth debt retirement.

E. The First Phase in the building program will be crucial to the continued growth and nurture of the new congregation, therefore, a premature program is to be avoided. The first phase of the building program should not be initiated until attendance is averaging 100 or better. This first phase needs to be constructed within the bounds of a reasouably manageable debt for the membership (national statistics indicate the ueed to be at a $60,000 self-generated budget with 1/3 for debt retirement as the minimum

requirement). Catch the Vision funds are seen as one way to help avoid indebtedness which might severely limit the focus and capabilities of those members and future members.

III. CATCH THE VISION FUNDS

A. Monies collected from the Catch the Vision Annual Calls will provide support to eligible projects for the following purposes:
   1. Site purchase for a present or future development.
   2. Assistance for start-up and first meeting facilities.
   3. Assistance in the first phases of the building program.

B. New Congregations/Churches formed by Relocation or Merger. Relocating churches and new congregations formed by merger will be eligible for fnnds under the following criteria:

   1. A relocation church is one that develops at the initiative of the Bishop, District Superintendent/ Cabinet, District Board of Church Location and Building, with the advice and consultation of the Parish and Community Development Committee. It shall be defined as an existing group becoming a new church, with a new name, in a new area, having participated in training about what it means to be a new church.

   2. New churches resulting from a merger of two or more congregations will be eligible under the same process as for relocation.

C. Limits on Catch the Vision Funding: The following shall be the limits of time and dollars for new congregations.
   1. A church shall be considered new for five years from the date of the appointment of the pastor. An extension of up to two years may be granted for special circumstances after an in-depth review.
   2. A maximum of $ 350,000 will be allowed to any one situation, covering all items as noted in III.A. Actual funding will be determined by the needs of the project and the availability of funds.
   3. Projects eligible for funding within the above limit must have been approved as a qualifying project by the Parish and Community Development Committee prior to the beginning of the project.

D. Application for Catch the Vision Funds.
   1. Send a letter of request, including the signature of the District Superintendent and others as needed for the specific request to: Jack Schaible, 110 Salem Lane, Bella Vista, AR, 72715
   2. Requests need to be in by October 1 so they can be considered at our Fall meeting. Funds will be disbursed according to need and availability.

E. Priorities for Catch the Vision Funds:
   1. A New Work
   2. A Merger of two or more congregations forming a new congregation.
   3. A Relocation as defined above.

§§§§§

PERKINS SCHOOL OF THEOLOGY

Perkins School of Theology at Southern Methodist University has been preparing persons for effective leadership in the church and serving as a center of the church's intellectual life since the opening of the University in the early 20th century. In 2001, we will celebrate our 50th year in our prominent location on the southwest corner of the SMU campus, housed in facilities made possible by the generosity of Joe and Lois Perkins of Wichita Falls, Texas. Their hope was to help build one of the really great theological schools of our nation in order that strong leaders might be brought forward for the Methodist Church. Three generations of the Perkins-Prothro family have continued this commitment to the future leadership of the church. A renovated Perkins Chapel now stands in the newly dedicated Charles and Elizabeth Prothro Theology Quadrangle as a reminder of this heritage and a sign of our commitment to its future.

This past academic year, 503 students were enrolled in the school, 57 percent of whom were studying for their Master of Divinity and 13 percent of whom were pastors further developing their gifts and graces through the Doctor of Ministry program. Nearly half of the student body are women, approximately 20 percent are ethnic minorities, with another six percent studying as international students, and nearly three-fourths are preparing for leadership as pastors, teachers or musicians in The United Methodist Church. Beyond the student body, our continuing education efforts work to help current church leaders, lay and ordained, grown in their ministries. Nearly 300 volunteers in Christian education ministry and approximately 200 volunteers in youth ministry attended summer workshops, and several hundred others attended programs for laity, clergy, youth ministers, Christian educators and church musicians throughout the year, including our Lay School of Theology, co-sponsored by the Paragould/Jonesboro District in Blytheville this year.

Aware of the challenges facing persons called to ministry, Perkins continues to strengthen its outreach programs and its scholarship resources.

The Houston-Galveston program, known as Perkins South, enrolled 67 students this past year, making it possible for them to begin their studies without uprooting to the Dallas area, and 34 persons began studies through the Oklahoma Graduate Theological Program, offered cooperatively by Perkins School of Theology, Saint Paul School of Theology and Oklahoma City University

In addition, we continue to work with Annual Conferences to establish scholarship endowments for persons called to ministry from the Southwest. Funds pledged by the Annual Conferences to support their students are being matched by a gift from Charles and Elizabeth Prothro to the Campaign for SMU. To date nearly $11 million in payments and pledges have been raised for new scholarship endowments in the jurisdiction, exceeding our initial goals, and we continue to work to ensure scholarship support for more candidates.

Additional contributions from Mr. and Mrs. Prothro, as well as from Vin and Caren Prothro, the Joe and Lois Perkins Foundation, the Perkins-Prothro Foundation, The Dallas Foundation and others, made possible the renovation of Perkins Chapel and the Prothro Theology Quadrangle, rededicated this past September. The renovated organ in the chapel, made possible in part by the Horace C. Cabe Foundation, was rededicated this Spring.

These brick and mortar improvements do not stand alone. Dr. Alyce M. McKenzie has joined our music, worship and preaching faculty as assistant professor of Homiletics. This, along with the pending appointment of a second professor of worship and a new Director of Spiritual Formation, made possible through a grant from the Lily Endowment, secure Perkins' position as having one of the strongest programs for the preparation of preachers and worship leaders in the country.

Following the retirement of Dr. William J.A. Power, we are nearing completion of our search for a professor

of Old Testament, along with a search for a new position in New Testament. These appointments continue Perkins' commitment to providing students with a strong biblical foundation for their ministry. Also joining the faculty this past year was Dr. Rebekah Miles as associate professor of Ethics, and Dr. David Price as associate professor of Church History. Dr. Paula Dobbs-Wiggins, a practicing psychiatrist with extensive experience in lay ministries in The United Methodist Church, joined us as adjunct associate professor of Pastoral Care.

We look forward to our continuing efforts with the local church to build effective leaders for the church, who with integrity make disciples for Jesus Christ. Robin W. Lovin, Dean, Perkins School of Theology

PHILANDER SMITH COLLEGE

For one hundred and twenty-two years, Philander Smith College (PSC), and its forerunner Walden Seminary, has provided quality education for students of all races and socioeconomic backgrounds. Initially founded in 1877, Philander Smith College was created to provide education for freed slaves and named in honor of Dr. J. M. Walden, the first corresponding secretary of the Freedman's Aid Society. The first baccalaureate degree was conferred in 1888. The College has been served by eleven (11) presidents with the current president, Dr. Trudie Kibbe Reed elected by the Board of Trustees in 1998.

The College began this year with much excitement regarding greater success in fund raising. The College held a successful press conference on January 5, 2000 to announce the receipt of the highest individual gift ever received by Philander Smith College. The image and visibility of the College have improved over a short time period. We are very proud that a 1938 alumna of the college, Mrs. Esther Birch Wiley, presented us a $500,000 check for the new library and technology center. This donation comes at a critical time when the college is ready to launch a 13 million dollar capital campaign. Horizons Stewardship, Inc. will be assisting us with our fund raising efforts. With anticipation of additional gifts we are currently developing the infrastructure for the capitol campaign. Mr. Bill Bowen will serve as the capital campaign chair with many other dynamic community leaders.

The Board of Trustees has demonstrated its support of the capitol campaign through a 100% participation in pledges and contributions. Philander Smith College has turned an important corner in demonstrating greater capacity and commitment for fund raising by its policy makers. The College has also made strides in areas of: (1) improved fiscal operations; (2) greater leadership accountability; (3) expanded training of key personnel in the Office of Institutional Advancement and the Business Office; and (4) excitement over the new direction the college is taking to enhance academic excellence. The overall image of Philander Smith College is also improving due to quality marketing approaches, including positive news articles and coverage of successes in the implementation of a new strategic plan. Several of the new publications may be reviewed and obtained from the display table.

The new brochure for the Black Family Studies Program, the general brochure for recruitment, the new publication entitled, "Echoes of Excellence," and the new catalog are examples of publications that suggest there is a new and improved image for the college.

The current challenge presented to the college is to continue highlighting academic programs. The College is grateful for the in-kind services received from Mr. Shelby Woods, a member of the Philander Smith College Advisory Board who provided technical assistance from Cranford, Johnson, Robinson and Woods Marketing Firm.

With regard to our success in fund raising, I am very pleased to report that over the last year and a half, the college's endowment has increased from 5 million to 6.5 million.

The recent participation of the Philander Smith Collegiate Choir at the Greater Little Rock Chamber of Commerce breakfast, featuring President William J. Clinton, was another highlight for the College that gave us great visibility. As president, I serve on the Executive Committee of the Greater Little Rock Chamber of Commerce as the chair of the Education & Community Committee.

The 1999-2000 school year has been strategic in enhancing our student population. The caliber of students has improved. Our recruitment efforts have targeted better prepared students and we celebrate having a very effective director of admissions, Ms. Arnella Hayes. We are also excited regarding a special recruitment trip to El Paso, Texas to recruit Hispanic students. Dr. Jesse Hargrove, a Spanish speaking professor in the Division of Education, visited Texas to talk with 181 prospective students. We are also continuing our conversations with

indigenous leaders from Haiti (facilitated by Mr. Don Weeks) to begin a program at Philander Smith College that will attract students from this area.

Weekly chapel services have been successful each Thursday at Wesley Chapel United Methodist Church. These Chapel worship experiences focus on the spiritual development of our students and remind us of a strong Christian heritage and connection to The United Methodist Church. Under the leadership of Rev. Maxine Allen, the Chapel worship services have enhanced the understanding of the students with regard to various religious traditions. One special Chapel focused on our international students and their gifts of diversity. We are pleased to have had Dr. Tate, Chair of Board of Trustees, address our students. Mr. William Buford, Corporate Management Recruiter at Wal-Mart, was Chapel speaker on January 20, 2000. We also look forward to the upcoming yearly lecture series on Black Family Studies, a new tradition at our institution.

The 1999 winter retreat for faculty and staff focused on technology, with training for faculty and staff on the use of e-mail and the Internet. A special training session for use of technology in classroom learning is being set for all faculty, staff, and students. We are pleased that most faculty and staff have now received computers and access to the Internet.

We were excited about hosting several groups to our campus during the fall and the beginning of the spring semester. Recently, the Executive Committee of the University Senate of the United Methodist Church held their meeting on our campus. They were also present to participate in a special celebration of our president emeritus, Dr. Myer L. Titus, who now serves on the Commission on Black Colleges of the University Senate. In September, the General Commission on Religion and Race held a luncheon at PSC as a part of their meeting in Little Rock. Former Board of Trustee member, and Commission General Secretary, Chester Jones has been a longtime supporter of the College.

A comprehensive master facilities plan has been developed for the campus. We are very excited about the renovation of the auditorium in the Harris Fine Arts Center scheduled for completion this spring.

Philander Smith College is preparing for several upcoming accreditation visits from various educational agencies and the University Senate of the United Methodist Church (December).

Under the leadership of Dr. Sherman Tate, a special Advisory Board has been named to assist the College with fund raising. This committee is composed of business and community leaders. The Philander Smith College Advisory Board has met twice since our last meeting. Members of this Board point out that Philander Smith College has an image problem, as many in the State only know about our choir.

The Department of Interior has listed five of our buildings on the National Register: Old Gymnasium, Kelly Hall, UNCF Building, Cox Administration Building, and Wesley Chapel. Having received a recent call from the National Park Services Division of the Department of Interior, Philander Smith College has been prioritized for assistance with the Old Gymnasium and Cox Administration Building.

The Family Life Center which works with disadvantaged youth between the ages of 8 - 18, has relocated into Kelly Hall (former Presidential home) and is proud to bring young children and their parents to our campus. The Center is gaining visibility and is providing the college with rent for this facility. The college is pleased to receive this additional revenue. Prior to this time, the Center was paying rent to a local church in the community. With these funds, Kelly Hall will receive a face lift. A new roof has already given the home a better appearance.

Board of Trustees

It is a special privilege to thank the Board of Trustees for their assistance in my transition into the presidency and for their guidance and support. Because of their dynamic leadership, Philander Smith College is positioned to move into the new millennium with vision, excitement, and academic excellence. We look forward to a new level of enhanced teamwork which has already been demonstrated by new board members.

In keeping with the strategic plan of the College, the Board of Trustees has been expanded from its original configuration to include a more diverse group of persons. The members include: Dr. Sherman Tate (Chairperson), Alltell; Bishop Janice Riggle Huie, Arkansas Area UMC; Rev. Dr. Joreatha McCall Capers, General Board of Higher Education & Ministry; Dr. Charles Donaldson, Vice Chancellor for Education, University of Arkansas at Little Rock; Rev. PLANNING AND RESEARCH COMMITTEE

The Planning and Research Committee presents the following report to the North Arkansas Conference of 2000. Any changes in the Conference Structure refers to the document as printed in the 1999 Journal of The North Arkansas Conference.

Questions have been raised about having a Cabinet Representative on each of the boards, commissions, and agencies. When the Area Structure was adopted it was understood that Area Staff would be available to groups as needed. The Cabinet Representatives were removed from each board or committee in the Structure document. If a Cabinet Representative is ueeded the Bishop should be contacted.

A request was received related to a possible standing rule concerning the issuance of mailing labels which list members of the Annual Conference. This request also related to rules and/or policies about election of delegates to Jurisdictional and General Conference. After much study and discussion it was decided that the following recommendation would be made to the 2000 Annual Conference.

> The issue of mailing lists and the rules/policies for election of delegates to Jurisdictional and General Conferences has been brought to the attention of the Planning and Research Committee. It has been recommended that Planning and Research conduct a study of policies and/or rules utilized by other annual conferences regarding these matters and report recommendations to the North Arkansas Conference in 2002. This would be an appropriate time since delegates will not be elected until 2003.

Planning and Research received a request to have the chairperson of the Outdoor Ministries Committee become a member of the CCOM. According to The Book of Discipline outdoor ministries is the responsibility of the Board of Discipleship. Also, the NAC has recently hired a staff person to work in this area and new things are anticipated. After careful consideration, the following recommendation is presented to the Conference.

> In anticipation of the growth of outdoor ministries and increased importance it is recommended that a study be conducted by Planning and Research to determine the appropriate placement of the Outdoor Ministries Committee in the Structure. This study would be completed after any changes are made by the 2000 General Conference and a report made to the 2001 Annual Conference.

The Nominating Committee raised the question of whether the Disaster Task Force should be listed in the Structure and if the members of the Task Force should be nominated by the Conference Nominating Committee.

> A study of the Structure made it clear that the Disaster Task Force is named by the chairperson of the Board of Global Ministries. Page 270 of the Structure states as follows: "Task Forces may be appointed, as needed, by the chairperson of the Board of Global Ministries, using the Conference Committee of Nominations Nominee Pool as a resource."

The number of members on General Boards was decreased several years ago making it impossible for each Conference to have a member on each General Board. In line with a request from the Conference Board of Global Ministries, the following recommendation is presented.

> When there is not a person from the North Arkansas Conference on the General Board of Global Ministries and there is a Woman's Division Director, the Director will serve on the Conference Board of Global Ministries. (to be inserted on page 270 of the 1999 Structure, line 13, after the word 'women.')

The Nominating Committee suggested that consideration be given to combining the Committee on Religion and Race and the Ethnic Local Church Committee. There is Disciplinary requirement to have a body which covers the responsibility given to Religion and Race. The ELCC was created by the North Arkansas Conference. The following recommendation is presented to the Conference.

In order to strengthen the ministry of both the Committee on Religion and Race and the Ethnic Local Church Committee it is recommended that Planning and Research study the feasibility of combining the Committee on Religion and Race and the Ethnic Local Church Committee.

A request was received to add the chairperson of Planning and Research to the membership of the Annual Conference. Since this person reports to the Annual Conference the following recommendation is made.

On page 281 of the Structure, item 16, line 4, after the words, "and Jurisdictional Conference" add ",Chairperson of Planning and Research."

Members of the Planning and Research Committee thank the Annual Conference for its assistance and support for the past eight years.

M. Olin Cook, Chairperson

RELIGION AND RACE

Arkansas Initiative To Strengthen the Black Church

"Where there is vision the people perish", Proverbs 29:18.

Thank God for an area with vision, a North Arkansas Annual Conference with vision, in addition to the Bishop, Clergy and Lay leadership with vision. As one surveys the horizon of ethnic ministries in the North Arkansas Conference, they do not have to look long or hard to see the fruits of visionary ministry. As your chairperson this past year, I wish to take this opportunity to report, relay, resound, as well as rejoice on ministry which occurred, is going on and project ministry into 2000 and the future.

The North Arkansas Ethnic Local Church Committee is in a covenant partnership relationship with the Little Rock ELCC and the added benefit of an Area Strengthening the Black Church for the 21st Century Initiative Task Force. These groups have been working together to forge ministry of hope in our ethnic churches. There are five identifiable areas of ministry where we have our most direct focus. These areas are (1) Leadership Development, (2) Higher Education Scholarships, (3) Facilities Assistance, (4) Community Building, and (5) Ethnic Affirmation.

Leadership Development

Since 1998 Leadership Development opportunities have been presented at the following events. A Comprehensive Resource Training Workshop was held in November 1998. In March 1999, the program thrust of Black Methodist for Church Renewal in Baltimore, Maryland focused on reaching out to our community. We brought this renewed understanding and fire back and in April of 1999 conducted a Marianna Larger Parish "Day of Evangelism" where we received individual community assessment training, and then we hit the streets around Marianna with positive community feedback. Two North Arkansas Churches, McCabe Chapel and Ebenezer, participated in an Evangelism Workshop at St. Mark in Wichita, Kansas. As the summer progressed and through our Bishop's assistance and the Area Strengthen the Black Church Initiative, we conducted an area wide "grant writing" workshop to assist our churches. A number of North Arkansas Churches attended and applied for grants and were approved. As with many grants, these funds were not able to completely fund all ministry requests. In October of 1999, North Arkansas was represented at the South Central BMCR in New Orleans where the emphasis was "Leadership Into the New Millennium". In February 2000, a dynamic soul-piercing workshop on Internalized Racism" was held at Philander Smith/Wesley Chapel with support for both ELCC's and the Area Initiative.

Facility Assistance

As a continuation of our 1998 comprehensive plan, resources were to be set in place to help Ebenezer in Conway to extend their rapid growing ministry. Conference Area Initiative funds, along with local Church and District support enabled Ebenezer to purchase surrounding land and is now on target with continued assistance to build a sate of the art worship and ministry center.

Higher Education Scholarships

The Methodist thrust of education was very evident in the applying and distribution of higher education and professional scholarships this year. Eight members of North Arkansas ethnic churches were awarded and some awarded did not receive the fully allotted committee amount. I personally, our education sub-committee and the entire ELCC committee salutes the Conference Council for their vision to increase funding for this area so more deserving students may continue their education, as well as those who will be starting their educational journey.

Community Building

There is an old saying "the more we get together the better we will be". Thanks to a vision of fellowship, we have embarked on an area model second to none. Fellowship services are being held area wide. Let me focus on our North Arkansas celebrations. Our 1999 BMCR Banquet at Ebenezer in Conway was a great success and well attended by lay and clergy across the conference. Our 1999 feature was the traditional ethnic food of the sweet potatoes. In September of 1999, at McCabe Chapel, we had a wonderful, very well attended gathering. This service was followed up with an accompanying faith sharing session of mainly young adults. In February of 2000, we traveled to Mallalieu with a service that showed great spirit and togetherness. We have projected for 2000, an April 30th Fellowship Service at Livingston Chapel in Marianna. We look forward to our Annual BMCR banquet and look forward to seeing each of you. This year's feature will be the "Peanut". Additional community building events are being put in place.

Ethnic Affirmation

To say this was a year of ministry is but a lead into how your prayers, our prayers, the plans and presentations have become a reality through many willing and helpful hands. I wish to acknowledge with joy our partnership with the Area Strengthen the Black Church Initiative, along with the help of the area consultant. Without them, we could not have made such a huge ministry impact. I thank God for the privilege to serve and I seek your continued support.

RESOLUTIONS TO CREATE A PROCESS FOR UNITING THE LITTLE ROCK AND NORTH ARKANSAS CONFERENCES OF THE UNITED METHODIST CHURCH

Whereas, a strength of United Methodism from its beginning is its ability to organize itself effectively for proclaiming the Gospel and making disciples of Jesus Christ.

Whereas, the need to unite the two conferences is stronger today than ever before. One conference would enable the United Methodist Church of Arkansas to become more effective in making disciples for Jesus Christ. It would help in realizing our vision of oneness in mission and ministry. Uniting the conferences gives the church an opportunity to examine its efforts and ask, "Is there a better way?"

Whereas, the following results of uniting the conferences would contribute to our calling to be effective witnesses for Jesus Christ:

- A united conference would bear witness to our unity in Jesus Christ.
- One conference would offer a clearer identity, mission and witness of the United Methodist Church in Arkansas.
- One conference would avoid duplication of efforts and resources and allow more effective use of finances and personnel.
- One conference would better mobilize clergy and lay leadership. A more efficient appointment-making process would result in better utilization of clergy for equipping laity for making disciples. The bishop, cabinet and area staff would be better able to give leadership.
- Uniting the conferences facilitates the opportunity to restructure districts to better fulfill our mission.
- One conference would be stronger and would make itself more significantly felt throughout the United Methodist Church connection and beyond.

Be it therefore resolved that the following five resolutions be presented to the regularly called June 2000 sessions of the Little Rock and North Arkansas Annual Conferences (Resolution Numbers 4 and 5 are subject to the 2000 session of the South Central Jurisdictional Conference approving Resolution Number 3.)

§§§§§

RESOLUTION NUMBER 1:

(Conferences shall vote on the same resolutions)

The 1996 Book of Discipline, in paragraph 604, notes that an annual conference may adopt rules and regulations not in conflict with the Discipline. That has been interpreted to mean that each annual conference has the authority to set its own policies, when they aren't in conflict with the Discipline. While this is recognized,

for the sake of fairness, be it resolved that the Little Rock and North Arkansas Conferences shall vote on the resolutions in this document without the privilege of amending in any manner. Later, when a plan of union is presented, the right to amend will be given in a joint session.

§§§§§

RESOLUTION NUMBER 2: (Voting Procedure)

Resolutions 3 and 4 shall be voted on separately and the votes in each conference shall be by secret ballot. The votes in the Little Rock Conference will be sealed and not opened until completion of the balloting in the North Arkansas Conference. Upon completion of the balloting in the North Arkansas Conference, the ballots from both conferences will be counted and a report of each of the ballots shall be delivered to Bishop Huie for announcement of the results at that time. Two members from each Annual Conference (one lay and one clergy), nominated and elected by the Delegations from the respective conferences, shall count the ballots.

§§§§§

RESOLUTION NUMBER 3:
(Approval of South Central Jurisdictional Conference)

The Little Rock and North Arkansas Conferences request the South Central Jurisdiction of the United Methodist Church to grant permission to unite and form a new annual conference of the United Methodist Church, contingent upon approval of a plan of union by the two conferences. The new annual conference shall be known as the Arkansas Conference, and shall include the State of Arkansas.

§§§§§

RESOLUTION NUMBER 4:
(Work that Needs to Be Done Before Final Vote)

The Lay and Clergy Delegations to the 2000 General and Jurisdictional Conferences shall be responsible for developing a plan of union which will be presented to a special called session of both conferences. The Delegations, meeting jointly, shall appoint a transition team consisting of an equal number of lay and clergy persons from both annual conferences who possess the responsibilities, skills and expertise to produce a "Plan for Union." This Transition Team shall be directly amenable to the Area Delegation. The Area Delegation will receive and perfect the report from the Transition Team and present the final plan of union to a special called joint session of both conferences (for the final plan of union to be presented to both annual conferences at least 2/3 of the members of each conference delegation must concur). The vote on the plan of union shall take place no later than January 1, 2003.

§§§§§

Resolution Number 5: (Financing)

Contingent upon Resolutions Numbers 3 and 4 being approved, be it resolved that each Annual Conference release up to $12,500 from their respective funds to fund the work of the Transition Team and union.

Dated this first day of April, 2000
Lynn R. Baker, Chairperson , North Arkansas Conference Delegation
David B. Wilson, Chairperson, Little Rock Conference Delegation

§§§§§

INFORMATION ABOUT THE RESOLUTIONS TO CREATE A PROCESS FOR UNITING THE LITTLE ROCK AND NORTH ARKANSAS CONFERENCES OF THE UNITED METHODIST CHURCH

What is the procedure that will be used?

First, five resolutions will be presented to the 2000 regular sessions of the Little Rock and North Arkansas Annual Conferences.

The first resolution will establish a fair and equitable way for the Resolutions to be presented and voted on in two annual conferences meeting at separate times

The second resolution will establish a voting procedure which will assure the complete integrity of each conference's vote until the results are announced by Bishop Huie at the North Arkansas Conference (the later of our two conferences).

The third resolution will seek permission from the 2000 South Central Jurisdictional Conference for union

- - contingent upon a subsequent vote to become one conference by both of the Arkansas Area annual conferences.

The fourth resolution (which will not be implemented unless Resolution 3 is approved by the 2000 Jurisdictional Conference) will put into motion a procedure for a Plan of Union to be developed and for a final vote to take place no later than January 1, 2003.

Resolution Number 5 will assure funding for the work of the Area Delegation and the Transition Team.

The Area General and Jurisdictional Conference Delegation and the Transition Team will have up to 30 months to do their research and develop a plan of union. During this period it is anticipated that much dialogue and many meetings will take place with as many groups as possible to assure that the final plan presented for vote will represent the very best thinking and plans of all of our people.

Why is this being done now?

The corollary question would be "Why not now!?" Over the last decade or so we have virtually become one entity in so many positive and confirming ways. Here are just a few - Area Cabinet, Area Staff, Area Treasurer, Area Foundation, Area Resource and Production Center, and Area Newspaper. Many of our agencies are co-hosting Area events, etc. We are entering a new century and new millennium, newness is all around us - - indeed why not now?!?!

Why is the Area General and Jurisdictional Conference Delegation doing this?

The delegations that you elected at the 1999 Annual Conferences represents a group of people that have earned your trust and support and you have confirmed your faith in them be electing them to represent you at this high level of the church. It is a group that is made up of an equal number of lay and clergy, it is ethnically and geographically diverse, and as a group has been working together for almost a year.

What will this "Transition Team" look like?

The Area General and Jurisdictional Conference Delegation will carefully choose people who have the elected responsibility, background, expertise and skills to bring everything to a common table where a "Plan of Union" will be developed that will form us into one conference - - with one primary purpose - - that of "making disciples of Jesus Christ"!

What are some of the issues they will have to deal with?

Structure, pensions, and re-districting will be the major areas.

How many Districts will there be in the new Arkansas Area?

The number of Districts will be a consideration of the Transition Team. Consideration will be given to geography, demographics, number of appointments, etc.. Currently there is a disparity in the number of charge conferences that each District Superintendent must preside over - - these will probably be equalized as closely as possible.

Will our apportionments be reduced as a result of this union?

Although there will be some monetary savings as a result of reducing or eliminating what we are now duplicating - - in all likelihood we will still spend about the same amount of money. The good news is that we will be spending it a lot smarter and getting more ministry miles out of our dollars.

What will the new Structure look like?

We will certainly continue the long standing policy of lay and clergy balance, ethnic and gender inclusivity, and geographic representation. Most agencies will probably have at least one person from every District. This will be a great opportunity to structure ourselves for ministry and not so much for institutional maintenance and survival.

What will the effective date of union be?

First of all it would be no later than January 1, 2003. It could be sooner depending upon the progress of the work of the Transition Team. However we want to allow enough time to engage as much input and dialogue as possible with every United Methodist in Arkansas before issuing the call for a special session of both Annual Conferences to vote on it.

How and where will the final vote on union take place?

For those of you who were at the special called joint session for approval of the Area Staff concept - - you will remember that we met together, at the Little Rock Convention Center, and all of us heard the same presentations, debated the issue, offered amendments, perfected the report and then when it was time for the final vote - - each annual conference voted separately by written ballot. That will probably be the plan we will use for the

union vote. Para 603.5 of the 1996 Discipline establishes the guidelines for calling special sessions of the Annual Conference.

Where will we hold our Annual Conference sessions if we become one Conference?

None of our churches would be large enough to host us. In all likelihood we would convene in some convention center type building. The good news is that we would be able to sit at tables for conferencing - - the bad news we would miss the atmosphere, reverence and ambiance of a church.

§§§§§

RESOLUTION NUMBER 6

DISABILITY AWARENESS

WHEREAS, according to the 1996 Book of Discipline, Paragraph 269.4, page 167, which states: "Disability Awareness Sunday shall be observed annually on a date to be determined by the annual conference. Disability Awareness Sunday calls the Church to celebrate the gifts and graces of persons with disabilities and calls the Church and society to full inclusion of persons with disabilities in the community. If the annual conference so directs, an offering may be received and the funds used by the annual conference to promote the work of creating architectural and attitudinal accessibility in local churches."

And WHEREAS, the 1996 Book of Discipline, Paragraph 2532.6, page 630, states: "The board of Trustees, in cooperation with the health and welfare ministries representative, shall conduct or cause to be conducted an annual accessibility audit of their buildings, grounds, and facilities to discover and identify what physical, architectural, and communication barriers exist that impede the full participation of people with disabilities and shall make plans and determine priorities for the elimination of all such barriers. The Accessibility Audit for churches shall be used in filling out the annual church and/or charge conference reports."

And WHEREAS, materials for conducting the accessibility audit are available through the General Board of Global Ministries, Be it therefore resolved:

1. That the North Arkansas Annual Conference designate the third Sunday of August of each year as DISABILITY AWARENESS SUNDAY, and,
2. That each church in the North Arkansas Conference conduct an Accessibility Audit prior to the third Sunday of August.

RESOLUTION NUMBER 7

RESOLUTION OPPOSING REPLACING LOCAL PROPERTY TAXES WITH STATE SALES TAXES

WHEREAS, the United Methodist Church has a long history of concern for social justice; and,

WHEREAS, the United Methodist Church supports tax structures that do not benefit the wealthy at the expense of the poor; and,

WHEREAS, any proposed amendment to abolish local property taxes and replace those revenues with a state sales tax will seriously weaken local institutions such as fire departments, police departments, road departments, public schools, and public libraries by reducing their budgets by over 300 million dollars; and,

WHEREAS, healthy local institutions are necessary if we are to have social justice; aud,

WHEREAS, the replacement of the local property tax with a state sales tax will make an already regressive tax system even more regressive; and,

WHEREAS, regressive taxes adversely impact those persons who are least able to pay taxes; aud,

WHEREAS, the shift of the tax burden from the local level to the state level will erode the basis of local political control of community decisions; and,

WHEREAS, this tax shift along with the subsequent loss of local income and control is in conflict with the United Methodist Church's historic support of social justice and fair taxation, now,

BE IT THEREFORE RESOLVED, that the Boards of Church and Society of the North Arkansas/Little Rock Conferences call upon these conferences to affirm their support for social justice and fair taxation by opposing any attempt to replace local property taxes with state sales taxes.

RESOLUTION NUMBER 8

RESOLUTION OPPOSING GAMBLING

WHEREAS the United Methodist Church has a long history of opposing gambling and its parasitic impact

on us: The Boards of Church and Society of the Little Rock and North Arkansas Annual Conferences of the United Methodist Church, and the Arkansas Area United Methodists Against Gambling Task Force, call upon this denomination to follow this stand by continuing to oppose the passage of any and all constitutional amendments or legislation that promote or allow the further degradation of our state's moral and ethical standards by way of legalizing additional forms of gambling in Arkansas.

WHEREAS this opposition to the further legalization of gambling in Arkansas is based on the long standing principles of our Church: It is also grounded in our reliance upon a consistent thread of Biblical principles. This opposition is also based upon a consistent thread of Biblical principles. This opposition is also based upon our Church's knowledge of and response to the systemic evil and deception that is inherent in the gambling industry and the residual societal damage that communities inevitably experience with the presence of gambling in any form.

BE IT THEREFORE RESOLVED that we call upon all United Methodists to oppose any and all present and future proposed constitutional amendments and pieces of proposed legislation which would promote and expend gambling in its various forms, and to examine the portions of our life styles and values that make us susceptible to the false promises of such vices.

RESOLUTION NUMBER 9
RESOLUTION CALLING FOR A MORATORIUM ON EXECUTIONS

WHEREAS the United Methodist Church Social Creed calls us to oppose capital punishment; and

WHEREAS we, as a uniform body of open-minded individuals, abhor violence in any manner; and

WHEREAS our government must set an example of reconciliation to its citizens, rather than vengeance; and

WHEREAS we believe that the education of our citizens is a much greater and wiser use of our money than the money spent seeking and imposing the death penalty; and

WHEREAS statistics show that the Death Penalty is given to a proportionately higher number of minorities; and

WHEREAS the American Bar Association has concluded that administration of the Death Penalty is a haphazard maze of unfair practices with no internal consistency and has called for a moratorium on executions,

NOW, THEREFORE BE IT RESOLVED that the North Arkansas/Little Rock Conferences call on Governor Mike Huckabee, all of our state representatives and senators, U.S. Congresspersons, and President Bill Clinton to enact and adopt legislation imposing a moratorium on executions.

BE IT FURTHER RESOLVED that copies of this resolution shall be forwarded to Governor Mike Huckabee, all of our state representatives and senators, our U.S. Congresspersons and President Bill Clinton.

RUSSIA INITIATIVE AREA TASK FORCE

This task force was formed by Bishop Huie in 1998 to promote the work of the United Methodist Church in Russia. In October of 1998 Bishop Huie and District Superintendent Elena Stepanova of the Ural-Siberia District signed a partnership agreement to work together to strengthen supportive relationships between the Arkansas Area and the Ural-Siberia District of the Eurasia Conference of the Russian United Methodist Church. We will work together as partners in church development, evangelism, and mission outreach. Exchange trips have been made and more are to be planned in the future.

The Library of Congress asked the UMC to host 1000 Russians in 1999 in a program called Open House.

Many Russians came to Arkansas to visit, see our community and democracy at work, visited our churches, and were welcomed hospitably by Arkansas United Methodists. We hosted 94, more than any state except Texas. Again in 2000 another Open House may be help and we hope to work in it again.

§§§§§

SAINT PAUL SCHOOL OF THEOLOGY, KANSAS CITY

On September 3, we began our fortieth academic year. Students, faculty, and staff came together in Kresge Chapel for the Opening Convocation. This time of worship, including the Lord's Supper, has marked the beginning of each school year at Saint Paul.

Enrollment of degree students continues to be strong, with M.Div. enrollment now the fifth largest of the thirteen United Methodist seminaries. Students are from thirty-five states and five countries. The Course of Study enrollment also continues to expand.

Our new academic dean, Dr. Nancy R. Howell, was selected after an extensive national search conducted throughout the past academic year. Her commitment to the church, distinguished scholarship, and skilled teaching make her an ideal academic dean.

Faculty retirements mark times of transition for a seminary. Dr. Tex Sample, the Robert B. and Kathleen Rogers Professor of Church and Society, will retire in June after 32 years on the faculty. Dr. Eugene L. Lowry, William K. McElvaney Professor of Preaching, retired last year but continues to do some teaching.

Major renovation of the Kresge Chapel organ has begun. When the project is completed, we will have an organ with twenty ranks, up from eight, and a new console.

Last fall we sponsored a Wesley Studies Conference for students, clergy, and laity. The theme was "The New Creation." The featured lecturer was Dr. Theodore H. Runyon of Candler School of Theology. Four Saint Paul faculty also made presentations. The date for the 1999 Wesley Studies Conference is November 3-4, with Dr. Geoffrey Wainwright from Duke Divinity School as the main lecturer.

Saint Paul has received a grant from the Lilly Endowment of $1.2 million over five years to fund "A Church and Seminary Partnership to Improve Congregational Ministry." The project will focus on 1) identifying, encouraging, and enlisting leadership of the highest quality, 2) the quality of seminary preparation with special attention to those dimensions of management, administration, and finance about which many clergy feel unprepared, and 3) work with those who have completed seminary.

Please know how much your interest, prayers, and support mean to our students and to our mission of preparing leaders and reformers for a new century. We seek to prepare leaders who, faithful to the Wesleyan spirit, know God, proclaim Christ, and seek justice. Let us all hope, pray, and work for renewal and revitalization in all of our churches.

SOUTH CENTRAL JURISDICTION

It is my honor and pleasure to provide this report to you as a way to very briefly lift-up major achievements and celebrations of your jurisdictional office.

1999 was a fantastic year for the South Central Jurisdiction Volunteers In Mission (UMVIM, SCJ) Program. All conferences have provided a full-time or part-time coordinator, either paid or volunteer. We meet as a network group twice per year, and the coordinators selected are dedicated and committed to operating this ministry effectively and efficiently. Relative to the one project that the jurisdictional office coordinates that is located in Juarez and Chihuahua City, Mexico, five-hundred and eight (508) persons participated with mission volunteer teams in 1999. A total of $124,736.00 was the financial expenditure paid by the volunteer teams. Of the total number of persons mentioned above, The Juarez site had approximately two-thirds of the people working there. A 'fact-finding' team will be in dialogue in the coming weeks regarding the operation of this project and how it can be better structured for maximum benefit to the people it serves. A team of eight persons (sponsored by the GBGM), of which I was a part, just returned from areas of devastation in Kosovo and Israel/Palestine to determine where and how mission volunteer teams might be of assistance to the people in these locations.

As we approach the 2000 Jurisdictional Conference, much of my time (and that of the assistant) has been devoted to the logistics surrounding the coordination with all involved entities for this conference. The pre-conference journal will soon be finalized, sent to press and prepared for mailing to delegates in early May.

Routine speaking engagements, attendance at board meetings of jurisdictional institutions, attendance at jurisdictional networks meetings, other commitments and the usual office responsibilities, have all continued throughout the year. Thirteen grants were provided for jurisdictional ministries this year, and additional financial support was granted to three of our networks/organizations.

Conference financial support of the jurisdiction through the total giving for institutions, missionary conferences and the administration fund, totaled 92.1 % pay-out. Five of the seventeen conferences of the jurisdiction paid 100% or above of their share; five additional conferences paid 99% - 90.9%.

We thank all of you for your commitment to the jurisdiction, and look forward to continuously working with you in whatever ways you may request our assistance. Thalia F. Matherson , Executive Director

SOUTHERN METHODIST UNIVERSITY

I am pleased to report another exciting and positive year at SMU. The state of the University is very good and new developments make for an even brighter future.

I will share some significant "bullet points" with you:

The Campaign for SMU

The Campaign for SMU: A Time to Lead seeks endowment and other support to continue strengthening the quality of students, faculty, academic programs and selected facilities at SMU. The campaign has achieved remarkable success since it began in April, 1997. As of December 31, 1998, gifts and pledges to the campaign totaled $321 million. Major 1998 commitments include the following:

1. Gifts totaling $3 million will establish an endowed scholarship fund at Perkins School of Theology for students from the Texas Annual Conference. The scholarship fund will be made up of $1 million from the Permanent Endowment Fund of the Moody Memorial United Methodist Church in Galveston, $1 million from the Texas Conference and $1 million in matching funds previously provided by Charles and Elizabeth Perkins Prothro of Wichita Falls. These combined gifts will serve as a model for other conferences within the South Central Jurisdiction to participate in the SMU campaign through gifts matched by the Prothro scholarship funds.

2. Perkins School of Theology was the recipient of a $1.5 million grant from the Lilly Endowment Inc. to develop regional teaching congregations as part of its intern program.

3. The Meadows Foundation of Texas has pledged a total of $20 million for a new Meadows Museum at SMU which will double exhibition space for the most comprehensive collections of Spanish art outside of Spain.

General

- SMU's graduation rate of 70 percent was the second highest of Texas universities.
- SMU was named to the 1997-98 *Honor Roll for Character-Building Colleges* by the John Templeton Foundation and was selected as one of 93 schools to appear in the *Student Guide to America's Best Colleges Scholarships.*
- The Edwin L. Cox School of Business is nationally recognized for its undergraduate, graduate, and executive development programs. Both the school's full-time M.B.A. programs and the Executive M.B.A. are ranked among the nation's best by *Business Week. The London Financial Times* ranks the Cox School's undergraduate program 24th in the nation and *U.S. News & World Report* ranks it 32nd.
- SMU's fall 1998 enrollment of 10,038 was the largest since 1975. Minority enrollment was at an all-time high of 20.1 percent of the total enrollment. SMU's first-year class continued to show geographic as well as ethnic diversity. Florida followed Texas as the number two state of origin. The next states, listed in descending order were California, Louisiana, Oklahoma, Arkansas, Illinois, Missouri, Georgia and Tennessee.
- SMU is at the forefront of a national movement known as "service learning," in which students supplement readings and discussions in selected classes with related volunteer activities in the community. About 2,000 students participate in volunteer service each year.

Off-Campus Programs

- The Oklahoma Graduate Theological Program began in fall, 1998 under the sponsorship of Perkins School of Theology, Saint Paul School of Theology and Oklahoma City University's Wimberly School of Religion. The program offers master's and certificate-level programs through classes taught at Wimberly by professors from the three institutions.
- Since Perkins School of Theology began its Houston/Galveston program in 1995, more than 120 students have

enrolled in classes offered in both cities, which lead to master's degrees and professional certification.

I am also pleased to note that our United Campus Ministry Program, funded by the South Central Jurisdiction, continues to grow both in numbers and programs. The ministry is guided by an able board led by Bishop Oden and the campus minister is Creighton Alexander in his first year from Asbury Seminary. We continue to highly value the Jurisdiction support of this important United Methodist program at SMU.

The University needs and appreciates your interest, prayers, leadership and gifts as we affirm our United Methodist heritage.

STEWARDSHIP

The Committee on Stewardship was invited to meet with the NAC Board of Discipleship in order for members to experience the context of the work of Stewardship within the Board of Discipleship. At this meeting Stewardship discussed and proposed courses of action for the NAC Council on Ministries.

For the current year, Stewardship is providing a stewardship resource, produced by the GBOD, for the conference resource packet. The Committee on Stewardship will continue discussions seeking ways to assist the local churches in the NAC become more effective in their mission.

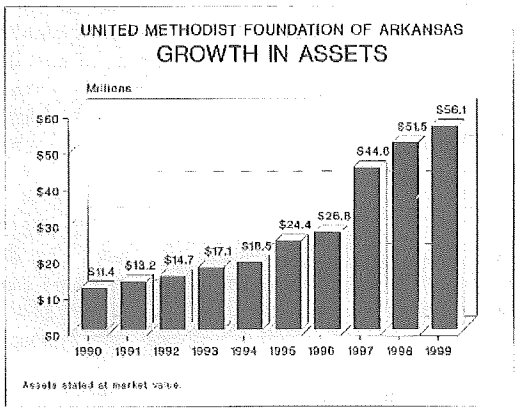
UNITED METHODIST FOUNDATION

This is my 20th report to the annual conference on behalf of United Methodist Foundation of Arkansas. Please know, that from the bottom of my heart, I thank you for this chance to devote myself to this worthwhile

and unique ministry. This mission and the countless people I've crossed paths with have been such a rich blessing.

When I was first employed by the Foundation in 1981, assets were less than $100,000 and the two conferences underwrote 75% of the Foundation's operating expenses. Today, the Foundation's assets under management exceed $56 million! The accompanying chart describes this wonderful growth. By 1987 the support from each conference had grown to $20,000 each. It has not been increased since 1987, but the Foundation has continued to experience significant growth.

Today, support from the two conferences represents only 13% of our budget revenues. Since the Foundation needed additional staff and resources to insure we met our commitments and obligations, other revenue sources were developed. We started the Cornerstone Fund, an endowment fund to help operate the Foundation that now has a market value of $831,000. We instituted a modest account service fee, and we launched the Bishops' Club, which today is a group of 60 United Methodist from throughout Arkansas who contribute $1,000 each year to subsidize our services to the Church.



It has been my great blessing to serve as the Executive Director of your Foundation these past 19 years. Early on we were very small, and our visions of the future were far grander than the realities of the present. During the 1980's it was a struggle to find adequate funds with which to assure that the Foundation had resources and staff to pursue its special mission and live up to its commitment. In 1986 we chartered the Bishop's Club, which is a group of 60 United Methodists from every corner of the state who contribute $1,000 each year to assist in operating the Foundation. In 1987, we started the Cornerstone Fund, which is an endowment fund earmarked to provide annual operating support to the Foundation. As of today, the Cornerstone Fund now has a market value of $183,000. In 1991, we began to charge a small account service fee for the first time--we had previously provided all services without fee.

Nineteen years ago almost all of the Foundations's operation was funded by the two annual conferences. That support climbed to $20,000 a year from each conference in 1987. It has not increased since. The conferences deserve much credit in patiently providing this support and sharing in our long-term vision.

However, today this conference support is more important in terms of accountability and promoting a sense of ownership than in underwriting Foundation operations. And so, last November, the Foundation's Board of Directors passed a motion that commits the Foundation to returning the $20,000 to each conference each year. It is with great pleasure that I present this check for $20,000 to the annual conference.

I have more good news. Because of the discretionary gifts the Foundation has received in recent years, the Foundation's Board of Directors voted last month to set as a priority the creation of a semiary schinaarship endowment fund over the next few years. The endowment fund will eventually have a principal balance of around $3.5 million. This new endowment fund will eventually assure the two annual conferences of nine, full scholarships and stipends each year. The scholarships will be awarded to Arkansas seminarians, selected by the Boards of Ordained Ministry, who are attending United Methodist seminaries and who are under a commitment to pastor Arkansas local churches.

The Foundations's Board is very excited about this commitment. It offers the potential to strengthen every local church in Arkansas. With a growing pastoral supply crisis, the impending retirements of our baby boomer generation of pastors, the changing emographics of our pastor corps, the escalating costs of seminary education, the reality that we do not have a United Methodist seminary in Arkansas, the huge school loans that burden many of our newly graduated, but lowest paid pastors, and the reality that the quality of our future pastors is, in my

opinion, the single most important ingredient for future church revitalization, this new endowment fund offers a brighter future for every local church in Arkansas.

We've got much hard work ahead of us if we are to put this new scholarship fund in place. If any of you led to help out, see me.

King David offers a prayer of thanksgiving in I Chronicles because his people responded generously to his efforts to build a new temple. He prays, "Praise be to you, O Lord, Yours, O Lord, is the greatness and the power, the glory, majesty and splendor. For everything in heaven and earth is yours. Wealth and honor come from you." Like David, the Foundation thanks our Creator for the generous response of United Methodists from throughout Arkansas. And we offer our thanks to God Almighty that we have been blessed with the capacity to launch this seminary scholarship fund. The Kingdom will be stronger.

The Foundation's Board of Directors, chaired by Rev. Jim Beal, decided in its November meeting to make every effort each year to return the $20,000 of operating support to each conference each year. We know that you have other, pressing missional needs for these funds, and we believe we can now generate adequate operating funds from other sources. We would like to view the annual conference support as a sort of safety net to protect the Foundation, but we're pledging our best efforts to return it each year and we cannot imagine the circumstances that would prevent us from doing so in the foreseeable future. The board wants to continue to be identified as a recipient of conference financial support because of the sense of ownership and accountability that this status promotes.

Your Annual Conference and its leaders deserve much credit for the vision and patience exhibited in nurturing the Foundation to its present point. The Foundation has been given adequate resources to prosper, its board has been strong, churches and individuals have enthusiastically responded, we've recruited an effective staff, and the annual conferences have avoided the temptation to expect immediate results, knowing instead that they were patiently planting the seeds for future generations. Those seeds have sprouted, and they will bear more and more fruit in the years to come.

We are your Foundation. We help individuals plan testamentary gifts or create charitable life income trusts to benefit any part of our great Church. We provide professional investment management for local church endowment funds, and we make local church loans. If we can help you or your local church, please call on us.

UNITED METHODIST CHILDREN'S HOME

"Do not withhold good from one who deserves it when you have the power to say it." - Proverbs, 3.27

"Pleasant words are like a honeycomb, sweet to the palate." - Proverbs, 16:24

Acknowledgment of the good in children is a value held in great esteem by those of us who work within the confines of the Teaching-Family model of childcare. It should be for all who work with children and especially those of us who are parents. Yet in day-to-day life, with all its frustrations and tensions, we use words of praise and validation sparingly.

In one study on child-rearing practices, a researcher carried a tape recorder around the house to compare the number of expressions of praise to those of criticism. It was found that one word of praise was offered children for every five words of criticism! In the Teaching-Family model our direct caregivers, Teaching-Parents, find five things to praise in a youth's behavior for every time there is an inappropriate behavior that needs correcting.

Affirming and praising someone is among the most sacred ways we can facilitate the person's psychological and spiritual growth. As parents, we should "catch our kids doing something right." We need to show appreciation through smiles, compliments, pats on the back, praise and good listening.

In the story of Isaac and Jacob blessing their children, we are told "the eyes of the aging patriarch were dimmed by age." When the commentator asked why both of Isaac's eyes were dimmed, we are told that when blessing our children, "we should shut our eyes and not see their flaws, only their good points." May we also dim our eyes to see the good in youth of all ages.

United Methodist Children's Home, Inc. was established in 1899 to address the need for care of orphaned and dependent children and so our eyes would never dim to see the good in them. In the decades that followed, the agency grew into a comprehensive residential facility. Today it provides a large compliment of quality services including community based group homes, foster care, and parent training to the youth and families of Arkansas.

UMCH is accredited by the Joint Commission on Accreditation of Healthcare Organizations. It is a member of The Teaching-Family Association, The Alliance for Children and Families, The United Methodist Association of Health and Welfare Ministries, and other local residential associations.

Overview of Programs

UMCH operates eight community based therapeutic group homes located throughout the state of Arkansas. It has a 56 bed residential capacity to serve emotionally disturbed and/or behaviorally troubled youth between the ages of 12 to 18 years old. UMCH uses the Teaching-Family model of care. In addition to residential direct care, it coordinates wrap around services with affiliation agreements with local community mental health providers. UMCH is licensed in foster care and provides statewide intensive family preservation services and parent training workshops.

Program Descriptions

Residential Care

UMCH residential treatment homes are located throughout the state of Arkansas. Two boys homes, each with a capacity for six youth, are located in Magnolia. In Little Rock on the campus there is a girls home, which can serve up to six youth, and a co-ed home that can serve five boys and five girls. In Searcy, the Home has a girl's home, which serves six youth. In Batesville a boy's home, which can also serve up to six boys. In Fayetteville the Home has an eight-bed boys home and in Springdale there is an eight-bed girls home.

All homes are staffed with a married live in couple, along with their own natural children. In addition each home has one or two relief workers who come in to assist so the regular couple may have some time off. All direct care providers receive extensive training, 24 hour a day consultation, and the opportunity to be certified as professional Teaching-Parents by the Teaching-Family Association. Each youth has an individualized treatment plan. Average length of stay is approximately nine to twelve months. Longer stays are possible.

The model of care is the Teaching-Family concept. It relies heavily on teaching youth appropriate social skills to be successful in society today. UMCH prepares these future adults by using this very positive model of care.

Treatment Foster Care

UMCH is a licensed foster care provider. While the Home does not currently have foster parents, it hopes to expand into foster care this year. Long range planning includes the development of foster families. It is the goal of the Home to have a system of services that would allow for a continuum of care. Treatment foster care parents will have similar type training and receive consultation and certification services as residential Teaching-Parents.

Family Preservation Service

UMCH has initiated this new innovative program and the response has been quite successful. It serves families in crises that are at risk of needing placement within a residential facility. The service consists of intensive in-home services (up to 20 hours a week), small caseloads (average of two families to one worker), brief interventions (4 to 6 weeks), full time availability (24 hours/seven days a week), and staff supervision. The Home's goal is to try to keep the youth from having to be placed in a residential setting.

Parent Training Workshops

UMCH offers statewide parenting workshops. Workshops meet for two hours on one night a week and last a period of six weeks. Classes are kept a certain level as to maximize the learning process. Instruction is lecture, video, and actual role-play. Parents are encouraged to bring real life situations to the class. Because the course is conducted over a six-week period many parents have an opportunity to practice what they are taught and then bring their experiences back to the class for discussion. UMCH is proud of the parent training workshops and has plans to expand this service. The Home uses the "Common Sense Parenting" curriculum developed by Boys Town, Nebraska. All Trainers are Certified Teaching-Parents by the Teaching-Family Association. Every instructor has numerous years' experience in running a group home with very difficult youth. Unlike most parenting workshops, UMCH instructors have first hand, real life experiences to share with their classes. Since the Home has been offering this training the public's response has been tremendous! Many churches have found these workshops helpful for their members.

Future Programs:

Psychiatric Residential Treatment

UMCH now has a permit for operation from the Health Services Commission to license seven beds as psychiatric residential treatment beds. With the ability to have a more structured facility that will provide intensive mental health services it will allow the youth to remain in the Home's care. UMCH will truly have achieved a continuum

of quality care with a variety of structured settings that will allow the youth to experience successful treatment while in our care.

School Based Curriculum for Classroom Management

UMCH is seeking special grant funding to allow the Home to publish a classroom model for behavior management. Encouragement for this program has come from the many teachers throughout the State who are familiar with the Home's record of working with difficult youth. These teachers have expressed an interest in learning how to do what we do in our homes in the classroom. We are excited about the possibilities and hope to acquire funding for this project soon.

Financial Support

We do need your continued financial support. We are not an apportionment in local church budgets. We depend on the voluntary support of United Methodist laypersons who see the need for this type of ministry and respond so generously. In 1999 we received over $300,000.00 from United Methodist laypersons and other Friends of the Home. To this we add investments from Endowment Trust Fund and Estate Gifts that come from dedicated Methodist laypersons who had visions, dreams, and a commitment to children in earlier years.

United Methodist Children's Home, Inc.
To Motion referred by North Arkansas Conference

In response to the motion referred to us by the North Arkansas Conference of the United Methodist Church, the Board of Directors of the United Methodist Children's Home, Inc., in consultation with Bishop Huie, formed a task force composed of representatives from both Conferences and the Board of Directors of the Home. The task force includes the Chairman of the Board, President of the Home, the Home's attorney, the Bishop, the Conferences' Chancellor, and 5 persons from each of the Conferences.

The task force is examining the legal and liability issues relating to the Home and the Conferences and will

have a full report for both Conferences at a later date. In the meantime, the Board of Directors will continue to maintain a strong relationship between the Conferences and Home to strengthen the witness of the United Methodist Church in ministry to children and families. In this regard, the name, United Methodist Children's Home, Inc. appears on all Home legal documents and Home stationery.

UNITED METHODIST MEN

United Methodist Men are like a sleeping giant!

Bishop Solomon, delegates and visitors to the 2000 North Arkansas Annual Conference. That is the way that Dr. Robert Schuller described the United Methodist Men when several of the men here today and I attended the International Congress of United Methodist Men at Purdue University in 1985.

When the UMM Executive Board asked me to fill this position, after the resignation of President Mike Wilson, after consultation with my wife Loverda, I said yes. As some of you know, I served as your Conference President In 1993, 94, and 95.

In my first presentation to you in 1993, I said that no organization could grow without going outside itself. I still believe that! I told those assembled that we needed a job to do! After my report, Bishop Wilke said, "I have been coming to Annual Conference for over 40 years, and this is the first time that anyone has asked for more work. That day we had several suggestions, but the one that seemed most feasible was from Reverend We raised that money.

When I accepted this position in July, several suggested that we start a project. My response was, that we need to build the organization first. There are only 33 active UMM Units out of the more that 400 Charges in our conference. There are less than 100 men in our conference that are EMS members. EMS (Every Man Shares) is the program that is supposed to finance UMM at the General, Jurisdictional, Conference, and District levels. During my last tennre, we had the numbers up some, but not by much. We can not have a successful Conference Organization on $250 a year!

At our September retreats, we will have two, we will offer the Men of the NAC an opportunity to participate in a new program to feed the hungry in Arkansas on a continuing basis.

As an individual that has spent his working life in construction and engineering design, I should have known earlier that you do not build anything from the top down. You must have a solid foundation first. We will start building that foundation this fall!

John B. Hale, President, UMM

UNITED METHODIST WOMEN

As people of God our view of mission is often fuzzy. We think mission is "something we do to someone over there . . . maybe in Africa or India." But as United Methodist Women everything that we are called to do is mission. Our PURPOSE keeps mission clearly in focus: "The organized unit of United Methodist Women shall be a community of women whose PURPOSE is to know God and to experience freedom as whole persons through Jesus Christ; to develop a creative, supportive fellowship, and to expand concepts of mission through participation in the global ministries of the church."

To be in mission we must first "know God." Personal spiritual growth and education is essential. The Arkansas Area School of Christian Mission is an annual opportunity for that kind of growth. Do yourself a favor and attend the best United Methodist education event in Arkansas. The School celebrates its 54th year this year, and our studies will be Paul's Letters to the Corinthians, Children of Africa, and God's People in an Urban Culture.

Even if you don't set foot outside your own four walls you can still learn of United Methodist Women in mission. The Reading Program is our "window on the world." Each year our conference organization purchases every single Reading Program book for the "Lending Library," ensuring that all units have equal access for participation.

Our mission focus includes experiencing "freedom as whole persons." That translates into a commitment to ongoing leadership development. Last fall all district and conference officers gathered for the "Mission Today" event. With visits from Alma Matthews, Theressa Hoover and other notable women from the organization's

history, the group experienced mission yesterday and today. Districts will be developing their "Mission Today" plans. Units which meet the criteria will be honored as a Mission Today unit.

This spring many women from across the conference attended the quadrennial Meeting in Tulsa, Oklahoma. It was there that we elected our directors to Women's Division who represent us on the general level. Those elected are inclusive of age, employment, handicapping conditions, ethnicity, gifts and graces. In diversity is our strength.

Mission moves us beyond ourselves. As we respond to our PURPOSE and develop a creative, supportive fellowship, our membership nurture and outreach keeps the organization healthy. For four consecutive years we have had 100% of our units reporting. Not an easy accomplishment--only extraordinary efforts by the six district presidents make this happen.

We're continuing to focus on bringing teens and college/university women into our membership. This year a conference-wide Teen Rally will generate ideas and enthusiasm from these young women themselves. The National Gathering for Teen and College/University Women, a one-time assembly for these women, will close out the year.

To truly be a supportive community for all women we must address justice and social issues. This includes being intentional about a racial justice awareness component every time we gather. It means rolling up our sleeves and working at Camp Aldersgate. Other times it looks like hundreds of soap, shampoo, and other toiletry items for incarcerated women.

Never ones to have a myopic view, United Methodist Women are aware that we live in a global village. Mission extends far beyond our own borders. Prayers, letters, money, clothing, supplies and equipment are sent to places like East Jerusalem, Palestine, and Manila, Philippines. Each day we lift up in prayer our missionaries and mission sites individually through the Prayer Calendar.

Although the organization is now over 131 years old we haven't lost sight of the fact that mission takes money. In 1999 our conference funded mission to the tune of $187,882.67. In 2000 it costs nearly $40.00 for one minute of mission. United Methodist Women gladly go the second mile in giving--- above and beyond gifts to our local church. To facilitate this selfless giving, women in the North Arkansas Conference now have the opportunity to become a 5-Star Woman. To achieve a 5-Star Woman recognition an individual must give through the five channels of giving: Pledge to Mission, Special Mission Recognition, Gift to Mission, Gift in Memory, and World Thank Offering.

Above all the focus of mission is people. Our hearts hear Christ's call to be in mission. Mission is and will always be real people, real faces, real places. As United Methodist Women of the North Arkansas Conference may our focus be clear and may we never waver in our mission, our PURPOSE.

Lynn R. Baker, President

ORAL REPORT GIVEN:

Greetings, Bishop Solomon, Members of the Annual Conference and guests. I'd like you to consider a question: Where would mission be in the United Methodist Church without United Methodist Women?

UMW are people with a purpose. And we begin our programs, meetings and gatherings with that Purpose. I invite members of United Methodist Women to say our PURPOSE together.

These people of Purpose are real women with names and faces--sitting in this auditorium, in the pews of our local churches, in high schools, in nursing homes and on college campuses.

They "choose" to be members, to uphold the PURPOSE. Just because one is female and a United Methodist one doesn't automatically become a United Methodist Woman.

United Methodist Women are an educated bunch! In fact it's been said that we're the most informed group of women in the world. Or Reading Program is basic in addressing our PURPOSE. Books in 4 categories, plus Response and New World Outlook magazines, keep us "up to the minute" with mission. For several years the conference UMW has maintained a Lending Library. Each year every book in each category is purchased, ensuring that all units and individuals can participate.

But mission doesn't end with education. United Methodist Women put hands, feet and hearts into action. Every district reports an enormous number of projects carried out by local units. This year the members collected children's books through MIWATCH (Ministry to Incarcerated Women &Their Children.) These books were lovingly placed in a library at the women's prison unit Newport. Now mothers and children have a meaningful activity to share during visits....

We are intentional about being inclusive. And we celebrate the 59 units who are members of the Cecelia Weeden Charter for Racial Justice Club. We challenge the other units conference-wide to become Charter Club members and we challenge our Annual Conference to be inclusive because we want to be, not just because it ought to be!

One of the things we women do best is to "go the second mile' in our financial giving. Five Star Units recognize the local units which give to all five channels of undesigned giving. To honor the individuals who give so selflessly, a new Five Star Woman award has been established.

These "love funds" of second-mile giving, both undesignated and designated, keep mission alive throughout the world. North Arkansas United Methodist Women's mission gifts totaled nearly $214,000 in 1999!

And because we know "where our money goes" we give gladly. One fun way we learn about missions is through our Arkansas Area School of Christian Mission. We invite you back to Hendrix in August to "catch the mission spirit." It is an opportunity not to be missed! And as is our custom, scholarships to the School of Mission will be given by the North Arkansas Conference Board of Global Ministries and the United Methodist Women to all nine individuals who will be ordained elders tonight.

Following the training at Regional School of Christian Mission, our mission studies for 2000 will be: Paul's Letter to the Corinthians; Children of Africa; God's People in an Urban Culture...

Looking to the future, our leaders will come from young women of PURPOSE. A special one-time assembly will be held in December this year for teens and young women ages 12-25. This will be a definite once-in-a-lifetime chance. There are scholarships to pay the way and at the UMW display on the Hulen sun porch there is information on how a special young woman whom you know can go. Stop by and pick up the flyer, then put it in the hands of that young woman when you get home.

This year we celebrate 131 years of mission for women in the Methodist tradition. 131 years. . .

and once again I ask you. . . Where would mission be in the United Methodist Church without United Methodist Women?

Lynn Baker, President, UMW

UNITED METHODIST YOUTH

John Wesley once said, "If you catch on fire with enthusiasm, people will come for miles around just to watch you burn."

Bishop Solomon, fellow delegates, and all members of the Annual Conference, I hope from what you witnessed at last night's worship, you know that the youth of North Arkansas are ON FIRE FOR GOD.

I was attending Bear Creek Camp when I was in the third grade. As soon as I could I became involved in the Forrest City District Council on Youth Ministries. And today, I am proud to stand before you as the chairperson of the North Arkansas Conference Council on Youth Ministries.

I am even more proud to report to you that this year has been a most successful and fulfilling one, for the CCYM as well as for myself. We have had three great events so far this year.

Youth Tour was held in November. The North Arkansas Conference sponsored a trip to New York and Washington, D.C. Levav was held in February in Searcy for senior high youth. Over 50 people attended. In March, Veritas was held. It was the largest event in Conference history with 540 youth attending. ACT was rescheduled for the fall, so we are looking forward to that time. Choir tour will begin June 18th. The Youth Choir will perform in each district, so please be in prayer and attendance of our program. Junior and Senior High Assembly will be held July 30 through August 6 at Henderson State University in Arkadelphia. It is a week of spiritual growth so be sure to build the event up in your church.

Also, we have had a change in adult leadership. Reverend David Fleming is our new coordinator. He knows how much we all appreciate him. God has blessed us through our changes. And, the council, I can't express my thanks enough for your continued support. You are the best!

Earlier, I decided the area needed a youth perspective on daily life. I contacted Jane Dennis and she allowed me to submit a column, on a trial basis, for publication in the Arkansas United Methodist. I hope this was successful and I hope to continue this throughout the summer. I thank you for your constant support. I will be at college next year in St. Louis next year. I want to look back and see you, as members of the North Arkansas Conference, constantly building and supporting our youth.

Ryan Lawson, Chairperson, CCYM

THE BI-CENTENNERY OF THE UNITED BRETHREN IN CHRIST CHURCH

Compiled by Rev. Jim Beal, President
The United Methodist Historical Society of Arkansas, Inc.
June, 2000

The year 2000 is the 200th anniversary of the official organization of the Church of the United Brethren in Christ. The United Brethren Church's beginnings are rooted in the late 18th century revival that occurred among the Germans of Pennsylvania, Maryland and Virginia. About 1767, the German Reformed pastor, Phillip William Otterbein, and the Mennonite preacher, Martin Boehm, met at an evangelistic meeting held in a barn near Lancaster, Pennsylvania. Sharing the same evangelical experience, these men of diverse backgrounds embraced each other, with Otterbein exclaiming, "We are brothers." This was the beginning of the United Brethern movement. Originally, neither Otterbein nor Boehm intended to create a new denomination, but only to revive the already established German churches.

Along with preachers such as George Geeting and Christian Newcomer, the new movement gradually became more organized. They appointed September 25, 1800, at the house of Frederick Kemp, in Frederick County, Maryland, for the organizing conference. Thirteen preachers came and united themselves together. The new church was called "The United Brotherhood in Christ Jesus." The group elected Phillip William Otterbein and Martin Boehm as the first superintendents or bishops.

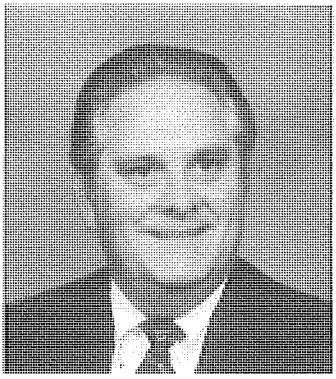
After the founders' death, the United Brethern in Christ adopted an official **Discipline**, modeled on the Methodists, and held their first General Conference in 1815.

As the Germans moved into the newly opened Midwest territories, United Brethren ministers followed. Gradually, the use of the English language became dominant throughout the church.

Theologically, the young church possessed Otterbein's heritage of German Pietism, Boehm's Mennonite tradition of a simple life style, and Arminian Wesleyanism of the church's third bishop, Christian Newcomer, who was strongly influenced by Methodism. Throughout the 19th century, the Wesleyan doctrine of entire sanctification was also popular among United Brethren ministers. Socially, the church opposed slavery, the use of alcohol and the rising popularity of secret societies, such as Freemasons. Following the Civil War a controversy arose over the church's opposition to secret societies. The issue eventually divided the denomination in 1889 when a constitutional change allowed members of these groups to belong to the church. Some of those who opposes the change followed Bishop Milton Wright, who was a primary organizer of the breakaway church of the United Brethern in Christ (Old Constitution).

With its headquarters and publishing house in Dayton, Ohio, the United Brethren continued to grow throughout the early 20th century. Foreign mission fields were located in Sierra Leone, China, Japan, Puerto Rica and the Philippines.

In 1933 the United Brethern Church began formal talks with the Evangelical Church regarding union. In 1946 the two denominations united, at Johnstown, Pennsylvania, to become the Evangelical United Brethren Church.



In 1968, in Dallas, Texas, the Evangelical United Brethern Church and the Methodist Church united to form the United Methodist Church.

The Wye Church in Perry County, was the only United Brethern in Christ Church in Arkansas. Therefore, it was the only Evangelical United Brethern Church in Arkansas. Reverend Ben Harmon, who came out of the Wye Church, was the only EUB clergy to come to the United Methodist Church in the union of 1968. Some other clergy from the United Brethren Church background had already joined the Methodist church prior to the union of 1968. Among there were Reverend Britt Cordell, Bishop Kenneth Hicks and Reverend Paul J. Crossman.

The Origin of the United Brethren in Christ

From *Discipline of the United Brethren in Christ*, Dayton Ohio:
United Brethren Publishing House, 1895.

In the century last past it pleased the Lord our God to awaken persons in different parts of the world, to raise up anew a fallen Christianity and preach the doctrine of Christ crucified in its purity.

At the same time he remembered also the Germans in America, who lived here and there in this extended country, and had therefore but seldom an opportunity to hear the preaching of the Gospel of the cross for their edification, and seldom in their mother tongue, and in many places not declared with the purity and earnestness demanded.

Among others he awakened an Otterbein, a Boehm, and a Geeting, and armed them with his spirit, grace, and power, to labor in his neglected vineyard, that he might call also, among the Germans in America, sinners to repentance. These men obeyed the call of their Lord and master, saw the divine blessing on their labors, and established in various places excellent societies, and led to Christ many precious souls. Their sphere of action at length extended itself more and more, so that they were compelled to look about for more laborers in the vineyard; for the harvest was so great, and the laborers but few. God awakened others, whom he also made willing to consecrate their powers to the Lord. Such persons were accepted by one or another of the preachers and by them designated to the preacher's office.

The number of members in the different parts of the Church increased from time to time, and extended through the States of Pennsylvania, Maryland, and Virginia. At the same time, at great meetings, Otterbein held at times conferences with the preachers who were present. He placed before them the importance of the preacher's office, how necessary it was to use all earnestness in the work of saving souls. They took, therefore, counsel as to how they might be most useful, and received such persons as fellow-laborers of whom they had reason to believe that they had experienced religion in their hearts, were faithful, and had qualified minds. These persons they armed for the work of the Lord. The number of members continued to increase more and more. In order now to labor in a truly useful and church-like way, the preachers saw themselves obliged to appoint a conference where they might come together to unite themselves properly; because some were reformed, others Lutherans, others

Mennonites, etc. They therefore appointed the 25th of September, 1800, at the house of Frederick Kemp, in Frederick County, Maryland, for the conference. There came together thirteen preachers, who united themselves into a society which bears the name, "The United Brethern in Christ." They elected William Otterbein and Martin Boehm as superintendents or bishops, each one was allowed liberty to baptist according to his own view.

From this time forth the society increased more and more. Preachers were appointed who traveled continually (because the preaching places could not otherwise be supplied). The work extended itself into the States in the State of Ohio, because it was too difficult to go annually so far to the conference.

Meantime, Brother Boehm died and Brother Otterbein desired that a bishop should be elected (because he was himself no longer able to superintend) who should take charge of the work and thereby preserve discipline and order, because it was determined at the first conference that if one of the bishops should die another should be elected. Therefore, Brother Christian Newcomer was elected bishop for a certain time to take the oversight of the Church. For a long time the want of a discipline in the Church had been deeply felt, and already at different times something there at had been done. Finally, it was resolved at the conference in the State of Ohio, that a head or general conference should be held which should undertake the work of making the discipline in some respects more perfect, as might seem best for the Church.

This description "Of the Origin of the United Brethren in Christ" was included in the first Discipline published in 1815.

Independent Auditor's Report

Council on Finance and Administration
North Arkansas Conference of the
United Methodist Church
Little Rock, Arkansas

We have audited the accompanying statement of assets, liabilities and fund balances - cash basis of the North Arkansas Conference of the United Methodist Church as of December 31, 1999 and 1998, and the related statement of changes in fund balances - cash basis for the year ended December 31, 1999. These financial statements are the responsibility of the Conference's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, the Conference's policy is to prepare its financial statements on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles. Consequently, certain receipts and the related assets were recognized when received rather than when earned, and certain disbursements were recognized when paid rather than when the obligation was incurred.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and fund balances - cash basis of the North Arkansas Conference of the United Methodist Church as of December 31, 1999 and 1998, and the changes in fund balances - cash basis for the year ended December 31, 1999, on the basis of accounting described in Note 1.

1. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the North Arkansas Conference of the United Methodist Church have been prepared on the cash basis. In connection with the utilization of the cash basis of accounting, the Conference has neither capitalized its fixed assets nor recorded the related depreciation.

The records are held open after year-end in order to include the remittances from the churches in the Conference for the last few weeks of the year. This policy is consistent with the prior years.

2. Income Taxes

The Conference meets the requirements of Section 501(c)(3) of the Internal Revenue Code and is therefore exempt from federal income taxes.

3. Cash Investments

Checking account interest is received and recognized monthly, whereas interest on all cash investments is not recognized until maturity. Interest earned on cash and cash investments during 1999 and 1998 was $24,665 and $27,595, respectively.

The aggregate market value of cash investments at December 31, 1999 and 1998 was $300,000.

4. Pension Plans

Substantially all conference employees are covered under one of two defined contribution pension plans as follows:

a. **Ministerial employees** - All ministerial employees, including the Bishop, are covered under a defined contribution pension plan whereby the participant contributes 3% and the church or conference contributes 10% to 12% of the participants' annual contribution base (compensation) based on the conference average compensation as computed by the General Board of Pensions.

b. **Lay personnel** - All lay employees are covered under a defined contribution pension plan whereby the participant contributes 3% and the conference contributes 8% of the participants' annual contribution base (compensation).

4. Pension Plans (cont.)

Both of the aforementioned plans provide benefits upon retirement based on converting accumulated contributions for that participant to an annuity or an actuarially equivalent basis. Both plans are multi-employer plans by which all contributed assets of participating employers and employees are commingled and are not segregated by employer. This commingling of assets prevents a matching of individual employer's plan assets to plan liabilities.

Total pension cost for the years ended December 31, 1999 and 1998 was $1,783,170 and $1,142,408, respectively.

5. Concentrations of Risk

a. The Conference receives remittances from churches located within the State of Arkansas and is dependent on these contributions for its operations.

b. The Conference maintains, at various financial institutions, cash and cash investments which may exceed the federally insured amounts at times during the year and did exceed these amounts at December 31, 1999 and 1998.

SECTION I

1. The foundational and doctrinal guidance for this structure document is the 1992 Discipline of the United Methodist Church. The following paragraph is quoted: Para 601, 1996 Discipline of The United Methodist Church:

The purpose of the annual conference is to make disciples for Jesus Christ by equipping its local churches for ministry and by providing a connection for ministry beyond the local church, all to the glory of God.

The North Arkansas Annual Conference has determined to fulfill the mission of the Annual Conference in the following ways:

A. The Annual Conference may appoint additional committees for the purpose of promoting the work of The United Methodist Church within the bounds of said Annual Conference and may prescribe their membership and their powers and duties.

B. Each Annual Conference may make its agencies of such size as its work may require, provided that consideration shall be given to the inclusion of lay and clergy persons from small membership churches. All local pastors serving charges are eligible for election or appointment of such agencies, except those dealing with qualification, orders, and status of clergy and local pastors.

C. In the nomination and election of the membership of councils, boards, and agencies of the Annual Conference, special attention shall be given to the inclusion of clergywomen, youth, young adults, older adults, persons with handicapping conditions, and racial and ethnic persons, in keeping with policies for general church agencies. It is further recommended that the membership of such agencies include one-third clergy, one-third laywomen, and one-third lay men, except for the Board of Ordained Ministry. Nominees to conference and district offices will be asked to examine themselves in relation to whether their local church has met their apportionments and how that relates to their office responsibilities.

D. Members of general agencies shall serve as ex-officio members of the corresponding Annual Conference agency or its equivalent structure. If this results in a person being a member of more than one Annual Conference agency in violation of either Annual Conference policy or another provision of the Book of Discipline, the person shall choose the Annual Conference agency on which to serve.

E. It is strongly recommended that the Annual Conferences provide for child and dependent care both during sessions of the Annual Conference and meetings of the Annual Conference boards and agencies.

2. All Disciplinary references herein are to the <u>1996 Book of Discipline of the United Methodist Church.</u>

5. It is the intent that this structure Document be in complete harmony and compliance with the Discipline. Any wording or provision herein that shall prove to be in contradiction of the Discipline shall be considered to be null and void—it is the Discipline that shall prevail in all instances.

SECTION III

6. Members of The Annual Conference (Para 602, 30, 253.2, Discipline):

a. CLERGY MEMBERS. The clergy membership of an Annual Conference shall consist of deacons and elders in full connection, probationary members, associate members, affiliate members and local pastors under full-time and part-time appointment to a pastoral charge.

(1) Clergy members in full connection shall have the right to vote on all matters in the Annual Conference except in the election of lay delegates to the General and Jurisdictional Conferences; and shall have sole responsibility for all matters of ordination, character, and conference relations of clergy.

(2) Probationary members shall have the right to vote in the Annual Conference on all matters except constitutional amendments, elections of delegates to the General and Jurisdictional Conferences, and matters of ordination, character, and conference relations of clergy.

(3) Associate and affiliate members shall have the right to vote in the Annual Conference on all matters except constitutional amendments, election of delegates to the General and Jurisdictional Conferences, and matters of ordination, character and conference relations of clergy.

(4) Local pastors under full time appointment to a pastoral charge shall have the right to vote in the Annual Conference on all matters except constitutional amendments, election of delegates to the General and Jurisdictional Conferences, and matters of ordination, character, and conference relations of clergy.

(5) Persons who enter candidacy for diaconal ministry prior to January 1, 1997, shall be allowed

to complete candidacy, and those consecrated will serve as lay members of the annual conference as long as they maintain this status in the United Methodist Church.

(6) Persons who become associate members prior to January 1, 1997, shall be allowed to continue in this relationship and serve under the provision of the 1992 Book of Discipline as long as they hold this status.

b. LAY MEMBERS. The lay membership of the annual conference shall consist of a lay member elected by each charge, diaconal ministers, deaconesses, the conference president of United Methodist Women, the conference president of United Methodist Men, the conference lay leader, district lay leaders, the president or equivalent officer of the conference young adult organization, the president of the conference youth organization, one student from each of the four Wesley Foundations, one student from Hendrix College Campus Ministries, one student from Philander Smith Campus Ministries, the chair of the annual conference college student organization and two young persons under 25 years of age from each district to be selected in such a manner as may be determined by the annual conference. If the lay membership should number less than the clergy members of the annual conference, the annual conference shall, by its own formula, provide for the election of additional lay members to equalize lay and clergy membership of the annual conference.

Each charge served by more than one clergy member under appointment shall be entitled to as many lay members as there are clergy members under appointment. The lay members shall have been members of the United Methodist Church for the two years preceding their election and shall have been active participants in The United Methodist Church for at least four years preceding their election.

In the annual conference or the central conferences, the four-year participation and the two-year membership requirements may be waived for young persons under twenty-five (25) years of age. Such persons must be members of the United Methodist Church and active participants at the time of election.

c. The lay member or alternate, whoever was last seated in the annual conference, shall be seated in a special session of the annual conference when convened; provided that no local charge shall be deprived of its lay member due to death, serious illness or cessation of membership. Under such circumstances, another lay member may be elected by the charge conference.

d. The lay members of the annual conference shall participate in all deliberations and vote upon all measures except on the granting or validation of license, ordination, reception into full conference membership, or any question concerning the character and official conduct of ordained ministers, except those who are lay members of the board of ordained ministry. Lay members shall serve on all committees except those on ministerial relations and for the trial of clergy.

e. When at any time a lay member is excused by the annual conference from further attendance during the session, the alternate lay member, if present, shall be seated. The lay member or the alternate shall be the lay member of the annual conference, and it shall be the duty of the lay member to report to the local church on actions of the annual conference.

f. It is the duty of every member and all probationers and local pastors of the annual conference to attend its sessions and furnish such reports in such form as the Discipline may require. Any such person unable to attend shall report by letter to the conference secretary, setting forth the reason for the absence. Should any ordained minister in active service be absent from the session of the annual conference without a satisfactory reason for the absence, the matter shall be referred by the conference secretary to the board of ordained ministry.

g. The following shall be seated in the annual conference and shall be given the privilege of the floor without vote: official representatives from other denominations, especially from member churches of the Consultation on Church Union, invited by the annual conference; missionaries regularly assigned by the General Board of Global Ministries and serving within the bounds of

the annual conference; lay missionaries regularly appointed by the General Board of Global Ministries in nations other than the United States and certified lay missionaries from nations other than the United States serving within the bounds of the annual conference. (Para 602 of the Discipline
