If the lay membership should number less than the clergy members of the annual conference, the annual conference shall, by its own formula, provide for the election of additional lay members to equalize lay and clergy membership of the annual conference."*

## MONDAY MORNING, JUNE 15, 2009, GENERAL SESSION

**CALL TO ORDER:** The morning session was called to order by Bishop Charles N. Crutchfield at 9:00 a.m.

**OPENING PRAYER:** Mackey Yokem offered the following opening prayer.

> Lord, when the invitation came to pray, someone said to make it brief. But how can we be brief when so much is at stake? There is much before us and if prayer is the forming moment of all that we do, how can we move too quickly with our prayer? There are human moments to consider for once again we are among friends. "What troubles have we seen, what mighty conflicts past, fightings without, and fears within, since we assembled last!" We need to talk about our journeys. We need to attend each other's stories, there are new friends to make and plans to dream, and that cannot be rushed.
>
> Today we celebrate those entering ministry and those leaving active ministry. We will talk of injustice, inequity, hunger and illness in our world and how we might share in healing in near and far away places. Congregations will be recognized for growth and new congregations will be celebrated. There are amendments to be considered, budgets to be set and appointments announced. In the midst of all that, we will hear of places where disciples are being made and worlds transformed, and that cannot be rushed.
>
> What is most disturbing is we may, if we are not careful, miss the whole point of why we have gathered: to talk - to listen - together, to hear what you have to say to us. To lean into essential questions: Who are we? What do you expect of us? How can we measure our success to your expectations? Surely, this cannot be rushed.
>
> In all of the business that will swirl around us in these days, keep us honest and faithful to the task you call us to share with you: making disciples and transforming worlds, and most importantly, keep our conversation "holy" so that we may do good, do no harm, and stay in love with you.
>
> Forgive us for being brief when so much is at stake. But in a simple gesture, we lift each other up with this word: Come Holy Spirit, fill us with your wisdom and compassion and take as much time as you need so that your will may be known through us.
>
> Make our words holy, this time holy, and this place holy. And spare no miracle or power for it to be so. In Jesus name. Amen.

**WELCOME TO ROGERS:** Greg Hines of the County Judge's Office, introduced the mayors of Rogers and Bentonville. Steve Womack, Mayor of Rogers, and Robert McCaslin, mayor of Bentonville, welcomed the Conference to the area. Biff Averitt gave the welcome on behalf of the host committee.

**CF&A RESPONSE TO ALBERTS MOTION:** The motion to amend the Insurance report made by Donna Alberts on Tuesday was reviewed by CF&A. The motion to hold the insurance premiums at 2008 levels was made on information in the Pre-Conference Journal which was incorrect. There will no change in the out of pocket expenses. The maker of the motion did not wish to withdraw the motion. The motion FAILED.

**ADOPTION OF CONSENT CALENDAR ITEMS:** As no items had been removed from the calendar, Bob Crossman moved acceptance of the Consent Calendar; seconded. The Calendar was accepted.

**COUNCIL ON FINANCE AND ADMINISTRATION:** Clefton Vaughan perfected the report (see REPORTS).

The District Superintendents have asked that their salaries be returned to 2008 levels. This plus other cost cutting measures resulted in a 2010 budget that is 3.34% less than in 2009. The decimal needed to fund this budget is less than the 10% of the Financial Considerations of the local churches mandated by the constitution. Adoption of the budget as presented will require a suspension of the rules.

Clefton Vaughan's verbal CFA report:

"The 2008 Annual Conference referred a resolution to CF&A regarding pastor's moving expense. The council found that the amount paid in reimbursement for moving costs was extremely low. However, we did not feel that this year was the appropriate time to increase the conference budget. CFA is recommending the 3-year plan found on the bottom of page 21 of your Pre-Conference Journal.

The council would like to call attention to a change made by the 2008 General Conference. Paragraph 258-4-d calls for the local church finance committee to make provisions for an annual audit. This is not new, but further language was added to define what constitutes an audit. Provisions were also added that require the audit, along with a copy of the churches internal controls, be included in the charge conference report. We know many churches do not currently have written internal controls. We cannot stress enough the importance of the creation and use of these documents. You can find a sample policies and procedures manual on our website or by contacting the Conference Finance Office.

There has been a lot of discussion regarding how the economic downturn of 2008 has affected your pension funds. The Pre-1982 fund had reached 113% funding status at the start of 2008, at the end of 2008 that funding status had shrunk to 79%. While we have until 2021 to get back to our 100% funded status, annual payments will be required starting at the end of 2011. The amount of extra funding is subject to market changes as well as actuarial gains and losses, but could be as much an extra 1.4 million dollars. The defined benefit portion of the CRSP plan is also in arrears, but the deficit is considerable less. The Conference Board of Pensions plans to fund as much as they can out of their roughly $5 million in reserves, but we feel that an increase in the Pension budget will be inevitable.

According to the rules of the conference, funding for Ministries Beyond the Local Church shall be set at 10% of the total financial consideration items reported on the 2008 year-end statistics. That figure was $69,845,480 – therefore the total ministries beyond the local church budget should be 6,984,548. That figure represents a 0.66% increase over the 2009 budget. When the first proposed budget was developed, CF&A deliberated carefully and the CF&A felt that figure was in excess of what the churches in the conference should be asked to fund. Many churches were forced to reduce their budgets by cutting programs and personnel in 2009. Therefore CF&A asked all of the conference committees to reconsider their budget requests and find more areas to reduce those requests.

To help committees lower their budget CF&A is requesting a reduction in the mileage rate. This can be found on the top of page 21 in your Pre-Conference Journal. The new rate would be 50% of the IRS standard mileage rate for conference volunteers and 80% of the standard mileage rate for employees of the Conference.

The District Superintendents have requested their salary be reduced to the 2008 level. This reduction in salary combined with the reduction in the mileage rate represents a savings to the conference budget of nearly $35,000 and we should acknowledge their personal sacrifice.

The 2006 Arkansas Annual Conference passed a resolution to develop a plan to equalize the funding of our two United Methodist Colleges by 2010. The funding plan had called for each institution's budget to be set at $350,000 in 2010. However that plan was based on a projection of better economic times than we are currently in. Therefore we are equalizing the amount given to Hendrix College and Philander Smith College at $320,000 each.

As you can see, nearly all of the budgets that are set by this conference show a reduction. Many of these are reduced by 10% or greater. While these cuts were not easy. Many new programs were postponed for another year. Salaries for conference staff have been frozen. All in all this represents

a 6% reduction of all the budgets excluding General and Jurisdictional Apportionments and Conference Pension funds - and a 3.34% decrease of the bottom line.

In order for these reductions in the conference budget to be passed on as reduced apportionments to local church, we must make a change to our standing rules. Item "4-b" on page 490 of the 2008 Arkansas Conference Journal states: "…The amount of money apportioned by the Annual Conference for Ministries Beyond the Local Church would be determined by a 10% tithe of the "financial considerations" spent by the churches. Therefore we move that for the 2010 apportionment calculation, the 10% tithe be reduced to 9.4%."

**MOTION TO SUSPEND THE RULES:** Clefton Vaughan made a motion that we suspend the rules for one year, allowing the CFA to present a 2010 budget that is lower than the structure requires. The Conference voted to suspend the rules. The budget was adopted.

**WHERE SHALL THE 2009 ANNUAL CONFERENCE BE HELD?**

# F. Reports and Budgets

## Episcopal Address, June 15, 2009

**2009 Arkansas Annual Conference**

**Bishop Charles N. Crutchfield**

As I begin I want to say how pleased we are to be returning to the Arkansas Annual Conference for the 2009-2012 quadrennium. You have been so gracious and kind to us, we really feel very much at home here. It is a special privilege to serve in partnership with you in seeking to build God's Kingdom here in Arkansas.

And some really good things are happening as we do church in Arkansas. You have cared about others. There have been 1154 volunteers from 41 churches involved in *Volunteer In Mission* projects. Additionally, hundreds more of you were involved in responding to the ice storms in North Arkansas and the tornado in Mena. VIM teams have been in Mexico, Peru, Haiti, Kenya, Guatemala, Tanzania and Chile, on the Texas and Mississippi gulf coast and New Orleans; as well as Shiprock, New Mexico and White Pine Cone, Arizona. You have continued to support the Russia Initiative and our relationship with the North Katanga Annual Conference in Congo. Incidentally, as a part of my required renewal leave, Karen and I will be spending three weeks in the Congo this summer teaching, and working and sharing with pastors, spouses and orphan and abandoned children.

I will be teaching at our university in Kamina. We will be sharing your contributions towards water wells, scholarships, Bibles, and the Children's Home. There are two wonderful paintings on silent auction that will go toward the spouses' water well project. Bid it up!

A significant number of the churches in Arkansas have or will participate in the Central Conference Pension Initiative. This effort to raise a $20 million pension endowment for our pastors and spouses outside the United States who have no pension support in retirement is critical. In the places where the church is growing most rapidly, some pastors in retirement are reduced to begging for subsistence. We have raised $107,696.95 in gifts and pledges in Arkansas. Thank you.

Connected in Christ, in addition to 6 clergy retreats, 9 team training seminars for clergy and laity, has instituted over 100 coaching contacts with pastors and congregational teams. Twenty-three churches and 94 laity have participated in the events directed toward emerging smaller congregations. To date 189 pastors and congregations have completed the core process. Over half the participating churches are larger in worship attendance than when they began the process.

We are creating new places of worship for new people. As the appointments are read for this year there will be five new church starts: West Memphis, West Little Rock, Waltreak, Siloam Springs, and a very creative second campus for Wesley, Russellville. Last year you gave birth to three new congregations: Argenta in North Little Rock, a Vietnamese language congregation in Van Buren, and a Spanish language congregation in Ft. Smith. In 2006 there were six new congregations.

We have taken some risks and we had two of our recent attempts close. Three are growing, but more slowly than hoped. The others are doing very well. All of these new churches are attracting new people, younger people, and more diverse people with the Gospel of Jesus Christ. We will continue to start new churches, because in so doing we are making disciples of Jesus Christ for the transformation of the world.

That being said, it is apparent that we are not doing as well as we should. In 2008 we were down in membership by 839. We were down in worship attendance 1,353. We dropped in professions of faith by 78 and by 132 in baptisms.

To you, to me, but more importantly to God, this is simply unacceptable. God expects better of us. This business of growing the Kingdom of God is not about trading members, it is about fulfilling our mission to create disciples of Jesus Christ. At a minimum, if we are not doing that, we are not being the church.

We are all aware that in 2009 we are presented with a different economic picture and that there have been staff reductions and salary freezes and budget reductions. I certainly understand that. The Council of Bishops has requested that bishop's salaries be reduced and returned to the 2008 level. The cabinet has instituted a reduction in salary to the 2008 level. The conference office and Vision Team have curtailed expenditures for this year and reduced their budgets by almost $300,000 for the 2010 fiscal year.

I am concerned about our response to our shared mission and ministry – our apportionments. This group of funds reflects an additional commitment to ministerial support beyond local church salaries, e.g. insurance and pension support for retired pastors. In addition, it supports the conference program, like our Wesley Foundations, Camp Aldersgate, the coordination of the program and missional work of the annual conference program, and is the basic support for the world-wide mission of the church.

From 2004 through 2008 apportionment asking rose $1.2 million. Our response was an increase in giving of about $400,000 over a five year period. Consequently, we have dropped from a 96% payout to a 90% payout. The extraordinarily good news is that the vast majority of the churches in the conference have responded magnificently. Two smaller churches provided help to two other churches by paying part of their apportionment. What a generous and gracious connectional act on the part of L'Eau Frase and Oakley Chapel Churches.

Over the same five year period we have been able to raise salaries and compensation for all local church staff $5,748,361, or about $1.15 million dollars a year. I would assume that this also represents hiring additional staff, which would be responsible for additional program. Sadly, some staff members have now been released in the face of the economics of the day. We were, however, as a conference able to raise over the last four years $62,833,748 for capital fund drives in local churches. The total expenditures for salaries and compensation, church program, and church operating expenses, rose in the four years 2005 to 2008 approximately $9 million. The total expenditure was $ 300,991,854 for all four years, not including our apportionments. This is what we spend on the local church. When I match what we spend on ourselves, not the apportionments, but what we decide to spend on ourselves, against our record in evangelism I am deeply concerned. In 2006 we spent $61 million on ourselves and grew by 501. In 2008, we spent $64,109,864 on ourselves not counting $14.6 million in capital funds raised against a loss of 839 members. Too many numbing numbers. They are a blur. The point is, we can raise and spend a lot of money and still lose far too many members. It is clear that money is not, and never is, the real issue in building the Kingdom. Stewardship is a critical spiritual issue. Yet, the deeper challenge, the real issue before us is how we "do church" in the 21st Century.

Was it the now deceased Grateful Dead lead singer, Jerry Garcia, who said "If you remember the sixties, you weren't there," or was it someone else, maybe Robin Williams? It doesn't matter. I do remember the sixties. In seminary we were going to save the world and bring in the Kingdom of God through the wonders of pastoral counseling. If only we could all be like Carl Rodgers, it would be a snap: "I hear you saying." It was only upon my first appointment that I realized pastoral counseling, unless you do it full-time, was simply one tool, to be very carefully used, among many tools for a pastor.

In the early 1970's there was "Key '73" A renewal effort launched with great fanfare across the church. It was a program/process to revitalize the church. In the mid - 1970's, it was the Lay Witness Mission. Then the Emmaus/Cursillo Movement came to life.

Accompanying all the above was interest in liturgical renewal. First, there would be folk music in the church. Sunday morning would sound like out-takes from a Peter, Paul, and Mary or Kingston Trio recording session. A host of sermons were preached with Simon and Garfunkle's "Bridge Over Troubled Water" playing in the background. The extension of this would become the "contemporary/ blended/ emerging/liturgical" worship movement of today.

Each of these programs/movements/ techniques (and many others we could begin to name) in its own way sought and often succeeded in making a contribution to the life and health of the United Methodist Church. Each, not an end in itself, but a tool for the time, taking advantage of a particular opportunity, a unique historic moment and speaking to a very real existential need in the life of the church.

Seven years ago this conference was born. The strategic initiatives document, the structure of the conference and the structure of the conference staff served as unifying elements in the process of merger. Seven years later we know there is not going to be a divorce. And seven years later we now need to ask the question is this the best way for us to DO church in Arkansas.

As we enter the 21st Century we are claiming and articulating and defining what it is to be the church with a very simple definition of our mission: *To make disciples of Jesus Christ for the transformation of the world.*

The fortuitous and providential intersection of our concern for disciple-making and a renewal of interest in and commitment to the Wesleyan theology of grace, the United Methodist Way – "Do no harm. Do good. Stay in love with God," calls us in the first decade of the century to ask the question: if our task is to make disciples of Jesus Christ for the transformation of the world, and our tools are the Wesleyan theology of grace and the connectional system, then how ought the churches in our conference be about the business of doing/being the church in Arkansas in the 21st Century.

We cannot do church as we did in the fifties or sixties. This is a more complex and nuanced world. One thing I do know, ministry is not about the past, it is about the future. "The uniquely Christian emotion is hope. Easter still presses us on toward a future where God is already at work." Our mission is not to fight to stay the same, but to recognize the needs of the future today. I saw an ad in an airport that said, "In five years, fifty percent of the new companies in business will be dependent on technology that is not yet invented." That will preach.

So, why not use our renewed interest and focus on the *Wesleyan Way* to empower and engage laity and clergy alike in a renewal of the church? Why not yoke our theology and our mission? John Wesley would allow us to do no other. Let us be serious about re-examining all that we do, and the way we do it, even taking a hard look at our sacred cows in a thoughtful prayerful manner. Let us be driven by our faith and not our fears. Let us be driven by our hopes and not our doubts. Let us be driven to be the church that Christ has called us to be, to be the church that makes disciples for Jesus Christ for the transformation of the world.

UMCom, United Methodist Communications, has launched a new ad campaign to "Re-Think Church." Well, I like that, we need to re-think church so that we can RE-DO church.

To that end, I need to tell you what I have already done. I have made a decision to appoint a group of seven to nine persons to a steering committee that will guide us through a process of examining what we need to do to be the church in Arkansas. This ad-hoc group will determine and guide a process that will enable us to examine as an annual conference how we should be shaped and formed for ministry in the future. In appropriate ways, the steering group will call upon and involve the already established structures of the conference, both official and unofficial, from CFA to UMW, from BMCR to the Vision Team, from laity and clergy involved in United Methodist Way events to the Board of Ordained Ministry – perhaps even the kitchen cabinet — to aid and help

focus on how we should position ourselves for tomorrow. How can we be nimble, effective, good stewards of our resources, and stay focused on our ministry?

I have tentatively secured the services of Rev. Gil Rendle as a consultant to help guide us through this process. Dr. Rendle was for many years a senior consultant with the Alban Institute, has served as a consultant to the SCJ College of Bishops and the Council of Bishops of the United Methodist Church as well as with a significant number of annual conferences. He is an expert in dealing with congregational and conference systems issues, and is a United Methodist minister.

I have secured funding for this project from outside the annual conference budget through a grant from the Arkansas United Methodist Foundation. There will be no apportionment dollars spent. An official progress report will be made to the 2010 annual conference. Whatever proposals ideas, insights, grow out of the process will be before you for reflection, discussion, and response prior to the 2011 annual conference.

I recognize that this is not our ordinary way of doing our business. Everything is not neatly tied up with a bow. What I have done has not gone through five committees and three layers of bureaucracy.

I have no preconceptions on where we will end up. Conclusions are not fore-ordained by instructions to the committee, which is precisely the point. This business is too serious. This is Kingdom building business. This is making disciples of Jesus Christ for the transformation of the world – business. I have no assumptions except the assumption that at the end of the process we will be prepared to be the 21st Century Church which we need to be, ...no... we **must** become!

As I close, let me ask for your prayer, for the conference, for our efforts in evangelism and for our future together. Thank you.

# Laity Address

## Arkansas Annual Conference, June 16, 2009

**Asa Whitaker, Lay Leader**

***"Remembering Who We Are"***

Some time ago I was a part of a discussion where we were talking about our childhood and what it was like in the household where we were raised. One of the individuals in the group said that he never left the house without hearing from his Mother that old adage " Remember who you are". She offered that admonition not from the belief that he was more important than anyone else in his group but as a touchstone of how he might choose to act when faced with tough decisions. He was always reminded that there were expectations of how he would act and what he would do.

I will never forget the day when as a youth, I was buying a pack of cigarettes in a little country grocery store. I was just a kid and I thought smoking was pretty cool. As I turned to leave an old man who I really didn't know said,'" I didn't think that would ever see one of Acies boys smoking". The point of this story is not about the issue of smoking, it was my epiphany my first realization that what I did and what I said mattered and that just being one of Acies boys carried with it a certain set of expectations.

When I returned from General Conference 2000 I brought back a couple of T shirts. On the back was a collage of photographs of people which had be artfully put together to depict the face of Christ. Over the collage was the words "The United Methodist Church". The first time I saw the collage I was amazed at both the art and the symbolism the collage represented. The United Methodist Church is made up of thousands of people. Each of us is unique, bring our own gifts, look differently, even have ideas that do not agree with each other and yet when we come together beautiful results begin to appear. Joining together side by side, we see the reflection of Christ as he appears among us. One day I was wearing the T shirt when I ran into Walmart to get an item. As usual, out of 25 cash register lines it seemed that only 3 or 4 were open and thus I had to pick the line I thought would be the quickest. I am not skillful in Walmart line selection thus I selected a line that went painfully slow. I was in a hurry and it seemed that everything that could go wrong with the purchases of those in front of me did and I was suffering a horribly long wait. My sense of urgency, my frustration, began to get the best of me and I was about to say to all around me how I was feeling. Then I remembered I had that T shirt on. I remembered with humility who I was and whose I was, straightened my self up and waited my turn more patiently. You see, being a member of the United Methodist Church carries with it a certain set of expectations and I realized that I was about to reflect poorly on our church by not living up to those expectations.

You and I have inherited a wonderful heritage and doctrine that has shaped the United Methodist Church from its very formation until this age but we share numerous Christian values, principles, and beliefs with our Christian brothers and sisters of other faiths. A few days ago a lady was sharing with Lynette and I about her 6 year old granddaughter. They are Baptist and had recently held Bible School. Her granddaughter had invited her best friend who happened to be Methodist to attend Bible School with her. As a result when it was time for Bible School at the Methodist Church the friend reciprocated and her granddaughter asked for permission to attend. It was agreed and after the first day her granddaughter came home all excited and explained "It was really fun at Vacation Bible School and you know what? They read from the same Holy Bible as we do!

I relate to this story in a very special way since I was born and raised Baptist but chose to become a United Methodist in 1975. I will always be grateful that God led Lynette and I to that decision. I am proud to be a United Methodist. It is not a willy nilly issue with me. I am a United Methodist and I want my children and

grandchildren to be United Methodist. Why? Because we have a story to tell to the nations that will set their heart to the right. We have the story of love and grace that is given to everyone including the least, the last, and the lost. I love to be able to tell someone that God loves them in spite of who they are or what they have done and he is anxious for them to come into a more complete relationship with him. REMEMBER WHO WE ARE! We are the people chosen by God to share the story of God's grace and love to as many as we can, as often as we can, as long as we can. We are truly a blessed people. We have the birthright in the unique family of God known as United Methodist. We come from a history of being the fastest growing group of Christian believers this country has ever seen and even today we are seeing unprecedented grow in Africa and Korea. What is happening there? I believe they have an expectation of growth therefore they grow. They expect to win.

I am fearful that we have become so discouraged with the news of declining membership and declining attendance that we have come to expect decline and therefore accept our plight as inevitable. Our vision of being a church alive in the grace of God has become dim and we struggle to find our way.

I am a huge fan of the Coach of the Lady Volunteers Basketball Team at the University of Tennessee. Pat Head Summit has become the winningest coach in NCAA basketball history with over a 1000 wins. She has lead her teams to 8 National Championships, numerous conference championships, and has taken her team to the NCAA National tournament every year since its existence. I recently read an interview where she was asked "What is your favorite part of your job?" Her reply,""Teaching". "What is the worst part of your job?" Her reply, "Losing". Pat Summit has an expectation for her team, "Winning", Losing is not in her vocabulary. But there is a precursor to that expectation that every girl who has ever put on a Lady Vol uniform clearly understands. Pat does not accept anything less than a players absolute best in practice or on the court. They too must share that expectation to win. Every team has the vision of winning a National Championship, not making the NCAA tournament, not reaching the final four, but winning the championship. You might argue that every ladies collegiate basketball team has the same vision but to most that vision is only a dream. The Lady Vols expect it. Pat Summit has proven that they can and reminds them constantly of who they are. By the way, during the interview she was asked what her next goal was to which she replied "Our 9th National Championship"

God has called us to play the game, to learn the fundamentals and to practice our God given talents in order to win. We United Methodist have been called to do a special work with those around us and he has given us the game plan as recorded by Peterson's translation of the Bible The Message Matthew 22:37-39 *Love the Lord your God with all your passion and prayer and intelligence. This is the most important, the first on any list. But there is a second to set alongside it: Love others as well as you do yourself. These two commands are pegs: everything in God's Law and the Prophets hang from them."* And in I John we read,""*The proof that we love God comes when we keep his commandments and they are not at all troublesome*" By following the commandments of God we can win because the victory that conquers the world is our faith. This victory will come in the battles you and I face everyday with the choices we have to make . Will we act out our expectation to win or our expectation of imminent defeat. It is our faith, our belief in God's promise that will lead to victory. We will stumble, get lost, get confused, lose our way, and forget some of the things we learned in our past but through our faith we will be victorious. I belief it is time for us to embrace our vision of being a church alive in the grace of God, and following the path of Moses climb to the mountain top. Look out over the promise land and begin developing a game plan to reclaim victory. The time is now, we must move forward. Friends, this is our watch. It is up to us to create a future that is worthy of our past. Remember who we are!

I would like to close with the promise we find in Joshua 1:9. "Be strong and courageous, do not be terrified, do not be discouraged, for the Lord your God will be with you wherever you go." I challenge us all, laity and clergy alike to **remember who we are**. To God be the glory. Amen

# Celebrating Professions of Faith

**The Book of Discipline clearly states that the purpose of the United Methodist Church is to make disciples of Jesus Christ for the transformation of the world. According to the records submitted by all the pastors in the Conference, the following churches received at least one person by profession of faith during the calendar year of 2008. On behalf of the Evangelism Committee of the Arkansas Conference of the United Methodist Church, your congregation is duly recognized as one of the 315 out of 698 congregations that have received a total of 2,114 new professions of faith during 2008.**

**The fact that your congregation witnessed professions of faith in your church last year, is a testimony to your faithfulness to the Great Commission's commandment to "go and make disciples of all nations."** *Matthew 28:19*

**"Well done, good and faithful servant."** *Matthew 25:21*

**May God continue to bless your ministry of making new disciples of Jesus Christ for the transformation of the world.**

## THE VISION OF THE ARKANSAS CONFERENCE

**A church alive in the grace of God, offering Christ,
transforming lives and the world through the power of the Holy Spirit.**

## THE MISSION OF THE ARKANSAS CONFERENCE

**The mission of The United Methodist Church in Arkansas
is to make disciples of Jesus Christ for the transformation of the world
through local congregations and mission fields of the Conference.**

## THE GOALS OF THE ARKANSAS CONFERENCE

**To provide resources to help develop vital local congregations and mission fields in which persons can enter and develop a life of discipleship.**

- To continue to build vital congregations which are moving from:
  -hospitality to radical hospitality
  -worship to passionate worship
  -faith development to intentional faith development
  -mission and service to risk-taking mission and service
  - generosity to extravagant generosity
- To have vital congregations and mission fields throughout the state developing a place where persons are being baptized in the faith, making professions of faith, and developing churches which are growing in membership and worship attendance.

**To offer resources and connectional ministry opportunities to equip local churches to be more faithful and effective in making disciples and transforming the world.**

- To identify and develop a new generation of lay and clergy leaders to lead local churches and our shared ministries beyond the local church.
- To create and nurture connections among churches which seek to enhance local ministries; to provide opportunities for mission beyond the local church; accountability and financial support for connectional ministries.

**To address the strategic needs of the conference including:**

1. Starting new places for new people (congregations, second campuses and new worship services)
2. Identify and develop a new generation of lay and clergy leaders
3. Modeling and serving as a catalyst for ministries which transform the world by:
   a. seeking to eliminate poverty
   b. seeking health, healing and wholeness
   c. seeking justice for all God's people

**The key measures for accountability are:**

1. Number of baptisms
2. Number of persons making professions of faith
3. Worship attendance
4. Membership
5. Apportionments paid
6. Number of volunteers involved in hands-on ministry.

## CORE VALUES AND BELIEFS

1. **We believe that The Arkansas Conference is a manifestation of one, holy, catholic apostolic church with many congregations serving as mission fields, throughout the state.** *"there is one body and one Spirit, just as you were called to the one hope of your calling, one Lord, one faith, one baptism, one God and Father of all, who is above all and through all and in all."" Ephesians 4:4*
2. **We believe that the proper relationship with our Lord and with one another is described by the words of the Great Commandment.** *Jesus said, "You shall love the Lord your God with all your heart and with all your soul, and with all your mind. This is the great and second is like it: Love your neighbor as yourself. On these two commandments hang all the law and the prophets.": Matthew 22:36-40.*
3. **We believe that our mission and task as the church is to live out Christ's Great Commission:** *Jesus said, "Go therefore and make disciples of all nations, baptizing them in the name of the Father, and of the Son , and of the Holy Spirit, teaching them to observe all that I have Commanded you; and lo I am with you always, to the very end of the age." Matthew 28:18-20*
4. **We believe the strength and vitality of The United Methodist Church of Arkansas depends on a shift from an inward focus on ourselves to an outward focus of ministry to the least, the last and the lost.** "*The Spirit of the Lord is upon me, because he has anointed me to bring good news to the poor. He has sent me to proclaim release to the captives and recovery of sight to the blind, to let the oppressed go free, to proclaim the year of the Lord's favor." Luke 4:18-19*
5. **We honor the blessings of God's grace in our past, Christ's spirit in our present, and the Holy Spirit's promise in our future.** *"I am the Alpha and the Omega, the beginning and the end. To the thirsty I will give water as a gift from the spring of the water of life." Revelation 21:6*
6. **We believe we are to be good caretakers of the resources – both human and financial that have been entrusted to us.** *"Think of us this way, as servants of Christ and stewards of God's mysteries and stewards of God's mysteries. Moreover, it is required of stewards that they be found trustworthy.": I Corinthians 4:1-2*

## IDEAS FOR IMPLEMENTATION:

Several really good resources exists; which can assist you in developing ministry plans for your local church, which will allow your church to be engaged with the larger mission of The United Methodist Church.

One especially useful resource is Five Practices of Fruitful Congregations by Robert Schnase, which is available at Cokesbury and the website www.fivepractices.org. A variety of resources are available on the Arkansas Conference website www.arumc.org. (Click on resources and go to "leadership and church growth resources".

You may also contact the staff in your Conference Ministry office at 501.324.8000 and Reverend Michael Roberts at Connected In Christ at 501.324.8016.

2. **Ministerial Support** (including Pension and Benefit, District Superintendents, Ministerial Education, Equitable Compensation, Episcopal Fund and Episcopal Residence).

**C.** The amount of money apportioned by the Annual Conference for Ministries Beyond the Local Church would be determined by a 10% tithe **(for 2010, a 9.4% tithe)** of the "financial considerations" spent by the churches of the annual conference. Changes in this total apportionment figure may not be accepted or approved, although the Annual Conference may adjust and re-prioritize funds within the total as desired.

**D.** The Annual Conference will determine the amount apportioned for the Ministerial Support section, upon recommendation of the Conference Council of Finance and Administration (Par. 613, Book of Discipline). Each local church's apportionment for the Ministerial Support section will be determined by their share of the conference total spent for "financial considerations".

**In response to the resolution regarding pastor's moving expense passed by the 2008 Annual Conference, the council recognizes that the amount paid per move is to low and needs to be increased. However, since so many boards and committees were asked to reduce their 2010 budget we feel that implementing these increases in the current budget would require an additional $65,000 in funding. That additional budget amount would be difficult and insensitive to add to the 2010 requests. Therefore we recomeend the following plan.**

**2011 $600 per move plus $1.00 per mile**
**2012 $800 per move plus $1.00 per mile**
**2013 $1000 per move plus $1.00 per mile**

Clefton Vaughan's verbal CFA report:

"The 2008 Annual Conference referred a resolution to CF&A regarding pastor's moving expense. The council found that the amount paid in reimbursement for moving costs was extremely low. However, we did not feel that this year was the appropriate time to increase the conference budget. CFA is recommending the 3-year plan found on the bottom of page 21 of your Pre-Conference Journal.

The council would like to call attention to a change made by the 2008 General Conference. Paragraph 258-4-d calls for the local church finance committee to make provisions for an annual audit. This is not new, but further language was added to define what constitutes an audit. Provisions were also added that require the audit, along with a copy of the churches internal controls, be included in the charge conference report. We know many churches do not currently have written internal controls. We cannot stress enough the importance of the creation and use of these documents. You can find a sample policies and procedures manual on our website or by contacting the Conference Finance Office.

There has been a lot of discussion regarding how the economic downturn of 2008 has affected your pension funds. The Pre-1982 fund had reached 113% funding status at the start of 2008, at the end of 2008 that funding status had shrunk to 79%. While we have until 2021 to get back to our 100% funded status, annual payments will be required starting at the end of 2011. The amount of extra funding is subject to market changes as well as actuarial gains and losses, but could be as much an extra 1.4 million dollars. The defined benefit portion of the CRSP plan is also in arrears, but the deficit is considerable less. The Conference Board of Pensions plans to fund as much as they can out of their roughly $5 million in reserves, but we feel that an increase in the Pension budget will be inevitable.

According to the rules of the conference, funding for Ministries Beyond the Local Church shall be set at 10% of the total financial consideration items reported on the 2008 year-end statistics. That figure was $69,845,480 – therefore the total ministries beyond the local church budget should be 6,984,548. That figure represents a 0.66% increase over the 2009 budget. When the first proposed budget was developed, CF&A deliberated carefully and the CF&A felt that figure was in excess of what the churches in the conference should be asked to fund. Many churches were forced to reduce their budgets by cutting programs and personnel in 2009. Therefore CF&A asked all of the conference committees to reconsider their budget requests and find more areas to reduce those requests.

To help committees lower their budget CF&A is requesting a reduction in the mileage rate. This can be found on the top of page 21 in your Pre-Conference Journal. The new rate would be 50% of the IRS standard mileage rate for conference volunteers and 80% of the standard mileage rate for employees of the Conference.

The District Superintendents have requested their salary be reduced to the 2008 level. This reduction in salary combined with the reduction in the mileage rate represents a savings to the conference budget of nearly $35,000 and we should acknowledge their personal sacrifice.

The 2006 Arkansas Annual Conference passed a resolution to develop a plan to equalize the funding of our two United Methodist Colleges by 2010. The funding plan had called for each institution's budget to be set at $350,000 in 2010. However that plan was based on a projection of better economic times than we are currently in. Therefore we are equalizing the amount given to Hendrix College and Philander Smith College at $320,000 each.

As you can see, nearly all of the budgets that are set by this conference show a reduction. Many of these are reduced by 10% or greater. While these cuts were not easy. Many new programs were postponed for another year. Salaries for conference staff have been frozen. All in all this represents a 6% reduction of all the budgets excluding General and Jurisdictional Apportionments and Conference Pension funds - and a 3.34% decrease of the bottom line.

In order for these reductions in the conference budget to be passed on as reduced apportionments to local church, we must make a change to our standing rules. Item "4-b" on page 490 of the 2008 Arkansas Conference Journal states: "…The amount of money apportioned by the Annual Conference for Ministries Beyond the Local Church would be determined by a 10% tithe of the "financial considerations" spent by the churches. Therefore we move that for the 2010 apportionment calculation, the 10% tithe be reduced to 9.4%."

The Arkansas Annual Conference retains one fourth of the monies paid for the MEF apportionment for this fund. This is the only source of funds for Service Loans, and disbursements cannot exceed income in any fiscal year.

Students who apply will sign a promissory note. Loans will be forgiven for service one year per year (two semesters) of aid. In other words, a student who borrows from the fund for six semesters would complete his/her obligation through three years of service under appointment by a Bishop of the United Methodist Church. Students who do not complete the service agreement will be expected to repay the loan with interest.

For the 2009-2010 academic year the following policy will be followed for disbursing funds.

All applications will be processed by the Secretary of the CBOM. Due to limited funds, applications for the summer term will not be accepted for 2009-2010.

**Reimbursement Policy:**

The CBOM will plan to disburse 90% of the apportioned figure for 2009-2010. Funds will be budgeted equally for the fall and spring semesters. The rate of reimbursement will be determined once applications have been received and total requests have been calculated. At this time the amount of loans will not exceed 40% of tuition per semester. A student may receive up to $5,000 per year in loans.

Students will not receive funds to repeat a failed course. Incomplete courses must be completed before funds are disbursed. (Please note that application must still be made prior to the deadline.)

Gifts may be sent any time to: United Methodist Foundation of Arkansas, Clergy Covenant Fund, 5300 Evergreen, Little Rock, AR 72207.

## SECTION XI: VACATION

It is The United Methodist Church's view that good vacation time benefits ministry. Since pastors are on call 24 hours a day, seven days a week, time away (when the parish is' vacated") can bring renewal and refreshment for the tasks at hand and help prevent burn-out, we recommend the following minimum vacation standards:

**1.** Each clergy person under appointment by the Bishop of the Arkansas Conference shall be entitled to receive the following minimum vacation time during the course of the Annual Conference year (July 1-June 30).

**a)** Those having served full time in The United Methodist Church from the time first appointed to five years: two weeks vacation (2 Sundays).

**b)** Those having served full time in The United Methodist Church from six years to ten years: three weeks vacation (3 Sundays).

**c)** Those having served full time in the United Methodist Church for eleven or more years: four weeks vacation (4 Sundays).

**2.** Vacation time shall be based on the number of years of service under full-time appointment in the ministry of The United Methodist Church (including previous service in diaconal ministry) and not on the number of years of service in a given appointment.

**3.** Time away from the appointment for participating in continuing education events and experiences shall not be

counted as vacation time (see ¶351.2), nor shall time away for other events which the appointee is expected to attend, such as Annual Conference, or other conference, district or general church events.

**4.** All full-time clergy are to receive a minimum of two weeks for continuing education. All part- time clergy are to receive a minimum of one week for continuing education (This continuing education policy does not apply to pastors who have not completed Course of Study.)

**5.** The Committee on Pastor/Staff-Parish Relations should also arrange for the clergy person to have one day off each week and to be away from the appointment occasionally for a day or two.

**6.** In those charges where local pastors have not completed the Course of Study and where clergy are appointed to less than full-time service, including student pastors and part-time local pastors, the minimum vacation time shall be two weeks.

**7.** Clergy should refrain from taking vacation during the first month of a new appointment. It is also recommended that the first-year vacation be distributed across the year, not taken all at once.

**8.** The clergy person shall consult with the Pastor/Staff Parish Relations Committee in obtaining vacation supply coverage.

**9.** The charge shall make available as necessary the funds for pulpit supply while the pastor is on vacation.

## CONFERENCE COMMITTEE ON GROUP INSURANCE

The purpose of the Conference Committee on Group Insurance is to administer a Comprehensive Health Insurance Program, selected by the Annual Conference, for active and retired clergy of the Annual Conference, along with full-time lay employees of local churches. All of the actions taken by the Committee are subject to review and revision by the Annual Conference.

At the regular session of the former North Arkansas and Little Rock Conferences on June 5, 1995 the Conference approved the Insurance Committee's recommendation to merge our Conference Group Plan for both Active, Retired and Medicare supplement participants to form our own Group Self-funded Insurance program with Spradley & Coker of Little Rock as our Plan Administrator. The Self-funded Group Plan was effective August 1, 1995. On March 1, 1997 the third party Administrator was changed to Corporate Benefit Solutions, Inc. (CBS) and effective January 1, 2003 their name changed to CoreSource-Little Rock.

Since the forming of a Conference Group Health Plan on June 5, 1995 the former North Arkansas and Little Rock Conferences administered the plan jointly. Adjustments to the plan were made by the two Committees meeting jointly, every year. INPLIED consent by both Committees was used to tweak" the plan each year. The Plan benefit adjustments were done based on claim paid history and were done only to hold down exorbitant premium cost increases. Because no record can be found giving "express/implied" consent to the Committee, the Annual Conference gives consent to Arkansas Conference Committee on Group Insurance to make adjustments to the Conference Group Health Plan. ALL SUCH ADJUSTMENTS ARE ALWAYS SUBJECT TO REVIEW AND REVISION BY THE ANNUAL CONFERENCE.

Realizing that it is necessary, in a self-funded group health insurance plan, to maintain a reserve in case of catastrophic claims upon our plan, it shall be the policy of the Committee on Group Insurance, to maintain a Reserve balance of approximately one year's annual gross premium and administration costs. Any excess over and above the one year Reserve will be distributed back to The Annual Conference Self-funded Group Health Plan in the form of maintained, adjusted premiums or enhanced benefits. Any Reserve overage may "only" be used for the benefit of its Participants in The Group Health Insurance Plan. A Reserve held only by the former North Arkansas Conference used exclusively to pay the salary and expenses of the Administrative Secretary, or Conference Benefit Officer and related expenses of operating The Committee. All other expenses shall be paid only with the express consent of The Arkansas Annual Conference.

The cost of health care is a troublesome issue for our conference. To do nothing is to risk our ability to deliver benefits in the future. At the last annual conference, we reported that we might bring to this year's conference a motion to create an "appointment rate premium" for all full time clergy under regular appointment. We have done the research and feel that this is a doable endeavor. However, we were not convinced the timing is right to gather the support needed to make the change this year. In the meantime, the committee is taking several pro-active

measures to increase the health of our clergy families and slow down the increasing costs of our health care program.

We seek to:

- offer the best benefits to pastors and their families
- help our pastors and their families to optimize their health
- contain healthcare costs

The membership of the Insurance Committee shall be composed of a chairperson, six clergy at large, and six laity at large, nominated by the Conference Nominating Committee and elected by the Annual Conference. Additional members are a cabinet representative, the chair of the Board of Pensions, the chair of the Board on Professional Ministry, the Conference Treasurer, all with vote. The Committee may employ an administrative secretary.

1. All Full, Associate, and Probationary Members, all Full-Time Local Pastors of the Conference under regular Arkansas appointment and their dependents (except students serving in or those employed by other conferences or agencies that have compulsory programs, members under special appointment outside the Conference, or retired military personnel serving in the Conference), and all full-time employees of the Conference shall participate in the Health Benefits Program of the Arkansas Conference.
   A. The Program is open for full-time lay staff (working at least 30 hrs. per week), Probationers, Student Local Pastors, Full Deacons, Diaconal Ministers, and Full Members serving less than full-time appointment or employment. This is optional for the eligible participant and the participant must make the necessary arrangements to enroll and will be responsible for the total premium.
   B. A participant must enroll in writing with the Office of Insurance and Pensions within 30 days after the eligibility date. The eligibility date is the date of first appointment (business date of Annual Conference) or date of employment.
   C. All retired clergy, spouses, surviving spouses, eligible dependent children and surviving eligible dependent children of retired clergy who are the responsibility of The Arkansas Conference and have been participating in the Program on the date of retirement shall be eligible to continue participation. Retired participants and their spouses who have attained age 65 must have Medicare parts A and B at the participant's own expense. The group medical plan will coordinate benefits with Medicare whether or not the participant or their spouse is actually receiving benefits. Conference Group Medical Participants who are retired are asked NOT TO ENROLL IN MEDICARE PART D. Your Conference prescription drug benefit acting as a Medicare Subsidy will remain the same coverage which you had in your Active years.
   **D Clergy on Incapacity Leave receiving CPP Disability benefits who become eligible for Medicare Disability after July 1, 2009 will be required to enroll in Medicare parts A & B at your own cost. The Arkansas Board of Pensions will provide the full cost of your premium while you are receiving CPP Disability. CoreSource will remain the Primary carrier but without Stop-Loss so that Medicare pays a portion.**
   **E.** The Conference Benefit Officer in the Treasurer's office will check with the District Superintendent concerning a pastor applying for enrollment for the first time. The eligibility of any full-time lay employee of a church will be checked with the lead pastor, and payment of premiums agreed upon before enrollment.
   **F.** In order to be in compliance with the new federal law (HIPPA), we will hold a thirty (30) day OPEN ENROLLMENT period during September of each year, to be effective OCTOBER 1ST. Open enrollment will be for all eligible persons who have not enrolled in a timely fashion. We may impose an eighteen (18) month pre-existing conditions limitation.

The responsibility of determining the source of funding for the health insurance benefit program for retired clergy and their dependents shall be the responsibility of the Arkansas Conference Board of Pensions. Employee compensation, benefit package, and office expenses for Conference Benefit Officers is to be shared equally with the Arkansas Conference Board of Pensions.

All vesting and eligibility questions regarding retired clergy, spouses, and surviving spouses will be under the purview of the Arkansas Conference Board of Pensions.

Upon union, churches will pay 100% of the cost of health insurance premiums for Active Clergy.

All reserve money in all Insurance Committee's accounts will come together as one account under the new

Arkansas Conference Insurance Committee.

All of the above was adopted by the Special Called Joint Session of both Conferences on November 23, 2002. All previously adopted procedures of the two Insurance Committees that are not in conflict with the above will continue to be used by the Insurance Committee to administer the program

For example: the following procedure will continue to be used in conjunction with collecting premiums;

1. The insurance premiums are billed quarterly to the lead church. The premium is due 30 days from the statement date shown on the invoice sent from the Treasurer's office. All participants are responsible for seeing that the total premium due is sent to**:** The Arkansas Conference, P.O. Box 2941, Little Rock, AR 72203 *no later that the due date.*
2. The committee shall use the following measures when premiums are not received on time:
   A. A second notice will be sent to the Church 14 days after the due date. A copy of the second notice will be sent to the applicable District Superintendent. The church may be billed a late charge of $20.00 after this second notice is sent.
   B. A third notice will be sent to the Church and Cabinet Representative 7 days after the second notice with a possible termination date clearly stated.
   C. After the third notice has been sent, and no response has been made, the participant may be terminated from the plan and the Cabinet Representative notified. [Note: No participant will ever be terminated from the plan until personal contact has been made from the Insurance Committee.] Premiums must be received before the termination date and not just post marked. Premiums received after termination will be returned to the church.
   D. If coverage is terminated, you and your dependents cannot re-enroll until open-enrollment, or to be effective October first.
3. Participants in the Insurance Plan whose appointment/employment is terminated may be granted an Extension of coverage (COBRA) for up to eighteen months provided:
   The participant makes a written request to CoreSource, Inc. – Little Rock POB 8215-Little Rock, Ar. 72221
   The participant is responsible for payment of the total COBRA premium direct to CoreSource, Little Rock.

The AC participates in the new retirement plan- Clergy Retirement Security Program (CRSP) and the Comprehensive Protection Plan (CPP) the death & disability plan (full-time only are eligible for CPP). CRSP is made up of 2 components, a defined benefit and defined contribution.
   a. The calculations under CRSP are;

We remind all pastors and local churches of ¶638.4d in the 2004 Book of Discipline, which sets forth the requirement that payments on the pension and benefit program of the conference be in exact proportion to payments made on the salary or salaries of the ordained minister or clergy serving it. ¶638.4d requires the local church treasurer and/or pastor to adjust the cash salary and payment to be in the same proportion as the amount paid to the pension and benefit program of the conference. ¶638.4d adds that it shall not be permissible for a pastor to receive a bonus or other supplementary compensation tending to defeat proportional payment

9. ¶1506.18 of the 2004 Book of Discipline establishes pension and benefit contributions as the responsibility of the salary-paying unit to the participant. The General Board of Pensions recommends that each local church and other salary-paying units realize that they may be held legally liable for any defaults in paying the pension apportionment in full.
10. Listing of special appointments:
    *The official record of annuity claim is kept by the General Board of Pension. To see the list of special appointments, see the appointments in section E of this Journal.*
11. Notice of claims for pension credit shall be made in writing to the Conference Benefits Officer, POB 2941-Little Rock, AR 72203.
12. In determining years of service, the Board of Pensions shall carefully examine and consider those years listed in the conference Journal prior to accepting them as valid years; and any years in question shall be subject to validation by the applicant and by approval of the Board of Pensions.
13. Copies of individual service records may be obtained from the General Board of Pensions, 1201 Davis Street, Evanston, IL 60201.
14. Participants enrolled in the CPP Comprehensive Protection Plan who meet Disciplinary requirements prior to retirement and have been retired by the Arkansas Conference may have their death benefit coverage provided through the Comprehensive Protection Plan (CPP).
15. Clergy on Incapacity Leave receiving CPP Disability benefits who become eligible for Medicare Disability after July 1, 2009 will be required to enroll in Medicare parts A & B at your own cost. The Arkansas Board of Pensions will provide the full cost of your premium while you are receiving CPP Disability. CoreSource will remain the Primary carrier but without Stop Loss so that Medicare pays a portion.
16. We recommend that all retired ministers, widows, and dependent children who are the responsibility of the Annual Conference and were enrolled 2 years immediately prior to retirement are covered by the Conference Health Insurance program. Clergy and or Spouses who enroll after the deadline are ineligible to receive the following benefit and will responsible for paying the entire premium.
    The Annual Conference will pay health care cost of retirees and surviving spouses, starting the first day of the month in which pension annuity begins under the following guidelines:
    a) Retired Clergy, Spouses, Surviving Spouses and Ministers on Disability at the time of Unification shall continue to receive benefits under the plan in effect for their respective Annual Conferences.
    b. Effective July1, 2006 - Retirees and/or their spouses under age 65 will have payments made on their

behalf for Conference Medical Insurance premiums based on years of service up to the Medicare Supplement Rate– Example: Clergy age 62 with 30 years of service (and spouse age 59) would receive $461.00 toward the **$1144.00** monthly premium and would be responsible for **$682.00** monthly. Conference payments will start when Clergy becomes annuitant.

c) The "premium gift" is calculated in the following manner;
For years of service 1-20 years X 4% and 1% thereafter to the cap stated above. Clergy with 40 years of service must be age 65 (spouse also age 65) before 100% is provided.

**2009 MONTHLY RATES;**

| | |
|---|---|
| Clergy- early age retiree/ single coverage | **$451.57** |
| Clergy-early age retiree/ Spouse under age 65 | **$1144.00** |
| Clergy- early age retiree/ Spouse full age 65 | **$1041.98** |
| Clergy- full age 65 retiree / single coverage | **$231.00** |
| Clergy- full age retiree/ Spouse under age 65 | **$1041.98** |
| Clergy- family both over full age 65 | **$462.00** |

NOTE: Participant's portion is based on current premiums and may vary yearly with rate increases and annual changes in Board of Pension policy.

f) Retired individuals, eligible for Medicare, shall personally pay Medicare premiums.

g) The health insurance premium of an under-age Surviving Spouse will be paid for 5 years and thereafter will be based on the formula paid for retired Clergy service year credit. After the 5 year payment, the Surviving Spouse is required to request monetary assistance in writing if needed.

h) When a surviving spouse of a retired clergy person remarries that surviving spouse will be responsible for 100% of the insurance premium.

i) Spouses and dependent children, under the age of 65, of a clergy person who dies while active will have their health insurance premiums paid by the Annual Conference for 5 years following the death of the clergy. In the event of extenuating circumstances, an extension of payments may be requested by the surviving spouse. Each case will be reviewed annually. When the unmarried surviving spouse reaches 65, the guidelines above go into effect.

j) If a retired minister marries after June 1, 1995, the new spouse will be eligible for coverage under the Health Insurance Plan. The total premium will be his/her responsibility.

k) Eligible dependents of a retired minister who are not currently enrolled in the Arkansas United Methodist Health Insurance plan may, if eligible, enroll in this plan with preexisting conditions waived provided:

1) The dependent(s) have been covered by an employer-sponsored group insurance plan for a minimum of one consecutive year; and

2) Enrollment is made within 30 days of termination of the employer-sponsored group insurance plan.

**3**) The participant is responsible for the premium.

**17**. Resolutions Relating to Rental/Housing Allowances for Retired or Disabled Clergypersons of the Arkansas Conference

The Arkansas Conference (the "Conference") adopts the following resolutions relating to rental/housing allowances for active, retired, or disabled clergypersons of the Conference:

WHEREAS, the religious denomination known as The United Methodist Church (the "Church"), of which this Conference is a part, has in the past functioned and continues to function through ministers of the gospel (within the meaning of Internal Revenue Code section 107) who were or are duly ordained, commissioned, or licensed ministers of the Church ("Clergypersons");

WHEREAS, the practice of the Church and of this Conference was and is to provide active Clergypersons with a parsonage or a rental/housing allowance as part of their gross compensation;

WHEREAS, pensions or other amounts paid to active, retired, and disabled Clergypersons are considered to be deferred compensation and are paid to active, retired, and disabled Clergypersons in consideration of previous active service; and

WHEREAS, the Internal Revenue Service has recognized the Conference (or its predecessors) as the appropriate organization to designate a rental/housing allowance for Clergypersons who are or were members of this Conference and are eligible to receive such deferred compensation;

NOW, THEREFORE, BE IT RESOLVED:

THAT an amount equal to 100% of the pension or disability payments received from plans authorized under *The Book of Discipline of The United Methodist Church* (the "*Discipline")*, which includes all such payments from the General Board of Pension and Health Benefits ("GBOPHB"), during the current year or years by each active, retired, or disabled Clergyperson who is or was a member of the Conference, or its predecessors, be and hereby is designated as a rental/housing allowance for each such Clergyperson; and

THAT the pension or disability payments to which this rental/housing allowance applies will be any pension or disability payments from plans, annuities, or funds authorized under the *Discipline*, including such payments from the GBOPHB and from a commercial annuity company that provides an annuity arising from benefits accrued under a GBOPHB plan, annuity, or fund authorized under the *Discipline*, that result from any service a Clergyperson rendered to this Conference or that an active, a retired, or a disabled Clergyperson of this Conference rendered to any local church, annual conference of the Church, general agency of the Church, other institution of the Church, former denomination that is now a part of the Church, or any other employer that employed the Clergyperson to perform services related to the ministry of the Church, or it's predecessors, and that elected to make contributions to, or accrue a benefit under, such a plan, annuity, or fund for such active, retired, or disabled Clergyperson's pension or'disability as part of his or her gross compensation.

NOTE: The rental/housing allowance that may be excluded from a Clergyperson's gross income in any year for federal income tax purposes is limited under Internal Revenue Code section 107(2) and regulations there under to the least of: (1) the amount of the rental/housing allowance designated by the Clergyperson's employer or other appropriate body of the Church (such as this Conference in the foregoing resolutions) for such year; (2) the amount actually expended by the Clergyperson to rent or provide a home in such year; or (3) the fair rental value of the home, including furnishings and appurtenances (such as a garage), plus the cost of utilities in such year.

**18.** A Retired Minister's Day is Recommended Each Year: Recommended to be the Third Sunday of May each year. The purpose of this day is to recognize the service of the retired servants and their families, and to involve the local churches in the recognition of the needs, both present and future, of The Arkansas Conference Pension Fund. If a retired minister does not reside within the bounds of a charge, but a member of a retired minister's family does, they shall be invited to participate in the service (or observance); otherwise, recognition of these servants, and their service, should be observed appropriately. "Appropriately" should be determined by the Pastor/Parish Relations Committee of each local church. This committee shall have the responsibility of locating these people and relate the service of these persons to the local church and our Annual Conference. The Conference Board of Pensions will be responsible for providing promotional ideas and some materials (i.e., total years of service, percentage of retired ministers serving churches while in their retired status, etc.) when requested.

**19**. We recommend that a monthly pre-82 grant in the amount of $359.00 be paid to Rev. Lloyd Smith beginning July 1, 2009 ending at the time of death.

**20**. We recommend that, ¶1506.3 (2), 2008 Book of Discipline, be enforced.

**21.** Participants in our pension programs should notify the Conference Benefit Officer, Mona Williams, at the Office of Finance and Administration, PO Box 2941, Little Rock, AR 72203 Phone 501-324-8003, Fax 501-324-8043 when:

a. A death in the immediate family occurs;
b. Any change in address or income occurs;
c. A change of beneficiary is desired;
d. Information relative to pension matters is needed
e. To enroll in our pensions program and/or health insurance;
f. Request for retirement is made to the bishop, cabinet, and board of ordained ministry;
g. You have a question of annuity credit for past service.

**Arkansas Annual Conference Funding Plan**
**For the Clergy Retirement Security Program As of January 2009**

The 2009 Past Service rate (PSR) of $554.00 is .99% of Conference Average Compensation (CAC). The conference intends to maintain the PSR as a percentage of CAC to the minimum allowable. We anticipate future Conference average compensation increase rates to be approximately 2% per year.

Based upon calculations provided by the General Board of Pensions and Health Benefits (GBOPHB), the pre-82 service liability for the Arkansas Conference based upon a 2009 PSR of $554.00 is $-0- as of January 1, 2009. The Arkansas Conference Plan funds currently held by GBOPHB are valued at $37,472,908 as of 01/01/2009.

The $-0- difference between total liability and assets represents the Arkansas Conference unfunded liability for pre-82 service obligations. This unfunded liability will come from two sources,

1. Payments annually from apportionment dollars.
2. Conference assets on deposit at the GBOPHB. The amount of money to be paid on 12/31/09 for PSR obligations are unknown at this time.

**The 2007Arkansas Conference Funding Plan is summarized below:**

| | |
|---|---|
| Supplement One Liability | |
| With assumed 2% PSR increases | $38,222,336 |
| Current Plan Funding: | $37,472,908 |
| Additional Conference Assets | |
| On deposit with MAF (12/31/08) | $3,944,344 |

**EQUITABLE COMPENSATION COMMISSION**

*MISSION STATEMENT:*

The Mission of the Commission on Equitable Compensation is to enable local churches to make disciples of Jesus Christ by providing appropriate compensation for effective pastoral leadership.

**I. MINIMUM COMPENSATION BASE SUPPORT:**

The Commission on Equitable Compensation recommends that the 2010 Minimum Compensation Payment Schedule and Guidelines be established as follows:

| | *Full Connection* | *Probationary Associate Member* | *Local Pastor* |
|---|---|---|---|
| *Minimum Base Comp.* | $ 32,800 | $ 31,700 | $ 30,500 |

1. A parsonage or a housing allowance shall be provided in addition to the figures listed above.
2. Associate Pastors (not to be confused with Associate Members of the Conference) are not eligible for Minimum Compensation aid.
3. Retired Pastors are not eligible for Minimum Compensation Aid. See ¶ 359.6, 2008 Book of Discipline.
4. Each church receiving Minimum Base Compensation Support shall provide the amount(s) received from the Conference for the past five (5) years. We further require that each local church describe how they will reduce this support through the local church's ministry plan.

**II. KEY CHARGE PROGRAM FOR BASE COMPENSATION SUPPORT:**

The Key Charge Program provides Base Compensation Support to pastors who are appointed to charges targeted for significant growth by the Conference or are in transition and require short-term support for effective pastoral leadership for various other reasons.

Key Charges are related to the Commission on Equitable Compensation by a contractual agreement. The contract is negotiated by the Chair of the Commission, the District Superintendent, and representatives of the charge. The persons, or their successors, shall be the trustees of the contract, having verified it with

their signatures. The contract shall include:
(a) the initial amount of the Base Compensation Support needed,
(b) the duration of the contract (normally 5 years or less), and
(c) the signatures of the persons negotiating the contract. The nature of the contract is such that the amount of Compensation Support given shall decrease proportionately each year, while the compensation paid by the Charge increases by at least the same amount, thus keeping the compensation at least stable over the contract period. After the contract has expired, no further Compensation Support will be granted to the charge.

Under the Key Charge arrangement, there shall be no required minimum or maximum levels of support by the charge. The only limitation will be the amount of funding budgeted for this program.

**III. MISSIONAL LOCAL CHURCH COMPENSATION SUPPORT:**

We recommend that the Arkansas Conference undergird its mission by providing a Missional Local Church Compensation Support Program. This program is intended to help provide capable, effective pastoral leadership to charges which function in areas of extreme economic limitation and which are unable to provide a viable level of pastoral support without mission aid. In each case, the level of base compensation support shall be negotiated by the Chair of the Commission on Equitable Compensation and the District Superintendent in consultation with the pastor and officials of the charge.

Priority shall be given to charges that show potential for growth, for increased effectiveness in ministry and for advance towards self-support. Consequently, when a charge has received Missional Local Church Support for four years, the Commission will assess the charge's growth during the period before continued funding is approved. Considerations will include:

1. Membership.
2. Worship attendance.
3. Percentage of apportionments paid.
4. The charge's share of the pastor's compensation.
5. The charge's stewardship ("total amount paid" divided by worship attendance).

If a charge declines in more than two of these categories over the four-year period,"its Missional Local Church Support shall be reduced by ten percent the following year, and it shall be reduced by one-third over each of the succeeding three years. The District Superintendent may appear before the Commission to request an exception to this process.

**IV. EQUITABLE COMPENSATION AGREEMENT:**

When Equitable Compensation support has been granted to a church/charge, an acknowledgement of the conditions and amount of that funding shall be executed by the District Superintendent, Pastor, and leaders of the church/charge before any payment of funds shall be made. This acknowledgement shall be made on a form provided by the Commission.

**V. ADDITIONAL PRIORITIES:**

A. The Commission shall maintain adequate reserves to fund needs which may emerge.
B. Each charge receiving Equitable Compensation in any of the above categories is expected to pay its Conference Apportionments in full. If the charge is unable to accomplish this, they shall submit a written plan of action approved by their District Superintendent, detailing the steps to be taken in order to achieve this goal.
C. All C.E.C. funding relates to pastoral support. Funding for program cost or other compensation is not allowed.
D. Equitable compensation funds are paid directly to the church/charge and shall be paid to the pastor as a supplement to funds budgeted by the church/charge.

## OUTDOOR MINISTRIES COMMITTEE

Our two conference facilities and three district camps continue to provide opportunities for worship, study, meditation, recreation, fellowship, and personal retreat in settings that uniquely afford participants an experience of God through the great outdoors. We use all of the resources we have to provide children, youth, and adults at every stage of spiritual formation a pathway to deeper discipleship. The personal witness of laity and clergy alike affirms that a call to deeper discipleship as well as to full-time Christian service has often occurred on hillsides, by the lakeside, and through mountain top experiences. These can happen best when we intentionally seek to encounter God in a remote setting, far away from the routines and relationships that characterize our daily lives.

To that end our vision, mission, and goals for the year remain as follows:

Our Vision is to be "A ministry where God's people are afforded the windows, doors and pathways to experience more fully God's love, mercy and grace through a broad range of outdoor settings and activities."

Our Mission is "to provide opportunities to make disciples for Jesus Christ by offering a means for their growth and development through a wide variety of facilities and programs."

Goal 1 – Increase people participating in outdoor ministries

Goal 2— Involvement by pastors and church leadership

Goal 3 – Improve quality of facilities and programming

With regard to Goal 1, use of our facilities remains strong. Although participation in United Methodist events provided by the camp/retreat center has shown a slight decline in the past year (less than 2 %), overall use of our facilities has shown a remarkable increase. For example, among United Methodist groups we have seen an 18% increase in participants and a 38% increase in "participant days." Among other faith groups we have seen a 70% increase in participants and a 68% increase in "participant days." Among other non-profit groups we have seen a 35% increase in participants and a 43% increase in "participant days." And among "for-profit" groups, there has been an increase of 61% in "participant days."

In the coming year, we are partnering with our Conference Council on Family Ministries to sponsor a family camp at each of our facilities. Ultimately, our vision is that these will be scheduled for the same weekend at all sites, with a common curriculum and leadership that are jointly trained.

With regard to Goal 2, we have seen the benefit of hosting events such as the Convening of the Order of Elders at Camp Tanako in September 2008. In the future, we are encouraging each District Superintendent with a camp or retreat facility in their district to sponsor at least one district wide event at that site. We have also suggested hosting an "open house" at each site sometime during the year.

With regard to Goal 3, during the past year, much of our effort has continued to focus on compliance with the standards we adopted in 2006. For clarification of the standards and to assist with their implementation, we have cross-referenced our list with the accreditation handbook for the American Camp Association (ACA), and purchased a copy of the manual for each site. In the end, however, we are recommending that the Annual Conference rescind all previous standards and move toward ACA accreditation for all of our camping and retreat centers. Oversight of this effort will be provided by each facility's Board of Directors (and in the case of district camps will be under the purview of the District Superintendent.)

**Our recommendations are as follows:**

**We recommend that the Arkansas Annual Conference rescind the "Standards for Camping and Retreat Centers" adopted in June 2006 and all previous recommendations of camping standards presented to the conference by this committee.**

**We further recommend that all camps and retreat centers within the Arkansas Annual Conference move toward accreditation through the American Camp Association.**

## ARCHIVES AND HISTORY COMMISSION

By striving to educate Methodists in Arkansas about the history of the church in general and individual congregations, the Archives and History Commission hopes that all see **the devotion to Jesus Christ of those who came before us and the sacrifices they may made to strengthen the church**. As we go into the future, it is always helpful to look back and understand that we are in strong churches today because those who came before us cared, worked and sacrificed in the name of Christ.

So that future generations of Methodists will benefit from the past, the Commission is undertaking a project to **preserve copies of the Arkansas United Methodist dating back to 1884**. Archivists Mauzel Beal and Marcia Crossman are responsible for overseeing this project. In addition, the Commission is investigating the **purchase of fire and waterproof file cabinets in order to store precious historical documents**. As good stewards of the budget afforded the Commission, one cabinet per year will be purchased for the next four years.

The Commission voted to send Marcia Crossman, one of our conference archivists, to the United Methodist Communications Workshop in March 2009. The theme of the conference is Conference Journals. This will assist her in fulfilling her responsibilities of compiling the Service Records and a portion of the History Section of the Conference Journal.

The Commission hopes to conduct additional **workshops in 2010** in order to assist local churches in understanding how to preserve records and prepare a history of the church. The last workshops occurred in 2006 and seemed to be well received and attended. The sites of the workshops will be considered later. The next Commission meeting will be held in the fall of 2009.

The **Archives are located at the Bailey Library on the campus of Hendrix College**, 1600 Washington Avenue, Conway, Arkansas 72032. The e-mail address is **arkmethodist@hendrix.edu** and the telephone number is **501-450-1370**. The Archives are open to the public on Thursdays from 9:30 a.m. to 4:30 p.m. or by appointment.

**Mauzel Beal, archivist**, can be reached by email at **beehill@tcworks.net** or telephone at 501-336-9321. **Marcia Crossman**'s email address is **mcrossman@conwaycorp.net** and her telephone number is 501-327-3512.

## CHRISTIAN UNITY AND INTERRELIGIOUS CONCERNS

CUIC is the conference committee that advocates work with other churches and faiths to build better trust, to cooperate with each other in various projects, to build better communication with peoples of all faiths. We encourage dialogue with all persons. We support our membership in and financial support of the Arkansas Interfaith Conference. This year, our work will be organized in three areas:

**A. AWARENESS** - We have developed a website to inform people of ongoing dialogue opportunities.

**B. RECOGNITION** - We will continue our annual awards recognizing an individual and a church whose work demonstrates effective Christian and/or interfaith unity.

**C. DIALOGUE** - We are encouraging the study of the following: MAKE US ONE WITH CHRIST (study guide of the report of the bilateral dialogue between the Episcopal Church and The United Methodist Church); and, CONFESSING OUR FAITH TOGETHER (relationship between The United

Methodist Church and the Evangelical Lutheran Church in America). We are distributing Guidelines for Interfaith Dialogue in the Annual Conference packets. Also, we continue to support the development of Christian-Muslim dialogue.

**CHURCH AND SOCIETY, BOARD OF**

Within the Conference framework of Strategic Initiative #5: To Expand Participation in Global and Local Mission to Change the World on Behalf of the Kingdom of God, the Board of Church and Society has participated in the following activities:

The BOCS provided eight grants with the Conference portion of the Peace With Justice Sunday offering to projects such as providing a Saturday with free lunch program at Wiggins, Elm Springs UMC Celebrate Recovery Program, Death Penalty Moratorium and Study Commission, Heritage UMC Food Pantry, the Shepherd's Center Adventures in Learning in Beebe, Age to Age mentoring at Arkansas Tech Wesley Foundation, Montgomery County Food Pantry and the McCabe Chapel PASS PLUS Program in North Little Rock. The Hunger Task Force that was mandated by an Annual Conference resolution in 2003 continues to be one of the main areas receiving support from BOCS. One of their projects is to provide small grants to community food pantries.

In August of 2008 we supplied a leader for a Focus Group at Arkansas Conference School of Christian Mission concerning the topic of the Companion to the Social Creed adopted by the 2008 General Conference. Members of the BOCS and other individuals with special interests have witnessed through the BOCS speakers bureau to groups of various kinds. One such speaker was Clayton Childers of the General Board of Church and Society who participated in the Northeast District Conference. Members of the 2008 General Conference Delegation delivered highlights to the attendees of the annual BOCS breakfast at Annual Conference. Some topics speakers are available for include poverty issues, the environment, the Global AIDS Fund, how to teach the Social Principles, the death penalty, disability rights, education and the Social Creed.

The Social Principles have continued to be disseminated throughout the Conference, with an emphasis on educating individuals of their content. Revised copies will be available at Annual Conference 2009 and through Cokesbury. We continue to have displays available at Annual Conference, Arkansas Conference School of Christian Mission and District events which provide information and materials for individuals and local churches. Throughout the year we have emphasized the 2008 Centennial of the Social Creed and the proposal at 2008 General Conference to adopt a revised Creed. "Read the Creed" buttons have been widely distributed, including through the General Board of Church and Society.

Several members of the BOCS were in attendance at the South Central Jurisdictional "Welcoming the Sojourner Event" held in Conway in September 2008. It was sponsored by the General Board of Church and Society, the Arkansas Conference, the Arkansas Board of Church and Society and other organizations.

We also supported the Arkansas Hunger Coalition, which attempts to alleviate immediate needs as well as long term causes of hunger; the Global AIDS Fund; prison ministries; and education. An anti-gambling task force was established in response to the initiative to establish a state lottery in 2008. The BOCS was one of the sponsors of the biennial Day at the Legislature allowing for legislative updates and one-to-one discussions with individual state senators and representatives concerning legislation before the Arkansas State Legislature.

The Board of Church and Society is active in attempting to make members of the Arkansas Conference of the United Methodist Church aware of the contents and ramifications of the Social Principles of the United Methodist Church in their lives as Christians. The Board and many others involved in these activities are active in advocacy, financial support, determining appropriate social actions, witnessing to all of the love, compassion and sacrifice of Jesus Christ with the belief that these actions will lead others to live their lives in a way that is indicative of how Christ would live.

## CONFERENCE MINISTRY TEAM REPORT

*From Roy Smith, Conference Director of Ministries:* I continue to be pleased with the work of your Conference Ministry Team. As I reviewed each of their reports, which follow this introduction, I am aware of the breadth of their work with local congregations. We are indeed fortunate to have such a team to serve you. I remind that all you need to do to have our team work with you is to give us a call or send us an e-mail. We stand ready to help you. Our passion is helping you as you make disciples in your local church.

We have staff persons with a variety of expertise. Our focus, as always, is on local churches. There are three main emphases in our work. These are congregational development through leadership development, communicating and helping to create ministry networks and connections between local churches.

Let me also say a word of thanks to Jane Dennis, who retired this spring after 21 years as editor of the Arkansas United Methodist. Jane is an excellent journalist and a consummate professional. She has poured heart and soul into her dedicated service helping to share the news and tell the story of United Methodism in Arkansas. Our words of gratitude hardly seem enough, yet they are heartfelt and genuine as we say, "Thanks, Jane!"

We welcome to our staff Heather Hahn. As our new editor Heather brings a number of years of experience as a religious writer and reporter, most recently at the Arkansas Democrat Gazette.

We want to help your church. We are ready to come to your Church regardless of the size of your church or your location in the state, we will come to you. As always, our visits and assistance does not cost your congregation any money. The connectional giving of our Conference through apportionments makes it possible for us to serve you. Please do not hesitate to call me or any of our staff at 877.646.1816 or 501.324.8000.

**From the work we did with local churches last year, here are some of the highlights we are pleased to share with you:**

## CONFERENCE MINISTER OF NEW CHURCH STARTS AND CONGREGATIONAL ADVANCEMENT

On the Conference Ministry Team there are two parts to my job description: starting new churches, and helping our existing churches to advance to the next level.

**— Starting New Churches —**

Just five years into this initiative, Bishop Crutchfield has appointed pastors to start 13 new churches: Journey UMC in Fort Smith, Mt. Olive UMC in Van Buren, Christ UMC in Cabot, Living Water UMC of Centerton, Grace UMC in East End, Vietnamese UMC in Fort Smith, Crosspoint UMC in Conway, Woodlands UMC in Fort Smith, Pontiac UMC in Springdale, Christ Way UMC in Jonesboro, North Fort

Smith Hispanic Mission, Argenta UMC in North Little Rock, and Waltrek UMC in Waltrek Arkansas. I also anticipate that the Bishop will appoint three pastors to start three additional new churches at this Annual Conference in West Little Rock, Russellville and Siloam Springs.

We began this new process for starting new churches in 2004. Although our most recent congregations are still quite young, it is beginning to appear that this new model is going to develop stronger and larger congregations than the old model – reaching more people, more younger people and more diverse people in Jesus' name. We are beginning to see evidence that the prevenient grace of God is at work cultivating missionary hearts among our pastors and congregations.

We face three challenges:

1) to increase the financial support for this new church strategic initiative so we can offer greater resources to our planting pastors in their first few months in the mission field;
2) to increase the 'missionary heart" of our laity and clergy to reach the unchurched and the pre-Christian in our own neighborhoods; and
3) to continue to improve our process for selecting new church pastors, appointing them to communities where they have a natural affinity for the unique nature of that mission field, and supporting the planting pastors & families after their appointment.

As this church-planting process improves in these early years of this new initiative, we should expect that future new church starts will be even more "fruitful" in making new disciples of Jesus Christ.

**— Congregational Advancement —**

Most of this ministry has been moved under the banner of Connected in Christ. However the Conference Ministry Team continues to work in all nine of our districts with churches who are ready to move to the next level.

This spring, I had the privilege of organizing and hosting a national event with fifteen Annual Conference attending: The 2009 Small Church Leadership Institute. Presenters included our Conference Lay Leader, Asa Whitiker; and four of our pastors: Rev. Dave Mack, Rev. Ramiro Lizcano, Rev. Ronnie Miller-Yow, and Rev. Justin Ledbetter. Key note presentations were given by Rev. Kevass Harding of Wichita, Dr. Ron Crandall of Louisville, Julia Kuhn-Wallace of Nashville, and Dr. Doug Anderson of Indianapolis. I am grateful to Jim Argue and the Arkansas UM Foundation for their generous grant to fund the Small Church Leadership Institute. The next two small church retreats will be mid-November of 2009 and mid-March of 2010.

**I have had the opportunity to conduct several local church, sub-district and district workshops in the past year on the following topics:**

- Does Your Church Have a 2020 Vision for the Year 2020?,
- Have You Thought of Sponsoring a New Church Across Town?
- Have You Thought of Being a New Church Start Pastor?
- Wholistic Stewardship: Commitment To Christ 2010
- Our New Membership Vow: Witness *(Why, How & Effective Methods)*
- 58 Ways to Increase Worship Attendance Without Changing Pastors,
- Before You Begin a Major Construction Project.

**DEMOGRAPHICS AND CHURCH STRATEGIC PLANNING**

We continue to resource local churches with Demographics, Visioning, Leadership Development, Congregational Development and Strategic Planning. More and more churches are taking advantage of the tools and resources in this area of the Arkansas Conference Ministry Staff. We have resourced over 100 churches with demographic reports, and over 20 churches with hands-on strategic planning, many of which I have returned to continue to resource their progress. In addition we have led several events that include multi-church workshops and follow-ups with the clergy and lay leadership in the churches represented at those events. In all, I have led over 50 events in local churches and districts. I continue as a resource person to Connected In Christ and its coaches. In addition to this I have resourced by phone and online over 100 churches by compiling and interpreting statistical data and demographic data for

those churches individually. All of this as a part-time staff member who also has restructured the ministries in my appointment at North Little Rock's First United Methodist Church, and started a new contemporary worship service that has seen over 100 persons attending regularly, which includes over 60 new worshippers from the community.

In the churches where we have worked we have seen a renewal of ministry taking place as the result of a new understanding of the changing demographics, changes in structure to become more "permission giving" and a new vision of what each one's church can be. People have responded with great kindness and excitement for what God is doing in each of their churches.

We continue our relationship with Claritas, the premier provider of wholesale demographics. We have great flexibility to provide tools for congregational development and strategic planning, and we are working on providing new and exciting tools that can be accessed by leaders in each local church. We continue to provide up-to-date reports to compare the last 10 to 20 years of statistics that include attendance, membership, profession of faith and apportionment payout with what is happening in the community, giving a more realistic picture of the context of every situation. These tools continue to make a difference in the churches where they are being used. If you want to know more call Leon Gray at (office) (501) 835-2201 or (cell) (501) 804-4448.

**MISSIONS AND ETHNIC MINISTRIES**

In 2008 while the majority of my portfolio is other things, disaster has continued to consume the majority of my time. With 200 federally declared disaster days in the state of Arkansas, countless hours have been spent in coordination of and preparation for disaster remembering that "all disasters are local". As a Conference, we participate along with other faith-based organizations in the Arkansas Chapter of "National Voluntary Organizations Active in Disaster" (National VOAD). This year, as a part of the chapter we received the Award for Outstanding 2008 State VOAD.

We have worked collaboratively with Catholic Charities to establish seven functioning countywide long-term recovery committees to assist in the case management of persons affected by the tornadoes, ice storms and floods of 2008. In these counties long-term committees have played a significant role in returning persons to their homes which were damaged. In Booneville with the fire and subsequent closing of the largest employer in the community, the long-term committee formed a separate charity with a one-stop shop to assist persons who lost their only income source. In Saline and Garland Counties the local long-term committees are working to develop plans to assist when disaster strikes. God is working in the churches in Arkansas in disaster.

The Advance for Christ giving in Arkansas has improved significantly over 2007: from 719 total gifts amounting to $341,638 to 2008 giving, 996 gifts totaling $431,019. This almost $90,000 increase represents an almost 30% increase in giving! God is working in the churches in Arkansas in mission.

Following the 2008 General Conference in Fort Worth, Texas last year eight persons from the Democratic Republic of the itinerated in our conference. As one of our mission emphases, the North Katanga Annual Conference of the Democratic Republic of the Congo represents one of the fastest growing groups of new Methodist churches and converts. The representatives included a Congressman and Senator, doctors, teachers, preachers and district superintendents. The Conference Coordinator of Communications, Rev. Betty Musau, who was in our delegation in Arkansas, shared with the General Conference about her experiences as a student at Africa University.

In November, our Ingathering also saw a large increase in goods and services over the previous year's totals. In 2007 the Arkansas Conference raised $3.2 million while at 2008's Ingathering we raised $4.1 million dollars. God is working in the churches in Arkansas in mission.

The Crossing Jordan Movement is breathing new life and activity in the historically African American Churches across the Conference. In November 2008, more than 200 persons assembled at Philander Smith College in what has become the largest gathering of African Americans in The United Methodist Church in Arkansas since the 1972 merger. This collaboration of Strengthening the Black Church for the 21st Century, Ethnic Local Church Committee, Religion and Race, and Black Methodists for Church

Renewal is working to develop a new Comprehensive Plan for the Ethnic Church in Arkansas. Working together will yield a better product in which all groups affiliated with Black Churches can become stakeholders in the Arkansas Annual Conference. God is at work in the ethnic churches in Arkansas. Everywhere we look: with the Six Special Days with Offering, the National Plans for Native American and Hispanic Ministries, Small Membership Church, Disability Concerns, the Russian and Congo Initiatives, Global Ministries, Church and Community Workers, Lay Missioners, and the Hunger Taskforce, God is at work in the churches of Arkansas bringing about a new awareness and understanding that the church is not a building, but the church is a people. God is at work in all of the churches in Arkansas!

Minister of Missions and Ethnic Ministries

**MINISTER FOR YOUTH AND YOUNG ADULTS**

We United Methodists have a wonderful heritage in Youth Ministry. From the very beginnings of Epworth League, to Methodist Youth Fellowship, to United Methodist Youth Fellowship, to United Methodist Youth, we have provided for our youth.

Youth is one thing we all have in common. We either are one, or we have been one. And, if you were a youth who was fortunate enough to grow up in a Methodist or United Methodist congregation, you probably have very good memories of "the days of your youth". Church camps, lock-ins, mission trips, sunrise services, retreats, trips, Bible study, summer youth workers, conference events, district and sub-district events, singing around a campfire, boring sermons, caring adults, fellowship with friends, tears of joy and sorrow, making a decision to let Jesus Christ come into your heart, and the list goes on and on.

We are still in the business of making memories for our youth. But, along with the memories we want to make stronger disciples of Jesus Christ for the transformation of the world. Disciples with the strength of character to go into the world and shout … *"Jesus Christ is my Lord and I want to share with you the grace, hope, love and forgiveness that comes only through Him."*

Making youth disciples is a process. The process has the following ingredients: a church that is committed to nurturing it's youth ministry, parents who want a stronger spiritual base for their kids and are supportive of the youth ministry, youth who are ready and willing to reach out and grab the bar as it is raised to new heights of spirituality and fellowship for them, and youth workers, both paid staff and volunteers, who are strong enough in their faith to share it with the young people in the group. Also included in this process is the connectional system of United Methodism which includes our conference camps and ACCYM sponsored events throughout the year. Where is your church in this "process"? If none of these ingredients are obvious in your church, we need to talk!

And what about young adults? They have been placed on the back burner for too long. Now is the time to unify them into a group that will take up the mantle of leadership of those who have gone before them, so that the United Methodist Church in Arkansas remains alive and well far into the 21st Century. Working together we can begin a process for young adults that will help them see the importance of what the church has to offer them as they struggle with the issues of college, families, lifestyle, and being their own person as a true child of God.

So, the heritage must continue for the future of United Methodism in the Arkansas Conference. Our youth and young adults are worth it and we have an obligation to offer them Jesus Christ in whatever ways are physically and spiritually possible.

**Do not forget that we in the Arkansas Conference Ministries Office are here to work for you. All you have to do is call and we will be there at no cost to you!**

Blessings, Rod Hocott
Arkansas Conference Minister for Youth and Young Adults

## VOLUNTEER IN MISSIONS COORDINATOR

Hurricanes, tornadoes, ice storms, flooding and economic challenges, have kept Volunteers in Mission very busy. Hundreds of VIM'ers has answered God's call to serve. They have mucked out houses, cut brush, cleared rubbish, repaired homes, fed the hungry and many other various jobs this year. God is at work.

We have had mission teams in Mexico building houses, Costa Rica building a church, Haiti working at the hospital Pinon. A medical team from Pulaski Heights United Methodist Church traveled to Guatemala, St. James –Little Rock had a team working with the Navajo people in Shiprock, NM. Heritage UMC had a team building a chicken house in Kenya. In Chile, we conducted Bible school and evangelism.

VIM'ers from Jonesboro FUMC, Bryant, Pine Grove and Heber Springs attended the dedication of a church they just completed in Alajuala CR after five years of work. Jasper UMC, Central Rogers, Piney Grove, Harrison, and DeWitt and others were also involved in construction of this church.

"This Ole Church" is a new program for VIM. Any United Methodist Church in the Arkansas Conference may apply for help through their District Superintendent. Once the District Superintendent approves, we will then try to place teams at that church. The team's skill levels will determine what work they can do. The requirements are:

1. Provide a place with a shower for the teams to sleep.
2. Help with serving meals – teams will pay for the food.

Teams will not do:

1. Electrical 2. Plumbing 3. Roofing

Forms may be found at arumc.org or from the District Superintendent.

This year we have had three VIM team leader's training events in three different districts.

Our hope this year is to have a training event in the other six districts.

Don Weeks, Volunteers in Mission

## CONFERENCE DIRECTOR OF COMMUNICATIONS

Conference communications continue to improve and utilize new technologies to meet the needs of the clergy and laity. Items of note were:

- A two-year communication plan was developed and launched in July, 2008. The plan goals are to identify and clarify the work of the Arkansas Conference of The United Methodist Church to strengthen the bond of connection and to help Arkansans understand who we are, what we believe and how we practice; and to equip local United Methodist churches with communications tools that can help make disciples of Jesus Christ. Leadership training on the communication plan took place September 2008.
- A communication style guide was prepared and distributed to conference staff, leadership and district secretaries.
- A communication tool kit with local church resources will be distributed at 2009 Annual Conference.
- Our key messages, FAQ about United Methodists and an "elevator" speech were distributed as wallet cards and bookmarks. These materials will be included in the communication tool kit.
- A state-wide local church communicator's network was launched in April. The network will provide resources, support and training for individuals charged with communications at their local churches.

**— Technology and Website Updates —**

- The new conference website, www.arumc.org, was launched in December 2008. The website, designed by Big Heart Design and developed by Kite Web Consulting, utilized using information gathered from the 2007 communications survey and other research to ensure that it met the needs of clergy/laity users.
- The new site is easier for users to navigate, locate resources and new on-line tools continue to be developed and deployed.
- On-line event registration was used for several conference events including Vital Signs, School of Christian Mission, and Vacation Bible School. This feature will continue to be developed and utilized in 2009 and beyond.

- An internet technology training was held in February 2009 at the Philander Smith College campus with 50 attendees from Arkansas and surrounding states.
- The conference launched a Facebook page (The Arkansas Conference) to utilize social networking as another mode of communication with clergy and laity.

**— Video Production —**

- A 2008 Annual Conference resource disk was produced that included worship services and numerous resources associated with annual conference.
- A 2009 Benevolence Guide and DVD were produced and distributed to all local churches.
- A Catch the Vision video was produced and made available through the conference website.

**— Arkansas United Methodist Newspaper —**

- Jane Dennis, Editor of Arkansas United Methodist newspaper for 21 years, announced her retirement in February. Her excellent reporting of conference events, feature stories and news as well as her ever-gracious manner will be greatly missed. Jane will occasionally write for the newspaper on a freelance basis. A reception was held in her honor April 22 at the Kendall Library on the Philander Smith College.
- Heather Hahn was named as Editor of Arkansas United Methodist in March. Heather had been the religion reporter for the Arkansas Democrat Gazette and brings over 11 years of reporting and editing experience at newspapers in Texas, Louisiana and Arkansas.
- The digital edition of the newspaper continued to gain readership over the course of 2008. Currently 10% of the total readership of the newspaper is on-line.

Martha Taylor, Director of Communications

**MINISTER TO CHILDREN AND FAMILIES**

One of the most exciting part of my job as Arkansas Conference Minister to Children and Families is seeing children involved in ministry. One church I have been working with has children continually involved in mission projects throughout the year. The children are inviting friends to be a part of reaching out into the community and making a difference. Reports from the church say that the children's ministry is growing and the church is truly living its ministry.

I am always eager for the Vacation Bible School training event offered each year. More participants are attending each year and First United Methodist Church in Jacksonville has done an outstanding job in serving as the host church during the past four years. This year's theme "Camp E.D.G.E." promises to offer new ways of experiencing the Bible stories. Camp E.D.G.E. stands for Experience + Discover God Everywhere. The curriculum is easy to use and offers a wide variety of arts and crafts, story telling, science experiences, outstanding music and movement and so much more.

Confirmation Day with the Bishop includes a testimony by Christian music recording artist Celia Whitler, a question-and-answer session with Bishop Charles Crutchfield and a game of questions about the United Methodist Church, pizza and a service of Holy Communion. The Bishop reminds the boys and girls that God may be calling some of them into the ministry.

Safe Sanctuary policies are still being developed and implemented in churches of all sizes in the conference. An online training for Safe Sanctuaries can be found on our web site, www.arumc.org. under resources. We still offer training to local churches on developing policies and training.

The Coordinating committee on Children's ministry is planning an all day mission fair for children and families. It will be an exciting day of experiencing some of the missional opportunities in which everyone can get involved. The committee is also planning a toddler / preschool Sunday School training for the Conference. They are open to other suggestions and ideas from persons and local churches too. If you have an idea, please call and give us your ideas and needs for training.

Making disciples of Jesus Church is what we are all about and I cannot think of a better way than through reaching out to children and families in our communities. If you have a need that I can research for you, please call me. I look forward to meeting with more and more churches in our conference and serving as your resource.

Rev. Cecilia Kelly, Minister of Children and Families

## CHILD CARE LIAISON PROJECT

Liaison means connection. The purpose of The Child Care Liaison Project is primarily to strengthen our UMC established child care programs by connecting them to available resources.

The state regulates licensed child care programs to ensure the safety of children, and since inception of the Liaison project, violations at licensed child care programs in our churches are down by almost 70%. The number of programs taking steps towards state Quality Accreditation has nearly tripled. Additionally, we have more programs reaching out to the poor via acceptance of state vouchers in payment for serving low income families. We have more programs now participating with the federal Special Nutrition Program under which programs are partially reimbursed for food expenditures. Some federal food expense reimbursement programs are available to churches endeavoring to provide after school snacks, or even summer or weekend meals in low income areas.

Bottom line: there are numerous resources available to strengthen our ministry to children. For further details contact me using the information below.

The Child Care Liaison Project also hopes to soon have a guide available to churches on how to begin and operate a weekday child care program (age 0-12th grade) at an Arkansas United Methodist church. For current status, please visit our display board at Annual Conference. The creation of this guidebook has been funded in whole by The United Methodist Foundation to help churches expand ministries to their communities. There is a severe shortage of available care space for infants and toddlers (age 0-age 3), and a significant need for care during out of school hours. If your church feels called to address these pressing needs, - please call on the Liaison for assistance.

The Child Care Liaison Project is also assisting the Conference in creating some safety publications for our churches to help keep children, and all congregants, from potential harm while in our church buildings.

Finally, the Liaison is available to conduct certain types of state-registered training for your child care staff, or to view rooms used by children for possible safety concerns. I am also delighted to visit your church to share information and explore the various mission opportunities in your community for serving the needs of children.

I wish to thank the churches, the Sending Team, and the Board of Global Ministries for supporting this project via apportionments! Thank you also to Regions Insurance Company for financial funding; to the state Division of Child Care and Early Childhood Education and ASU Childhood Services for enormous support of this project; and a hearty THANK YOU to Jim Argue and The United Methodist Foundation for enabling this project to begin and for continuing to support the activities and needs of The Child Care Liaison Project.

Respectfully submitted,
Meredith O'Hara, Child Care Liaison

## CONNECTED IN CHRIST

The stated mission of CIC is "to facilitate the connections needed for faithful and fruitful ministry." We believe that these connections include:

- connecting pastors to pastors in covenant relationships,
- connecting clergy and laity together into leadership teams,
- and connecting leadership teams to a coach who provides insight, encouragement, and accountability.

In our efforts to facilitate these vital connections, we held 6 clergy retreats, 9 Team Training Seminars for Clergy/Lay Leadership Teams, 4 Coaches Training Sessions, and over 100 coaching contacts with pastors and congregational teams in 2008. We started our twelfth CIC Group. We held a CIC Phase II retreat with the theme of the United Methodist Way. We co-sponsored a Pastoral Start Up Retreat and the New Church Institute. We made progress with CIC for Emerging Smaller Congregations. These events begin to describe our output in 2008.

The fruit of this output is becoming evident in many ways. For example 93% of CIC congregations reported an increase in Professions of Faith last year. Additionally, over half of congregations participating in CIC are larger in terms of worship attendance then they were when they started the process. Most of our congregations report growth in terms of missional focus and involvement. CIC is part of the reason the Conference has seen increases in membership for three years in a row; and increases in worship attendance for three of the last four years. For the second year in a row, we have received more members than we have removed. These are very positive signs upon which we can continue to build as a Conference. CIC is regularly lifted up as a catalyst for this signs of fruitfulness.

In measuring impact, our best source continues to be the stories we hear. From our pastors we have learned that they feel more connected, more supported, and better equipped for ministry as a result of their involvement in CIC. Likewise, leadership teams in congregations continue to give praise for the leadership insights they receive through the team training seminars. They report that they are more focus on the mission of the church, more hopeful about the future, and better equipped to lead for faithful and fruitful ministry.

We are grateful to the Conference for its continued support of CIC. Conference support is a primary reason we have been able to receive three million dollars in Grants from the Lilly Endowment. Conference support is a key part of our plan for sustainability into the future. We thank you for sharing in the impact that this ministry is having in our Conference. If you would like to learn more, call us at the Conference Office, or go to connectedinchrist.org.

Grace and Peace,
Michael Roberts, Executive Director, mroberts@arumc.org

**EPISCOPACY COMMITTEE**

It is with joy that we welcome Bishop Crutchfield back to the Arkansas Conference for the 2008-2012 quadrennium. He has proven to be the right leader for the right time and we look forward to continued growth in ministry and effectiveness over this new quadrennium. As with all quadrenniums, there has been some rotation of membership on the committee.

The committee met with Bishop Crutchfield to hear and respond to his ministry plan for the next year and his extended plan for the remainder of the quadrennium. The committee is pleased to fully support Bishop Crutchfield's plan for leading our conference to effectively make disciples of Jesus Christ for the transformation of the world.

Due to the work of the committee in the last quadrennium, the Episcopal residence has been greatly improved. The Episcopal residence sub-committee has met with Bishop and Mrs. Crutchfield to verify the effectiveness of the previous repairs and to identify additional repairs needed to bring the residence to the desired state. It is anticipated these repairs can be completed in 2009.

Grace and Peace, Asa Whitaker, Chair, Episcopacy Committee

**FOCUS TEAM**

*"For I know the plans I have for you," says the Lord.*
*"They are plans for good and not for evil, to give you a future and a hope."* **Jeremiah 29:11 TLB**

The Focus Team is comprised of the following committees and commissions: Commission on Small Membership Churches, Commission on Religion & Race, Commission on Status & Role of Women, Committee on Hispanic Ministries, Committee on Ethnic Local Church Concerns, Committee on Native American Ministries and the Committee on Disability.

The words from the Book of Jeremiah represent a compass for how the committees have been reflecting, discussing, planning and implementing on behalf of the Arkansas Annual Conference. Prayerful energy is being applied to carry out the mandates of each ministry area. And success is being witnessed through various venues.

Please visit the conference website, ***arumc.org***, and checkout the user friendly tools developed by The Committee on Disability. This is a wonderful resource for the local church and provides practical information to assist each church, no matter the size, to become a place of "open doors".

Committees and Commissions are encouraged to look for ways to partner together thereby maximizing financial as well as human resources to accomplish even greater things together. This past year, COSROW and CORR worked to enable and provide encouragement to women who would be attending General Conference and Jurisdictional Conferences.

Ethnic Local Concerns and CORR joined to plan and invite more than 200 African Americans from every district to attend a church revitalization workshop entitled "Crossing Jordan". This was one of the largest gatherings of lay and clergy African-Americans in decades. The event proved to be so successful that many participants requested a follow up and that took place in March of this year.

Small Membership is continuing its work on enabling all small membership churches to access all conference programs; Hispanic and Native American Ministries support new and emerging congregations and along with ELCC provide scholarship opportunities for young adults.

The Focus Team is calling attention to these ministry areas and spreading that energy throughout the Arkansas Annual Conference.

**GLOBAL MINISTRIES, BOARD OF**

Our goals as leaders in "Mission" are to make disciples for Jesus Christ, to strengthen, develop, and renew Christian Congregations and communities, to alleviate human suffering, and to seek justice, freedom and peace. As leaders in the Arkansas Annual Conference, we hope to ignite a fire in the lives of others. Not a devastating fire that will harm or destroy, but a fire of passion for sharing the love of Christ with the world.

Let us give credit where credit is due! Our "District Secretaries" are not recorders. They are Planners: Loma Speck, Linda Bundy, Donna Huie, Regina Turner, Ellen McNulty, Wanda Sullivan, Becky Neighbors, Michael Topham, and Sherry Hensley. Throughout the Conference the District Secretaries have:

A. Promoted "Ingathering" and at this annual event, they loaded and unloaded items … bed

blankets, baby blankets, school supplies, health kits, flood buckets... all to be distributed where needed, as well as the "Sweet Potato Drop".

B. Supported "Women in Medical Clinics in Africa".
C. "Adopted thirteen families" who would not have had Christmas.
D. Adults and Youth are involved in VIM outreach.
E. "Nothing But Nets" to protect children in Africa from Malaria.
F. "Adopt a Chaplain" (New Outreach Support)
G. "Women's Shelters"
H. "Kids Backpack program"
I. "Food Pantry" Support
J. "Prison Ministry Outreach"
K. "English as a Second Language"

The Mission Fair was exciting and successful! Being held at Hendrix College at the same time as the Arkansas Annual Conference gave clergy and laity the opportunity to view the displays and to ask questions. There were twenty-six displays emphasizing Mission in Our Neighborhood. The strength of the Annual Mission Celebration lies in its informal setting during which individuals are free to ask questions. It not only tells the stories of local missions, it stimulates involvement in "Global Outreach".

In addition ABOGM Outreach supports:

A. Child Care Liaison Project which involves 100 church programs with a total of 5,000 children and 1,000 children on the waiting list. Hopefully a line item for this program will be added next year.
B. Justice for Our Neighbors (JFON) with Reverend Stephen Copley's leadership three clinics have been established (Monticello, Dover, and Little Rock) to help them find employment, health concerns, and other problems that exist for our Hispanic population. Hendrix College hosted the "jurisdictional event… very informative.
C. The Delta Dream Project located at Bear Creek in Marianna is receiving a GBOGM grant. This mission inspires all to be disciples- children, youth and adults.
D. To assist the Women's Project, we co-signed a request for a grant of $2000 to be used for ministries with women, children, and families in crisis.
E. Reverend Michael Morey represented the Board at the "Russian Initiative Celebration" of the 150th Anniversary of the First Methodist church to be established in Russia.
F. The School of Christian Mission is co-sponsored by United Methodist Women and Board of Global Ministries Attendance continues to grow, especially with children and youth. AGOBM led three "Focus Groups" relating to mission outreach.
G. "This Olde Church" is a new outreach with Volunteers in Mission. Don Weeks with the District Superintendent will visit and set up teams to rebuild or repair churches which need help. The first "Olde Church" project was in the West District at Langley United Methodist Church.
H. The "train the trainer" event was held in February. Kay Parda, Coordinator of Disaster Relief encourages us to locate persons in each district to sign up for the next training session.

As we continue to encourage local congregations of the Arkansas Conference, ABOGM will engage in activities that foster growth in Christian faith, Mission education, outreach and social issues awareness, and the increasing of human and financial resources for programs and projects throughout the United States, as well as, around the world.

I wish to express my appreciation to the many people who have helped the Board of Global Ministries outreach program be successful. May God's blessings guide each of us in our outreach to make disciples for Jesus Christ!

## HOLY HEALTHY TASK FORCE

As leaders within The United Methodist Church, we are constantly faced with choices that either enhance or detract from the overall health and well-being of our churches, our families and ourselves. When we are not healthy in body, mind, and spirit, we are less than what God intended us to be, and less enabled to do the work to which God has called us.

Only three years ago the Arkansas conference established the Seventh Vision Initiative for health:

**"To emphasize the importance of self care for the clergy, staff and laity and to facilitate intentional health ministries for body, mind, and spirit in and through our churches."**

The role of the Health Ministry Task Force is to provide the tools for churches and pastors that will facilitate the implementation of this vision initiative. This raises the question:

"What has the Health Ministry Task Force accomplished during the last year?

- Promoted an awareness of the important relationship between health and faith
- Helped our churches consider health in the context of faith as part of missions and activities
- Enabled our churches to organize resources around the issues of faith and health
- Established the First Annual Conference Fun Run
- Created an Health/Faith education and awareness video
- Provided support materials for the Celebration of Holy Healthy Sunday
- Established the Holy Healthy Awards that help to tell the story of the efforts of our churches

This year forty-eight churches with memberships from 28 to over 3,000 submitted applications for the Holy Healthy Awards. The variety and ingenuity healthy caring activities in our churches has been outstanding and proves that much can be accomplished with caring hearts even when very few resources are available.

The United Methodist churches that are recognized this year as winners in the Holy Healthy Awards include:

**— What direction is the Holy Healthy Task Force headed? —**

The Health Ministry Task Force is involved in planning or supporting a number of exciting initiatives including:

- Exploring the option of establishing Parish Nurse Training for our churches – a long run goal is to have resource persons in each–district
- Exploring the means for developing networks of United Methodist Health Professionals
- Exploring SPRC education in terms of supporting, encouraging, and promoting the health of the pastor and creating a supportive environment within the church
- Supporting the adoption of up-loadable pedometers
- Developing a network of United Methodist churches with ideas and programs that support health and healthy lifestyles with a sharing of "Best Practices"
- Improving the accessibility and content of the web site
- Continue to create annual events that support the Seventh
- Vision Initiative such as the Annual Conference Booth,
- Annual Conference Fun Run, and Holy Healthy Awards

We see a future where the importance of the relationship between health and faith becomes a greater part of the consciousness of our churches. As this evolves, persons with creative ideas and a passion for health and faith will rise to the surface to help us be the church God intends for us to be.

## HIGHER EDUCATION AND CAMPUS MINISTRY

Numbers. We use numbers every day. They are important to help us quantify things and to measure things. We use numbers to help determine if we met our goals and objectives. But numbers do not tell the whole story
of the campus ministry of the United Methodist Church in Arkansas. Nevertheless, let's begin with as important number related to Wesley ministries.

Nearly 4000 persons were involved the various campus ministries at the nine Wesley Foundations at Arkansas public universities and two United Methodist-related colleges, Philander Smith and Hendrix.

UMC campus ministry programs offer students the chance to grow as disciples of Jesus Christ. They do this through worship, small groups, fellowship, and service ministry activities. Wesley directors help students to see their call and gifts in relation to the needs on each campus. They conduct food drives for the hungry, mission events for the needy, and leadership training. Foundations do not wait for students to show up; they continually invite students to come and see what God is going at Wesley.

One campus minister reflected on the place of campus ministry: "We believe that Wesley students are not just the church of tomorrow, but they are part of the active Kingdom of God at work in the world today." Campus ministry is unlike the local church in many ways, including regular turnover of its student constituent population. One good thing is that Wesley successfully prepares its students for clergy and laity leadership positions in the local church. Wesley is the bridge between the time a student leaves home for higher education and the time these individuals take their places of leadership in local churches. Examples of the work of the campus ministries, besides important leadership development, include mission work in Mexico and American cities, OMP involvement, disaster relief, work with the homeless, leading worship in local churches, Bible studies, serving free lunches, counseling sessions, a martial arts ministry, and interdenominational and diversity ministries.

Wesley Foundation directors spend a considerable amount of time in fund-raising activities. For most, only about 40 percent of the local budget is funded by conference apportionments. Developing donor bases and fundraising plans are part of the daily activities of Wesley directors. The economy has impacted Wesley just as it has affected other parts of the church and society. But, as one Wesley director put it, the financial struggles may "…force us to sharpen our focus to that which is most essential to us." And that certainly includes the campus ministries of the Conference. How do the Wesley ministries fulfill the vision and mission of the ARUMC? At Wesley, "maintenance" means fixing the commode. And while facilities do have to be maintained, the focus is on ministry at all Wesley Foundations. Examples of those ministries are listed above. The number of young clergy in the Arkansas Conference has been reported in a very positive way. Many of those young clergy are Wesley alumni. Directors

estimate that between 25 and 30 persons currently are committed to ordained ministry or are seriously considering clergy roles. Wesley is a ministry to young adults, who are experiencing a whole new chapter in their lives. The director acts as facilitator in bringing these young adults into positions of leadership in the campus ministry, and Wesley Foundations connect their young adults with youth and children groups through camps and local church visits.

Good things are happening in the UMC higher education and campus ministry in Arkansas. And there are good things in the future. As for campus ministry strategic goals, one Wesley director expressed it in words like this: "We humbly seek the Lord and ask the Holy Spirit to show us the vision for Wesley ministries on campus and in the world." Amen.

**HISPANIC MINISTRIES COMMITTEE**

The following courses of action are planned for the Conference Hispanic Ministries Committee in order to fulfill the Strategic Initiatives and Goals of the Vision Team Plan in 2010.

**Strategic Initiative #1 – Move from Maintenance to Mission**

Item #1 – Resource every local church that wants to be in mission.

a. We will continue to offer monetary support for programs through administration of the conference apportionment for Hispanic Ministries.
b. Develop and conduct a Conference-wide workshop on how congregations can develop Hispanic Ministries.

Item #3 – The church will reflect the diversity of the state …

a. We will encourage the establishment of one new mission station somewhere in the Conference, as the Spirit leads and people respond.
b. We will ask every local church to have a person responsible for raising awareness of the presence of Hispanics in their community and urging participation in an outreach effort.

**Strategic Initiative #2 – Recruit a New Generation of Young Pastors**

a. We will ask the Conference Board of Ordained Ministry to contact bilingual (preferably Hispanic) seminary students about the possibility of doing ministry in Arkansas.
b. We will develop and maintain a list of pastors and certified lay missioners from outside the Conference who could support, train, guide, and/or equip local congregations in their pursuit of Hispanic Ministry. We will make this list available to local churches and District Superintendents.
c. We will seize opportunities to recruit bilingual and/or Hispanic pastors from within the bounds of the Conference and encourage them to take up Hispanic Ministry.

**Strategic Initiative #4 – Recruit a New Generation of Lay Leaders**

a. We will develop Lay Speaker Training, and other kinds of lay development, in Spanish.
b. We will provide scholarships for laity and clergy who are called to be in direct ministry with Hispanics to attend Module Training (I – III), which is provided through the National Plan for Hispanic Ministries.

**HUNGER TASK FORCE, CHURCH AND SOCIETY**

The Hunger Task Force is involved in the following activities:

**A. EDUCATION:** We have completed a book about the various hunger ministries churches are involved in the conference. We are also working to develop an Interfaith Hunger Task Force to involve the entire faith community in hunger eradication.

**B. ADVOCACY:** We continue to encourage members of churches to send letters relating to hunger issues to governmental leaders. We are developing the Bread for the World Offering of Letters in the state.

**C. RELIEF:** We continue to encourage churches to give money for the Change for Change program on the Hunger Awareness Sunday (the last Sunday of June). We continue to give Change for Change grants.

## BOARD OF LAITY

District Lay Leaders as well as the Conference Director of Lay Speaking Ministries make up the membership of the Arkansas Conference Board of Laity. The work of the Board is done primarily through individual District Lay Leaders working with their respective District Superintendents and meets only as necessary to plan ministry and to respond to the defined needs of lay ministry within the conference.

The overarching goal of the Board of Laity is to enable laity across the conference to be more effective in making disciples of Jesus Christ.

In 2009, conference laity leadership will partner with the Cabinet and clergy leadership to educate, promote, and reaffirm The Methodist Way through a training event for laity leadership from each district. The event will be a weekend retreat. Our goal is to enable and facilitate laity to develop a new understanding of what it means to be a United Methodist, to fully embrace the mission of the church to make disciples of Jesus Christ for the transformation of the world and to partner with clergy in this undertaking.

It is imperative that we foster mutual ministry of clergy and lay at every level of the church structure. We seek to develop pathways of developing partnerships and mutual ministry with the Cabinet, the District Leadership Teams, and pastors in the local church. Through the local church lay leader, we seek to foster an awareness of the role of laity in ministry to encourage clergy and laity alike to be proactive in developing effective ministry relationships.

Major emphasis continues to be given to the following four areas during 2009.

- Improve communications to all churches
- Acknowledge laity as partners in ministry with clergy and help that come about as a reality.
- Educate and train laity about the United Methodist Church, it's beliefs, it's organization, and it's mission
- Commit to equip clergy and laity for leadership roles through training and mentoring

The Board will continue to develop and promote a conference wide training event for laity and clergy. Vital Signs 2008 was held in April of 2008 with approximately 400 people attending. The event is scheduled for the third Saturday in April of each year through 2015 as a means of promoting continuous learning.

Asa L. Whitaker, Jr., Conference Lay Leader

## COMMITTEE ON MISSION PERSONNEL

Under Arkansas Conference Strategic Initiative #5, the Committee on Mission Personnel encourages district superintendents to consider their needs for lay missioners to work with the poor in their districts with the expenses being shared by the districts and the conference. Although the conference budget for 2008 allowed for four lay missioner positions, only two applications were received and approved. Cathy Larson continued as lay missioner at the Open Door ministry at the Shorewood Hills United Methodist Church in 2008. Belinda Johnson, a new lay missioner in 2008, works with the Haven Outreach and Community Development Project in Hot Springs. Both of these missions are in South Central District and were approved to continue in 2009.

The Conference Church and Community Workers Advisory Committee met twice in 2008 and again in March 2009. These meetings are helpful in sharing the work and needs of the CCWs. A CCW web page on the conference web site is being planned. Currently there are three church and community workers in Arkansas: Evelyn Banks-Shackelford of Marianna Larger Parish; Steve Copley of Justice for Our Neighbors; and Allyne Solomon of the Lower Delta Parish Community Outreach Ministry.

Also commissioned by the General Board of Global Ministries and serving in Arkansas is Deaconess Kandi Mount, who is a lay chaplain with Mercy Health Systems in Rogers. Although she is not directly involved with our committee, we are happy to recognize her service.

There were no applications for missionary positions for the committee on mission personnel to process for the General Board of Global Ministries in 2008. The chair attended the quadrennial training

for conference leaders in Jacksonville, Florida, January 29 - February 2, 2009. The effects of the current economic conditions were discussed. The General Board of Global Ministries plans to commission and train missionaries this spring, but training planned for fall has been canceled. Although finances available to send additional missionaries in the future are uncertain, GBGM welcomes applications for missionary positions to have available when vacancies occur or when new positions can be opened. Covenant relationship support from additional churches is necessary to support our missionaries.

The committee on mission personnel will continue to mentor and assist with the application process anyone interested in missionary work with GBGM. We welcome inquiries about opportunities which may exist in the future.

**NATIVE AMERICAN MINISTRY COMMITTEE**

Our report will be short since we have a new chairperson and many of our committee members are new to the work of our committee. Like John Wesley state, "we must offer them Christ." The Native American Committee of this conference is always offering Christ to those we share our ministry with.

In 2008, we developed a great partnership the School of Christian Mission by offering scholarships to those going into ministry with the local church. Native Americans from the Native Community were invited to the School of Mission to share their journey and culture. Also at Annual Conference the Committee booth gave those attending the opportunity to see and share more of their Native American heritage. Hope to follow-up at the 2009 Conference by registering those within the border of the Annual Conference who has a Native American connection by blood or heritage.

The committee will continue to implement the strategic initiatives, mission and vision of the Annual Conference. We will continue to develop evangelism resources based on the Native American experience in the U.S. Support Native American person who are serving Native American ministries and communities across the U. S. Assist with the Native American Lay Speaking school. We as a committee will not stop telling our story until 70 per cent of our churches are participating in Native American Ministry Sunday each year.

The Committee will submit a Resolution to the 2009 Annual Conference asking for this Committee to shift it goals to ministry and not programming. This will require this Committee to be moved to Discipleship within our structure as mandated by the 2008 General Conference who placed the Native American Comprehensive Plan under the General Board f Discipleship.

In closing, I would like for the Journal to note that we would like to thank Tammy Jo Teltow for over eights of leading this committee to new areas within the Annual Conference. Tammy Jo's heart was in the work of this committee as well as her spirit. She and the members of the Committee worked hard through many conflicts as well as graces. Thank you again for your ministry.

**NEW CHURCH STARTS**

In 2003 the Arkansas Conference established a new strategic initiative to start new churches in response to the changing demographics of Arkansas. Our Arkansas strategic initiative is in harmony with the national plan of the UMC, to start 650 new churches this quadrennium in the USA and 400 churches beyond the US. Lovett Weems reports that these new churches will help the United Methodist Church reach "more people, more younger people, and more diverse people for Jesus Christ."

Reports From Our Newest Church Starts:

• **April 2004, Rev. Barry Morton was appointed to start Mt. Olive UMC, a 2nd campus of Van Buren's Heritage UMC.** The West District was able to provide an empty building for the new church. Mt. Olive UMC reports average worship attendance of 190 each Sunday, and has witnessed 47 professions of faith in her short five year history. They are paying conference and district apportionments in full. On a typical Sunday their offering is $2,300. They recently remodeled and expanded their children's building. *(Grants from New Church Apportionment Funds: $35,000 distributed in 2005 - 2007)*

• **November 2004 Rev. Rob Williams was appointed to start Journey UMC, a daughter church of St. Paul UMC.** The West District was able to provide an empty building for the new church. Journey UMC reports average worship attendance of 290 each Sunday, and has witnessed 289 professions of faith in her short five year history. They are paying conference and district apportionments in full. On a typical Sunday their offering is $4,000. *(Grants from New Church Apportionment Funds: $100,000 distributed in 2004 - 2007.)*

Aubrietta Jones were appointed to start Christ UMC, a daughter of Cabot UMC.** Christ UMC reports average worship attendance of 87 each Sunday, and has witnessed 16 professions of faith in her short four year history. Christ UMC meets in an elementary school on Sunday morning, and are seeing people come to faith for the first time and many others who are coming back to faith after a long time away from church. Now that Christ UMC has been worshipping for two years, some of the original missionaries from the mother church have fulfilled their commitments and are returning home. New families have been added to keep the attendance steady. With the assistance of a Catch the Vision grant, Christ UMC has purchased six acres of land to be the site of their future facilities. *(Grants from New Church Apportionment Funds: $100,000 distributed in 2005 - 2008.)*

• **June 2005, Rev. Blake Lasater was appointed to start Living Water UMC, a daughter church of First UMC of Bentonville.** Living Water UMC reports average worship attendance of 150, and has witnessed 18 professions of faith in her short four year history. Their typical Sunday offering is $3,000. The Living Water UMC is very active in the local Habitat for Humanity, including a $65,000 project in 2008. After meeting in a rented commercial "strip center" for four years, the congregation has merged with the Centerton UMC and will relocate into newly remodeled Centerton facilities in the spring of 2009. *(Grants from New Church Apportionment Funds: $110,000 distributed in 2005 - 2008.)*

Terry Gallimore is the interim pastor of the congregation meeting at St. Paul UMC. Rev. Thang is the pastor of the congregation meeting in Van Buren. *(Grants from New Church Apportionment Funds: $27,500 distributed in 2007 - 2009.)*

• **June 2007, Rev. Tammy Garrison was appointed to start Crosspoint UMC, a daughter church of Salem UMC in Conway.** Crosspoint UMC reports average worship attendance of 43 in her first four months, and has received 26 full members and 4 baptized members. **— Where Will We Start New Churches? —**

The process for determining the particular area to start a new church is not a simple demographic decision. However, the population growth studies of our UM Office of Research can help determine those areas where it might be fruitful to "sow seeds" and explore the possibility of starting a new church in that area. In addition to areas with significant new population growth, it may be fruitful to "sow seeds" in areas that are not growing but are instead 'underserved' by the United Methodist Church.

In Arkansas, we are currently looking at about three dozen potential new church sites. These sites came to light from the process outlined above, informed by demographic studies by Percept and MissionInsite in response to the following questions:

- What counties have grown during the past 5 years?
- What cities have grown during the past 5 years?
- Where are ethnic populations *(Anglo, African American, Hispanic/ Latino, Asian, Native American) currently* living?
- Where are ethnic populations *(Anglo, African American, Hispanic/ Latino, Asian, Native American) projected* to increase?
- What Zip Codes have grown during the past 5 years?
- What counties are projected to grow during the next 5 years?
- What cities are projected to grow during the next 5 years?
- What Zip Codes are projected to grow during the next 5 years?
- Where are our current UM Churches located?
- Where are too few UM Churches located?
- Where have we been effective in saturating the mission field with UM Churches, and there is no immediate need to start an additional new church?
- Any large communities where a church of 1,000 might be started?
- Any city of 50,000 with only one UMC?
- Any ethnic populations that are underserved by the UMC?
- Any inner city without a UMC?
- Any underserved communities where a small church of 100 might be started?
- Any towns of 1,000 without a UMC yet?
- Any growing communities where the existing UMCs are not growing proportionately?

The Bishop made a new church start appointment in March, 2009 in the West district. I anticipate that the Bishop will make three additional new church appointments at the upcoming session of the Annual Conference in West Little Rock, Russellville and Siloam Springs.

**— What Have We Learned About Starting New Churches? —**

Specifically, this Arkansas strategic initiative calls for the Arkansas Conference to start 30 new churches and 25 new second campus faith communities between 2003 and 2013. In exploring this new initiative to start new United Methodist churches in Arkansas, we have discovered a number of surprising facts, paradigm shifts in strategy, and hope for the future.

• **Discovery: Contrary to common belief, starting new churches is nothing new in Arkansas.** Hundreds of new churches were started across the state between 1830 and 1968. If there was a post

office, school, livery stable, or stagecoach tavern ten miles down the road - there was also a circuit rider standing on the porch preaching the good news of Jesus Christ. In the early years, success for the circuit rider was turning his 15 point circuit into a 20 point circuit.

• **Discovery: Every one of the 700 existing UMCs in Arkansas were, once upon a time, a new church start!** This simple fact is easily dismissed, but we must celebrate the birth of each of these churches, and remember strategies, prayers, hard work, and faithful service that gave birth to each one of these faith communities.

• **Discovery: Contrary to common belief, we never stopped starting new churches.** Between 1968 and 2003, we attempted 41 new church starts (17% of them in non-anglo contexts). Since 2004, in this new initiative, we have attempted 21 additional new church starts (25% of them in non-anglo contexts).

• **Discovery: Contrary to common belief, we have a track record of success in starting new churches in Arkansas.** During the past forty years, 80% to 85% of our attempts have survived! A simple fact that is easily dismissed, but we must celebrate our successes.

Some of these starts are smaller than originally hoped, yet in each of these smaller places the Gospel is preached every Sunday, new disciples are made, the Lord is praised, forgiveness is received, the sacraments are celebrated, families are strengthened, local and foreign missions are supported generously.

• **Discovery: We have discovered that the God loves creativity**. There is more than one way to plant a church. Over the past forty years, we have used a wide variety of strategies: parachute, gestational starts, mother-daughter, second campus, Lazarus re-starts, merger, relocation, partnerships, and others that do not "fit" in a simple box.

• **Discovery: Our new churches support apportionments faithfully**. All but four of our chartered churches started since 1968 paid out at 100% in 2007 totaling 1.6 million dollars. *(At this writing 2008 figures are not yet available)* This $1,611,314 represents more than 15% of the entire Annual Conference receipts.

• **Discovery: Our new churches witness an amazing number of Professions of Faith**. The churches started since 1968 have witnessed more than 7,000 professions of faith. In 2007, they received 15% of all the professions of faith in the entire conference.

• **Discovery: Contrary to common belief, starting a new church is one of the fastest ways to increase Methodist worship**. Of the new churches started between 1968 and 2003, 71% average more than 100 in worship. Of the new churches started since 2004, the congregations old enough to charter are all well over 100 on Sunday, and the remaining newer churches are giving early indications they will all be over 100 in attendance by the time they hold their constituting conference as well.

• **Discovery: Contrary to common belief, about 20% of our new church attempts have been in non-anglo contexts**. In Fort Smith we are in the early stages of starting a Vietnamese language and a Spanish Language congregation. As lay and clergy leadership is found, we have the possibility of starting new faith communities across Arkansas to reach non-English language populations.

• **Discovery: Our new congregations tend to have a bit more diversity** than many of our established congregations. Among our recent new starts: some are reaching a younger demographic, with most of the participants younger than 35; some are reaching a multi-racial demographic; and some are reaching a surprising range of economic diversity in their mission field.

• **Discovery: Every new church attempt does not survive.** In the past forty years we have witnessed only 15% of our attempts close. While this percentage is below the national average, it is still painful to witness the end of a new church start. It is painful to the planting pastor who faithfully gave their strength, heart, mind, and soul to the effort. It is painful to the pastor's family. It is painful to the first laity who joined the effort, but found that the new faith community could not reach a level of sustainability. It is painful to the District and Conference, who provided financial resources and supported the attempt with their prayers. And, I believe it is painful to Mr. Wesley, who said, "Follow the blow... never encourage the devil by snatching souls from him that you can not nurture."

• **Discovery: Successful, faithful, new church starts are more reliant on pastoral leadership than location.** This has been a paradigm shift for the UMC. In years past, many of our Annual Conferences across the country focused on land speculation, upon the belief that the location of the church was the one critical factor in new church planting. From Clay Jacobs, in the North Georgia Conference, we

learned that in the early years of each new church start, pastoral leadership is more critical than location. He says, *"We have discovered in North Georgia that the most important piece in church planting is leadership. If a pastor is called by God to this new work, has a passion for reaching unchurched people, has a commitment to unconditional excellence, and possesses the unique set of church planting gifts and graces – this pastor will draw people to Christ, even in the desert."*

**— How Much Does It Cost to Start a New Church? —**

The amount and sources of funding for our new churches will be different for each new church depending on several factors:

- different strategies or models used to start the new church or new faith community have differing financial needs: Birthing Model is cost effective; Parachute Drop is very expensive; Extension Campus, Church Within A Church, or Merger may not require any outside financial support; Restart or Lazarus Model is cost effective.
- A mission congregation typically requires less initial financial support because it often begins with part-time pastoral leadership. However, long-term financial support is normally required because of sparse population or lower economic means of the congregation.
- The financial support available from the Districts will vary greatly. We will ask each District to provide the housing allowance for the new pastor, and hopefully a portion of the health insurance as well. Some districts will not be able to do this, others will be able to cover all the financial needs without any Conference funds used at all. If the district is unable to provide these funds, the housing/health insurance will have to be provided by the Parent Church or from the "New Church" apportionment line item - reducing the amount of funds available for direct mail promotion of the new church, office supplies, part-time staff, worship equipment, and rental of the Launch worship site, etc.
- In the Birthing/Mother Church model, financial ability of the Parent Church will vary greatly. In some cases the Parent Church will decide to cover all the financial needs without requiring any Conference funds.
- Each new pastor's compensation package will vary. An attempt will be made to have the new pastor begin at about the same support as her/his previous appointment. This will be determined by the appointive cabinet before the appointment is made.
- Cost of renting initial worship space, and housing will vary greatly from community to community
- Some new church starts will be financial self-supporting in twenty-four months because of the generosity of the new members, others will need support for the full three or four years. A Mission Congregation may be on a ten year declining funding plan from the conference.

All this is to simply say that financial support can not be identical for every church start.

**— How Much Will The Apportionment Line Item Provide? —**

With a total apportionment line item of $300,000 and approximately 80% is the expected payout on this line, that gives about $250,000 in anticipated receipts to start three to five new churches.

**— What About Land and Construction Cost? —**

It seems clear that this apportionment line item will NOT produce enough funds for any purchase of land, bricks or mortar. In most new church starts, the new congregation itself will need to purchase the land and make the down payment on the phase one construction. Some assistance may be available by requesting a grants toward land or construction through Catch the Vision funds and Parish and Community Development Grants.

**— What Will The "Church Start" Apportionment Line Item Money Be Used For? —**

These funds will be used for leadership training of a pool of potential new church pastors (The New Church Leadership Institute), providing a Coach for the planting pastors, and salary supplement for the new church pastors. There may be enough funds to provide partial support of direct mail promotion of the new church, office supplies, part-time staff, worship equipment, rental of the Launch worship site, etc.

**— Okay, But Just How Much Money Will Each New Church Get? What's The Bottom Line? —**

Financial support can not be identical for every church start, however, a maximum amount of funding support will be set for each new church in the appointment process. Beyond this amount - there is NO

further funding available from the Conference.

With a goal of starting three new churches each year, and only $250,000 available from this fund for starting churches, obviously the maximum amount from this fund will be something under $100,000 distributed over three years - (*For example, in the Birthing Model the funds might be distributed: 1st year $30,000; 2nd year $40,000 - launch year; 3rd year $20,000; 4th year $10,000; 5th year $ 0,* with the new congregation picking up the shrinkage as it grows each year.)

Typically in the Birthing/Mother Church Model of church starts, the Parent Church will be able to contribute toward the new pastor's housing allowance and/or salary package, supplementing conference and district funds. (In the East Ohio Conference, the Parent Church typically pays 25% of the salary/benefits package in the first year, 50% in the second year, and 0% in the third year.) This will vary based on the Parent Church's ability. There are also 'in kind' gifts the Parent Church might be able to give too: free use of a parsonage, free access to the church copier, office space, volunteers (phone callers, distribution of door hangers, worship greeters, nursery workers, providing refreshments, etc.) and 'baby showers' to provide all those physical items the new church will need in preparation for the first worship services (portable nursery equipment, coffee pots, chairs, sound/video components, signage, Bible study materials, etc.)

Most of our Districts will be able to provide assistance, but the financial resources differ greatly between our nine districts. It is hoped that the District will be able to provide the housing allowance and perhaps funds for the new pastor's health insurance. In some Districts, a new District Apportionment line may be considered (perhaps $1 to $4 per member) to provide a housing allowance, health insurance, and to supplement salary funds, land purchase, or construction assistance for new churches in that District. It is recommended to each District that when old land or empty buildings are sold, that money be used exclusively for new church plants, even transferring funds to another District where a church plant is needed.

**— What about Financial Support for Extension Campus/Second Campus/Satellite Campus Strategies? —**

Financial support up to these levels *(see the five paragraphs above)* are available to Extension Campus/Second Campus/Satellite Campus models if the Mother Church is unable to cover the expenses, and request funds from the Conference.

In new church start settings, Conference funds are used almost exclusively for pastoral compensation (declining over a 36 to 48 month period) and the church planter basically raises all of their start-up, land, and construction funds from within the launch team of the new church. We anticipate that this will also hold true for satellite campus starts too.

Request for financial support for extension campus/second campus/satellite models will be considered only if they qualify for funding by following the same conditions as new church models:

- if the area to be served is approved by the Bishop, District Superintendent, Cabinet, Conference Minister of New Church Starts, and the District Committee on Church Building and Location; and
- if the campus pastor is a graduate of the New Church Leadership Institute; and the NCLI Assessment process; and
- if the funds requested are to be used almost exclusively for campus pastor compensation.
- To be successful in the launch of a second campus ministry, like all new church starts, the new campus pastor must spend an enormous amount of actual time exclusively on this task. In harmony with the grants given to the other models of new church starts, the campus pastor shall be appointed to spend at least 85% of their time exclusively on the new campus. If the time involved is less than 85%, then funding grants will be denied or very limited in size.

**— Who Approves The Distribution of Funds From the "New Church" Conference Apportionment Line Item? —**

Once the Conference Vision Team has approved the guidelines for this fund's distribution (policies and maximum amount for any start), the Conference Minister of New Church Starts in consultation with the District Superintendent, will make a recommendation to the Appointive Cabinet for the maximum amount to be set for each new church project. Often this decision will be closely tied to the appointment process time and the salary the new church pastor has in her current appointment.

Once the appointment is made, request for draws will be made using the conference "Requisition for a Check" form.

**— At the New Church, who Approves Expenditures and Who Writes the Checks? —**

Until a new church is three or four years old and has had a Constituting Conference, there are no official Trustees or Committees in the new church. The District Superintendent and the Conference Minister of New Church Starts will function as the Council, Trustees, Finance Committee, and Pastor Parish Relations Committee for the new church. In most settings, a "Quarterly Connection/Strategy Review" will take place between these parties for such decisions.

The new church pastor, in cooperation with the District Superintendent and the Conference Minister of New Church Starts will prepare an annual operating budget.

The new church pastor, in cooperation with the District Superintendent and the Conference Minister of New Church Starts will select someone to function as financial secretary for the new church - this needs to be either the District Office Administrative Assistant or the financial secretary of a strong UM Church nearby.

When the new church pastor is requesting a check to be cut, larger than a previously agreed upon amount ($500 or $1,000), that requisition along with a description of the suggested expenditure, is first sent to the District Superintendent and the Conference Minister of New Church Starts. After comparing the request to the annual budget line items, a return email is sent approving the request. That email must be attached to the requisition before the Financial Secretary will cut any check over the agreed upon limit of $500 or $1,000.

**— What about apportionments? —**

**— When does a new church begin to participate in supporting the apportionment?—**

Immediately.

The New Church Leadership Institute proposes a model to the pastors that faithful stewardship and generosity is an essential facet of healthy new church DNA. We recommend that the offering basket be passed at every gathering of the initial Launch Team. At times that basket is passed with the knowledge that this week the offering is going to support our 'sister' new church in Cabot, or support our Campus Minister at the University, or to provide a pension for our retired pastors, etc. — sending in these early gifts on the apportionment form to the Conference Treasurer. New church pastors are also encouraged to contact the Conference Treasurer in the early months of worship and ask, *"If we were a chartered congregation, based on our current offering receipts and attendance, what would our apportionment amount be?"*

While officially the Conference Treasurer is not able to accurately determine the apportionment until two years of statistics have been turned in at the end of the year, we anticipate that the new church will already be in the holy habit of generously supporting missions and ministries through the conference apportionment process.

In a "Mission Congregation" (¶259.1.a), while they might not officially come into the apportionment formula, generosity is still an essential facet of a heathy congregation, and they are encouraged to generously support mission and ministries beyond themselves by sending gifts to the Conference Treasurer on the apportionment form.

**— Do We Provide Funds Until The Maximum Is Reached? —**

No. Bench marks will be established so that the New Start Pastor and local Launch Team clearly understand the expectations of the Conference.

In the New Church Leadership Institute and Boot Camp, all participants will write their own Ministry Plan for the first two years in a New Church Start. In May, before moving to their new appointment, the new pastor will work with the Conference Minister of New Church Starts and the District Superintendent (and Parent Church) to revise their Ministry Plan in a "Post Boot Camp Strategy Setting" process. The new pastor will be held accountable to that plan, with the agreed on benchmarks written in it.

It will be clear to the pastor, the Launch Team, the District Superintendent, the Parent Church, the Coach and the Minister of New Church Starts if the benchmarks are not being met, and that the appointment needs to end. In the formal Consultation Process in January (month 7 and month 18 of the

appointment) between the New Church Pastor and the District Superintendent, in consultation with the Parent Church and Conference Minister of New Church Starts - a decision will be made if the appointment should continue past June.

Although formal consultation occurs every January, there are a number of benchmarks that would cause funding to stop and the "plug to be pulled" at any point. Criteria for ending the new church start might include: pastor's inability to build on the initial group of people. *For example, if a New Start Pastor begins an appointment in July in a Birthing/Parent Model with a Launch Team of twenty people - a reasonable benchmark would be for that group to reach 60 by Thanksgiving, and reach 100 by Easter.*

Other criteria for "pulling the plug" at any point would include loss of morale; loss of hope; limited financial ownership creating a 'welfare culture'; little or no stewardship program; lack of an accounting system; inability to put essential ministries in place; permanently stalled - loss of momentum; loss of trust in pastor; or pervasive sin.

The funds will be released in pieces through the year. At the January consultations, if the benchmarks are not met, the next piece of funding will not be released to the new church start. These are precious funds entrusted to us from the offering plates in 700 churches across the Conference. We must be careful to use the funds as efficiently as possible for making Disciples for Jesus Christ, and moving this Conference toward being *"A church alive in the grace of God, offering Christ, transforming lives, and changing our world through the power of the Holy Spirit."*

**— Accountability? —**

The Subject of Benchmarks Brings Up the Question of Accountability: The oversight of the new church start pastor (church planter) will be seen as a team, including the District Superintendent, Conference Minister of New Church Starts, Senior Pastor of the local church (if using a Birthing/Mother Church Model), SPRC of local church (if using a Birthing/Mother Church Model), and a Coach. Following are the responsibilities of each participant:

***District Superintendent:*** The District Superintendent will fulfill the duties assigned in *The Book of Discipline.* The superintendent is responsible for supervision of the church planter. ¶421.1 "To work with elders... and charge conferences in formulating statements of purpose for congregations in fulfilling their mission and with committees on pastor-parish relations to clarify the priorities for the ministry of clergy and diaconal ministers."

¶421.2 "To establish a clearly understood process of supervision for clergy of the district, including observation of all aspects of ministry, direct evaluation, and feedback to the clergy involved. Concerning the superintendents responsibility with new church starts, the Discipline states: ¶259.1 "The district superintendent of that district... shall be the agent in charge of the project.

***Conference Minister of New Church Starts:*** The Minister of New Church Starts will serve as the primary trainer, providing leadership and support in new church start methods. She/he will also work with the church planter and the superintendent in establishing a detailed launch plan with specific benchmarks and goals for ministry and oversee that the plan is adhered to in a timely fashion.

***Senior Pastor (if using the Birthing/Mother Church Model):*** The Senior Pastor will provide mentoring support for the church planter. She/he will encourage the planter, making ministry suggestions as observed. The Senior Pastor will continue in conversation with the district superintendent and the Conference Minister of New Church Starts.

***Coach:*** A coach will be assigned to the church planter. The coach's primary responsibly is to provide mentoring, support and encouragement to help the church planter remain on task. With rare exceptions, all coaching e-mails and conversations will include the following people: Church Planter, Church Planter's spouse, Coach, District Superintendent, Conference Minister of New Church Starts, and Senior Pastor (if using a Birthing/Mother Church Model).

***SPRC"/ Finance Committee / Board of Trustees / Council" (if using the Birthing/Mother Church Model):*** These committees of the Mother Church do not have any direct responsibility for the New Church or the new church pastor. Until the new church has chartered (perhaps in year 3 or 4 of the appointment) the District Superintendent and the Conference Minister of New Church Starts fulfill these functions as they relate to the new church and the new church pastor.

**— Can we Achieve This Strategic Initiative? —**

**Yes!** The fruits evident in these first five years lead me to believe that the prevenient grace of God has already been at work cultivating missionary hearts among our pastors and congregations.

- We are already witnessing pastors being called to this ministry, and have more than 50 pastors in various levels of discernment and training in the Arkansas Conference New Church Leadership Institute.
- We are already witnessing local churches exploring the call to sponsor the birth of a new church in their community.
- The fields of Arkansas are "ripe for a harvest." The population of Arkansas has grown by 21% in the past eighteen years (500,000 people). In the state of Arkansas, 25% of the population has no faith involvement yet (675,000 people).
- Our United Methodist church base is still strong. In the past 20 years while our membership is down 16% our worship attendance has remained steady over the past 20 years, with only a 3% loss over 20 years.
- Our apportionment giving is strong, averaging over 90% in recent years.
- And contrary to popular belief - We have a track record of new church start success! We have attempted 62 churches since 1968, with over 85% still in ministry, with worship attendance over 9,200 having received almost 7,000 professions of faith. We have eight additional new churches that will begin worship soon.
- We began a new process for starting new churches in 2004. Although our most recent congregations are still quite young, it is beginning to appear that this new model is going to develop stronger and larger congregations than the old model - reaching more people, more younger people, and more diverse people in Jesus' name.

**— Challenges —**

**1. To increase the financial support for this new church strategic initiative.**

In 2007, a nationwide survey of 48 Annual Conferences revealed that each new start cost approximately $230,000. These Conference and District grants are typically provided on a four year declining basis.

A. In Arkansas, the faithful support of the 2009 apportionment line of $300,000 will go a long way toward providing some of the basic financial needs. Yet, this level of funding falls short of providing the full $1,000,000 level of support needed to start three new churches, two new second campus ministries, and a growing number of new mission churches each year.

B. Giving to the annual church-wide special offering, called Catch the Vision, has grown to about $65,000 annually and is providing critical additional funds for these new ministries that are designed to make new disciples for Jesus Christ.

C. To fully fund this new church initiative, additional major gifts are needed.

- A $20 million dollar gift will endow the birth of four new Arkansas churches each year in perpetuity.
- A $5 million dollar gift will endow the birth of one new Arkansas church each year in perpetuity.
- A $1 million dollar gift will start four new churches in Arkansas next year.
- A $250,000 gift will start one new church in Arkansas next year.
- A gift of $75,000 to $100,000 will provide all the physical equipment *(worship chairs, sound systems, altar, pulpit, signage, tables, hospitality, nursery and pre-school equipment)* typically needed to start one new church.
- A gift of $50,000 to $75,000 will provide one year's salary, travel, housing and health insurance for the typical new church pastor.
- A $35,000 gift will provide a coach to work with all our new church pastors for the next three years.
- A $20,000 gift will provide training *(New Church Institute, Basic Training Boot Camp, and Tune-up for Church Planters)* for ten potential new church pastors.
- None of the gifts listed above are for land or construction. A $500,000 gift will provide a $100,000 matching grant to the next five churches ready to purchase a site or break ground on

construction of a new building. A $5,000,000 gift would endow two annual $100,000 site/construction grants in perpetuity.

2. **To increase the "missionary heart" of our laity and clergy to reach the unchurched and the pre-Christians in our own neighborhoods.**
   A. A missionary heart that beats so strongly, that our churches are asking for permission to give birth to a new daughter congregation designed to reach a new mission field in their community.
   B. A missionary heart that yearns to reach ethnic and multi-cultural neighbors (Since 1968, about 20% of our new church attempts have been in non-anglo contexts - 13 of our 61 starts - but that has not kept up with the faster pace of the changing demographics within Arkansas.)
   C. A missionary heart among our pastors that reflects the founders of the Methodist Church: John Wesley, Charles Wesley, Francis Asbury, Thomas Coke, Phillip William Otterbein, and Martin Boehm. They each had a 'missionary heart' that compelled them to preach in the city parks and to employees exiting the factory doors or coal mines, and to send circuit riders across the countryside of the American colonies.
   D. A missionary heart among our pastors that reflects our early Arkansas Circuit Riders who searched for settlements across Arkansas that might have a school or post office, but no church. Our circuit riders rejoiced when they could increase their preaching stations from 15 to 20, and they were still hungry to save more souls for Jesus Christ.
3. **To continue to improve our process for selecting new church pastors, appointing them to communities where they have a natural affinity for the unique nature of that mission field, and supporting the planting pastors & families after appointment.**
   As the process improves in these early years of this new initiative, we should expect that future new church starts will be even more "fruitful" in making new disciples of Jesus Christ.

***— Thank you! —***

- Thank you for your prayers.
- Thank you for faithfully paying your New Church Apportionment line item in full.
- Thank you for your financial generosity in the Catch the Vision offering each Spring.
- Thank you for praying that God would raise up gifted pastors with the missionary heart to start these new churches.
- Thank you for praying for Holy Spirit to begin to "prepare the soil" in the "under-served" communities across Arkansas, so that we might witness a rich and bountiful "harvest" of new churches.
- On behalf of the 30 new churches that will be formed over the next ten years, the 25 new multi-campus ministries, the new mission churches, the new adult professions of faith that will be witnessed, the new adult baptisms, the pre-Christians who will hear the Gospel preached, the forgiveness that will be received, the "lost sheep" of Arkansas who will be saved - on their behalf

**PARISH AND COMMUNITY DEVELOPMENT**

Bob Burnham, Chair: The Parish and Community Development Committee is responsible for the development and implementation of assistance to local churches, districts, and conference for church revitalization and new church development. However, we award grants and loans based upon the ministry. Such assistance will provide basis for making new disciples for Jesus. We are moving from being a committee which underwrites grants for bricks and mortar. What will be the result of such new construction? Will it lead to making new disciples? What are the reasons for such a request, your objectives and action steps for this project or new ministries. As mentioned, we are looking to give seed money to start or help ministries, not simply building projects. The Committee is also charged with other responsibilities listed in the current Discipline, pages 416 - 419.

The full report of our committee is printed each year in the Journal, and contains our rules,

regulations, and various churches we assisted last year with church revitalization grants, Church Awards, and Catch the Vision monies.

We believe the ministries we provide address the Conference Vision and the Strategic Initiatives, there in.

***STRATEGIC INITIATIVE: To identify, enlist, and retain gifted young pastors who are passionate about making disciples for Jesus Christ. To emphasize the importance of self-care for clergy, staff, and laity and to facilitate intentional health ministries for body, mind, and spirit.***

Through the grant process we enable local churches to do more ministry under the leadership of their pastor. Many of those pastors and churches who come to us for help are small churches that are financially strapped ones. The financing helps the pastor and laity find help through the connection as one of the many other ways of support.

Through these programs, the local church sees itself as a part of a whole. Thus, these young pastors find there is a support network for them in their ministry. In fact, this committee offers advice, direction, and etc. on program development and leadership. Through the Church of the Year Awards and the Revitalization Grant process, both clergy and laity are bound by a common objective of mission and outreach. The pastor and laity will have to work together through the needed steps to apply for and be approved for help. It will cause needed goal planning for both laity and clergy. Thus, this is a holistic approach. Such support is appreciated by pastors and gives them encouragement to continue to practice ministries of outreach.

Needless to say, by example and training we have encouraged longer pastorates - to reach the goals a church and pastor sets takes time. To bring the vision to fruition the process takes time. Such endeavors lead to the edification of pastors. Thus, it is encouraging and has led to better mental attitudes and contributed to a "can do" spirit. Thus we feel in our own way we have aided the health of pastors.

In addition, this committee has funded new programs for health clinics and etc. as an outreach of the local church or churches. By example, we have encouraged self care and physical health. Another example, we have funded Child Care, Pre Schools, and Children's ministry programs in the conference and local church level with the same goals in mind.

In truth, we have supported many ministries/programs where laity have stepped up to be in ministry. Some have been used by District Superintendents in various capacities. We pray these will take further steps into the ministry.

***STRATEGIC INITIATIVE: To recruit a new generation of lay leaders and equip all laity to be providers of ministry in making disciples for Jesus Christ.***

This strategic initiative is partially addressed under #2. The Church Awards as well as grant requests require that clergy and laity work together. As a result, many laity we come in contact with learn to vision and plan solid ministries for making Disciples. In fact, most of the churches who come before us are on the cutting edge of ministry development. With such enthusiasm for such, we see laity rising to the occasion as partners with their pastor to do more in outreach in some creative ways. In fact, many of these new ministries are lay driven. Through the training, advice, direction, financing, and promotion the laity are inspired to continue in ministry development. Through these new ministry programs, both laity and clergy are growing in new and exciting ways to develop ministries for making disciples for Jesus Christ. In many cases, these new endeavors and their results have increased the number of laity participating in outreach.

***STRATEGIC INITIATIVE: To evangelize and disciple children, youth and young adults.***

Through what this committee does, we have addressed these concerns in a number of ways and will continue to do so. Many of the new programs we have funded deal with the development of new children and youth ministries. For example, funding and leadership for the development of youth centers, new youth directors, children's program directors and outreach ministries for groups of churches to reach youth. Some of the churches have joined together to provide such needed ministries. We have funded programs for child day care, property improvements for children in various churches for play grounds and etc. Through such programs as these we are helping to make new disciples and evangelize these age groups. Further, some of the funds we provide have been used to create new ministries including young adults.

*STRATEGIC INITIATIVE: To expand participation in global and local mission to change the world on behalf of the Kingdom of God.*

We feel the ministries we represent and undertake support local and world mission. Furthermore, I have appointed one of our committee members as our representative to Global Ministries and to Equitable Compensation. Such representation is required by the Discipline. I have been the representative. However, this will give us consistence and on going representation. Also, it will involve more of my committee members in a personal way. Thus, it will allow us to support the wider mission efforts of the church in addition to those we are charged with.

**— Objectives of the Parish and Community Development Committee —**

A. We will continue the Church Awards ministry and banquet. It is an inspiration for all of us, and focuses on what churches are doing to expand their ministry. It also offers inspiration and acknowledgment of those churches. We are honored to say this banquet is second only to the Laity Banquet in numbers and involvement of laity and clergy.

B. We will continue with Catch the Vision and have made certain changes to motivate and increase support. We felt it would be uplifting to the program and something new to catch the eye of our churches beyond what we have been doing. We created a video with the Bishop, Bob Crossman, and I with some of the members of our new church starts. Our goal was and is to have this shared this ministry throughout the conference for information and inspiration purposes. Catch the Vision Sunday is February 22nd. We have decided to send out a letter before this date to our present donors which will help the message of CTV Sunday to get out even more. With their support, the program and the special offering will hit closer to home and more likely to have a full hearing.
Also, we have started to write donors concerning Catch the Vision and giving information to them as to current developments and etc. These letters alone have caused an increase in CTV funds. We will continue to do so because it broadens the time span and the opportunity to respond to CTV.

C. We will continue to be good stewards of the Church Revitalization funds and the Conference Loan program. However, this year we will be requiring further stewardship responsibility from the churches who receive financial support. We will want a report from the churches concerning how the grants and loans have led to making new disciples. What has been the outcome? How has this assistance helped in the beginning and completion of this proposed ministry? Thus, we have decided there needs to bed follow through as a way of accountability and feedback. This assistance was given to improve physical plant concerns and/or new ministry development. We view this as good stewardship of the assistance our various churches receive.

D. The committee meets for two scheduled sessions each year. There have been conference calls as needed. We meet in March each year to begin the church of the year nominations process. The process begins at the first of the year with nominations from members of the Cabinet for churches in their districts. Interviews with the nominated churches are scheduled and take place before Annual Conference. The various churches travel to the conference headquarters for an interview to tell their story and the new ministries and mission they have developed that reach people and make Disciples for Jesus. Each church nominated will be the church of the year from that District and receive recognition. From this pool, my committee selects the Churches of the Year for the conference award. Also at this first meeting, grant and loan requests are considered and awarded for church revitalization. The application for grants or loans can be obtained on the conference web page under Parish & Community Development.

I want to share a personal note. I am very thankful for the efforts of Dr. Bob Crossman. He has been indispensable to our efforts on every level.

We believe we are aiding the Vision of the Arkansas Conference. However, we are always looking for ideas. We desire your input at any time. We seek to address our Vision more and better each year.

**The policies by which we will operate these programs are as follows:**

**— Church Revitalization Program —**

The Church Revitalization Program of the Arkansas Conference exists to undergird and lend conference support to projects in existing churches to improve or expand their ministries to better serve

their parish area. Church Revitalization grants are available to local churches for building and renovation projects, and for the creation of innovative programs of ministry, staff expansion and/or other needs for the express purpose of creating new vision and vitality within the local church. The Parish and Community Development Committee will act on application for grants during the month of March of each year. Factors entering into the consideration of applications shall include the evident need for the project, the extension of Christian Ministry the project will make possible, the population and area to be reached, the degree to which other churches are serving the area under consideration, the evaluation of the proposed project by the District Superintendent, the Bishop, Cabinet, and district agencies, as well as the results of research by the Church Revitalization Program. As money becomes available in the appropriate fund, a disbursement check shall then be mailed to the District Superintendent for delivery to the project. Approved Grants must be requested within two years of the approval date.

**— NEW CONGREGATION DEVELOPMENT PROGRAM —**

The Parish and Community Development Committee, is charged with "encouraging and supporting the development of new and established congregations", (¶731.5e) and the Catch the Vision Fund is the process whereby meaningful contributions can be made in starting new churches and to the proposed relocation of existing congregations when justified.

**I. NEW CONGREGATIONS:**

A. Goal: It shall be a goal of the Arkansas Conference to start three new congregation a year within the conference as the need arises and the resources are available which is in harmony with Strategic Initiative #1.

B. New Congregations may be started in a variety of ways, including (but not limited to):
   1. an existing congregation initiating a mission outreach, mother/daughter, second campus, and/or similar new starts for the purpose of developing a new congregation.
   2. an existing congregation initiating an extension Sunday School in another location;
   3. a pastor may be appointed to a given area for the purpose of establishing a congregation;
   4. a pastor may be appointed to a piece of property already owned to start a new church;
   5. The District Board of Church Location and Building identifies an area or community of significant growth for a new or relocated congregation and one of the above may take place;

C. Criteria for an Emerging Congregation:
   l. Missions and Ministry shall be a focus from the beginning of each congregation. The purpose of a United Methodist Church is to be held forth by each pastor so as to present the Gospel in the community.
   2. A strong community of faith, fellowship or koinonia, will be an aim to provide strength and support to each person in the Body of Christ.
   3. Stewardship in all its aspects (time, talents, finances) will be taught so as to enrich the goals above as well as to financially undergird the fledgling congregations.
   4. While the pastor is critical in the formation of a new church, the people need to help provide a setting conducive to the high morale of the pastor.
   5. The first full year after the church is constituted they shall be given the same Apportionment responsibilities as other churches, in accordance with the C.F. & A. formula.

**II. FINANCIAL SUPPORT FOR NEW CONGREGATIONS:**

Support for the new congregations can come from several sources such as: the congregation itself, district mission funds, district "special" funds/apportionment, interested individuals or groups in the community; Equitable Compensation Commission (key charge arrangement), and Catch the Vision funds. These new and relocated congregations, particularly the new ones, will need this assistance for clergy salary and housing and utilities support, first meeting facilities, site purchase, program, outreach ministries, advertising, signs, leadership training.

A. First meeting facilities can include arenas, theaters, community building, other religious group buildings, public buildings (schools, auditoriums). We do not recommend or endorse the use of trailers. It is important to have a focal point for identity during the beginning for the new congregation, but deliberate, long-range plans need to be made to avoid premature, debilitating indebtedness.

B. Salary, utilities and housing for the pastor will be needed until such time as the new congregation can become self-sufficient. A five year declining rate of support from district, Equitable Salaries, or other funds, is anticipated, however, each church will be urged to make stewardship education among its primary goals to shorten the time whenever possible.

C. Site selection and purchase can come at any time prior to, or after the organization of the church; unless there are unusual circumstances, five acres will be considered the minimum goal for a new congregation. Once the property is identified through the combined efforts of the Bishop, Cabinet, District Board of Church Location and Building, and the Parish and Community Development Committee, the purchase will be pursued in accordance with the Book of Discipline.

D. Outreach and programs of nurture should begin with the advent of the new church, even before there is a sizeable number of members and constituents. A recommended goal for the congregation's budget is seen as one-fourth salary, one-fourth mission/outreach (including initiating apportionments), one-fourth program (including advertising) and one-fourth debt retirement.

E. The First Phase in the building program will be crucial to the continued growth and nurture of the new congregation, therefore, a premature program is to be avoided. The General Board School of Congregational Development recommends that a building committee not be appointed until regular worship attendance reaches 125, and also not plan for the construction to be completed until attendance averages at least 200. This first phase needs to be constructed within the bounds of a reasonably manageable debt for the membership (national statistics indicate the need to be at a $60,000 self-generated budget with 1/3 for debt retirement as the minimum requirement). Catch the

Vision funds are seen as one way to help avoid indebtedness which might severely limit the focus and capabilities of those members and future members.

**III. CATCH THE VISION FUNDS:**

A. Monies collected from the Catch the Vision Annual Calls will provide support to eligible projects for the following purposes:
   l. Site purchase for a present or future development.
   2. Assistance for start-up and first meeting facilities.
   3. Assistance in the first phases of the building program.
   4. Assistance for new faith communities growing out of existing congregations as extension campus ministries.

B. New Congregations/Churches formed by Relocation or Merger. Relocating churches and new congregations formed by merger will be eligible for funds under the following criteria:
   l. A relocation church is one that develops at the initiative of the Bishop, District Superintendent/Cabinet, District Board of Church Location and Building, with the advice and consultation of the Parish and Community Development Committee. It shall be defined as an existing group becoming a new church, with a new name, in a new area, having participated in training about what it means to be a new church.
   2. New churches resulting from a merger of two or more congregations will be eligible under the same process as for relocation.

C. Limits on Catch the Vision Funding: The following shall be the limits of time and dollars for new congregations:
   1. A church shall be considered new for five years from the date of the appointment of the pastor. An extension of up to two years may be granted for special circumstances after an in-depth review.
   2. A maximum of $350,000 will be allowed to any one situation, covering all items as noted in III. A. Actual funding will be determined by the needs of the project and the availability of funds.
   3. Projects eligible for funding within the above limit must have been approved as a qualifying project by the Parish and Community Development Committee prior to the beginning of the project.

D. Application for Catch the Vision Funds.
   1. Send a request to Bob Burnham, Chairperson, at 115 Morningside, Marion, AR 72364 (phone 870-733-7519) along with the signatures of the Bishop, Cabinet, and the Director of New Church Starts.
   2. Requests for Catch the Vision Funds will be considered at the time of the request if the funds are available in consultation with the Chairperson, to receive funds administered by the United Methodist Foundation.
   3. Consultation with the Chairperson of Parish and Community Development is essential for the funds to be released upon recommendation of the Bishop. The Director of New Church Starts communicates such on the Bishop and Cabinet's behalf. The Bishop has the authority to set a missional priority such as a new work leading to a new faith community and in consultation with the chairperson, the funds to achieve those ends. A decision will be made on this basis. A plan and description of this new work will be on file with the Chairperson of the committee. The committee shall be involved in the evaluation and the progression of the new work through the office of the Director of New Church Starts. The committee shall request a report from the United Methodists Foundation on the disposition of Catch the Vision Funds on a regular basis.

E. Priorities for Catch the Vision Funds:
   1. A New Work
   2. A Merger of two or more congregations forming a new congregation.
   3. A Relocation as defined above.
   4. A new ministry endeavor in an existing congregation to make new disciples for Jesus Christ.

All applications must be accompanied with a written ministry plan that outlines the priority actions of the church in reaching out to make disciples and how the monies will be used to aid these actions.

Churches from around the Annual Conference nominated by the Cabinet for displaying "excellent ministry" during the previous year will be recognized at the Church Award Banquet held during Annual Conference as well as from the floor of the conference. Churches nominated for the awards will receive allotments of banquet tickets first. The remaining tickets will be available for sale at Annual Conference Registration or by contacting Rev. **RELIGION AND RACE**

CCORR is making Disciples of Christ by providing ongoing capacity building and financial support to young adults to participate in leadership training and planning opportunities. CCORR has provided mentorship and support for the following events in 2008:

February 2008 Provided leadership training opportunity by providing assistance to young adults and first time attendees to Black Methodist For Church Renewal 41st Annual Meeting in Los Angeles, California.

May 2008 – Mentoring and support for attendance at General Conference in Fort Worth, Texas. One youth and four young adults.

June 2008 – Committee members, staff and GCORR board member attended South Central Jurisdictional Workshop Sponsored by GCORR

June 2008 – Committee members and local church representatives attended Bishops Week: The Power of Touch in Transforming Lives

October 2008 – Participation in SCJ Annual Black Methodist For Church Renewal in Austin, TX.

September through December 2008 – Participated in the planning and organizing of the Crossing Jordan Ministry, held November 1, 2008 focusing on African-American

Providing financial assistance for attendance to leadership trainings and workshops provides experiences that may not be available in the local church settings. Participants have an opportunity to meet other persons, learning what's effective and can be replicated in the local churches or in the community. These training opportunities transcend cultural limitations and barriers with the love and making disciples for Jesus Christ.

Conference Commission on Religion and Race is moving from maintenance to mission by ensuring that the persons nominated to serve are notified and willing to serve. In addition district superintendents were contacted to ensure diversity of women and white persons when making recommendations to the

nominations committee. An orientation is planned for new members and existing ones.

In the development of a responsive representation, CCORR will coordinate with the Annual Conference boards and agencies as they seek to develop programs and policies of racial inclusiveness. This is being done to provide support and interaction with various advocacy initiatives for racial and social justice. Consultation with the conference board of Church and Society as appropriate will assist us in moving from maintenance to mission. A collaboration with the Commission on the Status and Role of Women is currently in process. This collaborative effort provides sharing in the efforts of monitoring and advocacy. These activities in 2009 include:

Monitoring Vision Team and nominations committee meetings as well as internal monitoring of the focus team meetings.

Joint monitoring activities with COSROW at the 2009 annual conference in Rogers, AR.

**— Joint meetings with COSROW —**

Collaborate with the various focus team committees will aid in meeting the overall team goals and partner with Church and Society on projects.

CCORR is aligned with the Annual Conference and GCORR by reviewing, monitoring and supporting The United Methodist Church's efforts to ensure racial inclusiveness and foster racial justice and reconciliation. Affirming the continued development and strengthening of the racial / ethnic congregations as well as the development and strengthening of congregations, which respect, understand and embrace diversity. All groups will transform lives when there is full representation and participation.

Conference chairperson and two CORR committee members attended the first national meeting of General Commission of Religion and Race Chairpersons and board of directors. The event was held March 12-14, 2009. at Scaritt Bennett in Nashville, TN. The sessions included: (1) train chairs on the role and work of Conference Commissions or equivalents; (2) how to monitor annual conferences; (3) to provide a time for chairs to share with each other what they are doing, what works and what hasn't worked; (4) other training requested by the planning team; and (5) organizing of an Association of Conference CORR Chairs. This training afforded new and existing committee members Glen Busby and Larry Martineau an opportunity for training and skills to assist with membership trainings.

The following are strategic mission goals for 2009:

CORR goal is to provide a channel of resources and referrals to racial and ethnic groups / individuals as they seek to develop programs of empowerment, leadership trainings and ministry for their communities. (example Crossing Jordan)

Coordinate presence of Conference Commission representation at Annual Conference by providing information for a display table, soliciting monitors for committees and plenary sessions, distribute materials at meetings that emphasize inclusiveness counts, and the role of CORR etc.

Provide opportunities for multiracial and interethnic dialogue and meetings throughout the conference. Work with annual conference boards and agencies as they seek to develop programs and policies of racial inclusiveness.

Solicit assistance from conference communications staff on designing and establishing a page on the conference website.

Be sensitive to economic conditions by conducting a limited number of face to face meeting alternating with meetings by conference calls.

There are nine districts represented on the committee with five at large members. The breakdown of representation is six African-American females-lay, one African American female-clergy, three white males-clergy, one white male-lay, two African American males-clergy and one white female-lay. It is important for the committee to self-monitor to ensure the breakdown of membership is not inclusive of all races.

## RUSSIAN INITIATIVE

This year, marks the 120th year of Methodism in Russia. After a long period of closed doors and iron curtain, the curtain came down and the United Methodist Church in Russia is renewed. We currently have 116 congregations and a Seminary established.

There continues to be challenges. First, the high inflation rate and falling dollar has caused pastor's salaries to decline by 20%. The dollar has risen and corrected much of that problem. This year, funding from General Board of Global Ministry will be reduced, due to tightening budgets.

Two big blessings have been from the Upper Room. First, the Emmaus Community has begun in Russia. This kind of personal spiritual training is new and there is a hunger for the experience. Second, the Upper Room has a Russian publication called *Meeting Places.*

Return to Christ United Methodist Church, a partner church with Pulaski Heights UMC: The government took over the building, following a prison riot and change of prison administration. We had enjoyed exceptional access to the prison, and had a fruitful ministry with the inmates. There is promising dialogue with the new prison administration regarding full or limited use of the building. Rev. Elena Stepanova continues to be appointed as pastor, and the congregation is meeting is homes. Elena is also working as translator for the Meeting Places Russian devotional.

True Light United Methodist Church, a partner church with the Northeast District: This congregation is served by Rev. Ludmilla Pyatikh, the founding pastor. This congregation owns its own flat, which provides housing for the pastor and limited space for Bible Study and committee meetings.

Pervuralsk United Methodist Church, a partner church of Searcy First UMC and the North District: Rev. Tanzillya Prokopenkova is the pastor. The congregation is focusing on youth ministry and is doing well. Tanzillya was able to visit the North District last year.

Conference churches who are interested in participating in the Russian Initiative may do so in one of five ways:

1. Churches are welcomed to join with any one of these three existing Arkansas supported congregations. The partnering churches are: Searcy First/ North District, Jonesboro First/ Northeast District, or Pulaski Heights.
2. Consider a new Russian church as a new partnership.
3. Churches may also contribute directly to the Seminary or the Russian Initiative work through the Advance Giving of the GBGM.
4. Provide the Russian Upper Room for a congregation.
5. Help support travel cost for Russian Emmaus Walk pilgrims.

Addition information about our work in Russian can be offered by the Russian Initiative Committee, Rev. Mike Morey is chairperson.

## COMMITTEE ON SPIRITUAL FORMATION

The Conference Committee on Spiritual Formation is responsible for the promotion and development of the spiritual life for clergy and lay persons of all ages by conducting seminars and training events (private and corporate prayer, Bible study, and spiritual growth opportunities) and encouraging the use of resources for spiritual formation.

The mission and ministry of the Conference Committee on Spiritual Formation works to support primarily Conference Strategic Vision Initiative #7, to contribute to the health and soul care of clergy, staff and laity, and to facilitate healthful spiritual ministries in the church. We have also experienced a number of persons dealing with discernment of their call, which contributes to Strategic Initiatives #2 and #4.

Our group continues to design and conduct retreats for clergy and laity in our conference to promote and facilitate the development of the spiritual life. We have also designed and created a "traveling spiritual formation" resource exhibit to be made available to churches in Arkansas.

The 2008 retreat was held at Mount Eagle October 19-22 with approximately an even mix of clergy

and laity, which is always our goal. We had participants attending from as far away as Texas. The 2007 retreat had been well received, and we were asked at that time to make this an annual event. The 2008 retreat was themed "Let Your Life Speak" and was based on the book of the same title by Parker Palmer. We explored a number of important aspects of spiritual vocation. Again the retreat was well received and we already have another retreat on the calendar at Mount Eagle for October 2009.

The Fall 2009 retreat will be October 18-20 at Mount Eagle. The resource for this year's retreat will be *The Sacred Way: Spiritual Practices for Everyday Life* by Tony Jones.

Our committee hosted a workshop on prayer at the Arkansas Annual Conference in Hot Springs last year, and plans to offer a Prayer Center at this year's Annual Conference. This will include opportunities for a guided labrynth walk, guided lectio divina, a session on Art & Prayer Experience, and a panel discussion on prayer and spiritual formation in the local church.

**BOARD OF TRUSTEES**

The Conference Trustees met on November 12, 2008 and voted to transfer three properties in the Northeast District pursuant to the request of the district superintendent and to correct deeds issued in connection with two previous transfers of title in the Southwest District. The Trustees heard a presentation from Irene Howard, CEO of the United Methodist Church Property and Casualty Trust (PACT), regarding the possibility of the conference churches obtaining insurance through PACT. That consideration is on-going. The Trustees have another meeting scheduled for late April.

The Northeast District requested the approval of the Conference Trustees on the following properties:

3. The transfer of the Wood's Chapel Cemetery (4.3 acres of land) to the Wood's Chapel Cemetery Association, Greene County, Arkansas, with the mineral rights to be held by the Wood's Chapel United Methodist Church. The Wood's Chapel United Methodist Church and the cemetery are on the same parcel of land and the local congregation is in support of this and the District Trustees concur. The Cabinet of the Arkansas Conference asked that the mineral rights transfer to the ownership of the local church.
   Motion made by John Lusk. Second by Richard Ruble. Motion carried.
4. The sale of discontinued property and building formerly known as St. Francis United Methodist Church, St. Francis, Arkansas to Trent Grimes of St. Francis, Arkansas. The agreed amount is $15,000 with one half of sale going to Wright's Chapel United Methodist Church

for its ownership in parsonage and one half into New Church Start Fund of the Northwest District.

Motion made by James Batts. Second by John Lusk. Motion carried.

Irene Howard, Chief Executive Officer of the United Methodist Property and Casualty Trust (PACT), gave a presentation to the Board giving an overview of the current status of PACT and comparing that with the Conference's current property and casualty insurance arrangements.

The next meeting of the Board was set for April 22nd with the possibility of conducting the meeting via conference call.

**UNITED METHODIST YOUTH, COUNCIL ON**

The Arkansas Conference Council on Youth Ministries (ACCYM) has had an exciting year in youth ministry. The ACCYM strives to provide youth opportunities for strengthening youth ministries in the local churches and districts, developing personal faith and commitment to the Christian gospel though experiences, experiencing bonds of Christian fellowship with youth and adults, participating in service, outreach, and study activities, and fostering Christian leadership in all levels of the church. Through events and service, the council has spent the past year aspiring to achieve its purpose within the Arkansas Conference.

The ACCYM is a body composed of youth leaders from all districts in the Arkansas Conference. We elect a chairperson, vice-chairperson, secretary, chaplain, Youth Service Fund (YSF) chairperson, and two Jurisdictional Youth Team (JYT) representatives annually to serve as an executive council. The council itself consists of five youth representatives from each district in Arkansas, a district president, three representatives from each district, and one YSF representative from each district. The adults include a Conference Coordinator as well as each District Coordinator and any appointed at large adults. The ACCYM meets once every two months. The members are divided into task forces that each plan one of our five events, and the YSF representative plans the fundraising aspect for each event. Our events include Youth Tour, Refuge, Veritas, Choir Tour, and Junior High and Senior High Assemblies.

Refuge, an event for youth in junior high, was held in October at Camp Paron. Although Refuge is a small event, attendance increased this year from the previous year. At Refuge, youth had the opportunity to experience worship and fellowship in God's creation. This retreat grants them a weekend of rest in the midst of a busy fall semester.

Veritas, the largest event put on by the ACCYM, registered over 1000 participants this year—the most ever present for Veritas. The weekend event was moved to the Hot Springs Convention Center this year from the Fort Smith Convention Center. For this being the first year in a new location, the event went very smooth. We have continued to offer workshops for youth to explore various aspects of spirituality and a large worship session in conjunction with a speaker. This year, we also had youth speakers to supplement the main speaker and contribute to the theme of "Rise Up."

Choir Tour is unlike the rest of the events that the ACCYM puts on. High school age youth have attended practices throughout the spring in preparation for the event that will be held during the last full week of June. The choir will tour the state, stopping at six different churches and holding a worship service. The youth are able to reach out through music and fellowship and spread the word of God.

Junior High and Senior High Assemblies will be held at the University of the Ozarks in Clarksville. Junior High Assembly, a four day event, and Senior High Assembly, a five day event, happen consecutively, toward the end of the summer. The size and length of the assemblies allows youth to get to know others better, worship in a more intimate setting, and participate in service projects.

The Youth Service Fund event is held the week following the assemblies. Although YSF fundraises at every ACCYM event, they accrue most of their monies through this single event. Typically less than twenty-four hours in length, the event has been located at water and amusement parks.

The Youth Service Fund is an organization that begins at the local churches and continues to the Jurisdictional level. Thirty percent of the money raised by the Arkansas Conference YSF goes to the General Board of Discipleship Youth Division for global YSF grants. A maximum of thirty percent of the monies amassed is used for in-state grants. Another thirty percent can be used for out of state grants. Ten percent of the money raised by YSF is used for purchasing capital and other expenses. YSF grants largely benefit churches in the Arkansas Conference as preference is given to projects within the

connectional system. YSF monies are raised at DCYM events, CCYM events, and the YSF event. Also, a percentage of fundraisers done by a youth group may be tithed to YSF.

Other than planning events, the ACCYM also comes together as a body to discuss issues prevalent to Arkansas United Methodist Youth. This discussion is necessary for growth and development within our council and area of service. Also, we look forward to continuing our work with other bodies of the conference so that we may achieve our purpose and make Disciples of Christ

**VISION TEAM REPORT**

The Conference Vision Team works with all of its constituents, committees, commissions and boards to enable local churches to more faithfully and fruitfully fulfill their mission to help make disciples of Jesus Christ. The vision of The United Methodist Church in Arkansas is to "be a Church alive in the grace of God, offering Christ, transforming our lives through the power of the Holy Spirit."

The Vision Team's work is seen in the fruitful and faithful ministries of the 700 Churches in Arkansas. The Vision Team also seeks to promote Ministry opportunities through which individual churches and persons can accomplish more for God together than we could alone.

The connectional work of the Vision Team ranges from starting new congregations to training new leaders for local churches to securing bed nets for children in Africa to prevent malaria, to helping in disaster recovery after tornadoes struck in Arkansas. To get a full flavor of the full range of ministries under our Vision Team's umbrella, you must read this entire Pre-Conference report.

At Annual Conference 2009 the Vision Team was charged with evaluating and updating our Conference Vision Statement and ministry plans. During October and November 2008 and January 2009 "listening sessions" were held in each of the nine Districts. In addition, a number of interviews were conducted with pastors of varying sized churches and lay persons involved in various Conference leadership roles. In addition, a "listening session" was held with the Conference youth council.

A number of excellent ideas emerged. A number of these ideas have already been implemented by the Conference staff and various Conference committees and agencies. Other ideas and themes, which emerged, have been incorporated into the actual Vision plan.

Several important themes emerged in the "listening sessions":

- There is a clear desire to do a better job of outreach and evangelism. There is a hunger for learning how to do this and concern if we have the will to do this.
- There is profound awareness of the change and diversity that is part of our world. There is a need for input like community demographics and a need to learn to speak in new ways.
- There is a deep understanding of the uniqueness of each ministry context.
- There is a strong sentiment that training needs to happen in a variety of place and through a variety of modes. There is a real willingness to embrace and use technology to help make training more accessible and communication more effective.
- There is a deep desire to better understand our Wesleyan identify. Also there is an accompanying desire to train better how to help people grow as disciples.
- There is a hunger for training in knowing what to do as Christian disciples and leaders in The United Methodist Church. There is a real awareness that we need clear expectations of what the Conference expects from local churches and what local churches expect from the Conference.
- There is a strong loyalty to our camps and campus ministries.
- There is a strong awareness that campus ministry and ministry in the Hispanic community are two major mission fields in our midst.

The following is a draft of a proposed revision of our Conference vision statement and ministry plan. A further revised version will be presented at Annual Conference:

**The Arkansas Conference Vision: A church alive in the grace of God, offering Christ, transforming lives and the world through the power of the Holy Spirit.**

**Mission:** The mission of The United Methodist Church in Arkansas is to make disciples of Jesus Christ for the transformation of the world through local congregations and ministry outposts of the Conference.
**Goal:** To create a connected body of local congregations and ministry outposts in which persons can enter and develop a life of discipleship.

- In vital congregations there is movement from
  - -hospitality to radical hospitality
  - -worship to passionate worship
  - -faith development to intentional faith development
  - -mission and service to risk-taking mission and service
  - - generosity to extravagant generosity
- To have vital congregations and ministry outposts throughout the State of Arkansas which are growing in membership and worship attendance and providing a place where persons are being baptized in the faith and making professions of faith.

**Goal:** To offer resources and connectional ministry opportunities to equip local churches to be more faithful and effective in making disciples.

- To raise up and equip lay and clergy leaders to lead local churches and our shared ministries beyond the local church.
- To create and nurture connections among churches which will enhance local ministries, provide accountability and financial support for connectional ministries and address the needs of the conference including:
  1. Starting new places for new people (congregations, second campuses and new worship services)
  2. Raising up a new generation of lay and clergy leaders
  3. Modeling and serving as a catalyst for ministries which transform the world by:
     a. seeking to eliminate poverty
     b. promoting health, healing and wholeness
     c. seek justice for all God's people

## CAMP ALDERSGATE

*Enriching the lives of children and youth who have medical or physical conditions or developmental delays and their families, as well as senior adults, through educational and recreational opportunities in an out-of-doors camp environment.*

In last year's report, I gave insight as to how Camp Aldersgate was in the throws of construction and feeling that the new facilities would never be finished! One-year later, at the end of 2008, I am pleased to report that our facilities are now a booming success! On April 12, 2008, Camp Aldersgate dedicated its new Donald W. Reynolds Health Care Center, swimming pool facility and seven new camping cabins. How deeply gratifying it was to watch our young campers see for the first time their new camping facilities at Camp Aldersgate! All of the hard work, schedule shifting, asking for support and praying for completion has been worth every moment. 2008 was such an interesting year for the Camp. It was very special welcoming in our campers with the very best facilities an accessible camp can offer, but it was met with some challenges as well.

Throughout 2008, our country was, and still is, undergoing financial hardships. Non-profit organizations were feeling the pinch too. Ironically however, this time led to great insight and clearer vision for Camp Aldersgate. I must say that Camp Aldersgate was not untouched by these difficult times, for we did see significantly less income than we anticipated. However, Camp Aldersgate is blessed to have many incredible friends and donors who will give his or her very last prayer and very last penny to see this place succeed. Since its inception in 1947, Camp Aldersgate has relied heavily on the "love" gifts from dear donors who challenge themselves to send along a five, ten or twenty-dollar monthly offering. These are the donors who ask us to 'please accept this small check' because it was all

they could do that month. These consistent gifts of love have sustained Camp Aldersgate through the tough times. These consistent gifts of love have provided an insight as to the wonderful people in our midst who are always willing to lend a hand, help others and uplift those who are seeing tough times.

In 2008, Camp Aldersgate did see growth in its programs and volunteerism. The Camp served 555 participants from 117 cities and 63 counties throughout Arkansas, as well as six other states. 591 volunteers contributed an amazing 31,815 hours of service to the Camp.

**CAMP ALDERSGATE'S PROGRAMS INCLUDE:**

**Summer Med Camps** are 6 weekly residential sessions that are provided for children and youth, ages 6 to 18. Camps provided include Muscular Dystrophy Camp, Spina Bifida Camp, Diabetes Youth Camp, Asthma Camp, Kidney Camp, Arthritis Camp, Cardiac Camp, Cancer Camp, and a Bleeding Disorders Camp.

**Kota Camps** provide an opportunity for children and youth of all abilities to come together and experience the benefits that a traditional camp can offer. "Kota" means friend in the language of the Quapaw Native American tribe indigenous to Arkansas. The sessions are open to all children, ages 6 to 18, with medical conditions, physical disabilities, and developmental delays and their non-disabled friends or siblings. All campers participate together in activities such as nature hikes, archery, music, fishing, an adventure/challenge ropes course, canoeing, scuba, swimming, and arts and crafts. Through fun and friendship, campers develop a better understanding and awareness of each other.

**Weekend Respite Camps** have been offered for over 20 years. The Respite program offers year-round breaks for families who have children ages 6 to 18 with physical, mental, and developmental disabilities. Campers are given complete care while being allowed to explore their individual boundaries. During this time, parents are able to run errands, have time alone, or spend a well-deserved weekend with their other children.

**Seniors Day Out** has been in service since the early 1970's. This program offers fun and fellowship, as well as the opportunity for senior adults to enjoy an environment that encourages activity and friendship. Participants meet together weekly to enjoy meals, educational activities, exercise, guest speakers, Bible study, singing, arts and crafts, board games, fishing derbies, holiday and birthday parties, and the opportunity to interact with one another.

**The Youth Volunteer Counselor** program at Camp Aldersgate is an important part of our camping programs. For most individuals, the opportunity to be a volunteer counselor is a rewarding and educational experience, and for some, volunteering is a stepping-stone to future counselor and staff positions. Each summer approximately 120 youth volunteers are selected. The minimum age to be a volunteer is 14, and these volunteers usually provide one to three weeks of service. Each volunteer is there to encourage and assist campers in activities, and provide energy and enthusiasm throughout the week.

During the 2008 summer, the Design/Build Team from the University of Arkansas at Fayetteville's School of Architecture created two new innovative picnic sites for our participants. This was their fifth project and once again among the most creative!

Camp Aldersgate receives approximately 21% of its funding from the United Methodist Church through apportionment funding, supplemental funding, and local church support. We are thankful for the prayers and support from the United Methodist Church.

I cannot begin to say "thank you" to all who gave Camp Aldersgate these gifts of love and to all who have kept Camp Aldersgate in their prayers. Thank you for helping sustain us from day one. We appreciate your confidence in us and we will remain successful for our campers with disabilities, our senior adults and for our families who find hope for their loved ones.

**CANDLER SCHOOL OF THEOLOGY**

With a new building, new faculty and staff, new curriculum, newly expanded financial aid initiatives and even new art! Candler School of Theology is moving with enthusiasm and grace through changes that enhance its ability to fulfill its mission: to educate faithful and creative leaders for the church's ministries in the world. To this end, Candler is constantly working to deepen its already vital relationship with The United Methodist Church.

As one of the 13 official seminaries of The United Methodist Church, Candler is grounded in the

Christian faith and shaped by the Wesleyan tradition of evangelical piety, ecumenical openness, and social concern. As one of nine graduate level, professional schools of United Methodist-related Emory University, Candler provides a context for learning and formation that engages the most complex and difficult issues of our day. As a school located in the major metropolitan area of Atlanta, Georgia, Candler offers students the opportunity for practice in a highly diverse community, a global crossroads where church growth is expected, cultivated, and actually happening! There is no better place for preparation that resonates with and addresses our major denominational priorities: developing leaders, starting and growing churches, ministry with the poor, and improving global health.

On September 25, 2008, and with abundant joy, we dedicated Phase I of the new Candler School of Theology Building. A LEEDS silver certificate building, the "CST" includes offices and classrooms that provide the opportunity for technologically sophisticated work and community in an environmentally sound setting. Phase II, to be built in due time, will house the Pitts Theology Library, the Wesley Teaching Chapel, and additional offices and classrooms.

This year we welcomed the arrival of six new faculty and senior staff, five of whom are United Methodists. Forty two percent of the faculty and senior staff is United Methodist, and all but five are ordained. Two new staff positions were created, the Director of Lifelong Learning, filled by Dr. Bob Winstead, a member of the North Georgia Annual Conference, and the Associate Dean of Methodist Studies, filled by Dr. Anne Burkholder, a member of the Florida Annual Conference. Both of these new positions serve the larger church as they connect clergy with new opportunities for learning; connect conferences and students who are ultimately seeking ordination; engage with denominational organizations at a variety of levels; oversee denominational certifications and the Course of Study; advise students; and teach courses. In addition, Bishop Ruediger Minor is with us for two years as the inaugural holder of the Hankey Chair in World Evangelism and Bishop Walter Klaiber is with us as Bishop-in-Residence during the spring semester.

Candler is in the second year of its new curriculum, designed to assist students in aligning their course selection with their call to ministry and integrating the classroom with their contextual education settings. This emphasis is accomplished through the selection of a concentration, the opportunity for special certifications, and joint programs and initiatives with three other Emory graduate schools: Goizueta Business School, Emory Law School, and Rollins School of Public Health.

We are delighted to report that in spite of the difficult economic realities that have had a serious impact on us all, Candler School of Theology and Emory University are faring well, due to sound fiscal stewardship and excellent donor support. The Emory Capital Campaign has achieved $881 million of its $1.7 billion goal. Candler's goal of $60 million will enable us to achieve strategic priorities regarding facilities, student support, lifelong learning, endowed professorships, programs and curriculum development, and international initiatives.

Candler has always been deeply committed to assisting students with generous financial aid, but in light of the current economic climate, we have deepened our commitment to significant student support in two very important ways. This academic year, 80 percent of eligible students received scholarships or grants, with an average award covering 79% percent of tuition. Through these awards, more than $2.5 million was provided to 196 United Methodist students. In addition, we created "Leadership Candler," an all-expenses-paid discernment experience that draws together distinguished prospective MDiv students from across the country and the world to explore the richness of life and study at Candler.

As a part of its contribution to the new building, Emory University provided Candler with a major grant for the purchase of new artwork. As a result, Candler is now home to the world's largest collection of original works by John August Swanson. Comprising both serigraphs and paintings, the collection focuses on biblical narratives and reflects the storytelling traditions of Swanson's Mexican-Swedish heritage as well as the influence of mosaics and stained glass from the Byzantine and medieval eras.

Candler's student body truly reflects the denominational emphasis on the importance of attracting younger and more diverse people. Our enrollment stands at 493, with 401 seeking the Master of Divinity, 50 the Master of Theological Studies, 18 the Master of Theology, 13 the Doctor of Theology, and 11 enrolled as Special, Non-Degree students. Eighty-three percent are enrolled full-time. The total student population is 24% US ethnic minority, 12% international, and 51% women. More than 50 denominations are represented, with 52% of MDiv students being United Methodist from 40 Annual Conferences, including Bulgaria, East Angola, Mozambique, and Korea. Other Methodist denominations include

African Methodist Episcopal, African Methodist Episcopal Zion, Christian Methodist Episcopal, Church of the Nazarene, Free Methodist, Wesleyan Methodist, and the Methodist Church of Korea. The average age of our students is 32, with 56% under thirty. The median age of our MDiv students is 27.

**Candler is deeply committed to the Gospel of Jesus Christ and the development of persons for Christian ministry, especially in the United Methodist Church.** We are grateful for your support of Candler through the Methodist Education Fund, visits, prayers, nurture of our students, and direct donor support. Come and see us! We would love to welcome you on campus to share your interest, your concerns, and your ideas!

With thanks, Jan Love
Dean & Professor of Christianity & World Politics

**GAMMON THEOLOGICAL SEMINARY**

*(Founded in 1883)*

653 Beckwith Street - Atlanta, Georgia 30314

*1-404-581-0300*

Gammon Theological Seminary is one of thirteen accredited theological institutions of The United Methodist Church. Gammon is the only historically African American theological school related to the United Methodist Church.

Gammon is in it's 126th year of operation. The Methodist Episcopal Church founded Gammon Theological Seminary in 1883. Bishop Gilbert Haven and the officers of the Freedmen's Aid Society had purchased nearly 500 acres of high land in the southern suburbs of Atlanta, Georgia. Gammon initially began as a Department of Theology at Clark University. Through the efforts of Bishop Henry White Warren and the gift of $20,000 for endowment from the Rev. Elijah H. Gammon, superannuated Methodist minister of the Rock River (Illinois) Conference. The enthusiasm of these two men led to the construction of Gammon Hall. The Rev. Wilbur Patterson Thirkield was elected dean, and Gammon School of Theology was officially opened on October 3, 1883.

April 1887, the official connection between Gammon and Clark were dissolved. The seminary was granted a charter on March 24, 1888, and the name was officially changed, December 28 of that year to Gammon Theological School. The Rev. Thirkield served asthe first president.

Gammon is the United Methodist member of the consortium of theological schools, known across the world as The Interdenominational Theological Center located in Atlanta, Georgia. We offer a broad curriculum in the scholar-minister tradition and also offer a holistic educational experience that continues to stress scholarship and service

**HENDRIX COLLEGE REPORT**

Vocational discernment, engaged learning, and making disciples for Christ is only a portion of the work that is carried out daily at Hendrix College. The College is proud that it is continuing and living the dream and vision set out by Reverend Isham Burrow and those early forbearers. Recognized widely as one of the best small colleges in the country, Hendrix continues to commit to excellence and changing lives. The College expresses its appreciation to the Arkansas Conference for the support it gives to the programs and mission of this institution. As a United Methodist related college, Hendrix embraces the freedom of the academy where students and faculty explore the boundaries of knowledge while setting a context for that exploration in an ethos that values cultivation of both the mind and the spirit. In this way we fulfill our mission to cultivate whole persons and to prepare our graduates for lives of service and fulfillment in their communities and in the world.

We are proud of the ways in which Hendrix can partner with the Arkansas Annual Conference, and believe the college can be particularly beneficial in assisting the conference in its initiative "to identify, enlist and retain gifted young pastors who are passionate about making disciples of Christ." Particularly through the collaborative work of the Chaplain's office and the Hendrix-Lilly Vocations Initiative, the College has been able to provide programming that helps the Conference meet the goal that by "2013, twenty-five young people per year from Arkansas will be entering seminary intending a vocation in

professional ministry including music, education, etc., and that by 2013, sixty percent of new pastors will be trained in United Methodist seminaries." Since 2004, twenty-two Hendrix graduates have enrolled in seminary and an additional six will enroll this fall. Sixty percent of these are at United Methodist seminaries. We anticipate forty students will enter seminary in a four-year period that includes this year's graduating class and the past three graduating classes. The college is on schedule to meet its goals with six current students who are in the candidacy process.

Funding from the Eli Lilly Foundation to support the Hendrix Lilly programs ended during this academic year. The College has been blessed with a gift of one million dollars from Bob and Nadine Miller to help continue the important work of the College. In appreciation of their endowed gift, the program is now called the Miller Center for Vocation, Ethics and Calling. The College will seek additional gifts to permanently endow the program to ensure the next generation of lay and clergy leadership for the United Methodist Church.

A focus of the Miller Center is to cultivate the discernment of a call to ordained ministry. One such program is for high school students, known as Summer Institute. In the six years that the Hendrix-Lilly Summer Institute has been offered, seventy-eight United Methodist high school youth have discerned gifts for ministry, explored ordination in the United Methodist Church, and studied biblical examples of those struggling with a call to ministry. The week also included time for each youth to shadow a clergyperson for one day and to participate in corporate worship with Hendrix student leadership. For our college students, "Future Preachers of America" or "F.P.A." continues to host 10 students each week during the academic year to discuss different aspects of ministry. The group meets with special guests such as Dr. Joel Green, Rod Hocott, and Rev. Rodney Steele and focuses on themes such as spiritual autobiographies or the sacraments of the church. It is clear that this group functions more as peer support than a gathering to gain information about the nuts and bolts of ministry. Providing space for this peer discernment to occur is helping these gifted, bright students feel supported as they continue the path to a vocation in ministry.

Our continued work with pre-seminarians includes one or two group visits to United Methodist seminaries (this academic year included Vanderbilt Divinity School and Duke Divinity School last spring) and stipends for students to make individual visits. Students independently visited Perkins School of Theology, Candler School of Theology, Boston University, and Wesley School of Theology. We have currently averaged about 10-15 students each academic year who take advantage of this opportunity. It is clear from student evaluations that seminary visits allow Hendrix students to "experience student life and get a feel of the campus."

Surrounding these core programs that directly nurture students' exploration of call to Christian ministry is a wealth of programs that encourage students to explore and express their faith commitments. Campus ministry offers a variety of religious life programs. Currently, six registered student religious clubs and organizations are devoted to issues related to religious faith and spiritual formation. Through these student clubs, the Office of the Chaplain, and the Hendrix-Lilly Vocations Initiative, more than twenty weekly religious life activities, including Bible Studies, Covenant Discipleship groups, fellowship groups, and denominational meetings, are offered. In addition to these programs, a weekly communion service and evening chapel service are planned, organized, and led by students, under the direction of the Chaplain. The religious life council has sponsored films, forums and social gatherings with more than 100 students attending each of the events. The UMYF Leadership Scholars continues to be a strong program, and Hendrix is especially proud of the forty-two students who currently receive these awards. Many of them will return to their home churches during the year to share their experiences. These students participate in leadership development and spiritual formation programs during their four years at Hendrix. In addition, the UMYF Leadership Scholars assist in leading fellowship teams that travel from campus to local churches to lead worship services. Since 1996, student fellowship teams have visited more than 375 United Methodist Churches in Arkansas, in all nine districts. Alumni of the UMYF scholars' program can be found pastoring churches, assisting with youth programs and Christian education, and provide leadership in worship and on church boards.

Mission Trips continue to call students away from their current contexts to engage with people both in and outside the United States. Through these travel and service experiences, students come away with a greater understanding of their gifts, their purpose, and the United Methodist Church's role in responding to the needs of the world. Forty students have been selected from an application pool of 120

to take part in the 2009 winter, spring, and summer mission trips. Our trips this year include work with Glide Memorial United Methodist Church in San Francisco, California in outreach to the homeless, construction of homes for the Navajo Nation in Shiprock, New Mexico with Four Corners United Methodist Church, building of mercy houses in the Me Kong Delta in Vietnam, and service work and worship with the monastic community in TaizÈ, France. A recent graduate commented on her participation in the mission trips, "They gave me an opportunity to connect with like-minded people who realize the value of service and the sharing of resources. I was able to travel to radically different parts of the country and the world, to develop meaningful relationships with a variety of people. I began to understand the need for greater solidarity among world peoples and to appreciate the individual gifts I could contribute in different contexts."

The programmatic opportunity to think about one's life as a call is striking a chord with a broad spectrum of Hendrix students. A program that has seen significant growth in participation is the weekly Tuesday Talks. This program, started eight years ago, brings in a faculty or staff member each week to answer the question, "What is my calling and how do I know?" During Tuesday Talks students hear faculty, staff, and alumni speak about how they have integrated their academic endeavors, ethical principles, trials, joys, and faith journeys into a discovery of vocation.

Hendrix College remains committed to ensuring that all qualified students have access to a Hendrix education, regardless of their family financial circumstances. The amount of money needed to fund scholarships and financial aid for our students continues to increase each year. This year Hendrix is providing more than $19 million in student scholarships and financial aid. This represents approximately twenty-five percent of our total budget. Our budget for student financial assistance has doubled in the past four years, in response to the growing need of students and their families for assistance with financing a college education.

United Methodist students at Hendrix receive over $3 million dollars in financial aid from the College. Of this group of students, more than $226,000 in financial aid is given to dependents of United Methodist clergy and United Methodist Youth Fellowship Leadership Scholars.

Gifts from the United Methodist Church of Arkansas help us fund this important effort for our students. These students are tomorrow's leaders in business, industry, their professions, public service, the arts, and the church. All apportionment gifts are used exclusively for student scholarships and financial aid.

The relationship between the people called Methodists and higher education was established by John Wesley. Hendrix College cherishes its relationship with the United Methodist Church and the opportunity to fulfill Wesley's vision to bring together intellectual curiosity and spiritual formation, knowledge and vital piety. We are grateful for the many ways in which United Methodist Churches of Arkansas support Hendrix, including your apportionment gifts that go directly to students to provide financial assistance that ensure access to our strong academic program, the Miller Center, a wide range of religious life and spiritual formation opportunities, and the UMYF Leadership Scholars Program. Thank you for your continuing support of Hendrix.

J. Timothy Cloyd, Ph.D., President

**LYDIA PATTERSON INSTITUTE**

It is my pleasure and honor to submit this report to the Bishop and members of the conference with a profound sense of gratitude for your support of our ministry. Foremost, I wish to extend my sincere appreciation for the gracious welcome of our students to jurisdictional conference. It was the intent of the "mariachi" band to express its gratitude, on behalf of all the students, with their lively music. I believe it is fair to say that they brought love and joy to the floor of the conference.

Our ministry continues to be vibrant and energetic, in spite of the serious challenges that we face with an economy crisis and the violence on the border. The optimism and faithful enthusiasm of the students is a daily reminder of the reason for the existence of "La Lydia". We are currently serving 459 students whose hopes and dreams have been placed in our hands. Our work is crucial, as we look into the future and recognize the increasing need for educated leaders with strong principles and Christian values. On the other hand is the need to break the cycle of poverty so common among our students.

The result of our efforts is seen in the number of students attending college. In the past 10 years, we

have sent approximately 630 students to college. United Methodist colleges and universities have provided opportunities to at least 240 of these students. We presently have 48 students attending UM colleges and universities throughout the country. As a part of our Student Lay Ministry Program, many are serving as interns in local churches in preparation for a lifetime of service.

The present school year has been a challenge in many ways. The increasing violence across the border has turned Lydia Patterson into a safe haven for many students. In my daily encounter with parents, I can see the anguish in their teary eyes as they seek financial assistance to keep their children in school. Many have lost their jobs and are in constant threat for the safety of their families. We have experienced an increased need for scholarships to meet their needs. We are grateful to the number of people and local churches who have come forward to assist us with this pressing need.

In the midst of all, we thrive to provide the best education possible. We have added new classes. Seniors are being trained for the SAT and the results are visible in their improved scores. College courses are being taught and computer labs have been added to enhance their performance. The outcome is evident in students like Rebecca, a freshman attending Nebraska Wesleyan University, who made the Dean's list in her first semester.

The economy cannot be a deterrent for our ministry. We will soon enter into the feasibility study for a capital campaign to restore our campus and change more lives. Lydia Patterson has endured many depressions and recessions in its 95 years of ministry, and it has survived. I feel certain that, just like our United Methodist friends pulled us through some very tough times in the past, they will see us through once more. On my daily drive to work, I could always see the lives of our neighbors across the border. This was a constant reminder of the ministry of "La Lydia". The view has recently been blocked by a fence built along the border to restrain undocumented immigrants. I can no longer see the tiny sheds where people live, so now it is a reminder that Lydia Patterson builds bridges and not fences.

Thank you for being a part of a ministry that is touching lives every day. Your love and commitment is our source of strength. Together with you and with your continued support and prayers, Lydia Patterson Institute will always answer God's call to service.

Respectfully, Socorro Brito de Anda, President

Methodist Family Health also maintains professional affiliations with the Arkansas Department of Human Services, Baptist Health School of Nursing, University of Central Arkansas School of Nursing, University of Arkansas Criminal Justice Institute, the University of Arkansas Medical Science, the University of Arkansas at Little Rock, Arkansas Sheriff's Youth Ranch and Arkansas Children's Hospital.

Currently, varying components of the Continuum of Care are offered in over 24 cities throughout Arkansas.

The newest extension of the MFH Ministry on the Methodist Behavioral Hospital side is the opening of The Methodist Behavioral Counseling Clinics on the four campuses of the Arkansas Sherriff's Youth Ranches, a new clinic within the Hazen Public Schools, and the acquisition of the Lighthouse Counseling Clinic in Jonesboro. In addition, the hospital outpatient clinic has taken in the Kaleidoscope Grief Center, which was started by Arkansas Hospice. It is the only grief center that specifically works with terminally ill children and children who have experienced grief in their lives.

The Children's Home opened Nolan Dacus Residential Treatment Center in Bono Arkansas. The facility was made possible by the generosity of an estate gift from Mrs. Ruth Dacus in 2005. Also, instrumental in seeing the program develop was a donation of a permit for approval of the old licensed Psychiatric Residential Treatment beds in the St. Beranards Hospital in Jonesboro. This permit allows the Bono facility to open up 27 beds to treat children in the Craighead County and surrounding areas. Also, the Children's Home plans to purchase an older school building in Magnolia and start a 30 desk Day Treatment School to serve the youth in that area by the fall of 2009.

Arkansas C.A.R.E.S. recently converted one of their cottages to a transitional living home to house woman and their children while they begin work in a new Carefully Catered kitchen located on the Fillmore campus in Little Rock. Carefully Catered was the project of Building Community Bridges, a nonprofit set up to work with the Robert Woods Johnson Foundation, to develop job training and a sustainable business model to assist graduates of C.A.R.E.S. Plans are in process to have this kitchen supply all the food service to the clients on Fillmore and our Day Treatment School on Camp Aldersgate.

The Foundation is blessed to be under the expert direction of Mrs. Ashley Coldiron on a weekly basis. While still relatively young as a foundation, it continues to grow in so many ways with its fundraisers, events, and special recognition. They are instrumental in securing the much-needed funds to make the capital improvements to the facilities of the Hospital and Children's Home.

The Board of Directors, management, and staff of Methodist Family Health are committed to the continuation and enhancement of the organization's century-long ties with Arkansas Methodism. The purpose of this historic ministry remains the same: to serve the children, the families, and the clergy of the Arkansas Conference with quality and compassionate care.

We joined in the celebration of new life with parents of over 5,400 babies were delivered in our MLH hospitals. Outside our hospitals, nearly 300,000 came to our network of Outpatient Diagnostic Centers, Minor Med Centers, Wound Care Centers and Surgery Centers for their care. In addition, over 100,000 people received care in their homes through our regional Home Health programs. Through this healthcare system that you support and partner with, you helped people from Arkansas, Kentucky, Mississippi, Missouri and Tennessee, as well as a few from across the U.S. and beyond.

With an eye to the future, Methodist Le Bonheur Healthcare is moving ahead to improve facilities and expand our capacity to provide excellent care. Construction is well underway on the $327 million expansion of Le Bonheur Children's Medical Center. When it opens in 2011, Le Bonheur will have a brand new 12-story patient tower with 230 beds, a new parking garage, new pediatric research facilities and renovated outpatient space. We are in the midst of the single largest public fundraising campaign ever held in the Memphis area, and we have nearly reached our $100 million goal thanks to the generosity of individuals, organizations and corporations throughout the Mid-South.

A second major project is our expansion of Methodist Germantown Hospital. This facility operates at full capacity year-round, and additional patient rooms and parking space are greatly needed. This $105 million project will provide a new 100-bed women's and children's inpatient facility, new intensive care and inpatient dialysis units. Construction on the new parking garage was completed this past year. Methodist Le Bonheur Healthcare is also embarking on a $9 million residential hospice project, a 30-bed facility planned for a six-acre site in Shelby County.

Methodist Le Bonheur Healthcare continues to be the largest provider of care for indigent patients in the Mid-South. Hundreds of our Associates provide leadership throughout the Mid-South by serving on Boards of Directors, key leadership positions in community agencies, and as hands-on volunteers for community and service projects. In 2008 Methodist Le Bonheur Healthcare Associates contributed nearly $550,000 to the United Way Campaign to help individuals and organizations in the Mid-South area. The 2008 Annual Methodist Healthcare Foundation drive raised over $470,000 from Methodist Le Bonheur Healthcare Associates for the Humanitarian Fund. This fund provides emergency financial

assistance to cover lost wages due to illness, funeral expenses of Associate family members, and repair costs following damage to an Associate's home caused by fire, tornado, etc.

The Health and Welfare Ministries Division kicked off the Congregational Health Network in 2007. During 2008, we are excited that over 140 congregations throughout the Memphis Metro Area have become a part of the Congregation Health Network. We are well on our way toward our goal of 400 active congregations in the Congregation Health Network. The Congregation Health Network brings together local congregations in a partnership with us to enhance the health and well-being of congregations and their surrounding neighborhoods. So far over 150 congregational members have been trained in hospital visitation, numerous classes in dealing with end of life issues have been provided, cardio education classes, stoke education classes, diabetes education classes, Advance Directives Workshops and community education classes on the poor, uninsured and underinsured.

We are excited to have sponsored the First 5K Fun Walk/Run this past year at the Arkansas Annual Conference. We look forward to again this year sponsoring the 5K Fun Walk/Run along with sponsoring the HolyHealthyUMC Healthy Congregation Recognition Program.

Methodist Le Bonheur Healthcare is committed to having as little negative impact on our environment as is possible. In 2009 we are actively involved in our "We Care: Reduce, Reuse, Recycle, Renew" program to reduce our environmental footprint. From incorporating "green" design in our building and remodeling projects, to recycling where possible, to reducing waste, to biodegradable "outtakes" in our cafeterias – we are making changes in our behaviors, our building and our consumption of valuable resources.

As we move forward, we celebrate our 90 plus years of ministry and service to the Mid-South and beyond. We look forward to new opportunities for bringing quality care to each person. Our biggest opportunity is to transition our organization's culture tone that is even more patient- and family-centered. This innovative approach to planning, delivery, and evaluation of healthcare is grounded in equal and mutually beneficial partnerships among providers and families. It is a natural next step for Methodist Le Bonheur Healthcare; it is the right thing for our patients and their families because it improves clinical outcomes. It also provides an extremely rewarding work environment for our Associates and physicians. I look forward to a great year for our organization in 2009 and appreciate your interest and support.

**METHODIST THEOLOGICAL SCHOOL IN OHIO**

Greetings to our friends in Arkansas from Methodist Theological School in Ohio. Thank you for this opportunity to share news from a busy year in the life of our school.

**Accreditation:** As part of MTSO's once-a-decade accreditation process, teams from the Association of Theological Schools in the United States and Canada and the Higher Learning Commission of the North Central Association of Colleges and Schools visited campus in October 2008. The teams' reports recommended continued accreditation for a new 10-year term.

**Students:** The school enrolled 224 students from 20 denominations in master's-level courses in the fall semester of 2008. An additional 15 students are pursuing Doctor of Ministry degrees. Two-thirds of all master's level students are United Methodists; the second most common denomination on campus is United Church of Christ, with 8 percent of students. Five percent of students now identify themselves as non-denominational, a marked increase over the previous year. The student body is younger than in the previous year, with 55 percent under 40. Students come from 25 states and Korea; 38 percent are from beyond Ohio's border.

**Faculty:** Academic Dean John Kampen has chosen to end his tenure as dean following the 2008-09 school year. President Jay Rundell expressed his regard for Dr. Kampen "not only as a scholar and academic administrator but as a friend and guide," and he recommended that Dr. Kampen be appointed Professor of New Testament Studies in the Dunn Chair in Biblical Interpretation effective July 1. Randy Litchfield, professor in the Browning Chair of Christian Education, has been appointed interim academic dean through June of 2011. Paul Burnam was appointed director of the Dickhaut Library,

replacing Paul Schrodt, who retired. Professor Lisa Withrow was installed in the Norman E. Dewire Chair in Christian Leadership.

**Scholarships:** Seventy-five percent of the students at Methodist Theological School received some form of scholarship aid in 2008-09; 88 percent received some form of financial aid through work-study, loans or scholarships.

**Events:** In March, MTSO hosted "Women in Ancient Religion," a major interdisciplinary, international conference cosponsored by Yale Divinity School and several entities within Ohio State University. The keynote address was delivered by Professor Emeritus Loveday Alexander of the University of Sheffield, England. This followed a fall season that featured a number of successful events. The Schooler Institute on Preaching, focused on the practical theme "Rethinking Your Advent Series," featured Dr. Sharon Ringe, a former MTSO faculty member now teaching at Wesley Theological Seminary. At the Mission and Evangelism Institute, whose theme was "Offering Christ in a Multi-religious World," Dr. Ajith Fernando, national director of Youth for Christ in Sri Lanka, was the keynote speaker. "Equipping Christian Leaders to Abolish Modern Slavery" was the theme for the Liberation! Conference, a student-led event coordinated by the local chapter of the Beatitudes Society. Four experts in nuclear regulation and the Church's role in it participated in the forum "New Directions for a New Nuclear Age: Church Influence and Public Policy." And Bishop John Shelby Spong, the progressive Christian author, spoke to an overflow crowd in the Alford Centrum.

**Strategic Plan:** The MTSO Board of Trustees adopted the school's strategic plan for 2008-2015. The tone for the detailed plan was set by the following statements.

*Our Aspiration:* In response to the grace and call of God in Jesus Christ, Methodist Theological School in Ohio will prepare and invigorate transformational leaders to engage the church and the world in leadership and service.

*Our Identity and Purpose:* Methodist Theological School in Ohio is a center for rigorous theological inquiry, spiritual formation and professional development which is rooted in the scriptures and traditions of the Christian faith. We provide a vibrant learning environment for the preparation of skilled, passionate transformational leaders for churches, religious institutions, emerging faith communities, and the wider world. Grounded in our Wesleyan tradition and influenced by our ecumenical and interfaith commitments, we attend to the theological, spiritual, and vocational formation of a diverse group of students involved in a wide range of pursuits. Expecting active participation in our community of learning, we maintain an atmosphere of mutual respect and openness, teaching how to engage in conversation with the past and with others so that new and faithful perspectives may emerge. We strive for our graduates to demonstrate a deep understanding of the heritage disciplines of religious study, to be highly competent in areas of practical theology, and to show evidence of thoughtful reflection. We are committed to individual wholeness, social justice, inclusiveness, and religious diversity. We take seriously our responsibility for stewardship of the intellectual life of the church and our commitment to a just and sustainable world.

Respectfully submitted,

Danny Russell, Director of Public Relations

**MOUNT EAGLE CHRISTIAN CENTER**

Mount Eagle provides the space, basic comforts, and many times the program resources for people to come away to a quiet place, to listen for God's voice, and to practice Christian community in small groups. More than 3300 guests came to Mount Eagle in 2008. These people came from all over Arkansas and surrounding states for personal or small group retreats. Some groups reached our capacity of 75. The average group size was approximately 24-30, with two or three groups being served at the same time in the various facilities on site.

Tornado relief and recovery became an unintended ongoing program and highlight of 2008. Because two of our staff were in their home on Feb. 5th when it was totally destroyed, only a few miles from Mount Eagle, it became personal. We fed 249 meals at Mount Eagle within the first few weeks after the tornado, housed 346 overnight volunteers over the next few months; and accounted for almost 4000 volunteer hours, plus the time put in by our staff. More than $26,000 funneled through the Mount Eagle operations account for this program. Donations came from local churches and the Arkansas Conference Disaster Relief Fund.

The Rev. Maxine Allen received regular updates and financial reports regarding activities and funds received and spent from the conference tornado fund. Don Weeks and Paul Seay (the North District Disaster Relief Coordinator) were also instrumental in this partnership. During this time, our regular retreats and conference events were shuffled as needed, but most were held without interruption.

The Garden Project was a new program for 2008, started on a very limited basis. Tony Lock is our main staff responsible for the Garden, but he is one of the persons whose home was destroyed.

In the summer of 2008 we housed the Art Johnson Advanced Ecology Camp, (Dr. Johnson is a retired biology professor from Hendrix and member of Conway FUMC) and learned that Mount Eagle is a "gold mine" of diversity of flora and fauna, a natural treasure, and a place where young people experience the connection between all of God's creation. Two new events that crossed denominational lines included a weeklong camp for our hearing impaired Adventist friends from several states, and a Hispanic youth camp sponsored by two Baptist churches in Fort Smith and Little Rock. Both broadened our horizons and opened our eyes to new possibilities for serving a greater diversity of guests.

In late January, 2009, Mother Nature once again changed the temporary course of events at Mount Eagle. We were hit very hard by the ice storm that covered much of the northern part of Arkansas. Without power in our main buildings for 8 days, we functioned with a generator at the log house and offered water and hot showers to neighbors. We housed electrical linemen from south Arkansas and Texas in Kaetzell Lodge for the next three weeks, and continued our programs and retreats in the other buildings. Volunteers began coming to help with the clean-up, which will take months to complete.

This past year we have been the "church alive in the grace of God, offering Christ, transforming lives and changing our world through the power of the Holy Spirit." Many people of Van Buren and Stone Counties have been loved and served by hundreds of United Methodists from all over Arkansas and a few other states. The presence of UMCOR has made a difference in this community, and we have been proud of the connectional system that offered Christ without conditions or expectations of anything in return. Mount Eagle was just the instrument that allowed people to witness to their faith in these particular circumstances.

Respectfully submitted,
Lynn Baker, Jim Hudson, Robert Dennis, Officers of the Board
Lu Harding, Director, Mount Eagle

**MOUNT SEQUOYAH**
**CONFERENCE AND RETREAT CENTER**
**Fayetteville, Arkansas**

Dozens of recent events, planned and hosted by Mount Sequoyah occurred during the past 12 months. These conference, training, and retreat sessions provide young and seasoned clergy the tools, models, and experiences to effectively lead their congregations. In 2009, Mount Sequoyah provided a second successful jurisdictional faith-based environmental conference to "Care for our Creation"; coordinated a partnership with national and regional Methodist agencies to initiate jurisdiction-wide training for addiction issues within local congregations and communities for congregational, district, and conference teams; and hosted the charter conference for the Small Church Leadership Institute for laity and clergy. Dozens more laity and clergy workshops, seminars, and meetings were hosted for effective leadership and discipleship training addressing specific ministry needs for congregations, districts, and conferences. A new initiative is to offer hospitality to returning soldiers, and their family members, in partnership with Veterans Health Care System of the Ozarks, the local VA medical center in Fayetteville.

Mount Sequoyah hosted disaster training through UMCOR just days after being a recipient of early response chainsaw and debris ministry teams from six states. In the 87 years of ministry and service to generations of Methodist clergy and laity, Mount Sequoyah has never experienced such physical devastation as happened during the January 27-28, 2009 Ice Storm. Described as an "arctic tornado" at the end of four days, the physical beauty of Mount Sequoyah lay in a pile of tree rubble which will cause clean up and building repair efforts to continue through the first and second quarters of this year. The rubble is temporary; however, the purpose is not interrupted for this unique and significant ministry of sacred service to Methodist clergy and laity from 6,400 congregations across 15 conferences in the South Central Jurisdiction.

In a critical year for balancing budgets, end of year revenue income for Mount Sequoyah facility use was the highest ever at $750k, following a challenging year with significant loss in contracted revenue, due to group cancellations. Total revenue, as compared with previous years, has also increased from

private contributions. Apportionment assistance and disaster recovery relief given by the Arkansas Conference, along with volunteer teams from Arkansas congregations, are vital to the continued transition for this connectional ministry.

Mount Sequoyah continues to be a leading and active partner for laity and clergy throughout the South Central Jurisdiction. Mount Sequoyah provides initiatives to develop effective leadership for our church; provides training for starting new faith communities and for renewing existing congregations; provides best practices for establishing "ministries in hard places with the poor, the homeless, those in prison; and, it provides leadership for developing ministry strategies for addressing global health issues. Mount Sequoyah joins our collective UMC mission to make disciples of Jesus Christ for the transformation of our world.

**OZARK MISSION PROJECT**
**www.ozarkmissionproject.org**

Over 700 youth and adults will attend Ozark Mission Project camps during the summer of 2009, serving more than 450 families in need throughout the state of Arkansas. Twelve camps will be held, nine being hosted by the following churches: Texarkana, Star City, Lakewood, West Memphis, Silver Hill, El Dorado, Cornerstone, and Hamburg United Methodist Churches.

2009 will mark the 23rd year that Ozark Mission Project has sponsored mission opportunities in Arkansas. Not only has OMP made it possible for thousands of youth and adults to serve and grow as Christian Disciples, but it has provided an opportunity for college age young adults to grow as Christian leaders through their experience as OMP Summer Staff. Many of these former college staff members now serve as Pastors, Youth Directors, and Missionaries in Arkansas and as far away as Iraq.

In January of 2009, OMP sponsored a college mission trip to Rio Bravo, Mexico. Twenty nine students made the trip and built three casitas for families in need. This was the third consecutive mission trip to Rio Bravo.

The mission of Ozark Mission Project is Transforming Lives through Worship, Fellowship, and Hands-on-Mission. To that end every Ozark Mission Project experience not only gives participants an opportunity to serve others in the name of Jesus Christ, but also provides daily worship, sharing, and recreational activities for youth and adults to grow in their relationship with Christ and to develop supportive community.

Ozark Mission Project values the safety and well being of all participants. To that end OMP provides Safe Sanctuary Policies and Procedures and stresses safety on the worksite and in travel.

Ozark Mission Project is striving to become more "user friendly." Almost all registration information and participant forms can be downloaded from the OMP website at ozarkmissionproject.org. Three large "Tool Trailers" were purchased in 2008 which now house many of the tools needed for an OMP camp. A special thanks to all the churches and persons who made tool donations for use in these trailers.

The membership of both the Ozark Mission Project Board of Directors and Steering Committee consists of United Methodist Laity, Youth Workers, and Pastors. Day to day operation of OMP is in the capable hands of Mrs. Nancy Mulhearn, Executive Director, and member of First United Methodist Church of Conway. Her contact information is

OMP is proud of its United Methodist heritage and to be an Agency of the Arkansas Annual Conference.

**PERKINS SCHOOL OF THEOLOGY**
**SOUTHERN METHODIST UNIVERSITY**

The mission of Perkins School of Theology at Southern Methodist University is to prepare women and men for faithful leadership in Christian ministry. As an official school of theology within The United Methodist Church, it is part of our goal to continue to prepare leaders for ministry in the church by focusing on four key areas – formation, faculty, finances, and facilities.

One essential step in forming faithful leadership for the church of Jesus Christ is to partner with the annual conferences to identify those called to ministry, both the ordained and the lay ministry. One outstanding expression of this partnership is Exploration 2009, meeting in Dallas in November of this year. Sponsored by the General Board of Higher Education and Ministry, Exploration is a three-day event for committed youth and young adults (high school seniors through age 24) to hear, discern, and respond to God's call to ministry and to explore their gifts for ordained ministry as deacon or elder in The United Methodist Church. Perkins is pleased to be involved in planning as well as assisting to host that fall gathering. Our own Tracy Anne Allred, director of Student Services, is chair of the Exploration 2009 Design Team, and Herbert Coleman, director of Recruitment is a member of that team as well. The work of forming our youth and young adults in faith and vocation is a high calling all its own, and Perkins is honored to share that task with the clergy and laity of the Arkansas Annual Conference.

Formation for faithful leadership not only requires attention to identifying those called to the ministries of deacons and elders, along with other pastoral ministries, but to preparing the next generation of Biblical scholars, theologians, ethicists, church historians, and practical theologians, such as teachers of preaching and pastoral care. Perkins has taken steps to increase financial and faculty support for its Graduate Program in Religious Studies, and has partnered with other schools of theology to support the Hispanic Theological Initiative to fund Latino and Latina students, both at the Ph.D. and master's level.

Regarding our own teachers, our graduates tell us that the quality and diversity of our 35-plus member faculty is one of the most valuable assets which students encounter here at Perkins. Every time we conduct a search for a new faculty member, it is our goal to enhance the quality of teaching and research for the good of the church and its mission. This year we welcomed assistant professor of Old Testament Dr. Susanne Scholz to the Perkins faculty. We appointed Dr. Richard D. Nelson, W.J.A. Power Professor of Biblical Hebrew and Old Testament Interpretation, to the office of Associate Dean for Academic Affairs. We are fortunate to have Dr. David Maldonado, Jr. among us for his second tenure at Perkins; he serves as the director of the newly established Center for the Study of Latino/a Christianity and Religions at Perkins. In January, Dr. Joerg Rieger was appointed by the Provost of Southern Methodist University to the newly endowed Wendland-Cook Professorship in Constructive Theology. We were also pleased to welcome Rev. Susan Buchanan as director of Recruitment and Student Services for the Houston-Galveston Extension Program. And we have named as associate director of Public Affairs and adjunct professor of Preaching, Dr. Paul Escamilla, who brings both pastoral and administrative experience to his work at Perkins. We said farewell to Dr. Edwin E. Sylvest, Jr., who retired as Professor *Emeritus* of Church History after 38 years at Perkins. On a personal note, I was elected by the General Conference in May 2008 to a position on the Judicial Council, a responsibility I feel deeply privileged to hold.

Rev. Todd Rasberry, Director of Development, continues working to raise funds necessary for the scholarship support of our students and the endowment of our programs. Only 50 percent of our needed revenue is generated by tuition. The other half is derived from our endowment earnings and support from congregations across the connection through the United Methodist Ministerial Education Fund.

On September 11 of this year, Perkins will dedicate three buildings for its work, including the new LEED Certified Elizabeth Perkins Prothro Hall and the renovated Kirby and Selecman Halls. (LEED certification is the recognized standard for measuring building sustainability in terms of environmental responsibility.) We are pleased that one of the inaugural public events in our new Prothro Hall will be the Hispanic Summer Program. Scheduled for mid-June, the program will bring together an international group of students and scholars for theological study and discourse across their disciplines within a Hispanic context. Dr. James T. Laney, the former President of Emory University and former U.S. Ambassador to South Korea, once said that "every new building is a declaration." At Perkins, these new

and renewed buildings are our declaration that God is leading us into the new millennium with boldness and vision for leading the wider church toward its mission of making disciples of Jesus Christ for the transformation of the world.

Grace and Peace, William B. Lawrence,
Dean and Professor of American Church History

**PHILANDER SMITH COLLEGE**

Philander Smith College continues moving in a direction where social justice is a critical aspect of this experience. As the Social Principles of the United Methodist Church indicates, social justice has been a part of this denomination since the beginning. John Wesley, who personally took up the cause of ending slavery at the age of 70, believed that God's Kingdom was not a state, but a force of Christians doing the kind of ministry Jesus did on earth. As a college, we are engaged in embedding this sense of purpose and obligation among all members of this community so that we can be the kind of positive force in this community. We are developing a justice project advisory board of national figures to assist us with embedding this new emphasis into our curriculum and overall campus culture.

The new social justice brand of Philander Smith College has clearly resonated with students, both new and current. Our fall enrollment increased by 5%, and our spring enrollment, despite these tough economic times, increased 9% when many campuses are seeing decreases. For the fourth consecutive year, both the average ACT score and the average high school grade point average of our freshman class increased. When comparing our freshmen with all colleges and universities with a critical mass of Black students, we boast a class that is in the top four based on academic preparation.

While we have dramatically improved our academic standards, we have rejected the path that many in higher education have taken by admitting high income students with high scores and grades. Nationally, 35% of college students earn federal Pell grants, monies awarded to students from families that generally earn less than $35,000. Many of America's "top" colleges maintain Pell enrollments in the teens and lower. Over 82% of our students receive Pell grants, one of the highest percentages in the nation.

We therefore continue to seek your support for students who really need financial assistance, not simply students coming to make the college look better in rankings and reports. We continue to seek individuals, families, corporations, foundations and churches for our Renaissance 100 program, which provides full and partial scholarships for students for four years. We hope that you will join the growing number of people nationwide who are participating in this initiative.

Our nationally recognized lecture series, Bless the Mic, continues to grow. This spring we set a new record for attendance as over 1,400 packed Little Rock Central High School to hear gospel music icon Kirk Franklin. Franklin's speech was motivational, humorous, and inspirational. We were pleased to see so many young people, especially middle school and high school students, listen to a gospel artist give a speech. With this being an election year, we also hosted prominent political commentators James Carville and Roland Martin. Our lectures are free and open to the public, and we hope that you will visit.

The college continues to work closely with Wesley Chapel United Methodist Church. Record numbers of students are joining the church and are active in the congregation. Rev. Ronnie Miller-Yow, who also serves as the college chaplain, continues to involve the students in meaningful ways.

Several of the new initiatives from last year have continued to grow. We are in the second year of our First Thursdays chapel where local pastors deliver a sermon during the chapel hour. Our religious emphasis week was highlighted with visits by author and lecturer Marjorie L. Kimbrough, Dr. H. Beecher Hicks, senior pastor o f the 6,000-member Metropolitan Baptist Church in Washington, Elder Charles Harrison Mason Patterson of Pentecostal Temple Church of God in Christ in Memphis, TN, and Rev. Debra Matthews, admissions associate at Memphis Theological Seminary. The week was concluded with a living legends banquet that honored Rev. Chester Jones, Bishop Steven Arnold, Dr. Tommie Taylor, Bishop D. L. Lindsay, Dr. Jesse Hargrove, Marcel Jagne-Shaw, and Dr. Marion Woods. The speaker for the banquet was Rev. C. J. Duvall of Theressa Hoover UMC.

Philander Smith College continues to be one of the most progressive college campuses in the nation, and our development of the social justice emphasis will help us to produce men and women who will live out the principles of the United Methodist Church.

Walter M. Kimbrough, Ph.D., President

## SAINT PAUL SCHOOL OF THEOLOGY

www.spst.edu

Saint Paul School of Theology is a seminary of the United Methodist Church that educates leaders to make disciples for Jesus Christ, renew the Church, and transform the world. We are one institution with two campuses, as our campus at Oklahoma City University welcomed its first class in fall 2008.

This academic year, 267 students from 17 states and 5 continents were enrolled in degree programs at Saint Paul School of Theology. Twenty-two Master of Divinity students enrolled at the Saint Paul campus at Oklahoma City University. The Course of Study School at Saint Paul served 277 students from 23 annual conferences.

The seminary gathered in September to celebrate its 50th Opening Convocation in Kansas City. One week later Bishop Robert Hayes, President Tom McDaniel, and President Myron McCoy signed a unity document during the inaugural Opening Convocation ceremony for the Oklahoma City University campus of Saint Paul School of Theology at Oklahoma City University. Dr. Elaine Robinson was installed in April as Academic Dean for the SPST at OCU campus.

It was the fifth year for the Saint Paul youTheology program. Twenty high school youth from the Midwest were selected to form a group that explored their faith through worship, service, study, travel, and a mentoring relationship. The program culminated with a Pan Methodist Pilgrimage in historic East Coast locations fundamental to the roots of Methodism.

The Saint Paul Institute began a weekend program to enrich the learnings of laity in the area. Each Laity School of Theology Saturday Session was taught by Saint Paul faculty and presented in an accessible manner for persons with a variety of educational backgrounds. Topics included worship, Bible, ethics, church history, and theology. In fall 2009, the Laity School will begin to offer sessions in Oklahoma City.

Saint Paul announced two new Doctor of Ministry degree tracks in Children and Poverty (2010) and Global Health and Wholeness (2011). Both tracks relate directly to the United Methodist Council of Bishops initiatives (the "Four Foci") for the Church.

Dr. Israel Kumudzandu, Assistant Professor of New Testament Studies and Dr. Patricia Beattie Jung, Professor of Christian Ethics and the Oubri A. Poppele Professor of Health and Welfare Ministries, were new faculty hires, along with Dr. Elaine Robinson at our Oklahoma City University campus. She is the Academic Dean and Associate Professor of United Methodist Studies and Theology.

The seminary received $248,771 grant from the General Board of Higher Education and Ministry of the United Methodist Church for technology and focused recruitment activities targeting Native Americans, individuals of various ethnic groups and young adults.

The Kansas City campus will celebrate its **50th Anniversary** September 28-29, 2009. The festivities

will be a time to celebrate the seminary's tradition and history, reunite graduates and friends of the seminary, look toward the seminary's future, and share the seminary's story with the larger Kansas City Community.

Like all educational institutions Saint Paul finds itself navigating through the economic recession, making the necessary adjustments but continuing to plan for a strong future.

The trustees, faculty, staff, and students of Saint Paul thank you for your interest, prayers and support.

**SOUTHERN METHODIST UNIVERSITY**
**March 2009**

As SMU approaches the centennial of its founding in 1911 by the Methodist Episcopal Church, South, and its opening in 1915, the University continues to rise in national prominence. Some highlights of the past year follow:

- SMU's total fall 2008 enrollment was 10,965, including 6,240 undergraduates, 3,521 graduate students and 1,204 professional (theology and law) students. Minority students make up 20.6 percent of the student body. Applications for the first-year class have more than doubled in just eight years, and the average SAT score of the first-year class has risen 97 points in the past 10 years. International student enrollment is at an all-time high, with 958 students from 97 countries.
- In September 2008 SMU launched "SMU Unbridled: The Second Century Campaign," the largest fund-raising effort in SMU history, with a goal of $750 million. Additional goals are 25 percent alumni participation each year and 50 percent alumni participation during the campaign years. Gifts during the two-year quiet phase provided $317 million for uses including a newly endowed school (the Annette Caldwell Simmons School of Education and Human Development); an endowed academic department (the Roy M. Huffington Department of Earth Sciences); five new academic institutes, centers and initiatives (such as the Embrey Human Rights Education Pilot Program); nine endowed faculty positions; 175 endowed scholarships; and seven new or renovated facilities.
- At its quadrennial meeting in July, the South Central Jurisdiction elected a slate of academic, business, civic and church leaders to the SMU Board of Trustees. New church leaders elected to four-year terms are Bishop Earl Bledsoe, Dallas Area; and the Rev. Sheron Patterson, Highland Hills United Methodist Church, Dallas. Those re-elected to an additional term include the Rev. Kirbyjon Caldwell, Windsor Village United Methodist Church, Houston; the Rev. W. Mark Craig, Highland Park United Methodist Church, Dallas; Bishop Scott J. Jones, Kansas Area; and Bishop Ann B. Sherer, Nebraska Area.
- A national search is currently in progress for a successor to SMU Chaplain Will Finnin, who retired in December. The search committee, headed by SMU Vice President for Student Affairs Lori White, hopes to name a chaplain this spring.
- SMU broke ground in May for a new Caruth Hall for the School of Engineering; in October the school was named in honor of Dallas leader Bobby B. Lyle.

- A new low-cost Center for Family Counseling opened in October at SMU-in-Legacy, the University's campus in Plano, and in central Dallas.
- SMU-in-Taos broke ground in July for facilities and improvements that will allow fall semester classes to be added to the summer programs offered since 1973.
- In February 2008 the George W. Bush Foundation announced that SMU had been chosen as the site of the George W. Bush Presidential Center, which will be a rich source of research materials for scholars and others.

The two-week courses include interaction with local pastors, laypeople and theology students.

**News of the Wesley Foundation:**

- Under the leadership of the Rev. Andy Roberts, the SMU Wesley Foundation continues its active campus ministry. New programs include "The Well," a weekly worship service in Perkins Chapel featuring music, teaching, prayer and Holy Communion; and weekly sessions of fellowship, Bible study and prayer for first-year students. SMU Wesley sent a student team to New Orleans in May 2008 to assist with continued disaster relief.

SMU treasures its Methodist heritage and maintains a particularly close relationship with Highland Park United Methodist Church and its senior minister, the Rev. Mark Craig. I enjoy serving as guest preacher at that church each fall. We ask your continued prayers and support as SMU moves forward in the coming year.

## UNITED METHODIST FOUNDATION

The United Methodist Foundation of Arkansas has weathered the economic downturn thus far and continues to faithfully steward endowments for United Methodists in Arkansas. Its mission – to create and administer permanent charitable endowment funds that strengthen and expand United Methodist ministry in Arkansas – has been advanced this year with significant grants for United Methodist ministries, enhanced online communications and testimonial advertisements that explain the benefits of the Foundation to the local churches and to many United Methodists laypersons who desire to benefit future generations with their gifts.

Through the Foundation, lay persons and clergy make designated donations to endowment funds. Those funds are invested, with the interest and dividends going to programs like the UMFA Seminary Scholarship Fund which helps grow new pastors for our Conference and the Child Health Liaison Program that supports child care programs at local United Methodist Churches throughout the state.

I'm especially interested in the Seminary Scholarship Fund because, like many United Methodists, I was greatly influenced by pastors of the churches I've attended. I want the next generation to have the same opportunity to be led by committed, well-trained pastors who are fluent in United Methodist theology and polity.

When we reach a certain point in our lives, we all think about how our resources will be distributed and most of us want to do something that will survive us. We want to leave a legacy, something that will continue after we die. The United Methodist Foundation allows us to do that, and to keep funds

available in the future for expansion of existing ministries and funding for new ministries not yet identified. The Foundation has many endowments designed to support specific ministries at the local churches of the donors and these endowment funds make sure local churches have support for their ministries forever. In addition to these specified endowments the Foundation itself owns endowment funds which allow discretionary support on an annual basis for ministry needs outside the local churches, providing the flexibility to respond to both short term and longer term needs within the Connection.

We board members, both lay and clergy, are extremely proud of the recent advancements and improvements which have dramatically increased the Foundation's ability to serve our constituents more effectively and we have plans to further enhance our capabilities in the future. We are blessed with an extremely competent and committed staff and the support of a very caring and responsible board of directors.

As Wesleyan Christians our mission always involves helping those in need, and the world is indeed our parish. The funding opportunities are constantly expanding and though we will never be able to meet all the needs, we will be measured by the fervor and commitment with which we give chase.

Dewitt H. Smith, Chairman of the Board
United Methodist Foundation of Arkansas

# Section I: Historical

†††

**REMEMBERING THOSE WHO, IN THE PAST,**
**"TRANSFORMED ARKANSAS BY THE POWER OF THE HOLY SPIRIT."**

In our conference we have several different groups of persons who are responsible for and volunteer to help in preserving the precious memories of those who have gone on before us. These history gatherers are also history preservers of United Methodist news today so that there will be history of us in the future. These keepers of our history want church members who have **"Transformed Arkansas by the Power of the Holy Spirit"** to be remembered. Who are our keepers of history? How do they relate to each other? How can you get involved if you are interested in United Methodist history? How can you help preserve the past and news of today? Does your local church have a written history? The following sections in this report will seek to assist you in knowing these groups within our conference, how they relate to each other, how they can be of ministry to you and introduce you to some UM groups you might like to get involved in.

**The Commission on Archives and History**

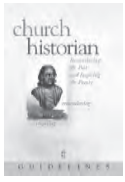

This group falls under the list of structured conference ministries. Every year it is required to report to the annual conference about its work. Among the members, each district has a representative. The commission meets once or twice a year. Bill Mann is the new chair.

One of the important works this commission has been involved in is collecting oral histories of dedicated laity and clergy who have given us leadership and inspiration. Missionaries are often recorded. In the past this recording was done with audio tape recorders and transcribed. Now we use our high technology and make interviews on DVD's.

In 2006 this Commission had **four workshops** across Arkansas, inviting all local church historians by mail to attend, in the Monticello, Hope, Ozark, and Newport UM Churches. The purpose was to help historians gain information on "Preserve the Precious Memories of Their Churches." Included in the workshops were presentations about keeping history, the development of local church archives, writing church histories, and preserving church documents such as paper and photographs. A good numbers of local church historians from across the state came to these training sessions. Workshops are being planned for 2010.

The Commission is purchasing four fireproof, waterproof, crushproof file cabinets for the Archives, to protect this valuable information.

The Commission has given each district superintendent a great video, "Memory and Ministry, Caring for Your Church's Heritage." This video has just about every thing a local church historian can do to preserve the congregation's history for the coming generations. These are available from your superintendents to be borrowed. The archives discussed below also has copies to loan.

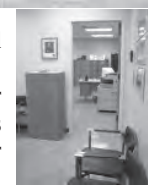

Available in November 2008 from Cokesbury will be a new booklet, **"Church Historian."** If you have been asked to be your local church historian it will answer some important questions: You have just found a box of old records, what do you keep? How do you store these materials? How do you preserve them? What good is all this? As part of celebrating your church's anniversary, you may want to write a history of your church. How do you start? Some of your church's leaders are aging. You want to record their memories. How do you prepare to interview them and what do you ask?

In the past the Commission has had interesting articles in the Conference Journals. Samples included information such as United Methodist historical sites in Arkansas, the United Methodist Museum of Arkansas in Batesville, missionaries from Arkansas, and the fiftieth anniversary of the ordination of women in the UM Church includes lists and dates of ordained women clergy in Arkansas.

One of the larger ministries of the Commission is keeping and preserving the history of Arkansas Methodism as it happens now and has happened in the past. There is a vast collection of this material and it keeps growing. To keep it safe and organized the Commission has created **The Arkansas Conference United Methodist Archives**. Overseeing this archives is probably the largest and most important of the Commission's responsibilities and ministries.

**The Arkansas Conference United Methodist Archives**

The Commission on Archives and History oversees the ministry of the conference's history gathering and storage. One of the ways this is done is through an archives. **What is an archives and why is it a ministry?** This ministry serves to help people find historical information about Methodism in the state. There is **no charge for this assistance**. The cost of this ministry is covered under the apportionments of our conference. Our archives is located at Hendrix College, Bailey Library in Conway on the second floor. Hendrix has made available two nice rooms that are both light and humidity controlled. We are very grateful for this space. There are two employed persons who are responsible for maintaining the archives, adding news about our churches and people and assisting persons with research. Mauzel Beal has been our archivist for 18 years and Marcia Crossman is in her seventh year as an archivist. In 2008 the two archivists **assisted over 150 persons** who visited, emailed, called or contacted the archives looking for history on churches, Methodist places and pastors and even some genealogy. Often the requests are simple. Others are projects with our churches that cover a few months time working back and forth with churches or individuals. The **archivists welcome your visit and want to do as much as possible to assist you.** They will try to answer your questions and can help you preserve your church's unique history. The archives is open between 9:00 a.m. and 4:30 p.m. every Thursday. Other open times can be arranged by appointment.

**The specific goals of the conference archives are:**

• to collect, preserve, maintain and make available histories, journals, and photographs, of all churches in Arkansas that are now the Arkansas Conference of the United Methodist Church.

• to receive and maintain biographical information of clergy, diaconal ministers, missionaries, clergy spouses and a limited number of laity whose contributions have been of historical significance in Arkansas Methodism.

• to preserve records of all closed and abandoned churches that are now the Arkansas Conference. It specifically has many histories of churches and pastors. It also has a collection of membership record books, property transactions and photographs.

• to update the data base of the Arkansas Methodist newspapers going back to around 1886. Hendrix College has microfilm of this newspaper to 2009. This data base is used to find information stored on the microfilm.

**THE IMPORTANCE OF COLLECTING THE RECORDS OF CLOSED OR ABANDONED CHURCHES:**

The Commission on Archives and History has placed a great emphasis on **collecting records of closed or abandoned churches**. Many of our church folks who were members of a closed church have, in a loving way, tried to protect the memory of that church by keeping the record books and even artifacts from the church building that remind them of the way it was. These books and objects are eventually found in attics, trunks, old cedar chests and even under beds. Sometimes pastors keep old church record books because they don't know what to do with them. Surely they do not want to discard them and just keep them up on the bookshelf.

**The Arkansas Conference Archives and the Arkansas Conference Museum is where these belong. Having this information is important to the Arkansas UMC of the future**. To make sure these valuable records are safely and permanently preserved, contact the Arkansas Conference Archives at (501) 450-1370. Email the archivists, Mauzel Beal or Marcia Crossman at arkmethodist@hendrix.edu for information on preservation.

**The United Methodist Historical Society of Arkansas**

With its beginning in 1987 the UM Historical Society of Arkansas is probably one of the best kept secrets in our conference. For only $5 one can join the society, and the benefits of **learning more about UM history** are growing. John Walker has been the president of the Society for the past several years and Kathy Cooper will be serving as its new president. This year there are 167 members in the Society. It is governed by an elected Board.

The Historical Society was created to work with the Joint Commission on Archives and History when there were two conferences in Arkansas (North Arkansas and Little Rock). Its purpose is to promote research, writing and **publication of a history in every local church**. It works to locate and encourage preservation of appropriate sites of historic interest within the State of Arkansas. It seeks to develop interest in UM history and teaches skills for pursuing history among local church historians. The society has publicized materials for observances of historical anniversaries and other events of church history. It also seeks to stimulate the spiritual life of our Church, and the reality of God in our daily lives.

The Historical Society publishes a newsletter two times a year, the "Occasional Papers". Different people have contributed informative articles for the past 20 years. Here are some examples of these interesting articles:

250th Anniversary of John Wesley's Conversion
Thomas Hively's Saddle
Arkansas Sesquicentennial 1836-1986
Work of the General Commission on Archives and History
The "Evil Effects" of Dancing (from the 1819 Methodist Magazine)

**The United Methodist Museum of Arkansas**

By 1990 interest had begun within the Historical Society to form a museum of Methodist artifacts. The Society began to accept dimensional artifacts of our history. The Museum opened in May of 1997 on the fourth floor of the Quapaw UM Church in Little Rock. By that time the museum housed around 150 artifacts. In 2005 the Museum was moved to the Asbury UM Church in Batesville. The museum has a website: arkummuseum.org. Groups are invited to visit the museum and it's free. Just this year a curator was secured to care for the collection, Rev. Doyle Berckefeldt. Rev. Berckefeldt welcomes your visit. Arrangements can be made to visit the museum by contacting the Curator at 870-698-2945 / dberckefeldt@att.net or LaDonna Busby, secretary at 870-793-5247 / northdistrict@yahoo.com. Take a look at the next page of the Journal to see some of the interesting artifacts that can be seen in the museum.

**Our State has a History Book**

**"Two Centuries of Methodism in Arkansas, 1800-2000"** our newest Arkansas United Methodist history book, written by Nancy Britton is the first-ever look at United Methodists developments in Arkansas since 1968. It includes the Uniting Conference that incorporated the former Southwest Conference and completed the merger with the Evangelical United Brethren Church creating the United Methodist Church. It was published by a committee of the joint Commissions on Archives and History, the Arkansas United Methodist Historical Society and the History 2000 Committee. These hard-bound books are filled with pictures and even mini-histories of churches all over the state. The history books are being sold now for only $10.00.

**The Philander Smith College Archives**

The Philander Smith College in Little Rock is a United Methodist supported college. The Donald W. Reynolds Library is located at the main entrance of the Philander Smith College campus. In the year 2000, Philander Smith College received a $7.8 million grant from the Donald W. Reynolds Foundation to build, furnish and equip a new two-story, 49,404 square feet, state-of-the-art library and technology center. The mission of the Philander Smith Archives Center is to collect and preserve current and historical materials about the College and the **history of African Americans in Arkansas** dating back to 1877. Some history on Methodists can be found there along with the W. D. Lester Collection. Gracie Carter is the Archivist at the library. The telephone number of the archives is 501-370-5263. It is open between 9 a.m. and 2 p.m., Monday through Thursday.

**The Conference Secretary and the Annual Conference Journal**

The Conference Secretary compiles the Conference Journal each year. Rev. Bob Crossman has been the Conference secretary for 17 years. The Conference Secretary keeps us informed of historical dates and data on clergy. Reports are compiled on all the structured groups and other UM agencies of the conference. Lists are printed or updated at least every four years of the annual conference sessions, dates, places, and presiding bishops; pastoral "Roll in Heaven" (1836-2008) which includes the names of deceased pastors, place of burial, birth and death dates; and the memoirs (obituaries) of deceased pastors. The Journal also includes statistical data on all local churches and sermons and addresses given at conference.

*"Under the providence of Almighty God, and in recognition of His Eternal Glory,*
*I, bishop of the Methodist Church, and several elders have, by the imposition of our hands,*

## INDEPENDENT AUDITORS' REPORT

Arkansas Conference Council on Finance and Administration
Arkansas Conference of the United Methodist Church
Little Rock, Arkansas

We have audited the accompanying statements of assets, liabilities, and net assets – modified cash basis of **Arkansas Conference of the United Methodist Church** (the Conference), as of December 31, 2008 and 2007, and the related statements of revenues, expenses and changes in net assets – modified cash basis for the years then ended. These financial statements are the responsibility of the Conference's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities, and net assets of the **Arkansas Conference of the United Methodist Church** as of December 31, 2008 and 2007, and its revenues, expenses and changes in net assets for the years then ended, on the basis of accounting described in Note 1.

# Arkansas Conference of the United Methodist Church

**NOTES TO FINANCIAL STATEMENTS**
**Years Ended December 31, 2008 and 2007**

***NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

**(a) Organization**
The Arkansas Conference of the United Methodist Church (the Conference) is a service organization for the United Methodist Churches throughout the State of Arkansas. The mission of the Conference is to make disciples for Jesus Christ by equipping local churches for missions and by providing a connection for ministry beyond the congregation, all to the glory of God. The Conference receives apportionments from churches located in the State of Arkansas and distributes the apportionments in accordance with the approved budget set by the Arkansas Annual Conference.

**(b) Basis of Accounting**
The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under that basis, the only assets recognized are cash and cash equivalents and local church apportionments in-transit, and the only liabilities that are recognized are apportioned and other funds payable and prepaid apportionments. The modified cash basis of accounting differs from generally accepted accounting principles primarily because purchases of property and equipment are expensed as they are paid for rather than recorded as an asset and depreciated over their estimated useful lives and long-term debt is not recorded. Non-cash transactions are not recorded in the financial statements, therefore non-cash donations are not recorded as revenue when received.

Local church apportionments in-transit represent amounts that churches are budgeted to pay and apportioned and other funds payable include amounts the Conference is budgeted to pay according to the budget approved by the churches at the Arkansas Annual Conference.

**(c) Cash and Cash Equivalents**
The Conference considers all deposits with financial institutions, as well as highly liquid investments with an original maturity of three months or less to be cash equivalents.

The Conference maintains cash deposits in financial institutions that may, at times, exceed the amount insured by the Federal Deposit Insurance Corporation (FDIC). In the event of a bank failure, the excess over the FDIC insurance limit may not be recoverable. At December 31, 2008, the Conference's total bank balance maintained at multiple financial institutions was approximately $1,692,000 of which approximately $1,308,000 was not insured or collateralized.

The Conference is party to a contract with the financial institution in which the Conference maintains its operating account whereby all funds on deposit at that financial institution are transferred on a daily basis into a sweep investment account. The balance in this account is included in the cash and cash equivalent balance in the statements of assets, liabilities, and net assets.

**(d) Cash Receipts**
The Conference's cash receipts are restricted to fulfilling the purpose for which the donor remitted the funds. The Conference's goal is to distribute the funds received for the ultimate benefit of the third party donee in a timely and efficient manner.

The Conference classifies funds based on their funding source. The financial statements contain two types of funds: apportioned and other. Apportioned funds are budgeted by and allocated to the individual churches by the Arkansas Annual Conference. Other funds are obtained through the collection efforts of the committees established to oversee the individual funds. The Conference maintains and disburses these funds as requested by the committees.

**(e) Income Taxes**
The Conference is a non-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Conference has elected to defer the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48, *Accounting for Income Taxes*, under the provisions of FASB Staff Position FIN 48-3. The Conference uses a Statement of Financial Accounting Standard No. 5, *Loss Contingencies*, approach for evaluating uncertain tax positions. The Conference continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

**(f) Functional Expenses**
The Conference considers all disbursements to be related to its programs and therefore does not allocate disbursements between program, general and administrative, and fundraising for financial statement presentation.

***NOTE 2: HEALTH INSURANCE TRUST***

The Conference is the Plan Administrator of the Arkansas United Methodist Conferences Employee Benefit Plan (the Plan) which covers eligible employees of the Conference and churches located within the State of Arkansas. The funds included in the Plan are restricted for the payment of health insurance claims for participants. During the years ended December 31, 2008 and 2007, activity in the Plan included approximately $8,588,000 and $7,101,000 in receipts and $8,306,000 and $7,203,000 in disbursements, respectively, which are not included in these financial statements.

***NOTE 3: DEFINED CONTRIBUTION PENSION PLANS***

Eligible Conference and participating church employees are covered under one of two defined contribution pension plans as follows:

a. **Ministerial employees** – Eligible ministerial employees are covered under a defined contribution pension whereby the participant contributes 3% of compensation and the church or Conference contributes 10% to 12% of the participant's annual contribution base (compensation) based on the Conference average compensation as calculated by the General Board of Pensions.

b. **Lay personnel** – Eligible lay employees are covered under a defined contribution pension plan whereby the participant contributes at least 3% and the Conference contributes 12% of the participant's annual contribution base (compensation).

Both plans are multi-employer plans by which all contributed assets of participating employers and employees are commingled and are not segregated by employer.

Total pension costs for the years ended December 31, 2008 and 2007, for the Conference staff was approximately $76,000 and $73,000, respectively.

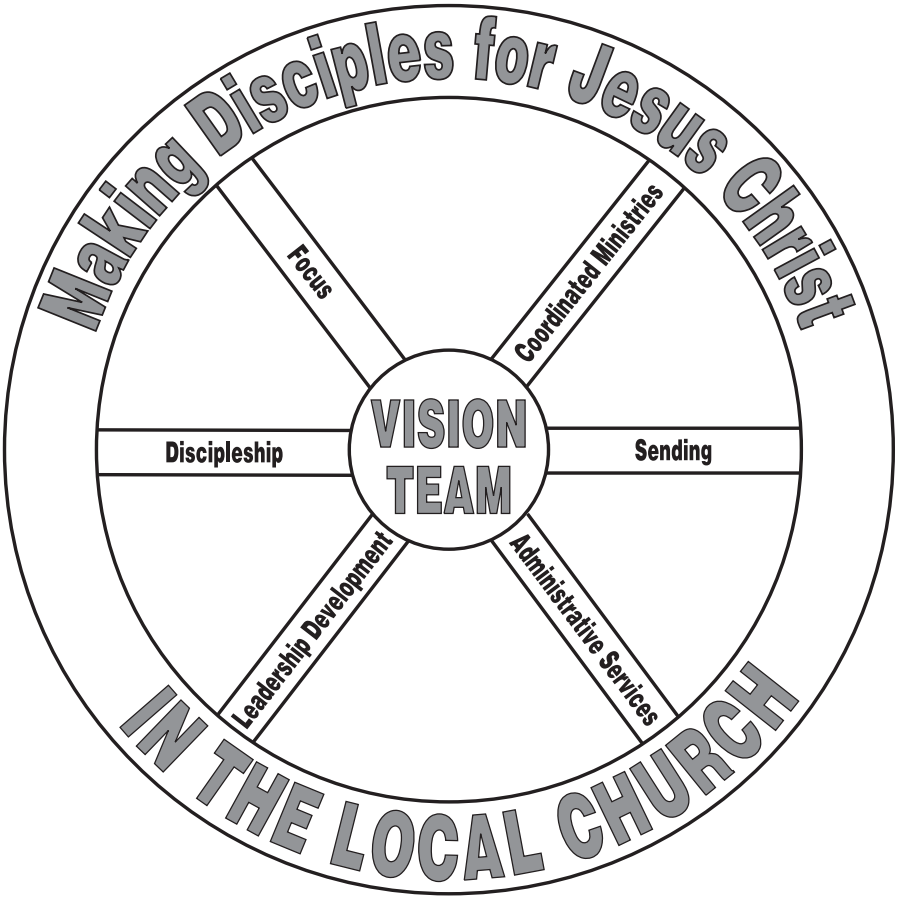

***NOTE 4: OPERATING LEASE***

The Conference leases office space from a related party under a noncancelable operating lease agreement. Approximate required minimum lease payments are as follows:

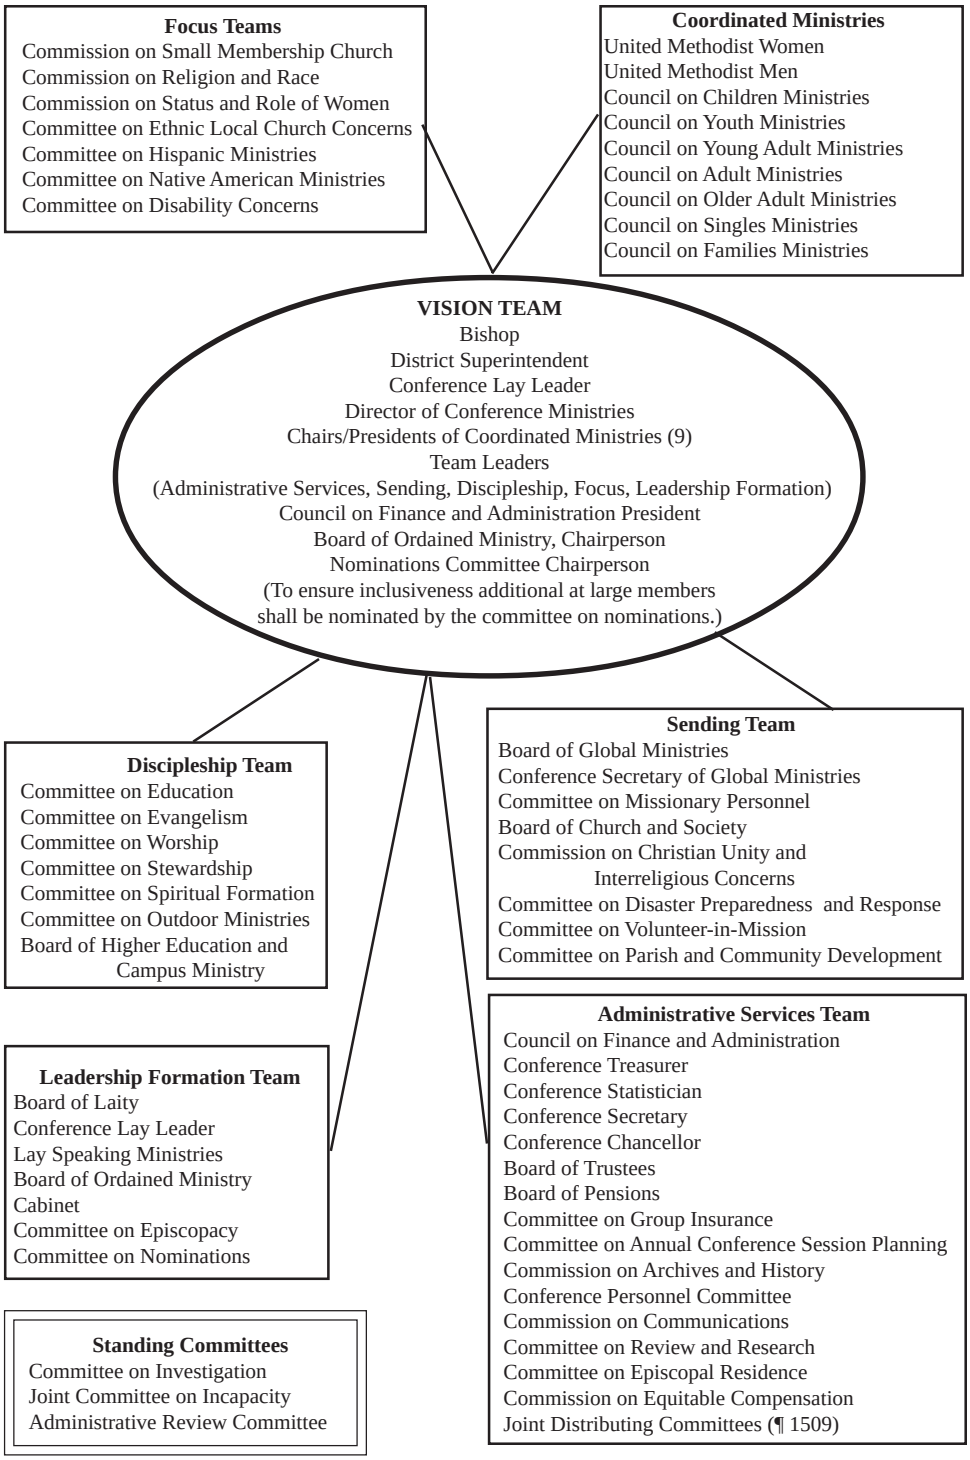

| | |
|---|---|
| 2009 | $ 69,800 |
| 2010 | 69,800 |
| 2011 | 69,800 |
| 2012 | 69,800 |
| 2013 | 58,200 |
| | $ 337,400 |

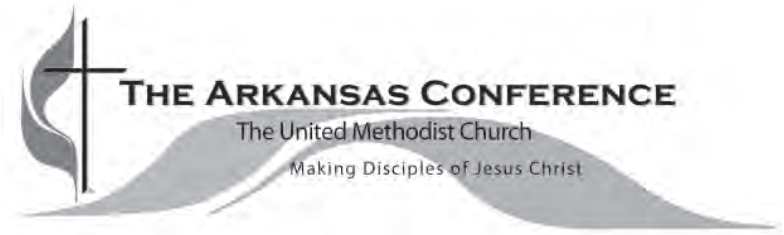

Total rent expense was approximately $70,000 for the years ended December 31, 2008 and 2007.

It is further recommended that the membership of such agencies, except for the Board of Ordained Ministry, include one-third clergy, one-third laywomen, and one-third laymen, who are professing members of local churches." (¶610.5) Attention shall also be given to geographical representation.

Because districts have a unique knowledge of clergy and local church lay leadership, the district representatives to this committee shall meet with their district superintendent early in the annual nomination process to develop a pool of district personnel who might serve in the various openings on conference committees and boards.

Task forces may be appointed, as needed, by the chairperson of the committee using the Conference Nominating Committee Nominee Pool as a resource. Utilizing this information, the committee will implement single adult ministries at the conference, district, charge, and local church level. This process would also include expanding single adult ministries already in place in a church into the district level. # POLICY STATEMENTS

†††

## PARSONAGE STANDARDS

***{Presented by the Conference Trustees, and adopted by the Annual Conference on June 10, 2004}***

Philosophy For Parsonage Standards: The Conference affirms the policy of church-owned parsonages as the way to serve the churches in our Conference as it greatly facilitates the itinerant system of clergy appointment. Any exceptions to this policy must have the approval of the bishop and cabinet. Therefore, it is important that local church parsonages across the Conference meet certain standards so that differences in quality, size, and equipment are kept to a minimum.

The Discipline is clear concerning the Annual Conference's role in setting parsonage standards and how the parsonage is to be understood by the local church and the clergy and his/her family. The 2004 Book of Discipline states that the Church Council shall "Review the recommendation of the committee on pastor parish relations regarding provision of adequate housing for the pastor(s); and report the same to the charge conference for approval. Housing provisions shall comply with Annual Conference housing policy and parsonage standards. Housing shall not be considered as part of compensation or remuneration." ¶252.4e

The 2004 Book of Discipline also states that, "The chairperson of the board of trustees or the chairperson of the parsonage committee, if one exists, the chairperson of the committee on pastor-parish relations, and the pastor shall make an annual review of the church-owned parsonage to ensure proper maintenance." ¶ 2532.4

The parsonage is to be mutually respected by the pastor's family as the property of the church and by the church as a place of privacy for the pastor's family.

These Guidelines are for use in maintaining, remodeling, building, or buying a parsonage.

**Guidelines:**

1. Bedrooms: There should be at least three bedrooms of standard size with ample closet space in each. It is recommended that one room on the main floor be adaptable to use as a bedroom.
2. Bathrooms: A parsonage should have at least two bathrooms. One could be with shower only, and the one on the main floor should be a combination tub and shower
3. Kitchen: The minimum kitchen should include: adequate built in cabinets, sink, stove, automatic refrigerator with frozen storage, garbage disposal (where sewer lines or septic tanks do not make this impossible), dishwasher, good light, and adequate electrical outlets. A breakfast area is desirable. Other appliances shall include a washing machine and clothes dryer (not necessarily in the kitchen area itself). An adequate supply of hot water shall be provided.
4. Living/Dining Areas: Adequate living area for family life and entertaining guests must be provided. Depending upon the needs of the setting this could be a combination of the following rooms/areas: living room, family room, dining room, or a great room.
5. Study: It is preferable for the pastor's office to be in the church buildings. However, the parsonage may be equipped with space for a study. Every parsonage should have adequate bookshelves.
6. Closets: Adequate closet and storage space shall be provided throughout the house.
7. Garage: Two-car garage or carport with a storage room for tools and yard equipment shall be provided.
8. Energy Efficiency: It is recommended that conservation of energy be considered when purchasing appliances, when remodeling, and when purchasing a new parsonage.
9. Heating/Cooling: A central heating/cooling system with the capacity to properly heat/cool the entire habitable part of the house and the proper thermostatic controls should be provided. The pastor shall be responsible for changing furnace filters to insure the safe and efficient operation of the system. The church shall

provide all other maintenance of the heating and cooling system.

10. Window Coverings: Appropriate and tasteful curtains, drapes, shades, or other window coverings shall be provided for all rooms of the parsonage. Safe storage of unused window coverings shall be provided by the pastor.

11. Utilities: All utilities shall be provided in the name of the church.

a. Telephone: At least two phone outlets shall be provided.

b. Heating/Cooling: Adequate heating/cooling systems shall be provided. The heating/cooling system shall be maintained by the church and shall be inspected annually with regard to soundness of heat/cooling exchanger, flue pipes, and chimney condition. If a wood stove and/or fireplace is in use, it too should be checked yearly. An instruction sheet should be posted near the furnace, or in a convenient place, to instruct on the maintenance and care of the furnace. The name of a reputable furnace company to be used should be specified. Suggestion should be made as to maximum /minimum temperatures and to the desirability of closing off unneeded rooms during the heating/cooling season. The pastor is responsible for the furnace filters to be changed at least three times yearly.

12. Insurance: The church is responsible for payment of insurance for the property. It should include homeowner coverage and shall cover at least eighty per cent of the replacement cost of the parsonage and related structures and church-owned furnishings. It is recommended that the pastor obtain additional coverage to insure the pastor's family furnishings and belongings.

13. Parsonage Furnishings and Equipment: The responsibility of the local church to provide 'adequate housing' shall be interpreted by the Arkansas Annual Conference to include furnishings and other equipment. However, it is suggested that one bedroom be left unfurnished in all parsonages. The required Items shall include an automatic washer, dryer, refrigerator, cooking stove, dishwasher, **garbage** disposal (unless septic tanks/inadequate sewer line make this impossible), and lawn mower. As applicable, the local church shall furnish a breakfast table, formal living room furniture, den/family room furniture, bedroom furniture (except as noted above), adequate lamps and lighting, and floor coverings. It is expected that the minister shall provide nonessential Items such as a microwave oven, pictures, and accessories. It is permissible, and even encouraged, for the pastor and family to provide personal furnishings, as this is their home. The Pastor shall work with the Parsonage Committee and/or Trustees to provide for safe storage of unused local church-owned furniture.

14. **Parsonage Maintenance: Local Church Responsibility**

(a) The local church board of trustees or elected parsonage committee shall properly maintain an adequate and comfortable home in good condition for the pastor and his/her family. At the convenience of the parsonage family, the chairperson of the Trustees, the chairperson of the Pastor Parish Relations Committee, and the pastor shall inspect the home to see what needs to be done, If anything, to meet these standards and to take necessary steps to accomplish these improvements. It is recommended that the maintenance of the parsonage should include provision for pest/termite control.

(b) The chairperson of the Trustees, the chairperson of the Pastor Parish Relations Committee, and the pastor shall inspect, at least annually, the parsonage and grounds to be familiar with said properties. They shall keep a record of their inspection so that they can take initiative In improving the parsonage and grounds. Each year every local church budget shall include money for maintenance, redecoration, and landscaping of the parsonage.

(c) All instruction books and warranties should be kept and the location of the books made known to an incoming pastor. The location of all cutoff valves, meters, water and sewer lines and similar items should be kept on file and should also be made known to an incoming minister. The local church shall inform the pastor of who has keys to the parsonage. These keys are for emergency use only by anyone other than the pastor and his/her family. (See Philosophy for Parsonage Standards, last sentence, p.1, above.)

15. **Parsonage Maintenance: Pastor's Responsibilities**

The pastor should care for the parsonage as a good steward of the property, avoiding undue wear and tear. Pets sometimes present special problems. It is the responsibility of the clergy who has pets to inform the appropriate local church officers when moving into the parsonage. Pastors with pets should exercise care so that the parsonage is not abused, including professional pest control for parasites from pets. The pastor

is responsible for any damage caused by pets, personal guests, or family members. The pastor's family is responsible for cleaning the parsonage when they move out, including residual tobacco smoke and any odors from pets.

16. Parsonage Grounds: The grounds around the house shall be well drained. The grounds shall be cared for by the parsonage family. If the lawn is unusually large, contains many shrubs, or requires a great deal of time to maintain in keeping with the surrounding neighborhood, the church should consider assisting the pastor with additional help or service. Landscaping and exterior care of the parsonage shall be the responsibility of the local church and shall be such as to be a credit to the church in the community.
17. Mutual Responsibility Covenant: It is recommended that the Trustees and/or the Pastor Parish Relations Committee create a written covenant with the pastor, spelling out each party's responsibilities. The Covenant should be reviewed and updated annually. The covenant should include provisions for restoration to original from any personalized decorating on the part of the pastoral family. Redecorating should be done regularly with full consultation with the pastor.
18. Energy Conservation: It is recommended that all parsonages have an energy audit as soon as possible to determine what might be done to make them more energy efficient... weather seals, storm windows and doors, insulation, etc. Many areas have utility companies that will do this for free or for a small fee.
19. Barrier Free Concerns: It is recommended that all parsonages built, or remodeled in the future consider needs of the physically challenged such as tub bath, at least one bedroom, and preferably laundry be on the main floor, and a limited number of, if any, entry steps.
20. Safety: The parsonage shall contain certain safeguards for the parsonage family's safety. At least two fire extinguishers, one in the house (kitchen?) and one in the garage or utility area, shall be kept in working condition and shall be checked at the annual inspections. Smoke detectors and carbon monoxide detectors shall be provided, at least one for each floor including the basement.

**Implementation of these Parsonage Standards:**

21. Time: These parsonage standards, to go into effect immediately, are adopted for the pastor, local church board of Trustees, Pastor Parish Relations Committee, and/or Parsonage Committee.
22. All Substandard Parsonages shall be considered for renovation to conform as nearly as possible to the above standards as soon as possible, but no later that January 1, 2006. District Superintendents shall keep a record of parsonages that are not meeting these guidelines and report annually to the cabinet.
23. A local church may appoint a **Parsonage Committee** to work with the Board of Trustees and Pastor Parish Relations Committee In the implementation these standards and ongoing oversight and maintenance of the parsonage. The Parsonage Committee membership shall include the Chairperson of the Trustees, the Chairperson of the Pastor Parish Relations Committee, a minimum of three at large members elected to three year terms in classes (with the initial election to be for terms of 1 year, 2 years, and 3 years to establish the classes), and the minister or minister's spouse. The at large members may not succeed themselves and at least two of the elected members of the committee shall be women.
24. When there is a Pastoral Change, the house shall be inspected by the Chairpersons of the Trustees and the Pastor Parish Relations Committee, one other member of the Parsonage Committee, if formed, and the Pastor before the Pastor leaves for his/her new situation, to make a list of needed repairs. These repairs shall be accomplished prior to the arrival of the succeeding pastor. When moving day arrives, a final "walk through" conducted by the pastor with the above persons shall occur for a final assessment. Before a move, the departing pastor shall invite the incoming pastor to see the parsonage. Any redecorating should include consultation with the incoming pastoral family.
25. **Housing Allowance/Parsonage:** The Annual Conference has confirmed the Parsonage System as the most efficient and effective way of serving the local churches in our Arkansas Conference. In certain special and limited situations a housing allowance or use of rental property is permissible. A decision to exercise this option shall be made with the approval of the Pastor-Parish Relations Committee, the District Superintendent, the Trustees, and the Pastor. The resulting decision shall then be recommended to the Charge Conference for approval. The decision must also have the approval of the Bishop and cabinet. In order to maintain an open itinerancy system, churches which do not own a parsonage should make provision for a rental deposit/purchase down payment and initial furnishing purchases for any person moved into the appointment.

26. Publicity of Guidelines: Upon adoption, these parsonage standards shall be distributed to all pastors, Chairpersons of local church Board of Trustees, and, chairpersons of Pastor Parish Relations Committees. The then current parsonage standards will be printed in the Conference Journal once each quadriennium. These standards shall be given to all new pastors and families coming into the conference by the Board of Ordained Ministry.
27. Compliance: The District Superintendent shall ask questions concerning the parsonage and its compliance with the parsonage standards annually at the Charge Conference. If a dispute arises in a local church or between a local church and the pastor, the District Superintendent should be contacted to mediate the issue.
28. Church/Pastor Parsonage Covenant recommend: The Administrative Board of the Church has the responsibility to provide adequate housing for the Pastor (Discipline ¶251.4e). The Parsonage is to be mutually respected by the Pastor as the property of the Church and by the Church as a place of privacy for the Pastor's family. To facilitate this mutual responsibility we recommend that the Church and the Pastor enter into the following covenant. Both Parties should feel free to perfect this Covenant to meet any other desired or special circumstances. It is important that both parties feel satisfied with and responsible for the Covenant.

**A SUGGESTED CHURCH/PASTOR PARSONAGE COVENANT**

**Church Responsibilities:**

While other church officers and bodies have a role in the provision, inspection, and maintenance of the parsonage the local church Board of Trustees shall have the responsibility to insure the parsonage meets or exceeds the standards set by the Annual Conference and the local church. The Church Trustees will maintain the physical structure and keep it in good repair. This includes all exterior treatments such as paint, shingles, and siding; the basic interior structure of the home including carpet and other floor coverings, interior decorating, and drapes or curtains. The Trustees assume the responsibility for all equipment such as furnace, water heater, light fixtures, stove, refrigerator, washer, dryer, and lawn mower. The Trustees assume the responsibility for all furnishings provided by the church including maintenance and timely replacement.

**Clergy Responsibilities**:

The pastor will properly care for the property, keeping it clean and attractive both inside and out. The Pastor will be responsible for light bulbs, furnace filters, lawn mowing and snow removal; for effecting minor repairs such as, but not limited to, tacking or nailing of molding or door tops that may loosen up, and repairing or replacing items damaged by pets, personal guests, or the pastor and his/her family. *[This would be signed by the Chairperson of the Board of Trustees, the Pastor, and other appropriate local church officers.]*

Respectfully submitted, Regina Haralson, Secretary
and Ronald B. Clark, President

## POLICY STATEMENT ON MISCONDUCT OF A SEXUAL NATURE

*{Adopted by the Annual Conference on June 10, 2004, and revised June 14, 2005}*

**I. Statement of Policy**

The _____United Methodist church affirms the 2008 Book of Resolutions #2044, Sexual Abuse Within the Ministerial Relationship and Sexual Harassment Within the Church, which states that sexual abuse within the ministerial relationship and sexual harassment within the church as incompatible with biblical teachings of hospitality, justice and healing. In accordance with the 2008 Book of Discipline (¶ 161.E) all human beings, both male and female, are created in the image of God, and thus have been made equal in Christ. As the promise of Galatians 3:26-29 states, all are one in Christ, we support equity among all persons without regard to ethnicity, situation, or gender.

Sexual abuse within the ministerial relationship occurs when a person within a ministerial role of leadership (pastor, educator, counselor, youth leader or other position of leadership) engages in sexual contact or sexualized behavior with a congregant, client, employee, student, staff member, co-worker, volunteer, person being counseled or any other person to whom the minister relates in his/her capacity as a minister.

Sexual harassment is any unwanted sexual advance or demand, either verbal or physical, that is reasonably

perceived by the recipient as demeaning, intimidating, or coercive.

Sexual abuse within the ministerial relationship involves a betrayal of sacred trust, a violation of the ministerial role and exploitation of those who are vulnerable. Similarly, sexual harassment must be understood as an exploitation of a power relationship rather than as an exclusively sexual issue.

Misconduct of a sexual nature within the life of the church interferes with its moral mission. The _____ United Methodist Church stands in opposition to the sin of misconduct of a sexual nature in the Church and society at large and commits itself to fair and expedient investigation of any charge of sexual misconduct within the church and to take action deemed appropriate and in compliance with the Book of Discipline. Further, the United Methodist Church bears affirmative responsibility to create an environment of hospitality for all persons, male or female, which is free of misconduct of a sexual nature and encourages respect, equality and kinship in Christ.

**II. Procedures**

A. If you experience what you consider to be inappropriate behavior, keep a written record of your experiences including dates, times, places, and witnesses. Keep any written material you may have received from the person.

You may wish to confront the person with the inappropriate behavior and demand that it cease.

If you choose not to confront the person alone, you may choose to ask someone to accompany you to confront the person and seek reconciliation.

If you choose not to confront the person, or if the behavior continues, report the incident to the chair of the person's appropriate evaluating committee (e.g., a pastor or church staff member would be reported to the chair of the staff/parish relations committee; a district superintendent to the chair of the committee on superintendency; a bishop to the chair of the committee on episcopacy).

If the conflict is not resolved to your satisfaction, the committee chair shall convene the entire committee to meet with the accused, the person bringing the accusations, and each supporting person.

If the situation is not resolved to your satisfaction following these efforts, then follow the Discipline's procedures for grievances, complaints, and charges.

B. If you are confronted by someone who has experienced or observed inappropriate behavior on your part, listen to the accusation and agree to change the behavior or otherwise resolve the situation and reconcile the relationship.

If you are unable to resolve the situation with your accuser, contact the chair of your appropriate evaluating committee. Ask to meet with your accuser and committee chair to resolve the conflict. The accused and the person bringing the accusation each has the right to bring a supportive person to this meeting.

If the conflict remains unresolved, the committee chair shall convene the entire committee to meet with the accused, the person bringing the accusations, and each supporting person.

C. If you receive a report of inappropriate behavior, listen seriously and objectively. Help the person follow the steps outlined above.

If you are a clergy/church professional in a paid supervisory position in the local church or a conference agency, and an employee is being harassed, you should immediately take corrective or preventative action.

According to Arkansas law, any person receiving a report from a child under age 18, indicating sexual abuse of that child, is required to report the abuse to the proper authorities.

## VACATION POLICY FOR APPOINTED PERSONNEL

*{Presented by the Conference Board of Ordained Ministry and adopted by the Annual Conference on June 12, 2006}*

It is The United Methodist Church's view that good vacation time benefits ministry. Since pastors are on call 24 hours a day, seven days a week, time away (when the parish is "vacated") can bring renewal and refreshment for the tasks at hand and help prevent burn-out, we recommend the following minimum vacation standards:

1) Each clergy person under appointment by the Bishop of the Arkansas Conference shall be entitled to receive the following minimum vacation time during the course of the Annual Conference year (June 1-May31).
   a) Those having served full time in The United Methodist Church from the time first appointed to five years: two weeks vacation (2 Sundays).
   b) Those having served full time in The United Methodist Church from six years to ten years: three weeks vacation (3 Sundays).
   c) Those having served full time in the United Methodist Church for eleven or more years: four weeks vacation (4 Sundays).
2) Vacation time shall be based on the number of years of service under full-time appointment in the ministry of The United Methodist Church (including previous service in diaconal ministry) and not on the number of years of service in a given appointment.
3) Time away from the appointment for participating in continuing education events and experiences shall not be counted as vacation time (see ¶351.2), nor time away from the appointment to attend Annual Conference or other conference, district, or general church events which the appointee is expected to attend shall be counted as vacation time.
4) Full time clergy are to receive a minimum of two weeks for continuing education. All part time clergy are to receive a minimum of one week for continuing education (This continuing education policy does not apply to pastors who have not completed Course of Study.)
5) The Committee on Pastor/Staff-Parish Relations should also arrange for the clergy person to have one day off each week and to be away from the appointment occasionally for a day or two.
6) In those charges where local pastors have not completed the Course of Study and where clergy are appointed to less than full time service, including student pastors and part time local pastors, the minimum vacation time shall be two weeks.
7) Clergy should refrain from taking vacation during the first month of a new appointment. It is also recommended that the first-year vacation be distributed across the year, not taken all at once.
8) The clergy person shall consult with the Pastor/Staff Parish Relations Committee in obtaining vacation supply coverage.
9) The charge shall make available as necessary the funds for pulpit supply while the pastor is on vacation.

## STANDARDS FOR CAMPING AND RETREAT CENTERS

*{The following motion was passed at the 2009 session of the Arkansas Annual Conference}*

**We recommend that the Arkansas Annual Conference rescind the "Standards for Camping and Retreat Centers" adopted in June 2006 and all previous recommendations of camping standards presented to the conference by this committee.**

**We further recommend that all camps and retreat centers within the Arkansas Annual Conference move toward accreditation through the American Camp Association.**

Northwest District Superintendent Mackey Yokem helps his wife, Cindy, set up a booth of fair trade goods before Annual Conference. Daniel Trowbridge, a conference visitor from Costa Rica, stands in the background. The goods — including creches from around the world — came from the Mount Sequoyah Gift Center where Cindy Yokem works. Sales benefit craftsmen and women in the developing world.

Don Weeks, Daniel Trowbridge and Rod Hocott help bring in supplies for Annual Conference. Arkansas Conference staff and volunteers spent the better part of two days getting Hammons Convention Center ready for the United Methodist gathering.
