B. Boards, Councils & Commissions

TABLE OF CONTENTS IS FOUND ON PAGES 4 AND 5.

All ex-officio members shall have voice and vote, unless expressly denied in the text below.

Members of the Arkansas Annual Conference:

The Arkansas Conference Committee on Nominations is pleased to present to the Annual Conference the Nominations Report for 2013. With all the changes in the structure and downsizing of districts, the committee has had an extremely difficult task to accomplish. We have met as a committee several times, not to mention having at least 3 telephone conferences. The committee worked many hours to make sure we were nominating the best possible persons for the various boards, commissions and committees of the Annual Conference. We have tried to ensure that a broad representation of the Arkansas Conference will be serving in the coming year. On behalf of the committee, I want to express appreciation to all of those who have accepted nominations and are willing to take on leadership roles in the Annual Conference. Special thanks to Reverend Phil Hathcock, Director of Connectional Ministries for all his help and advice in completing this job. We also would like to thank Bishop Gary Mueller for meeting with us and playing a part in the committee's work.

The four breakout choices below come from the "Call to Action" study of 16 Ministries/ Strategies that were common among churches noted as having indicators of vitality. Of the five thousand churches across the US that were growing, 4 primary areas of effectiveness were held in common:

- ***Breakout choice 1: Small Groups –*** *Engagement of Christ followers in small groups for effective disciple making produce vital congregations. Resource Leader: Dr. Craig Finnested, Sr. Pastor of Watersedge UMC, Omaha, NE. The Discipleship Factor, the Water's Edge UMC, took church from multi-site to single site in 2012. Now averages 600+ in worship with 400 of the congregation active in small groups. The Water's Edge is passionate about connecting people through their small groups. watersedgeomaha.com*
- ***Breakout choice 2: Lay Leadership -*** *A high percentage of congregation members who serve as lay leaders who are effective, demonstrate personal faith, and rotate leadership produce vital congregations. Resource Leader:Rev. Kay Kotan, St. Louis, MO.*
- ***Breakout choice 3: Leadership Development -*** *Lead pastors who focus on developing, coaching and mentoring lay leaders are influential goal setters that inspire congregations through preaching and have longer tenure produce vital congregations. Resource Leader: Rev. David Hyatt, Leadership 4 Transformation,*

St. Louis, MO.

- ***Breakout choice 4: Worship -*** *How worship that is contextual, mixed, and relevant produce vital congregations. Resource leaders from Arkansas will speak to the importance of worship that is mixed (alternative worship experiences), contextual for the size of the congregation and its mission field, and the importance of worship being relevant to shaping and forming the spiritual life of the worshipper.*

COUNCIL ON FINANCE AND ADMINISTRATION:
Jim Polk perfected the report (see REPORTS). The direct billing of pensions will move to 50% in 2014, thereby reducing the Pension & Benefits apportionment line. Polk moved adoption of the report. The full CFA budget report was APPROVED.

Polk proceeded to the administrative portion of the CF&A report. There was one correction. This portion of the report was approved.

The Apportionment Formula Task Force report was presented. After extensive research and analysis, the consensus was that there is no easy way to transition from the present expense based formula, and the impact on churches could not be adequately predicted. Further discussion on the possibility of moving to an income based formula will continue. For the present no changes will be made in the formula.

A supplement to the report proposed The Extra Mile Club, which would encourage congregations to give at least 101% of their Apportionments, with the extra mile giving applied toward apportionments of struggling churches as an act of love and solidarity in ministry.

Polk moved the adoption of these additional parts of the report.

MOTION: Maxine Allen moved :
"In the CF&A report on page 26 [of the Pre-Conference Journal], line 15/16, remove the wording that includes a plaque for the gift of the apportionment."
The motion PASSED
The Conference ADOPTED the report as amended.

ANNOUNCEMENT OF ANNUAL CONFERENCE, LOCATIONS AND DATES:

The 2014 session will be at Rogers, Friday to Sunday afternoon June 20 - 22, 2014

The 2015 session will be at Hot Springs, Friday to Sunday afternoon, June 12-14, 2015

The Conference Session Planning Committee is looking for additional convention center sites across Arkansas to host our future annual conference sessions.

{The Conference Session Planning Committee sets the location; the Bishop sets the date.}

NOTE: *The rationale of the Conference Session Planning Committee for the move to Friday - Sunday Conference sessions beginning in 2014: to hopefully increase the attendance of laity and part-time local pastors who would typically only have to take one day off of work instead of three; and hopefully this would allow younger lay members to be elected by local churches.*

ANNOUNCEMENT OF MOVING DAY:
Moving day shall be Tuesday, June 26, 2013. (Date set by the cabinet.) Clergy who are to move following appointment changes at the Annual Conference shall receive the June compensation from the

charge they are leaving; thus the conference appointive year and pay period shall be July 1 through June 30.

THE FIRST SUNDAY TO PREACH IN NEW APPOINTMENT:

Bishop & Lay Address

Bishop Gary Mueller and Lay Leader Karon Mann jointly addressed Conference as part of the Monday morning worship.

We must move from imagining ministry to doing ministry to being the church God wants us to be. We will do it by discerning, discipling, daring and dogged determination.

They shared what they believe are the next steps of Imagine Ministry.

We want every church to look like its neighborhood, not just minister to it.

We can't back away from making mission-field appointments. This may be the hardest part of our new process.

We must get serious about vital, self-sustaining, and growing African-American congregations.

We expect every new clergy to exhibit quality preaching, spritual formation, mission-field engagement, and evangelism.

Every church should add at least one adult profession of faith and increase a minimum of one person in attendance, one small group, and one new mission per year.

We will also try to connect with people who consider themselves spiritual but who have no religious affiliation.

It's time for us to experience spiritual revival. We can only share what we have experienced.

Confessing Movement of Arkansas presented its **Defender fo the Faith Award** to Karen Millar of Searcy.

Denman Evangelism Awards: Youth--Brook Hobbs, Lay--Jennifer White, clergy--James Wesley Hilliard.

Much of the afternoon was spent in **Imagine Ministry** break-out sessions discussing the Core Measures and how the local churches are being revitalized though Imagine Ministry. Reports from each small group of 10 persons will be reviewed by the IM team.

2013 is the 125th year of the **Deaconess**.

Twenty-eight ministers retire

Just before noon Monday, a Service of Worship Recognizing the 2013 Clergy Retirees was held.

Fourteen of the retirees are Full-Member Elders (FE), two are Associate Members (AM), one is a Full-Member Deacon (FD), and 11 are Local Pastors (LP).

Those who are ordained, Elders and Deacons, must receive approval of the Clergy Session to enter retired status. All received overwhelming approval and they, along with the retiring Local Pastors, were honored by the Clergy Session for their service.

Each retiree received a certificate of retirement from the bishop's office, a plaque of recognition and appreciation from the Board of Ordained Ministry, a United Methodist Clergy pin, and the appreciation of the Bishop.

NEWS BRIEFS

All proposed Constitutional ammendments passed.

Rev. Tony Griffin transferred to the Arkansas Conference from the Church of the Nazarene.

Rev. Phil Hathcock received the Jim Beal Barnabas Award from the Board of Ordained Ministry.

Arrearage

The Discipline requires that each Annual Conference adopt a policy for handling instances in which a church doesn't pay the pastor's compensation in full. The Discipline requires that pastor's compensation (including direct-billed pension, health insurance, and housing allowance in lieu of a parsonage) as set by Charge Conference be paid in full.

Pension benefits

General Conference no longer requires that part-time pastors be covered by the Conference pension plan. Less than full-time clergy can no longer participate in the UM Clergy Retirement Security Program.

Conference recommends churches with part-time clergy continue to provide them with a pension by contributing to the UM Personal Pension Plan.

Beginning January 2014, if full-time clergy do not contribute at least 1% of their compensation, their UM pension will be reduced. This is a change mandated by General Conference. Currently, 3% of compensation is contributed to pension; it will drop to 2% if the individual clergy does not contribute at least 1%.

Finance & Administration report

Policy is that District Superintendent salaries will be equal to the average of the 40 top salaries in the AAC.

CF&A studied various apportionment formulas. They wanted to go to a revenue-based formula instead of our current formula tied to expenses. Every formula they examined resulted in wide fluctuations from current payment and they could find no way to phase one in to ease the pain on the most affected churches.

They also request that churches that are able, pay 101% or more of their apportionment to help those churches that are not able to pay out. The report was ammended so that a plaque of appreciation will not be sent to Extra-Mile churches.

Trustees report

Trustees report was received with additions. New Bethel UMC (NW) and Tyronza UMC (NE) have been discontinued and abandoned. Palestine UMC (SE) withdrew from The UMC and the property is currently in dispute.

Churches of the Year

Churches from each district were recognized based on how they performed in the measures of Congregational Vitality. They were compared on professions of faith, increase in attendance, number of small groups, members in mission, giving per member, and apportionments paid.

Conference Churches of the Year are in **boldface**.

COSROW & CORR monitoring

Overall there has been significant attention to gender balance and inclusivity in worship services in all worship experiences.

Plenary sessions were less gender balanced. Media materials tend to be more inclusive.

We are concerned about hymns and liturgy that do not use inclusive language.

NEWS BRIEFS

Bishop Hicks received the Lucy Foster Award for Social Justice from Methodist Foundation for Social Action.

Nominations report was accepted with some additions.

Structure was changed as proposed in the Pre-Conference Journal. The Episcopal Residence Committee was reestablished and the Committee on Investiagtion was eliminated to conform with the Discipline.

Structure was further modified to say that we no longer "intend" for our stucture to be responsive, but it "shall" be responsive and inclusive.

Changes to Standing Rules printed in Pre-Journal were aproved as well as the total elimination of paragraph 3c. That paragraph dealt with election of institutional trustees and the Conference rarely elects institutional trustees any more.

Human Sexuality Task Force updated it's report to say that they are working on a paper on holy conferencing, a human sexuality curriculum, and an extensive bibliography.

Resolutions draw controversy

#1: Guns In Churches. To celebrate the resolution adopted by General Conference declaring that every church is officially a weapon-free zone. **TABLED**

#2: Addressing Gun Violence. Because we abhor violence, we encourage all churches and other conference groups to discuss how churches should react to the growing threat of gun violence in our towns; educate ourselves on gun safety, violence prevention, and proper handling of guns; develop and host gun violence prevention workshops; advocate for registration of handguns, assault weapons, and automatic weapons and reducing ammunition in our towns; advocate for universal background checks prior to gun purchases; and spread the Christian message of peace. **PASSED.**

General Conference elections

General Conference voted to allow elections of General Conference delegates up to two years in advance of General Conference.

Our delegation brought a resolution not to elect the delegation in 2014, but to elect them just one year previous to General Conference as always.

Conference agreed and will continue to elect delegations to General and Jurisdictional Conferences the year before they meet.

What's up next?

The following two Conferences will be held in Rogers and in Hot Springs.

Beginning next year, annual conferences will be held Friday morning through Sunday afternoon in order to encourage the attendance of laity and part-time local pastors who will only have to take one day off work instead of three and to allow churches to elect younger lay delegates.

Conference meets June 20-22 in 2014 and June 12-14 in 2015.

Disaster Response

We are still working in Van Buren County following the tornadoes there. We are now in long-term recovery phase. Teams are still needed.

Work in Scott County around Parks is entering the long-term recovery phase. Teams are needed to restore flooded homes.

Several trainings are coming this year. A VIM team leader training will be held in July. A training for district and conference response teams will be held at Mt. Eagle Sept. 19-21. In October, the South Central Jurisdiction disaster training academy will be held at Mt. Sequoyah.

Imagine No Malaria challenge

Tuesday morning preacher Bishop Thomas Bickerton (Western PA Annual Conference) reported that the death rate due to malaria in Africa has been cut in half. Now only one child dies every 60 seconds.

$38,780 was raised in the 3,000 minutes of Annual Conference. It will be matched dollar-for-dollar by the UM Foundation.

We have raised over half of our three-year goal of $1,000,000.

Moving Day

Moving day is on a Tuesday again this year.

Pastors will move out of parsonages Tuesday morning, June 25.

Pastors' first day to preach in new appointments is June 30.

Safe Sanctuary policy adopted

The sample Safe Sanctuary Policy was approved with recommendations for all churches to carefully examine it and adopt a version of it.

2013 Arkansas Annual Conference

Bishop Gary Mueller & Karon Mann

Imagining in 3D

Bishop Mueller: A lot of new things have happened this past year. And since two of the newest are standing in front of you, we're going to begin by talking about us.

You've got a new Conference Lay Leader.

Karon Mann: It is an honor to serve as the Arkansas Conference Lay Leader, working with our Board of Laity and the laity in our conference to live into our mission and vision of the United Methodist Church in Arkansas.

But you don't just have a new Lay Leader, you've also got a new Bishop.

Bishop Mueller: I, too, am honored to serve with you. I've fallen in love with you, been touched by your deep faith and am excited that the Arkansas Annual Conference is showing the rest of the connection what we need to do to be Jesus' Church in the 21st century.

So here we are. Two new people living our way into new relationships, new visions, new ways of doing things, and hopefully, the occasional new quirkiness.

But we're not up here together just because we're new. We're together because it makes a very important point. There is only one way we can share Jesus' love with the world, reach people in the mission field, and make disciples of Jesus Christ who truly are equipped to transform lives, communities and the world with excellence and passion. We have to join together – not just talk about it, but really do it- as laity and clergy in partnership. Each doing what we uniquely can do. Each fully respecting the work of the other. Each knowing we need the other. And each giving thanks for the opportunity to be in ministry in the name, spirit and power of Jesus Christ.

Karon Mann: But if this partnership is going to work, we think it's important to have some honest conversation. Far too long, laity have made assumptions about clergy and clergy have made assumptions about laity. Clergy often feel like they are hired employees instead of ministers of the Gospel. Laity sometimes wonder whether clergy care more about moving up the ladder to bigger churches and higher salaries than serving where they are needed.

Laity, partnership in ministry is a privilege, one that I hope you do not take for granted. I was raised in a different denomination, one in which you would not have seen me standing before you like this. I came to the United Methodist Church when I married my husband, Bill.

Lay members of Annual Conference, look around the room. For each clergy member present, there is an elected lay member. This shared leadership is a privilege and we should embrace our opportunity to help shape the future of the United Methodist Church.

Clergy, I know you sometimes may feel all alone and that you are longing for laity who are deeply committed, passionate and ready to do whatever it takes to reach the mission field. We are ready.

We also know you have a tough job and need our help and support. We understand you often struggle with more to do than you can possibly do, often do not feel equipped to carry out ministry in a world that is more like the mission field of Peter and Paul than the world of just 30 or 40 years ago and may sometimes wonder whether you're making a difference. Well, you are.

If the relationship between clergy and laity is ever adversarial, it keeps us from working together. And that keeps us from getting Jesus' work done. But now is the time for us to join together – as partners in ministry.

Bishop Mueller: This partnership Karen has so wonderfully described is the only way we can move ahead in the Imagine Ministry Challenge in which you have invested so much time, energy and resources – and more than a little blood, sweat and tears.

I am aware it's been a tough sell for some of you. That some of you have concerns about the process that was used. That some of you still have important questions you want answered. And that some of you – well, you're just not quite sure what we're talking about when we say Imagine Ministry!

But Imagine Ministry matters. And so we're going to talk about it. Not because we want to sell you on it. But because we believe it's whole point is to help us become the kind of church Jesus is calling us to become.

And it is happening. I hear more and more laity and clergy talking about the mission field when I preach at churches, have coffees and chat one-on-one. I see significant work through the two Centers and Network so they truly support local churches becoming more vital. And I see it actually happening where it needs to be happening – like First Blytheville that is opening the old Aldersgate Church as a mission center. Helena, West Helena and Elaine that are joining together in a new bold way to reach the mission field. And Wesley Chapel that reaches out to college students at Philander Smith College.

Yes, it's beginning. But it's just beginning. So we are going to talk about what's next so we keep moving from Imagining Ministry to Doing Ministry, to Being the Church Jesus is calling us to be– discerning, discipling and daring.

VIDEO: Discerning

Karon Mann: Imagine Ministry began as some of our leaders discerned we were in trouble. The conference was unsustainable financially - as were many congregations. We were losing members. Major parts of the Annual Conference were off doing their thing unconnected to anything else. And, quite simply, everyone knew - but no one really wanted to admit - that the church just wasn't being the church.

So you discerned that it was time to do things in a different way. The Imagine Ministry plan included the first steps of mission, vision, core measures, getting rid of silos, reorganizing to focus more resources on supporting the local church and giving district superintendents roles as mission strategists.

I recently read a book entitled "Falling Upward: A Spirituality for the Two Halves of Life" by Richard Rohr. He describes the first half of our spiritual life as a journey to establish ourselves and our identity, but talks about how God is preparing us for the second half of our spiritual life, where we are willing to accept challenges, make mistakes, and lose control - yet actually have broader horizons and move out of our comfort zone. In describing this change, he says, "transformation is often more about unlearning than learning." I believe Imagine Ministries is preparing the Arkansas Conference to move into the next phase of our faith, where we are willing to think about church differently, take

risks, and move out of our comfort zone. This may require more unlearning than learning on our part.

Bishop Mueller: And what we think this means is that we're entering a time in our Imagine Ministry Challenge of understanding that the real challenge is not just financial, structural or programmatic – it's for us to start thinking, believing and acting in new ways as disciples. Let's be honest, that's a challenge because it's a whole new way of being church – and change is hard. It's a challenge for pastors because it asks you to do all kinds of things you probably never learned in seminary or the Course of Study. It's a challenge for laity because it forces you to focus less on the place you've focused so much – the church – and focus more on the mission field. And it's especially a challenge not to give in to the greatest of all Methodist temptations – declaring victory and moving on to the next program, emphasis or conference focus.

But, in spite of these challenges, something very exciting is happening as we discern we can embrace our next steps of the Imagine Ministry Challenge in a much more positive way. It's the challenge of reclaiming the heart and soul of who we are as disciples, churches, and the connection called the Arkansas Annual Conference.

The challenge of experiencing the joy and meaning of getting on board with God's work in the world. The challenge of seeing God's will become a reality through the transformation of lives, communities and the world.

The challenge of being who we really long to be in our heart of hearts – those who make Disciples of Jesus Christ who are so transformed by His love that we share it with others so they can be transformed, too.

VIDEO: Discipling

Bishop Mueller: Yes, we need to talk about discipling. Getting churches excited about it. Equipping them to do it. And supporting them as they do it. That's why we are going to talk about things that we think are the next steps in Imagine Ministry as we focus on the primary place that can make disciples of Jesus Christ – local churches.

Now I suspect some of you are thinking, "Yeah, yeah, yeah…. I've heard it all before. Every four years, there's a new program or new focus or new bishop. And that means we'll work on it until it's time for the next new thing."

What we are about to share are those things we think we need to do as the next steps in Imagine Ministry. But it's important to be clear about something. We are just beginning to paint a picture. It's going to take a significant amount of work to get it done. It's going to take a long time, but we are in this for the long haul. And here's the most important thing of all – you're the ones who will have to get it done.

Karon Mann:

1. We need to tell the Imagine Ministry story so clearly people understand what's at stake and embrace what we're doing. When we join the United Methodist Church we are asked to support it with our prayers, our presence, our gifts, our service and our witness. Our witness is our story. It's the story of our personal relationship with Christ, but it's also the corporate story of how our church is making disciples and transforming the world. The Imagine Ministry story defines our emphasis on the mission field as our primary focus, and tells the world how we, as United Methodist, want to live out our calling to mission and ministry in our community and the world.
2. It's time for us to get serious about having every church look like its neighborhood. A church that looks like its neighborhood has taken the time to develop a presence there. This means we have developed relationships with people in our surrounding community and are in ministry with our neighbors, not just looking for mission projects that provide services.

Bishop Mueller:

3. We have to become expert at developing District Mission Plans that increase the number of vital congregations reaching out into the mission field aided by support, resources and training from the Center for Clergy and Lay Excellence, the Center for Technology and the Network for Holiness of Heart and Life. This is a major new role for the district superintendent. Sometimes

it will involve existing churches and ministries. Sometimes it will mean creating new ways of reaching people. But it will enable us to employ the appropriate 'strategery' to allow churches to impact the mission field with maximum faithfulness and effectiveness.

4. We can't back away from making mission-field appointments. This may be one of the hardest things we are trying to do because it's so new and because we have spent a lot of energy over a lot of years keeping – or at least trying to keep – churches and pastors happy. We will work harder, smarter and more faithfully in getting the right pastor with the right gifts in the right mission field. And we will pay special attention to those pastors and churches that are ready to boldly face the mission field.
5. We must get serious about creating vital, self-sustaining and growing African-American Churches. It's not pleasant to talk about, but the Arkansas Annual Conference has not done a good job with African-American churches. There are nearly 450,000 African-Americans in our state and only a handful of vital, self-sustaining and growing United Methodist congregations. We desperately need strong African American churches if we are going to reach the mission field for which God has given us responsibility.
6. We should expect every new pastor to demonstrate competency in preaching, spiritual leadership, mission-field engagement and evangelism. You have heard it said many times that insanity is expecting different results while doing the same old thing. It's time to prepare new clergy with these basic tools to provide the leadership churches need to be vital and ready to face the mission field.

Karon Mann:

7. We must equip every new disciple to demonstrate competency in servant ministry, faith-sharing, employing his or her spiritual gifts and stewardship.
   Disciples will be equipped to live out Jesus' great commandment to love the Lord with all our hearts and to love our neighbors as ourselves.

Bishop Mueller:

8. We want to see every church grow every year by at least one new adult profession of faith, at least one more person in worship, at least one additional small group and at least one additional outreach into the mission field. Only 310 of our 683 churches had a profession of faith last year. That means 373 did not. Every single church can be part of reaching out to the mission field – regardless of your size. Thank what will happen when "at least one" becomes a reality in Arkansas.

Karon Mann:

9. We must make an effort to connect with the "nones" (n-o-n-e-s), that 20% of adults in America (1/3 of those under 30) who identify themselves as religiously unaffiliated. Many "nones" consider themselves religious or spiritual in some way, and they believe the church strengthens community bonds and plays an important role in helping the poor and needy. They are concerned about others in the world, sometimes passionate about justice, and look for ways they can meaningfully help. Laity, we are in a position to issue invitations to service and mission that can build relationships and show the love of God through the Church in a meaningful way.
   It is an understatement to say that this is an ambitious list. So, how are we going to do it? We think the answer is clear.

VIDEO: Daring

Bishop Mueller: There's too much at stake in our world not to be daring. There's too much hope Jesus provides not to be daring. There's too much the Holy Spirit has given us through our Wesleyan heritage not to be daring.

And that's exactly why we need some passion. Serious passion. And we need it right now. Because it's passion that fuels us to be daring, go where we've never gone and take risks even when we're scared to death.

And that's why the very last thing we're going to talk about is actually the most important

thing we could ever talk about.

10. It's time for us to experience Spiritual Revival. We can only share what we have experienced, been transformed by and committed ourselves to. We need to experience Jesus' love that is so powerful it accepts us just the way we are. Experience Jesus' love that is so powerful it is unwilling to leave us just the way we are. Experience Jesus' love that is so powerful it gives us what we absolutely need but can never get on our own – reconciliation with God, healing, wholeness, second-chances, the Jesus way of living, joy, generosity, compassion, and hope that is eternal in every sense of the world.

Karon Mann: In the May 3, 2013 "Arkansas United Methodist" Gary Mueller wrote, "It's time for Christians to be Christians, the church to be the church and United Methodist congregations to be United Methodist congregations. It's time for us to stop majoring in the minors and, instead focus on actually living as disciples of Jesus Christ who understand that we're not just another organization, but the living, breathing and serving Body of Christ in the world called to reach out into the mission field to share his love. It's time to be passionate. It's time to be bold. It's time to be daring. My sisters and brothers, the time is here. The time is now. We can wait no longer. And I am ready to join hands with you to do it."

Karon and Gary join hands

Bishop Mueller: Are you ready? Will you join hands with us? Will you work with us? So we can be the living, breathing and serving Body of Christ sharing Jesus love. Amen.

CONFERENCE Churches of the Year

Based on the signs of vitality approved by the Arkansas Annual Conference: increase in attendance, professions of faith, benevolences given, offerings, small groups, attendance in small groups, and number in mission. Only churches that pay 100% of apportionments are considered. Judged on percentage of attendance increase, professions of faith per person in attendance, offerings per attendee. Other vital signs were too inconsistently reported to be considered. Attendance (2011 & 2012), professions of faith (2011 & 2012), and apportionments paid (100%) provided by Conference office. Other vitals were provided to the Vital Signs website for 2013 by the churches.

The Arkansas Conference

PREAMBLE

"The Church is of God, and will be preserved to the end of time, for the conduct of worship and the due administration of his Word and Sacraments, the maintenance of Christian fellowship and discipline, the edification of believers, and the conversion of the world. All of every age and station stand in need of the means of grace which it alone supplies." (United Methodist Book of Worship, p. 106)

The mission field is the place of ministry. It is where the word of Christ needs to be heard and demonstrated to transform lives. Understanding the mission field will be one of the challenges of our conference and denomination as we live into our new world. Most important is for us to realize that the mission field will not be the institutional needs of our conference or our congregations and will not be the satisfaction of the people already active in the conference or charges. Each church will need to clearly define its mission field which may be at any one of three levels:

- Within the congregation as people's lives are deepened to become active disciples of Christ.
- Within the community as we invite people to know and respond to the presence of Christ in their lives.
- In the global community as these transformed lives transform the world.

VISION

Congregations and surrounding communities transformed by the Holy Spirit to demonstrate holy living, justice, and love of neighbor.

The implications of this vision statement:

- The desired outcome of making disciples of Jesus Christ in Arkansas mission fields is to impact local communities and make more disciples.
- The fruit of discipleship is to be experienced in mission fields, as well as in personal lives.
- Disciples transform communities by pursuing personal and social holiness and attending to the ordinances of God (The General Rules), practicing sharing their faith stories, and personally inviting others to know Christ.
- Disciples of Jesus Christ combat injustice as the particular geographic, economic, racial, social, and gender issues of our communities are addressed. Disciples must focus on the realization of the Kingdom of God on earth as it is in heaven.
- Truly loving neighbors and giving to others who have needs is the way a disciple mirrors Christ's action and love. For this all disciples should be held accountable.

MISSION

To make disciples of Jesus Christ equipped to transform the world with excellence and passion.

The implications of this mission statement:

- A mission statement declares who and whose we are. Methodists are disciples of Jesus Christ, growing in discipleship, who accept the urgent responsibility to make a difference for Christ in the world.
- Transformation is the work of God. Disciples participate in God's action by seeking to make an impact in the lives of those around them, in their community and in the world, to aid in that transformation.

CORE MEASURES

Touchstones from which work will begin and serve as references for ongoing evaluation.

We shall embrace deep change that empowers us to make disciples of Jesus Christ for the transformation of the world by:

- Rooting all we do in our understanding of Scripture, and personal and social holiness (the foundational principles of United Methodism), so that we revitalize our connection and our ministry instead of being connected by our apportionments, appointments and benefits.
- Establishing the mission field as the primary place for our attention and resources instead of directing most of our attention and resources to the institutional needs of congregations and clergy.
- Equipping laity and clergy for shared outcomes of transformation with excellence instead of directing resources toward congregational preservation and satisfaction of current members.
- Organizing our ministry around the unique geographic, cultural, demographic, and ethnic contexts in the identified mission fields instead of treating every church, district, and conference structure the same.

Arkansas Conference Priorities

These are the places we will give our attention for long term deep change.

Purpose and Identity

To do church differently and make disciples of Jesus Christ by covenanting to become Acts 2 disciple-making congregations which are Spirit-led, Spirit-filled and fruit-producing:

- Focus all activity on Christ (1 Corinthians 12:27). The congregation is organized to make and engage disciples of Jesus Christ for the transformation of the world (Matthew 28:18-20);
- Call, equip, and release disciples to pursue their passion and use their gifts to glorify God (Ephesians 4:11-13);
- Call, equip, send and support leaders to lead disciples (Mark 1:17);
- Lead disciples to meet the spiritual, social and physical needs of those in the community and world; and produce Acts 2 fruit (John 15:8, 16 and Acts 2:41-47).

Acts 2 Congregations

By doing church differently, we anticipate bearing fruit for the Kingdom of God demonstrated in Acts 2:41-47:

- Acts 2:47 – Experience an increase in professions or reaffirmations of faith into the faith community.
- Acts 2:41 - Increase worship attendance.
- Acts 2:44-45 - Mission engagement to address poverty and community development through ministries of mercy and justice.
- Ensure a majority of the worshiping congregation is participating in ministry initiatives outside of weekly worship.
- Support mission financially through locally identified community and world mission projects and fulfill 100% of shared ministry giving.
- Acts 2:43 - Demonstrate signs of God's power and wonder; ministry results that are more than human ability and are clearly God's movement through the congregation.

Connection

In order to do church differently the Annual Conference will be realigned, strengthening the resources and relationships with local congregations. Each local congregation is expected to change by embracing the vision and mission of the Annual Conference as we follow The United Methodist Way.

Training and Equipping

In order to do church differently, clergy and laity will be evaluated, trained, and equipped to be accountable for anticipated fruits of Acts 2 congregations.

These are the places to begin our immediate work.

I. Revitalized Mission Emphasis

- Give priority attention to the mission field of the geography surrounding local congregations in The Arkansas Annual Conference as the place to make disciples.
- Create new avenues for telling mission stories and communicating the need for increased involvement and opportunity for local and worldwide mission engagement.
- Enhance the mission communication network to demonstrate the value of the United Methodist connection.
- Focus on the local mission field, where there is the greatest opportunity to make disciples for Jesus Christ for the transformation of the world, though United Methodists will not neglect nor forget that the world is our parish.

REPORT FROM THE APPORTIONMENT FORMULA STUDY GROUP

Revenue-Based Apportionment Formula

At the 2011 Annual Conference a motion was passed asking CFA to examine the current apportionment formula of the Arkansas Conference and to bring to the following Annual Conference recommendations for a simplified formula more reflective of the conference's four core measures, especially #1 *(rooting all we do in our understanding of Scripture, and personal and social holiness)* and #4 *(organizing our ministry around the unique geographic, cultural, demographic, and ethnic contexts in the identified mission fields….)* A task group was established to respond to this motion.

After studying carefully the conclusions of several GCFA studies and examining the apportionment formulas of other UM conferences, we came to the conclusion that we should seriously consider looking into the merits of a *revenue*-based formula rather than the expense-based formula we currently are using. This was largely based on research indicating that revenue is often a better indicator of a church's vitality than expenses.

At the 2012 Annual Conference we recommended that further study be conducted in order to come to the 2013 Annual Conference with a specific proposal for a revenue-based apportionment formula. Unfortunately, due to continuing uncertainties surrounding the direct billing of pensions and how that will affect the payout rates for churches, we have found it difficult to model with any precision how a change in apportionment formulas would affect individual congregations.

We also noted that under our current formula the 2012 apportionment payout was the highest it has been in several years, and the actual payout in dollars was at a historic high of almost $13 million. Because our current formula seems to be working adequately, and because we cannot at this time accurately forecast how a revenue-based formula would affect individual apportionments, ***we therefore recommend that there be no change in our current apportionment formula at this time***. (See the addendum at the end of this report.)

Revenue-Based Budgeting

That is not to say that our time spent on this project has been unproductive. While we came to the conclusion that moving to a revenue-based apportionment formula is not in our best interest at this time, we also realized that many of the arguments in favor of a revenue-based apportionment formula may also apply to revenue-based budgeting:

- Basing future conference budgets on a specific percentage of the aggregate income of our local congregations as reported on lines 67 and 69 of Table III is direct, clear, and transparent.
- Directly relating our conference budget to the amount of operating income our local churches receive gives us a chance to teach biblical concepts of stewardship such as the tithe, proportional giving, etc, thus tying in with Core Measure #1. Just as individuals are encouraged to tithe to the church, so congregations can begin to see their apportionment as a tithe offering to the conference, a natural way of supporting the work of the Church beyond the local congregation.
- A revenue-based approach to budgeting could for the first time allow our conference budget to be naturally responsive to the changing economic situations of individual local churches. Because the conference budget would be directly tied to reported income, it would force the conference budget to be responsive to the changing economic health of the local church. Even though there would still be a two-year lag, if the reported aggregate local church income increased, so could the conference budget. If it decreased in times of economic uncertainty, so would the conference budget. We believe this can help our conference better live within its means.

While this approach to budgeting will directly tie future budget totals to the aggregate income of all congregations, we recognize that our current expense-based apportionment formula will not tie it directly to individual congregations. Ideally a revenue-based formula could help us accomplish that,

but until we have worked through some of the current transitions in our conference the uncertainty is simply too high to recommend any change in formula. We will, however, continue to work on this in the future.

Based on the above information, CFA will continue to explore further the possibility of basing future budget totals on a tithe of aggregate income as based on lines 67 and 69 of Table III, with a goal of making specific recommendations in the fall of 2013 as we begin preparing the 2015 budget.

Jim Polk, Chair,
Apportionment Study Group 3-13-13

Addendum to the Apportionment Task Group Report: *Modified from exerts of the final report of the GCFA Apportionment Structure Study Group*

Jesus said, "It is more blessed to give than to receive" (Acts 20:35). He called us to serve our neighbors with all of who we are and with all that we possess. Jesus Christ celebrated the generosity of the widow who gave her two coins to the temple treasury (Mark 12:4144), praised Zacchaeus who gave away four times what he had stolen (Luke 19:110), and thanked Mary who washed his feet with an extravagant gift of ointment (Mark 14:39). Our goal is to create a pattern of Christian financial generosity among all United Methodists in the Arkansas Conference as a response to God's marvelous generosity of all that we possess. As we approach our task, we seek to create a new way of aligning and supporting financially the ministry of the Arkansas Conference that is biblical, Wesleyan, simple, affordable, transparent, and missional.

We strongly affirm the primary mission of The Arkansas Conference of the United Methodist Church to make disciples of Jesus Christ equipped to transform the world with excellence and passion, and agree that the primary work of our conference is to resource and strengthen local congregations to do their work, while at the same time supporting the ability of our conference and general Church to engage in larger connectional ministry and mission. Our apportionment funding system is simply a way to raise the funds necessary to do the work God has given United Methodists to do.

We do believe strongly that this is time to be bold. We must engage our membership in a new understanding of apportionments that will move us toward a system that is more easily understood, interpreted, and embraced to strengthen our entire conference. First, however, we believe that we must have a significantly stronger expectation that our members will be financially generous. We need to get back to the basics by teaching in our congregations the concept of financial stewardship throughout our denomination. Our clergy and our members must reaffirm our Wesleyan commitment to earn all we can, save all we can, and give all we can. We should encourage all clergy and laity to support our apportionment system as a systematic way to be generous at every level of our connection. We call for a renewal of the concept of the spiritual discipline of Christian generosity throughout our conference. This will require a cultural change wherein spiritual disciplines are not various options that one can choose, but rather expectations of membership.

While we believe that a renewed emphasis on stewardship in our churches is important, we also acknowledge that the Conference must demonstrate it is being a good steward of the resources it receives. Stewardship is not just about individual giving; institutional spending counts as well. Our conference has many wonderful stories to tell about how our churches and ministries are changing lives and transforming our world. We must be sure these stories are heard.

In the end, until we - clergy and laity alike - are convinced that giving to the church comes first rather than from what is left over, our efforts will be minimal. The issue is not so much the specific formula we use to apportion the budget, but rather how committed and excited we are to the ministry the budget supports.

Supplement to the 2013 CFA Report:
The Extra Mile Club

At its spring meeting, CFA heartedly embraced a proposal originally submitted by Rev. Lavon

Post, a challenge we are calling "The Extra Mile Club."

To support conference ministries and help struggling churches, congregations in the Arkansas Conference are hereby encouraged to give 101 percent or more of their annual apportionments to the Arkansas Conference. The extra mile giving will be applied toward the apportionments of other struggling churches as an act of love and solidarity in ministry.

In May a letter will go out to pastors and Administrative Board Chairs inviting all congregations to set a goal of paying 101 or more percent of their apportionments, with the extra-mile giving being applied toward the unpaid apportionments of churches identified by the Extended Cabinet as ones who desire to pay their apportionments in full, are trying, but are having temporary difficulty doing so. Priority will be given to those churches for whom the extra help will allow them to pay out in full.

Letters will be sent in January of each year to recipient churches letting them know about the Extra Mile gift they have received. A~~n appreciation plaque will be sent to all Extra Mile churches, with a~~ letter of commendation from the Bishop, and recognition of these Extra Mile churches will be made at Annual Conference.

Our hope is that as more local churches accept the Extra-Mile challenge, both donor and recipient churches will develop renewed pride in our connectional system as together we help one another in support of the mission and ministry of our conference.

SECTION VII: FINANCIAL AID

A. Local Pastor's Licensing School

The Board shall provide all but $325 for expenses for room and board for each student attending the Arkansas Conference Licensing School. Books are provided. All funds are subject to successfully completing and passing all the classes. Some funds may be available for students attending other schools outside of our conference boundaries. Approval for these funds must come from the Dean of the Arkansas Conference License School prior to going.

B. Course of Study

1. Financial Assistance is based on need and the availability of funds; fifty percent of tuition, normal fees, room and board for full- or part-time students in the basic Course of Study.

2. 100% reimbursement of tuition for courses taken in the Arkansas Course of Study School available for part-time local pastors.

3. 50% reimbursement of tuition for those who successfully complete correspondence courses (not to exceed 4 courses).

4. The Board provides assistance only once for each of the 20 courses required in the Basic Course of Study Program.

C. Seminary Financial Aid

Basic Seminary Degree Program

1. Service Loans for Seminary Tuition:

Through the Ministerial Education Fund Apportionment (MEF) the CBOM is able to provide low-interest loans to certified candidates who are attending senate approved seminaries.

The Arkansas Annual Conference retains one fourth of the monies paid for the MEF apportionment for this fund. This is the only source of funds for Service Loans, and disbursements cannot exceed income in any fiscal year.

Students who apply will sign a promissory note. Loans will be forgiven for service one year per year (two semesters) of aid. In other words, a student who borrows from the fund for six semesters would complete his/her obligation through three years of service under appointment by a Bishop of the United Methodist Church. For the 2012-2013 academic year the following policy will be followed for disbursing funds.

Eligibility:

a. Certified Candidate for ordination

b. Approved by the CBOM

c. Attending a Senate approved seminary

d. Is not a recipient of a full scholarship grant from the United Methodist Foundation

Application Procedure:

Applications can be downloaded from arumc.org or obtained from a District Superintendent. Please

follow directions carefully. Applications and all supporting documentation must be received by September 15 for the fall semester and February 1 for the spring/winter semester. Deadline for application for summer tuition is July 15th. Applications are not considered complete without an official transcript from the student's seminary. Applications completed after the deadline will not be processed. All applications will be processed by the Secretary of the CBOM.

Reimbursement Policy:

Funds will be budgeted equally for the fall and spring semesters. The rate of reimbursement will be determined once applications have been received and total requests have been calculated. At this time the amount of loans will not exceed 40% of tuition per semester unless there is a surplus in the fall semester. It will be at the discretion of the seminarian registrar to disburse any surplus funds at an equal percentage for all semester applicants. Students at University Senate approved seminaries can receive a maximum of $5,000 per year in loans. Students attending United Methodist seminaries can receive a maximum of $7,000 per year in loans. Students will not receive funds to repeat a failed course. Incomplete courses must be completed before funds are disbursed. (Please note that application must still be made prior to the deadline.)

2. Grants for United Methodist History, Doctrine, and Polity Courses shall not exceed 50% of the tuition cost.

3. Graduate Theological Studies - Persons who have completed the basic course of study may desire to become provisional members by the alternate route (see ¶324.6). They must complete the 32 hours of graduate theological studies, but only if approved by the CBOM prior to enrollment. Up to 50% of tuition not to exceed $5,000 annually will be provided. Deacon candidates on the professional certification route toward ordination (see ¶324.5) will also receive up to 50% of tuition not to exceed $5,000 annually.

4. Arkansas United Methodist Seminary Scholarship - Any certified candidate is eligible to apply through his/her D.S. for the full-expense scholarship from the funds held in the United Methodist Foundation. This student must be accepted in a United Methodist Seminary as a full-time student **and seeking elders orders**. Applications are due March 1. An interview-selection team shall make the determination of the awarding of this scholarship. Two years of service per year of scholarship received is expected in the Arkansas Conference.

BOARD OF PENSION AND HEALTH BENEFITS

HEALTH INSURANCE BENEFITS

The Conference Board of Pension and Health Benefits is a board consisting of 15 elected members, per the Book of Discipline structure for the required Board of Pensions (1/3 clergy, 1/3 lay women, 1/3 lay men). Members with expertise in pensions and insurance shall be included for membership.

One purpose of the Conference Board of Pension and Health Benefits is to administer a Comprehensive Health Insurance Program, selected by the Annual Conference, for active and retired clergy of the Annual Conference, along with full-time lay employees of the UMC. All of the actions taken by the Board are subject to review and revision by the Annual Conference.

The Arkansas Conference Board of Pension and Health Benefits is also charged with the work of providing for and contributing to the support, relief, assistance and pensioning of the clergy and their families, other church workers, and lay employees of the UMC, its institutions, organizations, and agencies within the Annual Conference, except as otherwise provided for by the General Board of Pension and Health Benefits. The board works closely with the General Board of Pension of The UMC which provides excellent counsel, interpretation and guidance in our pension program.

Since the forming of a Conference Group Health Plan on June 5, 1995 the former North Arkansas and Little Rock Conferences administered the plan jointly. Adjustments to the plan were made by the two Committees meeting jointly, every year. IMPLIED consent by both Committees was used to tweak" the plan each year. The Plan benefit adjustments were done based on claim paid history and were done only to hold down exorbitant premium cost increases. Because no record can be found giving "express/implied" consent to the Committee, the Annual Conference gives consent to the Arkansas Conference Board of Pension and Health Benefits to make adjustments to the Conference Group Health Plan. All such adjustments are always subject to review and revision by the Annual Conference.

Realizing that it is necessary, in a self-funded group health insurance plan, to maintain a reserve in case of catastrophic claims upon our plan, it shall be the policy of the Conference Board of Pension and Health Benefits, to maintain a Reserve balance of approximately one year's annual gross premium and

administration costs. Any excess over and above the one year Reserve will be distributed back to The Annual Conference Self-funded Group Health Plan in the form of maintained, adjusted premiums or enhanced benefits. Any Reserve overage may "only" be used for the benefit of its Participants in The Group Health Insurance Plan, the salary and expenses of the Conference Benefit Officer and related expenses of operating the Conference Board of Pension and Health Benefits. All other expenses shall be paid only with the express consent of The Arkansas Annual Conference.

The cost of health care is a troublesome issue for our conference. To do nothing is to risk our ability to deliver benefits in the future the committee is taking several pro-active measures to increase the health of our clergy families and slow down the increasing costs of our health care program.

We seek to:

- offer the best benefits to pastors and their families
- help our pastors and their families to optimize their health
- contain healthcare costs

In 2013 the Conference Board of Pension and Health Benefits will contract with Stephens Insurance, an independent consulting firm, to review our current health insurance Plan for best practices and sustainability. The cost will be paid through a grant provided by the United Methodist Foundation of Arkansas, and the board.

STEPHENS INSURANCE EXECUTIVE SUMMARY

Question #1: The Affordable Healthcare Act and how the changes will affect church organizations.

We have considered how the numerous changes in the Patient Protection and Affordable Care Act ("PPACA" or "Healthcare Reform") may affect church organizations, more particularly the Arkansas Conference. As a general matter, PPACA changes many different aspects of all health plans, not just those plans for churches and church organizations. Thus, some of the major PPACA changes will affect the conference's plan. There are some specific areas we believe merit some additional review and commentary based on the conference's status as a connectional group.

As a primary matter, church plans are exempt from certain aspects of ERISA. However, church plans remain subject to applicable provisions of the Internal Revenue Code. Also, PPACA does not contain any specific exemptions for church plans. Thus, we believe that the PPACA changes specific to ERISA continue to be inapplicable to church plans; but the PPACA changes to the IRS code and the changes which are not specifically part of ERISA will apply.

A. How will the controlled group rules apply to the conference's plan?

The conference sponsors a health plan for conference employees. Clergy are also eligible for membership in the conference's plan. Each individual church then sponsors its own plan for local church employees and can participate in the Conference plan or in their own plan. A concern was raised in the meeting that this structure could lead to all the individual churches being aggregated with the conference's plan for purposes of PPACA's changes. We believe, after reviewing the applicable controlled group rules, that the conference's plan would not be aggregated with each individual church's plan.

The controlled group rules are part of the IRS code. There are specific controlled group rules applicable to non-profit entities generally (26 C.F.R. § 1.414(c)-5). The general non-profit rule is that if 80 percent of the trustees or directors are common between two non-profit entities, then those entities are considered one employer. However, this rule has a specific exception for churches and qualified church controlled organizations. 26 C.F.R. §1.414(c)-5(a). The definition of "church" includes entities such as the Arkansas Conference. Thus, we believe that local churches would not be aggregated via controlled group rules with the Arkansas Conference.

B. What other PPACA changes will particularly affect the conference's plan?

There are other significant PPACA changes which are likely to impact the Arkansas Conference's health plan. The mandates for women's' health, especially contraceptive care, are particularly sensitive for churches. To date, regulations have provided until the first plan anniversary after August 1, 2013 for the mandatory 100% of contraceptives to become effective. Proposed rules have been issued which

would allow religious organizations to be completely exempt from this provision if they are opposed to contraception for religious reasons and self-certify their objection to HHS.

Question #2: Exchanges, how will they work and will they affect our Plan?

Each state will have one or more exchanges, which will be run at the state's choice, by either a state agency or a not-for-profit organization.

The exchanges will be responsible for:

- Plan management functions - certifying and overseeing "qualified health plans" and assigning price and quality scores to plans in the exchange. The exchange can either accept all insurers / plans that meet the guidelines or be an "active purchaser" of coverage and negotiate with insurers who wish to participate in an exchange
- Consumer assistance - operating the website and a toll-free call center, providing a cost-of-coverage calculator and creating a Navigator program to help people understand their choices
- Eligibility determinations and enrollment - determination of eligibility for the premium and cost-sharing subsidies, and coordinating enrollment in the exchange, Medicaid and CHIP

Each exchange must provide benefits that meet certain criteria, called "essential health benefits," at certain coverage levels, called "metal levels" and with certain cost-sharing limits.

The available "essential health benefits" must be equal to the scope of benefits provided by a "typical employer plan," with an "appropriate balance" between the categories. Each state will determine the essential health benefits package to be offered in the exchange in its state, based on the benefits provided by a benchmark plan in the state.

PPACA sets standard coverage levels, which are sometimes called the "metal plans." There will be four levels of benefits available through the exchanges:

- Platinum - designed to pay 90 percent of covered claims costs
- Gold - designed to pay 80 percent of covered claims costs
- Silver - designed to pay 70 percent of covered claims costs
- Bronze - designed to pay 60 percent of covered claims costs

An individual deductible cannot be more than $2,000 and a family deductible cannot be more than $4,000. These amounts will be indexed, based on average premium increases. The annual out-of-pocket maximum cannot be more than the limits for health savings account (HSA)-compatible high-deductible health plans. For 2013 those amounts are $6,250 for self-only coverage and $12,500 for family coverage.

Any eligible individual may enroll in an American Health Benefit Exchange (which is now being called a Health Insurance Marketplace), even if they have access to coverage through their employer or Medicare. All U.S. citizens, nationals and noncitizens who are lawfully present (e.g., in the U.S. with a work or study visa) may enroll.

Small employers (those with 100 or fewer employees) also may enroll in a Small Business Health Options Program (SHOP) through an exchange. Beginning in 2017 states will have the option to open their exchanges to large employers.

People may only enroll in an exchange during open enrollment or if they have a special enrollment event. The first open enrollment will be from Oct. 1, 2013 – March 31, 2014. Coverage will begin on Jan. 1, 2014, for those enrolling by Dec. 15, 2013. Coverage will begin on the first of the following month for those enrolling between late December 2013 and the end of March 2014. For years after 2014, annual open enrollment for individuals will be from Oct. 15 – Dec. 7, with a Jan. 1 effective date.

People who have a special enrollment event (marriage, birth, adoption, loss of coverage under an employer's plan, loss of coverage that was affordable and met minimum value requirements) will have a special enrollment period in which they can elect coverage through an exchange, or change plans within the exchange.

If a state decides not to set up an exchange or if the exchange won't be ready by 2014, the federal government, through the Department of Health and Human Services (HHS), will perform the services on behalf of the state (a "federally facilitated exchange," or FFE). HHS is also willing to do some, but not all, of the exchange's services – this is called a state partnership FFE.

There will not be a purely federal exchange. There is currently controversy about whether people in states that do not create a state exchange will be eligible for the premium tax credits, although it is the federal government's position that they will be.

Exchanges could affect the Conference's Plan by providing a more attractive option for participants especially those who participate in the cost of coverage. This could reduce participation and funding for the plan. Premium subsidies will be available for individuals with household incomes less than 400% of the Federal poverty level if:

- They are not enrolled in employer or government group coverage, and
- Do not have access to employer-based coverage that is qualified (60% actuarial value) and affordable (employee's share of premium is less than 9.5% of their household income), and
- Individual must be a citizen, not eligible to be claimed as another taxpayer's dependent, and files a tax return.

The premium subsidy covers any difference between the actual cost of health insurance purchased through the Exchange and the maximum monthly premium noted below based on the individual's household modified adjusted gross income:

% of FPL	Max. %	Single Income	Maximum Single Premium	Family of 4 Income	Maximum Family of 4 Premium
133%	3.00%	$14,404	$36.01	$29,327	$73.32
150%	4.00%	$16,245	$54.15	$33,075	$110.25
200%	6.30%	$21,660	$113.72	$44,100	$231.53
250%	8.05%	$27,075	$181.63	$55,125	$369.80
300%	9.50%	$32,490	$257.21	$66,150	$523.69
400%	9.50%	$43,320	$342.95	$88,200	$698.25

Although the Exchanges are scheduled to be operational in the fall of 2013, we expect that there will be confusion and numerous problems that will likely not be resolved until later in 2014. Once we know more about the exchanges, we can run actuarial models to determine if dissolving the Conference plan and defaulting to the exchanges is a viable option. This option could be more attractive for the Conference than a similar sized employer group since the Conference would not be subject to the employer mandate penalties (currently set at $2,000 per employee less first 30).

Question #3: Is the conference Plan large enough to remain self-funded?

Yes, it is our opinion that the Conference plan is large enough to remain self-funded. However, we are concerned with numerous issues including:

- Rising costs
- Reduced participation
- Reinsurance access
- Adverse selection (Lay members employed by individual church's can elect to participate without any participation requirements for the other members. Industry participation standards are 50% of the total eligible population and 75% of those without other coverage)

Question #4: Is it typical that an employee pays a portion of the insurance premium?

Yes, data from the 2012 United Benefit Advisors (UBA) Health Plan Survey provides a breakdown of the employee share of premiums. The survey is based on responses from 11,711 employers sponsoring 17,905 health plans nationwide. The national scope of the survey allows for regional, industry-specific and employee size differentials to emerge as a benchmark for the Arkansas Conference.

Employee Share of Premium					
	National	**Regional**	**State**	**Industry Group**	**Employee Size**
Monthly Employee Premium Share ($)					
Single	$124	$119	$57	$153	$115
Employee + 1	$345	$280	$260	$411	$289
Family	$485	$438	$462	$606	$407

Monthly Employee Premium Share (%)	**National**	**Regional**	**State**	**Industry Group**	**Employee Size**

Family	33.4%	33.2%	50.4%	41.1%	28.0%

The Arkansas Conference has a varied contribution strategy that is earmarked to active and retired clergy and lay health plan members. It is difficult to draw definitive comparisons to this data but we do know that some classes do not require a participant contribution which is outside the norm based on the survey.

Employers are continuing to seek more financial participation on the part of employees, either through greater across-the-board cost sharing or through other strategies such a reduced dependent subsidies. The use of surcharges for spouses is also growing.

A. Does that lead to better self-care?

Participating in the premiums may lead to better self-care but an incentive strategy tied to healthy behavior and preventive screenings will be more effective.

B. Does that lead to better cost/benefits?

According to the 2012 Towers Watson/National Business Group on Health Employer Survey on the Value of Purchasing Health Care, the most successful companies who stand above their competitors in maintaining cost increases at or below the median trend reported the following:

- The top 3 most effective steps to control health care cost increases were:
  - Increased employee cost-sharing;
  - Consumer-directed health plans; and,
  - Wellness initiatives to improve employee health.
- The biggest challenge to maintaining affordable benefit coverage was the "Employees' poor health habits".
- The top focus area of employers' health care strategy in 2013 was "Developing a workplace culture where employees are accountable and supported for their health and well-being".

Tying employee contributions to successful completion of specific tasks such as health assessments and screenings remains the most popular change in contribution strategies as employers continue to redefine their financial commitment to employee health care.

Better self-care and better cost/benefits could be achieved with one or more of these factors in play. The specifics of which of these practices would work best for the Arkansas Conference merit further discussion and review.

Note: The need to manage the rising costs is vital in avoiding the triggering of the 2018 excise tax to be imposed on high cost plans under the Affordable Care Act (ACA).

> *A **"Cadillac health plan" 40 percent excise tax** will be imposed on "coverage providers" (i.e., health insurer for fully insured plans, the employer with respect to HSA or MSA contributions, and in all other cases, the "person that administers the plan") that provide high-cost health care coverage to the employer's employees. The excise tax is imposed on the "excess benefit" provided to the employees. Excess benefit is determined by comparing the cost of the actual coverage provided (calculated using rules similar to those for determining COBRA premiums)*

to set, annual limits. For 2018, the annual limit for employee-only coverage is $10,200/year (as adjusted by a "health cost adjustment percentage" or HCAP) and $27,500/year (as adjusted by the HCAP) for coverage other than employee-only. The HCAP takes into account year-to-year increases in the cost of health care coverage, including increases attributable to age and gender differences. Liability for the excise tax is determined on a monthly basis. Employers are required to calculate the amount of the excess benefit subject to the excise tax for each taxable period and to determine each coverage provider's "applicable share" of the excess benefit.

Question #5: Provide the Conference with recommendations on incentives (positive or negative) that lower health claim cost.

There are three types of incentives that could lower health claim cost including:

- Wellness programs
- Disease management
- Plan design

Wellness programs are designed to increase the awareness of healthy lifestyles and change behavior through structured programs. Most experts today agree that programs targeting "metabolic syndrome" are the most effective in reducing costs. Metabolic syndrome is tied to poor nutrition and lack of exercise resulting in high obesity rates. Incentives could be tied to participating in a health coaching program targeting obesity. Participants could buy-down their deductible by completing a health coaching program as an incentive.

Disease management programs target specific chronic diseases such as diabetes and hypertension. Incentives are typically tied to disease compliance. For example, an individual with diabetes can receive the following services at a reduced cost or without charge as an incentive:

- Annual physician visit
- LDL and micro albumin tests
- Hemoglobin A1C blood test
- Dilated retinal eye exam

In a report provided by Verisk Health analyzing health and pharmacy claims for the Conference's plan in 2012 the following was found:

- 170 members were diagnosed diabetics
- 105 had not had a lipid profile test in the last 12 months
- 102 had not had a A1C blood test in the last 12 months
- 89 had not had a retinal eye exam in the last 12 months (FedEx discovered similar statisticswith their group and removed the eye exam copay for diabetics and improved compliance to almost 100%)

Plan design incentives are also used to encourage use of lower cost options such as prescription drugs. The Conference had $2,193,704 in pharmacy claims in 2012 per the Verisk report. The number one prescribed drug was Nexium with $112,379 in paid claims. Reference pricing is an incentive strategy that sets a maximum price that will be paid when several drugs are available at a wide range of prices within a single therapeutic class. The co-pays are referenced to the low cost option and the member pays the additional cost of the higher options if they select one of the higher cost drugs.

Question #6: Do non-clergy employees have a positive or negative impact on claim cost?

The following table represents the breakdown of claims and membership for the Arkansas Conference health plan for 2010 – 2012 calendar year periods.

Group	Number of Participants	Annual Average Per Participant Paid Claims		
		2010	2011	2012
Active Clergy	269	$12,508	$10,956	$8,424
Retired Clergy	176	$2,964	$2,500	$2,685
Active Lay Members	64	$3,424	$6,573	$2,387
Retired Laity	91		$260	$699
Clergy on Disability	15		$10,087	$55,378

Note: The calculations are based on 2012 enrollment counts.

From a purely paid claims perspective, it appears that the non-clergy employees have an overall positive impact on claims costs. In calendar year 2012, the non-clergy participants accounted for 25% of the enrollment and 12% of the paid claims compared to clergy membership at 75% and 88% respectively. An actuarial assessment of membership comparing the overall projected health burden of each population would be the best approach to more formally address the question.

The Arkansas Conference is considered a large employer with respect to group health insurance coverage. Several factors come into play in establishing overall premium rates for a health plan. The reinsurance provider bases the projected funding levels primarily on claims experience in the past years as well as any overall increases in the cost of providing health insurance coverage. The demographics of the workforce (i.e. age & gender) and the number of participants also factor into the analysis. Group size does impact the ability to spread the risk among a wider array of people.

Question #7: Options for an HSA (Health Savings Account) or Cafeteria Section 125 Plan.

An HSA may be established by an Eligible Individual to pay for Qualified Medical Expenses. "Eligible Individual" status is determined as of the first day of each month, and is limited to persons who:

- Are covered under a high- deductible health plan
- Not covered by another health plan which is not a high deductible health plan
- Are not entitled to benefits under Medicare; and
- May not be claimed as dependents on another person's federal tax return

Under a qualified high-deductible plan, all covered healthcare expenses accrue to the calendar year deductible and coinsurance out-of-pocket maximums except for preventive benefits which are paid at 100% with no deductible or co-pay. The minimum deductibles for 2013 are $1,250 for an individual and $2,500 for a family. This means that there are no co-pays for physician visits or prescription drugs. Once enrolled in a Qualified Plan, an individual or family can open a Health Savings Account and begin making tax deductible contributions either directly or through payroll deductions. Maximum contributions to an HSA for 2013 are $3,250 for an individual and $6,450 for a family with an annual catch-up contribution for age 55 and older of $1,000.

Once an HSA is established and contributions have been made, an individual can withdraw funds up to the available balance to reimburse themselves for qualified healthcare, dental, and vision expenses. Any funds not used during the plan year will roll over with some HSA's offering interest and investment options on excess funds.

Cafeteria plans must meet technical requirements established by the Internal Revenue Service under Internal Revenue Code ("Code") Section 125, including the existence of a plan document, plan summary, enrollment forms, and nondiscrimination requirements. Because cafeteria plans are governed by Code Section 125, they are sometimes called "125 plans." Failure to implement, administer and maintain a cafeteria plan in accordance with the Code may have serious tax consequences for both the employer sponsoring the plan and the employees participating in the plan.

A cafeteria plan may be funded with employer contributions, employee contributions (usually through salary reduction agreements), or a combination of both. Pretax salary reductions reduce employee taxable income for federal income tax purposes. In most states, pretax reductions also reduce income subject to state tax.

Cafeteria plans are designed to provide benefits for "employees", which means they cannot be

used by self-employed individuals, partners, and 2% shareholders in an S corporation. Although dependents of an employee are not participants in a cafeteria plan, they normally have an interest in the benefit selection made by the employee.

The primary benefit of a cafeteria plan is that it allows participating employees to convert taxable cash compensation into nontaxable benefits. This is accomplished through salary reduction arrangements by which employees agree to have their salaries reduced and to have the amount of the reduction applied by the employer to pay for one or more otherwise taxable benefits. The effect of this payroll maneuver enables employees to pay for benefits on a pretax basis and realize savings through income and social security (FICA) tax exemptions. In effect, the combination of a pretax contribution and tax-exempt benefits means that employees are never taxed on their contributions towards the cafeteria plan.

Consistent with the controlled group rules described in question #1, each church and the Conference separately would need to adopt a Section 125 plan.

Question #8: Should dependents be mandated to participate in the Plan?

We cannot find anything from an authoritative source which explicitly answers that question. We know that some employers mandate employees to participate as a condition of employment but this is not typically extended to dependents. However, the Conference can mandate dependents to participate in the Plan if they are not eligible for other employer or government provided credible coverage and the Conference is paying 100% of the premium.

Thus, any employee requesting to opt out of the Conference plan would have to provide proof of other credible coverage. Also, under PPACA, all Americans will have to be covered by January 1, 2014, per the individual mandate so this would be consistent with Federal law.

Question #9: How do retirees affect our Plan?

From a purely paid claims perspective, it appears that the retirees have an overall positive impact on claims costs as reflected in the breakdown of claims and enrollment cost table provided in the response to Question #6 above.

In calendar year 2012, the retirees accounted for 46% of the enrollment and 34% of the paid claims compared to the active membership at 54% and 66% respectively. This does not take into consideration the split of the pre-retiree and post-retiree cost which were not available in the sample data. An actuarial assessment of membership comparing the overall projected health burden of each population would be the best approach to more formally addressing the question.

A. Is participating in the Plan to their benefit?

B. Does their participation benefit the Plan?

In the traditional model of retiree medical benefits, a company would provide early retirees a plan similar to the one offered to active employees. Once retirees reach Medicare eligibility at age 65, they would transition to an employer provided Medicare supplemental plan that picks up most of the cost that the government does not pay for. This approach appears to have been adopted by the Arkansas Conference.

The benefit of providing employer sponsored pre-Medicare retiree coverage may be changing. Under PPACA, starting on January 1, 2014, insurers will no longer be permitted to use a person's health status as a basis of denying or charging more for coverage. Currently, a person aged 55 to 64 often has difficulty finding affordable individual coverage due to pre-existing conditions. Moving forward, pre-Medicare retirees will be eligible for guaranteed coverage. Employers are expressing a willingness to help with the cost, transition and communication related to alternative coverage for those interested in retiring before they qualify for Medicare.

It is otherwise difficult at best to determine the benefit to the participant and the plan without conducting a cost study comparing member specific contribution and plan designs for the employer sponsored plan to a Medicare Advantage plan, a Medi-gap plan or a Part D drug plan.

The following table provides some premium and contribution data for the retiree sector in the private employer market as compared to Arkansas Conference.

	Arkansas Conference Annual Premiums 2013	Conference Retiree Premium Participant Share	National Business Group on Health Annual Premium 2013	NBHOH Retiree Premium Participant Share
	Retired Clergy		**Private Market**	
Couple <65	$19,700	Varies based on guidelines	$21,126	51.9%
Participant Only <65	$9,500	"	$9,064	53.8%
Medicare - Couple	$7,800	"	$11,283	45.5%
Medicare - Participant Only	$3,900	"	$4,585	47.7%
	Retired Lay		**Private Market**	
Couple <65	$19,700	100%	$21,126	51.9%
Participant Only <65	$9,500	100%	$9,064	53.8%
Medicare – Couple	$7,800	100%	$11,283	45.5%
Medicare – Participant Only	$3,900	100%	$4,585	47.7%

The data shows a higher contribution to the premium share on the part of the retired laity. The retired clergy potentially contribute less in premium share. With the exception of the participant only class, the retiree premiums for the Arkansas Conference medical plan are lower than the benchmark.

Many employers have dropped retiree health benefits, especially for future retirees. Most that have continued to offer retiree health benefits have made changes in the benefits package they offer. They have raised premiums that retirees pay, tightened eligibility guidelines, limited or reduced benefits or some combination of these.

Question #10: Deductible; how important is the rate of deductibles to claim cost?

The rate of deductible is important to claims cost at the lower deductible levels. In other words, an increase from $500 to $1,000 will be more impactful than an increase from $1,000 to $1,500. In 2012, approximately 20% of the Conference members had paid medical and pharmacy claims in excess of $5,000 accounting for 80% of the total paid claims. Seven members had paid claims exceeding $75,000 accounting for 23% of the total paid claims. Deductible levels have very little impact on large claims.

Question #11: Should we offer multiple Plans with premiums set according to deductible/ benefits?

In the 2012 UBA Health Plan Survey, 74.9% of employers with 1000+ employees offered two or more health plan options. Many employers are using multiple plan offerings as a defined contribution

strategy benchmarking their contributions to the lower cost plan and allowing participants to "buy-up."

Question #12: Is our current Third Party Administrator, PPO Network and Rx provider the best fit for our conference Plan?

Third Party Administrator - CoreSource is a good fit for the Conference plan but it may be important to review their capabilities to implement incentive strategies and provide the additional data necessary to execute those strategies as compared to other TPA's.

PPO Network – The Conference currently leases and accesses the AMCO PPO network. This is a common arrangement for independent TPA's since they seldom own their own networks. The AMCO network used by the Conference provides adequate network access statewide but does not have the same level of discounts as the Carrier networks, especially at the acute care setting

Rx provider (PBM) – The Conference currently uses Caremark as the plan PBM. PBM contracts can vary significantly and are quite complex in their language with regards to the provisions and the impact to costs. We requested a copy of the current Caremark contract and were advised that a new contract was coming soon. A group administration agreement was provided but did not include the contractual details that are needed to provide an in-depth analysis.

Key Findings/Recommendations

- The controlled group rules do not apply to the Arkansas Conference and we do not believe the various local churches would be aggregated into one controlled group.
- Continue to monitor the development of the exchanges and perform an actuarial study of the impact to the Conference.
- Endorse a Section 125 Plan Administrator that offers turn-key services at discounted fees.
- Conduct a survey of eligible participants to determine the level of interest in an HSA compatible High Deductible Health Plan.
- Consider implementing Wellness and Disease Management Programs to address the health status needs of the plan participants.
- Conduct an in-depth analysis of the contractual details of the Pharmacy Benefit Manager contract.
- Conduct a request for Proposal for TPA, PPO Network, and Prescription Providers (PBM) based on price, product, services and quality parameters.

[END OF EXECUTIVE SUMMARY]

1. Churches served by full-time Elders in full Connection, Associate, Provisional Members, and Local Pastors of the Conference under regular Arkansas appointment are mandated to provide 100% of the Conference Employer Health Insurance Plan premium for the clergy and family. The only exceptions to mandated participation are; Clergy serving less than full-time, Members serving in another conference, Members serving agencies and non-UMC employers, Students, and employed Dependents that have documented "compulsory employer programs or the employer provides 100% of the employee premium", Members under special appointment outside the conference, or Military Personnel serving in the conference. All full-time employees of the Conference Office shall participate in the Health Benefits Program of the Arkansas Conference.
    a. The Program is open for full-time lay staff (working at least 30 hrs. per week), Probationers, Student Local Pastors, Full Deacons, Diaconal Ministers, and Full Members serving less than full-time appointment or employment. Participation is optional. It is their responsibility to make necessary arrangements to enroll and will be responsible for the total premium.
    b. A participant must enroll in writing with the Office of Pension and Health Benefits within 30 days of the eligibility date. The eligibility date is the date of first appointment, business date of Annual Conference, date of employment, or the first day following an employee waiting period. Employees who do not enroll within the eligibility period must wait until Open Enrollment.
    c. All retired clergy, spouses, surviving spouses, eligible dependent children and surviving eligible dependent children of retired clergy who are the responsibility of The Arkansas

Conference and have been participating in the Program on the date of retirement shall be eligible to continue participation. Retired participants and their spouses who have attained age 65 must have Medicare parts A and B at the participant's own expense. The group medical plan will coordinate benefits with Medicare whether or not the participant or their spouse is actually receiving benefits. Conference Group Health Insurance participants who are retired are asked NOT TO ENROLL IN MEDICARE PART D. Your Conference prescription drug benefit acting as a Medicare Subsidy will remain the same coverage which you had in your Active years.

d. Clergy on Incapacity Leave receiving CPP Disability benefits that become eligible for Medicare Disability after July 1, 2009 are required to enroll in Medicare parts A & B at your own cost. The Arkansas Board of Pension and Health Benefits will provide the full cost of your conference health insurance premium while you are receiving CPP disability benefits. CoreSource, Little Rock remains the primary carrier. The Stop-Loss benefit will not apply so that Medicare pays a portion.

e. The Conference Benefit Officer will verify clergy eligibility with the district office. The eligibility of any full-time lay employee of a church is verified with the senior pastor. The Church will be billed 100% of the premium, however they may require the lay employee to pay all or a portion of the premium. The church accepts responsibility for the premium and any unpaid premium is the responsibility of the church.

f. In order to be in HIPPA compliance, there is a thirty (30) day OPEN ENROLLMENT period each September. Insurance benefits are effective OCTOBER 1ST. Pre-existing conditions limitations may apply.

The following procedure will continue to be used in conjunction with collecting premiums;

1. In 2013 insurance premiums will be billed monthly to the lead church. The premium is due 30 days from the statement date shown on the invoice sent from the Treasurer's office. All participants are responsible for seeing that the total premium is paid within the month. Please mail payments to the Health Trust lock-box at Simmons National Bank. Checks should be made out to: The Arkansas Conference, P.O. 9477 Pine Bluff, AR 71611-9477.
2. The board shall use the following measures when premiums are not received on time:
   a. A second notice is sent to the Church 14 days after the due date, with a copy sent to the district. The church may be billed a late charge of $20.00 after this second notice is sent.
   b. A third notice will be sent to the Church and Cabinet Representative 7 days after the second notice with a possible termination date clearly stated.
   c. After the third notice has been sent, and no response has been made, the participant may be terminated from the plan and the Cabinet Representative notified. [Note: No participant will ever be terminated from the plan until personal contact has been made from the board.] Premiums must be received before the termination date. Premiums received after termination will be returned to the church.
   d. If coverage is terminated, re-enrollment will not take place until open-enrollment.
3. Participants in the Insurance Plan whose appointment/employment is terminated may elect extension of coverage (COBRA) for up to eighteen months provided that:
   a. The participant makes a written request to CoreSource, Inc. – Little Rock POB 8215-Little Rock, Ar. 72221
   b. The participant makes total COBRA premiums in a timely fashion direct to CoreSource, Little Rock.

Ark United Methodist: Plan For Active Employees

Coverage Period: 1/1/2013 – 12/31/2013

Summary of Benefits and Coverage: What this Plan Covers & What it Costs **Coverage for:** Individual + Family | **Plan Type:** PPO

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at your Human Resources Department or by calling 1-866-734-0388.

Important Questions	Answers	Why this Matters:
What is the overall deductible?	**$2,000** person/**$4,000** family Doesn't apply to Pre-Admission Testing, Outpatient Surgery, In-Network PCP Office Visits, Second Surgical Opinions, Wellness Benefits, Hearing Aids, and In-Network Mental/Nervous/Chemical Dependency Office Visits.	You must pay all the costs up to the **deductible** amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the **deductible** starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the **deductible**.
Are there other deductibles for specific services?	Yes. **$500** per Inpatient Admission; **$100** per calendar year per person for Retail Prescriptions; **$100** per calendar year per person for Class II Dental Services. There are no other specific **deductibles**.	You must pay all of the costs for these services up to the specific **deductible** amount before this plan begins to pay for these services.
Is there an out–of–pocket limit on my expenses?	Yes. **$4,000** per person/ **$8,000** family for In-Network and **$8,000** per person/ **$16,000** family for Out-of-Network.	The **out-of-pocket limit** is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out–of–pocket limit?	Premiums, dental deductibles, balance-billed charges, copays, penalties, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Is there an overall annual limit on what the plan pays?	Yes. **$2,000,000**	The chart starting on page 2 describes any limits on what the plan will pay for *specific* covered services, such as office visits.

Does this plan use a network of providers?	Yes. See www.amcoppo.com **or call 1-800-278-8470;** www.caremarkrx.com **or call 1-800-552-8159;** www.deltadentalar.com **or call 1-800-462-5410** for a list of participating providers.	If you use an in-network doctor or other health care **provider**, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network **provider** for some services. Plans use the term in-network, **preferred**, or participating for **providers** in their **network**. See the chart starting on page 2 for how this plan pays different kinds of **providers**.
Do I need a referral to see a specialist?	No. You don't need a referral to see a specialist.	You can see the **specialist** you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 5. See your policy or plan document for additional information about **excluded services**.

- **Copayments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is $1,000, your **coinsurance** payment of 20% would be $200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the **allowed amount** is $1,000, you may have to pay the $500 difference. (This is called **balance billing**.)
- This plan may encourage you to use participating **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

Coverage Examples

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

✖ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✖ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

Questions: Call 1-866-734-0388 or visit your Human Resources Department.

Methodist Healthcare Employee Assistance Program

The Conference Board of Pension and Health Benefits announce our partnership with The Board of Ordained Ministry to bring you the Methodist Healthcare Employee Assistance Program. Beginning January 1, 2012, this program will provide free, confidential short- term counseling to clergy and all members of your household.

The Methodist Healthcare EAP has been a leader in the Memphis community for over 25 years. We are pleased to offer this service now to our clergy and their families. EAP can help with many of life's challenges such as family issues, marital concerns, alcohol and drug abuse, anxiety, depression, major life events, grief, work concerns and managing the stress of everyday life. The program offers 6 counseling sessions to you and members of your household, free of charge. It is paid for by the Arkansas Conference. You will not need to pay a co-pay. In most cases, short-term counseling is all the help you'll need. However, if a referral outside the EAP is necessary, the EAP counselor will seek the best resources for your situation. Counseling outside the EAP will require use of insurance or self-pay.

Use of the EAP and issues discussed in all sessions are held in strict confidence. Rest assured that your private health information remains confidential and can only be released outside the EAP with your written consent or when required by law such as in life threatening situations or child/elder abuse.

All Arkansas Conference clergy; whether full time, part time, retired or disabled as well as members

of your household are eligible to participate. People who live within 50 miles of the two EAP offices in Memphis will use that resource. For all others, there are affiliate counselors throughout Arkansas to serve you and your family. For more information about the Methodist Healthcare EAP, please visit their website at www.methodisteapcanhelp.org and review the brochure enclosed in this announcement.

To access the program, simply call their toll free number 1-800-880-5658 to schedule an appointment. Look for more information from the Methodist Healthcare EAP throughout the year via a monthly newsletter and at Annual Conference.

PENSION BENEFITS

~~All eligible clergy shall enroll in the pension program CRSP. Eligible clergy include all clergy members, local pastors appointed within the AC, those who have been previously approved by the Conference Board of Ordained Ministry for service as full-time, part-time or student pastors, or a clergy person of another denomination who is under Episcopal appointment in the Conference. Part-time local pastors and members of another denomination may make written request to waive out of the program.~~

All eligible full-time clergy who are under Episcopal appointment in the conference shall enroll in the Clergy Retirement Security Program (CRSP). Members of another denomination may make written request to waive out of the pension credit program CRSP. Effective January 1, 2014 clergy serving less than full-time are not eligible to participate in the mandated pension program CRSP. The board of pension and health benefits recommends that churches may provide a pension contribution to the United Methodist Personal Pension Plan (UMPIP).

Beginning in January 2014, if you are a CRSP participant, you must contribute a minimum of 1% of your plan compensation which includes housing to UMPIP to prevent a reduction in contributions to your CRSP Defined Contribution (DC) account. The Church currently contributes an amount equal to 3% of your plan compensation to your CRSP DC account. However, in 2014 that contribution will be reduced to 2% unless you contribute the minimum 1% to UMPIP.

Enrollment is the responsibility of the participant and must be done no later than 30 days from the eligibility date. Enrollment forms must be sent to Conference Benefits Officer, Mona Williams, at the Office of Finance and Administration, P.O.B. 3611Little Rock, AR 72203-3611. The Board of Pension and Health Benefits recommend that:

1 PSR- 2013 & 2014 Past Service Rate is $577.00.

2. The MPP ended December 31, 2006. Money on account is subject to market performance. The AC participates in the new retirement plan- Clergy Retirement Security Program (CRSP) and the Comprehensive Protection Plan (CPP) the death & disability plan (full-time only are eligible for CPP). CRSP is made up of 2 components, a defined benefit and defined contribution.
   a. The calculations under CRSP are:
      1. Monthly DB Retirement Benefit Calculation is **1% eff Jan 1, 2014** X Denominational Average Compensation (DAC) X Years of Credited Service after 12/31/2006 ÷ 12.
      2. The DC contribution is 3% of your actual plan compensation (includes housing).
   b. Contributions to the Comprehensive Protection Plan (CPP) are 3% of plan compensation up to 200% of the DAC.
   c. Current and past service is paid by the local church through apportionment.
   d. The Comprehensive Protection Plan (CPP) is available through special arrangements as determined by the conference Adoption Agreement with the General Board of Pension and Health Benefits.
3. Surviving spouses eligible for spousal benefits will receive benefits at 75% of the formula benefit rate for pre-1982 service.
4. Allowance grants and local expenses of the Conference Board of Pension and Health Benefits are paid by the Conference Treasurer, subject to the approval of the Conference Board of Pension and Health Benefits and the 2012 Book of Discipline.
5. The institution, board or organization paying the salary of a minister on special appointment without annuity claim on the conference shall make provision for the pension of such person. Attention is called to ¶1506.5 in the 2012 Book of Discipline, regarding eligibility to participate in CRSP and Comprehensive Protection Plan (CPP). In order to provide adequately for the active pension program (current and past funding), and health insurance for disabled clergy receiving CPP benefits the churches shall pay as apportioned for 2013 an amount totaling $3,3395243
   2013 Health insurance premiums for retirees shall be apportioned for $1,380,000
6. Each agency and institution served by a ministerial member under special appointment with annuity claim on the conference an amount equal to 16.4% of the Denominational Average Compensation

(DAC) and is included in the total apportionments.

7. We remind all pastors and local churches of ¶639.4 in the 2012 Book of Discipline, which sets forth the requirement that payments on the pension and benefit program of the conference be in exact proportion to payments made on the salary or salaries of the ordained minister or clergy serving it. ¶638.4d requires the local church treasurer and/or pastor to adjust the cash salary and payment to be in the same proportion as the amount paid to the pension and benefit program of the conference. ¶639.4d adds that it shall not be permissible for a pastor to receive a bonus or other supplementary compensation tending to defeat proportional payment.
8. ¶639.4 of the 2012 Book of Discipline requires the Conference Board to keep a permanent record of defaults of the churches of the conference in paying the pension and benefit apportionment in full. The board is further required to render annually to each church that is in default a statement of the amounts in default for that and preceding years. The disability benefit equals 70% of plan compensation for the plan year in which the first payment is effective, with plan compensation capped at 200% of the DAC. The disability benefit is reduced by any disability benefits payable under the Social Security Act.[7]

Eligible participants receiving CPP disability benefits may also receive retirement plan contributions. A contribution equal to 3% of compensation (as defined by CRSP) will be credited, in monthly installments, to the participant's CRSP defined contribution account.

[7] Other reductions may apply in accordance with the terms of the SPD, as determined by the General Board of Pension and Health Benefits.

16. We recommend that all retired ministers, widows, and dependent children who are the responsibility of the Arkansas Annual Conference and were enrolled ten years immediately prior to retirement the last five years prior to retirement must be served in our annual conference and in our health insurance plan. Clergy and or Spouses who enroll after the deadline are ineligible to receive the following premium gift benefit and will responsible for paying the entire premium.

The Annual Conference will pay health care cost of retirees and surviving spouses, starting the first day of the month in which pension annuity begins under the following guidelines:

a. Each current retiree "premium gift" shall be reduced by 10%, beginning January 1, 2013. EARLY RETIREE BENEFITS: For Insurance is defined as a clergy who retires under the Medicare eligible age of 65 for the purpose the conference health insurance premium gift calculation. There will be a cap equal to the Conference Medicare Companion Premium Rate applied to early retiree premium gift benefits. Example: Clergy age 62 with 30 years of service (and spouse age 59) would receive a gift of up to $650 toward $1642 monthly premium and would be responsible for the remaining $992 per monthly. The Conference insurance premium gift will start when Clergy becomes annuitant.

b. Those retiring after the 2012 session of annual conference will have the following changes in the formula for the premium gift:
   1. To be eligible to receive the premium gift, retiring clergy must have served in the denomination full time for at least ten years. The last five years prior to retirement must be served in the Arkansas annual conference and in our insurance plan. (Currently it only takes two years of service to qualify.)
   2. The maximum premium gift will be 80% of the premium (currently 100%).
   3. The first ten years of Arkansas service will accrue at 2% per service year. The next twenty years of Arkansas service the gift will accrue at 3% per service year. At 30 years of Arkansas service, the maximum premium gift of 80% is achieved. Years of service outside the Arkansas conference are not included in the premium gift calculation. Currently the gift accelerates at 4% per service year for the first twenty, and then 1% per service year for the next twenty years.

c. FULL RETIREMENT: For Insurance is defined as a clergy who has reached Medicare age 65 on or prior to the effective date of retirement for the conference health insurance premium gift.

Monthly Premium rate	**2012**	**2013**
Clergy- early age retiree/ single coverage	750	792
Clergy-early age retiree/ Spouse under age 65	$1558	$1607
Clergy- early age retiree/ Spouse full age 65	$1386	$1455
Clergy- full age 65 retiree / single coverage	310	325
Clergy- full age retiree/ Spouse under age 65	$1386	$1455
Clergy- family both over full age 65	620	650

NOTE: Participant's portion is based on current premiums and may vary yearly with rate increases and annual changes in Board of Pension policy.

d. Retired individuals, eligible for Medicare, shall personally pay Medicare premiums.

e. The health insurance premium of an under-age Surviving Spouse will be paid for 5 years and there-after will be based on the formula paid for retired Clergy service year credit. After the 5 year payment, the Surviving Spouse is required to request monetary assistance in writing if needed.

f. When a surviving spouse of a retired clergy person remarries that surviving spouse will be responsible for 100% of the insurance premium.

g. Spouses and dependent children, under the age of 65, of a clergy person who dies while active will have their health insurance premiums paid by the Annual Conference for 5 years following the death of the clergy. In the event of extenuating circumstances, an extension of payments may be requested by the surviving spouse. Each case will be reviewed annually. When the unmarried

surviving spouse reaches 65, the guidelines above go into effect.

h. If a retired minister marries the new spouse will be eligible for coverage under the Health Insurance Plan. The total premium will be his/her responsibility.

i. Eligible dependents of a retired minister who are not currently enrolled in the Arkansas United Methodist Health Insurance plan may, if eligible, enroll in this plan with preexisting conditions waived provided:
   1. The dependent(s) have been covered by an employer-sponsored group insurance plan for a minimum of one consecutive year; and
   2. Enrollment is made within 30 days of termination of the employer-sponsored group insurance plan.
   3. The participant is responsible for the premium.

17. 2013 Resolutions Relating to Rental/Housing Allowances for Retired, Disabled, or Former Clergypersons of the Arkansas Conference

The Arkansas Conference (the "Conference") adopts the following resolutions relating to rental/housing allowances for active, retired, terminated, or disabled clergypersons of the Conference:

WHEREAS, the religious denomination known as The United Methodist Church (the "Church"), of which this Conference is a part, has in the past functioned and continues to function through ministers of the gospel (within the meaning of Internal Revenue Code section 107) who were or are duly ordained, commissioned, or licensed ministers of the Church ("Clergypersons");

WHEREAS, the practice of the Church and of this Conference was and is to provide active Clergypersons with a parsonage or a rental/housing allowance as part of their gross compensation;

WHEREAS, pensions or other amounts paid to active, retired, terminated, and disabled Clergypersons are considered to be deferred compensation and are paid to active, retired, terminated, and disabled Clergypersons in consideration of previous active service; and

WHEREAS, the Internal Revenue Service has recognized the Conference (or its predecessors) as an appropriate organization to designate a rental/housing allowance for Clergypersons who are or were members of this Conference and are eligible to receive such deferred compensation;

NOW, THEREFORE, BE IT RESOLVED:

THAT an amount equal to 100% of the pension, severance, or disability payments received from plans authorized under The Book of Discipline of The United Methodist Church (the "Discipline"), which includes all such payments from the General Board of Pension and Health Benefits ("GBOPHB"), during the period January 1, 2013 through December 31, 2013, by each active, retired, terminated, or disabled Clergyperson who is or was a member of the Conference, or its predecessors, be and hereby is designated as a rental/housing allowance for each such Clergyperson; and

THAT the pension, severance, or disability payments to which this rental/housing allowance designation applies will be any pension, severance, or disability payments from plans, annuities, or funds authorized under the Discipline, including such payments from the GBOPHB and from a commercial annuity company that provides an annuity arising from benefits accrued under a GBOPHB plan, annuity, or fund authorized under the Discipline, that result from any service a Clergyperson rendered to this Conference or that an active, a retired, a terminated, or a disabled Clergyperson of this Conference rendered to any local church, annual conference of the Church, general agency of the Church, other institution of the Church, former denomination that is now a part of the Church, or any other employer that employed the Clergyperson to perform services related to the ministry of the Church, or its predecessors, and that elected to make contributions to, or accrue a benefit under, such a plan, annuity, or fund for such an active, a retired, a terminated, or a disabled Clergyperson's pension, severance, or disability plan benefit as part of his or her gross compensation.

NOTE: The rental/housing allowance that may be excluded from a Clergyperson's gross income in any year for federal (and, in most cases, state) income tax purposes is limited under Internal

Revenue Code section 107(2), and regulations thereunder, to the least of: (a) the amount of the rental/housing allowance designated by the Clergyperson's employer or other appropriate body of the Church (such as this Conference in the foregoing resolutions) for such year; (b) the amount actually expended by the Clergyperson to rent or provide a home in such year; or (c) the fair rental value of the home, including furnishings and appurtenances (such as a garage), plus the cost of utilities in such year. Each clergyperson or former clergyperson is urged to consult with his or her tax advisor to determine what deferred compensation is eligible to be claimed as housing allowance exclusion.

18. A Retired Minister's Day is Recommended Each Year: Recommended to be the Third Sunday of May each year. The purpose of this day is to recognize the service of the retired servants and their families, and to involve the local churches in the recognition of the needs, both present and future, of The Arkansas Conference Board of Pension and Health Benefits.

    If a retired minister does not reside within the bounds of a charge, but a member of a retired minister's family does, they shall be invited to participate in the service (or observance); otherwise, recognition of these servants, and their service, should be observed appropriately. "Appropriately" should be determined by the Pastor/Parish Relations Committee of each local church. This committee shall have the responsibility of locating these people and relate the service of these persons to the local church and our Annual Conference. The Conference Board of Pension and Health Benefits will be responsible for providing promotional ideas and some materials (i.e., total years of service, percentage of retired ministers serving churches while in their retired status, etc.) when requested.
19. We recommend that a monthly pre-82 grant in the amount of $359.00 be paid to Rev. Lloyd Smith beginning July 1, 2009 ending at the time of death.
20. We recommend that, ¶1506.3 (2), 2012 Book of Discipline, be enforced.
21. Participants in our pension programs should notify the Conference Benefit Officer, Mona Williams, at the Office of Finance and Administration, PO 3611 Little Rock, AR 72203 Phone 501-324-8003, Fax 501-324-8043 when:

    g. You have a question of annuity credit for past service.

Arkansas Conference of the United Methodist Church
2013 Funding Plan For
Supplement One to the Ministerial Pension Plan

The 2012 Past Service Rate (PSR) is $577.00, or 0.85% of the Conference Average Compensation (CAC). We plan to not increase the PSR for 2013. We do not plan to increase the PSR until Pre-82 plan is funded at 100%

The 2013 funding plan is summarized below.

Current Plan Funding at 1/1/10	$ 23,143,034.00
Total Liability at 1/1/10 *	(28,959,725.00)
Funded Status at 1/1/10	$ (5,816,691.00)
Funded Ratio at 1/1/10	80.00%
Required Contribution *	$657,200.00

*Assumes an average of 2% PSR increase per year, 7.0% Interest and RP 2000 mortality table, unprojected

Special Apportionment to local churches	$ 657,200.00
Total	$ 657,200.00

All future Pre-82 funding will be raised through apportionments.

If the funded ratio exceeds 110% the Conference Board of Pension will consider redirecting surplus funds. We recognize that redirecting surplus increases the future probability of contributions.

EQUITABLE COMPENSATION COMMISSION

MISSION STATEMENT:

The Mission of the Commission on Equitable Compensation is to enable local churches to make disciples of Jesus Christ by providing appropriate compensation for effective pastoral leadership.

Recognizing the present needs of our churches, The Commission on Equitable Compensation budget request for 2014 is $190,000. To meet the current needs we are pulling from the reserve fund and anticipate having to grant additional financial support this year.

I. MINIMUM COMPENSATION BASE SUPPORT:

The Commission on Equitable Compensation recommends that the 2014 Minimum Compensation Payment Schedule remain at the 2013 level and are printed below. The Guidelines having been established and proving to be effective will remain the same as printed in this report.

Full Connection	*Provisional-- Associate Member*	*Local Pastor*
$ 32,800	$ 31,700	$ 30,500

1. A parsonage or a housing allowance shall be provided in addition to the figures listed above.
2. Associate Pastors (not to be confused with Associate Members of the Conference) are not eligible for Minimum Compensation aid.
3. Retired Pastors are not eligible for Minimum Compensation Aid. See ¶ 358.6, 2012 Book of Discipline.
4. Each church receiving Minimum Base Compensation Support shall provide the amount(s) received from the Arkansas Conference for the past five (5) years. We further require that each local church describe how they will reduce this support through the local church's ministry plan. Each church receiving compensation shall report to the commission each year by August 30. The report form is available on the Arkansas Conference website at arumc.org and from each district superintendent. Completed forms are to be sent to Rev. Brad Elrod, ECC Registrar, by August 30 each year. Please note that each category will have a different report form.

II. KEY CHARGE PROGRAM FOR BASE COMPENSATION SUPPORT:

The Key Charge Program provides Base Compensation Support to pastors who are appointed to charges targeted for significant growth by the Conference or are in transition and require short-term support for effective pastoral leadership for various other reasons. Key Charges are related to the Commission on Equitable Compensation by a contractual agreement. The contract is negotiated by the Chair of the Commission, the district superintendent, and representatives of the charge. The persons, or their successors, shall be the trustees of the contract, having verified it with their signatures.

The contract shall include:

(a) The initial amount of the Base Compensation Support needed,
(b) The duration of the contract (normally 5 years or less), and
(c) The signatures of the persons negotiating the contract.

The nature of the contract is such that the amount of compensation support given shall decrease proportionately each year, while the compensation paid by the charge increases by at least the same amount, thus keeping the compensation at least stable over the contract period. After the contract

has expired, no further compensation support will be granted to the charge. Under the Key Charge arrangement, there shall be no required minimum or maximum levels of support by the charge. The only limitation will be the amount of funding budgeted for this program.

III. MISSIONAL LOCAL CHURCH COMPENSATION SUPPORT:

We recommend that the Arkansas Conference undergird its mission by providing a Missional Local Church Compensation Support Program. This program is intended to help provide capable, effective, pastoral leadership to charges which function in areas of extreme economic limitation and which are unable to provide a viable level of pastoral support without mission aid. In each case, the level of base compensation support shall be negotiated by the Chair of the Commission on Equitable Compensation and the district superintendent in consultation with the pastor and officials of the charge. Priority shall be given to charges that show potential for growth, for increased effectiveness in ministry and for advance toward self-support. Consequently, when a charge has received Missional Local Church Support for four years, the commission will assess the charge's growth during the period before continued funding is approved. Considerations will include:

1. Membership
2. Worship attendance
3. Percentage of apportionments paid
4. The charge's share of the pastor's compensation
5. The charge's stewardship ("total amount paid" divided by worship attendance)

If a charge declines in more than two of these categories over the four-year period, Missional Local Church Support shall be reduced by ten percent the following year, and it shall be reduced by one third over each of the succeeding three years. The district superintendent may appear before the commission to request an exception to this process.

IV. MINIMUM BASE COMPENSATION SUPPORT:

The minimum base compensation program is intended to help provide compensation for capable, effective pastoral leadership to charges which function in areas of extreme economic limitation and which are unable to provide a viable level of pastoral support. The minimum base compensation is set annually by the Bishop, Cabinet and Annual Conference for Elders, Provisional/Associate Members and Full Time Local Pastors. It is understood that:

1. A parsonage or a housing allowance shall be provided in addition to the set salary.
2. Associate Pastors (not to be confused with Associate Members) are not eligible for minimum compensation aid.
3. Retired Pastors are not eligible for minimum compensation aid. ¶ 358.6, 2012 Book of Discipline.
4. Each church receiving minimum base compensation support shall report annually the amount(s) received from the conference for the past 5 years. We further require that each local church describe how they will reduce this support through the local church's ministry plan.

V. EQUITABLE COMPENSATION AGREEMENT:

When Equitable Compensation support has been granted to a church/charge, an acknowledgement of the conditions and amount of that funding shall be executed by the district superintendent, pastor, and leaders of the church/charge before any payment of funds shall be made. This acknowledgement shall be made on a form provided by the commission. No funds shall be disbursed until the agreement is signed and returned to the district superintendent. These forms are available on the conference website at arumc.org

VI. ANNUAL REPORT

The church/charge receiving financial support shall submit an annual report. The report form is available from the district superintendent or the conference web site at arumc.org. Included in this report is the explanation of how these funds have aided the local church/charge. This report shall be returned by August 30 of each year to Rev. Brad Elrod, ECC Registrar,

VII. ADDITIONAL PRIORITIES:

A. The Commission On Equitable Compensation shall maintain adequate reserves to fund needs which may emerge.

B. Each charge receiving equitable compensation in any of the above categories is expected to pay its conference apportionments in full. If the charge is unable to accomplish this, they shall submit a written plan of action approved by their district superintendent, detailing the steps to be taken in order to achieve this goal.
C. All Commission on Equitable Compensation funding relates to pastoral support only. Using funds for any other purpose, such as program cost or other compensation violates the agreement.
D. Equitable compensation funds are paid directly to the church/charge and shall be paid to the pastor as a supplement to funds budgeted by the church/charge.

SALARY ARREARAGE POLICY

This applies to all churches and all clergy receiving a salary from a local church.

This also includes those receiving equitable compensation funds.

1. In the event that the local church treasurer becomes aware that the church will be unable to provide to the pastor full payment of a regularly scheduled payroll or housing allowance installment, or to remit to the Conference Treasurer full payment for regular direct billed benefit payments such as pension and health care, the church treasurer shall notify within twenty-four hours the Pastor, the Lay Leader, and the Chairs of S/PPRC, Finance, Trustees, the Administrative/Church Council and the Lay Member of the Annual Conference of the impending arrearage. Upon receipt of such notice, the Chair of S/PPRC and/or the Pastor shall within 3 days notify the District Superintendent of the impending arrearage. It is the pastor's responsibility to keep copies of all such written notifications, and to provide additional written confirmation to the District Superintendent when an arrearage has taken place. Failure to document salary or benefit arrearages may result in a loss of compensation and/or forfeiture of benefits.
2. Upon receipt of notice of a pending arrearage, the Chair of S/PPRC shall within 24 hours convene a meeting of the Pastor, Lay Leader, and Chairs of Finance, Trustees, the Administrative/Church Council and Lay Member to Annual Conference to discuss the financial situation and seek remedies to prevent an arrearage from occurring.
   Such remedies might include:
   a. drawing from invested funds,
   b. an emergency appeal for special giving from the congregation,
   c. emergency grants or loans from the District or Conference.

   According to the Book of Discipline ¶624, such remedies cannot include a reduction in the Pastor's compensation until the beginning of the next Conference year.
3. If the local church becomes delinquent in the pastor's compensation (i.e. more than 30 days delinquent), the District Superintendent shall notify the Commission on Equitable Compensation. The District Superintendent may invite the Commission to send a representative from CEC to meet with the local church and pastor to seek resolution of the issue, so that the pastor receives full compensation by the end of the conference year
4. If it is determined that the church is not able to provide the compensation package as voted at Charge Conference, the Chair of S/PPRC shall notify in writing the Pastor and District Superintendent and request a consultation. Options for addressing the arrearage might include:
   a. develop a payment plan so that the pastor will receive full compensation by the end of the conference year or
   b. a change in pastoral compensation or appointment may be necessary at the beginning of the

following Conference year.

c. requesting an Equitable Compensation Subsidy Grant for the remainder of the appointive year.

5. If the local church is already receiving a subsidy grant from the Commission on Equitable Compensation, the Commission may also:
   a. determine if all subsidy grant funds allocated to the church were used to pay the pastor's salary.
   b. examine the original subsidy grant application to determine if the amount requested to meet minimum compensation was reduced
   c. require an outside audit of all church funds in compliance with GCFA Guidelines. (www.gcfa.org)

   The District Superintendent shall be notified of its findings and recommendations in writing.
6. If a local church becomes delinquent in the payment of the pastor's direct billed pension, health care and benefits (i.e. more than 30 days delinquent), the Conference Treasurer shall notify the Conference Benefits Officer, the District Superintendent, and the Commission on Equitable Compensation. The Superintendent will work with the CEC and the local church to develop a written payment plan with the local church so that the Conference receives full payment of pension and benefits by the end of the conference year.
7. It is the responsibility of the pastor to provide evidence of an arrearage by providing appropriate documentation.
8. The statute of limitations for filing a claim for funds from the Annual Conference (i.e. notification to the District Superintendent of the arrearage) for any salary arrearage is one year from the date of the initial arrearage. Once an appointment ends the Pastor no longer has claim on the local church for compensation funds (¶342.4).

2012 Task Force Interim Report
HUMAN SEXUALITY
TASK FORCE

This imterim report is printed in this section as an intial response to the action of the 2012 Conference Session. No action required in 2013.

At the 2012 Session of the Arkansas Annual Conference, a task force was formed to create a curriculum which would encourage local congregations to engage in "a series of Sacred Conversations on Human Sexuality with Biblical and Disciplinary referencing and relevant scientific information and under the Wesleyan rules of Holy Conferencing." (p. 358, *2012 Journal*) In August of 2012, Bishop Charles Crutchfield named the Task Force, and we began meeting in September.

We discovered two things early in our process. One, the understanding and experience of holy conferencing is as important as the discussion of the subject matter at hand. A major part of the curriculum we will produce will be a guideline for holy conferencing that will be applicable to many of the controversial topics of our time.

Second, the broad topic of human sexuality covers much more than homosexuality: gender, marriage, divorce, family, etc. Even in the area of issues surrounding homosexuality, mountains of material have already been studied and analyzed biblically, theologically, and scientifically. To produce a curriculum in a timely manner required us to limit our scope to some of the issues regarding homosexuality within the framework of Scripture (primarily), tradition, reason, and experience.

By Annual Conference of 2013, the Task Force will have met seven times. Most of our 30 hours together has been our own experience of holy conferencing around these issues, and it has been an interesting, enlightening, and challenging dialog. The Task Force is inclusive of gender, race, age,

sexual orientation, and theological perspective. But we have learned how to be respectful, honoring our differences without denying our beliefs. We hope this kind of dialog can happen in our local churches as well.

Our plan is to produce a curriculum which will include guidelines on holy conferencing, a bibliography of relevant material, and discussion questions around the issues of homosexuality in our culture and our church.

The Conference Coordinator of Education will be added to this Task Force following the 2013 session.

(The work of this Task Force will be funded through the Center for Holiness)

We thank the conference for allowing us to have this time of meaningful conversation together.

William O. (Bud) Reeves,
Convener

SAMPLE SAFE SANCTUARY POLICY AND PROCEDURE Arkansas 2013

This is a sample policy that is intended to serve as an aid to local congregations establishing or updating a Safe Sanctuary policy. It should be recognized that the needs and resources of local congregations vary significantly and therefore local policies and procedures will and should differ to some degree. This sample is intended as a resource only and is not as a substitute for reasoned decision making with the guidance of clergy and local legal counsel. Daycare facilities should also carefully comply with all applicable licensing requirements of the Arkansas Department of Human Services (ADHS) which are outside the scope of this sample.

Our Purpose

When a child is baptized or confirmed within our faith, we promise: "With God's help we will so order our lives after the example of Christ, so that this child, surrounded by steadfast love, may be established in the faith, and confirmed and strengthened in the way that leads to life eternal . . . ." (Congregational Pledge 2, United Methodist Hymnal, p. 44.) The members of this church are committed to providing a safe and nurturing environment for staff, members and guests of all ages, to taking reasonable precautions to reduce the risk of child or adult maltreatment for all who participate in our programs or events, and to reducing the risk of false allegations or suspicions of the same. These guidelines are intended to reflect our congregation's commitment to preserving the church as a holy place where all people can experience the love of God through relationships with others. PROPOSED RESOLUTIONS

Resolution #1

This motion was tabled.

†††

Resolution #2

Addressing Gun Violence

RESOLVED: The language of the Bible, and in particular the teachings of Jesus, call for peace and nonviolence. We, the Arkansas Annual Conference of the United Methodist Church, abhor violence, particularly gun violence, and encourage all churches and other groups in the Conference to:

- Discuss how our churches should react to the growing threat of gun violence in our communities,
- Educate ourselves on firearm safety, violence prevention, and responsible and cautious handling

of guns,

- Develop and host gun violence prevention workshops, especially in congregations in ministry to children and youth,
- Advocate for the registration of handguns, assault weapons, and automatic weapons, and the reduction of their ammunition in our communities,
- Advocate for universal background checks prior to the purchase of firearms, and
- Spread the Christian message of peace.

RATIONALE: The state of Arkansas has the tenth highest firearm murder rate in the United States; 72 % of all murders in our state involve guns, with an occurrence rate of 4.39 per 100,000 population. Robberies involving guns occur at 45.45 per 100,000 population, and firearm assaults at a rate of 100.56 per 100,000.

Gun violence is a growing threat to our communities, particularly against children and youth as evidenced in the Sandy Hook Elementary School shootings in Newtown, Connecticut on December 14, 2012 and those in Jonesboro, Arkansas on March 24, 1998. Acts of gun violence are not acceptable in any form and as followers of God's command to care for the least and most vulnerable of society, we must take an active role in reducing and eliminating such violence.

As Rev. James F McIntire said in a rally addressing the gun violence at Sandy Hook just five days after the shootings, "We are not anti-gun or anti-Second Amendment rights, but we have a moral responsibility to step out and be a visible presence to stop gun violence." "As Disciples of Christ, we are called to love our enemies, seek justice, and serve as reconcilers of conflict." (Book of Discipline ¶165c)

TRUSTEES

As of April, the Board of Trustees has met on two different occasions at the Conference Offices in Little Rock.

The Board was able to finalize its decision to convey property titled in the Methodist Episcopal Church, South to the Evansville Community Church. The decision to convey was made in 2011; however, the process was not completed until late 2012. The Methodist Church previously located on the property burned many years ago and the property was abandoned. The Evansville Community built a building on the site and utilized the property for the operations of the Evansville Community Church. However the property was never conveyed to the Evansville Community Church. The Board believed it was right to convey title to the real property when approached by the Evansville Community Church. The legal description of the Evansville Community Church is Lots 13, 14, 15, and 16 in Block 3 of the Original Town of Evansville, Washington County, Arkansas.

The Board also approved the merger of the Mount Carmel United Methodist Church and the Macedonia United Methodist Church which merged congregation will operate under the name **Mount Carmel** United Methodist Church. The Board understands both real properties will continue to be utilized by the local congregation.

The Board also received a report that the Springtown United Methodist Church, Springtown, Benton County, Arkansas has been closed and the property abandoned by the local congregation. The Board is developing a plan for the security and future uses or disposition of United Methodist properties that are abandoned or closed and the use of any proceeds from the sale of such properties should the Board elect to sell same. It is the intent of the Board to submit its proposals at the Annual Conference.

The congregation of Palestine United Methodist Church, located just outside Hermitage, Arkansas,

in 2012 announced its withdrawal from the Arkansas Conference. The issue of ownership of the property remains an issue between the Annual Conference and the congregation.

The Tyronza UMC was discontinued in 2012. Plans are being made to sell the property with the proceeds going to the annual conference.

For the Board of Trustee,
Lamar Pettus, Chair

ADVOCATE FOR THE POOR

The General Conferences of 2008 and 2012 set as one of our church's four foci to engage in ministry with the poor. As the Advocate for our Conference, I am working on two major projects. First, I am developing a Convening Table, where representatives from around the Conference who are working on the issue gather to share the work they are doing. Second, I am developing the Circles program in a number of the communities around the state of Arkansas.

APPOINTIVE CABINET

In an effort to be transparent, the Cabinet offers these documents that guide discussions and decisions to make appointments that match the Arkansas Mission Field:

Mission Statement

As District Mission Strategists, we will lead Arkansas United Methodists to make disciples of Jesus Christ and transform their mission fields.

Appointive Cabinet Covenant

We will make the mission of the Church the priority in everything we do.

We will carry out our work in a prayerful and discerning manner when we are working together and when we are apart.

We are first and foremost Conference Superintendents and Directors. What is best for the whole of the conference takes precedence over what is best for our individual districts.

We will conduct our work in ways that fulfill the mission, vision and core measures of the Imagine Ministry Process.

We will maintain confidentiality in appropriate ways.

We will feel free to conduct conversations with other members of the Appointive Cabinet, but all decision-making will occur within the Appointive Cabinet.

We will be honest and vulnerable with each other in our discussions, including sharing our questions, concerns, frustrations and failures.

We will encourage healthy discussion and not shy away from conflicts about ideas, strategies and issues because we believe it will result in better outcomes.

We will hold each other accountable within the Appointive Cabinet for our mission, responsibilities and assignments.

We will keep talking until there is clarity about issues and decisions. Once a decision has been made, everyone will support it.

Concepts Guiding Cabinet Work

Making Missional Appointments

The mission of the Arkansas Conference - to make disciples of Jesus Christ equipped to transform the world with excellence and passion – is the most important driver in everything the conference does. When this mission is applied to the appointment process, it results in the mission field becoming the primary focus of appointment making. A mission field begins with the people in the congregation, extends to those in surrounding communities and reaches globally. Pastors are deployed to a particular mission field to lead a congregation so it becomes more faithful, effective and fruitful in making disciples of Jesus Christ for the transformation of the world.

The bishop and appointive cabinet want to be as transparent as possible about the process that will be used in

this new way of making appointments because we believe it will result in increased health, vitality and fruitfulness. While what follows faithfully expresses our best intentions about how we will make appointments, it is ultimately the Holy Spirit who will shape our decisions as we address the uniqueness of each mission field and pastor.

1. The appointive cabinet's process for making mission field appointments will align with the mission, vision, core measures and priorities of the Arkansas Annual Conference.
2. Every district superintendent is first and foremost a conference superintendent and will focus on what is best for the annual conference.
3. The appointive cabinet will utilize a continuous process of consultation, discernment and assessment of what is occurring within the mission field.
4. The appointive cabinet will recognize excellence, creativity, effectiveness, accountability, and fruitfulness in the mission field and not just within the congregation. Data will be utilized that includes both metrics and narratives that witness to transformation.
5. Young clergy, clergy couples and ethnic clergy are rich gifts to congregations and mission fields. They will be valued and utilized in making mission field appointments. Pastors new in ministry will be placed in positive learning and growth environments. Except in extraordinary circumstances, pastors will not be moved during their period of provisional membership.
6. Appointments will be based on fruitfulness and the best possible match to the mission field rather than primarily on compensation and length of service.
7. Both congregations and pastors have different capacities, desires and courage to engage the mission field. Pastors who have demonstrated both the history and promise of excellence and fruitfulness will be appointed to those congregations most willing to courageously engage the mission field.
8. It is increasingly apparent that longer pastoral tenures lead to higher levels of effectiveness in the mission field. The cabinet will seek longer appointments in order to leverage excellence and fruitfulness.
9. ¶¶425-430 of The 2012 Book of Discipline outlines the benchmarks that will be used in the consultation and appointment process:
    - "The Bishop and cabinet shall consider all requests for change of appointment in light of the profile developed for each charge and the gifts and evidence of God's grace, professional experience, and family needs of the pastor." ¶428.2
    - "When a change in appointment has been determined, the district superintendent should meet together or separately with the pastor and the committee on pastor-parish relations where the pastor is serving, for the purpose of sharing the basis for the change and the process used in making the new appointment." ¶428.3
    - "The district superintendent shall confer with the pastor about a specific possible appointment (charge) and its congruence with gifts, evidence of God's grace, professional experience and expectations, and the family needs of a pastor, identified in consultation with the pastor." ¶¶ 427.2 and 428.5a
    - "The district superintendent shall confer with the receiving committee on pastor-parish relations about pastoral leadership," ¶428.6
    - "If during this consultation process it is determined by the bishop and cabinet that this decision should not be carried out, the process is to be repeated until the bishop, basing his or her decision on the information and advice derived from consultation, makes and fixes the appointment." ¶428.8
    - "When the steps in the process have been followed and completed, the announcement of that decision shall be made to all parties directly involved in the consultative process before a public announcement is made."¶428.10
10. Following the introduction of a pastor to the Staff Parish Relations Committee, the district superintendent will provide a written statement to the pastor and the congregation stating the rationale for the appointment and expectations for outreach to the mission field. Clearer rationale and longer tenures will help the pastor and the congregation partner to reach the mission field in new and transformational ways. The district superintendents, and the circuit elders they assign, will provide ongoing guidance and resources.

ARCHIVES AND HISTORY COMMISSION

The purpose of the Arkansas Conference Commission on Archives and History is to promote and care for the historical interest of the United Methodist Church in Arkansas, as outlined in the Book of Discipline. This commission coordinates and oversees the Arkansas United Methodist Church Archives on the Hendrix College campus; the United Methodist Historical Society of Arkansas; and

the United Methodist Museum of Arkansas, recently re-opened in First United Methodist Church, Little Rock. Our mission is "to make disciples of Jesus Christ equipped to transform the world with excellence and passion." We embrace the four core measures in our work and use them as reference points for ongoing evaluation.

- **Rooting all we do in our understanding of Scripture and personal and social holiness (the foundational principles of United Methodism) so that we revitalize our connection and our ministry…**

We collect, preserve, maintain, and share historical and one-of-a-kind documents and memorabilia relating to what is now the United Methodist Church in Arkansas. Our files and displays about clergy, laity, local churches, institutions, committees, and ministries tell and retell the old, old story of Jesus and his love. This story is grounded in Scripture, is informed by Christian tradition, comes to life through personal experience, and is tested by reason.

Certainly, our ministry of memory revitalizes our connection and our ministry as illustrated by the following account. After doing research on church projects in Hawaii, an Arkansas family vacationed in Honolulu and attended a United Methodist church there. They met the pastor, a gifted clergywoman, born in Japan and educated at Hiroshima Jogakuin, a Methodist-related school/college, one of the first institutions to educate women in Japan. However, not only had the pastor graduated from Hiroshima Jogakuin, the founder of this church in Honolulu had worked at this school years earlier. Immediately, there was a connection…across the miles and over many years. For, Hiroshima Jogakuin was a place the Arkansas family knew about, too. They had heard stories about this school in Japan. They had read letters written by its faculty and friends. Their mother/grandmother had been a missionary teacher at Hiroshima Jogakuin shortly before World War II, with its terrible bombing of the city and the destruction of campus buildings. But there in Hawaii, two families, living half way around the world from each other, recognized their shared heritage and that, indeed, they were sisters and brothers in Christ.

- **Establishing the mission field as the primary place for our attention and resources…**

Participation in the Historical Society of Arkansas, attendance at program meetings, and visits to the Museum are available to anyone interested in the history of the United Methodist Church and its antecedents. The services of the Archives are available free of charge to anyone who seeks information pertaining to the people called Methodists in Arkansas. Some requests are simple, such as confirming for a genealogist that a family member was a pastor. Some require 30 or more hours of research, such as when a church is celebrating its 130th anniversary and wants a list and pictures of all its pastors and district superintendents over the years. Our two archivists are paid for a few hours contract work per week, but they often give many more hours of their time helping people locate the information they need. This ministry gives the archivists opportunities to interact with lay and clergy leadership across the conference and to network with historians at Philander Smith College and Hendrix College, around Arkansas, and across the United States and the world. It also fosters good will, and researchers frequently donate valuable documents and memorabilia to the Archives and to the Museum as an expression of their appreciation and out of their desire to be in ministry to others.

- **Equipping laity and clergy for shared outcomes of transformation with excellence…**

Throughout the year activities of the Commission support laity and clergy in their efforts for shared outcomes of transformation with excellence. Some pastors bring their confirmation classes to visit the Museum to give confirmands a glimpse of their Methodist heritage. At sessions of Annual Conference attendees may view a display prepared by the archivists and get information about resources at the Archives, the Museum, and the Society. Also, each year the Conference Journal includes a Historical Section dealing with some aspect of church history in Arkansas. These special articles have focused on such varied topics as clergywomen who served in Arkansas, annual conference sessions related to the Arkansas Territory and various Methodist groups in the state over 200 years, and recent photographs of UM churches in a particular section of the state.

The Commission also supports the efforts of the Archives to digitize the Arkansas Methodist/

Arkansas United Methodist newspaper from 1884-2007, to complement the current issues now available on the Arkansas Conference website. This newspaper records a long and important history of the Lord's work among the people called Methodists in our state. Today the old print papers are yellow, fragile, and brittle, and there is only one nearly complete set available. This project to scan approximately 81,000 pages of this newspaper will help preserve this valuable resource for future generations, and it will make the contents readily accessible to any pastor, congregation, researcher, or archive with an internet connection anywhere in the world. Furthermore, the new Arkansas Conference Initiative, to become the most technologically advanced conference in Methodism, inspires the Commission and the archivists to go forward with this project. However, in an attempt to be good stewards of God's gifts, we continue to explore various technologies to best reach our goals.

• **Organizing our ministry around the unique geographic, cultural, demographic, and ethnic context in our designated mission fields…**

Our ministry of memory is organized around the unique geographic, cultural, demographic, and ethnic context of our mission fields, and we make every effort to be inclusive. For instance, in past years the United Methodist Historical Society of Arkansas annual meeting program has featured the history of the UM Social Creed, Philander Smith College, and Methodists in the Old Washington area of Arkansas. This spring the guest speaker will be The Rev. George Hankins-Hull, Director of Chaplaincy at UAMS, and a native of Ireland. He will share some of the history as well as the present state of the United Methodist Church in Ireland. The Society newsletter, Occasional Papers, published twice a year, has articles on various subjects by many different authors, and the editor welcomes suggestions for future articles. A single issue might include a brief history of a local church, an excerpt from a Wesley diary, a Mystery Church Identity feature, and announcements of events of the Society, the Museum, and the Archives. The Commission not only focuses on stories of historical interest, but it also collects stories on present issues for future generations, and it collects and preserves records of closed UM churches. It strives to tell stories of faith and grace as one of God's witnesses in Arkansas.

CENTER FOR CLERGY
& LAY EXCELLENCE IN LEADERSHIP

The Center for Clergy and Laity Excellence in Leadership started its initial work in the Arkansas Conference in July 2012 to foster an environment that continuously leads clergy and laity of the local church toward excellence in leadership development. The Center continues to build upon the previous work of clergy and laity leadership development as we move down the road of making disciples. This work begins with the mission field of each local church and addresses the adaptive learning that must occur with clergy and laity working as a team to produce vital congregations that engage the mission fields to make disciples of Jesus Christ for the transformation of the world with excellence and passion. The outcomes of the Center for Excellence are as follows: transformed lives, transformed mission fields and vital congregations.

After one year in collaborative work with the hands, hearts and minds of so many, we continue to build the architecture and framework for the Center for Excellence in Leadership. Together we are making progress in redirecting resources to the local church and mission fields. In one year of work, the conference expresses its thankfulness for the time, energy and creative imagination of 97 circuit elders who have worked with clergy and congregations across the conference. In each conversation, working alongside the district superintendents who currently serve as the "chief missional strategist" for the district, we are reconnecting the Methodist connection in conversations that are one on one. We believe that conversations are the currency of change and we are slowly changing the ways in which we work together across the connection in addressing trust issues and leadership development. Alongside this conversation, another conversation has begun in our local churches, it is the congregational coach; laity trained to hold conversations with laity within the

local church. This conversation started in March of this year and to date, 56 coaches are working with congregations and 24 will be trained by mid- summer to complete the connection across the conference. The new work and roles of coaches and circuit elders, district superintendents and the Centers work with the congregations is not a program that is just another in a series of programs, it is rather a process of adaptive learning conversations that is unique in every local context. The conversations of pastors and laity working together on the hard questions of each local context will produce the change that is required to move into engagement with the mission fields.

As coaches are invited into a conversation by the local church, the coach will listen to the laity stories of the congregations. The conversations are centered on building a trust relationship and listening to God in the uniqueness of each local church. This conversation is ultimately about revival, renewal and reform. Leadership in both the laity and clergy roles is foremost a spiritual issue. It is asking the questions that take us down a road of inquiry and spiritual awakening to what God invites us to become. For some congregations this conversation is a recognition and celebration that the congregation is engaged in the mission fields and making disciples. For other congregations, it is an awakening for a need to create within that congregation a hunger to make disciples of Jesus Christ and then to act on that awareness and truly make disciples who are inspired to make disciples.

We need a revival to remake us as Jesus' disciples by the Holy Spirit to reform ourselves and engage the mission field, to share Jesus' love. It will take years to do this hard work and transform in new ways. We are continuing on this messy path of the journey together, holding each one in prayer, as we develop and grow congregations filled with passionate laity and clergy who seek excellent ways to make disciples of Jesus Christ who transform lives and our world at the same time.

In January – March of 2013, six pilot congregations began a congregational transformation process with the Center for Excellence. The goal in these pilot studies is to encourage vitality and adaptive learning within the congregations' unique mission fields. The insights gained from this process will be adapted into work with other congregations to start in the fall of this year. The six identified congregations are as follows:

- Dierks UMC, Rev. Robert Lyons
  Coach Jim Kimzey
- Highland Bella Vista UMC, Dr. Bryan Fink
  Coach John Crawford
- Shiloh UMC, Paragould, Rev. David Moore
  Coach Jim Markley
- Christ Way UMC, Jonesboro, Rev. Herschel Richardson
  Coach Jim Markley
- First UMC, West Memphis Rev. David Moseley
  Coach Dan Harpool
- St. Paul UMC, Searcy, Dr. Don Hall
  Coach John Crawford.

Five other pilot churches are currently working with a process on spiritual formation and discipleship development in small group settings. The small groups are exploring Wesleyan models of fostering spiritual growth, discipleship formation and accountability for laity within groups that have both a multiplying factor and mission outreach factor.

The Center for Clergy and Laity Excellence in Leadership has installed with the assistance of the Center for Technology, a "Learning Management System" for the purpose of clergy and laity training and resourcing online.

The creation of a Small Membership Church Academy will begin enrollment in August 2013. This academy is for congregations with 70 in worship attendance or less. The Academy will encourage churches toward training and transformation processes that will help to identify their unique strengths that can help them reach new and diverse people in the mission field. Each congregation will determine its own level of participation in the process. The Academy will focus on growing and sustaining the ministry of the small membership church through teaching discipleship and leadership development for both clergy and laity. Other resources will be available through the Network of

Holiness of Heart and Life.

The Center Director works in collaboration and partnership with The Conference Board of Laity, Conference Lay Leader, Conference Board of Ordained Ministry and Appointive Cabinet, in conversations regarding clergy and laity leadership development.

In May 2013, taking information from the Circuit Elders and DS's, a training for Circuit Elders will occur in which we make correction to previous learning's of the year and adjust and align work for the next year. The same is ongoing with the Congregational Coaches.

To explore about becoming a congregational coach, or to be matched up with a coach, contact John Crawford at jcrawford@arumc.org. John is the Associate Director of Laity Leadership. In July, 2013, Rev. Dr. Candace Barron will take on the role of Associate Director of Clergy Leadership and will be working with the Small Member Church Academy.

Pray for the collective work of so many working together to make a difference in developing congregations filled with passionate laity and pastors who seek ways to make disciples of Jesus Christ for the transformation of the world.

CENTER FOR TECHNOLOGY

In June 2012 the newly created Center for Technology was launched with the vision of developing the technological resources necessary to help all local congregations in the Arkansas Conference achieve the goal of making disciples and becoming vital in their mission field. It is the endeavour of the CFT to assist local churches with Training, Communications, and Marketing to help make vital congregations that can easily collaborate in the digital age that is rapidly becoming intertwined in the daily operational life of the church.

The Center's specific mission is to provide a standardized technology platform and support for local churches, conference employees, and affiliate organizations to facilitate the necessary communication and sharing of knowledge and information to help further the mission of making disciples of Jesus Christ to transform the world. Simply put, it is the CFT's job to resource members of the Conference with the necessary tools, training and support to develop the "Digital" Connectionalism in the ARUMC.

Specific areas of focus will be to support pastors, staff and laity by delivering opportunities for growth, networking, and technology skill development and also to facilitate communication between churches, districts, and the conference. The Center hopes to recapture the church's sense of relevance by focusing on the UM mission and by expanding opportunities for learning and serving. Sharing the stories of the church's missional efforts and telling the unique story of the UMC in the Arkansas Conference through the lens of Imagine Ministry will be paramount to the ongoing success of making vital congregations in the conference.

By utilizing resources more efficiently, the Center also hopes to increase the entry and connection points into the church in order to reach and engage the unchurched and those considered to be "nominal" members. This will also help to strengthen clergy and lay effectiveness. And finally, the Center will be charged with developing specifications and standards for local church hardware and software and will provide counsel to local churches for upgrading technology infrastructure.

The Center is open on a limited basis to technology projects, consults and situations on a case by case basis. More importantly, the Center continues to maintain the role of full-time Conference Communicator accepting and disseminating all communications announcements. The Center continues to offer free web hosting to any affiliate organization or local church as well as an opportunity to sign up for a standard conference email address and Google Docs account. Additional resources can be utilized through the MYARUMC.ORG portal. In the coming months updates will come via

multiple channels to inform the conference on progress and upcoming services that will be offered by the Center. The Center thanks you for your patience and support and looks forward to helping shape the future of the UM church in the Arkansas Conference.

In addition to the Director, the CFT team members are:

- Butch Renfroe, Communications Technologies Specialist,
  butch.renfroe@arumc.org, 501.324.8006
- Martha Taylor, Marketing & Training,

CHILDREN'S MINISTRIES, CONFERENCE COUNCIL

The Conference Council on Children's Ministries' (CCCM) two main ministry goals continue to be to connect/network people involved with children's ministry throughout the state and to equip those people for ministry in their local congregations.

Through connecting and equipping children's ministry leaders, we are able to provide a wide base of support, accountability and information to more people. The more knowledgeable leaders are about available resources and current educational methods, materials and programs available for children, the more effective they will be in their ability to reach children and families for Jesus Christ.

CCCM meets monthly via web conference. In December 2012, the Council met for an extended face-to-face planning and visioning session. From this meeting, five year goals were established. Goals included the following:

1. Establish regular district gatherings of people serving in children's ministry.
2. Increase the use of technology to include social media and possibly a video channel.
3. Sponsor a children's ministry training retreat in 2014 at a conference camp.
4. Sponsor an Arkansas Children's Ministry Conference.
5. Establish an Arkansas chapter of Christian Educator's Fellowship.
6. Feature stories of people on the CCCM website from 50% of the children's ministry programs in the state about how children's ministry has touched and changed lives.

The Council expanded the number of Regional Vacation Bible School training opportunities from three in 2012 to five (one in each district) in 2013. The total number of VBS mini-grants awarded increased as well allowing a larger number of small attendance churches to offer VBS in their communities.

During 2013, the Council also collaborated with the Fellowship of United Methodists in Music and Worship Arts to sponsor the Children's Choir Fest, Methodist Family Health to develop a VBS mission curriculum and Camp Tanako to help advertise various camps.

CCCM maintains the following sites for connecting and equipping children's ministry leaders throughout the state.

CHRISTIAN UNITY AND INTERRELIGIOUS CONCERNS

Christian Unity and Interreligious Concerns (CUIC) is part of the Conference Board of Global Ministries. The committee does the following:

- advocates work with other churches and faiths to build better trust;
- encourages cooperation between churches and faiths in various projects;
- works toward better communication with people of all faiths, and
- encourages dialogue with all persons.

The CUIC continues to support our membership in, and financial support of the Arkansas Interfaith Conference, which is changing its name to Interfaith Arkansas. Each year at the annual conference, we recognize an individual and a church/organization who best exemplifies work through ecumenical and interfaith dialogue.

CROSSING JORDAN MOVEMENT ACADEMY

"When they had crossed, Elijah said to Elisha,
"Tell me what I may do for you, before I am taken from you."
Elisha said, "Please let me inherit a double share of your spirit."
***2 Kings 2:9** (NRSV)*

The Crossing Jordan Movement Academy seeks to provide a mechanism by which skills and abilities might be transferred from older African American clergy to young clergy in their first or strategic appointment. The steering committee is made up of both laity and clergy and serves as guides for those participating in the components. Funded by the Arkansas Methodist Foundation, the General Board of Higher Education and Ministry Ethnic Minority Self-Determination Fund, and Ethnic Language and Ministries Committee, the group has provided peer and senior mentor components to strengthen the ministries of those involved.

The last two years the process has been co-led by retired Bishop Felton May and the program director, Rev. Maxine Allen. In 2013, additional senior mentors include: Rev. William Robinson, Rev. Chester Jones, and Rev. C. E. McAdoo. Each participant must commit to a MINIMUM of the following:

- 1-one ½ day meeting per quarter
- 1 – event per quarter (usually a full day held in connection with peer group meeting)
- This year a ½ day site visit with Bishop May and one of the Senior Mentors and in some cases with the director will be required.
- Complete all reading and writing assignments as noted on the schedule and ***come prepared and be able to share*** assignments in the peer group session assigned.
- Write a ***Peer Group Covenant Statement*** to be shared with their District Superintendent and the director.

Each participant completed the following reading components:

- Forbes, James A. Jr., *Whose Gospel? A Concise Guide to Progressive Protestantism*, The New Press, 2010
- Hampton, Jeffery B., *Meditations in Black and White: Beyond the Comfort Zone*, Parkhurst Brothers Publishers, 2012 (Can be purchased via http://jefferybhamptonbooks.com/)
- McMickel, Melvin, Audacity *of Faith: Christian Leaders Reflect on the Election of Barack Obama*. Judson Press, 2009
- Powe, F. Douglas, Jr., *New Wine New Wineskins: How African American Congregations Can Reach New Generations*, Abingdon Press, 2012
- Schnase, Robert, *Remember the Future: Praying for the Church and Change*, Abingdon Press, 2012

In 2013 a new grant was received from the General Board of Higher Ed and will support (1) site-visits to be made to each of the Academy participant's location conducted by the senior mentors and the director as well as some additional one-on-one coaching. The site visit should include but may not be restricted to:

- An interaction with laity and senior pastors (if associate)
- A tour of the building and grounds
- A reflection on how your ministry is impacted in by the physical location, and demographics

(2) we will seek to support local pastors requesting coaching and support in their mission field locations.

Participants were also funded to attend local, jurisdictional, and general church continuing education events with the purpose of enhancing their ministry. Most of the pastors do not have any continuing education funding allocation within these small church budgets.

We anticipate continued work with the Center for Laity and Clergy Excellence as we work with one of the targeted populations that need additional support within the Arkansas Conference. Our prayer is that like Elisha, these pastors will pick up the mantel of the senior mentors and move forward to a God-powered more effective ministry.

ETHNIC AND LANGUAGE CONCERNS COMMITTEE

The Committee on Ethnic and Language Concerns shall collaborate with the existing structures of the annual Conference in order to implement, evaluate, and update the Annual Conference of its comprehensive plan as it relates to ethnic issues.

The Committee will consult with and assist other conference entities in training and implementation of matters related to ethnic local churches. The committee shall maintain the connectional relations mandated by ¶632 and ¶654. Additionally, this committee shall be charged with implementing all General Conference emphases related to:

- National Hispanic Plan
- Strengthening the Black Church for the 21st Century
- National Korean Ministry Plan
- Native American Ministries (¶654)
- Other ethnic programs emanating from the General Conference.

Now, to accomplish this new thing, we commit to do church differently and make disciples of Jesus Christ by covenanting to become Acts 2 disciple-making congregations which are Spirit-led, Spirit-filled and fruit-producing.

Since we are a new committee, we have an awesome opportunity to truly Imagine Ministry in our diverse context. So that we may be faithful and fruitful, we have committed to:

- Focus all activity on Christ (1 Corinthians 12:27).
- The congregation is organized to make and engage disciples of Jesus Christ for the transformation of the world (Matthew 28:18-20);
- Call, equip, and release disciples to pursue their passion and use their gifts to glorify God (Ephesians 4:11-13);
- Call, equip, send and support leaders to lead disciples (Mark 1:17);
- Lead disciples to meet the spiritual, social and physical needs of those in the community and world; and produce Acts 2 fruit (John 15:8, 16 and Acts 2:41-47).

This no easy task since in the past we have only organized by our ethnicities, in this new structure we have been reorganized with five (5) district representatives. Each of the representatives reflects ethnic groups in our conference (Black, Asian, and Native American) but their representation on the committee is not to be a representative of their respective ethnic group but to be a representative of

their respective district. This is truly a paradigm shift but I am confident this shift will make us more faithful and will strengthen our connection.

Our inaugural event for this committee was the Ethnic Summit entitled We Are One. The Reverend Dr. Sharma Lewis was our keynote speaker. We were also blessed by presence of the Central District Superintendent, the Rev. DeDe Roberts and our resident bishop, Bishop Gary Mueller. Their presence was very much appreciated and said to us that they are not just behind us in our work but are with us in our work and for that we are thankful.

At this event, we were changed and challenged to rethink and retool for ministry. To work as colleagues and partners and not competitors. There was a clergy session lead by myself to discuss the new goals for our ministry and to discuss ways in which clergy can work together to provide resources and expand our ministries collectively and individually.

The Laity Session was led by Ms. Deborah Bell with an emphasis on defining the work of our committee and how can we recruit and enlist more ethnic lay coaches that can be utilized for the strengthening of our congregations.

The Rev. Maxine Allen served as our registrar and led the sessions explaining our new grant cycle and application process.

As it relates to funding, funding is now distributed in two areas: Mission Field Ministry Grant and Scholarship Assistance.

The Mission Field Ministry Grant is programmatic in nature and assists Ethnic Churches in impacting their mission field.

We have consolidated all of the scholarship funding into five $2000 Scholarships which are competitive in nature and support students in undergraduate and seminary work.

The Committee on Ethnic and Language Concerns will continue to be reflective, committed and passionate in its effort to address/meet the concerns of the Ethnic Local Church, the strategic initiatives of The United Methodist Church in Arkansas and responsive to the "Imagine Ministry" initiative in fulfilling the greater mission of spreading the good news of the gospel, making disciples of Jesus Christ thought out the world.

In closing, we are very grateful for our conference staff person, the Rev. Maxine Allen. Her gifts and graces among us really is the driving force of our ministry within this committee.

Grace and peace,
Rev. Ronnie Miller Yow, Chair
Committee on Ethnic and Language Concerns

HIGHER EDUCATION AND CAMPUS MINISTRY

United Methodist campus ministry in Arkansas is an extremely important focus and resource for "making disciples of Jesus Christ equipped to transform the world with excellence and passion." Campus ministry provides the opportunity to meet students who are coming into adulthood and making faith and value and vocational decisions. A ministry to, with and among students is critically important in the lives of these students. Disciples who are formed now will continue to impact The United Methodist Church and the wider world. Campus ministry is a very important experience in which Christians leaders, both lay and clergy, are being formed. Experiences of students in campus ministry can be critical to shaping and forming a passion for ministry, which can last and grow over a lifetime.

United Methodist campus ministry in our time is important for another reason, which is tied to our Wesleyan way of discipleship. Bob Beckwith is the director of the Wesley Foundation at the University of Georgia, which is one of the largest, if not the largest, and most comprehensive Wesley Foundation ministries in the United States. He recently made this statement in which he addressed the strong resurgence of Calvinism among many younger church leaders in the U.S. Beckwith said, "The rise of Reformed theology means that the Wesley Foundation is the primary and often only Arminian voice on a college campus. When God's glory is emphasized over God's love and God's grace, the whole gospel is not proclaimed. We have an important perspective to share."

The state of Arkansas continues to languish at or near the bottom of the country in the percentage of college graduates at approximately 20%. We continue to have at most of our state colleges and universities a very high percentage of first generation college students. Campus ministry is an important place of building community and finding mentors in the college experience. On several of our college campuses student development staffs have taken a very aggressive stand toward increasing Greek life as the path to increased community on the campus. Campus ministry provides a rich alternative to the Greek life for some students and a significant complement for others. Another reality of United Methodist campus ministry is the declining number of United Methodist youth. Also the graduates of United Methodist churches in Arkansas have more and more options following graduation including colleges out of state and community college in addition to traditional four year public and private colleges. To imagine campus ministry as a gathering of the United Methodists students alone has not been what campus ministry is for a long time. Now more than ever campus ministry is a ministry of evangelism and outreach. Another important challenge is our work is the changing face of higher

education. The rise of the place of community colleges in higher education and the development of an institution like the University of Arkansas-Fort Smith to a four year college present exciting challenges for beginning new campus ministries. Quite frankly these are very few effective models for such a ministry. However, the BHECM and Wesley Foundation directors have a desire to help such ministries begin.

At this time United Methodist Campus ministry in Arkansas includes Wesley Foundations at Arkansas State University, Arkansas Tech University, Henderson State University and Ouachita Baptist University, Southern Arkansas University, University of Arkansas-Fayetteville, University of Arkansas at Little Rock, University of Arkansas at Monticello, University of Arkansas at Pine Bluff, and the University of Central Arkansas. These are also chaplains and a program of campus ministry at Hendrix College and Philander Smith College. Also there are church-based campus ministries on the campuses of the University of Arkansas-Fort Smith, University of the Ozarks, and Lyon College. There is a fledgling effort beginning at ASU-Beebe.

The relationship between the Arkansas Conference and its predecessors presents an interesting story. In both the North Arkansas and the Little Rock Conferences there is a long and rich history of campus ministry. Since the formation of the Arkansas Conference in 2003 the relationship between the BHECM and the campus ministries has been like an untended vine. In spite of the lack of attention to this relationship growth and fruit in campus ministry has occurred.

Core measure one seeks to reclaim our scriptural and Wesleyan rootage in an effort to "…revitalize our connection and ministry instead of being connected by our apportionments, and benefits." There is a deep and abiding desire on the BHECM and among campus ministers to do this. What might it look like to experience campus ministry as a shared ministry partner? What might it look like to discover shared outcomes, expectations and vision for this shared ministry with young adults? What might it look like to have clarity in these common understandings of the shared ministry?

An important goal of our work in regards to the relationship and connection of the Conference and campus ministry is to gain clarity about shared vision, goals, assumptions and support. Campus ministry in Arkansas as it has evolved rest on several practices and/or assumptions.

1) The normative model for a Wesley Foundation is to have a fulltime campus minister (Exceptions to this are SAU, UAPB and UALR. There are a variety of reasons for this variance).
2) Wesley Foundation directors are appointed by the Cabinet. (We are interested in helping to discover a way to build a cadre of possible campus ministers for the future).
3) A clear list of shared expectation for which a campus minister is to be accountable does not exist.

These assumptions and practices need to be examined and clarified and then our assumptions and principles for campus ministry stated.

As stated earlier there is a deep desire to build the connection between campus ministry and the Conference. There is interest in understanding the place of campus ministry as a resource in the wider ministry plans in Districts and the Conference as we address disciple-making in our wider mission fields.

There is a profound gratitude on the BHECM and among campus ministers for the financial support of the Conference. A review of the budgets and balance sheets of the Wesley Foundations allows one to realize quickly the critical nature of the Conference funding in the supplying of resources for our ministries on the campuses.

The second Core Measure seeks, "To establish the mission field as the primary place for our attention and resources...". Today's campus is a mission field with extraordinary opportunities for ministry. Our Wesley Foundations stand as mission stations in the complex world of the college campus today. Our campus ministries offer a full range of experiences including, worship, service and outreach, fellowship, leadership development and praxis, study and learning and mentoring, and peer conversation. Students have the opportunity on their own as adults to claim faith and a life of discipleship. Especially important is the ability to learn about vocation in the context of discipleship. This ministry and passion will be lived out as both lay persons and clergy persons.

Campus ministers regularly work with young adults. Young adults as a group are among those

persons our churches find difficult to reach. Campus ministers stand in that gap as a witness. We also may discover they can help to teach the wider church about new, vital ways to be in ministry with young adults.

Part of the work of the BHECM and campus ministries in 2013 and 2014 is to better understand the uniqueness of each campus as a mission field. We will be doing significant work developing and implementing tools to better understand that particular campus.

Core measure three calls us to "equip laity and clergy for shared outcomes of transformation with excellence." Developing a new generation of principled Christian leaders who experience lives as disciples of Jesus Christ is a central work of campus ministry. Students are able to claim a life of discipleship and to grow and develop as a disciple. What are often described as "programs" are more accurately venues and opportunities to worship, study, discover, explore, lead and serve. Stories of such lives of discipleship are present in all of our campus ministries.

The fourth core measure is a very exciting part of our work. It states, "Organizing our ministry around the unique geographical, cultural, demographic and ethnic context in the identifiably mission field instead of treating every church, District and Conference structure the same." One of the great unexplored parts of the work of the BHECM is to understand the unique context of ministry for the various campus ministries. The context of the campus and its culture and the gifts of the director or chaplain and the staff and student leadership are integrally tied to the model and outcome of ministry. The very model of ministry on a campus is part of the complex interaction of the culture of the campus, and the leaders and students involved.

Finally, we are committed as we move forward to telling our story more fully and clearly and building the relationship between the Conferences and its constituents and the ministries on our campuses. We are beginning to describe ministry in terms of discipleship and in terms of inputs, outputs and outcomes. Inputs are the resources of money and people which go into a ministry. Outputs describe what happened. Outcomes are about the differences it makes.

Challenges abound, but only in equal part to the opportunities to be in ministry for Christ's sake.

Much of the work we are beginning in 2013 will continue in 2014.

1) We will provide a full range of campus ministry in its current settings, the nine Wesley Foundations, Hendrix College, Philander Smith College, UA-Fort Smith, University of the Ozarks and Lyon College.
2) Continue to develop accurate assessment of what is happening in campus ministry
   a. Program reports and descriptions, including inputs, outputs and outcomes.
   b. Facility audit
   c. Make sure business is in order (bylaws, deeds, safe sanctuary)
   d. Staffing including keeping campus ministers sharp and focused and training staff and leadership teams.
3) Explore new venues and models for community colleges
4) Assist in board development including fund raising and board purpose
5) Improve ways to tell our story
6) Explore long term funding needs and strategies
7) Publicize United Methodist Scholarship and loan opportunities and promote Student Day Offering.

The BHECM spent a great deal of time in our November 2012 meeting wrestling with how to divide equally and appropriately our funding for 2013. In the final decision each of the nine Wesley Foundation will receive $76,793 and $10,000 was allocated to assist with and to begin work on other campuses (not HC or PSC). BHECM will receive $2,000 for operations and $10,000 will be used to begin a campus ministry endowment of UMFA. This decision is pending CFA approval. Otherwise the money will be used to develop long range funding strategies not in direct allocation.

The discussion was difficult and fruitful. The decision to continue funding the Wesley Foundations at similar amounts was not an easy one. Considering a variety of factors, this seemed to be a good decision at this time. As we move forward in search of the most equitable and appropriate funding plan to facilitate the mission and ministry of making disciples the following guide us.

1) Define principles, assumptions and expectations for campus ministry and its connection to the Conference.
2) Define principles for a ministry and mission driven funding rational.
3) Develops the local and regional support for campus ministries.
4) Claim the pros and cons of the current approach to funding.
5) Recognize there is a history to how we are currently funding the Wesley Foundations. This is in many ways a continued conversation which results from the unification of the Conference.

The Board of Higher Education and Campus Ministry is grateful to the Arkansas Annual Conference for the financial support you share. We look forward to continuing to build ministry connections with local churches as together we engage disciple-making ministry in the mission field we know as Arkansas.

Respectfully submitted.

HOLINESS OF HEART AND LIFE
THE NETWORK OF DISCIPLESHIP AND MISSION

In January 2012, The Arkansas Conference started an innovative and transformational way of doing ministry. The Imagine Ministry team through prayer, study, open questions and one another dared to dream of a web tool that would be relevant, connectional, renewing, spiritual, educational and accessible to all across the state of Arkansas. The inception of The Network of Holiness of Heart and Life came out of these meetings. With prayerful visioning the Imagine Ministry Team conceptualized what we will now call "The Network."

The purpose of "The Network" is to have a web based platform where laity, clergy and Conference staff can share experiences, encourage discipleship, generate discussions, build awareness, link to resources, discuss social justice and mission opportunities, create accountability groups and promote involvement. Knowing that many of us have a wealth of experiences, this platform will enable us to share that knowledge and encourage other in a truly connectional way.

The hope is to connect every church in Arkansas through this network by teaching each other to do missions, evangelism, stewardship, spiritual formation and liturgical experience. Also through "The Network" there is the opportunity for us, the people of the United Methodist Church of Arkansas, to involve each other through pray and study, link people and groups together with like-minded goals in mission and ministry, and to connect and partnership with other congregations, business, on-profits etc. Whether you are a large or small church "The Network" will be a useful tool to become a more connectional conference in all that we do.

For the smaller churches this will enable you to pool resources for ministry, outreach and personal study by partnering with other area churches or groups. For larger churches you too will be able to partner and expand with others by sharing your resources and knowledge.

"The Network" is being headed up by a lead Facilitator with four other facilitators from each district in the state and our Wesleyan Scholar, the Reverend Andrew Thompson, will lead in discipleship area. There will be areas for groups such as spiritual formation, age appropriate groups (youth, children, seniors etc.), ethnic studies, VIM, Walks to Emmaus, etc. All information will go through the lead facilitator for publishing. "The Network" will work closely with The Center of Technology and The Center for Clergy and Laity Excellence in Leadership.

"The Network" will follow the four core measures by:

1) Rooting all we do in our understanding of Scripture and personal and social holiness.
2) Establishing the mission field as the primary place for our attention and resources.
3) Equipping laity and clergy for shared outcomes with excellence.
4) Organizing our ministry around the unique geographic, cultural, demographic, and ethnic context in the identified fields.

IMAGINE MINISTRY: VISION, MISSION, CORE MEASURES

RATIONALE

The Vision, Mission, and Core Measures are the foundation of the Imagine Ministry challenge. They are the compass which guides us through the wilderness of deep change. Therefore, we want to express them as clearly as possible and take them very seriously.

The original statements of the Vision, Mission, and Core Measures were worked out as part of a two-year process of learning by the Imagine Ministry Team. These statements were adopted by the Arkansas Annual Conference in 2011. In the fall of 2012, charge conferences across the state discussed these statements. What we discovered was that many churches struggled to relate the Core Measures to their local mission field. Therefore, while affirming the fundamental value of the ideas behind the Vision, Mission, and Core Values, we do not believe they are written in stone. So we have attempted to re-state them in a more helpful way.

We want to maintain continuity with what has gone before, yet keep the conversation moving forward. Therefore the Vision is only slightly reworded, and the Mission is exactly the same. We re-stated the Core Measures in similar form as we have had, but we changed some of the wording to express the same thoughts in a simpler way.

The primary new thing is to state the core measures in question form, preserving the "instead of," but expressing them in a way that invites further discussion. We have also added a scale so individuals or groups can assess how they are doing. The scale communicates that we are all on a continuum of change. The question is stated not just to ascertain willingness to think/act in new ways but to ask "how" we are doing new ministry work.

VISION

Congregations and surrounding communities transformed by the Holy Spirit to demonstrate love of God and neighbor, holy living and justice.

MISSION

To make disciples of Jesus Christ equipped to transform the world with excellence and passion.

CORE MEASURES:

Measures we will use to evaluate the deep change necessary to make disciples of Jesus Christ and transform the world:

Core Measure #1

We will be enriched by our Wesleyan heritage of Scriptural holiness so that we are connected by our mission of making disciples instead of being connected by our apportionments, appointments, and benefits.

A Core Question

Instead of being connected merely by appointments, apportionments, and benefits, how can we create missional connections that revitalize our ministry?

A Core Measurement

In our recent work, to what extent have we:

1 2 3 4 5 6 7 8 9 10

Focused on our institutional connections? — Focused on our missional connections?

Core Measure #2

We will establish the mission field as the primary focus of our attention and resources instead of directing the majority of our attention and resources to mere maintenance of congregations and clergy.

A Core Question

Instead of giving priority to the maintenance of congregations and clergy, how can we direct our attention and resources to the mission field?

A Core Measurement

In our recent work, to what extent have we:

1 2 3 4 5 6 7 8 9 10

Given priority to maintaining congregations and clergy? — Focused our resources on the mission field?

Core Measure #3

We will equip laity and clergy to transform individuals, communities and the world instead of trying to satisfy the personal preferences of current members and ensure congregational preservation.

A Core Question

Instead of directing resources toward congregational preservation and satisfaction of current members, how can we fulfill our purpose to make disciples and transform our community?

A Core Measurement

In our recent work, to what extent have we:

1 2 3 4 5 6 7 8 9 10

Focused on personal preference and preservation? — Equipped clergy and laity for transformational ministry?

Core Measure #4

We will address the unique context of each mission field instead of depending on standardized programs and structures.

A Core Question

Instead of depending on standardized programs and structures, how can we pay attention to the unique context of the mission field?

A Core Measurement

In our recent work, to what extent have we:

1 2 3 4 5 6 7 8 9 10

Depended on standardized programs and structures? — Paid attention to the unique context of our mission field?

LAITY - BOARD OF LAITY

The Arkansas Conference Board of Laity is made up of the Conference Lay Leader, the district Lay Leaders and the Conference Director of Lay Speaking Ministries. The board's most important work includes fostering an awareness of the role of the laity within the local congregations, promoting and developing programs to cultivate an adequate understanding of the theological and biblical basis for lay life and work , and providing support and direction for the ministry of the laity on the local, district and annual conference level.

The Board of Laity's focus in 2013 has been on developing a working relationship between the lay leaders, Lay Servant Ministries, and the new Center for Excellence in Clergy and Lay Leadership. Together we want to strengthen the connection in the Arkansas Conference, and provide leadership development and educational opportunities for the laity in Arkansas. Specific courses or events are still being discussed and will likely be implemented in 2014 and beyond.

All Christians are called by God, and our board wants to emphasize partnership in ministry so we work as a team, clergy and laity together, leading the church in the ministry we are called to share. A team approach can form a motivating, vital vision for ministry and enable congregations to effectively perform the work of the Gospel in their community.

LAY SERVANT MINISTRY
2013 and Beyond

The 2012 General Conference changed the way we have been doing things and gave us a new name and position. Change is sometimes met with suspicion and confusion so I would like to share as much information here as I can.

The term "Lay Speaker" has been used for many years , and usually was thought of as "Pulpit Supply". It has been said that there are a lot of United Methodists that will not take the training because they do not want to be in the Pulpit. General Conference made changes that will assist in getting those people into our training classes that want to be trained to serve in the many other functions of the church.

- WE now have the "Local Lay Servant " position instead of Local Lay Speaker (will be able to serve the local church in whatever capacity available for them , including filling in for their Pastor). (Must have taken the "Basic " course.)
- We now have the "Certified Lay Servant " position instead of the Certified Lay Speaker (will be able to serve the local church and also the extended church in whatever capacity that is available for them , including filling in for local Pastors and other Pastors in the connection. (Must have taken "Basic and one "Advanced class"
- We now have the new position of "Lay Speaker" which is a new "track" inside the Lay Servant Ministries Program (we retained the name " Lay Speaker" for this position) that requires 1 basic and 5 specific advanced courses as required by General Conference Legislation. Those course Categories are : Worship , Prayer , Spiritual Gifts, Preaching , UM Heritage and Polity.

Each of these positions (except the Lay Speaker position , which requires more), require at least 10 hours of classroom time every three years or specific alternate courses of equivalent service to be used only once every three years, to stay in the program. If a person delays coming to class for three consecutive years , and does not use one of the Alternates (one year only) , then they will be dropped from the program and will have to take the "Basic" class if they return at a later date. The Lay Servant / Lay Speaker will be recommended by the Pastor of the local church where their membership is held and by a vote of the local charge conference. (Charge Conference Form)

Upon requesting to enter the new Lay Speaker Track - , persons applying to become a " Lay Speaker" will be examined by the District Committee on Lay Servant Ministries (DCLSM) or equivalent structure and recommended to the Conference Committee on Lay Servant Ministries (

CCLSM) or equivalent structure for "Approval". The "Lay Speaker" must apply for Re-Approval" (we do not use the term "certification here") and appear before the District Committee on Lay Servant Ministries (DCLSM) or equivalent structure (at least) every three years and receive the endorsement of the local church charge conference.

Under the 2012 General Conference Legislation , the Lay Servant Ministries Program is a Laity driven , Laity led program and the District and Conference Directors "shall" be Laity. We have several Clergy helping and directing the program now , and I hope that we can find competent Laity that will become "Directors" of the District Program and then our Clergy will continue to "partner" with them and strengthen the program. WE certainly need the "buy-in of all of our Bishop, D.S.`s and our Clergy if we are to succeed.

The Conference District Directors and myself have several goals that we have set for 2013:

1. Update / refine our Lay Servant Ministries Database in each District and the Conference
2. Provide training in each district that advances the training requirements set out in the 2012 G.C Legislation
3. Establish a common computer program to be able to be used among us for record keeping.
4. Establish our own webpage "linked" to the ARUMC site , and maybe a "Facebook" page?
5. As you can see we have a lot to prepare for this year. I would hope as we plan our classes this year and beyond that we would be aware of the needs of any who would continue on to be "Lay Speakers " in this new legislation, as well as those who might just want training for local church service.
6. We also need to strive to include all of our ethnic brothers and sisters in our training. We do have several courses that are written in ethnic languages, we just need to schedule classes for them.
7. As with anything else , I believe in "getting on board" and doing what the Church calls us to do and I know each of you will assist our District Lay Servant Ministry Directors in doing that.
8. Due to the requirement of 10 hours of one-on-one classroom type training , and outside reading assignments as needed , we have re-visited our "Approved" list of Alternate classes / events per that requirement , and as a result we now have a new list for 2013 as follows:.

   2013 Approved list of Substitute Service for Certified Lay Servants only (to be used only once in three years) : Walk to Emmaus , Mission u , Disciple Bible Studies, Stephen Ministry, Hendrix College Religious Ed. Programs , and our new Center of Laity Excellence Courses

We will also be voting at Conference this year to approve a Constitutional "Name Change" for Director of Lay Speaking Ministry to Director of Lay Servant Ministry. This is required by the General Conference Legislation of 2012. **(please vote –YES)**

LEADERSHIP TABLE

Following the adoption of a new Conference structure in 2012, the Leadership Table emerged as a new entity, mandated by the Imagine Ministry process. This structure gave the various elements of the Conference structure both greater authority and greater accountability. It has been a year of learning and discovery.

The Leadership Table – made up of representatives of each of the Conference entities -- organized to provide a forum for the various committees, commissions, boards, and councils of the Conference

to develop cooperative networks.

Guided by the Conference mission and with guidance from the Imagine Ministry team, the Leadership Table encouraged its constituent bodies to develop partnerships to explore new strategies for disciple-making. The Centers and Network provide both guidance and support for this work.

Much of the work of the Leadership Table occurs between formal meetings, as these networks and liaisons discover ways of moving from the silo-like approaches of the past to the challenges of being a faithful Church in the twenty-first century.

NEW CHURCH STARTS

Bob Crossman, Minister of New Church Starts

The Arkansas Conference began its current initiative to start new churches in 2004.

Today we have fifteen new churches: Christ UMC in Cabot; Living Water/Centerton UMC in Centerton; Grace UMC in East End; Vietnamese UMC in Fort Smith; Woodlands UMC in Fort Smith; Agape UMC in Springdale (2nd campus of First UMC); Christ Way UMC in Jonesboro; Journey Hispanic Mission UMC in Fort Smith; Argenta UMC in North Little Rock (2nd campus of First UMC); Waltreak UMC in Waltreak, Arkansas; FaithSpring UMC in West Little Rock; Canvas Community UMC in downtown Little Rock; Vietnamese UMC in Van Buren; The Crossing UMC in Russellville (2nd campus of Wesley UMC), and Victory UMC in Forrest City.

One of the things we have learned in the past eight years is that church planting is hard work. The planting pastor, the planter's family, and the initial group of laity spend countless hours inviting, knocking on doors, networking: contacting family, friends, neighbors, schoolmates, and co-workers. They tell the story of Jesus and cast the vision of the new church countless times in as winsome a way as they can. Sometimes the mission field responds in positive and fruitful ways. The small group grows from ten to twenty to forty. A potential worship site is rented. Teams develop hospitality, nursery, children's ministry, discipleship systems, and music. Pre-view events are tested in the missionfield. The group grows from forty to sixty to eighty, and plans are made to publically launch worship.

This is hard work. Reflecting the imagry of Luke 8, sometimes the "soil" of the mission field is rocky, sometimes the soil is filled with thorns, and sometimes the soil is good and it yields a harvest a hundred fold or more.

This was the work of our early circuit riders, who travelled across Arkansas starting in 1816 looking for crossroads where a merchantile store, school, or post office existed. The circuit rider would visit from house to house in that village, preach from the post of the merchantile store, and gather a small group of laity together. Most of the 700 United Methodist Churches in Arkansas have such a story in their history - the story of a small handfull of faithful families who initially connected with a circuit rider to form a new faith community.

A second thing we have learned is that because of the changing demographics of Arkansas - there is a growing need for new faith communities to reach more people, more younger people and more diverse people for Jesus Christ.

The challenge before us as we prepare for the next generation of new faith communities is to learn from our successes and failures, both here in Arkansas and across the country so that we might plant stronger, healther, and more fruitful churches that reach more people, more younger people and more diverse people for Christ.

AS WE MOVE FORWARD,
HOW SHOULD WE START NEW CHURCHES IN THE FUTURE?

In the winter of 2011, a consulting firm was engaged to review our church planting history and make recommendations for the future. Among their recommendations:

1) **Create a Culture of Faith & Expectation For New Growth**
With the commitment to start new churches comes the inevitable rejoinder, "what if it fails?" Some would insist that failures are unacceptable. By its very nature, church planting is a "by faith" enterprise and therefore essential to the faith journey of every conference.

Additionally, the "Call to Action" has mandated conferences to launch more new faith communities, not less, Avoiding failure proves counter-productive to God's people. The Bible contains numerous narratives involving people of faith who tried to avoid failure, but were stretched immeasurably as they stepped out of their comfort zone. Such a "cloud of witnesses" surrounds the Arkansas Conference and any group that ventures to obey God in the missional enterprise of reaching new people. It must be noted that in the Kingdom, it's impossible to have a "success only" policy.

2) **A Dedicated Person to Oversee the Supervision Process**

Some conferences across the Connection have reduced conference positions. The downsizing of some positions appears warranted. However, virtually every time a conference eliminated the position of New Church Director, and handed new church responsibilities back to the districts, church planting efforts have ceased...

3) System & Policies

The Arkansas Conference has developed an exemplar process of assessing, training, and coaching new church start pastors. To resource the cabinet in its decision making about placement of new church clergy, we have a trained assessment team for evaluating candidates for new churches. They serve to resource the cabinet in evaluating "readiness" to plant a new church.

In the future, particular emphasis needs to be on a candidate having a "proven" track record of bearing fruit in reaching new people. It is better to wait for a viable candidate than to appoint someone who lacks the essential the gifts and graces.

Assessment and proper vetting is particularly important when recruiting a planter from another denomination. Extensive background checks and a proven history of growth are needed.

4) A Significant NEW Trend: "Adoptions"

With the decline of many existing churches due to leadership or resources, one emerging strategy in church planting is for vital congregations to "adopt" anemic ones that cannot survive on their own, but find themselves located in an active and abundant mission fields. In these cases, the DS and Conference Director work to have the vital church "adopt" this congregation and bring them under their care. The under-resourced church actually votes to surrender itself to the care of the "adopting" church. All boards and committees disband and the congregation becomes part of the adopted church community. They no longer "manage" their building. The vital church provides resources for the worship service, including clergy oversight and worship music. Often time, the adopting church adds a retired clergy to provide pastoral care, including home visitation to the remaining congregation. The adopting church starts another congregation in the building to reach the mission field. This brings hope to the existing group. They begin to see their church's legacy renewed.

More and more conferences have utilized this strategy with great success.

5) Work with Missional Congregations:

Because the "parachute" model of planting (dropping a person unfamiliar to the area and starting from scratch) is effective only 10-12% of the time, the healthier model is for larger, vital churches to launch daughter congregations, start extension campuses or "adopt" smaller, struggling sites. But for this healthy model to be effective, the senior pastor and the congregation of the "mother" church must have a heart for others and being willing to share resources, people and income.

It is recommended that the conference spend significant time and energy identifying and meeting with missional congregations in the conference to develop this sense of vision and mission and "heart" for others.

The senior pastors in these congregations hold the key. Regardless of congregational buy-in, if the senior pastor is not personally called, actively engaged, and functioning as an advocate, the project is doomed. The conference should have regional and one-on-one meetings with strategic congregations for honest discussion, for painting the picture of multiplication and to challenge pastors and congregations to multiply.

This work will need to be intentional and long-term as many pastors of large congregations seem fixated solely on their congregations and appear not to value the multiplication of the

church.

6) Preparing a Region:

It is always dangerous to underestimate the "institutional resistance" to a new church start from other churches of the same denomination.

Before the selection of new church site and long before the selection of a planter, the district superintendent, needs to spend great amounts of time working with existing UMC churches in the region to lower the institutional resistance. This conversation should include:

- Addressing the "scarcity" mentality. Often, existing churches think there are only a handful of "un-churched" people in the region and feel threatened by a new start. A reality check is needed to show that in fact, there are many un-churched people.
- Addressing the "stealing our members" syndrome. Often, existing churches have an irrational fear that a new church will steal their members, when in fact, no one is ever "stolen"; adults choose a church based on relationships and people will be loyal to a congregation where they have found purpose and meaning.
- Promise and deliver training and coaching for the existing churches so they can grow right along with the new church plant. Existing churches should be offered Turnaround Boot Camps, discipleship training, stewardship work, etc. The concept is that the conference wants the entire region to grow and that a "rising tide lifts all boats".
- Invite existing churches to offer their members gifts and services to a new start. This practice is often called "rent a member." It means that current congregations lend their members to a new start for a specific period of time. Rather than being "stolen" these members return to their church with a new excitement having worked with a new start and they lead the existing congregation in new paths of reaching others as well.

7) Recruiting and developing Hispanic and African-American Leadership:

Twenty-six percent (26%) of the new church starts (2004-2011) were in a non-Anglo context. As the demographics continue to change in Arkansas there will be a growing need for more pastors for racial/ethnic new starts. For example, the "Delta" region of the conference is filled with communities that are predominantly African-American but there are few available and qualified African-American pastors to staff existing congregations or start new ones. The conference will need to begin an intentional process of recruiting and encouraging new leadership. Many of these leaders will not take the traditional route of years of seminary, and alternative training for lay leaders, pastors with local authorization, and bi-vocational pastors will be needed.

8) Coordination between the Conference Director and the District Superintendents:

It is critical for the Conference to have all new starts church coordinated by the Conference Director's office and to have a strong partnership in all starts with the DS. The Conference Director and DS must act as one voice to the new start and to the churches in the region.

When an existing church offers resistance, or the senior pastor of a "mother" church withholds support, such actions must be challenged immediately. For this to happen the Conference Director and DS have to be in tune with one another. If the Conference "system" isn't coordinated, new starts suffer. Those Conferences that produce the most effective new church starts are all on the "same page" from the Bishop, to Conference Staff to District Superintendents. Because the Conference New Church Development position is relatively new, there is work still to be done in the Conference to make new church starts part of the "DNA" of the Conference.

To clarify, the District Superintendent supervises all new churches in their district. All decisions belong in their hands. The role of the Conference New Church Director serves to "resource" the DS at all times, providing help with selection, demographics, training, and ongoing coaching.

9) Benchmarks:

It is critical that every new start know its benchmarks and for the Conference to hold the new start to those benchmarks. It is tempting to keep extending starts hoping that they will turnaround. Not every start will be a success. It is only good stewardship to pull the plug when a new start isn't working.

10) Second Pastors of New Church Starts:

Fact: never underestimate the vulnerability a new church feels over the loss of their "founding pastor." When a new pastor follows the "Founder", this proves quite traumatic to a young congregation. Appointing a pastor to this situation is quite different than appointing a pastor to an existing congregation. Careful assessment of a second pastor is essential to discern gifts for continuing to keep the new start on a missional focus while also having the gifts to put in place the needed structures of a growing church. Not just anybody has such a skill set.

11) Celebrate, Celebrate. Celebrate:

The Arkansas Conference has a growing new church start movement with many successful church plants. This fact has not been celebrated enough throughout the Conference. Too much emphasis has been placed on a couple of failed starts. What needs to lifted up in conference, district and local church settings is the 2,000 people whose lives have been changed by new starts.

Painting the picture of what has succeeded already, and the many possibilities for the future, will help bring new church starts into the mainstream of conference life. For most Conferences and denominations, new church starts have not been front and center for decades.

During the last eight years, the Arkansas Conference has made significant progress in the area of new churches. Celebrate the foundation that's been laid so that the Arkansas Annual Conference may continue to change lives and transform communities for the sake of the Gospel.

COMISSION ON RELIGION AND RACE

The Commission stated this new four year period with new commission members. So far at this point the commission has been in an orientation and training mode. Our major focus has been centered around the new mandates passed at the 2012 General Conference of the United Methodist Church, which clarified the purpose and the ministry of the Conference Commission on Religion and Race, increasing our roles as vital partners with conference structures and the local church.

Some of the new emphases that our CCORR will institute are as following:

- Creating networks of CCORR members who possess expertise in in training, resource development evaluation and strategic planning in the areas of cultural competency, racial justice and communication and advocacy for change.
- Providing resources and training to the annual conference, particularly for pastors and congregations in the area of Cross/Racial/Cross Cultural ministry.
- Assisting annual conferences to develop programs and policies of racial equity and inclusiveness.
- Partnering with local congregations in communities where demographics are changing in order to welcome those who are not part of the racial ethnic makeup of their congregations.

Each member of the CCORR will select one of these areas and will take ownership of it for the next four years.

Each member of the CORR will work with the District Representative from the Conference Ethnic and Language Concerns Committee membership by conducting meetings with each ethnic and language congregation this year.

The CORR will provide monitoring at the Annual Conference, to make sure that all persons are welcome to the table on committees, boards, and events in the Arkansas area. During this Annual Conference session a new monitoring tool will be used to collect data that will be more of a ministry tool with in the Arkansas Area.

The Chairperson has made contact with various chairpersons that are vital to the ministry of the CORR. The Chairperson has introduced himself and has been engaged in building a network that will better inform and educate all people involved in the ministry of CCORR.

We welcome Bishop Mueller to the Arkansas Area.

SUMMARY FROM MONITORING THE ANNUAL CONFERENCE SESSION: "Overall participation this year as presenters on stage and in the worship services was 8% racial ethnic persons and 92% white. This year floor discussion was not high so it looked like we had about 2% racial ethnic persons speaking and 98% white. The conference attendance of 1,005, 59% ministers and 41% lay, 2% young and youth present and 98% adult and older adult. Overall the conference was 1% racial ethnic persons and 99% white. The videos showed more inclusiveness in the local communities ministries than within our local churches. The Commission will continue to see that our Annual Conference improve this image."

COMMISSION ON ROLE AND STATUS OF WOMEN

The General Commission on the Role and Status of Women was created in 1972. The mission of COSROW is to challenge The United Methodist Church at all levels to work for full and equal participation of women in the total life of the denomination, including ordination of women, equal access to policy-making and recognition that Jesus Christ calls men and women alike to salvation, liberation, discipleship and service in church and society.

Throughtraining, advocacy, research and monitoring, GCSRW:

- Nurtures women leaders in the church
- Addresses gender discrimination
- Confronts sexual harassment and abuse and advocates for victims
- Raises awareness about women's issues and opportunities

Identifies institutional sexism and recommends ways to diminish it (http://www.gcsrw.org/About.aspx)

Great strides have been made in the 40 years since its inception, but there is still work to be done. Recent statistics indicate that women make up 57% of the population in our churches but only 19% of UMC Elders are women.

Arkansas Conference COSROW will continue working to:

- Advocate
- Educate
- Collect data through monitoring
- Collaborate with related committees

Training for Annual Conference Committees was held in Nashville, TN March 14-16, 2013 and was attended by Arkansas Conference Chair and one committee member.

Arrangements are underway for monitoring at Annual Conference in June. COSROW met in January 2013 and will meet 2/3 times this year to plan.

UNITED METHODIST YOUTH, COUNCIL ON

The Conference Council on Youth Ministries has had an extremely successful year. We have planned seven outstanding events. We began the year on August 3rd with the Annual YSF (youth service fund) Lock-In. Youth gathered at Wild River Country in Little Rock for a night of water and fun. Over 6,000 dollars was raised for YSF.

November 9th through 11th Jr. High Refuge took place at Shepherd of the Ozarks in Harriet. 363 youth, from grades 6th to 9th, attended a weekend that provided a safe place away from their every day stressful, school lives that was full of worship and fellowship. This is the largest amount of youth to attend Refuge. The theme, Catching Fire, inspired the youth to be on fire for God.

Mitto, our newest event, was planned to take place December 26th through 30th. Mitto focuses on missions and being the hands and feet of Jesus. Unfortunately, it was canceled due to the winter storms. We fully intend to continue this event in the future.

Veritas, our most popular event, took place at the John Q Hammons Convention Center in Rogers. Almost 1,500 adults and youth were present. The youth ranged from 7th to 12th grade. Veritas has always been about group worship, and reminding youth they are not alone in their lives. The theme this year was Fire Proof. The youth that attended left with a feeling that they could withstand any obstacle, like walking through fire, with God by their side.

Choir Tour will take place the week of June 24th through 30th. This is the only event where the youth of Arkansas go out and bring the word of God to others. This year the choir will perform in FUMC in Stuttgart, FUMC in Prescott, Grace in Fort Smith, FUMC in Bentonville, Cornerstone in Jonesboro, and FUMC in Jacksonville.

Jr. High and Sr. High Assembly will be happening simultaneously at College of the Ozarks in Clarksville. Jr. High Assembly is open to those in 7th through 9th grade, while Sr. High Assembly is open to those from 10th to 12th grade. They begin July 20th and end July 24th. It will remain a small group orientated event that helps create new friendships, as well as strengthening youth's relationship with God right before the school year begins again.

AFRICA UNIVERSITY PROGRESS REPORT 2013

In 2012, twenty-seven annual conferences invested in Africa University at the level of 100% of their general church asking for the Africa University Fund (AUF). Other annual conferences increased their support and the overall effort pushed giving to the AUF to a new record of 93.35%.

The generosity of local congregations is a tremendous blessing to Africa University. The students, faculty and staff rely on the church's ongoing investment, through the AUF, to provide for the day-to-day and operational expenses of the institution. **The university is deeply grateful to the Arkansas Annual Conference for investing 77% of its asking to the AUF. The conference fell short of a 100% investment in the AUF by $8,997—which is equivalent to tuition fees for three students for one year.**

Please make your goal a 100% investment in the Africa University Fund in 2013. Encourage your local congregation to give generously this year because demand for an Africa University education is growing. More than 1,200 qualified applicants sought admission in August 2012. The university had space for only about 400 freshmen. Currently, women account for 52% of the total enrollment, which stands at 1,386 students. In addition, 25 African nations are represented in the student body.

Scholarships and financial aid grants are vital to access. More than 90% of the students at Africa University need assistance—scholarships, financial aid grants and work study—in order to pay their tuition and other fees. For the vast majority, a direct or endowed scholarship award made possible by your generosity is their only means of attending university.

Throughout 2012, the 20th anniversary celebrations highlighted the crucial role that Africa University is already playing in the life of our global church. The Rev. Dr. Laishi Bwalya, for example, is superintendent of the Zambia Provisional Conference and a member of the Connectional Table of The United Methodist Church for 2013-2016. Across Africa, more than 4,700 graduates are helping to eradicate hunger, poverty, disease, conflict and hopelessness.

For its third decade of ministry, Africa University is focusing on accessibility and impact. Increasing the availability of scholarships for students and developing online distance learning programs are the university's highest priorities as it seeks to equip more Africans to change lives and transform communities.

In supporting the AUF, the Arkansas Annual Conference helps to keep the lights on and ensure that Africa University has dedicated faculty to inspire, train and nurture a generation of new leaders. Your gifts provide scholarships for needy students, vital teaching resources and a great learning environment.

We thank you for believing in, praying for and investing Africa University. Help us to continue making disciples of Jesus Christ who uplift communities and grow the church. Thank you for your investment in the "School of Dreams".

Africa University: Learning here. Living here. Leading here. Serving God. All the time. Everywhere.

Associate Vice Chancellor for Institutional Advancement

ALDERSGATE CAMP

www.campaldersgate.net

A mosaic consists of thousands of little stones. Some are blue, some are green, some are yellow, some are gold. When we bring our faces close to the mosaic, we can admire the beauty of each stone. But as we step back from it, we can see that all these little stones reveal to us a beautiful picture, telling a story none of these stones can tell by itself.

That is what our life in community is about. Each of us is like a little stone, but together we reveal the face of God to the world. Nobody can say, "I made God visible." But others who see us together can say, "They made God visible." Community is where humility and glory touch.

~Henri Nouwen

I recently read this quote from Henri Nouwen and immediately thought of Camp Aldersgate, the community we serve, and the United Methodist Church. It seems that from the very beginning, the United Methodist Women had the ability to visualize the beautiful picture that would be able to be told through the thousands of participants who would soon be touched by the mosaic of Camp Aldersgate. But in order to create this place, it took the careful placement of stones of many colors, from many places and from many backgrounds. I continue to think of Camp Aldersgate's mosaic, an ever growing and changing one – through the years of program additions, community outreach and vigilant strategic planning, each stone has been placed so very wisely.

Over the last year of Camp Aldersgate's life, we have undergone the development of a new strategic plan which entailed revising our mission and vision statements and setting a path for future growth and success.

Camp Aldersgate's new mission, vision and core values are as follows:

MISSION: Camp Aldersgate creates life-changing experiences for individuals with special needs, enabling them to expand their world and express their unique voice.

VISION: Camp Aldersgate is an active champion for youth and adults with special needs. We maintain a high standard of excellence in all aspects of our programming, service, environment and operations. Our work is guided by the needs and potential of each person.

CORE VALUES: Love and acceptance - Active listening - Respect for our clients and one another - Creating a healthy, natural environment - Collaboration - Accountability - Sense of fun - Building self-esteem

Just like any other mosaic, Camp Aldersgate, is unique. Our rich history is unique in seeking a place where people of all colors, backgrounds and socioeconomic means could come together as a community to fulfill God's desire for unity and not division. Our property of 120 acres is unique, not only because it is the only National United Methodist Women's owned property in Arkansas, but also because it sits in the heart of the city of Little Rock and not an undeveloped suburban area. Camp Aldersgate is uniquely poised to serve individuals with special needs from across the state and provide a natural environment for our participants to have as an outlet for exploration. The Camp

offers unique programs as well.

Med Camps - Provides more than 270 children with disabilities and medical conditions access to traditional camp activities through six weeks during the summer.

Kota Camps - Provides 150 children with and without disabilities the opportunity to excel and learn disability awareness during two week-long and two weekend camps each year.

Weekend Respite Camps - Gives the parents of 93 children with developmental disabilities and physical conditions a break from caregiving while providing a fun, recreational setting for their children more than 16 weekends during the school year.

Seniors Day Out - Provides approximately 70 senior adults in the community educational and recreational activities, social interaction, fellowship, and a nutritious lunch once a week from August through May.

Youth Volunteer Counselor Program - Provides more than 280 youth, beginning at age 14, the opportunity for personal growth through volunteer experiences with special needs campers during all of the camping programs.

Specialty Camps – Provides special programming and camp experiences for individuals with disabilities, of all ages, through collaborative efforts with other organizations and their constituents. This programming serves more than 375 individuals each year.

In 2012, Camp Aldersgate served 1,238 individuals from 111 cities and 53 counties throughout Arkansas, as well as six other states. Employed more than 60 counselors from 30 cities across Arkansas and from four states. More than 1,500 volunteers contributed an amazing 35,533 hours of service to the Camp.

On behalf of all of our participants, Board of Directors and staff, I cannot begin to say thank you enough to the United Methodist Women and the United Methodist Church for their diligent placement of the stones that have now made such an awesome mosaic – this place called Camp Aldersgate.

Sincerely,
Sarah C. Wacaster, Chief Executive Officer

BOSTON UNIVERSITY SCHOOL OF THEOLOGY

Dear Friends of BU School of Theology,

What a Year! I am dazzled by the achievements of our faculty, students and staff here at Boston University School of Theology in 2012. This has been a year of deep reflection as we underwent the BU Academic Program Review and the United Methodist University Senate Review. Both reviews went very well and revealed vital strength in our faculty, students, and administrative staff. This has been a year for celebration our largest ever incoming class, excellence in teaching and learning, and a vibrant community life.

Some highlights from the previous year were:

- Reaching into the greater community through service days, "vocations vacation," seminary singers tour to Florida, and contextual internships.
- Building up intentional living communities for students: Theology House, Green House, and Mason Terrace.
- Enhancing spiritual life through weekly worship, reading retreats, winter retreat, daily morning prayer, and small groups.

- Creating a "greener" school with: 26 green offices, Carbon Rally Challenge, expanding programs for composting and recycling, and now a 2013 renovation to create a green community center.
- Hosting Lowell Lecture Series on "Restoring Civil Discourse," featuring Dr. Virginia Sapiro, Bishop Melvin Talbert, Bishop Hee-Soo Jung, and Chief Justice Barbara Smith (Chickasaw Nation).
- Traveling with seminar groups to Ephesus (Turkey) and to Israel and Palestine.
- Advancing communication through a new website, the launching of STH Connect, and production of webinars and video resources.

This has been a year for strengthening master's education and reviewing doctoral programs. It has also been a year for deepening relations with faith communities, service agencies, and global research initiatives, as we seek to intensify STH's contributions to our fragile world.

Thank you for being a friend of Boston University! We welcome your stories, suggestions, and support for us. STH is on a mission, and we especially covet your prayers for our people and our work. We are praying for you!

Yours with gratitude,
Mary Elizabeth Moore

CANDLER SCHOOL OF THEOLOGY
Emory University, Atlanta, Georgia

Candler School of Theology prepares *real* people to make a *real* difference in the *real* world. Our commitment to authentic discipleship and relevant ministry enables us to develop uniquely well-rounded leaders who are challenged academically, encouraged spiritually, and immersed in Christian service from the first day they arrive on campus.

As one of the 13 official seminaries of The United Methodist Church, Candler is grounded in the Christian faith and shaped by the Wesleyan tradition. As one of seven graduate professional schools of Emory University, Candler provides a rich context for learning and formation supported by the extensive resources of a top-tier research university. As a school located in the metropolitan area of Atlanta, Candler offers a learning environment that reflects the highly diverse communities of our 21st century world. There is no better place for ministry preparation that addresses our major denominational priorities: developing leaders, starting and growing churches, ministry with the poor, and improving global health.

Candler's student body continues to reflect the diversity and breadth of the Christian faithful. Our enrollment stands at 478, with 365 seeking the Master of Divinity, 50 the Master of Theological Studies, 30 the Master of Theology, 18 the Doctor of Theology, and 15 enrolled as Special, Non-Degree students. The student population is 32 percent U.S. ethnic minority, 10 percent international, and 50 percent women. Half of MDiv students are United Methodist, with forty-three denominations represented in all programs. The median age of our entering class of MDiv students is 27, with 58 percent under thirty.

Candler remains steadfastly committed to making theological education financially feasible, dedicating nearly $5 million to financial aid. Eighty percent of eligible students received Candler-based financial aid, with the average award covering 66 percent of tuition.

Construction preparations for the second phase of the Candler's new building got underway at the end of 2012 thanks to an extraordinary gift of $15 million from the O. Wayne Rollins Foundation.

The new building, which will house Pitts Theology Library, community space, additional classrooms and offices, group study areas, and the Wesley Teaching Chapel, will be completed in late spring of 2014 in time for Candler's Centennial Celebration. Candler's phase one building was named in memory of Rita Anne Rollins, the first grandchild of the foundation's namesake, in honor of its generous financial gift.

Candler had an excellent presence at the 2012 General Conference in Tampa. In addition to my attendance, Associate Dean Anne Burkholder took a class of 20 students so they could learn firsthand about United Methodist governance. Assistant Dean Mathew Pinson and Dr. Alice Rogers attended as delegates, and the Candler Singers, directed by Barbara Day Miller, performed at the General Board of Higher Education and Ministry reception and the plenary session.

We continue to emphasize preparing our students for leadership in an increasingly global context, and now offer 19 academic exchanges with theology schools across five continents and 15 countries, including many related to The United Methodist Church. In addition to our ongoing summer internship program with the Methodist Church in the Bahamas, this year's travel seminars included the Middle East and World Methodist Evangelism Institute evangelism seminars to Zimbabwe, Peru, and Israel.

Our public events supported our commitment to strengthen the church by offering opportunities for clergy and lay people to hear fresh, new voices. Last fall we hosted Christian activist and bestselling author Shane Claiborne for two major addresses, "Jesus for President" and "Resurrecting Church," with nearly 1,000 in attendance. Our Spring Conference, "The Singing Church," gathered experts to lead an exploration of the best practices and emerging trends of congregational song.

Candler draws considerable strength and inspiration from its relationship with The United Methodist Church. Our ability to fulfill our mission of *educating faithful and creative leaders for the church's ministries in the world* depends upon your support, gifts, and prayers. Thank you for the countless ways you advance this vital ministry in the life of our denomination. Visit us in person in Atlanta or online at candler.emory.edu to see firsthand how Candler prepares *real* people to make a *real* difference in the *real* world.

DREW UNIVERSITY
36 Madison Avenue, Madison, NJ 07940

Drew Theological School, deeply rooted in its United Methodist heritage, is a place that empowers its students to conceive and implement dynamic ministries. Drew offers the MDiv, MA, MAM, STM, DMin, and PhD degrees, as well as certifications in Camp and Retreat Ministry, and Spiritual Formation. Academically rigorous and spiritually engaging, Drew develops religious leadership prepared for these ever-changing times. Drew welcomes people of all faiths, but we are particularly interested in building up the United Methodist ethos that is part of our historic Wesleyan heritage. **Drew offers 100% tuition scholarships to all United Methodists who meet all admissions requirements and have a 3.2 undergraduate GPA or higher.**

In June 2012, I was pleased to welcome to Drew's campus representatives from 8 of the 13 United Methodist seminaries, staff members from the General Board of Higher Education and Ministry and the General Board of Pension and Health Benefits, one Bishop, and representatives from three annual conferences. We hosted the first annual conference on Theological Education and Clergy Health co-sponsored by the Center for Clergy and Congregational Health and Wholeness at Drew and the Center for Health of the General Board of Pension and Health Benefits. This three-day conference addressed issues of the current poor state of clergy health in relationship to Theological Education in order to begin to understand the impact of seminaries on students' health.

It was also my pleasure to host the September 2012 Theological Conference at Drew entitled, *The Future of Christian Spirituality and Interreligious Interaction* in honor of Dr. Pyun, Sun Hwan. Over the course of the three days, an array of speakers from the U.S., Korea, and other countries engaged attendees and one another on topics such as "Interreligious Dialogue Versus Interreligious Theology," "The Future of Comparative Theology," and "Interreligious Theology, Liberation, and the Church."

It was also a great pleasure to welcome alumni/ae back to campus for the Tipple Vosburgh lectures in the fall. This year's topic was "Faith, Race, and Politics" which provided opportunities to hear the voices and visions of activists, scholars, and church leaders responding to this unique and timely dilemma.

Creative, cutting-edge, inclusive, multi-cultural, social justice ministry is part of the legacy of Drew, and I am proud to be associated with it! Below are just a few other ministries that make me proud to be associated with Drew.

Building up the United Methodist Connection

I have enjoyed meeting Bishops and many Boards of Ordained Ministry to convey our desire at Drew to be a resource to the entire denomination. I am particularly pleased that Drew is hosting a January Term class taught by UM Bishops. This past January, Bishop Peggy Johnson of the Eastern PA and Peninsula Delaware Conference, taught a class entitled, *Topics in Pastoral Care: Disabilities and the Church.* Her class led worship recently in chapel and shared just how important this course was in forming a compassionate, inclusive and prophetic vision for the church. In January of 2014, Bishop Jane Middleton will teach a class on Ministry and Health.

United Methodist Liaison at Drew

The Rev. Jeff Markay continues to work with our UM students by introducing them to the leaders and resources within our denomination. He helps them navigate the process toward commissioning and ordination as well as with issues of discernment. We have monthly UM Lunches to meet with bishops, and leaders of the general agencies, conferences and connection.

United Methodist Deacon Liaison at Drew

We are also grateful to have the Rev. Susan Worrell as the Deacon Liaison on campus who shares resources and wisdom with those hearing a call to the Ministry of the Deacon in the UMC.

Bishop in Residence: Bishop Ernest Lyght

It was with great joy and excitement that I announced the appointment of Retired Bishop Ernest S. Lyght as the Bishop-in-Residence at the Theological School beginning March 1, 2013. I anticipate this appointment to continue until 2015. In this position, Bishop Lyght will teach and mentor students and be a presence on campus.

National Shalom Ministry of the UMC

Communities of Shalom, now in its 6th year at Drew, completed its curricular redevelopment of ShalomZone Training, which is now available through a cadre of certified national and regional trainers under the leadership of national director, the Rev. Dr. Michael Christensen.

Center for Clergy and Congregational Health and Wholeness

In October 2012 Dean Ginny Samuel made a presentation to members of the AUMTS (Deans and Presidents of the 13 United Methodist Seminaries) about the state of clergy health. She was accompanied by a staff person from the General Board of Pension and Health Benefits, Anne Borish, and together they invited AUMTS members to participate in the longitudinal study. While there was a unanimous support for this study, thus far Drew and Duke Divinity School are the two participating seminaries.

We expect that more seminaries will join the study in the coming years. This collaborative effort will support efforts to make needed changes in the structures and programs of an MDiv degree to encourage and support students' attention to their own health and well being.

In February we launched the Seminary to Ministry longitudinal study in partnership with the General Board of Pension and Health Benefits. This study will track MDiv students during their time in seminary and for the first five years in ministry. Results of the survey will be helpful to faculty in its revision of the MDiv curriculum as it informs them about the realities of student health and well being while they are at Drew.

We at Drew look forward to working with the good and faithful people of the UMC as we forge deeper friendships in the shared ministry of making disciples of Jesus Christ for the transformation of the world.

2012-2013 Academic Year Report

Gammon Theological Seminary, located in Atlanta, GA, is the United Methodist constituent member of the Interdenominational Theological Center (ITC), a consortium of six historically African American theological schools. Gammon/ITC is a co-educational, professional graduate school of theology. Its faculty personifies vigorous scholarship, rigorous academic discipline, and significant research in the service of the church and other communities in the world. Gammon/ITC is the world's premier resource for black church scholarship and faith-based solutions to the spiritual and socio-economic challenges confronting the African American community and beyond.

Founded in 1883 by the Methodist Episcopal Church and with assistance from the Freedman's Aid Society, today Gammon Theological Seminary is one of the 13 theological schools of the United Methodist Church. The faculty and administration of Gammon/ITC create an environment in which critical thinking, investigative reflection, decision making, and responsible action are fostered. Gammon/ITC is a member of the Atlanta University Center Complex, the world's largest enterprise of African American higher education. It is also a member of The University Center of Georgia and the Atlanta Theological Association. The school is fully accredited by the Association of Theological Schools and the Southern Association of Colleges and Schools.

Gammon/ITC offers the following degree programs: the Master of Divinity, the Master of Arts in Religious Education, the Master of Arts in Church Music, the Doctor of Theology (Th.D.) in Pastoral Counseling, and the Doctor of Ministry (D.Min.). There are also a number of dual degree programs offered in cooperation with seminaries and schools in the Atlanta Theological Association. Admission is open to qualified men and women of the United Methodist Church.

Because of the support of this Annual Conference, Gammon/ITC students carry on a proud tradition. They are taught to think independently and communicate effectively. They are also challenged to become involved in finding solutions to problems that affect the human condition, and to become active in the community beyond this campus. Additionally, graduates of this institution are encouraged

to maintain a lifelong desire for intellectual growth, spiritual development, and the acquisition of skills for the practice of ministry.

Gammon/ITC has had a very exciting and busy year living out its mission, which is to recruit, support and educate pastors and leaders for the United Methodist Church. Included below are just a few of the examples of how this great historic institution of the church has lived out its mission and furthered its vision:

1) In last year's report to this Annual Conference, we shared the great news of Gammon enrolling its largest entering class on record in the fall of 2011. This record was shattered as Gammon enrolled an even larger first year class in the fall of 2012. In fact, under the leadership of the current President, Dr. Albert D. Mosley, Gammon has experienced over an 80% increase in enrollment, and the average age of entering students continues to be younger and younger. Gammon is privileged to serve as a training ground for the next generation of prophetic leaders who will engage in the process of making disciples of Jesus Christ for the transformation of the world.
2) In August of 2012, Gammon hosted its first ever Racial Justice Institute. The Racial Justice Institute is a component of the Gammon Center for the Study of Religion and Race (a program funded by a generous grant from the General Commission on Religion and Race). Over 35 college students, professors, social activists, and community leaders from around the country gathered on Gammon's campus for a week-long intensive immersion experience that explored issues of health care reform, unemployment, affordable housing, immigration policy, and marriage/gender equality. The Racial Justice Institute concluded with a very successful Immigration Reform Rally on the steps of the Georgia State Capitol using GCORR's theme – *"Drop the I-Word: No Child of God is Illegal."* The Racial Justice Institute enabled Gammon to continue its great work of addressing issues of cultural competency, advocacy and education in areas that further racial justice and equity.
3) This past fall, in advance of the 2012 Presidential Election, Gammon launched a comprehensive Voter Registration/Voter Education Campaign in the Atlanta University Center. This campaign enabled Gammon students to register students at Morehouse College, Spelman College, Clark-Atlanta University, and the Interdenominational Theological Center. In addition to registering to over 500 previously unregistered college students, Gammon also sponsored a series of *Issues Sessions* that were designed to enlighten voters about the prevalent social, political, and economical issues in advance of them participating in the election process.

Gammon Theological Seminary is extremely grateful to this Annual Conference for your support of theological education, and for your commitment to ensuring that God's church will be served by persons who are called and trained to lead us forward.

GENERAL BOARD OF Higher Education & Ministry

Greetings from the General Board of Higher Education and Ministry! Since returning from Tampa last May, GBHEM staff has been busy with two initiatives assigned to the Board by the 2012 General Conference — the **Young Clergy Initiative** and the **Central Conference Theological Education Fund**. In addition to these two major new initiatives, here are some other ways GBHEM is working hard to resource our church:

- GBHEM's Division of Ordained Ministry trained Group Candidacy Mentors for 32 annual conferences, and about 1,000 BOM members, BOM staff, dCOM members, and DSes in ministry legislation for the new quadrennium. Webinars of some trainings are posted at www.gbhem.org/bom/webinars.
- Work began on the **Young Clergy Initiative** with a summit held in Nashville. Staff are surveying

data about young clergy, mentoring, and debt; and also considering forming partnerships, sharing best practices, and creating or supporting pilot programs to test what works.

- The **Commission on Central Conference Theological Education** meets August 25-29 in Copenhagen. The commission will set the policies and procedures governing disbursement of funds from the Central Conference Theological Education Fund.
- **Africa University** just celebrated its twentieth anniversary and is launching a major new fundraising campaign to ensure its financial independence. Since its founding, more than 4,000 AU graduates are changing the face of Africa.
- More than 560 college students, campus ministers, and chaplains attended ***Imagine What's NEXT*** last fall, an event which focused on helping students consider the next faithful steps for their vocations, communities, churches, and the world.
- For the 2012-2013 academic year, GBHEM's Office of Loans and Scholarships awarded 2,204 recipients a total of $4,803,604, all accomplished while converting to a new loans and collections software. Read more at www.gbhem.org/loansandscholarships.
- For the first time, an issue of ***Interpreter*** magazine was devoted to a single topic — United Methodist higher education. The March / April 2013 issue chronicles the commitment of the denomination to education, with a special emphasis on students.
- Planning is well underway and registration is open for **Exploration 2013**, a three-day event for young adults age 18-26 to hear, discern, and respond to God's call to ordained ministry in The United Methodist Church. The event will be held in Denver, Colo., on November 15-17. Read more or register at www.gbhem.org/exploration.
- GBHEM is collaborating with GBOD to raise $30,000 to buy 100 electronic books preloaded with text for professors and students at the Gbarnga School of Theology in Liberia. Donate online at www.gbod.org/ereaderproject.
- Training materials for annual conference BOMs, presentations from a churchwide sexual ethics summit, and a lecture by a well-known civil rights activist are among the materials now available through the UMC Cyber Campus, part of the new UMC Learn Portal. See the presentations at www.gbhem.org/umccybercampus.

HENDRIX

HENDRIX COLLEGE REPORT

The relationship between Hendrix College and the United Methodist Church started more than 135 years ago and continues to grow strong. Part of that relationship is strengthened by the generous apportionment dollars given to the College. Hendrix College appreciates the financial support from the Church and strives to be good stewards of the money given. All of the apportionment dollars go directly to student scholarships and financial aid. Throughout the history of Methodism, more than 1,200 Methodist colleges were established. Today, there are less than 125 United Methodist institutions of higher education in the United States. Hendrix College is proud to be one of them. We are proud of the ways in which Hendrix can partner with the Arkansas Annual Conference, particularly through the collaborative work of the Office of the Chaplain and the Hendrix-Miller Center for Vocation, Ethics and Calling. Below are some of the ways the College feels that it is being a good steward of the apportionment dollars.

Ministry / Seminary Exploration

- Since 2004, 32 Hendrix graduates have enrolled in seminary with 50% of these students

attending UM seminaries.

- Approximately 7 students are currently in a United Methodist seminary.
- Next year, we anticipate 7 students will enroll in seminary. These are students from this year's graduating class and the previous two graduating classes.
- In the next four years, we anticipate 20 students will enroll in seminary.
- Approximately 8-12 students who are discerning ministry meet each week.
- The College annually provides up to $500 per student in travel funds to visit a seminary. Approximately 6-10 students take advantage of this program each year.

UMYF Scholars / Religious Life / Mission Trips

- The UMYF Leadership Scholarship Program is completing its 17th year. Currently 28 students participate in the program and there are more than 150 alumni from the program.
- More than 400 UM churches in all five districts have had Hendrix students assist with worship services in the past 17 years.
- More than 150 students participate in weekly programming including chapel, communion, Bible studies, a youth group-style program called "Fellowship", or Tuesday Talks; a discussion of vocation and calling conducted by a faculty or staff member.
- This year, 111 Students applied for 40 planned mission trip positions. Additional funds were secured to add an additional 4 students to go on a trip.

Use of Hendrix Space/Church Relations

- Methodist groups that the College hosts for no rental fee include the Arkansas Conference Course of Studies, Arkansas United Methodist Conference Historical Society, and local UM church staff meetings.
- The College also dedicates a display case in the Student Life and Technology Building as a temporary display for the Arkansas United Methodist Conference Museum.
- Methodist groups the College hosts for a 25% reduction in rental fees are: Arkansas School of Christian Mission.
- Hendrix provides space at no rental fee to the Arkansas Methodist Archives.

Continuing Education / Lectures

- This year on campus, the College hosted the following speakers/preachers: Dr. Leonard Sax, Rev. David Freeman, Dr. John Holbert, Rev. Natasha Norman, Rev. Maxine Allen, Rev. Will Choate, Rev. Leigh Anne Taylor, Rev. Joe Cobb, and Bishop Gary Mueller. With the exception of the preaching workshop, all lectures were free.
- Hendrix also hosted an Arkansas United Methodist Youth Ministers Appreciation Day.

Financial Aid/Enrollment

- For the 2012 calendar year, the College received $259,007 from the Arkansas Conference of the United Methodist Church, with 100% of the church apportionment going toward student scholarships.
- Annually, the College provides more than $3.7 million dollars to all UM students.
- Of the $3.7 million dollars, the College annually provides more than $156,000 directly to the three specific groups of Methodist students: 1) UMYF Leadership Scholars, 2) UM clergy dependents at a one half tuition discount, 3) UM students who are candidates for ordained ministry.
- Annually, the College provides funding for two full-time ordained chaplains and programming at a cost of over $300,000.
- The College sponsored a UMYF Visit Day for the second time.
- For the past few years, an average of 650 students from Arkansas have been enrolled in the College. The number of students from Arkansas has increased over the past few years.

Hendrix College remains committed to ensuring that all qualified students have access to a Hendrix education, regardless of their family's financial circumstances. The amount of money needed to fund scholarships and financial aid for our students continues to increase each year. This year, Hendrix is providing more than $30.9 million in student scholarships and financial aid. This represents approximately 43% of our total budget. Our budget for student financial assistance has doubled in the past four years

in response to the growing need of students and their families for assistance with financing a college education.

The relationship between Methodists and higher education was established by John Wesley. Hendrix College cherishes its relationship with the United Methodist Church and the opportunity to fulfill Wesley's vision to bring together intellectual curiosity, spiritual formation, knowledge, and vital piety. We are grateful for the many ways in which United Methodist Churches of Arkansas support Hendrix, including your apportionment gifts that go directly to students to provide financial assistance that ensure access to our strong academic program, the Miller Center, a wide range of religious life and spiritual formation opportunities, and the UMYF Leadership Scholars Program. Thank you for your continuing support of Hendrix.

J. Timothy Cloyd, Ph.D.

LYDIA PATTERSON INSTITUTE

In the late 1800's a Methodist woman named Lydia Patterson answered God's call to ministry with the children of immigrant families crossing the US-Mexico border and settling in South El Paso, Texas. In October, 1913, the Methodist Church opened the doors of a school in memory of this woman, Lydia Patterson Institute. In 2013, one hundred years later, we celebrate the thousands of lives that have been touched and changed through the love of Christ and the vision of one Methodist lay woman. We rejoice in the celebration of 100 years of educating thousands of students, forming leaders for the church, breaking the cycle of poverty in countless families, and bringing Jesus Christ to generations of young men and women. Numerous activities are planned in celebration of Lydia Patterson's 100th Anniversary throughout the year, but the most thankful celebration is that of proudly claiming the definition of a true ministry of the United Methodist Church.

In the last few years, Lydia Patterson has seen the pain in the faces of students caught in the rage of drug wars, murder, and instability in their home town. Lydia Patterson has served as their safe haven in a world of violence. By the grace of God, this past year has begun to see a more peaceful neighboring city of Juarez, Mexico. In a U.S. report, Juarez has dropped from being the most dangerous city in the world to number 19 in a list of 50. El Paso, on the other hand, has once more been rated as the 3rd safest city in the country.

As a result, our enrollment is back up to 430 students with a goal of 500 for the next school year. Parents are regaining their confidence, and many are returning to work. The need to continue to help

these families more than ever, is evident. The number of scholarship students increased three-fold. We are grateful to the number of churches and friends that have stepped up and supported us with scholarship funds and apportionments for continued operations.

Last May, we graduated 81 students, all of which are in college today. The graduating class received $1.3 million in scholarships from United Methodist colleges and universities. Ninety-five percent of our graduating students are going to college.

In 1913, when Mr. Patterson gave $75,000 to the Methodist church to build Lydia Patterson, he asked that boys be trained to lead the Hispanic churches springing along the Rio Grande. The school opened its Ministerial Program. Many of the pastors leading churches in the Rio Grande Conference received their training here, including an Episcopal bishop. Today, Lydia Patterson trains young men and women through its Student Lay Ministry Program. Students serve in internships in local churches while at Lydia Patterson and while attending college. Many have chosen to pursue their calling by moving on to seminary.

Lydia Patterson is looking forward to its second 100 years. In preparation, it is engaged in a capital campaign to renovate its campus and equip it with the latest state of the art technology. Classrooms are being renovated. Student services will be enriched with a new media and research center and computer and science labs. New dining and fine arts facilities will be built, including a new chapel where students will be able to worship together.

The board of trustees has pledged its total commitment to the campaign. One-hundred percent of the faculty and staff have pledged to the campaign and students, alumni and parents are equally committed. The El Paso community has joined the South Central Jurisdiction and will be remembered as the creators of the legacy of the second one hundred years of "La Lydia".

Our appreciation goes out to every member of this conference, the bishop and all those who join us to prepare for the next 100 years and to continue to make a difference as we change lives and form disciples for Jesus Christ for the transformation of the world.

MEMPHIS THEOLOGICAL SEMINARY

Memphis Theological Seminary (MTS) is an ecumenical graduate school of religion that provides theological education for 300+ students each semester, representing close to 30 denominations. The seminary is accredited by SACS and ATS and is **approved by the University Senate** to prepare ordained leaders for the United Methodist Church. In any given semester, total enrollment includes 25-35% Methodist students, by far the largest denominational percentage.

In addition to the seminary's core curriculum, many courses are offered specifically for Methodist students. Some of those that have either been taught recently or are planned for upcoming semesters include:

- Early Methodism: History, Doctrine, & Polity
- American Methodism: History, Doctrine, & Polity
- The Means of Grace in the Wesleyan Tradition
- Evangelism and Discipleship in the Wesleyan Tradition
- Models of Wesleyan Pastoral Leadership
- Women in Methodist History
- Pastoral Care in the Wesleyan Tradition

MTS also offers these and all of our courses to auditors, which is a convenient and relevant way for United Methodist clergy to earn CEUs and lay people to enhance their skills and knowledge.

Of the full-time teaching faculty of 13, four are United Methodist (an increase of two from 2012): Dr. Lee Ramsey, Professor of Pastoral Theology and Homiletics; **Dr. Andrew C. Thompson, Assistant Professor of Historical Theology and Wesleyan Studies**; Dr. John Kilzer, Director of the Theology & Arts program; and Rev. Billy Vaughan, Director of the Formation for Ministry program.

Dr. Thompson graduated from Hendrix College in Conway, AR, and received his Master of Divinity from Vanderbilt Divinity School. In the last academic year, he has completed the Th.D. degree from Duke University. Dr. Thompson's service to MTS includes teaching in the areas of historical theology and Wesleyan studies. He also serves as the liaison to the UM annual conferences that MTS borders, and he acts as academic advisor to many UM students attending the seminary. Dr. Thompson also works with the UMC in Arkansas as the appointed Wesley Scholar for the conference, a position that involves serving on conference committees, speaking at area events, and writing a regular column in the *Arkansas United Methodist* newspaper.

United Methodist adjunct faculty include Dr. David Bush, Dr. Bradley Gabriel, Dr. Jonathan Jeffords, Dr. Herbert Lester, Dr. Ron McDonald, Dr. Scott Morris, Dr. Stephen Shapard and Dr. Fred Smith.

Rev. Emily Matheny, associate pastor of Christ UMC in the Memphis-Asbury district, serves on the MTS Board of Trustees, along with Rev. Tom Bell, recently retired District Superintendent of the North Alabama Conference. United Methodist laypersons include Harvey Ferguson from the Mississippi Conference and Nancy Vernon from the Arkansas Conference. Thus, each Annual Conference served by MTS has a representative on the Board of Trustees. In addition, two District Superintendents in the Memphis Annual Conference are MTS alumni: Rev. Sandra Leatherwood Clay (Asbury) and Rev. Steve Cavitt (Dyersburg).

Jesus taught us the importance of a solid foundation for any building. Here at MTS, we are building faith and skills for ministry in the men and women God is calling to serve the church. It is my prayer and my commitment that we build on the solid foundation of the gospel, staying grounded in tradition and open to the Spirit. We are grateful for your partnership and support in this essential work.

Methodist
FAMILY HEALTH FOUNDATION
Rebuilding the Lives of Children and Families Since 1899

METHODIST FAMILY HEALTH

Established in 1899 as the Methodist Orphanage and later known widely as the Methodist Children's Home, today's Methodist Family Health is a nonprofit organization that provides comprehensive behavioral and mental health care services to children, adolescents and families in Arkansas. Methodist Family Health currently serves more than 1,400 clients daily. The mission at Methodist Family Health is

to give the best possible care to those who may need our help and to treat the whole person: behaviorally, emotionally and spiritually.

Methodist Family Health is a caring and effective provider of comprehensive mental health care services that we want all United Methodists in Arkansas to know about, to utilize, to support and to celebrate. We are proud to be part of the United Methodist Connection!

At Methodist Family Health, we have a staff of highly skilled individuals who provide our clients with a *Continuum of Care* that meets all of their needs. We believe in a team approach to treatment, including both client and family participation. We believe in offering hope and healing to children and families who need help and have few places to turn.

The unique Methodist Family Health Continuum offers levels of care ranging from the most restrictive (acute psychiatric hospital care) to the least restrictive (outpatient counseling), while also providing all levels of intermediate care. And it's important to remember that while in residential placement at Methodist Family Health, clients receive quality academic instruction that meets and exceeds educational requirements.

Complete care for the whole person at Methodist Family Health includes:

- **Methodist Behavioral Hospital –** a 60-bed hospital that is home to Acute (short-term) and Sub-Acute (long-term) inpatient programs for children and adolescents up to age 18. The goal is to stabilize behavior and return the client to a less-restrictive environment. (Maumelle)
- **Residential Treatment Centers** – care for children and adolescents who are struggling with chronic issues. Again, the goal is to stabilize behavior and return the client to a less-restrictive environment. (Little Rock and Bono)
- **Therapeutic Group Homes –** a family-like setting of care led by Teaching Parents who offer emotional and behavioral guidance and support. (Eight homes located in Heber Springs, Helena-West Helena, Little Rock, Magnolia (2), Mulberry (2) and Searcy)
- **Therapeutic Foster Care –** care for children who are in the custody of the state Division of Children and Family Services (DCFS). Children are matched with trained therapeutic foster parents who can provide for their needs. (Multiple locations statewide).
- **Emergency Shelters –** a nurturing environment for children who are in the custody of DCFS and have nowhere else to go. (Little Rock)
- **Therapeutic Day Treatment Programs** – schools (K-12) that serve children and youth who can no longer function in a regular academic setting. The educational, behavioral, emotional and social needs of students are addressed. (Little Rock and Magnolia)
- **Outpatient Counseling Clinics** – an array of counseling services are offered, including individual, family and group therapy; behavior management; medication management; parent support and education. (Eight locations: Batesville, Heber Springs, Little Rock, Mount Ida, Fayetteville, Jonesboro, Magnolia and Cherokee Village)
- **School-based Counseling** – outpatient mental health services offered in local school settings. (Eight locations: Harrisburg School District, Jonesboro School District, Lincoln Consolidated School District, Nettleton Public Schools, Vilonia School District and White County Central School District, as well as Success Achievement Academy in Jonesboro and Crossroads Learning Center in Quitman.)
- **Arkansas CARES (Centers for Addictions Research, Education and Services)** – focuses on breaking the cycle of maternal addiction; includes a residential substance abuse treatment center, mental health services for mothers and their young children, and early intervention services. (Little Rock)
- **Kaleidoscope Grief Center** – grieving children, teens and their families receive help dealing with loss and bereavement through education, therapeutic and recreational services, grief support programs, an annual grief camp and traditional counseling. (Little Rock)

Methodist Family Health continues to grow and seek ways to serve communities and those in need of our help. Here are a few facts that may better acquaint you with today's Methodist Family Health:

- Administrative offices in Little Rock coordinate services and programs offered in more than 30 cities across the state.
- Methodist Family Health has more than 520 full- and part-time employees.
- Educational components for clients are part of MFH services, and these include accredited kindergarten through high school classes and GED attainment. Methodist Family Health also offers a post-secondary education Scholarship Fund for former or current residential clients.
- All programs use the Teaching-Family Model, a highly structured treatment approach proven to be effective with troubled children. This model uses positive, non-punitive interactions to encourage behavior change and achieve positive outcomes. MFH is the only behavioral healthcare system in the state that uses the Teaching-Family Model.
- All programs are accredited by the Joint Commission on Accreditation of Healthcare Organizations.
- Methodist Family Health has professional affiliations with the Arkansas Department of Human Services, Baptist Health School of Nursing, University of Central Arkansas School of Nursing, University of Arkansas for Medical Sciences, University of Arkansas at Little Rock, Arkansas Sheriff's Youth Ranch, Arkansas Children's Hospital and Arkansas Crisis Response Team.
- Pastoral care is an important aspect of the care we offer. Methodist Family Health offers Bible studies, spirituality services, devotionals and many special events. Our Children's Bible Fund makes a Bible available to every client who wishes to receive one. Churches in communities where we have group homes and other programs continue to be welcoming and nurturing friends to our young clients and their families. We are blessed by the pastoral leadership of Rev. Scott Moore, chaplain, and Bishop Kenneth W. Hicks, director of ministries.
- Methodist Family Health receives no apportioned funds from the Arkansas Conference.

The support of United Methodist churches is crucial to the success of Methodist Family Health. We sincerely appreciate the tremendous support congregations around the state have shown, through gifts (both in-kind and monetary), volunteerism, and caring for and nurturing children in our care. We appreciate the Arkansas Conference for allowing Methodist Family Health to be a "supported organization" of the conference and allowing us to tell the story of Methodist Family Health and collect a designated offering in churches each December. For those churches, church groups and individuals interested in learning more about how they can partner with us and support our efforts to make a difference in the lives of children and families in Arkansas, consider these opportunities:

- Encourage your church's participation in the annual Christmas Campaign and special offering in December and make an annual contribution.
- Be an ambassador for Methodist Family Health in your church and community. We need a local familiar face to make sure parishioners know about Methodist Family Health, our programs, services and special events. For more about the Ambassador program, contact Maggie Beeler at mbeeler@methodistfamily.org or 501.661.0720 ext. 7299.
- Invite a representative of the Methodist Family Health Foundation to speak to your congregation, class or church gathering. Maggie Beeler can help with that, also.
- Give to the Rev. Regnier Memorial Camp Fund that allows children in our care to enjoy a summer camp experience and the beauty of Camp Tanako.
- Support the Bible Fund that makes a Bible available to every child, teen and mother who enters the MFH Continuum of Care.
- Join the Get Up & Give collection drive during Lent and collect necessity items for our children and youth.
- Take part in the Walk for Children and Families over the Arkansas River's Big Dam Bridge on Aug. 2. This is a favorite of youth groups! Annie Davis is the contact at adavis@methodistfamily.org or 501.661.0720 ext. 7301.
- Watch for details about the next Kaleidoscope Kids Auction, a fund-raiser for Kaleidoscope Grief Center, slated for Spring 2014.
- To learn more about volunteer opportunities, immediate needs and ways to support Methodist

Family Health, contact Jamie Griffith at jgriffith@methodistfamily.org or 501.661.0720 ext. 7304, or Methodist Family Health, P.O. Box 56050, Little Rock, AR 72215.

- More information about Methodist Family Health is available at www.methodistfamily.org or on our Facebook page.

Methodist Family Health has a rich heritage rooted in the church and dating back 114 years ago when Methodists of Arkansas saw fit to establish the Methodist Orphanage. We are proud and honored to carry on that tradition by providing healing and hope for many Arkansas children and families.

METHODIST LE BONHEUR HEALTHCARE

Memphis, Tennessee

Our report to our three founding Annual Conferences – Arkansas, Memphis and Mississippi – this year is focused on the work and ministry of our Faith and Health Division. Rev. Dr. Harry Durbin, Sr. is leading this Division in its continued growth and development of ministry programs that impact those who come to us for medical treatment and our outreach program into the Mid-South community at large. This year's report gives you a glimpse into the variety of ministries we a Methodist Le Bonheur Healthcare are engaged in with you our ministry partners.

Employee Assistance Program [EAP]

For over 25 years, Methodist Le Bonheur Healthcare Employee Assistance Program [EAP] has been providing confidential counseling and workplace services to the business community of Memphis and the Mid-South. Today we serve more than 40,000 employees; including the Arkansas, Memphis and Mississippi Annual Conferences of The United Methodist Church.

Personal or work related problems that go unaided can cause difficulty, not only for the individual, but also for employers. The Methodist Le Bonheur Healthcare EAP is a resource for the Arkansas, Memphis and Mississippi Conference clergy leadership to increase the health, satisfaction and well-being of clergy, their household members and the overall health of the Conferences. The Methodist Le Bonheur Healthcare EAP helps clergy and their families deal with concerns that may affect their personal lives and pastoral effectiveness and ministry.

The Methodist Le Bonheur Healthcare EAP team is composed of licensed counselors, clinical social workers and clinical pastoral therapists. For those clergy members of the Arkansas, Memphis and Mississippi Conferences that live outside a 50 mile radius of our EAP offices in Memphis, Tennessee; the participant can be referred to a qualified counselor that is affiliated with the Methodist Le Bonheur Healthcare EAP in their area.

Our main office is located at 5050 Poplar Avenue, Memphis, Tennessee. We have two part time office locations: one at Methodist University Hospital in the Center of Excellence in Faith and Health, and the other at 7690 Wolf River Blvd, Germantown, Tennessee. When our new hospital opens in the Fall of 2013 at Olive Branch, Mississippi, we will add an additional office there.

The Dennis H. Jones Living Well Network

The Dennis H. Jones Living Well Network is a collaborative effort among primary care physicians, behavioral health providers, clergy, concerned citizens, and the Methodist Le Bonheur Healthcare EAP to help people gain access to mental health treatment in our community. We believe that mental health is essential to living a full and abundant life. The National Mental Health Association states that "There is no health without mental health."

Starting with a generous donation from Debbie Jones to the Methodist Healthcare Foundation, the Living Well Network designed the "Front Porch," which is both a virtual and real experience of

hospitality and professional help for people seeking assistance (www.livingwellfrontporch.org).

The website is a meeting place which welcomes and connects people to topics that are sometimes difficult to talk about, such as depression, anxiety, risky drinking patterns, and suicide prevention. It also directs people to call the Front Porch, where a clinically trained professional answers the call, provides a telephone assessment, and directs the caller to one of the mental health specialists within the established preferred provider list. These local providers have agreed to be a part of our mission to offer an appointment within a week to ten days...some without regard to the ability to pay. With the help of a new software program, all the calls to the Front Porch are tracked and any referring physicians are given feedback within the legal limits of patient confidentiality.

In addition to the direct interventions with callers, the Living Well Network has created partnerships with the Tennessee Suicide Prevention Network, the Memphis Crisis Center, the Memphis, Arkansas and Mississippi United Methodist Conferences of the United Methodist Church, and the Congregational Health Network through Methodist Le Bonheur Healthcare. These groups are advocates for health who help us gain public awareness of mental health problems and reduce the level of stigma associated with diagnosis and treatment.

Statistics show that only 25% of people with symptoms of depression actually seek treatment. The low level of awareness and perceived need along with the high rate of suicide are the challenges we face in Memphis and Mid-South. The Dennis H. Jones Living Well Network is here to improve access to treatment for all people. Our mission is designed to fulfill in part the Social Principles of the United Methodist Church.

Faith and Community Partnerships

Faith and Community Partnerships consist of three departments: Spiritual Care, Volunteer Services and The Congregational Health Network. Operating under the MLH Corporate structure a Faith and Health Manager supervises this unit at each Adult facility, reporting up to the Director of Faith and Community Partnerships, who reports to the Senior Vice President of Faith and Health.

This department leads the MLH strategy of identifying and consulting community partners to advance the MLH access and health change strategy. The strategy begins with faith leaders and those who work with them. It has the responsibility of planning, implementing and directing the activities of the Department of Spiritual Care for Methodist Le Bonheur Healthcare, facilitating spiritual care and counseling of patients, families, Associates, Medical Staff, visitors, students and volunteers.

We coordinate spiritual care and ministries to integrate them into a continuum of services within Methodist Le Bonheur Healthcare, the three affiliated United Methodist Annual Conferences, community clergy and area agencies**.** Faith and Community Partnerships works cooperatively with LeBonheur Children's Medical Center, Methodist Alliance Hospice, and Clinical Pastoral Education.

- **The Congregational Health Network** – Leads efforts to grow and sustain a network, of 20% of the area congregations in a covenant relationship, of varied faith and ethnic identities throughout the MLH service area. This effort is to develop and sustain education, prevention, pre-care, hospital stay and aftercare programs shared with MLH, community partners and congregations. Coordinates resource staff into CHN development strategies, especially spiritual care and research for innovation. International Outreach Ministries

Through collaboration with the General Board of Global Ministries of the United Methodist Church and other international relationships, the Faith and Health Division of MLH works to develop partnerships and exchanges with hospitals, universities, initiatives, and health programs to build leadership, ministry and healthy communities. The Division works closely with UMCOR-Health in the areas of mission hospital revitalization, HIV / AIDS, support of medical missionaries, supplies, and domestic health initiatives.

Many mission hospitals and other institutions have benefited from physician and staff visits and training at MLH. Several of these hospitals have been recognized for their work at the Living Awards event at Methodist Le Bonheur Healthcare including Maua Methodist Hospital in Kenya, Mary Johnston Hospital in the Philippines, and CMC Vellore in India.

The Faith & Health Division helps to coordinate a long-term relationship with the Research Institute of Pediatric Hematology in Children's Hospital # 3 in Moscow in collaboration with St. Jude's Children's Research Hospital.

Twice a year the Faith & Health Division participates in an educational session with college students from Denmark in collaboration with Southwest Tennessee Community College.

We have benefited from visits and exchanges of numerous international institutions over recent years including the Christian Medical College of Vellore, India; Africa University in Zimbabwe; Ganta Hospital in Liberia, Diakonhjemmet Hospital in Norway, the World Council of Churches, Chicuque Methodist Hospital in Mozambique, Dabou Hospital in the Ivory Coast, DDMM Heart Institute in India, Martha Maria Hospital in Germany and numerous others.

Our vision is the alignment of our best health science and most mature faith tied to our global, connection church.

Susan B. Komen Foundation Grant

Methodist Le Bonheur Healthcare recognizes we must provide outreach and education programs that inform women about the need for breast examination. Secondly, we must provide access to breast health services, including screening mammography, to all women no matter their financial constraints, and will work to navigate these women to primary care homes to extend continuity of care. And finally, we will work with any women with a positive diagnostic finding to connect them to further diagnosis and treatment on a timely basis, this year through our West Clinic collaboration.

Goals and objectives

1. Decrease the number of women not getting screened due to personal financial constraints and lack of awareness
2. Provide educational services to 500+ participants in 12 month period
3. Disseminate Komen Foundation materials to 2000 peopl
4. Provide 250 screening mammograms
5. Provide 100 diagnostic mammograms and 50 ultrasounds
6. Track and follow up with patients who utilized mammography services through this grant
7. Work closely with our safety net partners (Church Health Center, Christ Community Health Services, Memphis Health Services, Muslim Medical Clinic and Metropolitan Inter-Faith Association) to

track referred women, assess any gaps in referral patterns, and "close the feedback loop" on caring for breast health of underserved women

8. Navigate 50 under-served women to a patient centered medical home.
9. In collaboration with West Clinic, provide Oncology Treatment subsidies to women who have been diagnosed with breast cancer with no other option for payment for treatment.

CIGNA Corporation Foundation Grant: 38109/Riverview Kansas Disparities

We hope to evaluate the health care disparities and opportunities to provide improved healthcare in one of the most impoverished neighborhoods in Memphis, Tennessee, the Riverview Kansas neighborhood, in the 38109 zip code. Cigna Foundation provided support to help map and leverage current community assets, to help create and sustain partnerships to develop a community driven 'health home' model which will not only provide a medical home but will also offer wellness, mentoring, advocacy, education and training efforts, undertaken both with and for the community. The funding from Cigna Foundation would provide a .2 FTE Congregational Health Network navigator/contractor, micro-grants to eight CHN congregational partners and .5 FTE research analyst to aid in real-time hot spotting/mapping and statistical analysis efforts. We expect that this work will: 1) evaluate strategies to prevent unnecessary ED visits, 2) decrease charity care and 3) decrease the overall readmissions in the 38109 zip code. Special focus will be on the CIGNA covered cohort in this zip code, utilizing a place-based population health management strategy.

Robert Wood Johnson Foundation

The Methodist Healthcare Foundation has received a grant from the Robert Wood Johnson Foundation that will be administrated by the Faith and Health Division. The purpose of the grant is to improve health outcomes through effective community partnerships. The grant will run until October 31st, 2013 and the grant amount of $ 220,335 has been awarded to this effort.

This grant supports efforts to identify and disseminate key concepts and innovative practices that are shaping the future of hospital Community Benefit and the role that hospital and health systems can play in creating healthy communities and improving health outcomes. The grant leverages the work of a newly formed national learning collaborative of health systems (the Health Systems Learning Group) that has been formed to explore how hospitals can better ensure the health of the communities they serve. This learning collaborative aims to identify and implement strategies to shift existing charity-care dollars to proactive investments in neighborhoods and in community wide disease-prevention efforts. By hosting four regional meetings, the learning collaborative is exploring innovative practices that address the value and impact of shifting resources to pro-active investment in the community, and highlights collaborative approaches with public health and community organizations and leaders.

Healthcare reform mandates have focused health systems on proactive management of charity care, designing and implementing meaningful community health needs assessments and reporting of community benefits with intentional engagement of diverse community stakeholders. Additionally, there is a call for the development and implementation of a strategy that creates the mechanism and potential for shared ownership and ongoing collaboration with community stakeholders. There is also keen interest is preventing re-admissions and in improving the quality of care and patient satisfaction.

We believe that capturing shared learning from more innovative health systems who are proactively attempting to address these issues and disseminating strategies that are working at local system levels can quickly "move the field" at a critical juncture in our nation's health care reform efforts.

Key objectives of this grant include:

- The development and management of an advisory group;
- writing four thematic issue briefs;
- preparing four meeting reports intended to capture case examples;
- a summation of lessons learned;
- developing recommendations for advancing community-wide disease-prevention efforts.

We are partnering with the Public Health Institute, The Carter Center Mental Health Program,

and the HHS Center for Faith-based and Neighborhood Partnerships in order to achieve these objectives.

The Health System Learning Group (HSLG)

The Health System Learning Group (HSLG) was designed to "learn in the open" and share transparently, while nimbly harvesting from promising practices in the field. Born of healthcare reform mandates, the HSLG promotes proactively managing charity care and leveraging community benefit requirements to not only assess community health, but to invest in community health in a true integrative strategy. Through this task, the group has shared with one another, now documenting that learning in this starting monograph to challenge leaders in the field to be the early adopters of an ensemble of practices that will improve health status, both inside and outside of their health systems. This monograph will be presented at a White House convening on April 4, 2013, of leading CEOs from some of the 35 participating health systems across the country.

The HSLG absolutely would not exist without the leadership and support from Health and Human Services **Center for Faith-Based and Neighborhood Partnerships**. The Office's initial interest in programs like the Camden Coalition's hot spotting, Methodist Le Bonheur Healthcare's Congregational Health Network, and South-central Foundation in Alaska, that seek to create different models of healthcare, sparked the HSLG's formation at the **White House** meeting in September 2011. **Robert Wood Johnson Foundation**, through our Program Officer, Abbey Cofsky, has graciously subsidized our work, funding meetings, writing groups and professional material production and dissemination.

Mid-South AIDS Fund

The Mid-South AIDS Fund (MAF) is housed at the Methodist Healthcare Foundation and is a Community Partner of AIDS United. The program is administrated by the Faith and Health Division of Methodist Le Bonheur Healthcare which manages the day-to-day operations, consultants, and disbursement of these funds. The mission of MAF is to end HIV/AIDS in the Mid-South, and the vision of MAF is to reduce HIV infection rates and stigma through systemic, innovative, educational, and faith-based initiatives.

AIDS United was founded in 1988 as the National AIDS Fund and aims to reduce the incidence and impact of HIV/AIDS by promoting leadership and generating resources for effective community responses to the epidemic. Through its unique and expanding network of Community Partnerships, AIDS United annually supports over 400 grassroots organizations, such as the Mid-South AIDS Fund, which in turn provide HIV prevention, care and support services to underserved individuals and populations most impacted by HIV/AIDS, including communities of color, non-English speaking communities, youth and women.

The MAF disburses about $ 75,000 in small grants per year to Memphis-area organizations dedicated to prevention, education, and stigma reduction about HIV-AIDS. Contributions to the Mid-South AIDS Fund come from AIDS United, the Community Foundation of the Mid South, United Way, Methodist Le Bonheur Healthcare and private donors.

The Mid-South AIDS Fund works to distribute grants that address at least one of the following areas of HIV/AIDS in our community:

- Reducing stigma surrounding HIV/AIDS through faith-based initiatives, peer initiatives or community-level education and marketing, particularly in communities of color.
- Providing HIV prevention messages that utilize innovative technological approaches such as the internet, text messaging, social networking websites, and other media.
- Increasing access to culturally-appropriate HIV prevention and outreach efforts for non-English-speaking populations.
- Supporting initiatives that enhance local and/or state policy changes for leveraging funds for HIV services, and other activities.

The MAF has given grants to the following organizations in recent years:
Memphis Center for Reproductive Health, Church Health Center, The MED-Adult Specialty Clinic, Hope House, Open Heart Spiritual Center, Christ Community Health Services, St. Paul

Baptist Church, The Caritas Community, St. Andrews AME Church, Le Bonheur Community Outreach, Imagine Me, Memphis Gay Lesbian Community Center, and the Memphis Crisis Center.

The Mid-South AIDS Fund continues this mission by funding small-scale efforts to reduce HIV infection rates and stigma through the support of systemic, innovative, educational and faith-based HIV/AIDS initiatives in the Mid-South.

Humanitarian Fund Emergency Assistance Program

The Director of Clergy and Conference Ministries manages the day-to-day logistics of the Humanitarian Fund program. This fund provides emergency financial assistance to MLH Associates. The funding of this program is from an annual campaign with MLH Associates. The 2012 Humanitarian Fund Campaign received over $500,000 in pledges. These funds are distributed to Associates when a death in the family occurs; the Associates home is destroyed/damaged from a fire, tornado, wind, etc; to pay utility and/or housing expense when the Associate is off work and not receiving a pay check and to pay for their health insurance. During 2012, over 700 grants were awarded to over375 individual MLH Associates.

The Clergy Coaching Network

We launched the Clergy Coaching Network 16 month ago. Our goal is to help pastors experience the joy of transformational leadership. We have worked with more than 50 clergy clients, representing some of the most promising clergy in the Memphis and Mississippi Conferences. In addition to one-on-one coaching we have held 5 one-day seminars focusing on topics such as leadership skills, theology, preaching and mission development. Our web site is www.clergycoachingnetwork.com and we have a Facebook page, Clergy Coaching Network, where we share the latest in tools and resources.

We launched our Clergy Health model in July 2012. The model include a variety of pre-event health assessments and a day at Methodist Le Bonheur Healthcare to explore the pastor's overall wellness and offer recommendations designed to maximize the pastor's health and produce sustainable high performance for years to come. The core component come from the principles of Creation Health, found at www.creationhealth.org and in the research of Blue Zones www.bluezones.com

We are building our coaching staff and growing more diverse. Dr. Frank Thomas has become part of our coaching staff in early 2012. We have recruited four additional clergy who began coach training in November and will affiliate with Clergy Coaching Network. In cooperation with Dr. Larry Ousley, Dr. Phil Maynard and Rev. Jim Robey, we are building emerging training and coaching models to be offered to the annual conferences. These include SHIFTS, Discipleship Training and Discovering the Possibilities.

For the pastors who participate fully in our program, coaching has become a natural extension and continuation of their theological education—an opportunity to take theory and put it into practice, as well as to learn new skills and implement them immediately. Our clergy clients are learning adaptive leadership skills, developing as effective preachers, building strong lay leadership teams, implementing new skills in visioning, evangelism, missions, spiritual formation, planning, conflict management, staff supervision and staff review and evaluation. These pastors are also discovering the ability to balance the needs of the congregation with their own needs, as a result, they are more able to be less anxious and more focused and energized in their personal and professional life.

As Methodist Le Bonheur Healthcare enters its 95th year of providing health care to the Mid-South community, we celebrate our on-going ministry partnership with the Arkansas, Memphis and Mississippi Conferences.

Mount Eagle

MOUNT EAGLE RETREAT CENTER

A Ministry of the Arkansas Conference Providing Christian Hospitality and Opportunities for Holy Listening

2012 was a very good year for Mount Eagle with strong finances and a steady stream of guest groups and individuals seeking quiet spaces, fellowship, and renewal. The addition of a new pavilion/worship/fellowship center, Rosewood Pavilion, gave us the ability to enhance our offerings to local churches in our area and for guest group use. Challenges in 2012 included the constant vigil because of wildfire danger during a year of extreme drought. The flip side of that was high visibility of our wildlife in the pond area.

Specific Items:

Rosewood Pavilion – Open House and Dedication of the Pavilion was Oct. 14, 2012. Rosewood was constructed mainly by volunteers under the direction of NOMADS leader Jerrel Fielder. The structure is 66 x 32 with a large native stone fireplace, secure storage room, and catering kitchen with running water and electricity. Seating for meals is 80-90 and worship setup is approximately 140.

Spiritual Direction Certification partnership with Perkins School of Theology, SMU- The first cohort of 18 persons, 6 clergy and 12 laity, completed their work July 8th, 2012. The second cohort, with 21 students, began their two year process in March, 2013. Funding to bring Perkins faculty here for 6 sessions and to provide scholarships for some students has been provided by the United Methodist Foundation of Arkansas. We do not expect to offer a third cohort, but we didn't expect to host a second one either. . . .

Programs – Mount Eagle provided staff leadership, registration, and other forms of support

for: Lay Speakers School, Conference Clergy Spouse Retreat, Clergy Retreat, Family Folklore Camp, Gathering of the Order of Deacons, Ark Conference Local Pastor License School, and Care Cap Ministry Project. We hosted two new major events -the national NOMADS Board of Directors met here in April and we were delighted that the Board of Ordained Ministry Residency Retreat was moved here in July from a non-UM retreat setting. Both groups are scheduled to return in 2013.

Care Cap Ministry Project has become a twice a year event. It is a partnering with Care Cap Connections, an Arkansas based non-profit that creates and provides caps to cancer patients in clinics and hospitals all over the US. They reached the 50,000 mark in March 2013. This is a mid-week event that offers a low impact (physically) service project for people who want to come to Mount Eagle but cannot cut firewood or maintain trails! At the first two events we had persons from 11 churches –and one "no church"-participant.

Other retreats held at Mount Eagle this past year included the Central District Clergy retreat, the North District UMW Mission Study (28 churches represented), Conference Board of Global Ministries, Conference UMCOR Disaster Response Committee, UMW Missions Team, Near The Cross Emmaus Board, numerous individual clergy retreats, Hendrix College German Club, and a retreat for foster parents of Cleburne County. A partnership with the Arkansas Audubon Society created the Art and Martha Johnson Senior Ecology Camp for 12-14 year olds. It meets for 8 days in July and includes 12 campers and 5 staff. They hike all over Mount Eagle identifying birds, reptiles, flora and fauna of all types, spend a day along the river here, a day at Blanchard Springs Caverns, and an overnight canoe trip along the Buffalo National River. 2012 was their 5th year with us.

Statistics for October 1, 2011 – Sept. 30, 2012 (our program year)

Guest Groups by Organization Type: 133 local UM churches, 24 other faith groups, 22 other non-profits.

Guest Groups by Age Type: 24 youth groups; 106 adult groups; 13 young adult groups; 19 groups all ages; 17 family groups; 25 personal clergy retreats

Participant Numbers: Mount Eagle Programs- 306; Non-Profit groups-403; Other Faiths- 344; UM- 1483; Day Visitors- ? (2 of our sign-in sheets were damaged beyond recognition by rain; we average about 250-300 day visitors a year who sign-in at the book outside office door so they can hike and picnic on the grounds)

Internet and technology offerings – Acknowledging a conflict of purpose, Mount Eagle added another modem and a completely separate unsecured web access for guest use in the area around the office. Working with Mark Epperson, Director of the Conference Center for Technology, we acquired internet access for Beal Lodge. More pastors are coming to Mount Eagle for personal retreat, including those who want to do sermon prep and need internet access. More conference groups, including the appointive cabinet, are using our space because of good internet access in the housing areas. Continuing education opportunities are also expanding for local church lay leadership and clergy.

Imagine No Malaria Challenge – Because of the United Methodist Foundation's announcement at annual conference 2012 of matching funds for Imagine No Malaria, Mount Eagle guests were invited from July 1 to Dec. 31, 2012 to donate a dollar per person. They were also given information about INM to take back to their local churches to encourage some type of offering or fund raiser there. Our hope is that Mount Eagle will help make a difference in the total amount of funds raised by our conference for this worthy cause. In January, 2013 we sent a check to the conference for $2156.90; with the matching funds the grand total was $4313.80.

Volunteer Workers- Mount Eagle is blessed to have many friends with servant hearts who donate their time here. Some NOMADS come as individuals to help around the center for several days or a week at a time. Some come as VIM teams and have specific projects to complete, and some guest groups take a couple of hours from their retreat time to work in the garden, haul firewood, or do trail maintenance. These servants logged 3515 hours in 2012.

Throughout the year many wonderful things happen at Mount Eagle. Come experience the hospitality, share in the fellowship, and find your sacred, holy space.

"Renewal" is the new mantra on the Mountain! Just as the United Methodist Church is taking its rightful place in the worldwide awakening of the Body of Christ so too is the Mount Sequoyah Conference and Retreat Center. The year 2012 marked the inaugural year for our transition from a facility that simply emphasizes Christian hospitality to a **Premier United Methodist Conference and Resort Center** that provides ***Relevant Training and Networking*** for United Methodist clergy and laity, ***21st century Functionality and Amenities*** in event and lodging facilities, a ***Captivating Environment*** with walking trails and botanical gardens, and ***Purposeful Ownership*** driving honor and esteem for our institution.

As we embrace God's Purpose for Mount Sequoyah in the 21st century, we continue to seek, welcome and gather visitors and guests from every generation, race, gender and religion. On the Mountain our guests enjoy an environment where they are both functionally and spiritually connected with God and nature. They come to Mount Sequoyah for lodging, business meetings, educational events, family reunions, weddings, recreation and spiritual growth. The 13,000 guests we served in our United Methodist Environment in 2012 included College Students, United Methodists, Corporate Leaders, Veterans, University Parents, Bikers, Educators and Families. Every guest, without exception, is surrounded by the icons and spiritual disciplines of our faith and with the hospitality we extend, they are introduced to United Methodist's practices and principles, most notably John Wesley's three simple rules… Do No Harm. Do Good. Stay in Love With God.

Mount Sequoyah Center ended the year with net income for the first time since 2006 and we want to thank the Arkansas Conference for the part you are playing in our success. In addition to the apportionments you offered, Arkansas Methodists accounted for $93,000 of the total $170,000 that Mount Sequoyah earned from Methodist groups and individuals utilizing of our lodging rooms and event spaces in 2012. For that, we send a special thank you to the UMC Conference Cabinet, Asbury Sunday School (Central UMC, Fayetteville), NW District Youth, Boot Camp, Small Church Leadership and New Church Leadership, Heart of the Ozarks Emmaus Walks, and all the other Arkansas Methodists who visited the Mountain last year. In addition to the Arkansas Methodists, the state of Arkansas provided another $770,000 from 17 Corporate groups, 17 University of Arkansas groups, 3 Military/Veteran groups, and over 1,500 Football Fans and other Individuals. And that's not all. The Arkansas Conference is also providing us with tremendous leadership and council from Bishop Gary Mueller, Reverend Mackey Yokem, Mrs. Frances Bauman, Dr. Earl Carter, Mrs. Margaret Whillock, Mrs. Lori Smith Harrison, Bishop Kenneth Hicks, Dr. Ed Matthews, Mr. Jack E. Meadows,

Mr. J. Harris Moore, Mr. Lamar Pettus and Mr. Dewitt Smith, who are all active, contributing members of the Mount Sequoyah Board of Trustees.

We want to offer a very special thank you to Jim Argue and the Grant Selection Committee of the United Methodist Foundation of Arkansas. Thank you for approving our request for a $300,000 matching grant. Thank you for giving your time, attention, and resources to this phenomenal institution of the United Methodist Church. The vision for Mount Sequoyah is real and our fundraising efforts have already begun. We will repurpose and renew our Mountain and United Methodists will come to the Mountain in droves to connect, develop, and disciple from this unique *"Body of Christ"* for generations to come.

Thank you once again, Arkansas Conference. As we renew our Mountain and transform it into the Premier United Methodist Conference and Resort Center that is our future, your continued engagement will validate the strength of our established presence today and ensure the promise of a powerful future for the United Methodist Church in God's plan for the transformation of the world.

OZARK MISSION PROJECT, Inc.

www.ozarkmissionproject.org

Ozark Mission Project (OMP) is a mission of the Arkansas United Methodist Conference, organized for ministry to "persons in need" in response to Jesus Christ's call to servant hood. OMP's vision is to be a Christ-led mission opportunity offering a diverse cultural experience that equips youth to make a global difference. We bring church youth groups to camp sites around Arkansas where they, in turn, serve people in the surrounding communities. In 1986, OMP began with one camp and thirty-five participants. Since then, OMP hosts 12-13 camps each summer, serving all four corners of Arkansas, and an annual college-aged mission trip outside the state.

In the spirit of Christ, these youth and adults serve individuals and families, called Neighbors, who are in need of minor construction and yard work. In addition to the physical service projects, we strive to meet social and emotional needs by spending part of our time visiting, sharing lunch and a devotional with our neighbor, if the Neighbor so chooses.

At our Anniversary Celebration, the message reflected on getting "uncomfortable" in order to grow and be a part of the community and people God tells us to serve. God was certainly laying some groundwork for OMP in our time together. Most missions are not stagnant and the wheels of OMP are definitely moving "full-steam ahead" in 2013!

Our biggest change is that our Executive Director of the past nine years, Nancy Mulhearn, has tendered her resignation. Nancy has been fearlessly leading OMP with her gifts of perseverance and patience for almost a decade. To say that we are going to miss her is an understatement, but she has graciously offered help OMP transition over the upcoming months. When Nancy came on board, OMP could not have been more blessed with better Executive Director. We are so thankful for her time, efforts and sometimes her sacrifice of her personal space! Stay tuned for further information regarding

OMP's staffing changes.

In last year's report, we announced that we would be purchasing a fourth tool trailer for 2013. Because of the generous donations given in honor of Nancy Mulhearn and in memory of Allan Bruner, OMP's fourth tool trailer is underway. This fourth trailer is allowing OMP to restructure its camp season. Instead of four weeks of camp with three camps occurring simultaneously, OMP's 2013 camp season will consist of three weeks of camp with four camps running each week. The positive response to this restructure from our church participants, as well as our college staff applicant pool, has been overwhelming, and we are really excited about this change!

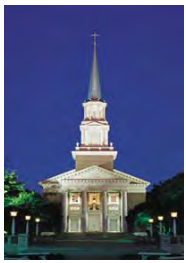

OMP's seventh annual college trip returned to New Orleans, LA in 2013 to continue efforts in the weather-beaten city. The Wesley Foundation students who participated came from Henderson State University, Ouachita Baptist University, Southern Arkansas University, Arkansas Tech University, University of Central Arkansas, and Arkansas State University.

OMP's 2013 camp season is set with camps at Bear Creek, Cabot UMC, Cornerstone UMC, FUMC Camden, FUMC El Dorado, FUMC Siloam Springs, FUMC West Memphis, Grand Avenue UMC, Lakewood UMC, Shoal Creek and Winfield UMC. We have a new camp location at FUMC Maumelle. We are excited that FUMC Maumelle is joining the ranks of our other host churches!

Moving forward is an exciting and, more often than not, scary thing! Yet when we take a step in faith, God is with us and His peace transcends all worries. As we prayerfully move into transition at OMP, we hope that you'll continue to support us with your time, prayer and efforts. Look for more changes on the OMP horizon and consider joining as we continue on our mission of transforming lives through worship, fellowship and hands-on mission.

Respectfully submitted,
Mandy Stanton
Chair, OMP Board of Directors

SMU | PERKINS
SCHOOL OF THEOLOGY

PERKINS SCHOOL OF THEOLOGY
SOUTHERN METHODIST UNIVERSITY
DEAN'S REPORT

Perkins received positive evaluations from all three of our accrediting bodies during the past year: The Association of Theological Schools, Southern Association of Colleges and Schools, and University Senate of The United Methodist Church.

New faculty and staff members are strengthening our mission of preparing women and men for faithful leadership in Christian ministry. D. Max Whitfield was named Bishop in Residence for 2012-2016 while Dr. Brad R. Braxton joined our faculty as Lois Craddock Perkins Professor of Homiletics and Dr. James Kang Hoon Lee joined our faculty as assistant professor of the History of Early Christianity. Dr. Arlene Sánchez Walsh, associate professor in the Graduate School of Theology at Azusa Pacific University, was 2012-2013 visiting professor. Dr. Mark W. Stamm, Christian Worship,

and Dr. Rebekah Miles, Ethics and Practical Theology, were promoted to full professor. Rev. Connie Nelson was selected as director of Public Affairs and Alumni Relations, and Dr. Rebecca Frank Bruff became director of our Center for Religious Leadership. Dr. Ruben Habito, professor of World Religions and Spirituality, was named Interim Coordinator of the Spiritual Formation and Spiritual Direction programs, an administrative transition shifting these important responsibilities to a highly qualified full-time faculty member. Searches for new faculty members in the fields of History of Christianity and Christian Theology have resulted in candidates with exceptional promise, and we anticipate filling those positions for the start of the 2013-2014 academic year.

Our 2012 entering class has a median age of 29 – the first time in nearly a decade that the median age has been under 30. Among all Perkins students, more than two-thirds are United Methodist and more than one-third are persons of color. The Doctor of Ministry program continues to grow with new cohorts of students from southern Asia taking classes in Singapore and in Dallas. Our Ph.D. program, one of only two highly rated doctoral programs among the 15 at SMU, includes two Latino Ph.D. students supported through a grant from the Luce Foundation to Perkins' Center for the Study of Latino/a Christianity and Religions.

To be sure, Perkins is not immune from the challenges faced by schools of theology and seminaries across the United States. However, we are blessed with gifted faculty and staff members, inspiring students, beautiful facilities, and vibrant ministries. We thank our many colleagues, friends, and alumni/ae across the connection for continuing generous support, including referrals of prospective students.

Grace and Peace,
William B. Lawrence
Dean and Professor of American Church History

PHILANDER SMITH COLLEGE

THINK JUSTICE

PHILANDER SMITH COLLEGE

Grace and peace to you as you gather in Holy conferencing, and on behalf of the Philander Smith College family, I want to thank you for all you do as our partners, as we strive to meet our mission "to graduate academically accomplished students grounded as advocates for social justice determined to change the world for the better". Words cannot express how excited I am to be named the 13th president of Philander Smith College. As a proud alumnus (Class of 1989), I have seen first-hand the genuine care and concern that the Arkansas Annual Conference has for our beloved Philander Smith College. We are extremely appreciative of the financial support from the Arkansas Annual Conference that propels us in our mission.

Although I am just months into my tenure, we have been extremely productive with transitions, realignments, and engagements. For the first few months, I have been busy meeting with students, faculty, staff, community leaders, and alumni, gaining a holistic perspective of the paths we have taken toward the college's renaissance in an effort to understand what steps must be taken to protect and propel the trajectory we have recently enjoyed. Some of our most significant accomplishments over the past several years have been an increase in freshmen retention rate from 51% to 62%; six-year graduation rate from 16% to 32%; overall grade point average from 2.09 to 2.86; entering freshmen HSGPA from 2.02 to 2.87; a reduction in the number of students needing remediation from 56% to 47.8%; an increase in our entering freshmen ACT scores from 15.4 to 18.8, and being ranked 9th amongst HBCUs with the highest SAT scores of entering freshmen. Other major accomplishments are an increase in the percentage giving by the Board from 60 to 100 percent and most notably our alumni

giving increased from three percent to 16 percent.

As we move the institution forward, we are bringing to a close the 2006 – 2012 Renaissance Plan by addressing and meeting all of our intended benchmarks and we are in the process of implementing our 2013 – 2018 Strategic Agenda. As noted in our previous report, the relationship between Philander Smith College, Wesley United Methodist Church, and the Arkansas Conference has truly been a model not only for the United Methodist Church but other historical and religious institutions. It is the forging of this relationship that has led us to our mission, purpose, and vision.

Philander Smith College celebrates the dual appointment of our chaplain, Rev. Ronnie Miller-Yow to Philander Smith and Wesley Chapel. As a member of Wesley Chapel, I am delighted to know that our students are not only being prepared academically while at Philander Smith, but by having a church on campus which many of our students affiliate with, thereby being nurtured spiritually. In addition, the College provides the program offerings of the Office of Religious Life. This Office serves as a meaningful way to engage our students with the Church through worship, mission, study and service. The relationship between Philander Smith and the United Methodist Church is pivotal to our success. As a college, we cherish the many ways Methodists both locally and nationally support us and we pray that you will continue to assist us in reaching our goals.

Philander Smith College treasures the Methodist heritage and we ask for your continued prayers and support. Please be assured that the sacrificial gifts of the Arkansas Annual Conference to Philander Smith College through your apportionment dollars are seeds planted on fertile ground.

Saint Paul School of Theology is a seminary of the United Methodist Church that educates leaders to make disciples for Jesus Christ, renew the Church, and transform the world. We are one institution with two campuses, in Kansas City and in Oklahoma City.

During the 2012-2013 academic year,196 students from 12 annual conferences and 9 countries were enrolled in degree programs at Saint Paul School of Theology on both campuses. The Course of Study School at Saint Paul served 236 students at the Kansas City, Missouri, Springfield, Missouri, and Oklahoma City, Oklahoma locations.

In November 2012, the Saint Paul School of Theology Board of Trustees voted to enter into an Agreement for Building Occupancy and Commitment to Collaborate between Saint Paul School of Theology/Kansas City and the United Methodist Church of the Resurrection. The agreement concluded a period of study and represents the seminary's vision to create a nationally recognized, vibrant, innovative locus of theological education aimed at preparing leaders for congregations and faith communities in the changing culture and emerging field of mission. It seeks to provide learning in the practice of ministry for both clergy and laity that is characterized by excellence. The Kansas City

campus will move to Leawood, KS in the fall of 2013. The Oklahoma campus will remain at Oklahoma City University.

Saint Paul at OCU began its 5th year in September. Two new faculty members have been added in Oklahoma. Bishop Steven Charleston was appointed as Visiting Professor of Native American Ministries, a position funded by a grant from the Henry Luce Foundation. Dr. Stan Basler, DMin '00, joined the faculty in January 2013 as Visiting Professor of Restorative Justice and Prison Ministry.

Twenty-four master's degree students and three doctoral students graduated from the Kansas City campus in May 2012. Six master of divinity students graduated at the 2nd Commencement Convocation in Oklahoma in August 2012. The first graduates of the Seminary Lite program in Oklahoma also received certificates.

The 3rd Saint Paul Korean Doctor of Ministry cohort began this winter. This program is a partnership with Hyupsung University in Seoul, Korea.

Saint Paul School of Theology will host *A Seminary Celebration: Looking Back, Looking Forward* on April 25-26, 2013 on its Kansas City Truman Road Campus. The event will celebrate the past, present, and future of the seminary. Activities will include a retirement luncheon honoring Dr. Sondra Matthaei MRE '69, the installation of Dr. Harold Washington as Vice President of Academic Affairs and Dean, the Cleaver Lecture on Justice featuring Michelle Alexander, author of *The New Jim Crow*, a prayer breakfast, and closing worship service in Kresge Chapel.

The class of 1963 will be the 50 year honor class at the 52nd Commencement Convocation on May 17 for the Kansas City campus. Dr. Sondra Matthaei '69, retiring Professor of Christian Religious Education, will be the speaker. UMC Arkansas Bishop Gary Mueller will speak at the 3rd Commencement for the Oklahoma City campus.

The trustees, faculty, staff, and students of Saint Paul thank you for your interest, prayers and support.

CAMP TANAKO
4301 Highway 290, Hot Springs, AR 71913-8799
(501) 262-2600
www.tanako.org

Camp Tanako celebrated its 65th year in ministry in 2012. The year brought exciting changes and opportunities to witness God's work in the lives of many people. Our curriculum for the summer of 2012 was "Secrets of the Kingdom" which focused on Christ's parables. Campers from across Arkansas and neighboring states came together for worship, fun, and growth in their relationship with God. Senior high campers spent a week unpacking the theology of Dr. Seuss's stories with Rev. Hammett Evans. "Backwards" was the theme for students in seventh through ninth grades in the summer of 2012. In order to live a life in Christ, campers learned that they often had to live backwards from the world's standards. This past summer brought campers that have attended Camp Tanako for many years and, a new group that experienced the wonders of outdoor ministries for the first time.

In addition to our schedule of summer camps, Camp Tanako hosted a wide variety of groups and retreats from across the state. Approximately 1900 people came to Camp Tanako to experience God's majesty through Tanako's beautiful setting . Children's ministry programs from across the Central district participated in Bible Boot Camp. The Noahs of Ark Walk to Emmaus program hosted six walks for men and women during 2012. Youth groups came to Camp Tanako for retreats that afforded them

the chance to step out of the busy pace of everyday life in order to fellowship and reflect on the love of Christ. This past January, Camp Tanako held a Leadership Lab weekend for youth wanting to learn how to lead the church with excellence and passion to make disciples for Jesus Christ. This past year Camp Tanako began new relationship with NOMADS and Volunteers in Mission. We are very excited about the future prospects of partnering with these amazing volunteer groups.

Camp Tanako received its first American Camping Association accreditation in 2003, and in the summer of 2012, Camp Tanako once again met the high standards of ACA accreditation. Maintaining these high levels of best practice in safety, programming, and site standards take a great deal of work and planning. Camp Tanako is committed to providing this "gold standard" in outdoor ministries to all those who come seeking an intentional place apart.

Camp Tanako's Board of Trustees was pleased to announce the hiring of Kim Carter as the Director of Camp Tanako, following a nationwide search in 2012. Kim grew up attending camps at Tanako and was on staff during her high school and college years. She has a passion for Christ's work through outdoor ministries and has witnessed God impact many lives over the years at Camp Tanako. She heard God's call to Camp Tanako as a new opportunity to make disciples for Christ and has excitement and vision for new things to come at the camp. This coming summer will bring the addition of a new day camp program to assist families in our local mission field with summer care for school age children. New program camps will include Holy Healthy You and Footprints, a week with an emphasis on Arkansas Conference mission initiatives.

Respectfully submitted,
Camp Tanako Board of Trustees

The United Methodist Foundation of Arkansas

UNITED METHODIST FOUNDATION OF ARKANSAS
Celebrates Fifty Years of Faithful Ministry

This year marks the 50th anniversary of the United Methodist Foundation of Arkansas, incorporated in October of 1963 by Bishop W. Kenneth Pope, Dr. Cecil R. Culver, Dr. J. Ralph Hillis, Alton B. Raney, I.N. Barnett and Richard C. Butler, Sr.

Through the generosity of generations of faithful donors who have followed in the footsteps of these founders, the United Methodist Foundation has become an essential ministry of the Arkansas Conference. Our mission is to create and administer permanent charitable endowment funds to strengthen and expand United Methodist ministry in Arkansas. To that end, we offer planned giving resources to individuals and investment services for churches.

The Foundation grew slowly at first. By 1981 when I was hired as the first full-time director of the Foundation, assets were a little over $100,000. But by the close of 2012, assets were $113 million, with 57% in funds owned by the Foundation and the remaining 43% owned by United Methodist local churches and institutions who utilize our investment services.

Today we manage more than 650 accounts representing about 150 local United Methodist churches and institutions throughout the state of Arkansas, and we are one of the largest United Methodist Foundations in the nation. UMFA has a highly motivated and talented staff of six, and we benefit from a network of consultants and advisors who assist us in the areas of audit, communications, investments, legal affairs, and technology.

We work to help United Methodists learn about giving options that can benefit them today and benefit the Church in the future, providing many services to strengthen church ministries.

The Foundation offers free seminars on investment management, creation and growth of endowment funds, wills and estate planning, and different giving options. Church members benefit from presentations at committee meetings, worship services and in small groups.

Our popular seminar, "Provide and Protect," has been taken on the road all over the state from DeQueen to Springdale to Lake Village and places in between. A local attorney and a staff member make presentations on the importance of planning for the future and making sure plans are in place for your assets. The seminar covers guardianships for children, Powers of Attorney, Healthcare Powers of Attorney, where to keep important documents and other critical estate planning issues.

Many individual donors create permanent funds at UMFA and leave specific instructions as to how we are to use the annual income from their legacies. For example, they direct that the annual income be paid to their local church or favorite UMC ministry. We refer to these as designated distributions, and they totaled $2.7 million in 2012.

Other donors leave the decision about how to use the annual income from their permanent funds to the discretion of the Foundation's board of directors. They are attracted to the idea of helping to address challenges and opportunities in the future that we can't even imagine today. These are called discretionary grants. Our ability to make discretionary grants has grown dramatically over the last 15 years, and in 2012 they totaled $728,000.

Here's how some grant recipients describe the impact of UMFA grants:

"The great thing about the UMFA Seminary Scholarships is that they are funded by United Methodists in Arkansas. I know when I come to a congregation, when I teach a class, when I get up to preach that my education was made possible by congregation members I'm now serving."

– Rev. Brittany Richardson Watson
UMFA Seminary Scholarships

"With the grant, we were able to create a good quality DVD about what the Bible says on immigration. It has been recognized as a quality tool that is helping people across the nation understand the issue of immigration."

– Rev. Stephen Copley
Gospel Without Borders

"If this United Methodist Church in Arkansas is going to be the church that God called it to be, I believe we are going to have to strengthen our African American constituency. The UMFA grant made possible an academy of preachers who have been selected for mentoring and expanded leadership development. Crossing the Jordan also allows us to come together as congregations, and coming together is a powerful force for good."

– Rev. Ronnie Miller Yow
Crossing Jordan Movement

"The Foundation grant was a designated gift for one-time expenditures to set up the Arkansas United Methodist Conference Museum bringing together a collection of historic materials from across the state and across more than 100 years. Because of UMFA, we could do it right, do it thoroughly."

– Rev. Ed Matthews
Arkansas Conference Museum

"Since we have more than 500 churches in Arkansas that are small – fewer than 75 people – UMFA gave us a grant to provide an environment for the pastors and laity in small churches to learn more about how to take their congregations to the next level."

– Rev. Bob Crossman
Small Church Leadership Institute

The United Methodist Foundation of Arkansas continues to provide vital services to our Conference, strengthening local churches through excellent management of funds and training for Endowment Committees, helping individuals support their Church today and after their lifetimes, and providing grants to programs that transform the lives of all Arkansas United Methodists.

Contact us to explore how you can leave your own legacy of love for your Church. You can make a powerful witness, not just to your contemporaries and loved ones, but to future generations of United Methodists who will follow your example.

G. DISTRICT REPORTS

The Book of Discipline ¶606.3
Annual Report of the District Superintendents

The 2012-2013 Cabinet

†††

Report of the Central District
Rev. Deidre J. Roberts, District Superintendent

The Central District has experienced an exciting year of transition and change as we turn our attention and resources toward the mission field of Central Arkansas. The district covers seven counties and is diverse in geography, culture, ethnicity, age and income. We have 103 mission stations from which we can reach out into the community to make disciples of Jesus Christ who transform the world with excellence and passion.

The Central District office was consolidated into one office in October. This office was located in the Conway parsonage of the former Central District. In May, the office was moved to Maumelle and is located at 2 Country Club Circle near the Country Club of Arkansas.

In addition to changing locations, there have also been personnel changes. Long time Administrative Assistant for the Little Rock and Central Districts, Karen Branton, ended her work in February after nearly twenty-one years of service. Fonda Kirkman now serves as the Central District Administrator. In

addition, Rebbeca Davis joined the staff in March as a part time Administraive Assistant. Fonda and Rebecca both approach their work as a ministry and provide excellent leadership for the unending administrative work of the district.

Other notable milestones for the new district included:

1. Continued growth of 5 New Church Starts totaling over 650 in worship!
2. $3,646,645 given through Shared Ministries for the mission and ministry of the Annual Conference and global United Methodist Church.
3. Granting of over $50,000 to new missions in the mission fields of central Arkansas.
4. Training and support of 17 circuit elders across the district.
5. A District Leadership Summit in January in Jacksonville.
6. Charge realignments to better meet the needs of the mission field.

As we work to develop the Central District Mission Strategy, several key components are taking shape. We will align our work with the mission of the church to make disciples of Jesus Christ keeping the conference mission in focus as we work with excellence and passion. We have identified three key foci for our work:

1. Development of young clergy leadership;
2. Launch of Hispanic ministries for worship and outreach across the district;
3. Strengthen the Black churches' ministry and outreach throughout central Arkansas.

The District Leadership team is working with the District Superintendent on the District Mission Strategy.

The Circuit Elders have been a tremendous source of leadership this year. They have conducted charge conferences, lent their presence and support in times of crisis, helped to counsel new clergy, and challenged one another to continue to grow deeper in their love for God and in gaining skills needed for effective ministry in the changing mission fields of our congregations.

As we close this conference year and begin a new one, I am grateful for the opportunity to continue as superintendent of the Central District. As United Methodists who live from Grand Prairie through the river valley to the foothills of the Ozarks, we are blessed!

Report of the Northeast District
The Reverend William (Bud Reeves, Superintendent

The 2012-2013 conference year saw the reorganization of the Arkansas Annual Conference into five districts, with the Northeast District including most of the previous North and Northeast Districts. We gave a few charges to both the Northwest and Southeast District. The new Northeast District includes 12,222 square miles in 18 counties. There are 150 churches in 102 charges. 124 of our district churches average less than 75 in average worship attendance; 20 average between 75 and 300; and 6 average over 300 in worship. There are 114 clergy in the district, 42 of whom are elders.

The Northeast District continued its outstanding record of apportionment payment, equaling the percentages of 2011, with 94% payout of both district and conference apportionments. However, the same percentage meant over $87,000 more for connectional ministries in Arkansas.

Though two districts merged into one, we kept two district offices, one in Batesville and one in Jonesboro. The Superintendent was ably assisted by two administrators, Mrs. Connie Thomas in Jonesboro and Mrs. LaDonna Busby in Batesville. Both are experienced and effective with the district work.

The Jonesboro office did move locations, as First United Methodist Church of Jonesboro demolished the building we were in to make room for parking. But they provided another space on the FUMC campus, and we are grateful for their support.

One of the new features of the Conference structural changes was the addition of the position of Circuit Elder. These full-time pastors took on the extra responsibility of mentoring a peer group of pastors in smaller churches, and they held individual charge conferences for each charge on their circuit. There were 102 charge conferences in the district, and 75 were held by circuit elders. They were a great help to the District Superintendent in an expanded district, and they increased the sense of connection among the smaller churches.

Some new and creative developments began in the Northeast District in 2012-13. Aldersgate UMC in Blytheville closed January 1, 2013. But following its closure, a group from the former Aldersgate Church and First United Methodist in Blytheville, along with other interested people, began planning a new mission to operate out of the Aldersgate building, focusing on needs within the mission field, hopefully to result in a new worshipping community.

The Nettleton United Methodist Church found itself in a similar situation, facing closure due to declining attendance and aging membership. At the same time, First United Methodist of Jonesboro was looking for an opportunity to begin a satellite campus in Jonesboro. In a remarkable act of faith and courage, the Nettleton congregation will give control of their facility to First UMC to re-start a viable, mission field focused congregation.

Challenges for the future in the Northeast District include the development of a District Ministry Plan, which will focus the energies of the district on the mission fields in a more effective way. The smaller churches continue to be challenged by declining communities and attendance and membership. Yet the mission field needs are great. But as the churches are learning to turn outward in mission to the community, wonderful ministries are taking place, and lives and communities will be transformed.

It has been a privilege to serve the Northeast District, if only for a year. I became acquainted with many great people and churches. I look forward to the challenge of the Northwest District, and I know the Northeast District will be happy to welcome Rev. Susan Ledbetter as their new District Superintendent.

Rev. Dr. William O. (Bud) Reeves
Northeast District Superintendent

Report of the Northwest District
The Reverend Dr. Mackey Yokem Superintendent

Mission Strategic Plan
Overview

The Northwest District finds itself in a moment of extreme opportunity. Anticipating significant growth by 2015 the District Leadership Team is beginning to define both opportunity and challenge as they attempt to lead the congregations of our district into "making disciples of Jesus Christ for the transformation of the world". As a way of preparing for our future the District has embarked on a two-fold emphasis within our corporate life: first to discover again the purpose and identity of our congregations and second, adopting innovative and creative ways to introduce the transforming truth of the Gospel into our neighborhoods and congregations.

The first issue has provided a provocative process that has been met with both resistance and excitement. Resistance has appeared because many individual United Methodists and congregations

have never been challenged to define "who we are and why we gather as a congregation". This resistance is a conversation starter and hopefully will develop positive learning's over the coming years.

The second issue has become a discussion of accountability. As congregations become aware of the increasing populations of their surrounding neighborhoods compared to their decline or slow growth, many observation sand questions have developed about transformational ministry. This second issue is so closely connected to the first that they cannot be considered separate from one another. This reality is now before the congregations of our district for prayer and discernment.

What are the distinct demographic realities of the district?

The Northwest District will grow to a population of 983,101 by 2015. This population will be younger than the state average with a higher percentage of single people and a higher level of education. The growth will be along the highway corridors of Interstate 540 and Highway 412. Places to watch will be: Bella Vista, Springdale, smaller communities to the west of Rogers, and south of Fort Smith.

Specific Areas for Growth

A quick review of the MissionInsite information shows distinctive trends and missional opportunities. Significant grow this predicted all across the Northwest District. Certain areas will experience increases of ethnic demographics. As we observe the general trends, the following strategies and plans will be developed to address our opportunities:

1) Congregations will be revitalized, embracing a passion to reach out
2) New "micro-communities" will be established in certain demographics
3) The second campus concept and Community Mission will be initiated

Hispanic or Latino

The Hispanic population of the Northwest District is growing and there will be five pockets with significant numbers. There are established congregations in each of these areas with desire to begin ministries to the Hispanic community. To assist in establishing Hispanic communities, the following strategies will be developed:

1) Congregations with large numbers of Hispanics, the District will be assisted with learning the language. By 2015, congregations in the following communities will be asked to have a pastor or church staff person able to speak Spanish: Green Forest, Berryville, Eureka Springs, Springdale 1st, Central in Rogers, Siloam Springs 1st.
2) A Hispanic campus from Springdale 1st will be established targeting the Hispanic population in Springdale north to Rogers.
3) Micro-communities will be established in Decatur, Huntsville, Siloam Springs, and Rogers.
4) A congregation dedicated to the Hispanic population will be developed in Fort Smith.

What are the long-term goals of the district?

To encourage and assist congregations to become Acts 2 Congregations:
We anticipate bearing fruit for the Kingdom of God demonstrated in Acts 2:41-47:

- Acts 2:47 – Experience an increase in professions or reaffirmations of faith into the faith community.
- Acts 2:41 - Increase worship attendance.
- Acts 2: 44-45 - Mission engagement to address poverty and community development through ministries of mercy, justice and development.
- Ensure a majority of the worshiping congregation is participating in ministry initiatives outside of weekly worship.

Report of the Southwest District
The Reverend Mike Morey, Superintendent

This was the first year of the newly aligned Southwest District. The District covers 19 counties, with 159 congregations. The combined membership is 22,034, with average worship attendance of 9,202. We received 326 souls on Profession of Faith, and led the Conference in Apportionment payout of over 95%.

The Southwest District recorded a solid year of ministry. We saw lives changed and congregations who are engaged in mission work, and in spiritual renewal. This work must be continued and be redoubled, as we focus beyond our doors and into the mission field.

Much of the district shows the effects of changing or declining population and declining economy. Yet, there have been areas of congregational growth and vitality.
This has been a year of growing into the new Southwest District
Since last Annual Conference:

1. We relocated our offices to Arkadelphia and Magnolia.
2. We purchased a District Parsonage in Arkadelphia, which is debt free.
3. We held sub-district training for PPR committees.
4. Lay Speaking Courses are offered taking into account the larger District.
5. Training was completed with Circuit Elders, and regularly meets for ongoing training.
6. Board of Church and Locations approved a new building at Amity UMC and renovations for Christ of the Hills, and Arkadelphia FUMC.
7. The District provides financial support of a Lay Missioner to the Jones Mill area, Cathy Larson.
8. We have had Charge realignment, to better address the mission field.
9. Our District Volunteers in Mission has been very active in responding to weather related crisis.

Was we work to develop a Southwest District Mission Strategy, several key components are taking shape. We intend to align our work with our Conference Mission of "Making Disciples for the transformation of the world, with excellence and passion."

Circuit Elders was the first part of living into the new work. Eighteen Circuit Elders were trained and organized. Their leadership has been indispensable. Each Circuit Elder met with clergy in their circuit providing fellowship, support and training. This is a big step in reconnecting the connection. The Congregational Coaches are being trained to move out into local congregations that request them. The Dierks UMC was part of a preliminary group to measure how effective Congregational Coaches can be in small membership churches. This is important since the majority of the Southwest congregations are small membership churches.

Three Charge realignments have been made to better equip the churches to move into their mission Field. First, Timothy- Camden and St Marks-Camden have been joined on a two point charge. Both congregations share largely the same mission field. The Asbury- Camden and McNeil congregations also were joined for similar reasons. Finally, the Gardner and Diamondhead congregations agreed to join together in a two church charge to provide strong pastoral leadership for future.

The District demographics are a challenge. With some exceptions, the District as a whole has either very slow population growth or even a history of declining growth, due to changing economic conditions. Yet, never has there been a time where we have had more unchurched people in our communities.

Often these people are of different cultures, races and economic background. Our churches must find ways to be relevant to this new reality. We will be looking at cross-cultural appointments and new ministries. We will identify areas that are underserved in the District as part of our District Mission Strategy. However, our biggest challenge is to first see and then focus on those who beyond our doors and share our neighborhood.

We are blessed with 159 churches that God has planted in the Southwest District. We have the great Good News of the Gospel to live out and share. God is not through with us! We have important work to do as disciples of the Risen Lord. Best of all God is with us through the power of the Holy Spirit! We seek to be faithful and fruitful in our Holy Calling.

Report of the Southeast District
The Reverend Susan Ledbetter, Superintendent

The first year for the newly aligned Southeast District was a fruitful and many bright spots of exciting ministries in our churches have illumined with work of the Holy Spirit. The Southeast District covers 16 counties and is home to 117 of our churches and 78 pastors. The dedication and enthusiasm of our Southeast District churches is a testimony to the regional resilience and faithful fortitude of generations of Christ followers in this part of the state.

The Southeast District celebrates a 90.19% conference shared ministry (apportionment) pay out for 2012, which was a 2% increase over 2011. Our district apportionment contributions were equally as generous. This is a wonderful sample of our connectional ministry. Because of the outstanding commitment to our shared ministry expenses, the Southeast District was able to utilize the funds from new churches to the new district by adding a part-time district office assistant to aid in the scale of work and service a larger district requires. The district office was relocated from Monticello to a suite of rooms in Pine Bluff First United Methodist Church. Our churches are continuing to adjust to the new district lines and relationships.

A variety of new ministries have developed over the year and they each point to the powerful work of the Holy Spirit in guiding our churches to revitalize the connection and meet the needs of the mission field and people in the communities surrounding our congregations. Kynette UMC in Forrest City remodeled their church building to focus their mission and ministry on an after-school program called Key's Afterschool Club. First UMC in Pine Bluff dove into a new collaborative alliance with the Boys and Girls Club of America by sharing their space and resources for an after-school program with community elementary schools.

As we work to develop the Southeast District Mission Strategy, new efforts are taking shape. The Circuit Elder and Congregational Coach components of the new conference structure and strategy have taken root in the district and the feedback has been helpful. Circuit Elders have established peer-group relationships and assist in carrying out the needs of the district. Some circuit groups have brainstormed new avenues for transforming regions in the district by revitalizing our connection and developing missional working relationships. In light of such conversations, a new district initiative will be launched in July 2013 as the Southeast District, with investment funding from Pine Bluff area churches and United Methodist Foundation of Arkansas, will launch a position called the Southeast District Regional Mission Coordinator. Rev. Natasha Murray-Norman shall serve in this role and work to enhance the mission field and collaborative ministry of district churches, initially in Jefferson County, to remove the silos around our congregations and strengthen mission field initiatives in which all UMCs may participate.

A new charge alignment including Elaine, Helena and West Helena UMCs in Phillips County, was an intentional effort for three churches to enter into a two-three year assessment process based on Paragraph 213 in The Book of Discipline called "A Process for Assessment of Local Church Potential." This process and alignment will encourage these churches to develop a mission field based strategy for future ministry. Rev. Mike Wilkie and Rev. Michael Smith-Dodson will serve these three churches and create a new model for other district and conferences churches to engage a similar vitality process. Catch the Vision funds have been secured for the rest of 2013 and for 2014 to launch this new work.

The challenges facing our southeast mission field churches are the same as they have been for generations. The primary needs are that each of our churches should continue to investigate the realities of their mission field and recommit to the basic reason our churches exist: to make disciples of Jesus Christ for the transformation of the world with excellence and passion. Additionally, we must make it a sincere part of our district mission strategy to identify churches and communities that will purposefully work to establish cross-racial and cross-cultural appointments and new ministries. We will endeavor to realign our district resources toward congregations demonstrating willingness to embrace these vital ministry values.

It is truly a blessing that God is continuing to provide an abundance of opportunity and resources for us to respond obediently and with joy for growing the Kingdom of God and building faith in others. Greater things are yet to come.

Sing the wondrous love of Jesus, Sing His mercy and His grace;
In the mansions bright and blessed, He'll prepare for us a place.
When we all get to heaven, What a day of rejoicing that will be!
When we all see Jesus, We'll sing and shout the victory!
While we walk the pilgrim pathway, Clouds will overspread the sky;
But when trav'ling days are over, Not a shadow, not a sigh.
Let us then be true and faithful, Trusting, serving every day;
Just one glimpse of Him in glory, Will the toils of life repay.
Onward to the prize before us! Soon His beauty we'll behold;
Soon the pearly gates will open; We shall tread the streets of gold.

INDEPENDENT AUDITORS' REPORT

Arkansas Conference Council on Finance and Administration
Arkansas Conference of the United Methodist Church
Little Rock, Arkansas

We have audited the accompanying financial statements of the **Arkansas Conference of the United Methodist Church (the Conference)**, which comprise the statements of assets, liabilities and net assets – modified cash basis as of December 31, 2012 and 2011, and the related statements of revenues, expenses and changes in net assets – modified cash basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1(b); this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and net assets of the **Arkansas Conference of the United Methodist Church** as of December 31, 2012 and 2011, and its revenue, expenses and changes in net assets for the years then ended, in accordance with the basis of accounting as described in Note 1(b).

Basis of Accounting

We draw attention to Note 1(b) of the financial statements, which describes the basis of accounting. These financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Arkansas Conference of the United Methodist Church

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2012 and 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Organization

The Arkansas Conference of the United Methodist Church (the Conference) is a service organization for the United Methodist Church throughout the State of Arkansas. The mission of the Conference is to make disciples for Jesus Christ by equipping local churches for missions and by providing a connection for ministry beyond the congregation, all to the glory of God. The Conference receives apportionments from churches located in the State of Arkansas and distributes the apportionments in accordance with the approved budget set by the Arkansas Annual Conference.

(b) Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Under that basis, the only assets recognized are cash and cash equivalents, investments and local church apportionments in-transit, and the only liabilities that are recognized are apportioned and other funds payable and prepaid apportionments. The modified cash basis of accounting differs from generally accepted accounting principles primarily because purchases of property and equipment are expensed as they are paid for rather than recorded as an asset and depreciated over their estimated useful lives and long-term debt is not recorded. Non-cash transactions are not recorded in the financial statements, therefore non-cash donations are not recorded as revenue when received.

Local church apportionments in-transit represent amounts that churches are budgeted to pay and apportioned and other funds payable include amounts the Conference is budgeted to pay according to the budget approved by the churches at the Arkansas Annual Conference.

(c) Basis of Presentation

The Conference is required to report information regarding its financial position and activities according to three classes of net assets – unrestricted, temporarily restricted and permanently restricted, as applicable. The Conference only has unrestricted net assets.

(d) Cash and Cash Equivalents

The Conference considers all deposits with financial institutions, as well as highly liquid investments with an original maturity of three months or less, to be cash equivalents.

At times during the years ended December 31, 2012 and 2011, cash and cash equivalents balances exceeded the amounts insured by the Federal Deposit Insurance Corporation (FDIC) and were not collateralized. In the event of an institutional failure, the excess over FDIC insurance may not be recoverable. The Conference's total bank balance maintained at multiple financial institutions at December 31, 2012 and 2011, was $1,685,709 and $3,583,500, respectively, of which $3,224,794 was not insured or collateralized at December 31, 2011. At December 31, 2012, all of the Conference's bank balance was fully insured.

Arkansas Conference of the United Methodist Church

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2012 and 2011

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(e) Investments
The Conference's investments are carried at cost and consist of an investment pool managed by the United Methodist Foundation of Arkansas (the Foundation, a private non-profit organization associated with the United Methodist Church). At December 31, 2012, the fair value of these investments was $881,785. The Foundation invests in equity and fixed income securities, mutual funds, investment pools, partnership interests and notes receivable.

(f) Cash Receipts
The Conference's cash receipts are restricted to fulfilling the purpose for which the donor remitted the funds. The Conference's goal is to distribute the funds received for the ultimate benefit of the third party donee in a timely and efficient manner.

The Conference classifies funds based on their funding source. The financial statements contain two types of funds: apportioned and other. Apportioned funds are budgeted by and allocated to the individual churches by the Arkansas Annual Conference. Other funds are obtained through the collection efforts of the committees established to oversee the individual funds. The Conference maintains and disburses these funds as requested by the committees.

(g) Income Taxes
The Conference is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation.

Accounting standards require the Conference to evaluate tax positions and recognize a tax liability (or asset) if the Conference has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Conference has analyzed the tax positions taken and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements.

(h) Functional Expenses
The Conference considers all disbursements to be related to its programs and therefore does not allocate disbursements between program, general and administrative and fundraising for financial statement presentation.

NOTE 2: HEALTH INSURANCE TRUST

The Conference is the Plan Administrator of the Arkansas United Methodist Conferences Employee Benefit Plan (the Plan) which covers eligible employees of the Conference and churches located within the State of Arkansas. The funds included in the Plan are restricted for the payment of health insurance claims for participants. During the years ended December 31, 2012 and 2011, activity in the Plan included approximately $7,335,000 and $7,901,000 in receipts and approximately $7,198,000 and $7,213,000 in disbursements, respectively, which are not included in these financial statements.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2012 and 2011

NOTE 3: DEFINED CONTRIBUTION PENSION PLANS

Eligible Conference and participating church employees are covered under one of two defined contribution pension plans as follows:

a. **Ministerial employees –** Eligible ministerial employees are covered under a defined contribution pension whereby the participant contributes 3% of compensation and the church or Conference contributes 10% to 12% of the participant's annual contribution base (compensation) based on the Conference average compensation as calculated by the General Board of Pensions.

b. **Lay personnel** – Eligible lay employees are covered under a defined contribution pension plan whereby the participant contributes at least 3% and the Conference contributes 12% of the participant's annual contribution base (compensation).

Both plans are multi-employer plans by which all contributed assets of participating employers and employees are commingled and are not segregated by employer.

Total contributions to both plans for Conference staff were approximately $86,000 and $83,000 for the years ended December 31, 2012 and 2011, respectively.

NOTE 4: OPERATING LEASE

The Conference leases office space from a related party under a noncancelable operating lease agreement. Approximate required minimum lease payments are $58,200, which are to be paid in 2013.

Total rent expense was approximately $69,000 and $70,000 for the years ended December 31, 2012 and 2011, respectively.

NOTE 5: TERMINATED PROGRAM

Under the terms of the *Book of Discipline,* net residual assets are returned to the Conference upon termination of programs and activities or when no longer required to support the activities of the specific program. On July 1, 2012, $815,999 was returned to the Conference relating to the Connected in Christ program, which was terminated by the program's board of directors. The Council on Finance and Administration recommended, and the Annual Conference approved, designating the earnings on these proceeds for programming funds for the Center for Clergy and Lay Excellence. Investment earnings earned from July 1 until December 31, 2012 were $23,973.

NOTE 6: SUBSEQUENT EVENTS

Management has evaluated subsequent events through April 26, 2013, the date that the financial statements were available to be issued.

POLICY STATEMENTS OF THE ARKANSAS CONFERENCE

†††

PARSONAGE STANDARDS

{Presented by the Conference Trustees, and adopted by the Annual Conference on June 10, 2004}

Philosophy For Parsonage Standards: The Conference affirms the policy of church-owned parsonages as the way to serve the churches in our Conference as it greatly facilitates the itinerant system of clergy appointment. Any exceptions to this policy must have the approval of the bishop and cabinet. Therefore, it is important that local church parsonages across the Conference meet certain standards so that differences in quality, size, and equipment are kept to a minimum.

The Discipline is clear concerning the Annual Conference's role in setting parsonage standards and how the parsonage is to be understood by the local church and the clergy and his/her family. The 2004 Book of Discipline states that the Church Council shall "Review the recommendation of the committee on pastor parish relations regarding provision of adequate housing for the pastor(s); and report the same to the charge conference for approval. Housing provisions shall comply with Annual Conference housing policy and parsonage standards. Housing shall not be considered as part of compensation or remuneration." ¶252.4e

The 2004 Book of Discipline also states that, "The chairperson of the board of trustees or the chairperson of the parsonage committee, if one exists, the chairperson of the committee on pastor-parish

relations, and the pastor shall make an annual review of the church-owned parsonage to ensure proper maintenance." ¶ 2532.4

The parsonage is to be mutually respected by the pastor's family as the property of the church and by the church as a place of privacy for the pastor's family.

These Guidelines are for use in maintaining, remodeling, building, or buying a parsonage.

Guidelines:

1. Bedrooms: There should be at least three bedrooms of standard size with ample closet space in each. It is recommended that one room on the main floor be adaptable to use as a bedroom.
2. Bathrooms: A parsonage should have at least two bathrooms. One could be with shower only, and the one on the main floor should be a combination tub and shower
3. Kitchen: The minimum kitchen should include: adequate built in cabinets, sink, stove, automatic refrigerator with frozen storage, garbage disposal (where sewer lines or septic tanks do not make this impossible), dishwasher, good light, and adequate electrical outlets. A breakfast area is desirable. Other appliances shall include a washing machine and clothes dryer (not necessarily in the kitchen area itself). An adequate supply of hot water shall be provided.
4. Living/Dining Areas: Adequate living area for family life and entertaining guests must be provided. Depending upon the needs of the setting this could be a combination of the following rooms/areas: living room, family room, dining room, or a great room.
5. Study: It is preferable for the pastor's office to be in the church buildings. However, the parsonage may be equipped with space for a study. Every parsonage should have adequate bookshelves.
6. Closets: Adequate closet and storage space shall be provided throughout the house.
7. Garage: Two-car garage or carport with a storage room for tools and yard equipment shall be provided.
8. Energy Efficiency: It is recommended that conservation of energy be considered when purchasing appliances, when remodeling, and when purchasing a new parsonage.
9. Heating/Cooling: A central heating/cooling system with the capacity to properly heat/cool the entire habitable part of the house and the proper thermostatic controls should be provided. The pastor shall be responsible for changing furnace filters to insure the safe and efficient operation of the system. The church shall provide all other maintenance of the heating and cooling system.
10. Window Coverings: Appropriate and tasteful curtains, drapes, shades, or other window coverings shall be provided for all rooms of the parsonage. Safe storage of unused window coverings shall be provided by the pastor.
11. Utilities: All utilities shall be provided in the name of the church.
    a. Telephone: At least two phone outlets shall be provided.
    b. Heating/Cooling: Adequate heating/cooling systems shall be provided. The heating/cooling system shall be maintained by the church and shall be inspected annually with regard to soundness of heat/cooling exchanger, flue pipes, and chimney condition. If a wood stove and/or fireplace is in use, it too should be checked yearly. An instruction sheet should be posted near the furnace, or in a convenient place, to instruct on the maintenance and care of the furnace. The name of a reputable furnace company to be used should be specified. Suggestion should be made as to maximum /minimum temperatures and to the desirability of closing off unneeded rooms during the heating/cooling season. The pastor is responsible for the furnace filters to be changed at least three times yearly.
12. Insurance: The church is responsible for payment of insurance for the property. It should include homeowner coverage and shall cover at least eighty per cent of the replacement cost of the parsonage and related structures and church-owned furnishings. It is recommended that the pastor obtain additional coverage to insure the pastor's family furnishings and belongings.
13. Parsonage Furnishings and Equipment: The responsibility of the local church to provide 'adequate housing' shall be interpreted by the Arkansas Annual Conference to include furnishings and other equipment. However, it is suggested that one bedroom be left unfurnished in all parsonages. The required Items shall include an automatic washer, dryer, refrigerator, cooking stove, dishwasher, garbage disposal (unless septic tanks/inadequate sewer line make this impossible), and lawn mower.

As applicable, the local church shall furnish a breakfast table, formal living room furniture, den/family room furniture, bedroom furniture (except as noted above), adequate lamps and lighting, and floor coverings. It is expected that the minister shall provide nonessential Items such as a microwave oven, pictures, and accessories. It is permissible, and even encouraged, for the pastor and family to provide personal furnishings, as this is their home. The Pastor shall work with the Parsonage Committee and/or Trustees to provide for safe storage of unused local church-owned furniture.

14. **Parsonage Maintenance: Local Church Responsibility**
    (a) The local church board of trustees or elected parsonage committee shall properly maintain an adequate and comfortable home in good condition for the pastor and his/her family. At the convenience of the parsonage family, the chairperson of the Trustees, the chairperson of the Pastor Parish Relations Committee, and the pastor shall inspect the home to see what needs to be done, If anything, to meet these standards and to take necessary steps to accomplish these improvements. It is recommended that the maintenance of the parsonage should include provision for pest/termite control.
    (b) The chairperson of the Trustees, the chairperson of the Pastor Parish Relations Committee, and the pastor shall inspect, at least annually, the parsonage and grounds to be familiar with said properties. They shall keep a record of their inspection so that they can take initiative In improving the parsonage and grounds. Each year every local church budget shall include money for maintenance, redecoration, and landscaping of the parsonage.
    (c) All instruction books and warranties should be kept and the location of the books made known to an incoming pastor. The location of all cutoff valves, meters, water and sewer lines and similar items should be kept on file and should also be made known to an incoming minister. The local church shall inform the pastor of who has keys to the parsonage. These keys are for emergency use only by anyone other than the pastor and his/her family. (See Philosophy for Parsonage Standards, last sentence, p.1, above.)
15. **Parsonage Maintenance: Pastor's Responsibilities**
    The pastor should care for the parsonage as a good steward of the property, avoiding undue wear and tear. Pets sometimes present special problems. It is the responsibility of the clergy who has pets to inform the appropriate local church officers when moving into the parsonage. Pastors with pets should exercise care so that the parsonage is not abused, including professional pest control for parasites from pets. The pastor is responsible for any damage caused by pets, personal guests, or family members. The pastor's family is responsible for cleaning the parsonage when they move out, including residual tobacco smoke and any odors from pets.
16. Parsonage Grounds: The grounds around the house shall be well drained. The grounds shall be cared for by the parsonage family. If the lawn is unusually large, contains many shrubs, or requires a great deal of time to maintain in keeping with the surrounding neighborhood, the church should consider assisting the pastor with additional help or service. Landscaping and exterior care of the parsonage shall be the responsibility of the local church and shall be such as to be a credit to the church in the community.
17. Mutual Responsibility Covenant: It is recommended that the Trustees and/or the Pastor Parish Relations Committee create a written covenant with the pastor, spelling out each party's responsibilities. The Covenant should be reviewed and updated annually. The covenant should include provisions for restoration to original from any personalized decorating on the part of the pastoral family. Redecorating should be done regularly with full consultation with the pastor.
18. Energy Conservation: It is recommended that all parsonages have an energy audit as soon as possible to determine what might be done to make them more energy efficient... weather seals, storm windows and doors, insulation, etc. Many areas have utility companies that will do this for free or for a small fee.
19. Barrier Free Concerns: It is recommended that all parsonages built, or remodeled in the future consider needs of the physically challenged such as tub bath, at least one bedroom, and preferably laundry be on the main floor, and a limited number of, if any, entry steps.
20. Safety: The parsonage shall contain certain safeguards for the parsonage family's safety. At least two

fire extinguishers, one in the house (kitchen?) and one in the garage or utility area, shall be kept in working condition and shall be checked at the annual inspections. Smoke detectors and carbon monoxide detectors shall be provided, at least one for each floor including the basement.

Implementation of these Parsonage Standards:

21. Time: These parsonage standards, to go into effect immediately, are adopted for the pastor, local church board of Trustees, Pastor Parish Relations Committee, and/or Parsonage Committee.
22. All Substandard Parsonages shall be considered for renovation to conform as nearly as possible to the above standards as soon as possible, but no later that January 1, 2006. District Superintendents shall keep a record of parsonages that are not meeting these guidelines and report annually to the cabinet.
23. A local church may appoint a **Parsonage Committee** to work with the Board of Trustees and Pastor Parish Relations Committee In the implementation these standards and ongoing oversight and maintenance of the parsonage. The Parsonage Committee membership shall include the Chairperson of the Trustees, the Chairperson of the Pastor Parish Relations Committee, a minimum of three at large members elected to three year terms in classes (with the initial election to be for terms of 1 year, 2 years, and 3 years to establish the classes), and the minister or minister's spouse. The at large members may not succeed themselves and at least two of the elected members of the committee shall be women.
24. When there is a Pastoral Change, the house shall be inspected by the Chairpersons of the Trustees and the Pastor Parish Relations Committee, one other member of the Parsonage Committee, if formed, and the Pastor before the Pastor leaves for his/her new situation, to make a list of needed repairs. These repairs shall be accomplished prior to the arrival of the succeeding pastor. When moving day arrives, a final "walk through" conducted by the pastor with the above persons shall occur for a final assessment. Before a move, the departing pastor shall invite the incoming pastor to see the parsonage. Any redecorating should include consultation with the incoming pastoral family.
25. **Housing Allowance/Parsonage:** The Annual Conference has confirmed the Parsonage System as the most efficient and effective way of serving the local churches in our Arkansas Conference. In certain special and limited situations a housing allowance or use of rental property is permissible. A decision to exercise this option shall be made with the approval of the Pastor-Parish Relations Committee, the District Superintendent, the Trustees, and the Pastor. The resulting decision shall then be recommended to the Charge Conference for approval. The decision must also have the approval of the Bishop and cabinet. In order to maintain an open itinerancy system, churches which do not own a parsonage should make provision for a rental deposit/purchase down payment and initial furnishing purchases for any person moved into the appointment.
26. Publicity of Guidelines: Upon adoption, these parsonage standards shall be distributed to all pastors, Chairpersons of local church Board of Trustees, and, chairpersons of Pastor Parish Relations Committees. The then current parsonage standards will be printed in the Conference Journal once each quadriennium. These standards shall be given to all new pastors and families coming into the conference by the Board of Ordained Ministry.
27. Compliance: The District Superintendent shall ask questions concerning the parsonage and its compliance with the parsonage standards annually at the Charge Conference. If a dispute arises in a local church or between a local church and the pastor, the District Superintendent should be contacted to mediate the issue.
28. Church/Pastor Parsonage Covenant recommend: The Administrative Board of the Church has the responsibility to provide adequate housing for the Pastor (Discipline ¶251.4e). The Parsonage is to be mutually respected by the Pastor as the property of the Church and by the Church as a place of privacy for the Pastor's family. To facilitate this mutual responsibility we recommend that the Church and the Pastor enter into the following covenant. Both Parties should feel free to perfect this Covenant to meet any other desired or special circumstances. It is important that both parties feel satisfied with and responsible for the Covenant.

A SUGGESTED CHURCH/PASTOR PARSONAGE COVENANT

Church Responsibilities:

While other church officers and bodies have a role in the provision, inspection, and maintenance of the parsonage the local church Board of Trustees shall have the responsibility to insure the parsonage meets or exceeds the standards set by the Annual Conference and the local church. The Church Trustees will maintain the physical structure and keep it in good repair. This includes all exterior treatments such as paint, shingles, and siding; the basic interior structure of the home including carpet and other floor coverings, interior decorating, and drapes or curtains. The Trustees assume the responsibility for all equipment such as furnace, water heater, light fixtures, stove, refrigerator, washer, dryer, and lawn mower. The Trustees assume the responsibility for all furnishings provided by the church including maintenance and timely replacement.

Clergy Responsibilities:

The pastor will properly care for the property, keeping it clean and attractive both inside and out. The Pastor will be responsible for light bulbs, furnace filters, lawn mowing and snow removal; for effecting minor repairs such as, but not limited to, tacking or nailing of molding or door tops that may loosen up, and repairing or replacing items damaged by pets, personal guests, or the pastor and his/her family. *[This would be signed by the Chairperson of the Board of Trustees, the Pastor, and other appropriate local church officers.]*

Respectfully submitted, Regina Haralson, Secretary
and Ronald B. Clark, President

POLICY STATEMENT ON MISCONDUCT OF A SEXUAL NATURE

{Adopted by the Annual Conference on June 10, 2004, and revised June 14, 2005}

I. Statement of Policy

The _____United Methodist church affirms the 2008 Book of Resolutions #2044, Sexual Abuse Within the Ministerial Relationship and Sexual Harassment Within the Church, which states that sexual abuse within the ministerial relationship and sexual harassment within the church as incompatible with biblical teachings of hospitality, justice and healing. In accordance with the 2008 Book of Discipline (¶ 161.E) all human beings, both male and female, are created in the image of God, and thus have been made equal in Christ. As the promise of Galatians 3:26-29 states, all are one in Christ, we support equity among all persons without regard to ethnicity, situation, or gender.

Sexual abuse within the ministerial relationship occurs when a person within a ministerial role of leadership (pastor, educator, counselor, youth leader or other position of leadership) engages in sexual contact or sexualized behavior with a congregant, client, employee, student, staff member, co-worker, volunteer, person being counseled or any other person to whom the minister relates in his/her capacity as a minister.

Sexual harassment is any unwanted sexual advance or demand, either verbal or physical, that is reasonably perceived by the recipient as demeaning, intimidating, or coercive.

Sexual abuse within the ministerial relationship involves a betrayal of sacred trust, a violation of the ministerial role and exploitation of those who are vulnerable. Similarly, sexual harassment must be understood as an exploitation of a power relationship rather than as an exclusively sexual issue.

Misconduct of a sexual nature within the life of the church interferes with its moral mission. The _____ United Methodist Church stands in opposition to the sin of misconduct of a sexual nature in the Church and society at large and commits itself to fair and expedient investigation of any charge of sexual misconduct within the church and to take action deemed appropriate and in compliance with the Book of Discipline. Further, the United Methodist Church bears affirmative responsibility to create an environment of hospitality for all persons, male or female, which is free of misconduct of a sexual nature and encourages respect, equality and kinship in Christ.

II. Procedures

A. If you experience what you consider to be inappropriate behavior, keep a written record of your

experiences including dates, times, places, and witnesses. Keep any written material you may have received from the person.

You may wish to confront the person with the inappropriate behavior and demand that it cease.

If you choose not to confront the person alone, you may choose to ask someone to accompany you to confront the person and seek reconciliation.

If you choose not to confront the person, or if the behavior continues, report the incident to the chair of the person's appropriate evaluating committee (e.g., a pastor or church staff member would be reported to the chair of the staff/parish relations committee; a district superintendent to the chair of the committee on superintendency; a bishop to the chair of the committee on episcopacy).

If the conflict is not resolved to your satisfaction, the committee chair shall convene the entire committee to meet with the accused, the person bringing the accusations, and each supporting person.

If the situation is not resolved to your satisfaction following these efforts, then follow the Discipline's procedures for grievances, complaints, and charges.

B. If you are confronted by someone who has experienced or observed inappropriate behavior on your part, listen to the accusation and agree to change the behavior or otherwise resolve the situation and reconcile the relationship.

If you are unable to resolve the situation with your accuser, contact the chair of your appropriate evaluating committee. Ask to meet with your accuser and committee chair to resolve the conflict. The accused and the person bringing the accusation each has the right to bring a supportive person to this meeting.

If the conflict remains unresolved, the committee chair shall convene the entire committee to meet with the accused, the person bringing the accusations, and each supporting person.

C. If you receive a report of inappropriate behavior, listen seriously and objectively. Help the person follow the steps outlined above.

If you are a clergy/church professional in a paid supervisory position in the local church or a conference agency, and an employee is being harassed, you should immediately take corrective or preventative action.

According to Arkansas law, any person receiving a report from a child under age 18, indicating sexual abuse of that child, is required to report the abuse to the proper authorities.

  - One adult may not take one child, youth or impaired adult on an overnight or off campus event alone
  - Males and females will be provided separate sleeping areas
  - Co-ed groups should have both male and female staff/adult volunteers present

  - and agree to indemnify, release and hold harmless this church all of its members and staff from any damages resulting from any maltreatment and allegations of same that may occur in association with the outside group's use of church facilities
- Insurance:
  The church will maintain adequate insurance to cover the scope of its ministries

IV. Responding to Suspected Maltreatment

- This congregation will not ignore or tolerate suspected child or adult maltreatment
- This congregation will not require anyone to obtain permission, or to notify anyone at the church before making a child or adult maltreatment report, nor will it prohibit anyone from making a maltreatment report
- This congregation will not retaliate against anyone who makes a maltreatment report
  Anyone may, in good faith, make a hotline report of reasonably suspected child or adult maltreatment
  Mandatory reporters must immediately report reasonably suspected maltreatment
- When child or adult maltreatment is reasonably suspected and a report is to be made:
  1) Treat the allegation seriously and with respect for all persons involved
  2) Immediately make the report, documenting the time and date of call and the name of the person taking the report, to the appropriate hotline:
     Arkansas Child Abuse Hotline: 1-800-482-5964
     Arkansas Adult Abuse Hotline: 1-800-482-8049
  3) If the report involves an allegation against staff or a volunteer, or is alleged to have occurred during any church- sponsored event or on church premises, immediately notify the Senior Pastor. If the suspected maltreatment involves the Senior Pastor, the reporter may instead inform the SPRC chairperson.
  4) Refrain from any attempt to notify or confront the accused or to conduct a personal investigation of the alleged maltreatment, recognizing the capability and authority of the civil authorities to do so.
  5) Maintain the confidentiality of information. All reporters will cooperate fully with all ADHS, OLTC and/or law enforcement investigations but will not share information with others except the SPRC chair or pastor or their designees as may be appropriate. All inquiries should be directed to the designated church spokesperson to ensure respect for the investigation process and privacy of those involved.

V. Church Participation by Registered Sex Offenders

- This congregation recognizes that abuse in all of its forms is detrimental. We will provide a safe environment, counsel, and support for the abused. While we deplore the actions of the abuser, we affirm that all persons are in need of God's redeeming love.
- Where a person is known to have previously committed a violent or sexual offense such that he or she is listed on the ACIC Sexual Offender Registry or similar registry maintained by any jurisdiction, he or she will not be permitted to work in direct contact with children, youth or impaired adults.
- The following precautions, in addition to any others deemed necessary by the church and the person previously identified as an offender, will be confidentially maintained for as long as the individual is associated with this congregation
  - The Senior Pastor and/or his or her designee will meet with the individual and will openly discuss the conditions that will be placed on the individual
  - The individual will covenant in writing with the church community to abide by the

Sample

conditions of his or her participation
- The conditions of participation will be in writing and signed by the Senior Pastor and the chairperson of the Church Council
- If an individual is on probation or parole, the specific restrictions of probation or parole may be made part of the written conditions of participation
- The individual may be accompanied by a "Buddy," designated by the church, while the individual is present on church property or is attending any church-sponsored event. The Buddy must agree to remain in the direct visual presence of the individual at all times.

VI. Review

This policy will be reviewed and revised if necessary, at least annually, by the Senior Pastor and designated members of the SPRC, Board of Trustees and any others deemed necessary.

VII. Adopted

This policy was adopted/ approved at Charge Conference on this _____ day of _____, 20__.

VACATION POLICY FOR APPOINTED PERSONNEL

{Presented by the Conference Board of Ordained Ministry and adopted by the Annual Conference in June 2010}

It is The United Methodist Church's view that good vacation time benefits ministry. Since pastors are on call 24 hours a day, seven days a week, time away (when the parish is "vacated") can bring renewal and refreshment for the tasks at hand and help prevent burn-out, we recommend the following minimum vacation standards:

1) Each clergy person under appointment by the Bishop of the Arkansas Conference shall be entitled to receive the following minimum vacation time during the course of the Annual Conference year **(July 1 - June 30).**
   a) Those having served full time in The United Methodist Church from the time first appointed to five years: two weeks vacation (2 Sundays).
   b) Those having served full time in The United Methodist Church from six years to ten years: three weeks vacation (3 Sundays).
   c) Those having served full time in the United Methodist Church for eleven or more years: four weeks vacation (4 Sundays).
2) Vacation time shall be based on the number of years of service under full-time appointment in the ministry of The United Methodist Church (including previous service in diaconal ministry) and not on the number of years of service in a given appointment.
3) Time away from the appointment for participating in continuing education events and experiences shall not be counted as vacation time (see ¶351.2), nor time away from the appointment to attend Annual Conference or other conference, district, or general church events which the appointee is expected to attend shall be counted as vacation time.
4) Full time clergy are to receive a minimum of two weeks for continuing education. All part time clergy are to receive a minimum of one week for continuing education (This continuing education policy does not apply to pastors who have not completed Course of Study.)
5) The Committee on Pastor/Staff-Parish Relations should also arrange for the clergy person to have one day off each week and to be away from the appointment occasionally for a day or two.
6) In those charges where local pastors have not completed the Course of Study and where clergy are appointed to less than full time service, including student pastors and part time local pastors, the minimum vacation time shall be two weeks.
7) Clergy should refrain from taking vacation during the first month of a new appointment. It is also recommended that the first-year vacation be distributed across the year, not taken all at once.
8) The clergy person shall consult with the Pastor/Staff Parish Relations Committee in obtaining vacation supply coverage.

9) The charge shall make available as necessary the funds for pulpit supply while the pastor is on vacation.

STANDARDS FOR CAMPING AND RETREAT CENTERS

{The following motion was passed at the 2009 session of the Arkansas Annual Conference}

We recommend that the Arkansas Annual Conference rescind the "Standards for Camping and Retreat Centers" adopted in June 2006 and all previous recommendations of camping standards presented to the conference by this committee.

We further recommend that all camps and retreat centers within the Arkansas Annual Conference move toward accreditation through the American Camp Association.

This Salary Arrearage Policy was adopted by the Annual Conference on June 11, 2013 as presented by the Equitable Compensation Comission.

SALARY ARREARAGE POLICY

This applies to all churches and all clergy receiving a salary from a local church. This also includes those receiving equitable compensation funds.

1. In the event that the local church treasurer becomes aware that the church will be unable to provide to the pastor full payment of a regularly scheduled payroll or housing allowance installment, or to remit to the Conference Treasurer full payment for regular direct billed benefit payments such as pension and health care, the church treasurer shall notify within twenty-four hours the Pastor, the Lay Leader, and the Chairs of S/PPRC, Finance, Trustees, the Administrative/Church Council and the Lay Member of the Annual Conference of the impending arrearage. Upon receipt of such notice, the Chair of S/PPRC and/or the Pastor shall within 3 days notify the District Superintendent of the impending arrearage. It is the pastor's responsibility to keep copies of all such written notifications, and to provide additional written confirmation to the District Superintendent when an arrearage has taken place. Failure to document salary or benefit arrearages may result in a loss of compensation and/or forfeiture of benefits.
2. Upon receipt of notice of a pending arrearage, the Chair of S/PPRC shall within 24 hours convene a meeting of the Pastor, Lay Leader, and Chairs of Finance, Trustees, the Administrative/Church Council and Lay Member to Annual Conference to discuss the financial situation and seek remedies to prevent an arrearage from occurring.
   Such remedies might include:
   a. drawing from invested funds,
   b. an emergency appeal for special giving from the congregation,
   c. emergency grants or loans from the District or Conference.

   According to the Book of Discipline ¶624, such remedies cannot include a reduction in the Pastor's compensation until the beginning of the next Conference year.
3. If the local church becomes delinquent in the pastor's compensation (i.e. more than 30 days delinquent), the District Superintendent shall notify the Commission on Equitable Compensation. The District Superintendent may invite the Commission to send a representative from CEC to meet with the local church and pastor to seek resolution of the issue, so that the pastor receives full compensation by the end of the conference year
4. If it is determined that the church is not able to provide the compensation package as voted at Charge Conference, the Chair of S/PPRC shall notify in writing the Pastor and District Superin-

tendent and request a consultation. Options for addressing the arrearage might include:

a. develop a payment plan so that the pastor will receive full compensation by the end of the conference year or
b. a change in pastoral compensation or appointment may be necessary at the beginning of the following Conference year.
c. requesting an Equitable Compensation Subsidy Grant for the remainder of the appointive year.

5. If the local church is already receiving a subsidy grant from the Commission on Equitable Compensation, the Commission may also:
   a. determine if all subsidy grant funds allocated to the church were used to pay the pastor's salary.
   b. examine the original subsidy grant application to determine if the amount requested to meet minimum compensation was reduced
   c. require an outside audit of all church funds in compliance with GCFA Guidelines. (www.gcfa.org)

   The District Superintendent shall be notified of its findings and recommendations in writing.
6. If a local church becomes delinquent in the payment of the pastor's direct billed pension, health care and benefits (i.e. more than 30 days delinquent), the Conference Treasurer shall notify the Conference Benefits Officer, the District Superintendent, and the Commission on Equitable Compensation. The Superintendent will work with the CEC and the local church to develop a written payment plan with the local church so that the Conference receives full payment of pension and benefits by the end of the conference year.
7. It is the responsibility of the pastor to provide evidence of an arrearage by providing appropriate documentation.
8. The statute of limitations for filing a claim for funds from the Annual Conference (i.e. notification to the District Superintendent of the arrearage) for any salary arrearage is one year from the date of the initial arrearage. Once an appointment ends the Pastor no longer has claim on the local church for compensation funds (¶342.4).
