PUNGENT PARAGRAPHS

SINCERE self-sacrifice and faith in a sacrificial Savior salvage the sinful soul.

CONSTRUCTIVE criticism cautiously administered corrects; but positive pessimism provokes defeat.

WHEN calamity overtakes a state or a nation, the people seek a victim when they should repent and reform their ways.

THE church that selfishly seeks to save itself, instead of sacrificing for others, may forfeit its self-respect and even lose its own soul.

IN time of trouble it is easier for each of us to prove an alibi than to confess our faults and bear our share of the blame.

IN legalizing debt adjustment, it should be remembered that often the creditor is as helpless and needy and worthy of relief as is the debtor.

LAW AS A STANDARD

MANY short-sighted people, because a law is not fully enforced, are ready to repeal it. They often say that it is useless to enact a law unless the people are ready for it. If that principle were true, God would not have given laws; but would have allowed his people to stumble along blindly. The Mosaic law was promulgated to instruct, to guide, to set up standards of right living, and God did not repeal the Ten Commandments when men broke them. St. Paul said that the law was a schoolmaster to bring men to Christ. Of course, incompetent and ignorant law-makers sometimes make foolish laws, which should be repealed; but in a land like ours, unlike an absolute monarchy which is a government by men, we must learn to obey law or drift into anarchy. Ours is a government by law, and administrators are to enforce and not to argue about the law. Was it not Blackstone who said that law is intended to make it easier for men to do right and harder to do wrong? That should be the intent of every law of conduct. Even when it is not obeyed, it rebukes; it holds up a standard; it points toward an ideal. Today we need to recognize this fact.

A PERIOD OF SELF-DENIAL

IN the movement now under way to save the Benevolences of the Church, the watch-word is Self-Denial. It is realized that, to a larger degree than in the past, the Kingdom of God must now depend upon small gifts from all the people rather than large gifts from the prosperous few. We must reach more people than we ever reached before.

The gifts of the people must be gifts of sacrifice. "The time has passed when the cause of Christ can be supported out of our comfortable margins." In many cases there are no such margins. "Only by sharing that which is barely enough for ourselves" can we save the present situation.

The central feature of the present plan of appeal is the Self-Denial Period, culminating in most cases on Easter. Soon there will be sent to every pastor co-operating in the plan some unique and attractive Self-Denial Envelopes. Immediately these should be placed in the hands of all the people.

Day by day the people are asked to deny themselves, to give up something that costs money. There are many things that we can sacrifice—meals, refreshments, amusements, tobacco, cos-

metics, gasoline, clothing, trips, and a multitude of other things. Give up something each day.

The money thus saved should be placed regularly in the Self-Denial Envelope. Then on Easter or the day appointed, let the whole be brought to the altar of the church as a genuine offering of sacrifice for the cause of Christ at home and abroad.

Let this plan be faithfully carried out in every church, in every home, by every member. It is our only hope in a serious crisis. It is needed not alone for the funds it will produce for the Kingdom of God. It is needed even more for the spiritual discipline involved. If we need anything in this day of materialism and indulgence, it is surely a spirit of sacrifice for the sake of religion.

Shall we not make our days of trial contribute to our religious life? Out of these days of stress shall we not bring spiritual blessings? Shall the shaking of the nations be lost on us? Let us lead our people to the foot of the Cross along the pathway of self-denial and sacrifice. It can be reached in no other way.

Co-operate fully in the Self-Denial Period and see that every congregation and every member is reached. It will save our Benevolences and will revive our religious zeal.—Christian Advocate.

CONDEMNED BY ITS OWN ADVOCATE

THE National Liquor Dealers' Journal of December 2, 1913, under the caption "The Handwriting on the Wall," had an editorial, part of which is quoted below. Is there any reason why that traffic which has always been lawless, and which has defied the government of the United States, should now be expected to become law-abiding if the 18th Amendment should be repealed?

"Ultimately all questions must be settled by moral standards. Only in this way can mankind be saved from self-effacement. The liquor traffic cannot save itself by declaring that government is incapable of coping with the problem it pre-

sents; when the people decide that it must go, it will be banished.

"We are not discussing the benefit or justice of prohibition; but its possibility, and its probability in present circumstances.

"To us there is the 'handwriting on the wall,' and its interpretation spells doom.

"For this the liquor business is to blame, it seems incapable of learning any lesson of advancement, or any motive but profit.

"To perpetuate itself it has formed alliances with the slums that repel all conscientious and patriotic citizens.

"It deliberately aids the most corrupt political powers and backs with all its resources the most unworthy men, the most corrupt and recreant officials. It does not aid the purification of municipal, state or national administration.

"Why? Because it has to ask immunity for its own lawlessness."

BOOK REVIEWS

What's the Matter With New York; by Norman Thomas and Paul Blanchard, published by the Macmillan Company, New York; price \$2.00.

New York's problem is our national problem and as such deeply concerns us all. While the authors of this book are socialistic in their viewpoint, they are well informed on their subject and give withal a thoroughly sane and remarkably unbiased view. They point out, from its past and present history, its almost overwhelming evils which are graphically pictured. In face of this condition they claim New York is worth saving and give many practical suggestions for lines along which we may work to make the ideal city of the future. The book is full of interest from start to finish.

Big Bug; by Paul Rader; published by Fleming H. Revell Co., New York; price \$2.00.

The author believes that the great tragic drop of recent days is not the lowering of stock-values but the lowering of life-values. Mr. Rader pictures in this story the underlying power of evil which touches every walk of life gnawing at the heart of humanity, robbing the world of love and purity. The story presents a striking picture of the struggle between good and evil, lofty and low ideals. The leading characters, the hero and heroine, throughout the story hold tenaciously to their widely-separating ideals, each loving the other, yet each determined to follow after his or her "own way." The reader will find much to fire his imagination and hold his interest. Mr. Rader bids fair to rank as high as a writer of stories as he does as preacher and radio talker.

The Christian Ideal and Social Control; by Francis J. McConnell; published by the University Press, Chicago; price \$1.75.

These lectures were delivered in the leading cities of India under the management of the Barrows Lectureship Foundation. The purpose of this Foundation is to present to the thoughtful people of India, in the spirit of friendship, the great truths of Christianity. In these lectures by Bishop McConnell he presents the Christ Ideal and indicates what this ideal requires in connection with the comprehensive social duties which today are the concern of all mankind. In his usual clear, logical and forceful style he develops the theme of the interdependence of the worship of God and service. The ideal advanced is attention to social forces with a view to their possibilities in helping the individual to attain the highest and best in life.

DR. F. M. TOLLESON, P. E. of Booneville District, announces that his District Conference will be held at Ola, May 4-5.

REV. ELMER HOLIFIELD was recently appointed pastor of St. Francis Circuit. He has made a fair start. The congregations are fine at every service, and he expects a good year.

THE National Anti-Saloon League, during the next three months, will hold approximately 500 rallies in a campaign to oppose repeal. Hundreds of additional meetings will be held by the State organizations.

REV. L. R. SPARKS has been cordially received on Fountain Hill Circuit and has made excellent progress in his work. The parsonage has been repaired, two abandoned churches and one almost abandoned are being developed, and the outlook is encouraging.

UNDER the plan adopted by our Legislature and the Little Rock Ministerial Alliance, the editor had the privilege of acting as chaplain of the House of Representatives two days last week. It was a pleasure to meet many of the fine, clean men who constitute that body this year.

THINGS are moving nicely at Smackover. Congregations are large. The Sunday School has been unusually fine, and 125 children and young people are attending the Boys' and Girls' Club and League. There is promise of a great year. Rev. A. J. Christie is the optimistic pastor of this plucky church.

A manual in which the finances of the Methodist Episcopal Church will be approached from an essentially educational standpoint, is being prepared by the Department of Missionary Education of the Church. It will be rich in suggestions as to how local churches can avoid making their finances simply a matter of demands for money. It will contain materials for a complete study of the activities of the church for which money is asked.

IN the November election many dries were defeated for Congress, but the wet Republican Senator Shortridge lost to William Gibbs McAdoo, long very dry and now bedewed with only the mildest political moisture. Senator Hiram Bingham of Connecticut lost because he was wet, and wet Republican LaGuardia of New York lost because he was Republican. In other words, not many dries lost because they were dry—they lost because there was a political overturn.—Ex.

DICKINSON COLLEGE, a Methodist College at Carlisle, Pa., has received a bequest of \$25,000 from the estate of the late Dr. George Lancaster Brown. The money is to be used as a trust fund for the education of needy boys. The college has also received small bequests from the estates of the late William P. String, '91, and W. W. Carhart, '80, and has inherited the valuable Latin library of the late Dr. Edwin Post, '72, for many years professor of Latin at Depauw University.

THE DRYS recognize the importance of state cooperation, but it is the opponents of national prohibition who are seeking to repeal state laws and who are crippling law enforcement. Laws should not be changed at the demand of law violators.—Mrs. Ella A. Boole.

A memorial gift of \$200,000 to the Wesley Foundation at Purdue University, is announced by Rev. Melvin C. Hunt, pastor of First Methodist Episcopal Church of Lafayette, Ind. He says: "We have just received a memorial gift of \$200,000 for the erection of a building. We launched several years ago a campaign for \$350,000 for a new Worship and Student Center, but had to forget it in these depressing years. This gift, however, will assure the enterprise. The donor must remain unidentified for the present."

THE annual meeting of the Woman's Missionary Council will be held this year in Louisville, Ky., March 8-14. Bishop Kern will preach the annual sermon and deliver an address on Home Missions. Bishop McMurry will consecrate the candidates, and Dr. Channing Tobias will speak on the Paine College Jubilee. This is an occasion of profound interest to the women of our Church, who are the most progressive and aggressive group in the denomination. Reduced fare on the railroads will be given on the certificate plan if 100 certificates are presented.

TUESDAY of last week, on invitation of Dr. C. J. Greene, dean of the Hendrix College faculty, the editor addressed the splendid student body on "Temperance and Prohibition" and was given very earnest attention. In a little ceremony in the Library he presented to the college his autograph copy of a letter received thirty years ago from Alfred Austin, Poet-Laureate of England, in which acknowledgement was made by Mr. Austin of a poem by the editor in response to his "Together," which was an earnest appeal for co-operation between the English and American people in promoting peace and goodwill in the world.

EARLE and Crawfordville are two fine towns on the Mo. P. Ry., a few miles out of Memphis. They are in one of the most fertile sections of our State and in normal times are very prosperous. Even now, although dependent largely upon cotton, they are holding up well and are determined to maintain their pastors and all other church claims. It was a real pleasure to spend last Sunday at Earle in the morning and at Crawfordville at night, preaching to fine congregations. Both places have unusually sightly and substantial buildings, well adapted to their needs. Unfortunately Earle has a heavy debt, but plans are forming which may result in refinancing the debt. Both towns have splendid consolidated schools. Rev. M. N. Johnston, the Earle pastor, is happy in his work and hopeful of a good year. He and his family, on account of the burning of the parsonage, are living in rooms at the church and find it very convenient. Rev. Chas. Franklin, pastor at Crawfordville, is highly complimentary of his little church group and community and enters optimistically upon his new year. As Mrs. Franklin had been called to the bedside of her brother, dangerously ill in Mo., Brother Franklin was diversifying his eating among the members. Entertainment at both places was enjoyed and appreciated. Both churches will soon send in good lists of subscribers.

OF the nation's 156,440 physicians, as listed in the American Medical Directory, only 72,160 received permit books. In Tennessee, out of 2,962 only 19 applied for permits, while in New York applications were submitted by 67 per cent, in Illinois by 74 per cent and in Philadelphia by 70 per cent. Most of them use little or no liquor in their practice.

BOOK REVIEWS

(Continued from Page 1.)

The Adventures of Mr. Friend; by Harold B. Hunting; published by Friendship Press, New York; price, cloth, \$1.00; paper, \$0.75.

This book contains a number of interesting little stories portraying various types of country life in America. Each story contains a special problem peculiar to its distinct type. In each, a Mr. Friend or Miss Friend, by extending the kindly thoughtfulness of true friendship, helps the hero or heroine to solve the problem and serve the entire community. The stories are of incidents such as might have happened in any rural community and should help us to realize the power and importance of friendliness.

The Causes of War; by Sir Arthur Slater; published by the Macmillan Co., New York; price \$1.50.

This book treats the causes of war under the following heads: Economic, Industrial, Racial, Religious, Scientific, and Political; and each discussion is set forth by an eminent authority in that special field. The book is edited by Arthur Porritt, chairman of the Publications Committee of Commission I of the World Conference for International Peace Through Religion. The introduction is by Ruth Cranston, secretary of the Commission. The book is most illuminating, and, by making clear the causes of war, points out to the thoughtful reader the course to pursue in removing these causes. It is a most timely volume and well worth a careful reading.

EDUCATIONAL STATISTICS

In the issue of the *Arkansas Methodist* for February 9 Rev. R. H. Cannon calls attention to discrepancies in the educational statistics published in the Minutes of the recent sessions of the Little Rock and North Arkansas Conferences. Brother Cannon's friendly criticisms are just. The statistics ought to be more carefully prepared.

Without attempting to explain the discrepancies, I merely call attention to the slipshod way that our educational statistics are gathered for the Minutes, and in doing so I am criticizing nobody. The usual method is for some officer of the Board of Christian Education to catch the president or some other representative of the colleges on the wing during the session of the Conference and ask him for certain information. He has received no warning and does not carry statistical data with him and he gives offhand a guess. Personally, I do not recall whether I gave any statistics at either of the Conferences last fall, though I may have done so. Evidently some of the figures appearing in the North Arkansas Conference Minutes were given by different officers.

Brother Cannon's calling attention in this public way to the discrepancies in our educational figures should lead us to adopt a better plan of gathering them. The Board of Christian Education should decide just what statistics it wants and advise the college authorities in advance and, if possible, the statistics asked for should be the same in each of the two Annual Conferences. If this is done, the statistics will be gathered from official records—J. H. Reynolds.

AND THIS IS THE WEALTHIEST NATION ON EARTH.

Upon what meat doth this our "Uncle Sam" feed that he is grown so weak in his support of education?

Reports from the educational departments of foreign governments to the Office of Education, Department of the Interior, show that the school crisis in the United States appears to be more severe than in approximately forty other countries. The reports are from 15 Latin-American countries, 14 European, 3 Asiatic and 3 African countries, Newfoundland, the 9 provinces of Canada, New Zealand and 6 states in Australia. Inquiry was made as to "the effect" of the depression on school expenditures during the past five years, the general effect of the present crisis in education in comparison with the effect on other national activities, number and size of schools, size of class rooms, number of teachers, attendance on levels of instruction of old ones.

Some idea may be had of the foreign school situation by the following matter taken from a statement made by Dr. James F. Abel, chief of the foreign school systems of the Office of Education:

Canada: While the provinces of Canada are generally slowing down on school building programs and educational expansion and in some cases reducing school salaries, the school attendance is increasing.

Mexico: The national Government of Mexico, which appropriates about two-thirds of all the money invested in education in that country, seems determined to carry on its educational renaissance despite the depression.

ion." Mexico is putting education ahead of other governmental activities.

Argentina-Panama: The current year's budget for education in Argentina "compares favorably with those of 1931 and 1932," while Panama "has increased the number of teachers to care for a large school attendance."

Educational expenditures in the Irish Free State continue unaffected. Its reform program, begun in 1922, is nearing completion.

Despite the decrease in national appropriations, schools of Poland are taking care of increased attendance. In Spain the situation is contemplated "by the establishment of a republic and the closing of a number of private sectarian schools," Dr. Abel states.

England has been undergoing a reorganization of its school system and despite the depression, the teachers' salaries were reduced only 10 per cent. Other reductions were made "but a recent review of the year 1932 shows that education and school health services have held up well." Yet, the tax of Great Britain is 25 per cent plus of its national income, or about twice that of the United States.

The school situation in France is improving. A plan is being developed to make all secondary schools free and even in Morocco France "is holding educational appropriations at the level they have reached by steady increases in the last five years."

Though "expenditures for education and social services were cut in New Zealand," . . . all public schools are in operation and very few private schools have been closed, Dr. Abel shows.—Scottish Rite News.

LET ARKANSAS BE THE FIRST ANTI-REPEAL STATE.

What shall Arkansas do, now that Congress has submitted to the states the question of repealing the Eighteenth amendment?

Arkansas could serve the cause of prohibition, serve its own convictions and take the center of the stage before the country by holding a convention and returning a decisive No.

There are the most practical reasons for following this course. Already it is plain that there will be a rush of the wet states to ratify the repeal amendment. We may later face a situation where only a few more states are needed to ratify—or even only one more state.

In that case, if Arkansas had not acted, a wet drive for control of the next legislature would begin with the 1934 primary campaign and continue into the 1935 session. We should have descending on us from outside the state such a lobby as we had never known before. Anti-prohibition forces would devote their efforts to getting a convention called by the legislature. If it were called, these same forces would seek to make it vote for repeal.

It will be easier now than it might be later to assemble a convention truly representative of the people of Arkansas. The voice of a state raised now against repeal will be doubly impressive.

Every practical consideration calls for action against delay. Michigan, it is stated, seeks the distinction of being the first state to ratify the repeal amendment. Let Arkansas seek the distinction of being the first to reject it. Already another Southern

state, Georgia, has a resolution pending in its House of Representatives calling for a state convention in July.—Arkansas Gazette.

REMINDERS OF HOME

The beautiful auditorium of the Representative Church is rich in its artistic memorial windows. To the rear of the church and to the right of the pulpit, stands one dedicated to the memory of Arkansas Methodist's "Grand Old Man," Dr. Andrew Hunter. For me, it has come to be a sort of Wayside Shrine where I often pause, rest and pray.

A few Sundays ago, a grandson of Dr. Hunter, now living in Shreveport, Louisiana, whose father, Samuel Hunter, made the window possible, tarried to introduce himself at the Altar of the Church, at the conclusion of the morning service. He spoke very feelingly of his illustrious forebear's memorial window. A brief discussion of the date of his grandfather's death brought to my recollection many holy memories.

My first Conference, as a member in full connection, was Dr. Hunter's last. It was held at Hope, and after we had been admitted, the brethren came by to welcome seven of us young preachers into their fellowship. Dr. Hunter was very feeble and when he got to me he said, "Forney, my son, I'll throw my mantle back on you." That's all the apostolic succession I have ever known and, indeed, all I have ever wanted. When we paid Hunter Memorial Church out of debt, Dr. Hunter came over one Sunday afternoon and dedicated it for us. He sat for the service, but preached a wonderful sermon. I visited him in his last illness and participated, as a young preacher, in his funeral service. For three years I was his daughter's (Mrs. W. P. Feilds), pastor at First Church and during that period had the pleasure to meet his grandson. Sorry I did not see more of him.

In frequent attendance upon the services of Mount Vernon Place Church, though not a member, is Mrs. Beth Moose Ferguson, formerly of Morrilton, Arkansas. While a student at Hendrix College, I was a guest in the hospitable home of her parents, Judge and Mrs. William Moose. Later on they moved to Little Rock and I was their pastor at dear old First Church. Judge Moose had become Attorney General for the State and went to his reward before his term expired. As his pastor it was my sacred privilege to try to speak words of comfort to his bereft family and friends when we laid him to rest in the family cemetery at Morrilton. He was a good man and, with the help of his noble wife, gave the world a fine family. Miss Darden, his lawyer daughter, is, I believe, still a faithful member of First Church.

Just recently, I received into the Church Theo. Goldsby, a young man from England, Arkansas. As Presiding Elder of the Little Rock District, I used to find rest and welcome in his father's home.

All these and many others are very pleasant reminders of other days and stir in my heart "Memories that bless and burn."—Forney, Hutchinson.

A COLD PASSES THRU 3 STAGES

And It is Far Easier Relieved in the First than in the Second or Third Stages!

A COLD ordinarily progresses through three stages: The Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. Once a cold gets beyond the first stage it is far more difficult to relieve.

Fourfold Effect for Immediate Relief

The wise thing to do when you feel a cold coming on is to take Grove's Laxative Bromo Quinine.

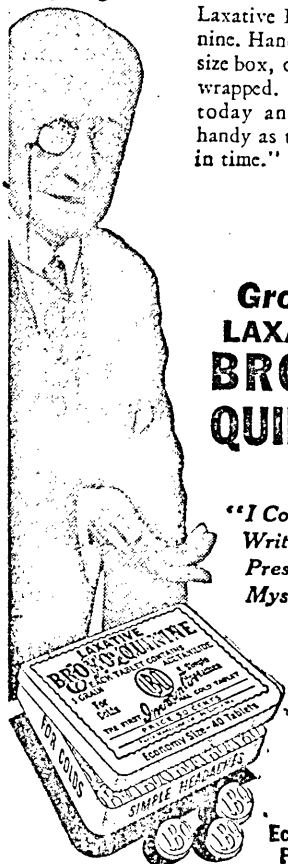

Grove's Laxative Bromo Quinine stops a cold quickly because it does the four necessary things. It opens the bowels. It kills the cold germs and fever in the system. It relieves the headache and grippy feeling. It tones the entire system and fortifies against further attack. That is the treatment you want—complete, thorough and effective. Anything less is toying with a cold.

Grove's Laxative Bromo Quinine is absolutely safe to take. It contains no narcotics and produces no bad after-effects. Every drug store in America sells Grove's

Laxative Bromo Quinine. Handy, pocket-size box, cellophane-wrapped. Get a box today and keep it handy as the "stitch in time."

NORTH ARKANSAS CONFERENCE

Since the attendance is large at our Annual Meetings, and the Conference desires to assist the hostess Society to defray expenses, each officer and delegate is asked to pay a registration fee of \$1.00 and visitors be permitted to pay for their lunches.

In the notice sent last week the word delegate was omitted.

Adult and Young Woman's Circles are entitled to one delegate each and the superintendent of Children's Work is a delegate by virtue of her office.

As previously requested, elect your delegate as soon as possible and send the name to Mrs. B. C. Reed, Paris.—Mrs. Henry Hanesworth, Recording Secretary.

ZONE MEETING AT CENTER POINT.

The auxiliaries of the Nashville, Mineral Springs, Murfreesboro and Center Point met at Center Point February 16, with a goodly number present from each auxiliary. We had four visiting ministers, with their wives, whose presence we greatly appreciated. After song service, and prayer, by Bro. G. W. Robertson, followed by a very helpful devotional conducted by Bro. Simpson, Mrs. W. M. Hester extended a very gracious welcome to the visitors which was responded to by Mrs. C. E. Dillard in a graceful way.

Miss Emma Owens read a "Message to the Church, from the Federal Council of Churches." Then a message from Bro. L. E. N. Hundley on Circuit Organization. Also Mrs. Hundley on "War or Peace." Miss Lorene Meador, one of our High school teachers, gave a talk in her own inimitable way on "Leadership of Youth," and we felt that perhaps we do not appreciate our young people as we should.

Our Zone Chairman, Mrs. R. B. Beano gave an inspirational talk, and Mrs. Lane a few words of encouragement as she always does. Closing prayer by Bro. J. F. Simmons. During social hour delicious refreshments were served.—Reporter.

ZONE MEETING AT MAGNOLIA

About forty members of the Missionary Societies in Zone No. 2 of the Camden District met at Magnolia

Friday afternoon, Feb. 24. Mrs. Ray Hutcheson, the retiring District secretary, presided in her accustomed gracious manner, and Mrs. Blanton served as secretary. Mrs. Lola Jenkins Green conducted the devotional exercises and Rev. O. C. Robison led in prayer.

Miss Hazel Goldsby, a member of the faculty of the Magnolia Public Schools, favored the meeting with an impressive reading, which was exceptionally well rendered.

The chief feature of the program was a playlet in two parts, given by members of the Magnolia Society. The first part, "The Nominating Committee," was written by Mrs. Dave McKay of Magnolia. It is unique and entertaining and should be given a permanent place in the literature of the Society. The second part, "A Meeting of the Executive Committee," was arranged by Mrs. M. O. Alcorn of the local Society and was presented by the officers of the Society. The arrangement is excellent and the playlet is entertaining and highly instructive. It too should be published and made available for the use of the Societies of the whole Church.

Much regret was expressed because of the resignation of Mrs. Hutcheson, the much appreciated and highly efficient District secretary. This is her home, where she was born and reared, and where she is held in the highest esteem. Her successor has not yet been announced.

The meeting closed with the benediction by the pastor, Rev. O. E. Holmes.—Mrs. J. A. Sage.

IMBODEN AUXILIARY.

The Imboden Auxiliary had charge of the Sunday evening Church service, February 5, at which time we had the installation of officers for the new year and gave the playette entitled "The Reference Book."

We are planning another year of good work under the leadership of Mrs. Marvin Henderson, who was re-elected as president of our society.—Mrs. S. Sullivan, Publicity Supt.

ZONE MEETING AT BENTON.

Representatives from Malvern, Leola, Carthage, Friendship and Magnet Cove, met in Benton, February 15, for the first meeting of the year.

After the opening song, Mrs. W. D. Brouse, president of Benton W. M. S. introduced Rev. O. L. Walker, who used "Burning Hearts" as the subject for a very impressive devotional.

A gracious welcome to the delegates was given by Mrs. T. S. McCasland and the response by Mrs. Robt. Smith Jr.

The Zone leader, Mrs. T. H. McLean then discussed the purpose and aims of the meeting. Mrs. Ray Morrow was elected Secretary. Roll call was answered with outstanding accomplishments of the year and showed 40 present.

Mrs. Fred R. Harrison, District Secretary gave last year's financial report and the following "Goals for the New Year" for each auxiliary.

Observe World Day of Prayer, March 3.

Develop Spiritual Life.
Conduct World Outlook Campaign.
Elect an Active Superintendent of Christian Social Relations.
Present All Mission Study Courses.

Strive for Honor Roll.

Prayer—Mrs. Jack Taylor.
World Outlook—Mrs. Ray Morrow.
Book Review—"Rethinking Missions," Mrs. McCrary.
Devotional—"Promises of God," Mrs. F. M. Williams.
Appreciation by Mrs. J. H. Reeves and Mrs. T. H. McLean.
Dismissal—Rev. O. L. Walker.
The guests were then served delicious lunch by the Benton ladies.—Mrs. Ray Morrow, Secy.

CABOT AUXILIARY.

The Edith Martin Auxiliary of Cabot met February 14 in the home of Mrs. R. J. Vise with Mrs. H. H. Womack, assistant hostess. Fifteen members were present. Mrs. Ivan Ross had charge of the program. A playlet entitled, "Mary Porter Home from College" was presented with the following members taking part: Mrs. D. W. Futrell, Mrs. Lewis Smith, Misses Pauline Smothers and Reba Council. A talk on Scarritt College was given by Mrs. Edw. Forrest and Mrs. E. L. Dean sang a hymn to Scarritt. Visitors for the afternoon were Rev. and Mrs. Forrest. At the close of the meeting the hostesses served refreshments in which the Valentine motif was carried out.—Mrs. D. W. Futrell, Superintendent of Publicity.

MARKS OF MISSION PROGRESS.

"Marks of Mission Progress," a historical pageant showing the progress of Methodist missions since the sailing of the first Methodist missionary in 1832 is in mimeographed form and ready for sale.

Each of the five episodes is complete within itself, and any one of them may be used as a short play for a program at district, zone, or even auxiliary meetings. The phases of work represented by the various episodes are: Medical Work (with two scenes laid in Africa), Social Service (one scene, in India), Evangelism (two scenes, in Europe), Educational Work (one scene, in Brazil), and Agricultural Work (two scenes laid in China).

Order from Literature Headquarters Board of Missions, Nashville, Tenn., for 10 cents each.

SLOW BUT SURE.

In the annals of the American Academy of Political and Social Science, these interesting words are found, "Women are not impatient of arriving at results by the long method of education, line upon line, precept upon precept. It may be a biological difference. The mothers must have faith in slow processes." But in spite of this fact there comes a time when education upon a certain point crystallizes into actuality. The women of the Methodist Episcopal Church, South, feel that such a crystallization is about due to take place, after their long cultivation of the idea of full laity rights for women in the church, which would include clergy rights. At one moment one laughs, at another moment one cries over the arguments used in opposition to full freedom in the church of Christ for women. Why not apply pure logic and reason to the question? When the attitude of Jesus is considered in his relation to people, we must wonder at the contrast, that our methods of limiting freedom and personality in the church, show when compared with his recognition of persons.—Mrs. J. C. Handy, Chairman Committee on Status of Women.

QUIVERING NERVES

Yield to Lydia E. Pinkham's
Vegetable Compound

When you are just on edge... when you can't stand the children's noise... when everything is a burden... when you are irritable and blue... try this medicine. 98 out of 100 women report benefit.

It will give you just the extra energy you need. Life will seem worth living again.

Kentucky Man Tells Why He Prefers Black-Draught

"I have tried other medicines, but haven't found any of them that has given me the satisfaction that I have found in taking Black-Draught," writes Mr. W. N. Futrell, of Hickory, Ky. "About three years ago, I began suffering from constipation that made me feel dull, tired and worn-out. I did not feel like I could keep going. I tried remedies but not anything that gave me the satisfaction that Black-Draught has given, and I have laid them all aside for Black-Draught. I am truly glad to recommend it to others, for it is a good medicine for constipation."

Thousands of men and women rely on this famous medicine when they need a laxative. Sold everywhere.

TRY THIS!

When children
won't eat—
and won't gain
weight—

The youngster who has no appetite, probably has stasis. A little syrup of figs will soon correct this condition—then watch the child eat—and gain!

Mothers should never coax a child to eat. Nature knows best. Remove the cause of a youngster's poor appetite—get rid of stasis. Children who don't eat are sluggish. Read what the "California treatment" is doing for sluggish, listless children in every part of the country!

A POUND A WEEK. Your child will eat well from the day and hour you conquer sluggishness. But that girl or boy with furry tongue and a bad breath should not be dosed with salts!

Begin tonight, with enough pure syrup of figs to cleanse the colon thoroughly. Less tomorrow, then every other day, or twice a week, until the appetite, digestion, weight, complexion, tell you the stasis is gone. When a cold or other ailment has again clogged the system, syrup of figs will soon set things to right.

When appetite fails, tongue is coated white, eyes are a bilious yellow, California syrup of figs will gently stimulate the colon muscles—and the child you used to coax to eat will fairly devour his food.

The claims made for California Syrup of Figs are true and it will do the same for you—IF you get genuine CALIFORNIA Syrup of Figs. Don't accept any substitute.

Build Up The Blood

WHEN nervous and in need of a blood tonic—when you're anaemic, your weight below normal and you feel tired-out and weak, follow the advice of Mrs. May Brewer, 825 So. Monroe St., Hobart, Okla. She says: "I became pale and low-spirited and had a terrible hurting under my left shoulder blade. Words couldn't express what I suffered—I was in bed most of the time. I took the doctor's medicine over a year without any relief. Finally I took Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription and in two months I was feeling fine. I can work now and not feel tired."

HENDRIX COLLEGE NEWS

Dr. A. C. Millar, editor of the *Arkansas Methodist* and former president of Hendrix, presented to the library, after a talk on Prohibition in chapel last week, one of his most prized possessions, a letter from Alfred Austin, written when the latter was poet-laureate of England. This letter with a manuscript explaining its history, are to be framed and hung in the Library. Early in 1902 there appeared in a New York magazine, "The Independent," a poem written by Austin, called "Together," which he dedicated to the American people. Dr. Millar, upon reading the poem, was deeply stirred and in an hour of leisure outlined a response which he did not perfect until the summer of 1903, when he was teaching at Central College, Fayette, Missouri. The response was dedicated to the British people and a copy was sent to Austin.

The young people's department of the Methodist Church has announced that Rabbi Ira A. Sanders of Little Rock has accepted their invitation to speak on Relationships between the Jewish and Christian Religions some time in March.

A Student Committee, consisting of Coy Kaylor, Clyde Clark and Beulah Jones, with Professor Griswold, faculty adviser, is working to report the grades of ministerial students for the past ten years. The record of each ministerial student is being studied and the grades averaged.

A committee composed of Miss Myrtle Charles, Miss Vivian Hill, G. L. Bahner, and George Wittenberg, architect, left Tuesday of last week on a five-day trip to visit girls' dormitories in Texas colleges and universities. They are to visit Baylor University at Waco, Baylor Woman's College at Belton, the University of Texas at Austin, and Southwestern, at Georgetown, to gather suggestions for the new girls' dormitory at Hendrix.

Professor Griswold is to conduct both morning and evening services at the Methodist Church at Atkins in the absence of Rev. C. N. Guice, the pastor.

CAMDEN DISTRICT ORGANIZES FOR YEAR'S WORK

Presiding Elder J. L. Dedman, with his District staff, met with the Conference staff at Bearden Saturday

and organized his educational program for the year.

Those present from the Conference staff were J. S. M. Cannon, S. T. Baugh and Clem Baker. From the District, J. L. Dedman, Ed Silliman, Ralph Sewell, Van Harrell and H. H. Griffin. Officers for the District are: J. L. Dedman, chairman; Miss Willie Mae Porter, director of Children's Work; Ralph Sewell, director of Young People's Work; Ed Silliman, director of Adult Work. All of these officers will possibly select an associate.

The District is to place emphasis at the following points: Missionary Education; Adequate Use of Right Literature; Reaching the Unreached Territory; Organizing Local Church Boards and Reaching the Unsaved.

The following goals were set: Three Christian Culture Institutes for Young People; a training program, including one Standard School; Training Classes and Cokesbury Schools for all charges; all charges represented at the Young People's Assembly; all pastors attending the Pastors' School; one-hundred per cent observance of Missionary Sunday; Young People's Anniversary and Sunday School Day.

The following meetings were scheduled: Monthly meetings of the three Unions; quarterly meetings of Adult Workers; three Country Preachers' Meetings; a District-wide Young People's Meeting at the District Conference.

There was considerable discussion. All agreed to get behind every point in this program and seek to carry it out this year.—Clem Baker.

DOCTOR THOMAS ORGANIZES THE LITTLE ROCK DISTRICT

Dr. James Thomas held his organization meeting last Tuesday afternoon. In addition to the Conference officers, Doctor Thomas had all of his District officers present. They are, in addition to Doctor Thomas, chairman, Mrs. W. C. Woodward, director of Children's Work; Miss Alleene Wakley, director of Young People's Work; and C. K. Wilkerson, director of Adult Work. Chas. Goodlett is associate chairman of the District.

Doctor Thomas went thoroughly into all details of the program and set up a goal for his District, including the essential points in other District programs, but with a determination to lead all Districts in carrying them out. No District has a better set of officers than Little Rock and no District a better leader in its presiding elder.—Clem Baker.

BEARDEN CHRISTIAN CULTURE INSTITUTE

The Four-County Young People's Union of the Camden District held its first Christian Culture Institute at Bearden Friday, Saturday and Sunday. The institute opened with a magnificent banquet at the Bearden Hotel Friday night. Willard Clary of Fordyce served as toastmaster and a fine group of speakers, including Presiding Elder Dedman, made the banquet an outstanding success.

Classes were held Friday night, Saturday night, Sunday morning and Sunday afternoon. There were about sixty-five attending the Institute, with Bearden, Thornton, Fordyce, Harrell, and Holly Springs all represented with good groups of young people. Forty-three received credit.

It is impossible to mention all who deserve praise for making this Institute a success. Outstanding, however, were the pastor at Bearden, Rev. Van Harrell, Ralph Sewell, the District director, and the presiding elder, Rev. J. L. Dedman. The courses were taught by Brother Harrell, Brother Baugh and the writer.

This District plans to hold similar Institutes in the other two Unions during the year.—Clem Baker.

SECOND MEETING OF CHILDREN'S WORKERS IN HELENA DISTRICT

Mrs. Ethan Dodgen presided at a meeting of Children's Workers at West Helena, February 12. Helena, West Helena, Clarendon, Holly Grove and Aubrey were present. Helena had largest representation, which was nine.

The fellowship was good, there was much enthusiasm as the Points of emphasis and plans for Vacation Schools were discussed. Interesting projects with special emphasis for projects for Easter were planned.

Mrs. H. W. Goodloe was elected chairman of the group. They will meet again in about three months. Mr. and Mrs. Goodloe were very gracious hosts and withal; the meeting was a very profitable one.—Mrs. Ira A. Brumley, Conf. Dir.

HENDERSON YOUNG PEOPLE'S UNION

The Henderson Young People's Union of Little Rock District held its monthly meeting February 17, at the Douglassville Church. Raymond Ulmer had charge. Miss Alleene Wakeley talked on "The Importance of Union Work." Dr. James Thomas brought an inspiring bit of encouragement in our work. Rev. S. T. Baugh made a talk about the Summer Assembly at Conway. We enjoyed these very inspiring and helpful talks and welcome these people to all of our meetings to see if we are using the helpful information that they give us.

At this meeting we elected the following officers for the year: President, Winfield Ulmer of Douglassville Church; vice president, Anna Pearl Scott, of Mt. Carmel Church; secretary and treasurer, Maxine Bass of Bryant Church; Publicity Superintendent, Eula Bee McDonald, of Sardis Church.

We had good attendance at this meeting and want to have still better at the next meeting. With our new officers elected, we are going to

A new feeling for men past fifty

If you've let yourself grow systematically old, here is a way to stimulate yourself without the slightest harm, and, in fact, with effects beneficial to the entire body.

This method of stimulating a sluggish system to new life is a doctor's discovery, so no one need hesitate to try it or believe in it. It is a sane, sensible way to keep keenly alive.

The only medicine you take is a most likeable and remarkable syrup made with fresh herbs, active senna, and pure pepsin. The benefits are many, and far-reaching. Its immediate effect on the lower bowel gets rid of lingering poisons better than a powerful laxative. In fact, you will need no other laxative if you take an occasional spoonful of Dr. Caldwell's Syrup Pepsin.

If you regard yourself in fairly good health now, you might still find after a week or two of this gentle stimulation that you were only in a state of half-health before. It makes an amazing difference in the way one feels, especially at an age when one inclines toward auto-intoxication. (Daily headaches, failing appetite and tiring too easily are apt to be symptoms of a toxic condition.)

Women, too, get decided benefit from a few weeks' regulation with this simple prescription that can be had at all times at any drugstore. Mothers give this same syrup to children, and raise their families without a day's worry over chronic constipation, or even the sluggishness so common in childhood. The bowels move like clockwork.

Dr. Caldwell's Syrup Pepsin is perfectly safe for anyone of any age.

TO PASTORS AND STEWARDS IN ARKANSAS

Will you help me make this the greatest year of my life for Christ and the Church? Your desire, as pastor and stewards is to see people converted in the Church and out of the Church. Leading people really to know Christ is my business, but because of ethical reasons, I am barred from preaching in your town, unless invited. All I ask is an invitation and friendly co-operation.

During the past, I have enjoyed a measure of success as pastor and evangelist, but to go on in my great work, I must have the co-operation of the pastors now in the field. Our methods, plans and preaching are sane. Our meetings result in bring-

It's no trouble to mix, and costs but a trifle, yet it can be depended upon to give quick and lasting relief. Make a syrup by stirring 2 cups of granulated sugar and one cup of water for a few moments until dissolved. No cooking needed. Get 2½ ounces of Pinex from any druggist, put it into a pint bottle, and fill up with your sugar syrup. The pint thus made costs no more than a small bottle of ready-made medicine, yet it is the most effective remedy that money can buy. Keeps perfectly and tastes fine.

This simple remedy has a remarkable three-fold action. It soothes and heals the inflamed membranes, loosens the germ-laden phlegm, and clears the air passages. Thus it makes breathing easy, and lets you get restful sleep.

Pinex is a compound of Norway Pine, in concentrated form, famous as a healing agent for severe coughs. It is guaranteed to give prompt relief or money refunded.

To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It imparts color to streaked, faded or gray hair and makes it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.

APPEAL TO ALL METHODIST PASTORS IN ARKANSAS.

Dear Brother Pastors: You know the present critical situation as to Prohibition. It is time for action. Many have believed that the legalized liquor traffic would never return, and have kept silent and inactive. Now, repeal is staring us in the face. The advocates of liquor are active. This is a moral, non-partisan fight, and the pastors must wisely lead the people.

If you are inactive and silent on the question, your membership will interpret this to mean that you are not opposed to the return of liquor. They expect you to speak out. Let none of us sleep on the job at this time.

This office will direct you to literature on prohibition if you desire it.—Anti-Saloon League of Arkansas, 202 Glover Building, Little Rock, John H. Glass, superintendent.

RACE RELATION SUNDAY AT WASHINGTON AVENUE CHURCH.

On the evening of Sunday, February 12, a very interesting program in observance of Inter-Racial Relationship Sunday was rendered, at Washington Avenue Church, North Little Rock.

In response to an invitation from the pastor, Rev. G. A. Freeman, the singers from Shorter College occupied the choir loft and the message from the pulpit was delivered by Rev. W. H. King, teacher of Science at Shorter College.

The message itself was timely and very appropriate, based on the words of Peter to the crippled beggar at the Gate Beautiful, "Silver and gold have I none, but such as I have give I thee." In a brief but effective manner he sketched some of the contributions that members of his race had made to American life, closing with a plea that it might be made possible for them to make still greater contributions to a country that they loved.

Besides two or three of the old gospel hymns the singers rendered several of those "spirituelle" songs that are the special property of their race.

How Doctors Treat Colds and Coughs

Medical writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat, thereby preventing serious complications which may follow a neglected cold. To stop this congestion calomel was the accepted and standard remedy until Calotabs, the improved calomel compound tablet was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results. In millions

The congregation, which filled the house, was especially pleased with the singing of these songs, as well as the message brought by Prof. King.

May it not be that through services of this kind we will arrive at a better understanding of the essential brotherliness of the Christ religion? —Geo. A. Freeman, P.C.

NETTLETON-BAY.

The Nettleton-Bay charge has made a splendid record this quarter. Our Sunday Schools have increased in attendance and all bills have been paid with a balance in the treasury.

Our Leagues have also increased in attendance. Twelve new members were added to our roll this quarter making our present total membership 42. All bills have been paid, with \$3.96 balance in treasury.

The Missionary Society has two new members and recently bought a new living-room suite for the parsonage. The preaching services have been well attended.

More has been paid on the Conference Claims this quarter than was paid the first ten months of last year. Bay has paid more on claims this quarter than was paid all last year. Nettleton has paid 21½% of their claims this quarter. Both Churches have paid 100% to date on the salaries.

I do not desire credit for this report, but feel that the good people of Nettleton-Bay who have worked so faithfully and co-operated so well with the pastor should receive recognition of their good fruits.

We are expecting to say at the close of the Conference year: "We have fought a good fight, we have kept the faith, we have paid 100%."—H. J. Couchman, P. C.

A HERCULEAN TASK

If they are to live up to their promises, all the wets have to do is to legalize the sale of liquor, but prevent the saloon; get rid of the speak-easies, suppress bootlegging, stop racketeering, increase the revenue, but relieve the tax burden of the people, protect forty-eight state border lines, prevent the transportation of liquors into dry territory in these days of good roads, automobiles and airplanes, decrease drunkenness with millions of idle on the streets, promote temperance with the radio advising the children to drink. It can't be done.—The Voice.

TRAINING SCHOOL

During the week of March 12th, the annual Training School will be held at First Methodist Church. The courses offered will appeal to a variety of interests and needs. Next week, the list of the courses offered will be given and the teachers. Texts for some of the courses can be secured in advance and read and this keeps one from being so rushed during the week. A number of the books are here at the church or may be borrowed from those who have taken the course. Call Miss Cooper about your course or see Mr. James Clifford, Director of Leadership Training in our church, or Mr. E. V. Markham or Mr. Hubert Mayes, who are "boosters" for Winfield. These men are going to give every one a chance to sign up for a course. We want a large enrollment from Winfield Church. A trained church is an effective church.

SERMON TOPICS

Pastor's Column

These are testing times. The artificial foundations of our civilization are crumbling from disintegration and decay. This was to be expected for you can no more build society on artificiality than you can build a skyscraper on the sand. It takes foundation to support a permanent structure and it requires a great deal of sweat, toil and load-lifting to build for the ages. We have been so blinded with our own light until we have failed to see the light of the sun and the stars. We have been engaged in the quackery of spraying perfume on the diseased tissue instead of making an intelligent diagnosis and seeking out the roots of the disease.

If there is any one institution in the world that should be in a position to lead the bewildered masses back to sanity and safety it should be the Church of the living God. If the Church fails there is no hope and night reigns without the guidance of a kindly star.

With these things for the background of our thinking, we have prepared a series of sermons on the Ten Commandments, which we plan to deliver at our Sunday evening services. These Commandments are the solid rock foundation of civilization and on them we can build a lasting structure. We urge implore and beseech every member of our Church and congregation to hear this series through to the end. It is not enough to come to the Sunday morning services. You can't afford to be asleep in Zion when the world is on fire. Your pastor is expecting you and is counting on you. The Lord Jesus is expecting you and is counting on you. Won't you come and lend the influence of your presence to the saving of our weary world?

Christian Education

THE EDUCATIONAL PROGRAM OF OUR CHURCH

(This is the fourth of a series on the organization of our program of Christian Education).

Our church is divided into nine departments. These departments are made up of individuals grouped together by age and interests. The children from birth to 4 years of age are grouped in the Nursery Department; children 4 and 5 years are in the Beginner; those 6, 7 and 8 are in the Primary; the 9, 10 and 11 year olds are in the Junior; boys and girls 12, 13 and 14 are in the Junior High; those 15, 16 and 17 are in the Senior High; those from 18 to 24 are in the Young People's Department; the Young Adult Department is for those from 25 to 35; and the Adult for all others.

Most of the department have a number of classes in them. Each class must have a teacher and we have about 56 persons who are teaching classes. Then each department must have a leader—superintendent or counselor as they are called. There must be a pianist. There must be a secretary. Some departments have substitute teachers. Others have workers who are especially responsi-

ble for the literature, the cabinets of materials, etc. Then there is the General Superintendent of the School, the General Secretary, the Classification Secretary, the Director of Dramatics, the Director of Leadership Training. In all there are over 100 people who are working in the educational program of our church school as officers or teachers. Besides these there are many student officers from the departments who are working to keep their department up to par.

We try to provide every individual with the opportunities for study, for worship and for the expression of his Christian life through channels of service. Each department keeps these three things in mind through all its program and in all its activities. The church school is for the development of all who attend. We want to help ourselves and others to grow in Christian living and in Christian attitudes toward other people.

Next week the article will go into a little detail, telling how we carry out the work in our departments so that we can best help those who attend.

JUNIOR HIGH NEWS

Mrs. Cox, our Counselor, gave a talk on world friendship at our opening services last Sunday. At 11 o'clock, as this was the fourth Sunday, we had our monthly program. Jimmie Thomas gave a talk on Chinese Family Life. This is very complicated, the grandmother having control over the large family. If she is bad, she usually takes it out on the daughter-in-law.

Mrs. Rogers, a former missionary to China, told us some of her experiences. One reason the Chinese have so much trouble is that they have so many dialects. Children in school sit on small stools and memorize their lessons out loud. The Chinese have quit wearing a "queue." When a Republic was established in 1911 they cut off their "queues." Women as well as men, are doctors, lawyers, etc. Mrs. Hannum concluded the program with some stories about the Martha Berry School in Georgia.—Dick Neal, Reporter.
