Water Prayers

Offer a silent prayer.

Pour a small amount of water into the bowl.

As each person prays, his or her prayers are mixed
with those of others.

Braided Prayers

Take 3 strands of yarn,
one strand representing your most urgent prayer need,
one strand representing you
and one strand representing God.

Put the three strands together and tie one end in a knot.

Tape the knotted end to the table or secure it in some way.

Braid the strands together as you pray, and realize how interconnected
God and you are right now with your prayer.

He is always listening, always loving.

Keep your braid to remind you of this prayer time and to
remind you to keep praying.
