Planting seeds for the future!

Our Approach to Learning

We at Heritage Preschool recognize the importance of providing your child a loving Christian environment in which to grow. We offer the opportunity to learn through developmentally appropriate materials and experiences enabling each child to develop physically, socially, emotionally, intellectually and spiritually.

We believe children learn best through hands-on learning experiences. We encourage curiosity, questions and discovery of God's world. Our planned activities foster a creative environment that results in independence and a sense of accomplishment. Heritage Preschool understands that a child's early experience shapes their future and lasts a lifetime.

Pre-K Program

We strive to provide your child with the best learning environment to prepare them for their school career. We have been blessed with some wonderfully gifted and dedicated teachers. Your child will have the opportunity to learn **Math, Science, Language, Writing, Music, and Art**. Your child will also be screened by his or her teachers 3 times during the school year. The results will be shared with you so that *together* we can prepare your child for Kindergarten.
